PACIFIC COAST SALMON PACK

Pacific Coast canned salmon pack for the 1948 season to November 13 totalled 1,310,215 cases, lagging behind the 1947 pack for the same period by 182,000 cases. Production of all varieties for the season has been the lowest since 1944.

Comparative figures, in 48-pound cases, for 1948 and 1947 are as follows:

	1948	1947
Chums	493,339	449,762
Pinks	321,514	508,175
Sockeye	260,050	286,185
Coho	193,482	140,502
Bluebacks	19,893	4,545

JEWS CANNOT HAVE IT ALL

Canadian Minister of External Affairs Speaks at U.N.

PARIS, ©—Hon. L. B. Pearson, Canada's new minister of external affairs, in his first major address to the current assembly of the United Nations, told the No. 1 political committee that it should be recognized that a Jewish state exists but he added that Israel cannot have areas given both by partition and gained by force of arms.

SEAMEN RETURN, SHIP IS HELD

SOUTHAMPTON, Eng. ©—Striking members of the crew of the liner Queen Elizabeth agreed to go back to work after the Cunard-White Star Line promised not to sail the liner to the United States until the longshoremen's strike there is settled. The men promised to return to work at noon.

The line also promised not to Halifax, a port to which some British ships diverted last week.

OLD FAITHFUL

A church clock in the southern English village of Esher has been keeping good time for 300 years.

Bulletins

ONLY TRANSIENT VICTORY

NANKING—Rumblings of new fighting came out of Suchow front today. Evidence of a renewed communist drive gave weight to the theory that government forces had blunted but by no means broken offensive power of the Chinese communist armies in the battle for the approaches to Nanking. Communists have attacked in an area where a government military spokesman just four days ago proclaimed a major victory for Generalissimo Kai-Shek's troops.

STAMPS VS. RIDERS

OTTAWA—Two crowns down and a third to go, Ottawa Rough Riders are today preparing to meet Calgary Stampeders for the Grey Cup, emblematic of Canada's senior amateur football championship. The Riders, who won the Big Four and Eastern Canadian championships, will lock horns with the Western Canada champions in Toronto next Saturday. The Stamps earned their way into the football crown battle by walloping the Hamilton Tigers 19 to 0 on Saturday.

SENTENCED TO HANG

VICTORIA—Jacob E. Weid, 38-year-old Victoria carpenter, will hang February 14, St. Valentine's Day, for the knife slaying in July of his wife, Evelyn. He was convicted of the murder here on Saturday and was sentenced at the close of a 6-day trial. The crown said the slaying occurred after a "drink and quarrel." The wife was found in the room of the couple July 17 with a knife wound in her neck. She died in hospital six days later.

WOMAN FLIER WRECKED

FAIRBANKS—The plane piloted by Mrs. Richard Morrow-Tait, aged 24, British round-the-world flier, was wrecked in a forced landing Sunday but neither she nor her navigator, Michael Townsend, was injured. They are being flown to Elmendorf Field at Anchorage by the United States Air Force rescue squadron plane. The landing occurred in 30 below weather on the Alaska Highway near the village of Tok, 200 miles southeast of Fairbanks. Right wing tip and landing gear of the plane were damaged.

CONFIDENCE VOTED

ATHENS—Premier Themistokles Sophoulis' newly-formed government Sunday won a vote of confidence in Greek Parliament by a two-vote margin. It also obtained suspension of Parliament until February 1, giving it a chance for life despite shaky support. The vote was 169 to 167 with eighteen members absent or abstaining. The new cabinet, Liberal-Populist coalition, has the same political complexion as the regime which was toppled ten days ago by a split in Liberal party ranks.

FRANCO KEEPS HOLD IN SPAIN

MADRID ©—Eighty-two per cent of all city council members elected in Spain's municipal elections on Sunday are members of the totalitarian state Falange Party, the party's national headquarters said today. The elections were the first to be held in Spain since the Civil War.

Elections were held in the most of principal cities. Barcelona voted against the Falangists.

COMMUNISM VERSUS GOD

WASHINGTON, D.C. ©—A United States Congressional committee, in a report issued today, says "you cannot be a communist and believe in God." That, the reports adds, is "the long and short of it."

CHINESE FOR JEEP

Chinese coolies who helped build air bases for the B-29 superfortresses, have their own name for the Jeep. Their written characters, translated literally, call a Jeep, "Four wheels with 1,000 uses."

Labor Federation Would Break With and Arm Against Russia

CINCINNATI, (CP)—American Federation of Labor delegates today drove toward final adjournment with an important report by the committee on international labor relations as one of the major items on its program.

