New Year's Thoughts

TO MOST PEOPLE, the final day of 1948 is important only because it is the springboard into the New Year, the Year of Promise and Opportunity, the year when things will be fulfilled. That feeling is just as normal as is all human pre-occupation with the future as the fulfilment of the present.

Division of Time into arbitrary cycles, while both useful and necessary to the conduct of human affairs, seems, however, to create a condition of mind in which people tend to adjust themselves on a short term basis—a 365-day tenure.

They are inclined to forget the important fact that the chronicle of mankind is one of constant, large movement, not a tight, little 365-day circle as the calendar and the seasons closely indicate.

History, art and religion are all long. They have a steady movement—some might question whether or not it could be called progress—which has been continuous since the beginning of Man himself. This movement began before the invention of the calendar or the awareness of beauty or even the conception of Divinity.

It will continue. Its building blocks are the lifetimes of men, and the cells which compose the blocks are the actions of men. That gets us back to immediate things, such as New Years.

The advent of 1949 in Prince Rupert is one which bears a strong promise of prosperity and growth. But while these indications manifest themselves most clearly in 1948, they did not begin then, nor in 1947 nor the year before that. They are the products of more than a generation of men's pioneer actions.

Nor is it to be presumed that 1949 will be the high point of the city's progress. Let us hope that the year will deliver the best that current conditions allow so that in turn, even better ones may follow. Prince Rupert has had a short past, but it will have a long future.

In the meantime, despite these weighty ponderings, the Daily News extends to its readers its best wishes for a 365-day cycle of prosperity and more immediately, a joyous New Year's holiday.

CANADA MEDAL—Created in 1943, this silver medal may be awarded to civilians or servicemen, Canadians or foreigners, "for meritorious service above and beyond the faithful performance of duties." As yet the distinctly Canadian medal has not been awarded but rumors say its first recipient may be William Lyon Mackenzie King, former prime minister. The ribbon has a white stripe on a red background.

Reminiscences and Reflections

By W.J.

There's one comforting feature about New Year's Eve. Another full five months will have to pass before there will be any necessity to start an argument over the wisdom or folly of Daylight Saving.

Inclusion of the island of Newfoundland as Canadian territory will increase greatly the dominion's annual total of deep sea product. There's another island, and this time out west, that's doing pretty fair in the same line. The location is near Alaska.

The wonders of faith! Each day is becoming longer. Notice it?

For the reality of life, we

learn too late, is in the living tissue of it from day to day, not in the expectation of better, nor before there will be any necessity to start an argument over the wisdom or folly of Daylight Saving. Those two things, to be always looking ahead and to worry over things that haven't yet happened and very likely won't happen—these take the very essence out of life. If only one could live each moment to the full, in a present intense with its own absorption.

The drive for more recruits in Canada, next year will emphasize better pay, improved radio, superior food smarter uniforms and more comfortable housing for married warriors. It thus keeps up the hard-boiled non-com who comes along at mess-time to bark "any complaints," will lose his job.

SATURDAY SERMON

REV. PAUL A. BARBER
A RESOLUTION FOR 1949

Dr. Alexander MacLaren wrote that he was not half so much afraid that intellectual doubts and the formulated, conscious disbelief of this generation would affect people, as he was afraid of the unconscious drift sweeping them away before they know. And this thought is borne out in Hebrews 2:1, "Therefore we ought to give the more earnest heed to the things which we have heard, lest at any time we should let them slip." This conveys a vivid picture of a man holding some treasure with limp fingers and allowing it to drop from his grasp.

The Revised Version renders this phrase—"lest at any time we should let them slip"—in this manner: "Lest haply we drift away from them." Drifting is the thing to be afraid of. Just as some boat—not made fast to the bank glides downstream so quietly and with so little friction that her passengers do not know that they are moving until they come up on deck and see new fields around them; so we shall drift away from the great central truths of the Gospel which we have heard and to which we ought to be moored, if we do not continually renew our familiarity with God's word and the Gospel to which we trust.

