ALL YOUNG ENOUGH TO LIKE CLOWNS—This informal picture of Great Britain's ex-prime minister and war leader was made as he and Mrs. Churchill attended a circus performance in London's Olympia Theatre, where he responded jovially to greetings extended by Coco, the clown.

Chiang Flees Into Exile As Reds Spurn Nationalist Truce Appeal

Door Forever Closed To Peace, Communists Assert

NANKING (CP)—Generalissimo Chiang Kai-Shek stepped down today as President of China, handing over reins of government to the Vice-President, Li Tsung-Jen. Chiang, it was announced, had taken a "leave of absence" and is going into exile, ostensibly to rest. He is proceeding to his home town in Chekiang Province and go from there to Formosa where he has consigned his property. Madame Chiang Kai-Shek, who went to the United States a few weeks ago to appeal for aid for Nationalist China, is now in New York visiting with a sister.

Wheat Price Is Satisfactory

Prairie Seems to be Pleased With \$2 Bushel Under New Agreement

WINNIPEG, ☉—Western Canada's reaction to the new Anglo-Canadian wheat agreement terms calling for \$2 a bushel wheat appeared today to be moderately enthusiastic. The price came as no surprise to the man who grows wheat, agriculture or government officials.

Premier T. C. Douglas of Saskatchewan said the price was not unexpected. "It is a reasonable provision at this time," he said.

A. E. Sproule of the Saskatchewan Wheat Pool said the price was "satisfactory."

The government announced yesterday that the 1949-50 wheat price under a four-year Anglo-Canadian wheat contract would be \$2 a bushel, covering 140,000,000 bushels of Canadian wheat and that Canadian wheat and wheat flour that would be shipped to Great Britain through the Canadian Wheat Board during the final year of the present agreement. This represents no change from the \$2 paid for 140,000,000 bushels last year, the price having been raised from the previous \$1.55.

NATIVES SEEK MORE MONEY FOR SOCKEYE

KITWANGA—Native sockeye salmon fishermen at this upper Skeena settlement expressed dissatisfaction with 1948 sockeye prices paid by canners and indicated their intention to ask for higher prices when the 1949 agreement comes up for negotiation.

Harold Sinclair, Upper Skeena branch president of the Native Brotherhood of B.C., charged that rental costs of boats and equipment were exorbitant and more than offset the price increases gained last year. Sockeye price on the lower Skeena last year was 20 cents a pound. Equipment costs ranged from \$1,000 to \$3,000 to native operators of cannery boats, he declared.

As an indication of profits made on the fishermen's products, he said that canned sockeye salmon sold at Kitwanga at \$1.06 a pound.

The Kitwanga branch of the Native Brotherhood will join the other branches and the United Fishermen and Allied Workers' Union in summer price negotiations. Mr. Sinclair cautioned that extreme care be used in the negotiations with the canners' committee.

ULSTER TO VOTE ON FEBRUARY 10

BELFAST ☉—Sir Basil Brooke, Prime Minister of Northern Ireland, announced that the Ulster Parliament will be dissolved today with a general election February 10.

THE WEATHER

Synopsis
A low pressure area centred off the west coast of Vancouver Island is causing a southerly flow of moist Pacific air aloft over southwestern British Columbia. Snow now falling over these regions is expected to end about midday but cloudy skies are likely to persist throughout the day. Widely scattered light snow flurries will be general over the interior. Below zero temperatures were recorded in the southeastern interior while over the rest of the province the mercury varied from zero at Prince George to near freezing at the coast. Some clearing is expected along the coast tomorrow as northwesterly winds develop and somewhat lower temperatures will be recorded in most of the coastal areas. Little change is expected over the interior.

Forecast
Queen Charlottes and North Coast—Variable cloudiness and widely scattered snow flurries Saturday. Winds northerly (18 m.p.h.) over the Charlottes and light along the mainland. Cold-er. Lows tonight and highs Saturday: Port ardy 26 and 35, Massett 23 and 35, Prince Rupert 20 and 35.

Missing Plane, With Eleven On Board, Sighted, All Safe

CHURCHILL (CP)—A Royal Canadian Air Force plane, on its way back to Churchill from a mercy flight to Coral Harbor, has been sighted and those on board are announced safe. This was revealed today as an all-out search had left only a slender hope.

The announcement that a search plane from Northern Manitoba had sighted the missing Arctic mercy flight plane was followed close by word that all men aboard were alive. The missing plane was sighted 70 miles southeast of Churchill.

