Ottawa Hears Appeal For Peace Outlet

WHETHER IS CAUSING WORRY TO FARMERS; B.C. OUTLOOK GLOOMY

OTTAWA, (CP)—Weather, the farmers' oldest enemy, has caused new worry this spring—unseasonably heavy rains have kept them off the land, delaying planting in most sections of the Dominion.

A Canadian Press survey shows western farmers are suffering heavy losses unless there is an immediate change in the dull, rainy weather of the last few weeks. But, despite the late start, Ontario, Quebec and New Brunswick agricultural officials are hopeful of a good year.

A decrease of more than 500,000 acres in Canadian wheat acreage is indicated. On the basis of reports at last April 30, the acreage will be 23,700,000, as compared with 24,300,000 in 1947. But if wet, cold weather continues on the prairies, the cut will be even greater.

The gloomiest picture is in British Columbia and Alberta where officials express "grave concern." Seeding in some sections is three to four weeks overdue.

In some areas, western farmers have turned from wheat, which requires a long maturing season, to barley, oats, rye and flax.

Manitoba, narcest hit by recent floods, will have a greater area than last year devoted to summer fallow. Saskatchewan expects a slight labor shortage when seeding becomes general.

In Nova Scotia, seeding is already two weeks behind schedule, with potatoes almost the only crop planted to date.

A 10 per cent increase is expected in Prince Edward Island for potatoes, the province's most important agricultural product. While other provinces wait for the land to dry, New Brunswick officials say more moisture is needed.

QUEBEC PICTURE IS BRIGHTER
Things are brighter in Quebec. The season is further advanced than usual because of an early thaw and recent warm rains. The soil soon will be ready for general sowing.

Despite low temperatures and cool winds which retarded growth, the outlook for Ontario field crops is bright. Seeding in central areas now is almost complete but little work has been done in northern sections.

Manitoba officials report that, if the weather is favorable, mechanized farming may rapidly regain much time lost due to floods and a late spring. A five per cent reduction in wheat acreage, which last year was 2,484,515 acres, is estimated. But a boost of at least 20 per cent in oats and smaller increases in flax and barley are expected.

In southern Saskatchewan, about 60 per cent of the planting is complete; northern farmers will be on the land in a few days. Because of the late season, a 34 per cent increase in rye and a four per cent increase in wheat are expected.

Only three per cent of Alberta's wheat acreage has been seeded so far, compared with a normal 55 per cent at this time of year. Farmers predict last year's 6,410,000 acres will be cut by 10 per cent. Some go so far as to forecast a 25 per cent reduction if seeding is not general by June 1.

BRITISH COLUMBIA SUFFERS FROM COLD
Prolonged cold and wet weather may cause British Columbia heavy losses. Many crops now are as much as a month behind schedule and berry crops probably will be below earlier expectations. Early soft fruits of the Okanagan Valley suffered some frost damage and added loss has been caused by rain and dull weather delaying pollenization.

Rotting of early potatoes is feared in B.C.'s Surrey area and in most districts vegetable crops will be at least two weeks late. Although spring growth is below normal, Vancouver Island has suffered less than other sections of the province.

Tel Aviv Is Raided

Heavy Casualties Inflicted Upon Arabs, According to Jewish Claims

TEL AVIV.—Light bombers raided Tel Aviv at dawn today as the Arab war against the new Jewish state of Israel reached its peak in the wake of Jewish claims of heavy Arab ground casualties. It was the fourth successive day of air attacks against the capital and it lasted forty-five minutes. There were no reports of casualties.

Hagana said that four thousand Arabs were trapped in the old walled city of Acre which was surrounded and in Haifa the Jews claimed that they had drowned five hundred Arabs by opening a dam and flooding the plain lands of south Galilee. A Haifa informant said that Arab armored columns were trapped in the dam waters and that Arab tanks and heavy equipment were mired in the swirling waters.

JOHN LEWIS IS BEING CLEARED

WASHINGTON D. C.—The United States government today asked for dismissal of the anti-strike injunction against John L. Lewis' United Mine Workers of America and, simultaneously, Attorney General Tom Clark notified the federal court that the Department of Justice does not want to press a civil contempt judgment it obtained against Lewis and the union last month.

CRUEL ASSAULT ON YOUNG GIRL

TORONTO.—Eight-year-old Teresa Dowling, criminally assaulted, and apparently left for dead, was found today covering in suburban York Township after having been missing for seventeen hours. Her clothing was torn to shreds and her face was covered with blood.

The district in which Teresa was found is less than two miles from where an eleven-year-old boy was brutally murdered last summer.

MAKES CASE FOR SEAMEN

Skeena Member Takes Up Cuijels on Their Behalf

OTTAWA.—Establishment of the eight-hour day for seamen on Canadian ships was urged Monday in the House of Commons by H. G. Archibald (CCF-Skeena).

