## Shermen Drown As Steamer Hits Trawler

### Eleven Perish In Sea Off Halifax Harbor

HALIFAX (CP)—A jinxed Nova Scotia trawler was rammed and sunk in early morning darkness off Halifax Harbor today, carrying eleven of her crew of seventeen members to watery death. Only six men escaped from the 115-foot Gertrude de Costa, out of Yarmouth, Nova Scotia, after collision with the Canadian National Steamships vessel Island Connector.

All the survivors—one was actually carried under with the ship but lived to tell the story—are from Nova Scotia.

Among the dead are Capt. Kasme Knicole of Lunenburg, and his father, Ottawa.

Another father and son, George Schrader and Dave, were also lost.

On the banks only a few days ago a dory from the Gertrude de Costa upset and Robert Rhynald of Canso, Nova Scotia, was lost.

### Amending Of M.V. Act

Various Changes Made—Fines Tightened Up—Age Limit Raised

VICTORIA (CP)—Amendments to the Motor Vehicle Act were introduced in the Legislature yesterday providing that persons involved in accidents causing less than \$50 damage will in future not have to report to the police. Under the old Act damage of \$25 requires a report.

The amendments also abolish blue and yellow licenses for drivers.

Fines of \$10 to \$300 for driving without license plates will be raised to \$25 and \$300.

Penalty for careless driving of not less than \$5 and not more than \$100 or imprisonment term not exceeding one month is provided. The present Act calls for a fine of \$10 to \$300 but does not provide for imprisonment.

License plates, with validation tabs, will be good for five years issued yearly at the present scale of fees.

The age limit for drivers' licenses is raised from fifteen to sixteen.

### Seven Ways For Peace

United States Secretary of State Offers Prescription For Russia

BERKELEY, Cal. (CP)—United States Secretary of State Dean Acheson said Thursday in a major address that Russia has seven ways in which she can show she wants world peace and less international tension. He held out little hope, however, that Russia will comply with the regulations.

Mr. Acheson suggested that Russia work with the West on peace treaties for Germany and Japan—treaties which would keep those countries non-Soviet entities.

The Secretary of State also proposed stoppage of force on existing satellites, stoppage of obstructing tactics on the United Nations, joining in a search for "realistic and effective" atomic controls, stoppage of undermining of other countries through communism and of the treating of western diplomats as "hostiles" and "criminals" and a program to show the Russian people what transpires outside of Russia.

TO BOLIVIA—Dr. Hugh L. Keenleyside, Canada's Deputy Minister of Resources was recently appointed head of a United Nations economic survey mission to visit Bolivia next month. This party will make recommendations to the government concerning public financing, administration, mining development, water resources, education and social welfare. The survey comes under the United Nations program of technical assistance to underdeveloped countries. Dr. Keenleyside and family are well known in Prince Rupert.

ROLLS HER OWN—"Klondike Kate," famed as "the Belle of the Yukon" in the roaring 90's, likes to roll her own cigarettes. At 69 she is in Vancouver for the annual 'Yukon Sourdoughs' Reunion. She is now Mrs. Kate Van Duren of Jefferson, Ore. She is well known in Prince Rupert. (CP Photo)

### Bulletins

COMMITTED TO ASSIZE—Mike Rozin charged with the attempted murder of his employer Oscar Dunlap on March 1 at Crow Lake, was today committed for trial at the Spring Assizes by Magistrate H. F. Glassey. The magistrate found a prima facie had been made out. Principal witness today was Dunlap.

LINCOLNSHIRE HANDICAP—LINCOLN—Dramatic, highly-favored was today an easy winner in the Lincolnshire Handicap, first major handicap of Britain's flat-racing season. Ridden by the champion jockey, Gordon Richards, dramatic finished three lengths ahead of Fair Judgment, last year's winner, with Paljoy third. Dramatic is owned by A. Saunders.

HOSPITAL INSURANCE—VICTORIA—Action to halt soaring deficits in British Columbia's compulsory hospital insurance plan is planned by the provincial government.