The Dakota aircraft had been missing on the return leg of its mercy flight to Arctic Bay in the Far North.

Last night there had been S.O.S. messages from the missing plane which was carrying eight Air Force men, a sick radio operator, for whom the flight had been made, a doctor and an Eskimo. The distress messages ceased at 2:35 a.m., almost three hours after they had first been heard. They failed at that time to give the plane's location which might have been anywhere in an area of several hundred square miles.

The plane took off last Monday from Rivers, Manitoba, on a 4,000-mile return mission into the land of winter darkness and was headed back for Winnipeg with its mission well under way towards completion when the trouble hit.

The last message had said the plane was over ice, having strayed off its course while on the way from Coral Harbor.

The pilot is K. E. Moore of Vancouver. Other members of the crew are Ft.-Lt. A. B. Tony Morabito of Vancouver and Ft.-Lt. F. L. Rowe of Vancouver.

The two patients aboard the craft are Harold Dunn, Department of Transport radio operator with a stomach ailment, and an Eskimo who accompanied him as an additional hospital case, the Army doctor being with them.

POOLE CITIZENS PRESENT PLAQUE

Gratitude of the people of the city of Poole, Dorset, England, to the citizens of Prince Rupert was given permanent expression at the weekly luncheon of the Rotary Club here yesterday afternoon when Mayor Nora E. Arnold received a plaque from the English city in appreciation of food and clothing parcels sent from here a year ago.

The plaque was presented by the club which had received it from the Rotary Club of Poole which handled distribution of the parcels overseas.

Two new members, Fred Hemsworth and James Rogerson, delivered autobiographical addresses to the meeting in the Broadway Cafe.

CRASH-LANDING WITH 5 ABOARD

SEATTLE ☉—The Civil Aeronautics Association reported today that an Alaska Airlines DC-3 apparently had crash-landed in rugged country 30 miles northeast of Homer, Alaska, with the fate of five occupants undetermined. The plane was sighted on the slope of a hill on Kenai Peninsula, northeast of Kodiak Island.

YEAR'S PUBLICITY EFFORT REVIEWED RELATIONS COUNCIL ANNUAL MEET

Publicity work done for Prince Rupert and district last year was summarized and new officers were elected at the annual meeting of the Prince Rupert Public Relations Council held in the city hall council chamber last night.

Highlight of the Council's 1948 efforts was listed by Miss Honora Silversides as the publication of 21,000 copies of a colorful publicity pamphlet which received wide distribution and acclaim.

Initial project for the current year was urged by Secretary E. T. Applewhite as a financial drive to raise funds for the continuing publicity work which the Council plans. Mr. Applewhite was re-elected to office.

The following slate of officers will serve in 1949:
President, J. K. McLeod.
Vice-President, Edward Musselman.
Treasurer, R. G. Hopkins (re-elected).
Secretary, E. T. Applewhite (re-elected).
Internal Affairs Chairman, Alderman H. M. Daggett.
External Affairs Chairman, Robert McKay.
Sub-committees will be appointed at a later date by the executive, including a finance committee to embark on the fund-raising drive to enable the Council to operate.

The 17 delegates present from various business and fraternal organizations expressed their thanks to Miss Silversides and Mr. Applewhite for the leadership given during the year.

Miss Silversides' report which outlined the Council's work, stressed not only the outside publicity given, but also emphasized the efforts of the internal relations committee to improve conditions for tourists and visitors to the city.

"Being quite aware that the city knows there are many local places in need of improvement, we nevertheless sought early attention for some of the most disagreeable spots such as the garbage dump, Cow Bay, the dangerous sidewalk east of the Civic Centre and the unkempt grounds in front of the Museum and Health Unit, as well as those at Alder and Service Parks," Miss Silversides said.

The Council also provided funds for a publicity bureau in the Museum during the summer

CORBETT IS EASY WINNER

VANCOUVER, ☉—Middleweight Billy Corbett last night romped to an easy 10-round decision over the Western Canada champion, Roy Wouters. Wouters was out-foxed and out-boxed and out-generated for the entire distance by the perfectly conditioned Corbett. He had been lightly regarded by many ringsiders following his kayo by Wouters November 8 last.

PEARSON WARNS OF COMMUNISTS

OTTAWA, ☉—Hon. L. B. Pearson, minister of external affairs, Thursday night warned Canadians not to be "deceived by those phony olive branches which now seem to be waiting here and there in Europe on orders of Moscow."