Mr. Archibald said that Canadian seamen were trying to get berths on American vessels because conditions on them were better. The Skeena member spoke during debate on the second reading of a bill providing a lengthy list of amendments in the Canada Shipping Act.

Hon. Lionel Chevrier, minister of transport, said that the new act will give dependents of fatally injured seamen the right to institute proceedings against the ship owners.

Passing of Ed. Lipsett

VANCOUVER.—Edward Lipsett, founder of the important ship chandlery business bearing his name with headquarters here and important branch in Prince Rupert, died yesterday afternoon in hospital after a lingering illness. He had been failing for some time. During the last few days it had been realized that the end was near.

Mr. Lipsett was 81 years of age. He founded his business in 1891. He was prominent in Masonic and Rotary Club circles up to a few years ago. Besides his widow, deceased is survived by a son and married daughter.

The funeral will take place Thursday.

AIR TARIFFS TO BE CUT

Reduction of round-trip passenger fares and air express and freight tariffs, effective June 5, was announced by the city office of Canadian Pacific Air Lines this morning.

Round trip fares to Vancouver, including tax, will be reduced from the present \$89.70 to \$80.75 while round trip fare to Sandspit will be reduced from \$23 to \$22.80, including the 15 per cent tax.

One-way fare to Sandspit is raised \$1 and will be \$11 without tax instead of \$10 as at present. Fare plus tax will be \$12.65 while it is now \$11.50.

One-way fares to Vancouver will remain at their present level, \$39, plus tax, totalling \$44.85. Air express rates will come down six cents a pound between Vancouver and Prince Rupert and two cents a pound between Sandspit and Prince Rupert. Air freight tariffs will be reduced by \$3 a hundredweight between Prince Rupert and Vancouver and by \$1 a hundredweight between Prince Rupert and Sandspit.

Reduction in passenger fares amounts to reinstatement of the 10 per cent advantage to customers buying round trip tickets. At the present time, round-trip fares are just double the single way fare.

TEN PERISH IN NAPHTHA FIRE

KEARNY, New Jersey.—Blazing naphthalene, sprayed by the explosion of a five thousand gallon tank set fire to the adjoining building of Kopper's tar and chemical plant here yesterday and ten bodies were removed from the ruins of the building.

The blast was heard over a fifteen-mile area and the reflection was so bright that the blaze could be seen reflected in low-hanging clouds ten miles away.

A series of small explosions followed the blast.

EVACUATING OF CATTLE

Flood Situation in The Pas Area is Still Acute

WINNIPEG.—The Pas residents met farmers of the flooded Carrot River Valley today to complete plans to ship 500 head of beef cattle by boat some 100 miles south to pasture from farmlands so far under water. It is not known whether the Bracken dam burst or has been inundated.

Saskatchewan government barge and canoe crews are today salvaging haystacks from a few remaining dry ridges. Nearly all residents of The Pas farm areas were reported to be in The Pas before the floods reached their peak.

PARENTS HELPED HIM
Rembrandt, famous Dutch painter, was born of humble parents who recognized his ability as a child and sent him here to study under Swanenburgh.

"WORK HORSE" OF CANADIAN NAVY TO ENGAGE IN RESEARCH WORK HERE

One of the unsung "work horses" of the Royal Canadian Navy's West Coast units, H.M.C.S. Ehkoli, Oceanographic Survey Vessel, commanded by Lieutenant Robin Hayward, R.C.N., of Duncan, will be operated out of Prince Rupert this summer in research work for the Fisheries Research Board of Canada of which Dr. J. P. Tully of Nanaimo Biological Station will be in charge. There will be a scientific staff of four which will alternate between sea and shore, two being away at a time.

Ehkoli is built on the lines of a motor seiner and formed a part of the Fishermen's Reserve fleet during World War II. Ehkoli doesn't receive the "glamor," but she does get plenty of sea time. Displacing a sturdy 153 tons, and 165 feet in length, Ehkoli is built on the lines of a motor seiner and formed a part of the Fishermen's Reserve fleet during World War II.

While her duties are conducted by the Fisheries Research Board and the National Research Council, "Ehkoli" is manned by an all naval ship's company. Probably a happier crew couldn't be found in any naval vessel today. One doesn't see Ehkoli men in their home port very often, for during the greater portion of her present commission this vessel has been busy herself along the rugged waterways of the B.C. coast.

As in most small ships, there is a great bond between the 17 crew members, or eighteen when you account for "Scruffy," the ship's dog. Spending, as they do, many long weeks of uninterrupted sea time, without the comforts of a big ship, the Ehkoliites find enough to occupy themselves with when working and off duty.

