

Says Anscomb Wants Premiership

ARE CHANGING THEIR PLEAS

BUDAPEST, Hungary, (P)—Five of fourteen men on trial charged with black market dealings for Joseph Cardinal Mindszenty today withdrew their pre-trial confessions. They charged, instead, that the police had "intimidated" them.

CITY SUBMITS 'PHONE BYLAW

A loan-floating schedule which would permit the city to finance its proposed new telephone rehabilitation program in three phases will be submitted to the provincial Minister of Municipalities following its approval by city council last night.

The plan was drawn up by the city finance committee in an effort to clarify the proposed borrowing policy in connection with the loan so that it may get the green light from the provincial authorities.

Without any dissenting voice, the aldermen gave their blessing to a proposal read by Alderman T. B. Black which would allow the city to borrow \$120,000 in March, 1950, \$200,000 in September, 1950, and \$230,000 in March, 1951.

Object of issuing the bonds at different times is to save on interest payments by marketing them at the time the money is actually needed for reconstruction of the system. It is anticipated that some difficulty will be experienced in obtaining equipment, so it is the council's hope to be able to borrow the money at the time equipment is available.

Under the financing scheme, a practically level schedule of principle and interest payments has been worked out. Highest annual payment at any time during the 20-year amortization period would be slightly over \$40,000 and the lowest would be about \$29,000.

MORE SLIDES BUT TRAINS RUNNING

Slides are delaying trains through the lower Skeena Valley but are not stopping them. Shortly before last evening's eastbound was to leave here a slide 100 feet long and 15 feet deep occurred near Sylvus. The rotary plow was dispatched and the train left at 10 p.m., getting through to Pacific 5 hours and 25 minutes late. Tonight's westbound was 6 hours late in leaving Jasper and should not be delayed in arrival later than 4:45 tomorrow morning in spite of a small slide near Kwintisa today. Lower Skeena weather is reported mild and calm today with light rain.

THE WEATHER

Synopsis
The storm which lay over the ocean yesterday has weakened rapidly. All that remains is a fairly moist flow of air along the coast which is causing cloudy skies and occasional light rain. The interior is clear today with no change in sight for tomorrow.

Forecast
Queen Charlottes and North Coast—Overcast with occasional light rain today and tomorrow. Southeast winds (20 m.p.h.) continuing mild. Lows tonight and highs tomorrow—Port Hardy 45 and 50, Massett 40 and 48, Prince Rupert 35 and 45.

Margarine Appeals

OTTAWA (P)—The Canadian Federation of Agriculture and its affiliate, the Dairy Farmers of Canada, have applied jointly for leave to appeal the margarine question before the judicial committee of the Privy Council.

BIG STORMS HIT BRITAIN

Europe Also Suffers From Fury of Gales Today
LONDON (P)—Gales whipped Great Britain and Europe today killing at least nineteen persons, injuring scores of others and inflicting heavy property damage.

War-damaged buildings collapsed in Germany, killing seventeen persons, ten of them in Cologne.

Winds toppled buildings in Rome, killing a man, and a Yorkshire house was blown in, killing a woman.

The gales closed landing fields in western Germany and halted the Berlin air lift.

Lower streets of London were flooded by the record tides in the Thames River and embankments on the coast were inundated by the fury of the wind-lashed seas.

To Repeat Tuna Work

For a conference here with fisheries officers of the Skeena area, A. J. Whitmore of Vancouver, chief supervisor of fisheries for British Columbia, is visiting Prince Rupert. He arrived this morning from the south with the departmental cruiser Laurier, Capt. L. Sheppard, and will return south tomorrow night. Accompanying the chief inspector is Ingvold Urseth, former supervisor here, who is now living in retirement at Agassiz in the Fraser Valley.

At the sessions of the fishery officers here, regulations for the coming season will be discussed in the light of the recommendations of the five-year investigation of the Skeena salmon fishery which was completed last year. At the middle of March, Dr. A. L. Pritchard, now director of fisheries culture development for the Department of Fisheries at Ottawa, will be coming to the coast to discuss the report with the departmental officers.

Mr. Whitmore said this morning that the fisheries department would repeat the operation of last year when it prospected for tuna off this coast and discovered a fishery that proved to be a veritable gold mine for the fishermen after the halibut season had ended.

As was the case last year, prospecting will be combined with the work of protecting the fleet in exposed off-shore waters and also research.

This should be a good cycle year all around for salmon, said Mr. Whitmore, although marketing conditions are somewhat obscure, seeming, so far at least, to be confined to the domestic field.

This has been a great herring season on the coast. Mr. Whitmore said, a rich harvest having been garnered on the west coast of Vancouver Island and in the central area from Queen Charlotte Sound north to Wright Sound. The take for this central area was 60,600 tons. Now that the central area has been closed, the fleet is moving back to the Prince Rupert area where 12,000 tons may yet be taken on quota providing the fish are found before March 10 when the area closes except for the Queen Charlotte Islands which has been extended to March 31.

Prospecting during the last few days has been hampered by bad weather. There has been a record pack of herring oil and meal this year, Mr. Whitmore reports.

ONE CLERGYMAN DENIES GUILT

SOFIA—One of the fifteen Protestant clergy being tried on espionage and other charges pleaded not guilty today. Others had been pleading guilty and expressing regret.

FLY COAST-TO-COAST IN 3 HOURS, 36 MINUTES—An Air Force Boeing B-47 six jet bomber flew across the U.S. in three hours, 46 minutes, averaging 6.04 miles per hour on a 2,289-mile flight from Moses Lake, Washington, to Andrews Field, Md. Left to right are: Major Russell E. Schleich, pilot, of San Francisco, Calif.; Brig-Gen. Yantiss H. Taylor, commander of Andrews Field, and Maj. Joseph H. Howell, co-pilot, of Borden, Ind., upon arrival at Andrews Field.

Louis Resigns as Champ And Is Turning Promoter

Has Signed Ezzard Charles and Joe Walcott For Title Bout
MIAMI BEACH, Florida (CP)—Joe Louis today formally resigned as heavyweight boxing champion of the world and received permission from the National Boxing Association to sponsor a fight between Ezzard Charles and Jersey Joe Walcott to determine the new champion.

Charles last night earned an unimpressive decision over Joe Maxm in a bruising fifteen-rounder at Cincinnati.

Louis said he had obtained the signatures of Charles and Walcott for a title match at Chicago in June. Both boxers agreed to defend the title within ninety days after winning it against either Gus Lesnevich or Lee Savold.

Louis said that he, Arthur W. Wirtz and James D. Morris had formed an international boxing club which will maintain offices in Chicago and New York. It will stage championship fights.

TREACHERY OF FRENCH MAJOR
PARIS (P)—The French government said Monday that a Communist army major had confessed to turning military secrets over to a "foreign military attaché." The attaché was not identified nor was the country which he represents named.