WILLIE PEP WINS—NEW YORK—Featherweight champion Willie Pep successfully defended his crown last night by gaining a lopsided 15-round decision over Ray Fanechon of France. Pep weighed 124 1/2 pounds and Fanechon, 125. The decision was unanimous but Pep's holding tactics drew a storm of jeers from the crowd.

KING CONFINED—LONDON—The King is confined to his room in Buckingham Palace today with a slight chill. Sir John Weir, the royal physician, visited the Palace today but no official statement was issued.

FLYING SAUCERS SEEN—FARMINGTON, New Mexico—There are scores of persons living here who clearly saw what they call "flying saucers" over Farmington on Friday, March 17. They were flying at varying heights, and appeared in a hurry to disappear from sight. They were unlike the regular passenger, or military type of plane, and Farmington remains mystified as to where they came from and what is their purpose.

CREW IS RESCUED—PEARL HARBOR—All forty members of the tender Eider, blackened by fire and blasted by explosion, were rescued yesterday near the Navy's mid-Pacific atomic testing area. Twenty-six were picked up from life boats. The other fourteen were rescued after staying aboard to fight the blaze.

LUMBER PRICES RISE—VANCOUVER—Lumber prices are showing a sharp advance. Big demand from United States coupled with production lost in winter months, is given as the cause. There has been a 25 percent increase in price of shiplap since Christmas.

GORDON DANIELS sailed last night on the Chilcotin to make the round trip to Masset.

### Three Years for Former Mayor

Penitentiary Term for Dan Jack MacLean of Sydney.

SYDNEY, Nova Scotia (CP)—Mayor Dan Jack MacLean, aged 63, was today sentenced by Mr. Justice J. L. Ilsley, to three years in penitentiary for manslaughter in connection with the death of his life-long friend, Joseph MacKinnon, registrar of voters for Sydney.

MacLean, who rose from a bell hop to become mayor of this steel city, shook his head at the sentence as if shazer.

The crown had contended that the former mayor had run over MacKinnon, 63-year old cripple, with his car.

MacLean, who resigned as chief magistrate after his arrest, said he had been on a drinking spree with MacKinnon the day he died. He said he could not remember what happened.

### Wants Advice On B.N.A. Act

VICTORIA (CP)—Opposition Leader Harold Winch yesterday suggested in the Legislature the formation of a special constitutional court to interpret the British North America Act, the constitution of Canada. Such a court would comprise nominees both of the Dominion and the provinces.

Mr. Winch made the suggestion during a lengthy debate in the Legislature on the impending conference of Dominion and provincial governments to amend the British North America Act. He said it would be a "disaster" to leave the interpretation to the Supreme Court of Canada whose composition was wholly in the hands of the Dominion Government.

### Six Dead In Prison Fire

SPRAY, North Carolina (CP)—Six prisoners, five men and a woman, perished in the Spray jail yesterday after a mattress caught fire. The fire was found by Desk Sergeant P. L. McBride when he went to the second floor of the City Hall building to lock up another prisoner. All of the six who died had been charged with drunkenness in public. They were three whites and three negroes.

### AIR PASSENGERS

For Vancouver (today)—Mrs. Wright, A. Macphace, A. Chapman, Mrs. J. T. Fowle and infant, T. M. McCaskell, W. C. Quessel, N. Hals, T. H. Burrows, A. E. Clarke, A. M. Smith and A. B. Brewer.

For Sandspit (today)—A. W. Priest.

From Vancouver (Friday)—O. Led, Mr. and Mrs. A. Feigel and family, Mrs. B. A. Talford and A. B. Brewer.

From Sandspit (Friday)—A. W. Priest, N. Sirkard and W. Greig.

To Vancouver (Friday)—Mr. Foneberg, J. J. Davies, A. Gillanders, G. Cannon, A. C. Wood, E. D. Morris.

To Sandspit (Friday)—R. Harley, J. Harley.

From Vancouver (Thursday)—W. Watts, W. A. Osborne, M. Sawka, E. W. Brooks, J. Laurie, A. C. Wood, T. H. Burrows, S. Madsen, Mr. Guy.