Fishing is their chief amusement at the end of a hard day and the inlets of the West Coast provide the ship's company with a perfect setting. Correspondence courses are also in evidence, as in the case of Chief Petty Officer Lawrence of Victoria, who is taking a Can-

Development is Being Retarded by Absence

Western Members Take Up Matter in Parliament—Minister Promises Consideration

Q.C. Islands And Rupert

Move for Use of This Port To Be Instituted

A new move with a view to having Prince Rupert established, as its position warrants, as the mainland port for the Queen Charlotte Islands is being started by the Prince Rupert Chamber of Commerce. With steamship companies finding it impossible to serve the Islands without loss owing to the long and unprofitable run from Vancouver which the existing mail subsidy demands, representations are now to be made to Ottawa that only the shorter and more economical service out of Prince Rupert be subsidized.

Communications along this line will be despatched to Hon. Lionel Chevrier, minister of transport; J. V. Clynne, chairman of the Canadian Maritime Commission; Capt. J. A. Heenan, director of steamship services, Canadian Maritime Commission, and the Postmaster General.

Suggestion will be made that the service to the Islands be carried out either by a vessel based here or by direct service from here to the Islands run by a ship operating from Vancouver here direct along the Inside Passage.

OTTAWA—Appeal for a Pacific Coast outlet for the Peace River country was renewed in the House of Commons yesterday by two western members—Solon Low, Social Credit, and William Irvine, C.C.F., Cariboo.

Lack of such a railway outlet had held back the development of the area, said Mr. Low, who referred to the promise of Prime Minister Mackenzie King in 1925. Mr. Irvine declared that such an outlet would result in a great outflow of new wealth and an influx of population.

Hon. Lionel Chevrier, minister of transport, promised that full consideration would be given to the results of British Columbia government surveys but he felt that, before a railway was built, sufficient revenue from traffic should be assured.

FILM COUNCIL APPOINTS NEW SECRETARY

Mrs. Neville H. Gerrard, representative of the Prince Rupert Book Club, was elected secretary of the city Film Council at a meeting last night. She replaces Mrs. J. M. Black, who has resigned. Mrs. Black received a vote of thanks from the delegates for her work in organizing the Film Council.

Success of the "films for shut-ins" program, which was instituted a month ago, was attested by the reports of delegates who had aided in the showings. They reported that in all cases, the showings had been appreciated.

Stanley Olson, A. D. Ritchie and Joseph Greissel volunteered to arrange film showings at any time for bed-ridden or other confined people.

Council President L. A. N. Potterton told the members that the block of films loaned by the University of British Columbia extension department will be withdrawn in July and August. However, the projector will remain in the city for the use of those wishing to rent films from such sources as the B. C. Travel Bureau, the Department of Lands and Forests or the Department of Health.

The Film Council's fund for the purchase of films now stands at \$192. An additional \$500 will be needed in the near future for the purchase of a projector. At the close of the meeting, the latest "Eye Witness" film was shown, along with a color picture filmed by Sgt. Potterton.

Trying to Control Wild Alberta Well

EDMONTON.—Dry weather today gave emergency crews a chance to control oil and natural gas flow of Atlantic No. 3 well south of here. Myron Kinley, wild well expert from Texas, is supervising oil-splattered workmen at the hole where ten thousand barrels of oil is bubbling each hour.

VICTORIA DOCTOR'S NEW CANCER TREATMENT IS TO BE INVESTIGATED

VANCOUVER.—Officials of the British Columbia Cancer Foundation and Society said that a panel of experts may be named shortly to investigate the use of a radio-therapy technique under study by Dr. Ivan C. Tchaperoff, radiologist at St. Joseph's Hospital, Victoria.

In a statement Monday Sister Rose Mary, superior of the hospital, said: "Dr. Tchaperoff does not claim to know the cause of cancer nor to have developed an absolute cure. Dr. Tchaperoff has been able to develop a treatment results of which have already reduced the tumor so as to remove the danger in some cases and, in other cases, has caused the tumor to disappear altogether."

POLICY ON TELEVISION

Board of Governors of CBC In Session at Montreal

MONTREAL.—Board of Governors of the Canadian Broadcasting Corporation announced Monday that it will follow the policy of "not granting permission for individual private Canadian television stations to become outlets for non-Canadian systems."

Commencing yesterday the board of governors of the CBC is meeting in Montreal for three days and an important item on the agenda is television.

Two applications from Toronto and one from Hamilton are being heard.

Among other things to be discussed is the question of mentioning of prices in radio advertising. American stations can use prices, Canadians are prohibited by law from doing so.

THE WEATHER

Synopsis
A storm centre moving into the Gulf of Alaska this morning will bring rain to the northern British Columbia coast tomorrow. For the southern coast and interior of the province bright sunny weather is expected this afternoon and Wednesday.

Forecast
Prince Rupert, Queen Charlottes and North Coast—Southern section, cloudy, clearing this afternoon. Cloudy Wednesday. Wind light. Little change in temperature. Lows tonight and highs Wednesday—Port Hardy 42 and 58.