Landslide Affects Coastal Shipping

It may sound strange but a landslide, which is usually thought of as hampering only land transportation, is affecting coast navigation and has caused a warning to be issued to shipping. A local notice to mariners gives warning that a landslide in Fraser Reach, north of Work Island, has caused a number of trees and logs to be set adrift, proving a menace to navigation.

China Plot Is Averted

Communists Would Have Kidnapped President and Overthrown Nationalist Government

SHANGHAI (P)—Shen Pao, Shanghai's second largest newspaper, reported today a plot to kidnap Acting President Li Tsung-Jen and overthrow the Chinese nationalist government which had been averted by wholesale arrests. It said the plot was led by Men Shi Heng, organizer in Marshal Li Chi Sen's Kuomintang government party. Communist agents were to have started it two weeks ago.

Winch Delivers His Talk In Legislature

Has Something to Say About Aluminum Company, Plans to Locate in This Area

VICTORIA (CP)—Opposition Leader Harold Winch charged in the Legislature yesterday that Finance Minister Herbert Anscomb wants to be Premier of British Columbia. He told Premier Byron Johnson "it's a fine partner you have. No wonder we have heard rumblings in the coalition government. I say he (Anscomb) is not capable of the portfolio he holds."

The C.C.F. leader charged the government with political manoeuvring. Joint Liberal and Progressive-Conservative forces seemed prepared to campaign in the next election on the basis that industry will not come to British Columbia unless the C.C.F. is defeated. He said that the C.C.F. believes in industrial development but also would investigate the companies planning to move in.

Winch referred particularly to the Aluminum Company of Canada which has proposed a \$300,000,000 plant, possibly in the Prince Rupert area. He said the company was a cartel and apparently wanted the Tennessee Valley Authority in British Columbia as it had at Arvida in Quebec.

The Opposition leader also attacked the sales tax, saying that British Columbia can maintain one hundred percent of its social services by removing the three percent levy and changing to a straight luxury tax with one for industry. Those who bought luxuries could afford additional imposts.

Clothing, shoes and restaurant meals were certainly essentials, declared Winch. Yet they were taxed.

The Anscomb budget was an election budget in every sense of word, Winch contended.

FEBRUARY IS NOT SO BAD

February weather in Prince Rupert was nothing to boast about unless it be in comparison with other parts of British Columbia and Western Canada which found it the toughest winter month in generations. At that there was just about as much sun his February as last and less precipitation.

The city had a total of 57.6 hours of sunshine which was just about stand-off with 58 hours in February of 1948. To date the sunshine aggregates 95 hours compared with 111.2 hours in the first two months of 1948.

There was precipitation in February to the total of 5.72 inches which was not excessive although it seemed a lot at times. It was actually less than last February's 5.72 inches which, however, consisted practically entirely of rain while this year it consisted of a lot of snow. The precipitation this year to date is 17.83 inches, actually less than 19.07 inches in the first two months of 1948.

From the temperature standpoint this February was away below average with a mean of 27.2 whereas last year the mean was 32.7 and the year before 38.4. However, there was no extreme cold.

Here are the weather figures for February according to the official summary of the Dominion meteorologist at Digby Island:
Maximum temperature, 51 on February 26.
Minimum temperature, 12.7 on February 19.
Mean temperature, 27.2.
Maximum barometer, 30.18 inches on February 12.
Minimum barometer, 28.92 on February 10.
Total precipitation, 5.72 inches (4.58 rain in thirteen days, 1.14 inches snow in ten days).
Sunshine, 57.6 hours.
Maximum wind velocity, 36 miles per hour, southeast, February 9.

WORK ON PIPE LINE STARTED

Clearing of right-of-way for the five-and-a-half mile pipeline which will deliver water from Prudhomme Lake to the \$25,000,000 celanese mill to be built at nearby Port Edward by the Celanese Corporation of America has been started by the contractors, Campbell & Bennett. The work has started from the more open Port Edward end, snow still delaying the start at the Prudhomme Lake end. The pipe will be 48 inches in width and one mile of the 5 1/2 mile length will be through a tunnel.

SIX MONTHS ON STOLEN GOODS CHARGE

A sentence of six months in jail was handed down by Magistrate W. D. Vance in city police court at the week-end to Charles W. F. Jenkins, who pleaded guilty to a charge of retaining stolen property following the theft from a store at Copper City, east of Terrace, 12 days ago.

Jenkins admitted possession of two checks, part of the loot from a robbery at Skinner's store at Copper City when \$338 in checks and about \$30 in cash and a radio were taken but declared that he had no idea how the checks had come into his possession. He had been drinking heavily at Terrace, his counsel, J. T. Harvey, told the court.

Mr. Harvey said that the accused had recently purchased a wood lot near Terrace but, because of bad weather, he had been unable to get it into production and had run into financial difficulties.

He admitted cashing a check for \$42.50 in a local hotel and was quoted by Sgt. L. A. N. Potterton as saying that he believed he may have cashed another \$50 one. A third check for \$96 he discarded but later led police to the spot, where it was found.

The checks were ordered returned to the proper owners by the Magistrate.

Would Let Germany Go In Shipping

WASHINGTON, D.C. (P)—United States government agencies were reported today to be at odds over a proposal from General Lucius D. Clay to let western Germans build and operate ocean-going ships, a major policy which involves Great Britain, France and the cold war with Russia.

American viewpoints are so conflicting that decision will almost certainly be left to President Truman.

The 1945 Potsdam agreement prohibits building by Germany of all types of sea-going vessels.

Where Scandinavia?

KNOWING our good friends, the Scandinavians, as we do, and Prince Rupert's population consists of a substantial percentage of them, we can say with full assurance where their sympathy and sentiment lies as between east and west. So it is no surprise to read a dispatch which suggests that all of them may be in the North Atlantic Security alliance within six months. Norway has already decided to come in, the governing party of Denmark favors joining up and only Sweden's difficult position prevents her from at once following the preponderance of her leaning.

Sweden, to the northwest of Russia, is in a geographical situation much the same as some of the southeastern European nations which perforce, and doubtless unwillingly, had to succumb to the Soviet pressure.

A great difference between the Scandinavian nations and the Danubian and Balkan states is, of course, that the former have a strong wall at their back in the solid west. Less stable and remote is the situation for the southeastern nations, the possibilities of whom for support from the democratic nations is much less facile and who have been much easier victims to the Soviet infiltration and then political subjection by mere weight of force.

The choice for the Scandinavian nations is not only the obvious one but it is easier of execution and support.

SCIENCE 'SUCCEEDS'

A HEADLINE in a Daily News of March 1924, a quarter of a century ago, reminds us of how times change in a relatively short space of time. The headline heralds how the plan was to broadcast the speech of the then King from the opening of the forthcoming British Empire Exhibition. It told how plans were being made to transmit the King's words by long distance telephone through wire and cable for relay under methods and expedients which would all seem so crude these days.

