

## General Election In Union On June 27

### Prime Minister Names This As 'Earliest Possible Date'

The question of the end of this week. Pressed at that time for the date, Mr. St. Laurent told the House that it would be improper to divulge the date but members could see under the election Act that it would be "possible" to hold a by-election June 27.

Dissolution this Saturday would give fifty-nine days before June 27. Only forty-nine are necessary under the election Act but more time is needed for party organization.

Among the most important reasons for an early election, Mr. St. Laurent added, was the fact that one-third of a million people had been added to the population.

"There is no doubt that one of the principal reasons why the people of Newfoundland enter Confederation was that they wished once more to be self-governing."

# Russia May Lift Blockade Of Berlin

## Way Seems Clearing For Berlin Settlement

WASHINGTON, D.C. (CP)—The way seems clear for the lifting of the Russian blockade of Berlin and the arranging of a meeting between Big Four representatives to discuss the vexed question of currency, the Department of States said today.

### CITY OPPOSES DAYLIGHT SAVING

An organized opposition to the institution of Daylight Saving Time in Central and northern British Columbia may develop in communities of this region on the basis of a move to be made by city council.

Labelling clock-changing as "unnecessary" in an area which has so many hours of summer daylight, Alderman T. B. Black urged his fellow aldermen last night to seek combined representation of the communities of this part of the province opposing it.

### ASSESSORS HERE NEED TAX HELP

To assist local people in the filing of federal income tax returns, the deadline for which is April 30, Assessors Kenneth M. Leckie and Thomas C. Healy, who were here last year on a similar mission, are back again.

### DOUKHOBORS BURN AGAIN

VANCOUVER, (CP)—Fire, symbol of Doukhobor protest, has flared again with the latest outbreak in British Columbia terrorism blamed on the Sons of Freedom.

The radical branch of the religious sect is alleged to have destroyed an \$85,000 school at Tarry's, 20 miles west of Nelson, and three other incendiary fires have been reported since the week-end.

Provincial police found fuses made of foot-long cloth soaked in gasoline with matches attached.

Dynamite was used to blast the new school at Tarry's, and two tool sheds were put to the torch.