Peace River Outlet

THE NEED of a direct railway outlet from the Peace River to the Pacific Coast was again brought to the fore in Parliament yesterday. The remarks of Solon Low and William Irvine are of particular interest in Prince Rupert, which is so vitally interested in the Pacific Coast railway outlet for the Peace River since this is the logical outlet point. It is also to be noted that J. R. Macnicol, a prominent Progressive-Conservative member, is taking an active interest in the outlet question.
Little has been done by the government since the historic promise of Prime Minister Mackenzie King away back in 1925 in regard to a Peace River outlet. It is to be hoped that resurrection of the subject will spur the government into action. Support of a few Liberal members now might turn the trick.

EDWARD LIPSETT

NEWS OF THE DEATH in Vancouver yesterday of Edward Lipsett is received with regret by his many friends in Prince Rupert. Mr. Lipsett for many years had been identified with the business of serving the fishermen out of Prince Rupert through the branch of his business which was founded almost simultaneously with the inauguration of this as an important halibut landing and shipping centre when the railway was opened up thirty-four years ago.
Mr. Lipsett, starting at the bottom, became one of the coast's most successful businessmen. He was almost as well known as a lodge man, club man and entertaining speaker. Through his frequent visits to Prince Rupert over a long period of years he became a familiar and esteemed figure here.

WILL ATTEND LEGION MEET AT SASKATOON

Immediate Past President Vic Houston, accompanied by Philip M. Ray, secretary-manager of the local branch of the Canadian Legion, are leaving on tomorrow night's train for Saskatoon to attend the twelfth biennial Dominion convention of the Legion which opens on May 23 and ends May 27.
J. S. Wilson, zone representative for Prince Rupert and district, an area which includes Bella Coola, Ocean Falls, Stewart and branches as far as the Bulkley Valley will leave on Friday night's train as local duties prohibit him from departing in time to attend the opening ceremonies.
His Excellency Field Marshal Viscount Alexander of Tunis, governor general of Canada and grand patron of the Canadian Legion, and Lady Alexander, will arrive at Saskatoon on May 22 and will open the convention on Sunday night. Sunday's program will include divine service, church parade to the cenotaph and the March Past at which the Governor General will take the salute, followed by a drum head service. Business meetings will commence early on Monday morning.
Twelve hundred Legion delegates from every province in Canada are expected to be present.

Letters to the Editor

MILK SITUATION

Editor, Daily News:
Permit me the space to analyze the situation as it exists in the milk supply in Prince Rupert today.

Large shipments of milk are now arriving from Vancouver. To handle these shipments only a small investment is necessary—a car and a refrigerator. The same applies to the earnings which these shipments leave in Prince Rupert—when the account is paid the Vancouver dairies and their employees and Fraser Valley milk producers benefit.

Northern interior lands are not developed in this way.

These Vancouver shipments are only made possible because of the three trains weekly service on the C.N.R. Certainly the way to get more trains is not by shipping less.

During the war we had six trains weekly and there were three dairies in Prince Rupert and we all had cows. The added train service indirectly changed that and left this dairy to handle it all. I can assure you that it has been more of a responsibility than a monopoly and has not been abused.

Canada imposes duty on United States manufacturers so that plants must be built in this country. Similarly the city might tax large volumes of milk coming in from the south when our own is available.

VALENTIN DAIRY,
H. B. W. Valentini.

IN THE SUPREME COURT OF BRITISH COLUMBIA
IN PROBATE
In the Matter of the Administration of the Estate of

Alfred Edward Roddis, Deceased, Intestate
TAKE NOTICE that by Order of His Honor, Judge W. O. Fulton, Local Judge of the Supreme Court of British Columbia, I was on the 30th day of April, A.D. 1948, appointed Administrator of the Estate of Alfred Roddis, late of Atlin, British Columbia, who died on or about the 18th day of February, 1948, at Atlin, British Columbia. All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said estate are required to file them with me properly verified on or before the 15th day of June, 1948, failing which distribution will be made having regard only to such claims of which I shall have been notified.
DATED at Prince Rupert, B.C. this 1st day of May, 1948.
ALFRED EDWARD RODDIS,
Official Administrator,
Atlin, B.C. (117)

JIM WEST SAYS

... ABOUT WORK
When I was at that tender age when the folks at home were shaping my character (and look what happened), I got some awfully old-fashioned advice about work.

It was made pretty clear to me that I might be a social liability if I lied, cheated, stole or was careless about other people's lives... but if I turned out to be a LAZY MAN, well then there was no hope. Right thinking society would treat me with contempt.

Unlearning those lessons comes hard. And yet the smartest, slickest people with the most advanced philosophies have got an entirely new slant on work.

Work, it seems, is something a man has a sacred right to demand. Somebody must provide him with work, even if it is the government.

But, say the new thinkers, having got work, a man should do just as little of it as possible.

