Life is Safer

LIFE is much safer in today's era of airplanes and speeding motor cars than it was some four decades ago when the country was emerging from the horse-and-buggy age, the statisticians of a life insurance company report.

As evidence it is pointed out that during the period of 1911-1915 deaths from accidents were occurring at the age-adjusted rate of 81 per 100,000, whereas in 1946-1948 the incidence was only a little more than half as frequent—43 per 100,000.

Only two major classifications of fatal accidents have shown an increase among the insured—automobile mishaps, which are more than 3½ times as frequent, and deaths in burning buildings and other fires, which have increased in frequency by 50 per cent. Drownings have declined 57 per cent and fatal falls by 60 per cent. Fatalities due to burns and scalds are only about one-fifth as frequent.

The improvement in the accident fatality record is due in part, according to the statisticians, to the modernization of homes, the introduction of new industrial products to supplant old ones, changes in industrial methods, and shifts in means of transportation, with the over-all result that many former accident hazards have been eliminated, although some new ones have come into being. Safety engineering and safety education also are considered to have played important parts.

"The organized safety movement got its start in industry around 1911," the statisticians note. "Since then it has broadened to cover all phases of highway and home safety. Active support should be given to organizations devoting their time and energy to protect life and limb."

CANADIAN COASTGUARD

THE ANNOUNCED INTENTION of the Dominion government to expand its sea rescue services on the two coasts has been received with general approbation and nowhere with more gratification and approval than at Prince Rupert. The Prince Rupert Chamber of Commerce and the Daily News have long advocated the need for such a service. Incidents occurring day after day have illustrated that need.

The Victoria Times comments editorially as follows:

While spokesmen have indicated that there is little likelihood "at present" of establishing a Coast Guard similar to that of the United States, the arrangements suggested for closer co-operation between vessels in the government service, coupled with the facilities of the three defence forces and R. C. M. P. promises a reasonably good stand-by. While the popular concept of the most effective rescue service is one patterned on the excellent United States system, it is quite conceivable that Canadian needs might be better served by a modification of the American type. A rescue service, like a fire department, is not in continual use. But when it is needed, it is needed urgently. In view of the fact that many government vessels now ply the coast on routine duties connected with fisheries and light-house requirements, it seems logical to assume that they might be employed immediately a call is sounded.

With the technical requirements of such craft we are not familiar. To a layman, however, it would appear that relatively minor equipment might be installed on them to assist in the discharge of life-saving duties. Adequate towing facilities might be listed as an example.

Whatever action Ottawa may take to improve facilities on Canada's coasts, its efforts along this line should stimulate enthusiastic support. In British Columbia, apart from non-official groups which are on record in favor of more efficient protective service, all parties represented in the Legislature have endorsed the idea.

PRINCE RUPERT, B.C. STEWART, B.C.

BONNIE PRINCE "TAKEN FOR A RIDE"—Londoners, enjoying the beautiful sunshine in Greek Park recently, had opportunity of seeing Prince Charles, youngest member of the Royal family, infant son of Princess Elizabeth and the Duke of Edinburgh. St. Laurent, at left, receives an honorary degree during the 125th prince will be a year old this month.

ALUMINUM CO. (Continued from Page 1)

Alean, who recently flew over the area, said that no definite decision on the choice of a location will be made for at least a year.

After that, it probably will be a decade before there are any "spectacular developments." It might be between 10 and 20 years before production of aluminum begins.

While the Nechako damsite will be the eastern key to the project, the western key will be a 10-mile tunnel to carry water from Tahtsa Lake to the Kemano River 2,400 feet below or near tidewater. Here lies a potential 1,500,000 horsepower of electrical energy.

To provide a backlog of water, the Nechako dam would raise the level of Naalkuz Lake 171 feet, Ootsa Lake 140 feet, Whitesail Lake 121 feet and Tahtsa Lake 32 feet.

On the south fork of the circuitous chain of lakes, Eucchu Lake would be raised 169 feet and Tetachuck Lake 20 feet. Eutsuk Lake, one of the largest in the chain would remain at its present level if the Nechako dam is constructed.

KITIMAAT ADEQUATE

Kitimaat is described as the only adequate area where a townsite could be built in the proposed Nechako River set-up. Available are adequate domestic water supplies as well as suitability for deep-sea shipping.

Influx of other industries to absorb surplus power is anticipated if the project continues to completion. Mr. Dubose said in a Vancouver interview. Of the 1,500,000 horsepower developed, the company would require about two-thirds, leaving the rest available for other industries.