From Sandspit (Thursday)—R. Cast, H. D. Reid.

### C.N.R. Finance Changes Urged

MONTREAL—Donald Gordon, president of the Canadian National Railways, appeared before the Royal Commission on transportation yesterday and recommended that important changes be made in the capital structure of the Canadian National Railways whereby it would break even every year.

### Auckland Leopard Shot to Death

AUCKLAND, New Zealand (CP)—New Zealand's escaped leopard, which may have been trying to emulate a United States animal's trick, ended his escape in a burst of gunfire.

The half-grown female, fresh from the jungles of Malaya, had broken loose from a locked cage in the zoo here, no one knows how.

The animal was killed in a thicket by policemen when it broke from cover to escape forty searchers.

### Belgian Cabinet Quits Over King

BRUSSELS (CP)—The Belgian coalition government resigned today after Liberal ministers demanded that Roman Catholics in the cabinet should modify their attitude on the question of the return to the Throne of the exiled King Leopold.

Social Christian members of the cabinet, led by Premier Gaston Eyskens had hoped that the Liberals would support their plan to invite the former monarch to return.

### Irish Leagues Play Football

DUBLIN (CP)—The League of Ireland yesterday defeated an Irish League team 3 to 1 in a soccer match here.

### TRAINS CRASH, TWO KILLED

ASHTON STATION, Ont.—Two Canadian Pacific Railway trains collided in a heavy snowstorm early today, killing two men and sending two others to hospital. The killed were Engineer A. T. Short and Fireman C. H. Hannam, both of Ottawa.

### THE WEATHER (Synopsis)

Gale winds and rain lashed the British Columbia coast this morning as an intense storm moved inland off the Pacific. The storm is moving quite rapidly and most severe effects are of rather short duration. Many reports of gusty winds of over 60 knots were received from the Queen Charlotte Islands early this morning but by daybreak the worst was over and winds were decreasing.

This storm will decrease in intensity as it moves east, and will carry showers of rain or wet snow into the interior. Temperatures will continue near the forties in most regions which is close to normal for mid-March. The northwestern section of the province will continue to be comparatively mild.

### Forecast

North Coast Region—Cloudy today and Sunday. Frequent showers today. A few showers tonight and Sunday. Little change in temperature. Winds—southwest, 25, decreasing to 15 this evening. Lows tonight and highs tomorrow—at Port Hardy 35 - 46, Sandspit and Prince Rupert 35 - 45.

Tonight's train from the East, due at 10:15 p. m., is five hours late and is expected in at 3:15 a. m. Reason is again late connections at Jasper due to slide troubles on the Vancouver Line.

### St. Patrick's Day—Widespread Observance

LONDON—The observance of St. Patrick's Day was shared in, from the King and Queen, down through the rank and file of the population. The wearing of the green was general and, in many formal and informal programs the music was reminiscent.

The Irish Guards, proud of their history, training and general smartness paraded during the forenoon. The oldest non-commissioned officer in the service, Sergt.-Major Brannen, 83 stood stiffly at attention, as King George honored him with the gift of the shamrock.

In Dublin DUBLIN—This city flooded with sunlight, and with numerous places of business closed, celebrated St. Patrick's Day in true holiday spirit. Streets were thronged and, until late at night, there was a wide variety of events, but all in keeping with a great occasion. It was the first event of the kind since the inauguration of the republic.

### Canada Too

OTTAWA—Canada's capital city was undoubtedly conscious of the significance of the day, on Friday. It seemed that every hand or coat lapel had its touch of green. Smiling salutations were exchanged. There were public band concerts. Government members had preferred cravats, with a touch of green, while dressing. On the desk of every member in the House of Commons, lay a fresh green blotting pad.

### Full Collection Or Higher Fees

Published reports that fees of British Columbia's hospital insurance may be increased again precipitated discussion at the monthly meeting of the Prince Rupert General Hospital Association Thursday night. Feeling was expressed that, rather than increase fees, it would be preferable to have full collection enforcement of the present fees, employing drastic measures if necessary.