It's pretty hard to figure out, nowadays, whether a man should do only a little work and be smart, do no work and be a benefactor of mankind, or fall into the old-fashioned, erroneous ways of working vigorously and doing a full day's stint in the belief that if he and everyone else produce more, there will be more things to consume and therefore a happier condition for more people—and lower prices, too.

Jim West
"Jim West Says..." is sponsored by the British Columbia Federation of Trade and Industry.

THEATRE PRICES

Editor, Daily News:
Showing here is the picture "Gone With the Wind" which, if I recall correctly, was here four years ago. Why should the price go up on a picture that is old? Why not keep the regular price for new and old pictures alike so that everybody may have the pleasure of seeing them?
Thanking you for space,
CORA LIDDARD.

YOUTH RALLIES PLANNED IN CITY

Bound for Ketchikan, where they plan to hold a series of "Youth for Christ" rallies in city churches for the next three weeks, Clifford Lewis, Chicago organizer of the movement and a vocal quartette from The Prairie Bible Institute, Three Hills, Alberta, were visitors in the city recently.

The group held a rally at First Baptist Church which was attended by a congregation of 80. Mr. Lewis delivered an interesting lecture on the need for a Christ-like approach to living and the quartette sang a number of gospel songs.

Mr. Lewis also organized a "Youth for Christ" committee in the city. The group plans a series of youth rallies beginning May 29. Members of the committee are interdenominational. Mr. Lewis told the gathering that "Youth for Christ" is a tremendous movement that is sweeping across Canada and

THIS AND THAT

"Hurry, dear, or it will start to rain before you finish!"

America and is God's answer to naturalism, modernism, communism and materialism that has invaded our schools and colleges for a generation." Thousands of young people gather at weekly Saturday night youth rallies and the movement is being found as an answer to delinquency, he said.

USEFUL INVENTION
Electro-magnets made by passing an electric current through a wire wound around an iron or steel core, were invented by Oested in 1819.

BLACKHEADS

SERVING CANADIANS THROUGH CHEMISTRY
C-I-L
"Chemistry?"
IT DOESN'T MEAN A THING TO ME!

IF YOU WERE a farmer it might seem that way at first glance. But take another look.
Those fine crops, which mean so much to Canada's health and economy, often depend upon chemical fertilizers. Weed and pest destroyers, orchard sprays, too, are but a few of the services that chemical research extends to agriculture.
Through good times and bad, the chemical industry plows a straight furrow, ever moving forward to create better things for farm, industry and home. Look to chemistry with confidence for a finer future... and to the C-I-L oval symbol of an organization devoted to serving Canadians through chemistry.
For instance:
HERBATE
Among the many contributions of chemistry to agriculture and horticulture is the killer, "Herbate" that eliminates mustard-weed, dandelions, plantain and other weeds without harming grain or grass. It is a product of Canadian Industries Limited, Head Office, P.O. Box 10, Montreal.

BOOTH P.-T.A. NOMINATES

Eleven members of Booth Memorial High School Parent-Teachers' Association have signified their willingness to serve as officers and on committees during the coming year and nominations for others will be invited from the floor at the next meeting.

Those nominated so far are:
For President, Rev. Basil S. Prockter.
First Vice-President, R. D. Cleland.
Second Vice-President, Mrs. H. Harrison.
Secretary, John Church.
Treasurer, Mrs. A. Mattson.
Membership Committee—Mrs. E. W. Becker, Mrs. E. E. Hyndman.
Social Committee, Mrs. A. S. Hamilton.
Program Committee, Mrs. J. H. Black.
Publicity, Miss E. G. McHalam.
Literature, Mrs. C. J. O. Olsen.

George Woodworth, a former Northern British Columbia and Yukon prospector and miner, is back in the north, after having finished a long term contract abroad. He has been working with an oil company located on the Persian Gulf. Mr. Woodworth has returned to British Columbia to resume mining.

Mr. and Mrs. Fred Kempton sailed last night on the Princess Adelaide for Vancouver on their way to Vernon where they will attend the annual ceremonial of Shriners of Gizeh Temple. Afterwards they will spend a couple of weeks visiting friends in the south.

Three Vancouver doctors, Dr. L. H. Leeson, president of the British Columbia Medical Association, Dr. F. L. Whitehead, and Dr. J. E. Walker, arrived in the city by plane this afternoon to take part in the annual meeting of the Prince Rupert Medical Association, scheduled to be held at the Civic Centre tomorrow. Dr. W. A. McElmoyle, of Victoria, who also will take part, is already in the city.

Local News Items...

Prince Rupert Retail Merchants' Association meeting 8 p.m. Civic Centre tonight. (118)

Fred Chandler, well known pioneer citizen, has been obliged to remain at home for the past few days through illness.

Mr. and Mrs. Alex Finnie are sailing this Thursday night on the Prince Rupert for Chilliwack where they will make their future home.

B. T. Phillips, former Indian Agent at Massett where he now lives in retirement, arrived in the city on the Coquitlam Sunday from the Queen Charlotte Islands for a two weeks' visit.