Back in 1924 was the year when two round-the-world flights were to be attempted by short hop stages, Prince Rupert being on the route of both. One was partially successful after taking most of the summer. The other was a failure.

All this was, of course, before Charles Lindbergh made his transAtlantic flight (33 hours 29 minutes from New York to Paris) which then glorious feat seems insignificant when one compares it with the new transAtlantic transport plane record of 10 hours 11 minutes made only last week by a Canadian machine.

Prince Rupert, of course, notes the change. There were mighty few radio receiving sets in Prince Rupert in those days. Today they blare everywhere.

To fly from Vancouver to Prince Rupert was something of a feat then. Few Prince Rupert people had even been up in the air. Today it is nothing to fly from here to Vancouver. Quite a few of the people around here have flown the Atlantic.

Long distance telephone was several years to come for Prince Rupert in those days. Port Simpson was about the limit except for railway despatchers. Today we just lift up the receiver on our desk and put in our calls to New York, London and further afield.

We were still looking at the silent films then—and enjoying them too.

And these are only a few of the changes now as compared with a quarter of a century ago. All around us today we see wonderful things which we would have considered almost unbelievable then.

And now the atomic age is here. Reflection on what another quarter of a century will bring might well appal us even if it might not surprise.

All of this notwithstanding our comment yesterday on some of the things in which science had "failed." But we did not deny that it had accomplished much.

WOULD CONTROL PHOTOGRAPHERS

Some method of asserting greater control over transient professional photographers who visit the city periodically will be sought by city council at request of the established professional photographers in Prince Rupert.

The aldermen last night agreed that some method of control should be imposed both for the protection of the public and the regular photographic business license holders, but were unable to provide a solution satisfactory to the Municipal Act which controls business licensing.

The city's professional photographers asked that they receive some protection from intermittent raids by out-of-town photographers who are allowed to do business merely by the purchase of a trade license.

Alderman George Rudderham piloted the discussion in support of the suggestion, declaring that "there are too many of these gypso photographers coming around."

"I am in favor of protective legislation for established businesses in that regard," he said. "I would like to see prohibition of that type of traffic. I think there should be a \$50 business license for the protection of the citizens and the professional photographers of the city."

Alderman W. F. Stone said that he would like to see such transient business post a bond guaranteeing good faith.

"We are here to protect the public," he declared.

The matter was tabled until the city's position regarding the controlling of such types of business is determined.

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "The jeweler fixed my watch."

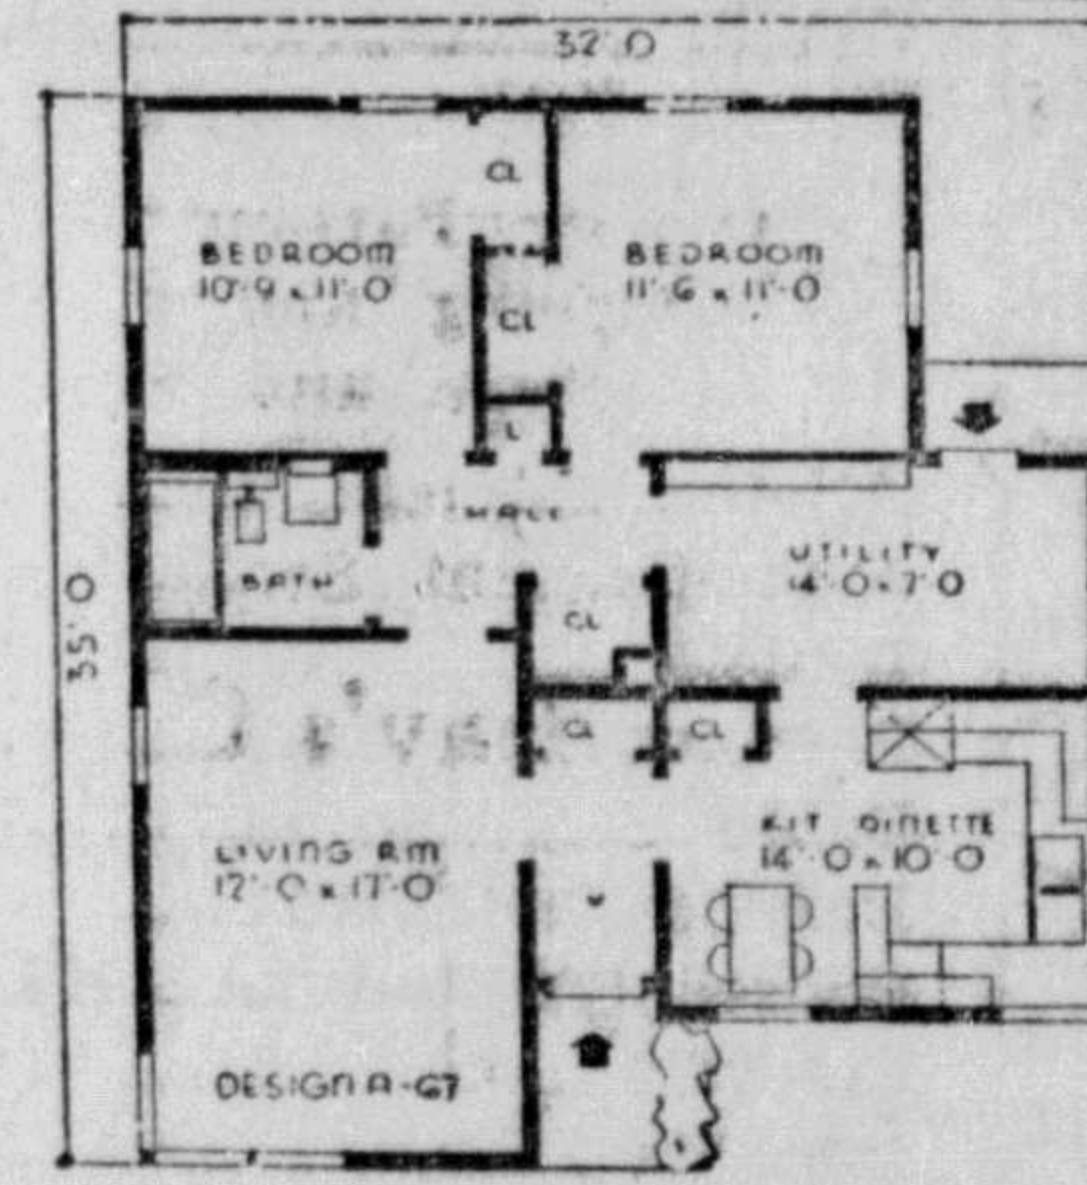

What is the correct pronunciation of "mesdames"?