Administrator D. C. Stevenson informed the board that, so far this year, thirteen percent of the patients treated in the local hospital were uninsured. Last year only 4.8 were uninsured.

### Ontario Has Fire Tragedy

PORT HURON, Ont. (CP)—A fierce fire that destroyed their concrete block home in a matter of minutes yesterday claimed the lives of a family of six here.

The fire which swept the home of Mr. and Mrs. Kenneth Chase is believed to have started in the living room where Mr. and Mrs. Chase had been playing cards until 4 a.m.

Under-Sheriff A. J. Foster identified the dead as: Chase, aged 42; his wife, Phyllis, 32, an expectant mother, and their four children—Judith, 6; Nancy, 4; Ralph, 3; and Rebecca, 2.

Foster said the body of the father was found in the kitchen and other members of the family in their bedroom.

## The Warehouse Deal

ANNOUNCEMENT was made, with great headlines in the Daily News December 23 last, that the big warehouse on the local waterfront which was built by the United States Army during the war had been purchased with the understanding that at least one third of it would be preserved and put to useful purpose. Thursday, it was, to say the least of it, something of a shock to hear suddenly that the building had now been purchased for demolition, the announcement being soon confirmed by the purchaser, Soren Madsen, Edmonton contractor, who will start the work of tearing down on Monday next.

Apparently, something intervened between December 23 and this time to culminate in the surprise announcement of what appears to be a final and definite disposition.

However, as Mr. Madsen says, he is in no hurry about completing the demolition and the "door is still open" for any reasonable negotiations whereby much of the building could still be put to use. In fact, he does not see himself why something could not be done along these lines. Nevertheless, his deal is for demolition and it is with him now that business will have to be done if it is to be saved from such a fate. Whether we like the deal or not and, notwithstanding that some people may feel that we should have had more warning of what was going to happen, the matter has now reached a realistic point where it seems something will have to be produced by the community itself if the great structure, for which we have envisioned great possibilities ever since war's end, is to be saved.

## EYESORES

AROUND the Daily News office and elsewhere in the city there is new building going on which will enhance the appearance of Prince Rupert. More new building is in prospect, some of it of really-pretentious scale such as the new schools and the projected hotel.

At the same time, there remain many dilapidated eyesores, the revolting appearance of which becomes even the more obvious by the presence of the new construction from which they detract.

Some of these notorious structures which continue to mar the scene would appear to have been long due for action and citizens who are solicitous of the appearance of the place and are imbued with a feeling of civic pride and wondering why something is not being done about them.

Possibly, they have been there so long that a lot of people have got used to them, particularly the every day passerby. But to newcomers and visitors they must indeed be a repulsive sight.

## STRANGE, BUT TRUE!

YESTERDAY was one of those queer days in the news. Right here in Prince Rupert we reported a "flying saucer," vouched for by one of our most responsible citizens. It was our story of the day and, in view of its authenticity, could hardly be dismissed as "just another of those things."

Then there was the sad but true story of the sudden and unexpected deal whereby the great United States-built warehouse on the waterfront had been disposed of for demolition.

Equally interesting and also having something of the incredible about it was the story of the Germany girl's experiences in the Russian concentration camp. Yes, it was an interesting day in the news in Prince Rupert and the tinge of unbelievable, despite the earmarks of authenticity, added to the interest.

Mr. and Mrs. F. M. Good returned to the city on the Chilcotin yesterday afternoon from Vancouver where Mr. Good has been receiving treatment at Shaughnessy Military Hospital. Mr. Good continued through to Port Clements.

School Inspector Joseph Chell sailed last night on the Chilcotin for a trip to Queen Charlotte Island points on official duties.