George J. Dawes is taking over the skippership of the fisheries patrol boat Onerka operating in the Naas River area. His son, Edward Dawes, is taking charge of the auctioneering and second hand business during his absence.

Bishop J. B. Gibson, who returned recently from Smithers, reports that east of New Hazelton the roads can certainly stand improvement. Between Burns Lake and Houston the highway is practically impassable and the going is bad enough from Vanderhoof to Prince George.

Dr. R. H. Ball, assistant to the vice-president of the Celanese Corporation of America, D. G. Stenstrom and A. F. J. Brandstrom of Seattle returned to the city Monday night from Terrace where they spent the last few days fishing at Lakelse Lake. They were accompanied by Allan Morgan.

Mr. and Mrs. Alex L. Gordon who have been in the city for the last week, sailed on the Cardena this afternoon on their return to their home at Vancouver. Mr. Gordon is a vice-president of the Trades and Labor Congress of Canada and an official of the United Fishermen and Allied Workers' Union.

J. A. Rutherford left on the Cardena this afternoon on a business trip to Namu.

A. T. Attree of Terrace left on the Cardena this afternoon on a trip to Vancouver.

G. W. Nickerson is leaving Thursday night on the Prince Rupert for Vancouver on a six weeks' business trip.

Thomas B. Black, general manager of the Northern British Columbia Power Co., returned to the city on the Cardena today from a brief trip to Stewart on company business.

Charles Graham, retiring inspector of mines, having been stricken on Sunday with a heart attack, is a patient at the Prince Rupert General Hospital where he is reported to be resting favorably.

Norman MacLeod of Vancouver, who spent the last few days in the city visiting his brothers Alex and Rod, left on last night's train for Prince George where he plans to join the editorial staff of the Citizen newspaper.

Dr. J. L. McDougall, provincial organizer for the Liberal Party in British Columbia, arrived this afternoon by air to attend the district Liberal convention which is to be held here tomorrow.

A. F. J. Brandstrom of Seattle, consulting forester to the Columbia Cellulose Corporation, left by plane this afternoon to return south after spending the last week in the district in connection with the pulp mill project at Watson Island.

HAPPY RECOVERY
Melancholia, in which a patient may have suicidal tendencies, usually has a more complete recovery than any other type of insanity.

TWO IN ONE
Norway and Denmark were united from 1380 until 1814.

The George Matthew Adams Service, Inc.

"A fine thing! After I slave all day over a hot stove, you're not coming home for supper!"

MARY SYLVESTER SHOWER HONOREE

A miscellaneous shower in honor of Miss Mary Sylvester, whose marriage is to take place shortly, was held at the home of Mrs. J. Basso, Ninth Avenue, on Friday evening.

The room was tastefully decorated with pink and white streamers. A bowl of daffodils and pink tapers centred the table.

The evening was spent in the playing of court whist, prize-winners being Mrs. G. Scott and Mrs. A. Dumas. Delicious refreshments were served by the hostess. Gifts in a daintily decorated basket were opened by the bride-elect.

Those present were Mrs. B. Sylvester, Miss Mary Sylvester, Mrs. E. Pettenuzzo, Mrs. W. D. Griffiths, Mrs. S. Culos, Mrs. O. Vaccher, Mrs. A. Montesano, Mrs. M. Montesano, Miss Rose Montesano, Mrs. G. Viereck, Mrs. L. Colussi, Mrs. M. Dvornak, Mrs. L. Amadio, Mrs. A. Dumas, Mrs. A. Campagnola, Mrs. G. Scott, Mrs. Evans, Mrs. Martinson, Miss Cavalier, Mrs. Rosin, Mrs. J. Basso, Mary Basso, Mrs. Santurbane, Mrs. Ciccone, Lily Sylvester.

Gyro Party At Seal Cove Base

Fifty Gyros, Gyrettes and guests enjoyed a happy dancing party Saturday night at the Seal Cove air base. The affair was to honor and entertain the Gyrettes who had assisted so effectively in connection with the recent Klondyke Night success. Fine piano music for dancing was provided by Andy McNaughton in his usual style. A splendid supper was provided under the direction of Norman Baker. Dr. Jens Muntbe was in general charge of the arrangement of the party.

Bringing American Dollars to Canada

In 1947 Canada's trade with the United States exceeded two and three quarter billion dollars. It is the heaviest two-way trade in the world. Canada's need for American dollars to sustain this trade is vital.

Who brings American dollars to Canada?
People who make and export goods; and people who cater for tourists.

And, of course, your bank helps... by financing business and industry to expand production for export. This is one of the many ways in which Canada's system of competitive banking serves the Canadian people.

SPONSORED BY YOUR BANK

THIS STORE IS PREPARED TO ANSWER IT

The occasion may be what it will—it's our duty to be ready to supply you—and we can do it too.