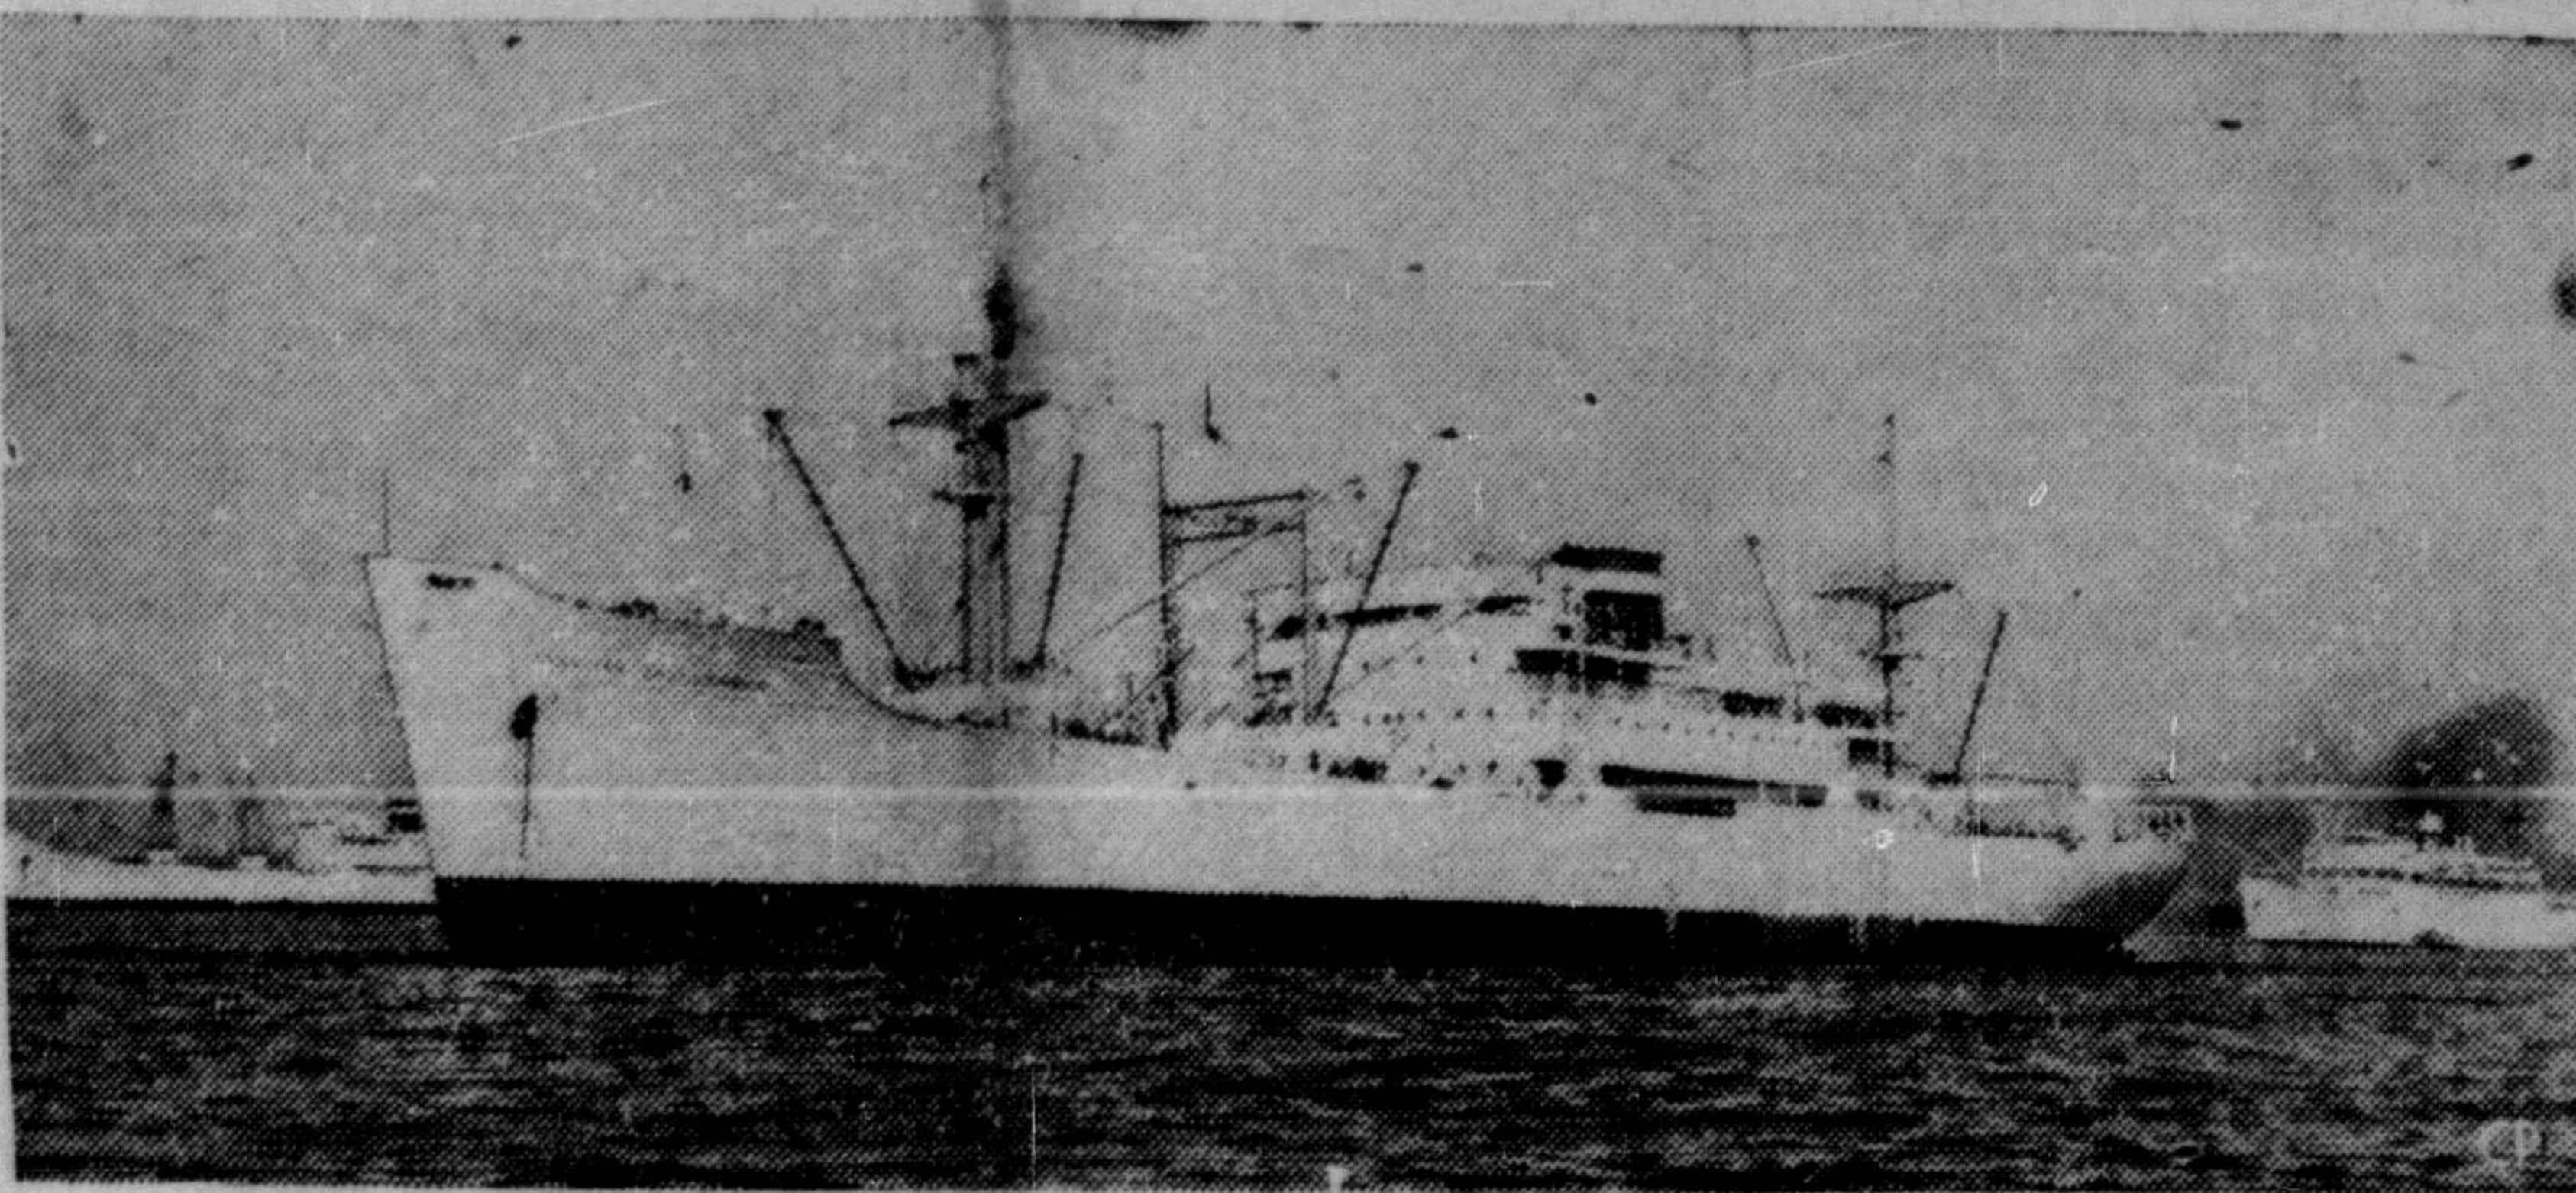

Investigators say the fires followed the pattern of other raids a year ago.