In an address prepared for delivery on a TransCanada network of the Canadian Broadcasting Corporation, he said that Canada policy for peace is "peace with freedom."

Pearson also said that the group of countries led by Russia was making it difficult to establish peace and was blocking the progress of the United Nations.

COUNTRY WING GALES

ON—Gales, with gusts up to 40 miles an hour off the coast of Scotland and north-land, have sent vessels, many fishing craft, to shelter and brought about to ships in difficult conditions the crew of the trawler, which ran aground on the rocks of Lewis, was rescued by breeches buoy by the lifeboat.

Aberdeen men aboard a vessel, drifting helplessly, all saved.

CONGRATULATION SPECTACULAR

able Russian Ambassador Was Close Truman

WASHINGTON, D. C. — In respects, the occasion of Truman's inauguration yesterday of the United States was the spectacular in the history of the United States, many from the states, were on the sidewalks, roofs and anyone could stand. A short and solemn ceremony, President Truman took office, after which was a monster parade. President and Vice-President Albin Barkley drove in a car. There were 40 million people who saw them. They played "My Old Home" and "Missouri" as well as many other selections.

Over the actual inauguration was like a combination of Old Horse Week and the Gras of New Orleans. There was mild and sunny weather and a note of good cheer and urge to

Bulletins

EDEN IS COMING OVER

LONDON—Anthony Eden, deputy leader of the Conservative party, left by plane Thursday night for Montreal on the first leg of a two-month tour of the British Commonwealth. He is to speak in Vancouver before leaving for New Zealand.

VICTORY FOR B.C.

OTTAWA—The provinces opposing freight rate increases scored a victory yesterday when the Board of Transport Commissioners ruled they would hear evidence on non-rail income of railways (hotels, steamships, etc.) in their case for a boost. British Columbia counsel had sought to have that money—\$25,000,000—taken into consideration in the CPR's plea that it needed an increase to operate.

TURN DOWN CANNED SALMON

LONDON—Food Minister Strachey said today that his ministry had turned down the Canadian offer of tinned salmon on a deferred payment basis because it was not known when Britain would have enough dollars. "If they would agree to payment in sterling, we could do business," said Strachey, "but we must keep our dollars for more essential foods such as wheat."

MORE SNOW, LESS POWER

VANCOUVER—More snow was today expected to complicate the Lower Mainland's power shortage. Rationing of electricity went into effect at midnight with the British Columbia Electric ready to cut off power offenders. Rain is necessary to end the power shortage but still it is not in prospect. By statistics, it is long overdue.

J. H. THOMAS DIES

LONDON—Rt. Hon. J. H. Thomas, former Labor leader, who resigned as Colonial Secretary in the late Stanley Baldwin's National government after inquiries of alleged budget leaks, died at his home in suburban Bulwich today.

Clear Enunciation

PRESIDENT TRUMAN'S SPEECH, in his inauguration as chief executive of the United States, was one for a common man to hear and understand.

The President pledged his all-out support, to the extremity of possibility, for the nations which struggled on for a "just, lasting peace," coupled with a policy of full preparedness to meet with "overwhelming force" any aggressor which might again threaten his country's national security.

There was nothing surprising in Mr. Truman's historic address—but it was simple, clear and reassuring.

PAYING OFF THE BILLS

WHEN A PERSON incurs bills, it is his duty to devote his resources as far as reasonably possible to the discharging of them.

In personal affairs when we have bills, it is regarded as simple ethics to endeavour to make money reasonably to discharge them.

Of course, we all want to see taxes reduced. Who is there of us who does not? However, we do have our bills to pay and that is the reason why the minister of finance budgets for repeated surpluses instead of going all overboard in reducing taxes.

It is an old story. It is easy to incur obligations. It is tougher to have to pay them off.

NEW LIGHTHOUSE TENDER

PRINCE RUPERT'S new lighthouse tender—a tidy little job of shipbuilding getting along toward the million dollar mark—goes to Yarrows shipyards at Victoria.

At least we are going to get a fine new ship to minister to the increasing needs of servicing our adjacent aids to navigation which extend over a widespread area.

BUT NONE HERE

APPROXIMATELY two hundred ships, loading full or partial wheat cargoes, will call at Vancouver and New Westminster during the present season.