## SATURDAY SERMON

### GREATEST PRESENT DAY MIRACLE

(Pastor C Fawcett, Full Gospel Tabernacle)

Someone may ask what is the greatest present day miracle. There is but one answer and that is to be born again or, in other words, being ready for Heaven. The new birth is the most essential thing in this life. Without it man is lost. Jesus made it very clear when He said: "Except a man be born again he cannot see the Kingdom of God." Nicodemus asked: "How can a man be born again when he is old?" To which Jesus answered: "That which is born of the flesh is flesh (our natural birth); and that which is born of the Spirit is spirit (our new birth). Marvel not that I say unto you ye must be born again."

How may we be born again? The answer is very simple. First, "Believe on The Lord Jesus Christ and thou shalt be saved." (Acts 16:31) We read in John 1:12 "But as many as receive Him to them gave He the power to become the sons of God, even to them that believe on His name." Paul adds in Romans 10:9-10 "That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness and with the mouth confession is made unto salvation." This is definitely more than a mental consent. Many say I believe on the Lord Jesus Christ, therefore I am saved." But they have no experience of regeneration. To such James says: "Ye do well: the devils also believe and tremble." To believe on the Lord Jesus Christ, as the Scripture says, brings about a definite change in one's heart and life. Their character, motives and outlook on life is changed. Therefore, if any man be in Christ he is a new creature, old things are passed away, behold all things are become new. It brings out of darkness in to the marvelous light, which only the light of the world can give.

So marvelous is the fact of the New Birth that there is joy in Heaven "I say unto you, that likewise joy shall be in Heaven over one sinner that repenteth more than over ninety and nine just persons which need no repentance." It also causes joy on the earth for we read that

Philip went down to the city of Samaria and preached Christ unto the people. A great revival followed and there was great joy in that city.

John, the beloved, who was a great shining light for God and righteousness, gave a marvelous testimony of what the Lord had done for him. He said: "Unto Him that loved us, and washed