3. Which one of these words is misspelled? Comedienne, commission, combustible.

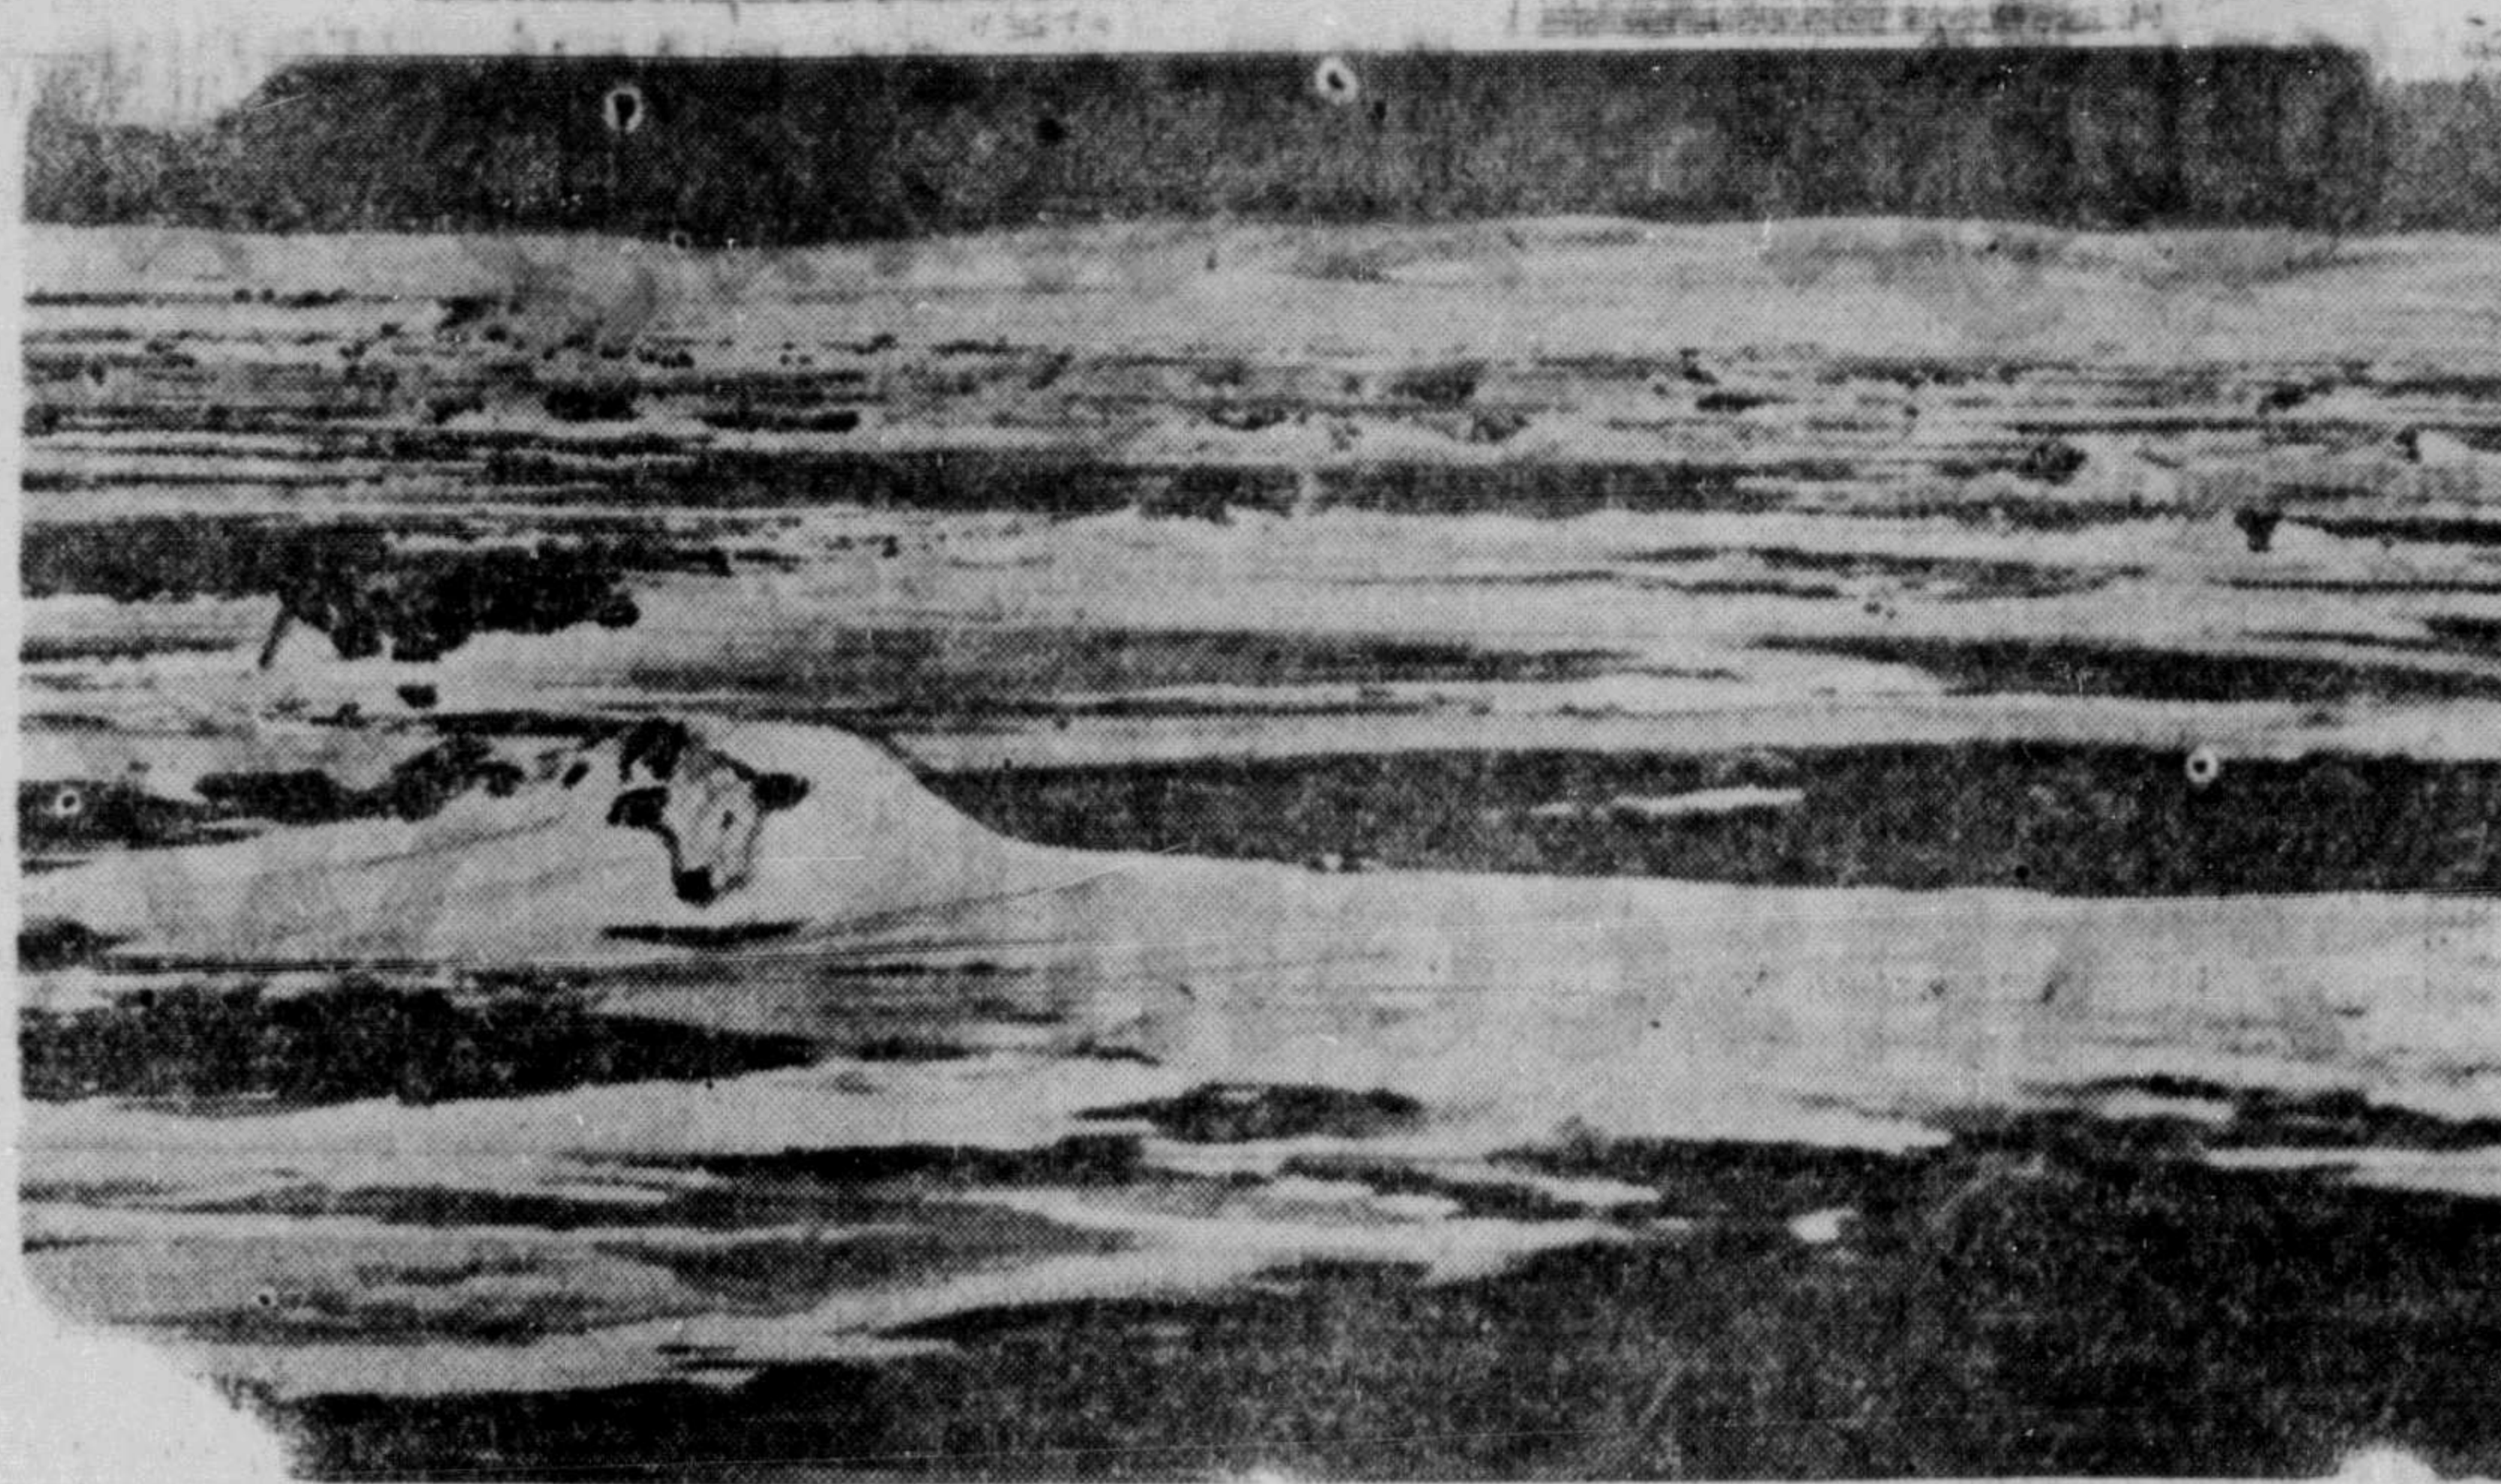

4. What does the word "materialist" mean?

ANSWERS

1. Say, "The jeweler repaired my watch." 2. Pronounce madam, first a as in ate, second a as in ask, accent on first syllable. 3. Commission. 4. One who takes interest only in the material comforts of life. "I am positive I have a soul; nor can all the books which materialists have perused the world with, ever convince me to the contrary."—Sterne.

VICTIMS IN WAKE OF WESTERN BLIZZARDS—Like the aftermath of a battle, the bodies of 150 cattle dot the frozen surface of this lake near Ashby, Neb. The entire herd, property of the Thurston ranch, wandered into the lake during a blizzard. Unable to escape or even to stand, they fell and perished one by one. Then the driving snow, dressed each carcass with a blanket of white. The blizzards that have been ravaging the entire western states have made frozen livestock a familiar, tragic part of the cattle country scene.

What City Council Did

Authorized the purchase of miscellaneous tools and equipment from Central Mortgage and Housing Corporation for \$175.

Approved a utilities committee recommendation that five new special telephone operators' chairs be purchased at an approximate cost of \$50 each.

Approved the appointment of William Williamson as superintendent of the Pioneers' Home to replace J. V. Minton, who is leaving the position.

Received a letter from the Prince Rupert Chamber of Commerce requesting that it be given its usual \$250 grant. The letter was referred to the finance committee as was a letter from the Public Relations Council making similar request.

Approved the sale, as reported by the finance committee of lots 13 and 14, block 33, section 5 (Ninth Avenue West) to Anthony Toth for \$800 and the sale of lots 9, 10 and 11, block "D" section 7, (Sixth Avenue East) to R. W. Whidden for \$550, subject to the 50 per cent rebate allowed ex-servicemen.

Authorized purchase, as recommended by the board of works, of a 12,000-gallon tank to be installed at the asphalt mixing plant west of Roosevelt Park at an approximate cost of \$2,700. This would permit purchase of asphalt in tank-car lots. It is estimated that

through savings in quantity purchases of asphalt, its value will be made up in less than a year.

Mayor Arnold named Alderman H. S. Whalen chairman of a resolutions committee to draw up resolutions for consideration of the Central B.C. Municipal Association. Other members on the committee are Alderman Rudderham, Stone and Forman.