BEST NEWS OF YEAR

TRUMAN and the new Prince! These were the two top stories in 1948 in the judgment of Canada's telegraph editors as revealed in a recent poll!

The purpose of the poll was to determine, in the opinion of the desk men, what were the outstanding news breaks of the year.

As for what was chief news in Canada, that was not a difficult question. Retirement of Premier King and his successor, the floods, Newfoundland's entry, the choice of Drew, Barbara Ann Scott's victories were selected as a matter of course.

TRAIL OF '98 BEING AIRED

Television Audiences Going On Tour of Alaska and Yukon

NEW YORK—The world premier telecast of a sound-color film, "The Trail of '98" will be presented Saturday night over station WPIX and its affiliated stations.

This new travel film, produced by the Canadian National Railways will take United States television audience on a tour through Alaska to the Yukon over the famous route followed by the Sourdoughs during the Gold Rush of 1898.

Beginning at Skagway, Alaska, the picture trip is by way of White Pass and the Yukon Railway to Whitehorse in the Yukon. Interesting contrasts between relics of the Gold Rush days and scenes of the modern Northland highlight the film which was made amid some of North America's most rugged scenery.

PASTOR ASKS FRIENDLINESS

First United Congregation Exhorted by Rev. R. A. Wilson

Speaking about the church in his remarks as chairman of the annual congregation meeting of First United Church Wednesday night, Rev. R. A. Wilson declared he was confident that the church would carry on through good times and bad but what he was concerned about was its way of carrying on.

Two suggestions he made, hoping they would be acted upon with friendliness. He asked that people visiting the church be accorded a warm welcome and, in general, be made to feel at home.

ENCOURAGING REPORTS

The meeting received heartening reports from every group and organization in the church. From the standpoint of both finances and membership the Women's Associations are doing very well.

PICTURIZED REPORTS

While reports on the church groups were read by their sec-

retaries, "concert" slides, made from pictures taken by Rev. R. A. Wilson, were projected on the screen. The pictures permitted the congregation to realize more fully the extensive work being carried on within the church's organizations.

The Sunday School report, read by Miss Mary McAfee, illustrated that this department of the church can point to a record of steady progress. Attendance is high and, despite the difficulties of travel in winter, the younger children rarely miss a Sunday.

The Kindergarten, according to a report read by Mrs. Wilson, is hard put to accommodate even a majority of the applications received. Mrs. C. J. O. Olsen, who originated the United Church Kindergarten three years ago, was forced through ill-health to give up her duties as supervisor and, for the latter part of 1948, Miss Helen Hurd had been in charge.

Gratifying reports were also received from the Mission Band, led by Miss Hurd; the Explorer

Girls, under Mrs. G. E. M. McClintock; the C.G.I.T. group, under Mrs. T. Fraser and Miss Esther Harrison; the Wolf Cubs who are under the leadership of Mr. Wilson, and the Young People's Union under President Mary McAfee.

Dealing more with the administrative work of the church were reports from the Board of Stewards, the Session, the Missionary and Maintenance Committee, the Missionary Society and the Choirs.

Following the financial report both Dr. C. H. Hankinson and J. S. Wilson expressed the opinion that the minister was doing everything possible for the welfare of the church but that the members must make a greater effort to contribute more in the form of money and work.

George Rorie's treasurer's report was a bright spot in the meeting as it showed the church had concluded last year with a balance of several hundred dollars. Revenue had been increased almost \$500, due largely to the efforts of the Women's

Associations and the year canvass put on by the Board of Stewards. The Board was also glad to report that the minister's salary had been increased to \$2,100 for the entire cost of fuel, water for the manse consumed by the church.

In opening, Eddie Benson said that they had come not only to help financially but spiritually. Ed Wesley told how, as a small boy, his father had brought him up river over the ice by sleigh for meetings such as this. Camping by night, they thought nothing of the cold and hardship then and the Kispix people would make the return journey for the sake of Christian brotherhood. Now, he said, there were roads and cars. Yet the villages did not support each other as they used to. He hoped they would stand together in the future.

INVERNESS WAS FIRST CANNERY

Widespread distribution of the colorful publicity folder on the Prince Rupert district published last year has had some interesting reactions in far-off places, as attested to by a query received recently by Secretary E. T. Applewhite of the Public Relations Council.

From Inverness, Scotland, came a letter asking how Inverness Cannery on the Skeena River had got its name. The inquirer had seen the name on a map which forms part of the pamphlet.