A strongly worded ten-page report by the committee asked the American Federation of Labor to go on record as favoring a defensively military alliance against Russia and the severance of trade relations with the Soviet.

The report said that "Totalitarian Russia's aggrandizement presents a grave challenge not only to America but a dire threat to the entire free world."

WEEK-END GALE BLOWS DOWN OLD COMOX AVENUE HOUSE

A southeast gale which reached a 42-mile-an-hour maximum blew an old city residence from its flimsy stilts early Sunday morning, depositing it at a drunken angle on the ground about 10 feet below its original height.

The building was an unoccupied house at 745 Comox Avenue, owned by Mrs. Clara Brown, at present in Vancouver. It is a two-storey structure and is believed to be at least 35 years old.

Standing between two vacant lots, the building was an open target for the gale which shook houses in all parts of the city and which was said by many to be the most violent wind to strike Prince Rupert this autumn.

The chimney, a rusty, sheet-metal column about eight feet in length, toppled with the building's fall and lay on top of the moss-grown roof.

Despite the fact that higher velocities have been recorded this fall, city homes seemed to feel the brunt of the week-end gale more than any previous one. Several windows were blown in and buildings trembled throughout Saturday night and Sunday morning.

Prince Rupert experienced a wet and windy week-end with rainfall, totalling a most two inches during the 48-hour period to 4 a.m. today and winds which reached a peak force of 42 miles an hour in gusts.

Heaviest rainfall occurred during the 24-hour period ending at 4 o'clock this morning when 1.40 inches drenched the district. In the previous 24-hour period, 48 inches fell.

Wind velocity reached its peak early Sunday morning when gust blew up to 42 miles an hour, according to the Digby Island weather station. However, the steady velocity was 30 miles an hour from the south-east.

The wind and rain continued throughout Sunday, dying down during the night.

BOND SALE WELL AHEAD

Mark of \$24,000,000 Now Exceeded in Canada Savings Issue

OTTAWA—Bank of Canada officials announce that total sales in Series Three Canada Savings Bonds have passed the \$24,000,000 mark with applications for \$721,000.

Payroll sales of \$113,000,000 are included and a new postwar payroll record is assured.

Final payroll sales are expected to exceed \$116,000,000 compared with \$109,000,000 last year and \$113,000,000 in Series One.

Greatest impetus was given Ontario employees who exceeded the record of last year by seventeen percent.

British Columbia payroll figures are ahead of Series Two with \$4,923,700 against \$4,274,600.

Total sales in British Columbia stand third with over 6,000,000. Ontario is first and Quebec second.

Sales to the general Canadian public gained 15,000,000 last week.

Latest British Columbia figures are \$6,532,500 for 32,739 applications, an increase of over \$1,100,000.

NORTHWESTERN AND CALIFORNIA

Selections Made for Annual Rose Bowl Football Game

EVANSTON, Illinois, ©—Northwestern's second place Wild Cats were today unanimously named to represent the Big Nine in the Rose Bowl at Pasadena next New Year's Day. University of California was selected as the Pacific Coast conference representative.

Northwestern's entirely expected selection was made in a telegraphic poll of the league's nine faculty representatives and was announced by Commissioner K. L. (Tug) Wilson.

At Los Angeles the Pacific Coast commissioner Victor O. Schmidt, announced later in the day the decision of faculty representatives of his ten conference schools. Oregon and California were the top teams.

"VANDALISM" JEOPARDIZES BUS RIDERS

What is believed by Cherrill McIntyre, owner of Red Top Bus Lines, to be "deliberate vandalism" endangered the lives of 50 Columbia Cellulose Co. workmen this morning when the gasoline tank of one of the line's buses was drained, allowing a back-end compartment to fill with gasoline and dangerous fumes.

Eighty gallons of gasoline trickled from the bus's 114-gallon tank into a compartment in the rear after a valve had been opened—"deliberately and maliciously"—according to Mr. McIntyre.

"If that bus had backfired, those gasoline fumes would have turned the bus into a bomb," he said. "I hate to think of what would have happened to those men if it had exploded."

The bus left Prince Rupert shortly before eight o'clock this morning carrying the men to their jobs on the Cellulose Co.'s construction project at Watson Island. It ran out of gasoline near Miller Bay Hospital, about half way to its destination.

When Bert Bellamy, driver of the bus, opened the rear compartment, several gallons of gasoline poured onto the road. The compartment was directly under the rear seats of the bus and the gasoline tank above it. "It is physically impossible for that valve to have worked open by itself," Mr. McIntyre said. "That type of valve is standard equipment on all buses of that make."

The bus, he said, had been parked near the intersection of Fourth Street and Second Avenue from 2:30 Sunday afternoon until it was moved early this morning to take the men to Watson Island.