With pleasure to you because of the size of our display. With profit to you because of our ability to sell close.

When the gift question presents itself, let us show how easily we can match your ideas.

Bulgers

A CLASSIFIED AD IN THE DAILY NEWS WILL BRING RESULTS

"I don't care if you can't cook, darling - so long as you can open packages of Post's Grape-Nuts Flakes!"

"Oh, George - you're wonderful! I'll just open a package of malty-rich, honey-golden Post's Grape-Nuts Flakes, and quick-like breakfast will be ready!"

"Um-m-m - that one-and-only, out-of-this-world Post's Grape-Nuts Flakes flavor!"

"And good nourishment, too, don't forget."

"Yep, Hon - they're jam-packed with carbohydrates, minerals and

other food essentials that sure will make your husband a husky guy!"

"And of course I was only kidding about not being able to cook. I can make scrumptious cookies, cakes and other good things from those tested recipes on the Post's Grape-Nuts Flakes packages."

"How about picking up some crisp, crunchy Post's Grape-Nuts Flakes on our way down to get the marriage license?"

Fight 'New Look' In South Africa

Petitioners Will Ask Women Not to Wear Long Skirts

JOHANNESBURG, ©— South African women are to be mobilized in an effort to kill the new look. They will be asked to sign a country-wide petition pledging themselves not to wear the new fashionable skirts and padded-hip styles.

South African manufacturers and dressmakers will be presented with the petition, now being sent to all women's organizations in the Union. It will ask them to continue making and selling the "simple" comfortable styles which we have worn in the past and will continue to wear in the future.

Petitioners will make three charges against the new look: that most women cannot afford to get new wardrobes; that they have no intention of wearing corsets and paddings—the basis of the new look—because corseting causes ill-health; and that an enormous amount of cloth, which could be used to clothe the needy in Europe, is wasted in the new styles.

"For the fashionable coterie who have plenty of money to lavish on themselves and fashions, the new look may be all right. But it will waste the hard-earned wages of working girls, will cause jealousy and unhappiness, and will increase the cost of living," said one of the organizers of the petition.

STEEL PIT-PROPS

A new tubular steel prop to replace timbers in mines is in use in Australia. The steel is not affected by rot or dampness.

Reminiscences and Reflections

By W.J.

The gold strike out Park Avenue marches on. The following which first appeared in Maclean's Magazine now reappears in Readers Digest, and says: "We hope that ghosts of those hard-bitten sordoughs who fought their way up the trail of '98 by dog team and snow shoe don't hear about the new gold strike in the Prince Rupert gravel pit. The flame-red wreath of Sam McGee would come roaring out of his fiery furnace again if he should see the taxi ad in the Prince Rupert Daily News: 'Attention prospectors!—We will drive you to the gold field for one dollar.'"

Alderman Cornett declares that if the canine control law is not better enforced, the Vancouver City Hall will be full of dogs as well as people. There is lack of co-operation. It may never come to that in Prince Rupert but it must be confessed that in this city, there are a powerful lot of peaches that enjoy life, liberty and the pursuit of happiness.

The late Ernie Pyle, correspondent, understood soldiers and war. He'd seen considerable of both and could always appreciate when a weary foot-slogger, in any army, had reached the limit of patience and endurance. One ink-black, rainy night, in Italy,

troops were trying to follow a narrow, up-and-down, rough sort of trail. Tempers were frayed. A heavily laden private took a mis-step and fell into a ditch, full of filthy water. After the third attempt to drag him free, and ex-change of the wickedest profanity Italy had heard up to that time, there came a period of silence. Then a youthful voice, from somewhere in the ranks, remarked: "I'm going to write my congressman about this."

An authority on etiquette rules that, in using a spoon, the side must lie parallel to the lips. Never should it point toward the mouth. It is comforting to have this little point settled. In our social past there have been moments of uncertainty, if not downright embarrassment.

The cost of living continues to rise. Jobs are not so plentiful. Food is still shipped overseas because that's where it is needed most. There are strikes every now and then. Next month a million dollars will be scraped together for something of real, not casual, importance. Mr. Louis and Mr. Walcott will exchange blows—not necessarily violent and which may terminate in anywhere between five and thirty minutes.

RESEARCH BOARD TO VISIT HERE

In the course of a visit to the Pacific Coast, heads of the Fisheries Research Board of Canada who spark scientific work in connection with the Dominion's fisheries will pay a visit to Prince Rupert June 21, coming here particularly to visit the experts of the Board who are employed in salmon investigations of the Skeena River as well as the staff engaged in oceanographical survey work out of here.

The party will include Dr. G. B. Reid, chairman of the Fisheries Research Board of Canada; J. R. Diamond, vice-chairman; Mayor D. H. Sutherland, executive director; Dr. A. G. Huntsman, editor; Prof. I. M. Fraser, O. F. McKenzie, Dr. J. H. L. Johnstone, Dr. D. L. Thompson and Dr. G. Prefontaine, directors, and F. O. Weeks, honorary treasurer.