### THE WEATHER

**Synopsis**  
A strong southerly flow of fresh Pacific air is bringing cloudy skies and intermittent rain to the northern sections of the province today. Skies in the southern part of the province cleared overnight but are expected to become cloudy during the day in the southern coastal region.

**Forecast**  
North Coast and Queen Charlottes—Overcast with intermittent rain today and Wednesday. Winds southeasterly (30 m.p.h.) Little change in temperature. Lows tonight and highs Wednesday: Port Hardy 40 and 50, Massett 42 and 50, Prince Rupert 40 and 50.

**BURTON, Eng., (CP)**—When women's institute members were asked which they preferred, a man with a beard, moustache, or clean shave, the majority voted for the moustache.

STRIKEBOUND SHIPS ANCHORED—Three Canadian National Steamships vessels, Canadian Challenger, Canadian Constructor and Lady Rodney, lay at anchor in mid-harbor at Halifax after members of the Seafarer's International Union manned them. The S.I.U. men boarded the vessels after a pitched battle with striking members of the Canadian Seamen's Union on the waterfront last Friday. The Challenger, shown in the foreground, became the first of the three ships to leave when she sailed for the British West Indies over the week-end.

### ALTERNATIVE STREET BYLAW

Five alternative plans for financing street construction in the Rushbrook Heights subdivision as a local improvement project were submitted to city council last night by the financing department and then referred to the board of works which will seek the method most satisfactory to both the city and residents of the wartime housing area.

Streets in the district, built in 1940 and 1941, are largely of plank construction and have deteriorated to a point where immediate reconstruction is needed. The city plans to replace portions with gravel road.

Complicating any single local improvement bylaw is the demand of residents of Herman Street and Herman Place for an alternative entry to their properties via Immanuel Street and Fifth Avenue East because the steepness of Herman Street makes it difficult and sometimes impossible to climb in the winter.

Cost of completing the project with the exclusion of the Immanuel Street-Fifth Avenue entry, is estimated at \$43,000 of which the city's share would be \$4,806. The balance would be borne by 159 lots, 157 privately owned and two city-owned. Payment would be on a basis of \$18.80 a year, including principal and interest, totalling \$376 for each lot.

An alternative plan, which would include Immanuel Street and Fifth Avenue in the main project, would have a total construction cost of \$51,750, with the city's share as \$11,952. The cost of the work would be levied against 173 lots, 159 privately owned and 14 city-owned. Private owners would pay \$20.44 a year or \$408 over the 20 year retirement period.

A plan to include Herman Street, Herman Place, Fifth Avenue and Immanuel Street as a separate project would, on the basis of assessment against 34 lots, 20 of which are privately owned and 14 city-owned, cost \$12,100.

Twenty-year cost to the city would be \$8,930, while property owners immediately affected would pay \$451 each over the same period.

To extend Immanuel Street (Continued on Page 2)

## Political Pot Boils

Prince Rupert's provincial election pot has passed the simmering point and has really begun to boil. There is election talk on all the street corners these days.

Interest centres for the time on the preliminaries between Liberals and Conservatives to the coalition nominating convention. Under the Hart formula joint action is provided for between the two parties in arriving at a nomination where a seat is currently held by the C.C.F. Last week the Liberals named J. D. McRae as their candidate for presentation to the coalition convention but the Progressive-Conservatives are claiming there had been a tentative agreement for neither party to nominate prior to the coalition convention. Now the Conservatives are announcing their intention of also nominating a straight Conservative candidate for the nomination. This convention, once cancelled, has been re-called for this Wednesday night.

Some time ago it was suggested that Dr. R. G. Large, J. T. Harvey or W. R. McAfee might be Conservative nominees. Political gossip has also linked the names of Ex-Mayor H. M. Daggett and Willa Ray with the coalition nomination. A letter in the Daily News yesterday sets forth the Conservative position in regard to negotiations with the Liberals.

Meanwhile no information appears available as to the C.C.F. nomination. It is supposed that W. H. Brett, sitting C.C.F. member of the provincial house will be renominated.

## ARCHIBALD FOR PACT

British Columbia's C.C.F. members of parliament will vote for the Atlantic pact when it comes before Commons for ratification, according to telegrams recently received by the Vancouver Sun in answer to queries sent to the six C.C.F. members of this province.

Those who answered the Vancouver Sun's query included, H. G. Archibald, member for Skeena, and Rodney Young, Vancouver Centre, who, the Vancouver Sun reported had "rebelled" against their party's decision to support the pact.

Archibald and Young say now they are voting in favor of it in accordance with the decision of their C.C.F. caucuses and conventions.

The two members say they feel the pact could have been a better one, but say they consider it a move in the right direction.

Both Archibald and Young declare their absence from the House April 4, when it was decided that Canada should attend the pact conference in Washington, was not indicative of opposition.

### CITY CLERK IS NOW "CONTROLLER"

City Clerk H. D. Thain will, for the next six months at least, enjoy the title of "City Clerk and Controller," an extension of authority which will widen his jurisdiction over departmental financial matters in the City Hall.