A special tool is required to open the door of the compartment where the valve was situated, but such instruments are fairly common, he said.

Many Attend Baby Clinic

Weekly well baby clinics being conducted by the staff of the local public health unit are being taken good advantage of by local mothers for the checking of, counselling on and immunization from communicable diseases, of the pre-school age children. At last week's session at the health unit headquarters fifteen children were presented while seventeen were received at Conrad Street School. They ranged in ages from six weeks to five years and, from what was to be gathered from an interview with Miss Margaret Steves, public health nurse in attendance, they were all a fine looking lot of youngsters.

Baby clinic routine includes, first weighing; second, giving of advice, and, third, administering of immunization or vaccination. Naturally, the mothers are full of questions and, as a result of the discussions, valuable information is imparted.

The principal immunization is a combined toxoid against whooping cough, diphtheria and tetanus which is given in a course of four injections.

The clinic at the health unit headquarters is given on Wednesdays and at Conrad Street on Thursdays. The three local public health units—Miss Joyce Leslie, Miss Jeanne Coupal and Miss Margaret Steves—alternate in presiding.

Berlin Crisis Looks Better

Both Bramuglia of Argentina and Evatt of Australia Speak Hopefully

PARIS ©—Juan A. Bramuglia of Argentina said today that a Russian answer to his Berlin currency questionnaire "appears to be satisfactory."

The November president of the United Nations security council said that comparison of the Russian reply with Great Britain and the United States answers, expected to be delivered to him today, is necessary to decide if basis of agreement on the Berlin crisis can be reached.

Meantime H. L. Evatt of Australia expressed the belief that the Berlin crisis would be settled within three weeks on the basis of use of Russian currency.

May Decide China Fate

President Truman and Secretary of State Marshall Get Together

WASHINGTON, ©—President Truman and Secretary of State George Marshall are conferring today in the first of a series of post-election foreign policy developments. The fate of China may be largely decided and the future United States strategy against international communism.

President Truman returned yesterday in his private plane from his two weeks' vacation in Florida.

Secretary of State Marshall arrived today by plane from Paris.

NEW UNIFORMS CANADIAN ARMY

Neckties for Privates Permissible with Latest Issue

OTTAWA, ©—The Army has placed orders for 160,000 battle dress uniforms of a type that permits the private to wear a necktie.

Latest manpower figures show 53,000 men in the active and reserve armies.

An Army officer said that the purchases indicated nothing more significant than a need to keep the Army clothed.

The new design has lapels and much the same cut as General Eisenhower's famed jacket.

THE WEATHER

Synopsis

Cloudy skies persisted over much of the province this morning and light rain was falling in the southern interior. Snow flurries were occurring in the Kootenays. A ridge of high pressure now building along the coast will cause clearing skies in the central interior and considerable clearing along the coast by midday.

Another active storm now developing about 1200 miles west of the Queen Charlottes will bring more rain and gale force winds to the exposed waters of the north coast Tuesday morning. Increasing cloudiness is expected to spread to the southern coastal regions tomorrow with rain in the afternoon.

Forecast

Queen Charlottes and North Coast—Variable cloudiness today, becoming overcast tonight with intermittent rain by daybreak. Rain Tuesday. Winds northwesterly (25 m.p.h.) today, decreasing to light this evening and increasing to southeasterly gales 35 to 45 in the exposed areas Tuesday morning. Little change in temperature. Lows tonight and highs Tuesday—At Port Hardy 35 and 45, Massett 35 and 45, Prince Rupert 39 and 46.

Helping All B.C.

VANCOUVER should take to heart what Hon. L. H. Eyres, minister of trade and industry, is telling us about the need for developing B.C.'s hinterland instead of trying to cram all our wealth, population and industry in the southwest corner of the province, says the Vancouver Province.

Mr. Eyres reports the government's regional development division is preparing an inventory of the whole province for the benefit of firms wishing to establish in B.C.

This inventory will emphasize the special resources and facilities of all our regions and point out the industries for which they are ideally suited.

"We can't go on building up population and massing industry in one small corner of B.C. without detriment to the province as a whole," Mr. Eyres points out. "We must do all in our power to divert and channel the (business) influx to fill up and develop the neglected areas of this great province."

Vancouver shouldn't take offense at any of this. What Mr. Eyres proposes will do this city more good than grasping, competitive attitude that has sometimes characterized our growth.

We are the hub of British Columbia and the commerce and industry of this province will always revolve around us. If we can co-operate in tapping the wealth that lies in all the far corners of this province we in Vancouver can be sure we will get our share of it. A part of every new dollar that comes into B.C. will percolate through this city.

