

Electrical Curtailment May Double Tomorrow

How Much Are You Saving?

PRINCE RUPERT CITIZENS should stop and think if they are each and all saving forty per cent of normal electrical energy coming under their feet. After all, it is a personal matter for every individual to see that there is such curtailment. Other curtailments will be further curtailments statutorily to save the city from a complete cessation of supply, the effects of which would not only be inconvenient but disastrous.

THE WEATHER

Synopsis
The southeastern corner of British Columbia is recovering this morning from yesterday's near blizzard conditions which dropped as much as eight inches of fresh snow over southern Vancouver Island and the lower Mainland. Clearing skies over the lower mainland resulted in the extreme low temperatures overnight.

Over the rest of the province winter continues in full force with clear cool weather prevailing. Temperatures at Prince George had dropped to 55 below by 4:30 this morning making it the coldest spot in the province while Prince Rupert reported a low of 3 above.

Forecast
North Coast Region—Cloudy with scattered snow flurries today and Wednesday vicinity of northern Vancouver Island. Elsewhere clear today and tonight, becoming cloudy tomorrow. Continuing extremely cold. Winds northerly, 15 miles per hour. Lows tonight and highs tomorrow. At Port Hardy 10 and 22. Sandspit 15 and 20. Prince Rupert, 3 and 15.

SOLDIER ATHLETES—Four members of the armed services were among 33 Canadian athletes who left Vancouver aboard a Canadian Pacific Air Lines plane Jan. 17 for Auckland, N.Z., to take part in the British Empire Games. Left to right: Sgt. Henry Hudson of Montreal, wrestler; PO Eddie Haddad, R.C.N., of Esquimalt, boxer; Sgt. G. M. Plumb, RCAF, of Aylmer, Ont., wrestler; Sgt. Varaleau, RCAF, Ottawa, weightlifter. Pipe Thawing To Cost \$7.50

Private property owners in the future will find it necessary to fork over \$7.50 to the Board of Works department if their water pipes are frozen and the electric thawing machine is used for depositing purposes. This Board of Works committee recommendation was approved by city council last night.

Local Rail Line Lucky

Everything Normal in Spite of Cold Weather—Train 18 Hours Late
While Railway operations elsewhere in British Columbia and generally throughout Western Canada were hampered by extreme conditions of winter weather, the Jasper-Prince Rupert line of the Canadian National Railways was operating at normal today. The last small snowslide in the lower Skeena was cleared up eight miles east of Kwinitsa yesterday and the line being entirely clear the snow plow was brought in.

Water Reserves Rapidly Dropping And Coal Pile Running Seriously Low

Not Good Enough, Says Power Manager, As Appeals and Warnings Go Disregarded

Prince Rupert was put on a power curtailment of from three to five hours daily today and, unless there is a sharp voluntary cutting down of consumption to augment what may be saved by the enforced cut-offs, the curtailment time will be doubled tomorrow, it was announced this morning by Thomas B. Black,

Water In Reservoir

For the First Time in Two Weeks After Big Leak Cut Off

As a result of the closing off Sunday morning of a water main to the Canadian National Railways section of the waterfront in which a large break had occurred, the Acropolis Hill reservoir held fifteen inches of water yesterday and three inches today. It was the first time in two weeks, since the water situation became critical owing to the protracted cold and dry spell, that there had been water in the reservoir. Water was thus assured to all parts of the city in the meantime at least—unless they are frozen up.

Normal level of the reservoir is thirteen feet. Since location of the break, crews have been busy making repairs to the railway main. The city's booster pump continues to work on a twenty-four hour basis to maintain a water supply not only for the city's essential needs but for fire protection under the continuing hazardous conditions.

An Investigation
To further curb excessive drainage, city engineer Don Stewart began investigations today into the rate of water consumption of 23 business concerns in this city. In a report to city council last night, Mayor G. W. Rudderham stated between November 21 and December 20, a total of 3,329,375 gallons of water was used. Then suddenly consumption jumped to 19,226,000 gallons between December 20 and January 21—six times the normal consumption.