Council last night approved for a trial period of six months a plan, suggested by Alderman George Casey, which is hoped to unify and co-ordinate the financial aspects of all city departments.

If the plan works out satisfactorily, it may be extended beyond the present six-month period set by city council.

### FRANK CLARK IS ORGANIZER

Frank Clark, well-known retired railwayman of Prince George, has been appointed Liberal organizer for central and northern British Columbia, according to word received in the city today from the president of the British Columbia Liberal Association, H. G. Perry.

Mr. Clark's district will include Prince Rupert, Atlin and other ridings comprising central and northern British Columbia.

### BASEBALL SCORES

**TODAY**  
**National League**  
Brooklyn 5, Boston 2.  
Philadelphia 12, New York 11 (11 innings).

Hollywood 6, San Francisco 4.  
Sacramento 4, San Diego 3.  
Portland 9, Seattle 0.

### CITY CLERK TO VICTORIA

City Clerk H. D. Thain will fly to Victoria on Wednesday to interview officers of the Department of Municipalities on final preparation of a bylaw which will be presented to the ratepayers authorizing the borrowing of \$550,000 for rehabilitation of the city's telephone system.

Admission by B.C. Bracewell, Deputy Minister of Municipalities that his department's objection to the city's proposed borrowing plan are based only on minor matters sparked the journey which city council authorized Mr. Thain to take a fortnight ago.

Mr. Bracewell, in a letter read to council last night, stated that, because of the minor nature of the differences still to be ironed out before the proposed bylaw can get departmental approval, it would be wise for the city to send a representative to Victoria for personal discussion.

While he is in Victoria, Mr. Thain was also commissioned to:

1. Endeavour to find out how much the city can expect this year as its share of the returns from the Municipal Aid Tax. The request was made by Finance Chairman T. B. Black in the hope of being able to use the figure in estimates.

2. Take up the matter of preparing a debenture bylaw to raise funds to cover the cost of installing sewer outfalls in downtown area of the city.

Mr. Thain expects to return on Saturday.

## INDIGNATION IS EXPRESSED

LONDON (CP)—Former Prime Minister Winston Churchill criticized the government today in connection with the attacks on British warships by Chinese communists in the Yangtze River and said that aircraft carriers should be sent ready to take "effective retaliatory" action. The attacks were an "atrocious outrage," Churchill declared.

Prime Minister C. R. Attlee said that it was not a matter of war and the British government had no intention of a retaliatory attack. The British policy, Mr. Attlee reiterated, was one of non-intervention. The British warships had a right to be in the Yangtze, he said.

Socialists, after hearing Mr. Churchill, cried: "The Tories want war."

### DROP IN GAS PRICE COMING

VANCOUVER, (CP)—Reduction in the price of gasoline and oil products may follow the removal of the mountain differential on railway freight rates July 1, it was reported yesterday. It may be as much as 1 1/2c per gallon in the interior.

## TRANSPORT MEN AIDED IN RESCUE

Fine seamanship on the part of Rod Smith, mate of the government lighthouse tender Birnie and three crew members, was responsible for saving the American halibut boat Celtic Sunday after she had gone aground on Herbert Reef in tide and windswept Arthur Passage.

Piloting a surf boat, Mr. Smith navigated the small craft through high waves to approach the stranded Celtic and take a line which later was attached to the Birnie to pull the American vessel free.

The feat was described as a fine piece of seamanship by witnesses who watched from other vessels standing by. Engine of the surf boat was barely more than sufficient to hold it on course against the strong tidal current that swept the channel as the four men brought alongside the Celtic.

After having taken an end of the steel cable from the Celtic, the combination of tide and the weight of the wire rope was so great that the surf boat was unable to make headway as she moved offshore. Then, the provincial police boat PML 15 took them in tow and pulled them the rest of the way to the Birnie.

The Birnie, pulling on the cable, was able to free the Celtic from the rocks.

### CAMMENA REFLOATED

The American boat Cammena which went aground on White Cliff Island, near Herbert Reef, was refloated at noon yesterday on the high tide and proceeded to Ketchikan, her destination.

### NEGLECTED BOX GREAT YARMOUTH, Eng., (CP)

A collection box for shipwrecked sailors, which hung in a hotel for 72 years, was opened for the first time. It contained five pence.

## Two Elections

WITHIN TWO MONTHS British Columbia will have two general elections—the provincial election on June 15, the federal election presumably, as broadly hinted by the Prime Minister as the “first possible date,” on June 27. There will be a surfeit of politics, therefore, during these next few weeks.

It is well that there should be a healthy interest in public matters. Unfortunately, it seems that only in the heat of election campaigns does that interest appear to be aroused to any degree. Then, regrettably, undue heat is sometimes developed and things said and done that might be better left unsaid and undone.

Here in Prince Rupert there are already some signs of bitterness but it is to be hoped that these will not be permitted to get out of hand but that our discussions will be along the lines of good old family debate. The elements of political or personal advantage should be submerged and attention concentrated on the consideration of the issue and the debate on what is best for the country and the community. If that is the spirit in which we engage in the election campaign, there should be no recriminations or regrets after the voting is over and we settle down again in our life together.

Let's have the campaigns clean and above board with free and frank discussions of all the angles and may the best men and the best policies win! We shall, no doubt, be hearing plenty from now on to the polling days and it is to be hoped that what we hear will help us rather than confuse us in making our decisions.

## A MOOT QUESTION

THE CIVIC CENTRE executive reports tonight to the parent Association on the construction of a new wing to Prince Rupert's now famous community meeting place, the addition to be primarily for the accommodation of a bowling alley section. No doubt a bowling alley would be an effective source of revenue. There is reason to believe that it would go a good way to paying for itself and, quite probably, provide further funds for the Civic Centre generally.