But if Vancouver and the Lower Mainland try to hog most of the new development and new capital we are going to hurt our own interests.

The wealth that can be produced in all the far-flung regions of this province is infinitely greater than the wealth that can ever be produced in any one section of it.

We should keep our eye on the bigger stakes and forget any short-sighted, self-centred ideas about keeping B.C.'s industrial empire corralled in the "southwest corner."

COQUALEETZA HOSPITAL FIRE

DESTRUCTION by fire of the Coqualeetza Indian Hospital at Sardis in the Fraser Valley is of more than casual interest to Prince Rupert district. For many years, before its conversion to hospital purposes, the building was used as a school for natives who went to it from all parts of the province, many from the numerous native villages around this city. There are many of the Indians who are now grown up who went through that school, going south each fall and returning home in the summer for their vacations. They will remember the old building with a somewhat nostalgic feeling now that it has been destroyed.

The Coqualeetza Hospital was a southern counterpart to the Miller Bay Hospital at Prince Rupert. Finding new accommodation for the 180 patients it contained will make an immediately pressing problem for the Department of Indian Affairs. It is not an easy thing to organize such an institution. That was observed in the starting of the Miller Bay Hospital. However, the fact that a new native hospital is now being opened at Nanaimo will ease the situation somewhat.

CANADA'S TEACHING PROBLEM

ACCORDING to figures recently released by the Dominion Bureau of Statistics there are some 50,000 school teachers in Canada and one in every ten of these is teaching on a permit or temporary certificate. In other words one of every ten of Canada's school teachers has not even the minimum qualifications. Prior to 1939 very few temporary permits existed. They were issued during the war to help alleviate the teacher shortage.

Unless Canadians realize how vital this problem of supplying qualified teachers is, they may find it affecting the country nationally and eventually internationally.

It should not have to be emphasized how necessary it is that the country should have good teachers. Since they are the moulders of tomorrow's citizens, everything possible should be done to attract more competent people into the profession. Remedying the teaching situation is a long-term job.

TOC H GROUP IS PROMOTED

Elevated From Group to Branch Status at Unique Ceremony

Prince Rupert's Toc H group, one of the most active in the province, was elevated from group to branch status at a ceremony conducted by Michael Bruton of West Vancouver, honorary Toc H provincial registrar, in the Toc H clubrooms Saturday night.

Advancement of the group to branch status was accompanied by the replacement of the "Rush Light" with the "Lamp of Maintenance." The lamp used was one which had been dedicated by Lord Halifax at a Toc H grand festival in York, England, in 1937.

Prior to the presentation, Rev. Basil S. Prookter, Toc H padre, rededicated the lamp with brief, impressive words.

In presenting the lamp to the new branch, Mr. Bruton told how it had been dedicated by Lord Halifax at York in 1937 and how he had brought it back to Canada from the grand festival.

He also told of two other festivals which he had attended in England, the "coming of age" ceremonies when thousands attended the twenty-first anniversary of the organization in Albert Hall, London, in 1936, and the final pre-war festival in London in 1938. Both were attended by representatives of hundreds of representatives of branches throughout the Commonwealth.

The organization, he said, is doing great work among the young men of England. Its activities were curtailed somewhat during the war, but have been resumed with great strength since.

LETTERBOX

WILKINS' FLIGHT
Editor, Daily News:

I was very shocked yesterday to find the Wilkins family being obliged to live in one dingy room. Surely better accommodations should be found for a family so noble and courageous as these unfortunate folks. It is a small dark room—with a camp stove, bureau, table and double bed and single bed for their ten-year-old son, Denis, a box nailed outside the window for a cooler. I am sure the citizens of Prince Rupert will agree that is not good enough.

When I offered my help in a small way Mrs. Wilkins said with tears in her eyes: "I wish I were in a position to give rather than to receive."

They are still very nervous and sick at heart and living in those surroundings seems a poor place to recuperate and gain strength for the future days ahead.

The Daily News should be commended on the fine reports given us in their paper—right from the first headlines. It was an anxious time for all who knew Mr. and Mrs. Wilkins and

Reminiscences and Reflections

By W.J.

For quite a while, the suspicion kept growing that bachelor Prime Ministers was becoming a Canadian habit. But, happily, the country now, knows better. The good wife and family reappear. This idea of being married to the State and sitting in solitary soliloquy should be discouraged.

It seems that in Vancouver about twenty thousand are jobless but there's a catch to it. Many hail from the prairies where blizzards are bitter and they would avoid the bracing winter season. They have enough cash to get by on, but do not advertise it. Nevertheless they seek work. They are not deserving, but those whose pockets are empty are. And there will be plenty, before May day dawns.