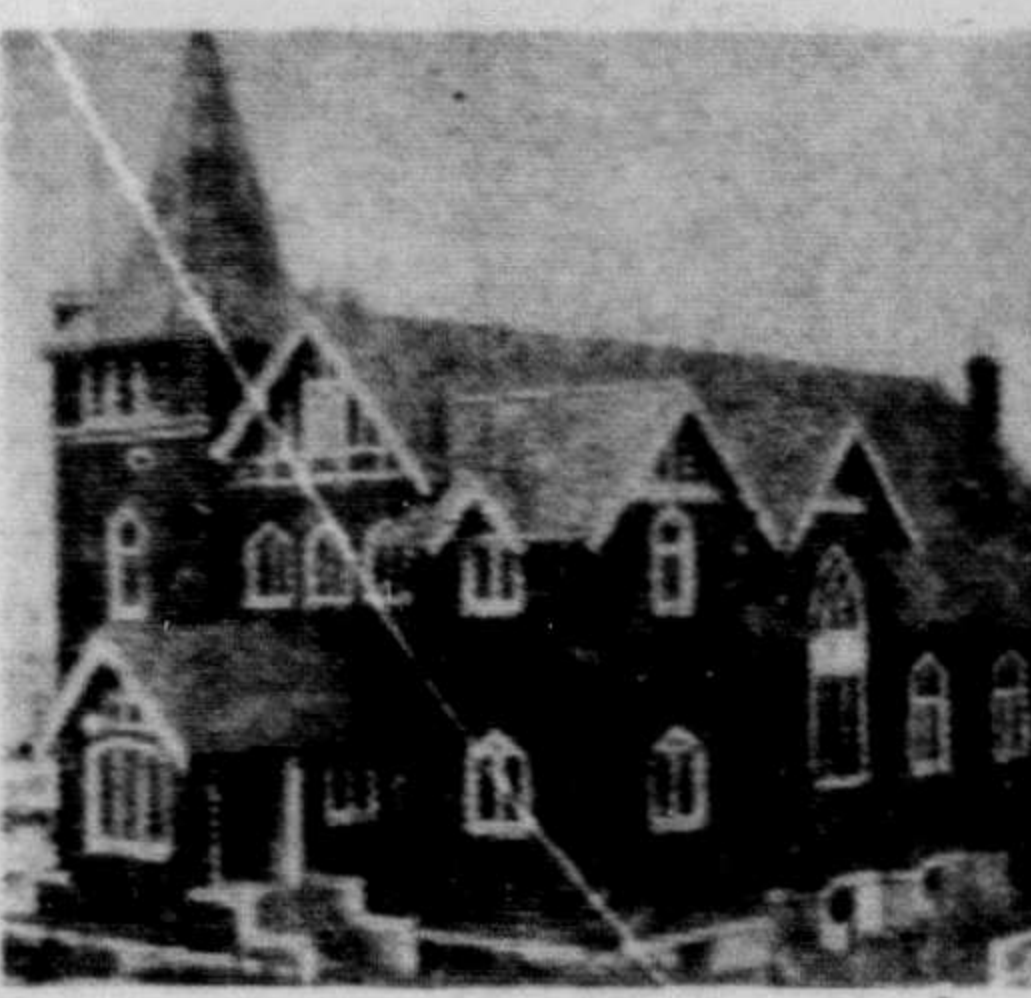

us from our sins in His own blood, and hath made us kings and priests unto God and His Father; unto Him be glory and dominion for ever. Amen." Following this John got a glimpse of Heaven and saw the most wonderful scene. A great company of Saints were giving testimony of how they got there—that is to Heaven. They sang a new song, saying, Thou art worthy to take the Book, and to open the seals thereof: for Thou wast slain, and hast redeemed us unto God by Thy blood out of every kindred, and tongue, and people, and nation; and hast made us unto our God kings and priests: and we shall reign on the earth. And the number of them was ten thousand, and thousands of thousands." (Rev. 5:9-11.)

To the unsaved God's word declares: "Now is the accepted time; behold now is the day of salvation." That means now. "Today if ye will hear His voice harden not your hearts." Yes, God says "Today." Satan says "Tomorrow." Pharaoh hardened his heart and said tomorrow.

What happened? He delayed until his armies were destroyed in the Red Sea. We fool ourselves by putting off the most important thing in this life and, sad but true, many find they put it off too long.

Many are in the same position as the rich young farmer of whom the scripture speaks: His farm brought forth abundantly, so he said: "I will pull down my barns, and build greater;—and I will say—soul thou hast much goods laid up for many years;—eat, drink and be merry." But God said unto him, "thou fool this night thy soul shall be required of thee." He missed his opportunity.

Do you know that you have been born again? If not you can know by adherence to the plain teaching of the Scripture. "By Grace are ye saved, through faith; and that not of yourselves: it is the gift of God." Accept Him today and experience the greatest present day miracle in your own heart and life.

## Anfield Speaker At Women's Club

Indian administration in British Columbia was the subject of an interesting discourse when Indian Superintendent F. E. Anfield addressed the Women's Canadian Club at a meeting Wednesday night in the Civic Centre.

For over an hour Mr. Anfield discussed the set-up under which Indian affairs are administered. Mr. Anfield's enthusiasm was transmitted to his listeners as he told of the various aspects of the Indian's life from birth to death.

Explaining that the Skeena River Agency was the largest in Canada in point of numbers, Mr. Anfield told of the administration necessary to cover medical, statistical and industrial needs of the native people. He described the villages and the type of natives found in some of them, relating humorous incidents connected with the statistical end of the work.

He told with apparent pride of the enfranchisement of an entire village—Metlakatla—the first group enfranchisement of its kind in Canada, and concluded with a plea to white people to endeavour to better understand the Indian so that he may assume full measure of citizenship.

"It is necessary for the Indian to help himself to that stature," declared Mr. Anfield, "but we can help him to help himself."

## Doctors, Pastors, Hospital Bears

Constitutional restrictions which bar members of the medical and ministerial professions from election as members of the board of directors of the Prince Rupert General Hospital again came up for critical consideration at the monthly meeting of the hospital board Thursday night.

The matter had been previously raised at the annual meeting of the Association when Dr. L. M. Greene and T. W. Brown sought to find good reason for such restrictions.

At the present time, a member of the Medical Association has a seat on the board by appointment of the Association. Information will be sought from the British Columbia Hospital Association and other hospitals as to their practice in the same matter and the underlying reasons for same.