On the other hand, it is something to seriously consider if going into the bowling alley business by the Civic Centre is not impinging upon the domain of private enterprise.

The success of Prince Rupert's Civic Centre to date has been due largely to the unanimous co-operation and support of all sections of the community, certainly the business element. Any line of policy which might tend to alienate any part of the fine and unanimous support that the Civic Centre has enjoyed for many years, first during the long period from its conception to realization and during the period since it has been such a flourishing going concern, should be carefully guarded against. The Civic Centre, after all, is a service institution and not a business enterprise.

COLORFUL M.P. RETIRING — George Black, Progressive-Conservative member of the Commons for the Yukon, says he won't be a candidate in the next federal election. First elected to the Commons 28 years ago, he and his wife, a one-time Yukon M.P. herself, have been familiar figures in Ottawa political life. Personal popularity has been Mr. Black's chief campaign weapon as shown by his constant re-election in an area where it is said there are more Liberals than Tories. He is well known in Prince Rupert. (CP Photo)

## Better Radio Here Sought

Chamber of Commerce Has Luncheon Session With Regional Director

Kenneth Caple, British Columbia regional director of the Canadian Broadcasting Corporation, assured a gathering of Prince Rupert Chamber of Commerce representatives at luncheon yesterday afternoon that the Commission was fully aware of the shortcomings of radio broadcasting service into western central British Columbia and Prince Rupert. It was the purpose of his visit, indeed, to appraise himself of the situation at first hand, and hear local views and suggestions with a view, if possible, to rectifying matters. However, Mr. Caple pointed out, there were considerable difficulties, the principal one of which at the moment was the official unavailability of lines which could only be obtained at exorbitant cost which the Commission and the sponsors of programs hesitated to assume. Nevertheless, Mr. Caple gave assurances that he would do everything in his power to bring about an improvement in the service.

The Chamber of Commerce representatives impressed upon Mr. Caple the dissatisfaction that was felt here through full CBC network programs, sponsored as well as sustaining, not being made available for emission from station CFPR. This, it was urged upon Mr. Caple, was due to this part of the country from the standpoint of public service.

A suggestion arising out of the discussion was that a general petition should be forwarded without delay to the government and radio authorities strongly appealing for the full service of CBC being broadcast from the station here.

Mr. Caple was met by President G. R. S. Blackaby, Vice-President L. M. Felsenthal and Maurice Brydges of the Chamber's radio committee. Accompanying Mr. Caple was C. H. Insulander, manager of the local radio station.

The regional director left here on last evening's train for Terrace whence he will proceed by car to Smithers, Burns Lake and Prince George.

## POLICE RADIO HITS SNAG

City Council will “press” for the installation of radio equipment in the city police car following receipt of a letter from B.C. Police Commissioner John Shirras that “it is not our intention to provide for radio equipment in the police car at this time.”

The aldermen decided to go after the technical equipment on motion of Alderman W. F. Stone, police committee chairman, who expressed surprise at the letter in the light of a conversation he had had previously with the police commissioner.

He told a meeting of council two weeks ago that Commissioner Shirras had indicated willingness to instal radio equipment in the police car as a move to bring increased service to the community without adding the extra cost to the community of employing another constable.

However, his letter, read in council last night, expressed disappointment that the city is not interested in employing another constable.

“It seems like the commissioner is passing the buck. He does not like saddling the department with the cost of installing a police radio in the city car. We should keep after him until we get it,” Alderman Stone declared.

However, it might still be some time before the city gets its police radio. Commissioner Shirras stated that the force's radio technician is busy in the south and will be for several months.

## Mine Leader Believed Ousted

VANCOUVER (CP)—The Vancouver Sun says that the ousting of Harvey Murphy from his post as regional director of the Mine, Mill and Smelter Workers' Union is indicated in results of voting for an executive board member in the union districts of B.C. It said that the three who are leading for executive office made it clear that they will use the union's international office (CIO) to recall Murphy.

NEW TANKER LAUNCHED—Mrs. E. C. Manning, wife of the premier of Alberta, broke the traditional bottle of champagne with a lucky swing on Monday as she christened the new super-tanker “Imperial Alberta” at the Chester, Pa., shipbuilding yards. The big ship when completed will carry enough oil to fill a train of tank cars 10 miles long and will compare with the world's largest in size and speed. Assisting Mrs. Manning is John Pew Sr., president of the shipbuilding company. Standing in background is H. H. Hewetson, president of Imperial Oil. (CP Photo)

## STREET BYLAW (Continued from Page 1)

from Sixth Avenue to Fifth Avenue and Fifth Avenue to Herman Street as a separate project would cost \$8,750 for construction and, since the only lots which lie along it are city-owned, the city would be required to pay the whole cost. With interest, this would amount to \$12,993 over 20 years.

Hector Cobb and Milton Hauser, representing property owners on Herman Street and Herman Place, sought clarification last night of the various proposals and assured council that the owners interested will meet with the board of works to find a satisfactory solution.

Alderman Rudderham told council that, because of the “peculiar situation” which prevails on Herman Street and Herman Place, that section would probably require a separate bylaw from the rest of the project.

Initial cost of street construction for the project, exclusive of Herman Street and Herman Place, would be \$29,650, levied against 139 lots, two of them owned by the city. Twenty-year cost to the city would be \$3,513, while owners would pay \$20.20 yearly or \$404 for the 20-year period.

Because of the large number of irregular-shaped lots, it was recommended that the levy be on an area basis, rather than on foot-frontage. While lots are of different shapes, their area is largely similar. Figures used in calculating costs were based on 20-year bonds bearing four per cent interest.