A Hollywood studio can reproduce almost any part of the world without leaving home and do it so faithfully that the difference is hardly noted yet the screen had to journey to Jasper to obtain the real article in mountains. Hollywood is clever, realistic and ingenious. That's cheerfully admitted. But there are some regions that cannot be played with.

A general election next year is on the way. An appeal to the people should clear the air and enable any number of citizens and electors how to pronounce the name of the Prime Minister the right way.

Well, well, isn't it just too bad? Too old at forty to hold down even a simple little job. And then, melancholy thought, and

Denis. Hope a good home will be provided and everything lost reimbursed.

A sympathizing friend will appreciate printing of this letter.

(Mrs.) A. M. Linney,
Summit Apts.

LABORS WE LOVE

Though the human race is not passionately fond of work, and most of mankind runs true to form, everyone has some tasks which they do with zest. Among the tasks which are done with a will by the majority are those having to do with Christmas—trimming the tree, buying Christmas tree decorations, buying the presents, making the goodies—the candy, popcorn balls, mince meat cranberry jelly.

Then there are countless little kindnesses to be done. Old people or shut-ins are to be remembered with some little gift, distant friends to be thought of in time for a present or greeting to be sent. Perhaps we make a determined effort to write a long letter to someone we know wants news. There are many thoughtful things to do.

In that list of considerate tasks, the purchase of Christmas Seals should have a place. The Christmas Seals are meant to protect someone's Christmas next year, or the next, or the next. Their work is to prevent tuberculosis, a disease which

Co-ops Still Unbeaten, Defeat Savoy 46 to 42

Senior—Co-ops 46, Savoy 42
Intermediate—High School 37, Morgan's 17
Ladies—High School 25, Miller Bay 15
Junior—North Star 29, Kinsmen 23

Before a large crowd on Saturday night Co-op of the Senior League and North Star of the Junior copped their third straight win in closely contested basketball games.

Co-op defeated their arch-rivals, Savoy, by the score of 46 to 42. They jumped into a quick lead in the first quarter by opening up with a quick-breaking attack. The hotel men had a hard time

to get working smoothly and this gave Co-op their chance. The quarter ended 13 to 8 for Co-op. MacPhee effectively held down R. Holkestad and his famous hook shot. Savoy, who played a passing attack in the first quarter, opened up with a fast break but this was successfully held in check by the Co-op team. Half time came with 24 to 18 lead for Co-op. The third quarter started with Savoy going all out to cut the Co-op lead. Co-ops were surprising as they kept up with the fast pace. Savoy tied the score just before the quarter ended at 34 all. The final quarter had Savoy working hard but Co-op had a slight edge and came out with the victory.

It was a well-played game which showed that both teams are rounding into peak playing form. Co-ops, with their veteran studded line-up, still show too much experience and basketball know-how for the other teams in the league. Lindsay started clicking on the offensive and ended up with the high score of the evening 19 points. MacPhee played well defensively. Beynon, Fitch and Dominato, on the guard line, are the strongest in the league. Mel Holkestad led his team on offense and as a playmaker. Arney is beginning to play ball as he has in the past. Ciccone was a hard driving guard who showed up well.

Co-op took 74 shots and scored 19 field goals. Savoy scored 18 field goals while taking 70 shots.

INTERMEDIATE
In the intermediate game High School gained their first victory by sending Morgan's down to their initial defeat by the overwhelming score of 37 to 17. High School started out quickly with Webster scoring two quick baskets. Lien scored Morgan's only basket with a push shot from the key. Hatchford scored three

successive baskets to give High the lead at the end of the first quarter 13 to 2. The rest of the game showed High School well in command. Morgan's, at no time, were a threat. High School had good passing and good shooting. Morgan's were weak in all departments. Boulter was the top player for them. Sunberg was strong at guard. Hatchford showed up well on the offense.

High School took 52 shots and scored 16 field goals. Morgan's scored 8 field goals from 50 shots.

LADIES
In the Ladies' League game High School defeated Miller Bay 25 to 15. The game was enjoyed by the fans. The first half was a see-saw battle with High School gaining a slim edge on the scoring as the half ended 11-8 in their favor. The High School offense opened up in the second half and they gained the victory as Currie scored 10 points in the half.

Miller Bay showed great improvement over their first game. High School were without two of their top players, Hamilton and Matson, who are on the sidelines with injured ankles. Aschoff and Vincent led Miller Bay and Currie and Keays led High School.