Mr. Applewhite's research finally led him to pass the question on to J. H. Todd and Sons, Victoria, owners of the cannery who responded with the following bit of tantalizing history from the records of the Hudson's Bay Co.

"The Otter (pioneer Hudson's Bay steamer) landed at Woodcock's Landing, September, 1875 and had on board Col. Lane who, the following spring, purchased Woodcock's rights and built the first cannery on the Skeena, renaming it Inverness."

The information was passed along to the interested person in Inverness, Scotland.

ESKIMOS BUY REFRIGERATORS

PHILADELPHIA—A local corporation has been handing out bouquets to their agent in Fairbanks, Alaska, for having added Eskimos to his list of customers. One report reads: "He recently sold a refrigerator when the mercury registered 43 below zero. He delivered it the same day, even though the truck delivering it, froze up on the way to the house."

BRITONS LIKE IRISH HOLIDAYS

DUBLIN—Visitors from England like to come here. Big juicy steaks, silk stockings in stores, Irish whiskey flowing—what more can a Briton on a holiday want? Prices are a little higher than in austerity-saddened England but the quality and quantity of the food is incomparably better.

THIS AND THAT

there if you want, but I'm telling you our date was for tomorrow night!"

CROWN BRAND CONTEST

It's easy... here's how you enter—
1. Simply print your name and address on any plain sheet of paper.
2. Mail this, together with a label from a 5 lb. tin of Crown Brand Corn Syrup* (or reasonable facsimile) to:—
THE CROWN BRAND CONTEST
Station "H" Montreal, Que.
3. Be certain your entry has sufficient postage.
To all you do to enter the Crown Brand contest. Now, here's what happens:—
There are three prize-winning periods: Jan. 15-Feb. 15; Feb. 16-March 15; March 16-April 15. Entries received will be valid only for the month in which they are received, so mail early and mail entries for each contest month.
Each month 154 entries will be drawn from the mail received. These 154 persons will then be notified by mail and asked to mail a letter giving three reasons why they like Crown Brand Corn Syrup.
Prizes, based on the merit of the replies, the 154 prizes will be awarded as follows:
1st PRIZE: \$1000
2nd PRIZE: \$500
152 PRIZES OF \$100 EACH
And now look what happens:—
THE WRITER OF THIS BEST LETTER WILL THEN BE AWARDED THE GRAND PRIZE: \$5,000
If no label, top or carton is enclosed the Grand Prize will be \$1,000. The Crown Brand Contest is open to all Canadians except employees and their families of the Canada Starch Company and its advertising agency. Judges' decision will be final. All entries become the property of the Canada Starch Company.
IT'S THE CONTEST FOR EVERYBODY BECAUSE IT'S EASY AND EVERY MEMBER OF THE FAMILY CAN WIN! WRITE NOW—AND WRITE OFTEN!
Here the chance for Junior to get his bike, for Mom to get those new clothes, for Dad to get things he's always wanted. Enter now—you may be one of the winners.

NEW AIR CADET PILOT BADGE—This pilot badge will be seen on tunics of Royal Canadian Air Cadets in 1949. The wing itself is light blue, with a gold maple leaf in the centre and the letters R.C.A.C. (Royal Canadian Air Cadets) are in the same color. The crown is in gold, with a red background. The badge, just designed, is to be awarded to cadets having successfully completed pilot training under the R.C.A.C.'s flying scholarship scheme. Actual pilot instruction is given at Royal Canadian Flying Clubs under Air Force sponsorship, and training was given to 223 cadets last summer, the third year the plan has been in operation. First presentations are expected to be made next April.

PRACTICE MAKES PERFECT—Alzear Boudreau of Petit de Grat, N.S., sets a crankshaft in a new engine block at the Nova Scotia fishery school. The classes were started three yeas ago in an effort to improve fishermen's knowledge and have been continued at the request of the fishermen. Watching Alzear are Willie, Roy and Francis Boudreau, making it a family affair.

PRINCE RUPERT YEARS AGO

Twenty-Five Years
Production of timber in the Prince Rupert forestry district in 1923 exceeded any former year by a great margin, official reports showed. The total for the year was 183,287,964 board feet.

Five aldermanic candidates were lined up for the forthcoming civic elections and there was one candidate for the school board. Aldermanic nominees were Arthur Brooksbank, Geo. B. Casey, F. J. Fuller, Elizabeth Kirkpatrick and Alexander MacKenzie. Henry Smith was running for school board.