The party will leave for the interior on the day following arrival here.

A committee of the Prince Rupert Chamber of Commerce

consisting of G. E. S. W. J. Scott and J. T. H. have been delegated to make arrangements for the visit here, collaborate with K. F. of this city who is also a member of the Board.

King's Plate Is Still Obscure

TORONTO, (P) — Winnipeg-owned Lord Fairmont and Toronto-owned All British won their respective divisions in the King's Plate trial on a muddy track Monday, leaving the question of who will win the classic plate next Monday as obscure as ever. Vancouver-owned Red Bottle finished third to Lord Fairmont after being last out of the gate and badly outpaced earlier.

Today in Sports

SHORT SPORT

When middleweights George Robs and Len Wadsworth traded punches in what was billed as a title fight in Glace Bay, Nova Scotia, nearly three weeks ago, neither realized they had started eastern sports writers swarming over the Canadian Boxing Federation.

First to throw one was Alex Nickerson of the Halifax Herald who wrote that Wadsworth thought he was defending his title in the 12-round bout at Glace Bay. When the fight was over, Nivk recounted, Wadsworth thought he had lost the title but then the Canadian Boxing Federation declared the fight didn't count because the Cape Breton Association was not affiliated with the C.B.F.

Then Dink Carroll of the Montreal Gazette took it up with the query: "Who is the C.B.F.?" and promptly answered: "So far as we know the C.B.F. is only one man, Frank Hogan, who is nominally the chairman, though we have heard other names mentioned vaguely in connection with it at one time or another. Frank Hogan twice served as head of the Montreal Athletic Commission and he was a fair-minded and conscientious official. But he has been placed in the ridiculous position of being head of a practically nebulous body which has no office, no stationery, and which does not hold regular meetings."

In rebuttal Andy O'Brien of the Montreal Standard retorted with the remark: "A lengthy but lame attempt to belittle the Federation without apparently attempting to get the facts." "Frankly," said Andy, "I regard the attack as undeserving—the only really constructive steps toward putting Canadian boxing on a sound basis have been made under Hogan's leadership and through the Federation which includes Wilfred San-

BEST WISHES FROM BLIND

Montreal Eye Specialist Off to Ophthalmic Conference

MONTREAL—The hope and best wishes of every blind person in Canada yesterday went with Dr. Jean Audet Lapointe, a distinctive, quiet-spoken Montreal doctor on the staff of the Ste. Justine Hospital, as he boarded a Trans-Canada Air

Line's North Star at Montreal airport. He is going to Nantes, France, to attend a congress of the French Society of Ophthalmology.

Dr. Lapointe is believed to be the only Canadian doctor to have successfully restored sight to several patients by grafting to their eyes the cornea taken from those of dead persons. The delicate operations have achieved wide fame for the doctor who has been studying the theory of cornea grafting for many years.

At Nantes, Dr. Lapointe will join many of the world's greatest specialists at the congress of the French Society of Ophthalmology on May 23. Two days before the congress the specialists will meet to exchange the latest techniques in modern surgery. The Montreal doctor has been invited to perform one of his noted eye operations before the specialists during his visit to Nantes.

On his return Dr. Lapointe plans to establish an "eye bank" throughout Canada. He pointed out that many problems would have to be overcome, particularly since the cornea from the eyes of a dead person had to be used within three days.

WATCH YOUR STEP
Athlete's foot is a highly contagious ringworm whose spores live indefinitely in socks or clothing.

HAD TO BE SMART
A professional reciter or entertainer was often kept by medieval households of the wealthy to entertain the master or his guests.

TINY TOTS' CLASS OUTSTANDING

The Rup Rec Tiny Tot's class has completed another highly successful indoor season's activity at the Civic Centre. This class, which is one of the largest single groups to meet under the Rup Rec banner boasted an average attendance of 45 to 50 pre-school age children at the regular Friday morning classes held weekly since early last fall.

With the advent of the warmer weather the children will no longer hold their indoor meetings but will now be encouraged to take part in the outdoor supervised playground program.

With the help of volunteer workers the Rup Rec staff have taken these tiny tots through a course of group games, marching and singing games, with a view to teaching them the fundamentals of group discipline.

The Civic Centre's professional staff have expressed satisfaction with the season's accomplishments but declare that much of the credit must go to Mrs. E. D. Forward, Mrs. Nell MacDonald, Mrs. J. M. Black and Mrs. H. Nowak, whose volunteer assistance made a successful program possible. Both staff members and the volunteer helpers are looking forward to the resumption of these classes in the fall.

Gagnon Retains Bantam Title

QUEBEC.—Fernando Gagnon Quebec City boxer, had a full 12-round work-out here last night in scoring a decision over Franklin Pucci of Toronto to retain the Canadian bantam-weight crown. Each scale 117 pounds.