JUNIOR
The Junior game, between North Star and Kinsmen, was played as the second game of the evening to give the fans and the players' parents a chance to see how the Juniors are doing. North Star defeated Kinsmen 29 to 23 and went into exclusive possession of first place. North Star had all the edge in the first half as they were led in scoring by Simonson, centre for the bottlers. He scored all his points in this half. It ended 20 to 4 for North Star. In the second half Kinsmen rallied and put North Star on the defensive as they crept up to within 4 points of North Star. They were led in this half by Letourneau who with his dribbling and shooting kept his team close. It was one of the best games of the evening. Simonson on offense and Young on defense were tops for North Star.

North Star took 43 shots and scored 12 field goals. Kinsmen took 57 shots and scored 11 field goals.

The game had Johnny Comadina making his first appearance as an official and Vern Ciccone returning after a week's absence.

Individual scoring:
Senior
Savoy—R. Holkestad 9, Arney 6, Davis 4, N. Haugan 2, Ciccone 6, Morgan 2, M. Holkestad 11, J. Haugan, Menzies 2—42.
Co-op—Lindsay 19, Beynon 9, MacPhee 7, Fitch, Dominato 2, H. Holkestad 3, Murray, Alexander, Vanella—46.
Intermediate
High School—Scherk 4, Sunberg 6, Webster 7, Bill 2, Hatch-

RISEING STAR—Jeane Frances Matthews of Vancouver, western Canadian figure skating champion and runner-up to Barbara Ann Scott of Ottawa for the 1948 national crown, may well be Canada's next senior ladies' champion. Says the 19-year old brunette: "Now B.A. is out of the amateur field, I'm giving that crown all I've got." (CP Photo)

ford 10, Sharpe, Martinsen 2, Helin 2, Hartwig 2, Van Pykstra 2—37.
Morgan's—Hill, Eldsvik 2, Lien 3, Brew 2, Scharff, Boulter 3, Jones 2, Watson, Wong—17.

Ladies
High School—Currie 13, Lykegaard, Paul, Kennedy, Pavich 2, Webster 2, Windle, Leavitt, Keays 8—25.
Miller Bay—Vincent 5, Dickie, Aschoff 10, Letness, Wood Lockhart, Plowman, Hills—15.

Junior
Kinsmen—Blackaby 2, MacKay 2, Ciccone 2, Penoff, Letourneau 15, Helin 2, Webster—23.
North Star—Johnsen 6, Sather 2, Simonson 15, Young 4, Ketcheson, Currie, Sedgwick 2—29.

LITTLE TERROR
The king bird chases hawks, crows and even eagles, but is afraid of the tiny hummingbird and will flee from its attack.

NICOLL WINS IN BILLIARDS

Defeats Hurst 200 to 161 in First of Legion Tournaments

The final match of the first of the series of English billiard tournaments to be played at the Canadian Legion Hall was played Saturday night before a good attendance of members, James Nicoll winning a closely contested match against A. M. Hurst by a score of 200 to 161. Both players were at scratch.

Hurst took the lead from the start but Nicoll soon caught up with a well played break of 23. Both players kept within a few points of one another until 85 when they were even. Half time came with Nicoll's score standing at 104 and Hurst 99. Shortly after resuming play in the second half Nicoll made a break of 29, narrowly missing an in-off the red in the bottom left hand pocket which would have given him a chance of beating "the best break of the tournament." Neither player was seen at his best but the game was interesting throughout, Nicoll leading all the way from the 85 point mark to win.

George J. Dawes acted as scorer and Neil Cameron as referee.

Both players received handsome prizes as prizes while Neil Cameron, whose break of 33 was the highest of the tournament, received a prize of a less last-

ing nature.

Entry lists have now been posted in the Legion club rooms for the second handicap English billiard tournament which will start as soon as the list is filled up.

It is hoped that during the season an opportunity will be given for the best Legion players to meet a team from some other local club.

MRS. PHILIP IS PRESIDENT

Annual Meeting of Women's Institute at Terrace

TERRACE—The annual meeting of the Women's Institute was held Thursday evening with Mrs. Norah Olsen presiding. The financial statement was given by Mrs. Maxted. There is a total balance of \$7.00 in the funds.

A letter was read from Miss Sylvia Dyson who was conducting sewing classes in Prince Rupert in which she stated that her schedule did not permit her coming to Terrace to conduct dressmaking classes here but that, in all probability, someone from the home economics service, Extension Department, University of British Columbia, will be here in the spring to conduct classes.

Two parcels had been packed and sent to Holland and Mrs. Keefer read a letter from one Dutch mother, Mrs. Gysel Schoun, who sent her most grateful thanks to the Institute for a parcel of clothes just received.

