BRITAIN'S WORST SKY DISASTER

THIRTY-NINE PERSONS DEAD

Two Planes Collide In Midair During Rainstorm

LONDON (CP)—Still smouldering wreckage of a crashed-out Royal Air Force transport and a Scandinavian Skymaster today marked the death scene of 39 victims of the worst disaster in the history of high civil aviation.

The planes collided in mid-air near suburban Northampton during a rainstorm.

Sunday and, gyrating madly in parts of the wings and tail sections torn off, plunged in flames to earth.

The Royal Air Force transport crashed in a wooded area known as "Maggess Hill." Lone passenger in the transport was the British High Commissioner for the Federation of Malay States, Edward Gurney.

The Scandinavian plane carried 38 passengers and seven crew members, all of whom were killed.

Eye-witnesses told a great explosion they heard above the clouds and further explosions when the planes hit the ground.

Bodies of the victims were mangled horribly and in most cases were not immediately identifiable.

A government investigation has been ordered.

PRINCE RUPERT AS Q.C. ISLES PORT

Department of Commerce suggestions being considered at Ottawa

Proposal of the Prince Rupert Chamber of Commerce that a membership service should be instituted from Prince Rupert to the Queen Charlotte Islands, eliminating the present unproductive run to the islands.

The Chamber communicated with the Canadian Maritime Commission, the Postal Department, the Department of Transport and the Department of Trade and Commerce.

Members have now been received by the secretary of the Canadian Maritime Commission.

The Commission's preliminary report would be much appreciated as to the possibilities of increasing Island traffic through Prince Rupert.

The Post Office Department appreciates the suggestion which will be considered in the near future.

It is understood, however, that the whole question of steamship service to the Islands will be brought up at Ottawa in the near future in view of a continuing

loss under the present set-up by running from Vancouver to the Islands rather than from Prince Rupert.

WARSHIP VISITS
Cruiser Atlanta at Juneau for Celebration

JUNEAU—The American cruiser Atlanta was in Juneau for the Fourth of July celebration festivities. Her tonnage is 10,000 and skipper Captain Rodger W. Simpson. The Atlanta crew is divided into 42 officers and 730 enlisted men of the regular navy. The Atlanta will be at Juneau for about ten days.

THE WEATHER
Synopsis
A minor disturbance which brought light rains to the western sections of British Columbia over the week-end has moved inland, accompanied by considerable thunderstorm activity and showers in the Rocky Mountains. Clearing skies are expected over the southern B.C. coast during the day while shower activity will persist for the next 48 hours over the interior of the province.

Forecast
Queen Charlottes and North Coast—Clearing in the afternoon and tonight, becoming cloudy early Tuesday with fog patches forming along the coast, clearing Tuesday afternoon. Light winds. Little change in temperature. Lows tonight and highs Tuesday—At Port Hardy 50 and 60, Massett 50 and 58, Prince Rupert 48 and 65.

WOULD GOVERN SHIPPING RATES

Liberals Want Coast Freight Charges to Come Under Regulations

Bringing of coastal freight rates under jurisdiction of the Board of Transport Commissioners or some such body similar to railway rates is asked in a resolution passed Friday night at a joint meeting of the executives of the Skeena District and Prince Rupert local Liberal As-

sociations. At present coastal freight rates are not subject to adjudication by the Board of Transport Commissioners.

T. W. Speers was elected secretary of the Prince Rupert Liberal Association in place of E. T. Applewhite who has been acting in that office and who was recently renominated as Liberal candidate for Skeena riding in the federal election.

MINE STRIKE

United States Steel Workers Are Not Returning to Work

WASHINGTON, D.C., (CP)—All signs pointed today to a soft coal strike in mines owned by the United States Steel companies.

The annual vacation of nearly 400,000 coal miners ends at midnight tonight but 40,000 employed by so-called "captive" companies are not expected to go back without a contract.

DELINQUENCY

OTTAWA—Emergency shelters in this city are becoming more and more the breeding ground of juvenile delinquency," said Judge Allan Fraser, in the juvenile court here. He said that 11 boys from the Rockcliffe Housing community came before him, all charged with breaking, entering and theft. One boy had stolen a case of beer and drank the whole of it himself.

IS CAPITALIST

Henry Wallace Denies That He Is Communist

BOSTON—Henry Wallace has completed a three-day campaign trip through New England. He called himself a "capitalist, not a Communist." He described himself as favoring "progressive capitalism." He warned, however, that reactionary capitalism will eventually bring depression.