On recommendation of the board of works, council moved to inform petitioners for the construction of Fifth Avenue East from Immanuel Street to Seal Cove Circle as “not feasible at the present time.”

TENDERS  
SEALED TENDERS, addressed to the undersigned and marked “Tender for combined dwelling and light at Pointer Island,” will be received up to 12 o'clock noon, E.D.S., Monday, May 16, 1949 for the erection of a combined dwelling and light, fog alarm and oil house at Pointer Island, near Ocean Falls, B. C.

Plans, specifications, labour conditions, form of contract and tender forms may be obtained on application to the District Marine Agent, Department of Transport, Prince Rupert, B.C., upon receipt of an accepted cheque made payable to the Receiver General of Canada for the sum of \$10.00. This cheque will be returned upon receipt of the plans and specifications in good condition. Additional information with regard to such work and location of the site may also be obtained from the said Agent.

Each tender must be accompanied by a certified cheque on a chartered Canadian bank equal to ten per cent (10%) of the tender price payable to the order of the Receiver General of Canada, which cheque will be forfeited in the event of a tenderer refusing to enter into a contract on the basis of his tender. It called upon to do so, or failing to satisfactorily complete such a contract. Cheques of unsuccessful tenderers will be returned.

Any tender not accompanied by a security deposit as described will not be considered.

The Department does not bind itself to accept the lowest or any tender.  
F. T. COLLINS, Secretary, Department of Transport, Ottawa, Ontario, April 20, 1949. (98)

## DOES THEATRE MANAGER CALL?

Presbyterian Pastor Discusses Some Reasons For Not Going to Church

The essentiality of religious experience as a tempering fact to realistic reasoning and proud assumption of personal understanding in making for full, happy and useful living was emphasized by Rev. George E. Sendall in his morning sermon at First Presbyterian Church Sunday. World leaders were becoming more and more conscious and admitting of the need of the religious spirit in the composing of troubled world affairs. Winston Churchill was one of those including to this view.

Referring to the sparsity of his morning congregation, Mr. Sendall supposed it was due to the change to daylight saving. He commented on how easy it was to submit to the least inconvenience and stay away from church. He speculated on how many people stayed home from the moving picture show because the manager did not call and see them, because somebody did not shakehands and welcome them, because they had to pay because they did not know in advance about the program, because it was such an inconvenient hour just after supper

Miss Joyce Leslie P.H.N., senior nurse of the Prince Rupert Health Unit, returned Monday by air from Victoria where she attended a conference of provincial health field workers.

Miss Faith King, daughter of Steve King, former resident of Prince Rupert now residing at Ganges Island, is a member of the class of nurses which graduates from the Vancouver General Hospital this spring.

Miss Margaret Martinusen, daughter of Capt. and Mrs. Anthony Martinusen, was among the nurses graduating last week from the Royal Jubilee Hospital at Victoria. Mrs. Martinusen flew south to be present at the ceremonies.

**KINSMEN READY FOR MAY 24**

To Use Funds to Improve Camp at Lakelse Lake

In line with the Kinsmen Club policy this year to invite other organizations to use the Kiddies' Kamp at Lakelse so that the club will be free to go ahead with camp expansion plans, a special meeting last night approved the executive's recommendation that the club use funds raised May 24 and on the auction sale for the construction of a combination recreation, mess and cook house.

Ronald Barbour, chairman of the May 24 ticket sales committee, gave a full report on the progress of the campaign and pointed out to the members that the grand prizes of a Ford car and a Fleetwood radio-record player represented considerable initial expense. He appointed five team captains for special selling drives that will be conducted each Saturday between now and May 24. "The more tickets the Kinsmen sell the more money there will be for the Kiddies Kamp," declared Mr. Barbour.

The regular Conrad Street School card party was held in the school basement last Friday evening, April 22, bridge, whist and cribbage was played. There was a fair crowd in attendance. Prize winners were J. Hardin at bridge; A. J. Croxford at whist; and W. Davidson at cribbage.

Refreshments were served by Mrs. D. F. Baldwin, Mrs. C. Wilkenson, Mrs. J. K. Murray, Mrs. J. Kurdziel and Mrs. H. E. Blair.

Mrs. Nora Thompson entertained the crowd with songs and piano selections during refreshments.

During the meeting President George Dibb reported that, due to the extra heavy fall of snow at Lakelse Lake during the past

**What City Council Did**

... Approved the appointment, as reported by the utilities committee, of Robert Parks to the permanent staff of the city fire department on recommendation of the Fire Chief. A former part-time member of the force, Mr. Parks will enter with the rank of second-class fireman.

... Heard an appeal for economy in civic departments by Finance Chairman Alderman T. B. Black on the basis of funds spent so far this year. Mr. Black told council that, while last year's financial statement showed a slight surplus, the surplus was based on 100 percent collection of taxes, which, because the collections were not complete, left a "paper" surplus rather than a cash one, the uncollected portion still being among accounts receivable.

... Considered a letter from the School Board asking that lots at the corner of Conrad Street and Ninth Avenue be made available for use as part of the school playground area. Moved to inform the board that the lots cannot be released at the present time, but, when the supply of sand there is exhausted, council will consider releasing them.

... Gave final reading to a by-law to amend the municipal garbage bylaw to raise collection rates by 50 percent to reduce the departmental deficit. The bylaw will receive final reading at a special meeting this week in order that it may become effective by May 1.

... On recommendation of the zoning committee, changed the status of eight lots at the northwest corner of Second Avenue and Eighth Street from residential to commercial to enable Philpott, Eviatt and Co. Ltd., to establish a lumber yard on the site. The property is that occupied during the war by the American Army motor pool.

... Expressed little interest in a letter from the regional inspector, Department of Transport, which stated that the 27-ton crane at the Seal Cove air base had been declared surplus and might be available for purchase by the city.