The Government Merchant Marine vessel Canadian Transporter left the dry dock for the Ocean Dock to load 80,000 feet of clear, green spruce lumber for the United Kingdom.

Thirty-Five Years

The following were nominated for the civic election: For Mayor: S. M. Newton and T. D. Pattullo; for aldermen: A. H. Allison, Victor Basso-Bert, L. Bullock - Webster, Hamilton Douglas, John Dybhavn, John E. Dyer, James Hampton, G. W. Kerr, George Leek, T. R. Maitland, Thomas McClymont, W. H. Montgomery, D. W. Morrissey, George R. Naden, Frank Salter and Fred Shaw; for school trustees: P. W. Anderson, Dr. W. T. Kergin.

Mrs. C. L. Munroe and her mother, Mrs. Dineen, sailed for New York enroute to England.

William Manson jr. and Elmsley Raley sailed on the Princess May for New Westminster to attend Columbian College.

WANT A GREENHOUSE? HERE'S NEXT BEST AT LESS COST

How to Install Electric Heating Cable With Thermostat in Hotbed

Many of the advantages of a small greenhouse, at a fraction of its cost, may be enjoyed by the amateur gardener who equips his cold frame with an electric heating cable. Cables and thermostats are now obtainable at less than the cost to a townsman of suitable manure, were he able to find it.

Current used for heating depends upon the insulation of the frame, and how early in the spring heat is turned on, but it seldom adds an important amount to the light bill. Advantages are many. There is a much more even heat, which is beneficial to all plants and vital to those that chill easily. It gives a longer growing period, since the heat does not become exhausted, as does heat from manure, which sometimes fattens before the outside temperature is safe.

A frame is constructed in the usual pattern, as used for both hot-beds and cold frames, but there is no need to prepare a deep pit such as is necessary when manure is used to supply heat.

The frame is sunk in the ground about six inches. Soil is removed within it to an equal depth, and the cable is arranged on the bottom in loops, so that heat will be evenly distributed. The supply wire and cable are both connected to a thermostat, which can be set at the desired minimum temperature, so that as soon as the thermometer falls to that point heat is turned on.

When temperature rises a few degrees above the minimum, heat is shut off, and the variation between maximum and minimum temperatures is much less than with the old fashioned hot-bed.

The heating cable is usually covered with four to six inches of soil. It is a good idea to place a sheet of fine meshed poultry wire an inch above the cable, with soil between. Another method is to grow plants in flats, which are placed on a grating just above the heating cable, which is not buried in soil, and thus is always open to inspection. To improve insulation and reduce current consumption, the frame should be banked with cinders, which are covered with soil, to within a few inches of the top.

Like modern architecture, the newer ideas in garden design are functional. First consider the use you will make of a garden, then plan it in the way that will best further this use. Naturalistic design, which seeks to produce an effect as nearly like nature as possible, does not often serve a functional purpose.

Annual flowers have been improved by plant breeders more than any other group of plants. The fact that a new generation grows each year is responsible for quicker improvement than is possible with slower growing perennials.

CIVIC CENTRE DANCE PROFIT

Appointment of Director at Terrace Deferred

TERRACE—The sum of \$126 was netted at the Civic Centre New Years' Eve Cabaret after all accruing accounts were paid. It was announced by the treasurer C. J. Norington at Wednesday night's meeting of the board of directors of the Civic Centre Association. Lloyd Johnstone presided in the absence, through illness, of the president, Dudley G. Little.

The drama Club will produce another entertainment in March and a certain sum of money will be granted to the Terrace and District Civic Centre Orchestra for musical scores for that production.

The school will be using the auditorium for practices for an operate which the children, sponsored by the P.T.A., will produce in the early spring.

Due to a shortage of funds, the executive decided to postpone for two months the appointment of a director for the Civic Centre. In the meantime George Anderson and Cliff Sinclair have purchased the remaining stock and will operate the canteen as well as the bowling alleys until the end of March.

All the local organizations which have not paid their 1948 Civic Centre dues will be asked to do so before the annual meeting in March, otherwise their vote will be forfeited at that meeting.

ICY WINDS SWEEP TOWN-STREETS GLARE OF ICE—ADELA HAUGLAND IS HONORED

Icy winds swept Terrace late on Wednesday evening after a day of brilliant sunshine, reaching gale proportions on Thursday and dying down somewhat towards evening. The Terrace roads are like a sheet of glass and pedestrian traffic was at a minimum all day on Thursday. Coal orders for that day were very heavy with supplies dwindling to nothing before the afternoon was well advanced.