"The engineer will inspect these places," the Mayor promised, "and see why all that water is being used." Commenting on the current power and water shortage, Alderman T. B. Black pointed out the only method of alleviating the situation is by co-operation of every citizen. But, he added, they have not co-operated so far therefore sections of the city will be without power for certain lengths of time.

"We can do just so much and no more," Ald. Black declared. account of snow and storm conditions in the Fraser Valley, a 40-mile gale and two-foot blizzard having further embarrassed the situation yesterday.

Railway weather reports showed extremely cold weather in the central interior early today but trains were not interrupted as yet. At Vanderhoof it was 61 below, at Burns Lake 56 and at Dome Creek, 100 miles east of Prince George, 52 below.

manager of the Northern British Columbia Power Co. In Mr. Black's voice could be plainly detected a tone of rebuke to many people who, evidently, were not heeding the urgent appeal for economy but rather increasing their usage of electricity.

This won't do in view of the seriousness of the situation," emphasized Mr. Black who said that the water level in Falls River had dropped another seven inches in twenty-four hours and in Woodworth Lake, five inches. Meanwhile coal supply for the dry dock steam plant was rapidly diminishing with deliveries of fuel amounting to only fifty tons a day against the consumption of 100 tons.

Mr. Black disclosed that, appeals and warnings notwithstanding, the consumption of electricity in the business and main residential section of the city had increased to ten per cent above normal yesterday. "Too many heaters are running and lights in business places, particularly restaurants and beer parlors, are still blazing" the power company commented.

There was a deplorable lack of co-operation, Mr. Black asserted, with the result that reserves are becoming diminished rather than increased. Details of the restrictions are contained in an official notice by the company in the Daily News today. It is these restrictions which Mr. Black threatens to double tomorrow.

Cold And More Of It In City

Prince Rupert people looked out of their now enforced dim-out this morning and surveyed the clear and steely blue sky which still presented no prospect of an amelioration in the long cold snap, now well into its fourth week and promising to present a record for severity and duration in the city's meteorological history.

Over at Digby Island the official thermometer recorded a low for the night of three above zero between 4 and 7 o'clock this morning. This was no lower a reading than the minimum for the night previous but the fact was not accepted with much comfort by the people on this side of Prince Rupert Harbor who claimed that their thermometers were still hovering around the zero mark with readings lower, if anything, than the day previous.

Wind was in the northeast and there was no sign whatever of any break in the weather, the only recommendation for which is that it has been clear and pleasant. This, however, by no means compensates for the widespread inconvenience, if not hardship in some cases, that it has caused.

Norman Walton's Funeral Is Held

Many Dignitaries at Funeral Rites Yesterday

MONTREAL—The funeral service of the late Norman B. Walton, C.B.E., executive vice-president of the Canadian National Railway system yesterday afternoon was conducted by Rev. D. M. Grant of St. Andrew's-Westmount United Church and interment took place at Mount Royal Cemetery.

The Prime Minister, Rt. Hon. Louis St. Laurent, was represented by the Hon. Douglas Abbott, Minister of Finance, who is also Acting Minister of Transport. Donald Gordon, Chairman and President, with members of the Board of Directors and principal officers, represented the Canadian National Railway system. George A. Walker, chairman, and officers heading the various activities of the Canadian Pacific Railway were present as were representatives of the railway brotherhoods and unions and heads of the large industrial and financial institutions of the city.