Professor Karl Terzaghi, geologist and expert on soil mechanics from Harvard University, who has been retained as a consultant on foundation expiratory work says that the hydro development of the site being investigated are the greatest in the world. The Nechako dam, he said, would create the longest hydro reservoir in the world.

BUSY ASSISTANT — George James McIlraith is an energetic Ottawa lawyer who needs every bit of his energy in his job as parliamentary assistant to one of the busiest federal cabinet ministers, Trade Minister Howe. Mr. McIlraith, who has represented Ottawa West in the Commons since 1940, became Mr. Howe's assistant in 1945 when the trade minister held the reconstruction and supply portfolio. Born July 29, 1906 at Lanark, Ont., Mr. McIlraith represents a riding composed largely of civil servants.

Residents of the whole province, and particularly those of central British Columbia who have waited more than a generation for the natural wealth of their territory to be discovered by capital, are anxiously watching the slow progress.

It will, they know, be the right answer to many of the problems of the future.

Ray Reflects and Reminisces

The reality of a prosperous British Empire is felt all over the earth. There may be an object lesson next year where Canada is concerned. Sixty million dollars worth of eggs, bacon and newsprint to stay unsold is a jolt. Being financially short is nuisance for individual or nation.

Rent control is fading out. Tenants will pay higher costs. That much can be taken for granted. And of course, there is something to be said for both sides of the picture. No one wishes to pay the major part of his salary for shelter. Every landlord has to think about maintenance, upkeep, insurance, and several other little responsibilities that insist on being recognized.

Communication Costs Are Cut

Canada Enters Into New International Agreement
OTTAWA (P)—Canada is entering into an international agreement designed to simplify communications traffic and sharply reduce the full rate charged for sending overseas cables and telegrams.

A spokesman for the Department of Transport disclosed that Canada is one of sixty-eight countries expected to ratify the agreement. It will cut by twenty-five per cent full rates charges on overseas cables.

Retired mounties, some of whom are receiving less than old age pensioners, are trying to have an increase granted. But to suggest that this should be easy does not mean it will, despite the fact that for more than seventy years they have been giving Canada an A-1 service and an enduring fame.

James Nicoll is leaving next Monday for Prince George where he will spend a week on immigration department business.

Miss A. Halliday is sailing Tuesday by the Catala on her return to Cobble Hill, Vancouver Island, after a brief visit to the city.

Mrs. William Wilson, after an extended visit with her parents-in-law, Mr and Mrs. George Wilson, left by Friday evening's train for Edmonton, accompanied by her young child. They will join Flying Officer Wilson and take up residence at the Alberta Capital where he is now stationed with the Royal Canadian Air Force.

MARRIED AT ST. PETER'S

St. Peter's Church, Seal Cove, was the scene of a pretty wedding last Thursday evening when Miss Margaret Louise Anderson of Lethbridge, Alberta, became the bride of Marcel Dupuis of this city. Venerable Archdeacon E. D. Hodson performed the ceremony from a chancel which was adorned with two large baskets of chrysanthemums. Mrs. Helen Marchildon presided at the organ to play the wedding music.

Given in marriage by her brother-in-law, Robert Kelsey, the bride wore a beautiful white satin wedding gown with conventional veil and coronet and carried a colonial bouquet of yellow tea roses. She also wore a cameo necklace, the gift of the groom.

A pretty bridesmaid was Miss Lillian Knutsen in blue taffeta with blue picture hat and carrying a colonial bouquet of pink carnations.

The matron-of-honor was Mrs. Robert Kelsey, sister of the bride, who wore a black lace gown with blue accessories and bouquet of pink carnations.

Carol Kelsey was a dainty little flower girl in blue organdie with wreath in her hair and carrying a bouquet of mixed flowers.

Jerry Bonneville was groom's man. Neil Stromdahl acted as usher. Following the ceremony, a reception was held for about fifty guests at the home of Mr. and Mrs. Robert Kelsey. A three-tier wedding cake was duly cut by the bride after she and the groom had received the felicitations of the guests. Dr. W. S. Kergin proposed a toast to the bride to which the groom fittingly responded. Assisting the hostess in the serving of refreshments were Miss Kay Nickerson, Miss Ethel Knutsen and Miss Inga Jensen.

Later in the evening the couple sailed for a honeymoon trip to Vancouver and Victoria after which they will return to Prince Rupert to make their home on Sixth Avenue West. The bride wore for travelling a grey woollen dress with wine accessories.