On Wednesday night, at the home of Mrs. Head, president of the Girl Guide Association, there were six enrolled as Tenderfoot Guides by Mrs. Kennedy, Brown Owl, Capt. McElroy and Lt. Clifford were present with the whole company of about 30 Guides. Refreshments were served and community singing followed, pianists for which were Lorna Melvin and Claudia King. Marilyn de Kergommeaux played "Taps". Enrolled were Mrs. Frank McGillivray, Annette, Yvonne and Florence Normandeau, Vicki Hipp and Marion Bissonnette.

The home of Mrs. G. Haugland was the setting on Monday evening last for a "Linen Shower" for Miss Adela Haugland, whose marriage to Dun-

can L. Munro of Prince George will take place this evening. Mrs. Alice Campbell and Mrs. H. Fisher were joint hostesses. Contests, for which prizes were given, were part of the evening's entertainment. An umbrella, decorated with yellow and green frills and set upside down in a stand, held the gifts for the bride-to-be, who was showered with confetti from burst balloons suspended behind her chair. Following the display of presents, refreshments were served. Those present, including those who were unable to attend but who sent gifts were the two hostesses and their guest of honor, Mrs. G. Haugland, Mrs. C. Haugland, Mrs. A. Haugland, Mrs. F. Kerby, Mrs. D. G. Little, Mrs. C. Holden, Mrs. Harold Smith, Mrs. F. Jackson, Mrs. F. Fisher, Mrs. D. Kerr, Miss Merle West, Miss A. Lips.

Mrs. H. Spencer is now progressing favorably at the local hospital.

Dudley G. Little entered hospital for penicillin treatments on Monday evening.

Reminiscences and Reflections

By W.J.

A word of caution! The vigorous shoveling of snow by elderly folk not accustomed to it is sometimes followed by a first class funeral. For confirmation please peruse the daily press.

"Haggis tae gang wi' the chappit tatties and bashed neeps is being flown frae' Auld Reekie for the Nicht w' Burns," says a Vancouver paper. We're a bit weak on the precise meaning of "bashed neeps" and "chappit tatties" but that's what comes of having one's education neglected.

There were no surprises in President Truman's inauguration speech Thursday. What he said was expected. But, in certain respects he said it in a different way. It almost had a family resemblance to Ottawa's Speech from the Throne which it can be taken for granted, is known in advance—providing one reads the papers.

The cost of marriage in Alaska is to be more expensive. Nothing seems to have been overlooked in revising the cost of all the little ceremonial details essential in making the contract a binding one. Perhaps the optimistic legend that two can live cheaper than one is about to be put to the "most severe test." But of course, as a rule, it's only performed once.

The nearest this bonnie laddie ever came to Scotland was aboard a tramp steamer out-bound and in the middle of a long rain storm in late November. The Carthaginian had sailed from Liverpool the preceding evening and, looking around the following morning, one couldn't figure it out and began to ask questions. Land away over yonder, and dimly seen, was the south coast of Scotland, said the sailor. And soon it disappeared as the ship's course headed out across the Atlantic.

Sport Shots

The Toronto Leafs-Montreal Canadiens National Hockey League game scheduled for January 21 was ordered postponed 13 years ago as a mark of respect to the memory of King George V who died January 20. The tribute was the first of its kind in the N.H.L.'s 19-year existence. The Chicago-Maroon game at Montreal was also cancelled January 28—date of the King's funeral.

Eight years ago today, Bob Feller signed a 1941 contract with the Cleveland Indians of the American League for an estimated \$30,000—the highest salary ever paid a pitcher. Previously, the \$27,500 paid Lefty Grove by Boston Red Sox was generally regarded as the highest.

Clubs ... SENIOR DRAMA

The members of the Bo-Me-Hi Senior Drama Club are expecting to stage two plays some time in March. They have sent for several plays from which they will choose the best for presentation. Make-up, as a part of the program and each member will have a chance to learn the art of effective application. At present they are practicing outfit ensembles, dancing scenes, etc., so as to be ready for the big event, the Music and Drama Festival. The Club when has ten enthusiastic members, is under the direction of Miss Bell.

President is Jeanne Langley.
Business manager is Alan Ferguson.