Approved action of the licensing committee in issuing a trade license to a firm known as Vancouver Photocraft as transient photographers.

CANINE MIGRANT

The dingo or wild dog is said to have migrated to Australia from Asia more than 2,000 years ago.

CITY RECEIVES SCHOOL BUDGET

The city's share of the Prince Rupert school district's 1949 budget, a matter of \$125,925.32, was referred last night to the finance committee for consideration for estimates after it had been placed before the council. The amount was the largest that the city has ever had to set aside for school purposes. Total budget, including the rural district's share, and government grants is slightly more than \$200,000.

SIX FIRE CALLS IN FEBRUARY

City fire department answered six fire calls during February, total resulting damage from which was \$125, according to the records of Fire Chief H. T. Lock. Fire calls so far this year number 13 with damage assessed at \$1,125. During the first two months of 1948 there were 23 fire alarms.

FIGHTING SPIRIT
A bedraggled looking man entered a fly-infested barroom and spoke quietly to the bartender.
"Give me a drink," he said, "and I'll kill every fly in the place!"
The bartender agreed and set a drink before him. Making short work of it, the hobo started to edge toward the door.
"Hey you, come back here!" shouted the bartender. "You said you'd kill every fly in the place."
"And so I will," said the hobo, rolling up his sleeves and stepping outside. "Send them out one at a time."
Ancient man kept time by measuring shadows cast on trees, cliffs and other objects.

WHIPPED ROYAL GELATIN
A few whips of the egg beater just before Royal sets gives this delicious, light, frothy dessert. Try it with orange-flavor Royal Gelatin Dessert, and top off with orange section and sprig of mint. Equally good with all Royal Flavors—strawberry, raspberry, cherry, orange and lemon.

Flavor that really comes fresh from the orange-grove... color as bright as the sun-ripened fruit... you bring them right to your table in this sparkling Royal Gelatin Dessert! You've never had orange jelly so delicious before! You can delight friends or family for just a few cents a serving! Royal Gelatin Desserts are quick-making, quick-setting, sweetened just right! Try them once, you'll buy them always!

MRS. KERGIN PASSES AWAY

Highly Respected Pioneer Woman Dies at Age of Ninety-Three Years

Mrs. Margaret Kergin, one of Prince Rupert's earliest and most highly respected pioneer women, passed away at 1:30 this morning in Vancouver at the home of her son, Dr. W. T. Kergin, formerly of this city. She had reached the grand old age of ninety-three years and had been active until a very short time before her death. During the last few days it had been realized that the end was approaching and Dr. L. W. Kergin, her son here, was called to Vancouver, returning to the city only yesterday.

Mrs. Kergin was born at St. Catharines, Ontario, in 1856 and came to Port Simpson from the East in 1905, moving into Prince Rupert in 1910 and residing here until 1939 when she left for Vancouver.

Deceased was of early United Empire Loyalist stock and her ancestors came to Upper Canada in the eighteenth century, taking up land in Welland Peninsula on what is now part of the city of St. Catharines. Following her marriage, she lived for some years at Delhi, Ontario.

Mrs. Kergin, who was predeceased years ago by her husband, the late William H. Kergin, is survived by two daughters—Mrs. F. W. Hardy of White Rock and Mrs. J. F. Brandt of Vancouver—and three sons—Dr. W. T. Kergin of Vancouver, H. F. Kergin of Ladysmith, Vancouver Island, and Dr. L. W. Kergin of Prince Rupert. Dr. W. S. Kergin of this city is a grandson.

During her residence here, deceased was an active worker for the United Church.

Funeral service will take place in Vancouver and the remains will be cremated, the ashes being sent East to be placed in Victoria Lawn Cemetery St. Catharines, which cemetery was at one time a part of the farm on which deceased was born.

George Rorie returned to the city on yesterday afternoon's plane from Vancouver where he was called at the end of the week to attend the funeral of his mother, the late Mrs. George Rorie sr.

Kenneth Thompson, branch supervisor of the Great West Life Assurance Co. from Vancouver, arrived in the city by air yesterday afternoon from the south and will be spending a few days in the city on business.

Decree of divorce has been granted in the Supreme Court in Vancouver to Ella Mac Hamilton of Prince Rupert from William John Edward Hamilton of Victoria. The couple were married in Prince Rupert in 1928.

Vic Giraud, fisheries inspector at Terrace, arrived in the city on Saturday night's train from the interior to attend a conference here this week with the chief supervisor for British Columbia, A. J. Whitmore, who arrived in the city from the south on the departmental cruiser Laurier this morning.

KINDERSLEY, Sask. — Farmers in this West Saskatchewan district are operating their own college. The farmers, ranging in age from 18 to 52 years, have set up a four-year educational program to be completed by four-month courses each winter.

The government of India has reduced the governor-general's annual salary from \$72,000 to \$19,800 (free of income tax).

LOCAL MAN'S SKILL INSPIRES COMMENT

A tooled leather ladies' handbag, the handiwork of Don Arney of Prince Rupert, was an outstanding item in an exhibit of disabled war veterans' handicraft which attracted much attention at Shaughnessy Military Hospital in Vancouver during the recent provincial Red Cross conference. Mr. Arney has attained considerable skill in this work which he learned as a result of D.V.A. instruction since the war.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I repair a damaged place in the wall paper, caused by moving a piece of furniture, when I have no paper to match it?

A. Try touching up the vacant places with water colors to harmonize with the paper. The break will hardly be noticeable if carefully done.

Q. How can I remove a rusty screw that is obstinate and will not move with an ordinary screw driver?

A. Apply a heavy skewer heated red hot, and hold it there until the screw is hot. Then use the screw driver and it will turn easily.

Q. How should new pots and pans be treated before using?

A. Always grease new pans, sieves, and bread pans with lard before using them, and place in a warm oven. If treated in this way, they will never rust.

BOXERS BEING LINED UP FOR INTERCITY CARD

Long distance matching negotiations are being conducted between the Canadian Legion Boxing Club and the Ketchikan Civic Centre for the inter-city boxing card which is being planned about the middle of April.

Jack Millard, manager of the Ketchikan Civic Centre, has sent a list of 20 young fighters, ranging in weight from 125 to 195 pounds, from which will be chosen those who will be matched against the Prince Rupert boys for the eight or nine bouts on the card.

Prince Rupert headliner and finalist will be Glen Carlson, 17-year old 195 pounder, but nothing is definite yet as to who he will be matched against. Glen has shown considerable promise in his recent fights and, according to Trainer Joe Ward, is making real progress. It is likely that he may be matched against Bob Berg, Ketchikan 19-year old, who also weighs 195, or Dick Turner, 20, who is listed at 190 pounds.