James N. Kelly, who has been in Vancouver receiving treatment at Shaughnessy Military Hospital, returned to the city on the Chilcotin yesterday afternoon.

## Portland Flash Winner of One-Sided Main Event; Lively Preliminaries

Norm Applin, 168-pound middleweight, walked into General Hospital this morning for an x-ray of his left ankle, after being injured in the third round of a scheduled eighth round main event at the Civic Centre. Matched against 153 pound Negro flash, Paul Kennedy from Portland, Applin was knocked down by his opponent.

Shortly before Applin was counted out by referee Benny Windle, Kennedy had knocked the former Montreal middleweight out of the ring with a terrific left punch. Then he played around with Applin for a while before moving in for the kill. The first round was easy. Both battlers felt each other out—although Applin did not spare many punches. The Portland negro was evidently just waiting for his opponent to tire out. Near the end of the first round, Kennedy fouled and hastily apologized. The crowd evidently liked this type of sportsmanship. It indicated the negro was "in".

In the second round, Kennedy scored terrific wallops to the midriff and chin of Applin, slightly fazing the more elderly fighter. Applin was noticeably tiring. The younger and flashier Kennedy had the fight in the bag all the while. It was just a matter of time. Even if Applin had not sustained the injury, the feeling around ringside was that he would not have lasted past the fourth round.

The full house did not consider the main event as any entertainment. "Next time I'll watch the preliminaries and leave during the main event," said one ringsider. "The kids were better," said another.

**Preliminaries**  
In the semi-windup Sammy Sinclair, 163 pound middleweight, took the decision over former Edmontonian Mike Radzak, 136 pounds. The event was four two minute rounds. The two middleweights came out fast in the first round and exchanged rapid powerful punches, adding a little more color and life than the preceding preliminaries offered. In the final round, Radzak connected with Sinclair near the eye, leaving the Prince Rupert fighter with a large

## Bowling Scores Set High Mark

This week saw the first games of the last half of the Men's Five Pin Bowling League get underway. Bowling was above average in nearly all cases with many scores over 300 and 700. High men's scorer was Len Garner of Oddfellows with 352 and 786.

Team results were:

### Improvements For Hospital

First move of the committee which has been appointed to correlate plans for improvements and extensions at the Prince Rupert General Hospital will be to have a complete inspection of the hospital for the purpose of familiarization.

On Thursday evening the board, which deliberated in the

directors' room which is in the process of undergoing sound-proofing installation, was advised that contractors, Mitchell and Currie, were now at work on the preparation of a post-anesthetic recovery room which was costing \$357. This room, where from five to six patients will be handled on an average day, will require a re-arrangement of equipment and the services of at least a part time nurse.

The board debated the necessity of a new card filing system for the recording of doctors' orders for medication and diet. It was proposed by Dr. L. M. Greene but, costing an estimated \$200, was dubbed a "luxury" by Administrator D. C. Stevenson. Outcome was to table the matter for a month, obtaining meantime advice from hospitals of comparable size elsewhere in the province as to the systems they used.

Dr. L. M. Greene reported to the board that negotiations with a view to the setting up of a radiologist in the hospital were proceeding.

**Switchboard Out**  
Another new installation which received the attention of the board meeting was that of a telephone switchboard which it was estimated would cost \$1290. Estimate of the administrator was that the monthly city telephone bill would be reduced from \$618 to \$456 with such an installation. On the other hand, W. M. Watts pointed out, there would be the added overhead of one or possibly two switchboard operators. The project came under the class of

another "luxury" at the present time and the correspondence was ordered filed for future reference.

Another installation reported to the board was that of a miniature x-ray system by electricians Grant and Newton at a cost of \$151.

In line with the clearing up of unsightly structures from the vicinity of the hospital, Dr. Greene mentioned an old coal shed in the rear lane and was told that this was to be removed as soon as the coal it now contained was out.