The principal mourners were the late railway officer's widow Eva Tall, son, Norman, daughter, Mrs. John D. Horn, and brothers, Ernest of Westmount, and Edward of Calgary.

and concurred in by members. Mr. Wilson suggested that the Prince Rupert Health Unit be requested to carry out a survey of the condition of local children's teeth—a survey which members feared would bring out anything but favorable results. Since many parents had anxiously complained that they had been unable to obtain appointments for the care of their children's teeth with any of the local dentists, who are reportedly booked up months in advance, Mr. Wilson suggested that if, upon inquiry, local dentists found themselves unable to squeeze in more time for the care of children's teeth, the Health Unit take steps to bring

another dentist to Prince Rupert for the express purpose of child tooth care.
 Members decided unanimously to send a note of condolence to Mrs. C. W. MacLeod of Vancouver, president of the B. C. Parent-Teacher Federation, on the sudden death of her husband, Mrs. MacLeod visited the city in September 1948, and is remembered by all P. T. A. members.
 It was reported that the Conrad Street P. T. A. will hold a panel discussion on the subject 'Federal Aid to Education' at its February 14 meeting. Three members of the King Edward School P. T. A. have been invited to take part in the discussion along with three of Conrad's own members.

A letter expressing regret at his departure from the city and his resignation as President of the Parent-Teacher Council, will be sent Martin F. Stuart, convicted on a liquor charge November 23, has been adjourned until Wednesday when he will appear before Judge W. O. Fulton. Feller was sentenced to six months by Magistrate W. D. Those present were Annie, Jimmy and Jerry Colussi, Patsy Harper, Bobby Vereck, Loretta Vaecher, Jean and Gloria Mulrony, Bobby Dixon, Mary and Susan White, Sharon Wilson and Patsy Pearson.

Ice Hits Canneries

Wharf at North Pacific Partially Wrecked—Island Isolated

Moving ice on the Skeena River has caused considerable damage to canneries located along its banks. North Pacific. It was reported yesterday, had taken the brunt of the ice force as a section of the wharf and a few pilings have been demolished. Moving of machinery had commenced last week but no further reports have been received up to the present time.

At Osland, the government float has disappeared and all that remains are fir pilings, like ghostly sentinels, stretching from the shore of the ice covered river.

It was reported Cassiar Cannery was in grave danger, but the caretaker assured the Daily News by phone yesterday that no damage had been caused except for a few ice-gnawed piles.

The residents there have been trekking for a mile or more up the railway tracks for the past week for supplies of water.

Residents at Osland were isolated for a few days following the destruction by ice of the bridge which connects the south end of the community with the northern section. They managed to escape and only route to Prince Rupert is by the south east end of the Skeena slough.

Sunnyside and Inverness canneries have not been greatly damaged. Greatest threat to all canneries was last Saturday when ice danger was at its peak

BEARDED HOOPSTERS—

This Year's House of David Hoop Team Is Declared To Be Best Yet

George Anderson manager of the famous House of David basketball team, coming here next Monday, claims that the present team is the best since 1939 and he has the statistics to prove his boast. The team attracted huge crowds in Indiana, Illinois, Wisconsin, Minnesota, the Dakotas and the west coast. They lost only one of the last 55 games.

In one of their most recent games, the colonists beat the Huron South Dakotas college quintet by a score of 86 to 80 in what turned out to be a carnival of basketballing by both sides.

Take it from Anderson and the players, travelling by day and playing in all kinds, shapes and sizes of gyms by night is rugged, but the boys love it, including daily practice sessions.

Nick Bloom, one of the team's best long shots, recently expressed the opinion of his teammates when he said: "It has given me an opportunity to see almost every state in the Union."

THE TEAM was organized in 1931 by Francis Thorpe, secretary of the Israelite House of David as re-organized by Mary Purnell and located at Benton Harbor, Michigan.

With the exception of the war years 1942 to 1945, they have averaged playing 125 games per season and have a winning percentage of 738. They travel in their own bus and play every night. Their annual tours have taken them from border to border and from coast to coast, and plans are now under-way to send them to Alaska for a series in February of 1950. Last seasons record was 158 games—57 lost.

The Davids play several leading professional teams, and College teams every season. They hold the distinction of being the only bearded team to ever play in the worlds professional tournaments held in Chicago and sponsored by the Chicago Examiner. They also played in International Three-Day Tournaments held in Havana Cuba in 1947.