The bride has been with the Public Health Unit here for a year and, before that, was on the staff of the Prince Rupert General Hospital for two years. The groom is in the service of the Columbia Cellulose Co.

HELD IN SLAYING—In what is termed a "mercy killing" by neighbors and friends, Ralph Kilbon, 56, a retired mining engineer, yesterday shot and killed his 54-year-old wife Irene after she shot herself in the stomach as Kilbon prepared to take her to the Ontario Hospital at Whitby. The shooting took place on their Ballieboro, Ont., farm, 15 miles south of Peterborough. Kilbon, shown in this photo taken some time ago, has been charged with murder and will appear in a Coburg court Nov. 7. (CP Photo)

CARACAS, Venezuela — At least twenty persons are reported dead in a flash flood which swept through the suburbs of Caracas at the week-end and authorities fear the death toll may run even higher. The flood, worst in Venezuela's capital in many years, caused damage unofficially estimated at \$10,000,000.

LEAKING SKIFF CAUSED DEATH

A leaking skiff, which sank beneath him as he was rowing out to a larger boat, resulted in the drowning last Tuesday of Charles Severeid, 63-year-old Alice Arm resident, at nearby Silver City. Constable Edward Anderson of the provincial police boat P.M.L. 15, which arrived here Friday afternoon with Severeid's body, reported that it had been recovered on a nearby beach at low tide following the drowning. The body was brought to B.C. Undertakers here and forwarded to Vancouver on the Coquitlam last night, accompanied by deceased's son.

Arntsen, Sunberg 3—57. INTERMEDIATE

In the intermediate fixture, Merchants made a second half scoring spurge to down a fighting North Star quintet by the score of 41-28.

North Star gave the fans something to cheer about in the first half as they controlled the play from their more experienced opponents and lead the game at half time 13-12.

In the second half Merchants, with their superior height and smooth teamwork and led by Boulter and Currie, took the lead 27-22 going into the final quarter and they increased it freely in the final minutes of the game.

Merchants—Dumas 6, Anderson 6, Youngman 5, Christoff 2, Boulter 11, Currie 11, Letourneau—41.
North Star—Smith 2, Wesch 6, Simundson 2, Young 6, Hartwig 5, Sedgwick, Ketcheson 4, Hamilton 3.—28.

JUNIOR LEAGUE

The first of two junior league games saw High School make a third quarter drive and take a victory from Stones by a 23 to 19 score. The game was closely contested in the first half which ended with the Students holding a 1-point edge 12 to 11. In the third quarter their driving play put them out in front by 4 points and they held that lead until the final whistle.

In the second game Rupert Hotel continued their unbeaten ways as they took a 27-18 win from Boy Scouts. It took three quarters for the steam-rolling hoteliers to take command of the game. Their height was a vital factor in controlling rebounds which gave them several baskets, and a substantial lead in the final quarter. Boy Scouts were lax in their defense and threw the ball away in wild passing.

Individual scoring:
Stones—J. Parnell 7, A. Atkins 2, A. Phillips 2, P. Parnell 2, Marshall 6, Stewart—19.

High School—Clark 7, Flewin 6, Peterson, Nickerson 1, Rhodes 1, Smith, Sheppard 7, Tait 1.—23.
Rupert Hotel—Sather 10, Mark 2, Morrison 7, E. Stacey, B. McFarlane 6, W. Stacey 2, A. McFarlane, Donaldson—27.

Boy Scouts—R. Webber 2, Hodgkinson 5, Scherck 4, Clecone, Kristmanson, H. Webber, C. Erickson, Findlay, Becker 1, Pedersen.—18.

CANADA PRODUCES SOME OF THE WORLD'S FINEST

When choosing apples for eating or cooking, you look for fine flavour and firm texture—qualities for which Canadian apples are famous. Canada's invigorating climate and fertile soil produce many varieties of apples for the world.

Why Seagram's sells Canada first

This is an adaptation of one of a series of advertisements designed by The House of Seagram to promote the prestige of Canada and help sell Canadian products to the markets of the world.

The campaign is appearing in magazines and newspapers published in various languages and circulated throughout the world. The peoples of many lands are told about the quality of Canadian products and see Canadian scenes illustrating these products.

The advertisements are in keeping with the belief of The House of Seagram that the future of each business enterprise in Canada is inextricably bound up in the future

of Canada itself; and that it is in the interest of every Canadian manufacturer to help the sale of all Canadian products in foreign markets.