It was decided to hold the meetings in the homes of the members during the winter months and, as there will be no December meeting the January meeting will be held at the home of Mrs. Lloyd Johnstone.

New officers are: President, Mrs. H. Philip. Vice-President, Mrs. C. Wold. Secretary, Mrs. N. McNabb. Treasurer, Mrs. Loveless. Director, Mrs. Keefer.

HOT FLASHES?

Are you going thru the functional "middle age" period peculiar to women (38-52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. FORMER SEA CAPTAIN DIES

TERRACE—Final rites for the late Captain George Davidson whose death from heart attack at the local hospital occurred the previous Saturday night were held in Knox United Church on Thursday afternoon, Rev. P. H. Mallett officiating. Hymns were "What a Friend We Have in Jesus" and "Abide With Me" with Lorna Melvin as organist. Interment took place at the Kalum cemetery. Pallbearers were J. H. Smith, R. Corey, G. Atkinson, Donald Bruce, J. Hepburn and R. Melvin. Principal mourners were Mr. and Mrs. Maxwell Mackie, son-in-law and daughter of the deceased.

The late Captain Davidson, nephew of the late Professor A. B. Davidson of Edinburgh University, was born in Aberdeenshire in 1872. At the age of 15 he set sail for Australia as an apprentice on one of the sailing ships of the Aberdeen White Star Line. By the time he had reached the age of 21, he had rounded the Horn many times, had obtained his master's certificate and was in command of a full-rigged ship. Later on he went into the steamers, the Clan Line, sailing out of Glasgow and Liverpool to India and to South Africa. He led a colorful life and recounted many experiences of these voyages, once being held up in the English Channel for nine days in stormy weather. He met Cecil Rhodes in Cape Town and went hunting tigers in India when the ship's officers were invited out to hunt. He could spin many humorous yarns of himself and his fellow officers.

Mr. Davidson came to Canada in 1910 and took up land in the Maidstone district west of North Battleford. He also spent two years at Port Arthur sailing the yacht Sigma for the Whalen Brothers, wealthy lumbermen. He left his farm in Saskatchewan and came to Terrace in 1943.

Deceased is survived by his wife and two daughters, Mrs. Maxwell Mackie of Carruthers, Saskatchewan, and Agnes, at home. A brother, Thomas, resides in North Battleford. A younger brother, Arthur, is a naval surgeon captain of Bath, England.

Timely Topics from Terrace

Mrs. C. R. De Kergommeaux, Terrace Reporter

D. G. Little acted as chairman of the recent school board meeting and addressed the gathering. The meeting was also addressed by Clarence Michiel whose term of office as school board chairman does not expire for another year.

Mrs. E. Zorne and daughter of Smithers are the guests of the former's parents, Mr. and Mrs. W. Osborne.

The Misses Elliott and Marion Head were visitors to Prince Rupert last week.

Six of the Red Cross First Aid kits for the home of flood sufferers were delivered on Braun's Island by Ben Dadds.

Mrs. Geoff Hamlin left on Saturday's train for a week's stay in Prince Rupert with her sister, Mrs. I. Martin.

Norman Arseneau, Duncan de Kergommeaux and Edgar Tetwan and came to Terrace in 1943.

Colin Cooper returned home last week from Vancouver where he underwent an operation for the removal of an eye which was severely injured in an accident at his mill here.

Young Bobby Christy had the misfortune to almost sever his left thumb on Friday and is a patient in the local hospital where the thumb was stitched back into place in an endeavour to save it.

Mrs. R. Christy of Vancouver is the guest of her son-in-law

TERRACE CENTRE DIRECTOR QUILTS

Alf Yoxall Resigns—Various
Activities Planned

TERRACE—At a meeting of the board of directors of the Civic Centre on Wednesday evening in the Civic Centre the resignation of the director, Alf Yoxall, was accepted with regret and a committee was formed to arrange for securing a successor.

It was reported the boys would be able to start basketball on Saturday as everything was to be in readiness by then.

Steve Howlett, president of the Drama Club, gave his report and stated that everything was moving along well for

the production of three plays on December 2 and 3. The Symphony Orchestra will be playing during the intermissions. The stage curtains are being made by Mrs. George McAdams with the help of Mrs. D. G. Little and ready for hanging this week.

The Community and Johnson Memorial Christmas Tree Fund is soliciting donations from the businesses and organizations in town in order that the fund can be kept up and the directors decided to donate the use of the hall for the evening's entertainment.