... Tabled until estimates are considered a letter from the Canadian National Institute for the Blind a letter seeking a financial grant for the year.

... Approved a board of works report stating that the former A.R.P. area at the top of the Besner Block is being prepared for a test and, if it operates successfully, it will be wired for use as a curfew warning.

... Adopted a board of works report authorizing the purchase of 300 feet of 15-inch concrete pipe at an approximate cost of \$576.

... On motion of the licensing committee adopted a report approving the issuance of trade licenses to M. Pettenuzzo to carry on a meat and grocery business and Charles Barrie for a lunch counter.

## Man Drowns In Boat Mishap

VANCOUVER — George Shepherd, 32, of North Vancouver, died in the waters off Gibson's Landing Sunday night and three others had a narrow escape when their speedboat hit

a submerged log and sank. His companions were Erma Cowan, 24, June Mair, 29 and H. M. Steeves, 29. The four spent an hour and a half in the chilly water following the sinking.

In the Matter of the Estate of Carl Oscar Welde (otherwise known as Charles Oscar White), and  
and  
In the Matter of the "Administration Act"

TAKE NOTICE that by Order of His Honour Judge W. O. F. made the 13th day of April, A.D. 1949, I was appointed Administrator of the Estate of Carl Oscar Welde otherwise known as Charles Oscar White, deceased, formerly of Klehane inlet in the vicinity of Butedale, B.C.

ALL PARTIES having claims against the said Estate are hereby required to furnish same properly verified to me on or before the 31st day of May A.D. 1949, after which date claims filed may be paid without reference to any claims of which I then had no knowledge.

All members but two of the Kamloops basketball team, which came here to play for the provincial senior "B" championship, left by yesterday's plane for Vancouver enroute home. Scott Laidlaw and Gordon McQuarrie, the two for whom their was not room on yesterday's plane, left today.

Advertise in the Daily News!

## Between the BASKETS

Jim Flaten, who turned in sterling performances in both games of the provincial championship series, as well as in the High School invitational series at New Westminster a few weeks ago, was a popular selection for the Bobby Houston Memorial Trophy for good basketball sportsmanship with which he was presented Saturday night by Jet team captain Angus MacPhee, who is also president of the Prince Rupert Basketball Association.

MacPhee's role was switched immediately afterward, however, when Don Forward, Civic Centre managing director, presented him with the "most valuable player" award on the basis of his service to the Co-op team in the city senior league.

For MacPhee, the trophy was the second he had received within a matter of minutes. In the moments immediately following the game, Harry Chapman, president of the B.C. Amateur Basketball Association, presented him, as captain of the Prince Rupert Jets, the Star trophy, symbolic of provincial Senior "B" championship. The award to Angus also meets with general approbation.

## MIXED BOWLING LEAGUE SCHEDULE

May 2—Alleycats vs. Miller Bay, Guttersnipes vs. Humdingers, Leftovers vs. Hangovers, Teeners vs. Amazons.  
May 9—Miller Bay vs. Amazons, Teeners vs. Guttersnipes, Humdingers vs. Hangovers, Leftovers vs. Alleycats.  
May 16—Hangovers vs. Miller Bay, Guttersnipes vs. Leftovers, Humdingers vs. Alleycats, Teeners vs. Amazons.

## THREE GAMES IN LEGION BILLIARDS

Three matches in the four-some English billiard handicap were played at the Canadian Legion Hall last night before a fair-sized audience. Playing for "The Old Vets," W. Goddard and G. J. Dawes (scratch) defeated C. L. Youngman and L. F. Parkes (plus 5), 150 to 110 after a close contest to the century mark.

James Nicoll and P. M. Ray (playing scratch), got off to a good start and had recovered the 40 points handicap they were giving their opponents G. W. Abbott and W. J. Rence before they had added 20 to their score, thanks to a 21 break by J. Nicoll. Both sides were even at 103, 146 and 148 when Nicoll and Ray nsted out a 2-point win with a score of 150 to 148.

The only match between "The Young Vets" saw J. Campbell and B. G. Simundson (both former tournament winners), playing scratch, score a well-earned victory over D. Gomez and G. Alexander to whom they were conceding the substantial handicap of 70 points. A well-played break of 24 by Campbell assisted materially in their winning with a score of 150 to 139.

## TABLE TENNIS TOURNAMENT ENDS

In the final wind-up of the table tennis tournament at the Civic Centre Mona Lykegard defeated Dianne Kennedy in the Ladies' Class.

The winning trophies were presented by Mr. Woodsford of the Woodcraft Products and were wooden plaques in the shape of a crest. The Civic Centre had metal shields mounted on these trophies inscribed with the class group and the date. These prizes were presented to Mona Lykegard, winner of the Ladies' Class, and Harold Webber, who won the Junior Class when he defeated Chester Miller.

The winners of the separate classes were as follows: Adults, Harry Stadnyk. Teen-age, John Shield. Ladies, Mona Lykegard. Junior, Harold Webber.

**Hobby Fair This Week**

**Preparations Complete For Formal Opening Wednesday Afternoon**  
The annual Civic Centre hobby fair will open this week in the main gymnasium this year and will include all types of handi-craft displays.  
Tables have been set up in readiness for the exhibits which will be received this afternoon and evening with the official opening of the fair Wednesday afternoon.  
The hobby fair this year will be under the management of Rowland Miles with the assistance of members of the leather-craft, art and home economics groups. Each section of the show will be supervised by various members of these groups, as follows:  
Art Display—Miss Jean Faure, assisted by D. L. Coulter and Geraldine Cade.  
Entries—Mrs. Armand Boas.  
Leathercraft Display—Mrs. G. E. Moore and A. Marshall.  
Photography—Lieut. M. J. Stapleton.  
Home Furnishings Course Display—Mrs. George Howe and Mrs. J. G. Anderson.  
Hooked Rugs—Miss Muriel Vance and W. E. Simmons.  
Junior Boys' Woodwork—Mrs. Mark and Mrs. Allen.  
Shellcraft—Mrs. G. S. Reade.  
Radio—Rex Thompson.  
Dolls—Mrs. Soland.  
Fancywork—Mrs. Evans and Mrs. Gair.  
Miscellaneous Exhibits—Mrs. J. T. Harvey.