Dr. Greene, full of suggestions for hospital improvement, had other proposals—one that the present cinder driveway in front of the hospital be black-topped and another that the building be made identifiable as the hospital with some sort of sign. The former proposal was referred to the new "master plan"

committee and ready approval was accorded the idea of the sign.

In the course of the meeting the board was reminded of expenses that were now facing it such as a new \$2500 operating room table, \$400 for x-ray equipment in addition to the major items involved in the nurses' home addition and new heating system.

The "master plan" committee may also give consideration to such suggestions as an Indian wing and a pharmacy.

Mrs. W. M. Smith, after a brief visit to the city, sailed by the Chilcotin last night on her return to Masset.

Co-op. Annual Deals With Much Business—Resolutions Passed and Officers Elected Here This Week

The tenth annual meeting of the Prince Rupert Fishermen's Co-operative Association, which has been in session here four days this week, transacted considerable business.

T. H. Sorensen, general manager of the Fishermen's Co-operative Federation, reported sales amounted to six and a half million dollars for 1949,

to the membership. The Fishermen's Co-operative Federation's balance sheet was discussed in detail.

The meeting was informed that amalgamation of the United Fishermen's Co-operative Association, the Kyuquot Trollers' Co-operative Association, and the Sointula Co-operative Association, is now in effect and that the new organization will be known as the Fishermen's Co-operative Association with head office in Vancouver.

presented to the meeting and accepted:

1. That the Department of Public Works be asked to improve harbor facilities at Weah Point, Queen Charlotte Islands, Delkata Slough, Masset, and Squadrate Harbor, Stevens Island.

2. That the Department of Fisheries set up a conservation program in regards to coho and spring salmon throughout the total length of the B.C. Coast and that the Department prohibit the commercial catching of coho salmon prior to June 30, providing that the same action can be secured from the Fish and Wild Life Department of the United States Government with respect to the Alaska Fisheries.

3. That the Department of Transport Commissioners be requested to make an early decision to permit the installation of a level road crossing of the Canadian National Railways at Fairview Bay, Prince Rupert.

The Association was instructed to donate a Co-op. and Credit Union book shelf to the High School and Public Library.

Morgan Berg, a member at large of all Fishermen's Co-operatives, gave a brief report on the annual meeting of the Co-operative Congress of Canada, held on March 6 in London, Ontario. There were over forty-seven delegates present at this meeting representing Co-ops in United States, Canada and other European countries.

Don Bentley, a member of the Board of Directors of the B.C. Co-operative Wholesale Society, reported continued growth in this organization and informed the meeting that business transacted during 1949 amounted to \$350,000.

George Viereck, chairman of the Northern B.C. Co-op Council, gave a report on behalf of this organization and informed the meeting that this organization consists of all co-operatives and credit unions from Prince Rupert to Prince George.

Bernhof Pedersen reported on behalf of the B.C. Co-operative Union which has just completed their annual meeting at Penticton, B.C.

George Viereck, secretary of the Prince Rupert Fishermen's Credit Union, advised the membership that they had done a business of approximately four million dollars during 1949 and that this organization was increasing steadily.

For economy reasons, the members were asked that, after the Area 2 halibut season, fish deliveries at the Prince Rupert plant be regulated as much as possible to eliminate the handling of fish on Saturday after-

Out of your heart... a mighty miracle!

A stroke of your pen, and your contribution to the Red Cross is made. But look behind that cheque—in your mind's eye, see it helping to send precious blood and plasma to a Canadian hospital. Hear, in imagination, the siren's sudden wail, "Emergency!" See the color of life flood slowly back into the face of the victim, as Red Cross Blood Transfusion Service saves another life! Yes, what a thrill to think that the very gift you make might be one that brings to pass this greatest of all miracles! Open your heart and your purse to maintain and extend the Red Cross Free Blood Transfusion Service, the Veterans' Services and Outpost Hospitals, the merciful and never-ending work of Disaster Services. Remember, the Red Cross cannot do this work without your help.

The work of mercy never ends...

This year the need is urgent for \$5,000,000 to carry out the work you expect your Red Cross to do