Plans were made for a Hard Times dance on Friday at which the admission price will be one chair a couple and a committee was formed to handle it. Following the close of the meeting a combined rehearsal of the three plays was held and the board members had a chance to see how the plays are shaping

KITWANGA MAN PASSES AWAY

Death of Walter Sinclair
Mourned in Interior
Community

KITWANGA—Final rites for Walter Jasper Sinclair, who died in Hazelton Hospital last week at the age of 33, were held at his home village from St. Paul's Church, with Rev. J. Hayhurst officiating. Member of a prominent Kitwanga family, deceased was the son of the late Chief Alfred Sinclair and a brother of Harold Sinclair, Upper Skeena branch president of the Native Brotherhood of British Columbia. Highly esteemed in the community, Mr. Sinclair's passing was mourned by his many friends who gathered for the funeral. Visiting friends included Chief and Mrs. Cooksen, Chief Arthur Sampare and Samuel and David Wesley, of Skeena Crossing. Chief Ernest Smith, of Kitwanooc also attended.

Deceased is survived by one brother, Harold Sinclair, and two nieces, Miss Ruby Sampare and Miss Agnes Moore.

The St. Paul's Church Choir, conducted by Field Capt. Solomon Bryant and Arthur Matthews, sang the anthem "Hear My Prayer." Chief David P. Wells presided.

Palbearers were Samuel Wesley, David Wesley, Chief Philip Ryan, Edward Taft, Chief David L. Wells and Silas Innes.

FROM KINCOLITH TO PEACE RIVER

Rev. George H. Johnston, for the past two years Anglican Church missionary at Kincolith, has been transferred to northern Alberta where he will take over the principalship of an Indian School. He and Mrs. Johnston and their two children are expected to arrive in the city Tuesday of next week on their way to their new posting.

MANY DEATHS PREVENTABLE
Almost 15,000 Canadians died of cancer last year, according to the Bureau of Statistics. Up to half of these deaths could have been prevented by early diagnosis and treatment.

CRAFT CLASSES VERY POPULAR

Old and Young in Wide
Range of Activities

When craft classes were started at the Civic Centre, it was doubtful as to the outcome of their popularity. However, the past three months have proved without a doubt that they are a most desirable part of the Centre's program and, whereas the enrolment started with some 20 members, the membership now totals around 200. While many are waiting to enroll for leathercraft classes at present, it is impossible to take them just now owing to overcrowded conditions. A new class will start on January 10, and it will be limited to beginners only. This will enable the instructor to give personal supervision to each student. It will be an eight-weeks' course which will give each person the fundamentals of leathercraft and enable them to make several useful articles. This class will be held each Monday night only. Monday afternoons is devoted to a Woodwork Class for Junior Boys. Tuesday afternoons there will be teen-age leathercraft for girls.

On Tuesday evenings the advanced class will meet. This includes those members who are at present taking the course at the Civic Centre and those members who took advantage of the course offered by Miss Travis of University of British Columbia Extension Department last year. There will be no new members in this class.

Wednesday afternoon there will be a craft group for the mothers of the tiny tots while their children are taking the program in the gym. Following this class junior girls will receive their doll dressing instruction under the supervision of Mrs. Young and her helpers.

On Wednesday night there will be the usual boys leathercraft group for teen-agers. This group has grown to such proportions that two classes have been formed.

To make supplies available to all these classes, Thursday afternoon will be set aside for the sale of materials and advice for ordering tools, etc. There will be no formal instruction on this afternoon but the equipment will be available to those who do not have their own.

It is felt that strict adherence to these specifications will be required to prevent overcrowding classes and to receive the most benefit for one and all from this phase of the Civic Centre program.

The Chimes of Westminster

Here are the words of the tune played every
quarter hour on our Westminster chime clocks:

"All through this hour
Lord be my guide
And through thy power
No foot shall slide."

Part of the tune is played each quarter hour
and the whole tune at the end of the hour and
then the clock strikes the hour.

The clocks are beautifully cased in real wal-
nut and run about fourteen days with one winding.

The price is \$55.00 plus tax and it is the same
price as the clock is sold at in the east and we pay
the freight all the way to B.C.

MAGING RAIN WITH FIRE—Dr. Bernard Vonnegut, weather scientist at a research laboratory in Schenectady, N.Y., is using fire as an agent to disperse tiny silver iodide particles into the atmosphere. Fiercely-burning charcoal impregnated with a silver iodide solution emits thousands of sparks, each of which produces millions of silver iodide particles. In the sky, the particles serve as nuclei upon which super-cooled or below freezing water droplets in a cloud crystallize into snow. The snow may turn to rain, dependent upon temperature and humidity of atmosphere near the ground. Laboratory tested thus far, the charcoal-burning generator and others developed, are expected to undergo extensive experimentation in actual weather conditions by the U.S. Army Signal Corps and the office of naval research under the weather program known as "Project Cirrus."