The personnel of this season's team is composed of some new and some veteran David players. However, all have had some college or pro experience. Following is their line-up:

BOB HALLISEY, capt. and guard, 6'1". Has played with the Davids since 1939 and is still going strong. Bob is noted for his ball handling and showmanship and plays a very heady game at all times.

GEORGE ANDERSON, mgr. and guard, 6'. Has been in charge of the Davids since 1937 with the exception of the three years he spent in the Army. He is a member of the Colony at Benton Harbor, Michigan and also plays and manages the House of David baseball team.

BOB WEGNER, center 6'6". Is a third season player with the Davids and was an All-State player during his high

school days. Bob is one of the best scorers on the team and is a dead shot from the pivot position.

TOM GATZEK, forward, 5'8". Played college ball at Texas Christian and this is his second season with the Davids. Tom is one of the best set-shots in basketball and has turned down offers from the Pro-League.

NICK BLOOM, guard 6'2". Hails from Indiana and this is his third season with the Davids. Is a good team man and long shot.

DUANE MARKLEY, 6'4", forward, is a first year man with the Davids, is a very good rebound man and scores often. Also a pitcher on the baseball team.

BOB BOTTENGER, guard, 6'. One of the best high school basketball players that ever came out of Richmond, Ind. Is fast, a good ball handler and scorer. Belongs to the Boston Braves.

VINCE STANKIEWITZ, forward, 6'4". Was All-State player at Beloit, Wis. and has been a large factor in the success of the Davids. Is a good scorer and rebound man, Second season with Davids.

RHEUMATISM! GOUT! ARTHRITIS! New Pastor Coming Here

Rev. E. A. Wright From Sherbrooke, Quebec to Survey Church Support

Rev. E. A. Wright of St. Andrew's Church, Sherbrooke, Quebec, is coming to Prince Rupert about April 1 to assume the ministry of First Presbyterian Church here. The annual congregational meeting of the local church was so advised last night in a letter from Rev. James Munro, superintendent of missions. The church mission board had been requested to find a pastor for the local pulpit which has been vacant since last fall when Rev. George E. Sendall left to take up advanced theological studies at University of Toronto.

Mr. Wright is a pastor of considerable experience, having been some years ago located at Kimberley in the East Kootenay. It is his desire to return West and take up active missionary work that has actuated him in his decision to come to Prince Rupert. He will be accompanied here by his wife and two daughters. There is a son attending University. The board of managers of the

church here will make immediate arrangements to put the Manse in fit shape for the new minister and his family who have been guaranteed good living quarters here.

The future of the Presbyterian Church here was frankly discussed at last night's meeting. It was decided once and for all to canvass all members and adherents and put it squarely before them that assurance of their financial support and attendance at church is required if the church is to continue. There are supposedly some 200 Presbyterian families in Prince Rupert. At present 135 are enrolled as members but the roll may be purged of some of these. After considerable discussion of church finances and spirit, a committee consisting of James Hadden, chairman, Fred Conrad, George Murray, Mrs. John McLeod, W. H. Wilson-Murray and Mrs. L. C. Eby was named to organize the canvass.

The meeting elected J. A. Merrie, E. J. Smith, Gordon Fraser, Robert Parker, Robert Eby and James Brenner to the board of managers which already consists of R. R. Strachan, G. C. Mitchell, C. G. Ham, N. S. K. Brewer, John McLeod, E. F. Saunders, J. D. Merrie, Fred Conrad, James Hadden, J. W. Eastwood, S. J. Hunter and William Spark.

Mr. Justice A. M. Manson and George R. Naden were re-elected trustees. Robert Strachan was named auditor and Fred Conrad, budget secretary.