Among Prince Rupert lighter fighters is Joe LeBlanc, who will be matched against the best that Ketchikan has to offer in the 138-pound category. Charlie Place, 16-year old, who weighs 120, is rated among the cream of the Prince Rupert crop and he will be matched according to his talents.

Prince Rupert
Glen Carlson, 17, 195,
Walter Carlson, 16, 150
Bob Scharie, 17, 158
Harry Johnson, 24, 150
Charlie Place, 16, 120
Billy Stacey, 15, 120
Bill Morrison, 14, 130
Ray Davidson, 14, 100
Joe LeBlanc, 21, 133
Chuck deKergommeaux (Terrence) 17, 123.

Ketchikan

Bob Burg, 19, 195.

ENGLISH CUP SEMI-FINALS

LONDON, (P)—Portsmouth, leaders of the First Division of the English Football Association, and Manchester United, last year's cup winners, may clash in next football cup final. The draw for the semi-final was made Monday. Wolverhampton Wanderers will take on Manchester United in one semi-final and Portsmouth will oppose Leicester City in the other. Both semi-final games will be played March 26.

D. Dixon (plus 35) vs. R. E. Benson (plus 35).
G. J. Dawes (plus 25) vs. G. Alexander (plus 35).
All games will be for 150 points with the final match 200 points. Prizes will be awarded to the winner, the "runner-up," and for the highest break during the tournament.

CLIPPERS WIN HOCKEY TITLE

But it Was Case of Default—Nanaimo to Meet Whitehorse
VANCOUVER (P)—The Pacific Coast Senior B Hockey League ended in a squabble last night with the title going to Nanaimo Clippers when University of British Columbia Thunderbirds, trailing three to two in the best of seven play-offs, refused to play the sixth game last night on Nanaimo ice as it was originally scheduled for Vancouver ice. The winners will now meet Whitehorse.

BOWLS PERIOD ENDS IN TIE

Burns and Continentals are tied as the end of the second third of the Men's Five Pin League season is reached, necessitating a play-off which will take place Thursday night. In the final games of the second third, results were as follows:

Burns 2, Ambassadors 1
Continentals 3, Scotians 1
Brownwoods 3, Alley Cats 1
Malkins 3, Mallets 1
Moose 3, Jaycees 1
Stones 4, Maple Leafs 0.

The team standings to date:

Burns	30
Continentals	30
Brownwoods	29
Malkins	27
Moose	26
Stones	26
Mallets	23
Ambassadors	20
Scotians	15
Jaycees	14
Alley Cats	13
Maple Leafs	11

So far this season Brownwoods are leading in team scoring with a high single game of 1277 and a high three of 3395. High single game score has been 352 by Bobby Woods of Brownwoods and high three by Johnny Comadina of Burns, 895.

Individual scoring for the final second third fixtures was:

Sport Letterbox

WILL YE NO COME BACK?
Sports Editor, Daily News:
May we express publicly, on behalf of the Prince Rupert Basketball Association and its 16 teams, our appreciation and debt to referee-in-chief, Johnny Comadina, and, of course, all referees, who so willingly serve the sport.
Johnny has refereed for a good many seasons and our league can ill afford to lose his services now that basketball has become a by-word in Prince Rupert sport circles. This league has never criticized his arbitring and recognizes that, whether the players and fans like it or not, the only way we can have fast, clean, and exciting basketball is by adhering to the rules as written. It has been proven by experience everywhere that lax refereeing promotes rough ball and a resultant slowdown of the play.

So, to you Johnny, our thanks and appreciation, and here's hoping, on behalf of the league, the players and yes, Mr. Average Spectator that you will, for the good of the game, reconsider your decision and be on deck for the next Senior game.

Prince Rupert Basketball Association,
Per ANGUS MACPHEE,
President.
DONALD FORWARD,
Secretary.

SCOUT RALLY

strong troops. Mary Amdam was enrolled in the Brownies and Margaret Procter and Mildred Crego in the Girl Guides. Cub Lloyd McLeod was invested also Boy Scout Graham Frank.

Service stars were awarded to Girls Guides Maureen Kennedy, Shaaron McIlroy, Selma Park-vam, Irene Cote, Marilyn de Kergommeaux, Shirley Reynolds, Marjorie Thomas, Lenora Loveless, Marlene Michiel, Dorothy McCabe, Lorna Melvin, Claudia King, Carol Jones and Betty Hoffman.

Following the lowering of the flag by Carl Philip refreshments were served by the committee. Hot dogs, sandwiches, cake, cookies and cocoa were served to the children and coffee to the parents.

Mrs. Arthur Kennedy with Mrs. Vic Giraud, Marion Head and Flora Melvin was in charge of the Brownies. Mrs. McIlroy with her lieutenants, Mrs. Michiel and Mrs. Clifford, was in charge of the Guides. John Haaland is the cub master with the Rev. P. Mallett assistant cub-master. Scoutmaster Dick Dubau and Assistant Scoutmaster Klieve Keefe were responsible for the training of a small but very smart band of Boy Scouts, some of whom they hope to be able to send to the big jamboree in Ottawa next summer.

RED CROSS DRIVE HERE

Stan Saville is named Campaign Chairman

Stan Saville was re-appointed chairman of the local Red Cross campaign Thursday night at a local executive meeting held in the Civic Centre with President R. A. Morley in the chair.

Last year Mr. Saville and his committee organized a campaign that put Prince Rupert over its quota by turning in \$3,800 to provincial headquarters. Assisting on the committee this year will be Staff Sergeant G. A. Johnson and R. A. Morley. Although Prince Rupert's quota this year has been set at \$4,000 the committee feels confident the response from the public will enable the organization to meet this figure.

Plans for publicity were discussed and arrangements are being made to link radio broadcasts with newspaper advertising. An effort is being made through the local film council to have the Red Cross color film of the Fraser Valley floods shown here during the campaign. Sunday, February 27 having been set aside as Red Cross Sunday, appeals were made by minister of the various churches in the city.

Certain phases of the annual financial campaign are now under way but the actual canvass will not commence until March 15.

EMPRESS DEFENDS — Former Empress Zita of Austria-Hungary (left) is seen in Detroit chatting with Mrs. Eugene P. Berry, president of the Catholic Study Club and the Rev. Father Stanley Murphy of Assumption College, Windsor, Ont. During her short address the widow of Emperor Carl, who abdicated in 1916 spoke warmly in defence of Cardinal Mindszenty of Hungary, who has been sentenced to life imprisonment in Budapest. The Cardinal still faces the possibility of the death penalty on appeal.

CLIPPERS WIN
(Continued from Page 4)

Whitehorse Stars in the semi-final series of the British Columbia championship.

Whitehorse is the first Yukon team to invade Canadian organized hockey in forty-seven years. It hopes for more success than its predecessor Klondyke team, a gold-strike sponsored outfit, that challenged the fabulous Ottawa Silver Seven for the Stanley Cup and were defeated 9 to 2 and 23 to 2 in a two-game total-point series.