There are a number of things which cause us to unconsciously drift. For one thing there is the current of years. Time changes all of us and there is many a professing Christian who keeps up appearances but who all unconsciously has slid away from his first love for Christ and has become cold in his soul or perhaps even worldly in his living. Then there is the current of familiarity with the Truth whereby the deep abiding fundamentals of our faith in Christ become commonplace and we lose interest in the things of God and our service for the Lord.

Then too there is the continual pressure of our daily cares and the busy lives we lead. This perhaps above all else tends to carry us away from the real business of earnest Christian living. We get so busy with temporal things of life that God is crowded out and even when we do attend church, our bodies are too tired and our minds too active with outside thoughts to give the proper participation and worship that we ought to give. It is tragically possible and in fact is very easy to take the path

of least resistance and lose out in our spiritual life.

You may remember the account of the man in the Old Testament who had a prisoner put in his charge to guard carefully but he escaped and his excuse was, "As thy servant was busy here and there, he was gone." He had so many other things to do, that he could not always keep his eyes on his prisoner, and he slipped away without the servant's knowing it. That, my friend, is the history of the decline of many professing Christian's Christianity. They are so busy here and there, doing legitimate things of life that the more important things of eternity have slipped away and they do not realize it. In regard to the fact that the eternal things are the more important, Job said, "I have esteemed the words to His mouth more than my necessary food."

The end of a year gives us an excellent opportunity to take stock of ourselves. How is our devotion to God? Perhaps for most of my readers, a start has yet to be made. By that I mean you have yet to surrender your life to Christ and take Him as your Saviour. Without that personal experience of the New Birth there can be no relationship with God because we are all sinners and come short of the glory of God.

Knowing these things let us "give the more earnest heed to the things which we have heard." "For how shall we, escape if we neglect so great salvation?" Let the Lord throw the searchlight of His Word upon our hearts, and as the Psalmist of old, say: "Search me, O God, and know my heart; try me, and know my thoughts; and see if there be any wicked way in me, and lead me in the way everlasting."

How wonderful it would be and what a change would take place in our city if every one of us would make that our first resolution for 1949.

A group of young city men who are attending University of British Columbia are sailing Sunday night to return to Vancouver after having spent the Christmas holidays with their families. They are Gordon Calderwood, A. E. Burnip, B. Currie, J. Wesch, D. Kristmanson, N. Martinsen, R. Ward and Don Hartwig.

Yesterday afternoon in the hall of the First United Church a happy social gathering was enjoyed by members of two groups of the Canadian Girls in Training and the Junior Choir.

Many games and competitions were played under the direction of Mrs. R. A. Wilson while community singing was enjoyed with Mrs. L. Dakin at the piano. Following a lot of activity the children adjourned to the kindergarten room where ample refreshments were laid out on attractively decorated tables with Esther Harrison and Mary McAfee assisting in serving.

The whole affair was most enjoyable and was arranged as a tribute to the work of the members of both organizations. Rev. R. A. Wilson was in general charge.

IN MEMORIAM
 Loving memory of a dear wife and mother, Mrs. Marlon Moran, who passed away three years ago.
 Some wearied with suffering she longed for the rest that God gives His own in the land of the blest. She has patiently borne the cross here below. And now she is wearing the crown on her brow.
 How often we long for the sound of her voice. As she told us to mourn not, but rather rejoice. And we seek for the touch of the now vanished hand. That is beckoning to us from the heavenly land.
 Oh, God, in Thy mercy send help from above. When Thou takest away the friends that we love. In our hearts sad and lonely come Thou in and dwell. And help us to say—It is well, it is well.

—Ever remembered by Dad, Betty and Enid.

LOCALS TAKE KETCHIKAN IN FIRST OF INTERNATIONAL HOOP SERIES

PRINCE RUPERT 48, KETCHIKAN 44
 The first game of the annual International Basketball Series between Ketchikan Rockets and Prince Rupert, under the sponsorship of Rupert Men's and Boys Store, was played last night before a large crowd in the Civic Centre Gym. The final score was 48-44 in favor of the home team.

The visitors are a fast young team. This year they have gone in for speed and youth. Absent from this year's squad are such familiar names as the Farstad brothers, Mills, Wiggs, Phillips and Bussanich.