COSTUMING

The costumeing club will be working in co-operation with the Drama Club, making the necessary costumes and fitting and altering those they already have. The eight girls, under the direction of Miss Townsend, have been studying historical costumes and dress styles from ancient Egyptian to the "New Look."

PING PONG

A girls' tournament is to be held at school during the winter period. Perhaps the future Canadian ping pong champ is in Bo-Me-Hi, waiting to be discovered.

Modern Etiquette

By ROBERTA LEE

- Q. When a divorced woman is going to marry again, what should she do with her first engagement and wedding rings?
- A. Remove the wedding ring. She may wear the engagement ring, if the wishes and her fiancé has no objection, and on the right hand.
- Q. After a meal at home, what should the members of the family do with their napkins?
- A. Unless a fresh napkin is provided for each meal it should be folded neatly into its original creases and left by the side of the plate.
- Q. When walking with two women, should the man walk between them or on the outside?
- A. He should walk on the outside.

Looking Backward

LOOKING BACKWARD

Nov. 20, 1932 from the "Banner"

It is well for those who read the story "Looking Backward" to know that the author, Charles Fourier, was a Frenchman who lived in the latter part of the 18th century. He was a social philosopher and a visionary. He was a pioneer in the field of social reform.

Student Voices THAT'S LIFE

During physical education under my direction, as in articles enough to consider the better part involved when a Bo-Me-Hi student average shows an average of 100 per cent. The girls and boys are very energetic and show a great deal of interest in their studies. They are also very active in their extracurricular activities.

3-30 BELL

I was sitting down reading a book when all of a sudden I heard a strangely familiar sound. There around me jumped from their seats, their eyes shining with a cruel look that was often seen in the eyes of a mad dog. I ran to the door and opened it. What was it, this sound that made humans seem like beasts. I must go. They can't leave me alone in here. Practically I grabbed my books and ran blindly down the main hall. Upon reaching the front door I found that it was locked. I could stand it no longer and I gave a loud scream and went dead in the world.

Tom Williamson Was Pioneer of Alaska

The Alaska Weekly, published in Seattle, makes mention of the recent death of Thomas C. Williamson in Stewart, notices of which has already appeared in the Daily News. After reference to his partnership with the late Frank Stevens and Carl Johnson in buying the Knorr Hotel here, the Alaska Weekly says he was well known in Fairbanks and at Manley Hot Springs where he mined around 1911 and later was located in Sleda.

SHIPS and WATERFRONT

Continued in her regular sailing schedule, the Canadian Pacific steamer Princess North sailed here at 5 p.m. Thursday from Vancouver, Alaska and Ketchikan under command of Capt. Graham English. She delivered a cargo of frozen fish from Alaska to the Canadian Fair and Cold Storage Co. here before sailing south at 5:30 p.m. She carried a light passenger list from the north, sailing from here for Vancouver were E. A. Bonner, Miss Alice Wright E. J. and E. Robinson.

U.S. FLEET IN MEDITERRANEAN

CONTRACTOR - The United States cruiser Albany, Providence and Little Rock, accompanied by six destroyers, have arrived here. The American Mediterranean fleet is being received. Later, the carriers Midway and Philippines and three cruisers, including the U.S.S. Columbus, Naples, are due.

HOW CAN I ???

By ANNIE ADLEY

- Q. How can I lighten a nail that is loose in a plaster wall?
- A. Remove a small piece of wall with glue, wrap as much as possible around the nail and re-embed in the hole, pressing it firmly. Remove excess glue with wet cloth. When dry, the nail will be tight. Any loose chunk of plaster can be fastened in place with glue.
- Q. How can I make celluloid cement?
- A. Use one part camphor to four parts alcohol. Dissolve and add to this solution an equal quantity, by weight, of shellac.
- Q. How can I get more cream out of milk?
- A. Heat the milk until lukewarm, then chill, it and it will bring more cream to the surface.

WORLD CITIZEN MOVEMENT SPREADS TO BERLIN—Garry Davis, founder of the world citizen movement, has been notified that his idea has caught fire in Berlin. A big meeting was held in the Taberna Academia following which proselytizing members paraded through the streets with placards and banners as shown, bidding for popular support. Davis, son of the famous U.S. society band leader, has been invited from Paris to Berlin as Berlin "is a natural home for world citizen," according to the invitation. Davis promised to come at the first opportunity. Legend on the signs says, "become a world citizen for the sake of world peace ... for freedom from fear."