The new Whitehorse team consists of personnel of the Royal Canadian Air Force and Royal Canadian Mounted Police including two members of the Canadian Fliers' team which won the world's amateur hockey championship last year.

New Church At Terrace

Plans Approved for Beautiful Structure to Replace That Destroyed by Fire

TERRACE—Plans for a beautiful new chanal-style church to replace that recently destroyed by fire have been accepted by the official board of Knox United Church in Terrace. The modern stucco edifice with its bell-tower will be a handsome addition to the main street of the town.

The immediate objective of the financial campaign is \$7,000. A canvass of the town will be held immediately and J. H. Smith was authorized to receive contributions from those out of town who wish to help the church provide a worthy structure for the worship of God and the varied needs of its people.

WINNIPEG, (C)—Citizens must not merely shovel sidewalks clean of snow. The by-law requires streets to be safe. Shoveling off snow and leaving a layer of ice is taboo. So is leaving a difference in levels by clearing a trench along the sidewalk.

LIME AGAINST ACID
The use of lime to counteract an acid condition of the soil which is unfavorable to plant growth has been known since the earliest days of agriculture.

Reminiscences

By W. J. — and REFLECTIONS

If certain interests started a \$25,000,000 enterprise in a village about five miles from the city limits of Vancouver, you can wager your bottom dollar that any reference to it would name Vancouver (in box car letters) and not the village, as the site of the zone of operations. Does it ever occur to anyone here that when we choose to tell about the cellulose plant, there's too little Prince Rupert, and too much Port Edward?

It has remained for the British Army Journal, published by the War Office, to give the most common sense description of the best defence against the atomic bomb that this column has yet heard of. The Journal says: "the best defence against the atomic bomb is not to be there when it goes off."

March has a reputation not always deserved. True enough, it's a mean month in Eastern Canada, but, on the west coast, March can be both green and gracious. It's been that way in Prince Rupert, believe it or not. It's not always necessary to wait April or May, before seeing, as well as feeling reminders of the season—such as a bee investigating you.

Of course, it was hot cakes, or pan cakes, or flap jacks or what have you this Shrove Tuesday morning when, as breakfast hour approached, you were supposed to be idling with one thought only. There's a reason for "Shrove" which does not matter a hang, anyway. Today, chow is the main question and a well prepared stack of hots, with an abundance of margarine, molasses or honey, treacle, syrup or just plain butter can go a long way in starting the day right.

Mrs. Morin, living in the Quebec-Vermont border country, was 106 years old last week-end. Records would appear to prove it. She claims to be Quebec's oldest resident and puts it down to avoidance of worry. There is much to be said for the dame's conclusions. But the difficulty is just this—side-stepping perplexity as old age comes on is not so easy.

It was suggested in the federal parliament the other day that a certain western politician had a habit of trifling with the truth. This reminds one of the man who told President Lincoln that Senator - - - had called him an infernal fool. "I've known Senator - - - for many years" said old "Ab" and never heard of him being wrong. Seems to me there must be something in what he says.

HIS MOTHER WAS FIRST TEACHER

The Vancouver Sun, referring to the moving of Judge W. E. Fisher from Prince Rupert to Vancouver says: "He was born at Happy Valley near Victoria in 1871, his parents having come from Devonshire, Eng., to Victoria by way of Cape Horn in 1864. The retired Judge's mother was the first school teacher in the Metchosin district of Vancouver Island. Mr. Fisher was 55 years a practicing lawyer and spent 14 years on the county court bench."

EARLY MOVIES
Duces of France patented a device for showing moving pictures as early as 1846.

WILL PROBE CONDITIONS

RAIL BOOST IS SUSPENDED

OTTAWA—The recent attempt by the railways of Canada to increase express rates on fish has been blocked by the Board of Railway Commissioners.

The board issued an order suspending the proposed higher rates which would have become effective before this, had a protest not been received from the Fisheries Council of Canada and the Maritime Transportation Commission.

It was the second time in two months that the board had prevented the carriers from hoisting sub-ceiling rates on specific commodities.

Long-missing alleged key member of the Soviet spy ring smashed in Canada, Sam Carr (centre, wearing glasses) is shown in custody of a F. B. I. agent, leaving New York's federal courthouse enroute to Ellis Island. Carr has been returned to Toronto to stand trial.

MOST BOOKS ARE UNPUBLISHED

OTTAWA—The vast majority of books submitted to Canadian publishers are unpublishable," said John Gray of the MacMillan Publishing Co., Toronto, addressing members of the Canadian Authors' Association.

Every year, he said, upwards of 2,500 unsolicited manuscripts are submitted. Of this number he doubted if more than ten per cent are ever printed.

MARDI GRAS IS ON TODAY

New Orleans' Great Celebration—"Make Believe" for a Day

NEW ORLEANS — They quit work here today and played Let's Pretend. It was the Mardi Gras.

The world's problems were solved by simply making believe that they did not exist. Thousands appeared as acrobats, dancers, devils, elves, gypsies, highwaymen, Indians, life-guardians and pirates.

Today was Shrove Tuesday and tomorrow the revellers become worshippers at Ash Wednesday services.

CRESCENT NOW AT SHANGHAI

The Canadian destroyer H.M.C.S. Crescent, which sailed from Esquimalt for the Orient was due in Shanghai last Friday. She is joining in manoeuvres with United States navy units in the Pacific according to Shanghai reports heard in Ottawa. The Crescent had been diverted from a voyage to the Caribbean by last minute orders, to be available for the evacuation of Canadian nationals in China, should this be necessary. Quite a few British Columbians are serving on the Crescent.

Dutch Object to American Policy

AMSTERDAM—Reports have appeared in the local press to the effect that several Dutchmen have returned their American war decorations because of American policy in the Dutch-Indonesian conflict.

The keel of a lighthouse supply and buoy vessel to serve the north coast is about to be laid at the Yarrows Yards in Victoria. The ship will be 150 feet long and will cost \$879,000. The contract was awarded last January.

"WILD IRISH ROSE" HERE

Early Vaudeville Era Depicted In Color Musical Coming Later Part of This Week

The early vaudeville era, when the minstrel show was the top form of entertainment, is the basis of the technicolor musical, "My Wild Irish Rose," with Dennis Morgan starring as Chauncey Olcott, the immortal popularizer of Irish ballads, and Andrew King appearing as the beautiful Lillian Russell, which come to the Capitol Theatre here for four days commencing tomorrow. Other important members of the cast include Arlene Dahl, Alan Hale, George O'Brien, George Tobias, Ben Blue and Sara Allgood.

The minstrel show is just one of a dozen important musical numbers in the picture which is the story of great names in the show business at the turn of the century. In addition to Olcott and Miss Russell, famous figures depict "Iron Duke" William Muldoon, theatrical manager Augustus Pitou and the celebrated comedians Weber and Fields.

The Irish Rose chorus is an outstanding feature as is Morgan's singing of several popular ballads of the era.