A campaign such as this not only helps Canadian industries but also puts money in the pockets of every Canadian citizen. A dollar of every three we earn goes to us as a result of foreign trade. The more we can sell abroad, the more prosperous we will be at home. It is with this object in mind that these advertisements are produced and published throughout the world.

The House of Seagram

This Advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

It gives me lovelier, washable walls and actually IT COSTS ME LESS!

That's the report from women who have used Monaseal ... and they're right! Monaseal is top quality at lower prices than any comparable finish. It covers more wall per can, and dries quickly to a smooth, even finish that is washable ... longer lasting. Lovely pastel tints and new deep colors.

NILS ROBINSON, FISHERMAN, DIES

Nils Robinson, veteran coast halibut and salmon fisherman, who used the first gasboat for salmon trolling in this district and invented a brass spoon which he patented and the type which is now in general use, passed away last Friday afternoon in the Prince Rupert General Hospital. He had come to this coast from steam trawlers out of Vancouver. He had lived in Prince Rupert for many years, and despite great age was active in salmon and halibut fishing until three years ago when he came ashore permanently. Early in the year illness necessitated his entering the Prince Rupert General Hospital and in June he moved to the Pioneers' Home from where he went back to the hospital recently.

Born in Norway January 14, 1867, Mr. Robinson was married but his wife died before he left the Old Country as did also his daughter in infancy. Surviving relatives include one sister, Mrs. E. Covill in Vancouver and another, Mrs. W. W. McAuley at Van Anda. There are three other sisters and a brother in Norway. Nephews are Richard, Carl and Oscar Giske. The funeral will take place Tuesday afternoon at the B. C. Undertakers with Rev. Earl Soland officiating and Ted Rorvik, Sam Haugan, Olof Stegavik, Carl Giske, Oscar Giske and Richard Giske acting as pallbearers.

ST. PETER'S FALL SALE

Senior and Evening Branches
Co-operate in Enjoyable Affair

Senior and Evening Branches of the Woman's Auxiliary co-operated in the annual fall tea and sale of St. Peter's Anglican Church at Seal Cove last Thursday afternoon. The tea room was in charge of the evening branch and the senior branch looked after the various bazaar stalls. Decorations were in the Halloween motif.

The affair was opened by Archdeacon E. D. Hodson and many guests were received by Mrs. J. Prince, president of the W.A. and Mrs. Hodson, wife of the rector. In charge of the tea room were Mrs. Wilfrid Taylor, Mrs. M. Olsen, Mrs. David Gabel and Mrs. Andrew Goyatt. Servitors were Mrs. Ted Moore, Mrs. Frank Baldwin and Mrs. J. Ritchie. The cashier was Mrs. William McLean. The ladies in charge of the booths were: Sewing—Mrs. G. A. Hebb, Mrs. A. J. Croxford and Mrs. D. Slevert. Home Cooking—Mrs. W. B. Skinner, Mrs. J. W. Moorehouse and Mrs. J. G. Viereck. Candy—Mrs. W. Davidson, Mrs. H. V. Tattersall and Mrs. William Wallace.

THE WEATHER

Synopsis
A weak storm center developing about 300 miles West of Vancouver Island is expected to prevent the formation of dense fog in the lower mainland region tonight. Little change in the fog conditions in the interior of the province is looked for today or tomorrow.

Forecast
Cloudy with intermittent rain or drizzle, clearing, Prince Rupert — Tuesday afternoon and evening—winds light, increasing over Queen Charlottes to westerly (15 mph) little change in temperature. Lows tonight and highs tomorrow—At Port Hardy 46 and 54, Sandspit 46 and 52, Prince Rupert 45 and 55.

mishap occurred at Gillies Harbor at the head of Robertson Bay on Estevan Island. The Violet B. came into Prince Rupert with Ferguson on board.

HUNTER PINNED BENEATH TREE

Forrest J. Ferguson, crew member of the boat Violet B. was brought to Prince Rupert Saturday afternoon, shaken but uninjured, after being pinned beneath a fallen log several hours while on a hunting trip on rugged Estevan Island, west of Banks Island. Ferguson went on a hunting expedition on Estevan Island on Thursday and when he failed to return to the boat yesterday, his fellow crew members organized a search party. He was found at 10:30 this morning pinned beneath a fallen log, near exhaustion but uninjured. During the hours in which he had been pinned beneath the log, he had succeeded in working himself almost free. The