It was the first appearance of the locals this year, and the first time in many years that the local team is under a business sponsor. The past few years they have gone under the local Association.

The game started out very slow with both teams finding it hard to hit the basket. Most of the scoring was done at the free throw line with the visitors showing the way in that department.

Rupert was stymied by the zone defence thrown up by Ketchikan. Although they have practiced plays for this type of defence they couldn't break through it. They were forced to shoot from the sides and far out.

Shooting by both teams in the first half was very poor. Ketchikan led at the quarter 9-6 and at the half 17-15. Jack Lindsay was the only Rupert player to hit the basket regularly and it was his scoring that kept them in the game. He was high point man of the evening with 16 points. Most of the scoring in the first half was done on foul shooting for both teams.

The second half had both teams loosening up their play and the players beginning to find their shooting eyes. Ketchikan held their edge in scoring and also in floor play. Rupert began to show signs of combating the mysteries of the Ketchikan defence. The third quarter ended 30-26 for the visitors.

At the start of the final 10 minutes Rupert started to use the fast break and long passes effectively enough to ring in three quick baskets and take the lead.

From then on it was a see-saw battle with each team fighting hard to get a lead and hold it. With Lindsay and Arney checking up court and using the fast break, Rupert managed to break through the Ketchikan defence. This afforded the locals chances to score much needed baskets. With the final minutes ticking away Rupert suffered heavy losses as they lost Beynon, Lindsay and Macphee via the foul route. In the third quarter Dominato went to the bench the same way. This put the burden on the younger players in the final minutes of the game and they came through with the victory.

The general floor play of the game was in favor of the visitors although they lost. The zone defence was unbeatable until Rupert awakened and did something about it. Detracting from the Alaskan players performance was their rough boat journey that brought them into town only a few hours before game time. Vincent on the guard line was outstanding for them. Although not very tall, he came up with an amazing number of rebounds. Ludwision

A Good Year Past — A Better One Coming

In view of the successful record of sports in Prince Rupert in 1948 there is every reason to feel sure that 1949 will be just as successful, if not even more so.
 There are two angles from which to consider the success of sport in any community. There is the question of how many citizens take part in the various sports and then there is the question of how many are spectators.
 With our unequalled facilities provided through our Civic Centre there is every opportunity for active participation and also for spectator enjoyment.

Basketball is our major sport in the winter with a senior, an intermediate, a junior and a juvenile league all fully active for the males and a ladies league for the so-called weaker sex. Bauminon has many devotees with the courts usually in complete use. Outdoors we have an active Ski Club with both sexes very active. All of these are well organized and seem assured of a successful season.

The forthcoming visit of the Harlem Globetrotters puts Prince Rupert on a level with the greatest cities on the continent. And we are also looking forward to the B.C. Basketball Senior B. championships here.

Looking further ahead there is every indication that fastball and baseball will have a successful year. Younger players are stepping into the shoes of the older set and the young show promise. The ladies' fastball needs to be reorganized. The resumption of football last year was most successful and this sport seems to be well on its way back to its former popularity. Tennis attracted only a fair number of players last season but it also shows signs of doing better next year.

It is hoped that the Canadian Legion will again sponsor a track and field meet as part of the observance of Dominion Day. This will give the would-be aspirants in the district an incentive to start training early. There is real talent locally if it can only be discovered and then developed. And an organized meet will be the greatest single factor in promoting this development.

Then let us live up to the motto of "Sports College." Keep fit, play fair and live clean, and so make 1949 a banner year for sport.

The Perfect Setting

... for the perfect Holiday Season
Soon will come, the gay laughter of New Year's homecomings
... The atmosphere of happy people ... your own kin and
the good neighbors. Good food, good folks, good talk calls
for the finest beer. Princeton beer is sure to be on the tables
of most people. It is mellow, golden-rich in body ... and
every drop is brewed under the expert supervision of one
of the country's ablest brewmasters.

AVIAN WEAKNESS
Birds are more susceptible to
carbon monoxide poisoning than
humans.
HEAVY TRAFFIC
During 1948 more than 27,000
ships entered and left the
port of London.

TO OUR PATRONS:
We the Management and Staff of the