VARIOUS REPORTS
The meeting heard reports from all spheres of church activity. During the year the church's revenue from collections and subscriptions had been augmented with donations from various

church organizations such as Ladies Aid, \$550, and Sunday School, \$200, which had helped to meet the expenses of the church.

Presenting the various reports were:
Session—J. A. Teng (absent and read by E. J. Smith)
Sunday School—John E. Davey, Senior and Junior Choirs—Mrs. J. A. Teng.

Women's Missionary Society—Mrs. William Sparks.
W. M. S. Treasurer—Mrs. J. W. McKinley.

Explorers and Mission Band—Mrs. W. H. Wilson-Murray.
Canadian Girls in Training—Miss Heather Brewer.

Ladies Aid—Mrs. C. G. Ham.
Burning Bush Guild—Mrs. W. H. Wilson-Murray.
Budget Treasurer—Fred Conrad.

Treasurer—E. J. Smith.
Board of Managers—E. J. Smith.

Rev. M. A. Mark, at present supplying in the pulpit here pending the new permanent pastor taking over, acted as moderator and chairman of the meeting. E. J. Smith was secretary in the absence of J. A. Teng.

Following the meeting, which was attended by some fifty persons, a social hour was enjoyed with a program which included violin solos by Fred Conrad; piano duet by Mrs. William Martin and Miss Elizabeth Martin; vocal solo by Mrs. William Martin and community singing with Mrs. E. J. Smith as pianist.

Refreshments were served by the Ladies' Aid at the end of a three-hour business session.

ACTRESS-TURNED-HOUSEWIFE—Anita Page, star of many a motion picture during the early 1930's, now is an Ottawa housewife. Her husband, Capt. Herschel House of the United States Navy, is on loan to the R.C.M. as director of air logistics. Also shown in this photo is their six-year-old daughter, Sandra. (C. P. Photo)

BABY'S DELIGHT—Something new has been added to the baby's bath as chemistry outdoes nature in producing a sponge that is soft and smooth as chamois when wet. Made of cellulose, it holds 20 times its own weight in water and is said to be resistant to the chemical action of soaps, water softeners and bath oils. Cellulose sponges can be sterilized by boiling without ill effects. When water-soaked they float.

"City Across River" Exciting

"City Across the River" now playing at Capitol Theatre here, deals with a Brooklyn boy gang. The picture features Stephen McNally and a cast of new faces. Radio and newspaper commentator Drew Pearson delivers a prologue commentary.

Excitement and drama of the city is incorporated in the film, which is adapted from Irving Shulman's sensational novel about juvenile crime in Brooklyn's tenement areas, "The Amboy Dukes."

With the aid of New York police, the players traveled to many tough areas of the city, as well as some of the nice sections, to record the story for filmgoers.

Employed Sid Hamblin as dog and poll tax collector on a percentage basis. Wages of new employee will comprise of 50 per cent of dog collections, 10 per cent of poll tax collections except for larger concerns where five per cent will be asked for.

Received report from the utilities committee that a recent visit to the fire hall by the members resulted in a discovery of wants. The firemen require a new ladder to replace one which was destroyed in the Moose Hall fire. They suggest an aluminum two joint ladder which requires only one man to operate. The former wooden type required handling by two to three men. Dwelling of the men could stand alterations, the committee reported.

A letter from J. S. Bill requesting the name Piggot Avenue be changed, was read. The council decided that endorsement of the change by other residents of the avenue would have to be presented in a petition.

Renewed memberships in the Canadian Federation of Mayors and Municipalities, and the Union of B. C. Municipalities.

Adopted a Finance Committee report of the sale of lots 19 and 20, Block 24, Section 8 to S. G. Olsen for \$180, the assessed value, subject to veteran's rebate. The committee also recommended that the Wage Committee use every effort to negotiate the 1950 agreements as early as possible.

Adopted the report of the Telephone Superintendent from January 1 to 15 as recommended by the Utilities Committee. The committee also notified the council in their report that regulations recommended by the Telephone Superintendent were printed in the telephone directory.