**LIVING COST DROPS**—For the second consecutive month, Canada's cost of living declined in February. A drop of three-tenths of a point to 159.2 was reported by the Dominion Bureau of Statistics. This compares with a one-tenth of a point drop during January. This graph shows the trend of the cost-of-living index during 1947, 1948 and 1949. (CP Photo)

**IN SPITE OF HIGHER COSTS WE HAVE KEPT THE SELLING PRICE DOWN**

As the chart shows, material costs and wages to make top quality paint have increased greatly in the last ten years, but through the concerted efforts of paint scientists and manufacturers, the technical advances made during the war period have been used to counteract rising costs. Today you get a better paint at a lower price, comparatively, than almost any other commodity.

**Today's best buy—top quality paint—and remember**  
**"IT ALWAYS COSTS MORE NOT TO PAINT"**  
Adv. Sponsored by the Paint Manufacturers and Distributors of British Columbia

**HAPPY EASTER AT ST. PETER'S**  
A happy Easter party was enjoyed by members and guests of St. Peter's Young Peoples Association in the St. Peter's Hall Friday evening.  
Music was provided for a portion of the evening by two budding artists, Richard Tweed on the piano accordion, and Vic Pierce on guitar. These talented young people, and about 40 others, will appear in the Y.P.A.'s musical show, "Spring Fantasy" at the Civic Centre Friday evening.  
Novelty dances including the rustic "strip-the-willow," the French Minuet and Schottische, the features of the evening, were ably conducted by Mistress of Ceremonies Shari Ingalls. Prizes for an "elimination dance" were won by Joyce Peterson and Glynne Callow.  
After supper had been served, dancing continued until 12:30 a.m.

**MINERS DRAFT NEW AGREEMENT**  
WASHINGTON, D.—John L. Lewis Monday met with his top aides to frame new soft coal contract demands that may set the 1949 bargaining pattern for other labor unions.  
Lewis summoned his United Mine Workers' 200-man policy committee to decide on changes the union wants in the bituminous agreement due to expire June 30.  
Lewis is expected to put more accent on requests for shorter hours and higher miner's security benefits than on any boost in wages.

tions of rug hooking, weaving, and other crafts.  
The installation of an amateur radio station sending messages from the show to other parts of the province will be of special interests and in all this promises to be a worthy event in the program of the Civic Centre.  
During the early part of each evening as well as on Thursday and Saturday afternoons it is planned to have an active display of hobbywork. Some of the Junior boys will show just how they do their fretsaw while teenagers will demonstrate leather work. The teen-age girls and adults will show how shellcraft is done. The Junior girls will make their dolls' new apparel and there will be demonstra-

**INDOORS TOO**—Viscount Alexander does fairly well in Canadian sports whether it be indoors or out. Since his arrival in Canada he has taken part in many events and his enjoyment is readily apparent. Darts, the favorite game of the English pub, is probably more familiar to the governor-general than to Canadians. Here he demonstrates his skill as Lady Alexander looks over his shoulder at the May Court Ball in Ottawa. (CP Photo)

Premier St. Laurent is back in Ottawa, having, as MacKenzie King's successor, completed a visit to the Pacific Coast. What he saw, heard and, doubtless, studied would have been on a wider and more informative scale had he journeyed over one transcontinental railway and returned by another. It was his pleasure and good fortune to observe much but he missed the early dream and later the crowning realization of another statesman—Sir Wilfred Laurier.

Soviet magazine says hockey was born in Russia. Admission is made that the sport is not unknown in Canada but was only first heard of within recent years. Perhaps hockey's native heath is Russia but there is one game they have not yet learned and that's cricket. Events of the past few years have not indicated that Mr. Molotov has a passion for good sportsmanship and we hate to think of what would happen to any hockey player who (quite accidentally) brought his stick down on Uncle Joe's bean.  
Daylight saving is by no means of ancient origin. Some are of the opinion it was first

**BOAT SWAMPED AT BUTEDALE**

The small American fishboat Sophia, registered out of Sitka, was reported yesterday to have been swamped and sunk near Butedale while proceeding northward from Seattle. The wash of a passing boat was said to have caused the Sophia to swamp. She sank while being towed to Butedale by the halibut boat Renown. Her skipper and sole occupant, Albert Erickson, was taken aboard the Renown and will remain at Butedale until his vessel is refloated.

**Aero Club Gets Plan**

Prince Rupert Aero Club realized a long-awaited ambition Sunday when it received delivery of its first training plane, a two-place Taylorcraft, which will be used to train new fliers and restore the rusting abilities of former wartime pilots who have got out of practice.  
The plane was delivered Sunday by G. C. F. Dalziel, of Telegraph Creek, proprietor of Northern B. C. Airways, which has operated the craft for about 1000 hours. Mr. Dalziel brought the plane from Telegraph Creek, will make it suitable for operations by Mr. Dalziel, the plane is equipped with floats which will make it suitable for operation of the Aero Club's Seal Cove base. Sunday, the club members turned out in full force to inspect the new "job."  
Club members and members will receive instruction from Bob Kelsey and trained fliers after the plane is put in service.