PURGE IS ON

Close Check-up On Federal Affairs

OTTAWA—Officials and employees of three key departments of the Canadian government are being subjected to fresh scrutiny to ensure that they are not likely to be "tempted" to give secret information. The departments are those of External Affairs, National Defence and Research Council.

Questionnaires seeking detailed information as to the relatives and background of officials and employees from deputy ministers down to office boys have been circulated. Every person in the three departments is being asked to tell what organization he belongs to and even the birthplace of his parents and the parents of his wife.

Bulletins

SLAV SHOWDOWN

BUCHAREST—Well-informed sources said today that they believed a meeting of the Cominform was held in Bucharest at the week-end to discuss the controversy with Marshal Tito. This and reports that the Yugoslav Communist party had been formally expelled from the Cominform could not be confirmed. It has been said that all Communist parties have been invited to attend a Congress of the Yugoslav Communist party in Belgrade July 21 for a showdown.

335 DEATH TOLL

CHICAGO—The July 4 holiday week-end toll mounted to 335 today with the peak of homeward bound travel from the holiday still to come. Traffic fatalities rose to 195, two died from fireworks. Drownings totalled 100 and miscellaneous accidents caused 38 deaths.

EISENHOWER BOOM

WASHINGTON—Gen. Dwight D. Eisenhower, who once talked the Republicans out of throwing his hat into their presidential bag, watched silently today as a Democratic "Ike for President" boom surged forward at headlong speed to replace President Truman as candidate. A conference of Eisenhower supporters including James Roosevelt, Mayor O'Dwyer and others is to be held at the week-end.

COMMUNIST BEATEN

HELSINKI—The Communist party, in the saddle since 1945, came third in the Finnish general election at the end of the week. Agrarian and Social Democratic parties are expected to form a coalition government but no change in foreign policy is anticipated.

NELSON BONSPIEL

Hockey Greats Seen on Ice at Southern Interior City

NELSON, (CP)—Lester Patrick, Doug Bentley and Mike Buckna were a few of the hockey greats who sashayed on the curling ice here Saturday as a Trail Smoke-Eaters - Nelson Maple Leafs hockey game climaxed the fourth annual midsummer bonspiel.

Two thousand fans watched the teams battle to a 5 all tie while the rest of Nelson's population thronged to beaches and parks in 70 degree temperature.

EXTEND TRUCE

This is Asked by Bernadotte Following Rejection of Peace Plan

RHODES, (CP)—Count Folke Bernadotte said today that he had asked Jews and Arabs to extend the four-week Palestine truce due to expire Friday.

If both sides accept the principle of truce prolongation, the question of the length of the extension could then be discussed, Bernadotte said.

The Count said that he had also proposed demilitarization of the Holy City of Jerusalem and the port, terminal and refinery facilities of Haifa.

Both Arabs and Jews have rejected Bernadotte's peace plan. Fighting is reported to have broken out again in Jerusalem.

62 Dead

First of July Celebration Toll in Canada

VANCOUVER, (CP)—On highways, water and in the air death toll with Canadians during the long Dominion Day holiday aboard an aircraft on Saturday. He had, the report continued, arrived in Prince Rupert in good condition.

This was news to C.P.A. flight steward Phillip Gaunt and Agent Ed Williams, neither of whom recalled seeing anything that looked like a stowaway aboard the Sandspit-Prince Rupert leg of the flight.

Mr. Gaunt was certain that no stowaway, not even a 10-year old one, had been taken off the Vancouver-Sandspit plane on Saturday.

Even if one had managed to get as far as Sandspit, he would have had trouble transferring to the Prince Rupert plane undetected.

Mechanics overhauling the C. P.A.'s Canso had not reported finding a stowaway, Mr. Williams averred.

Both were of the opinion that if air-minded Tommy had stowed away on any plane it probably was to Prince George, not Prince Rupert.

Flying Tragedy Near Prince George

WOMAN, CHILDREN KILLED

Light Monoplane Crashes Into Lake—Pilot Roy Archer Saved

PRINCE GEORGE (CP)—Mrs. Sam McLean and her sons, Samuel, four, and Danny, seven, were killed Saturday night when their chartered light monoplane crashed into ten feet of water in Six Mile Lake near a dance hall north of here.

Pilot Roy Archer was rescued from the wreckage by a 16-year-old girl, Yvonne Straun, who was fishing nearby and raced into the water. She pulled Archer out of the water and administered first aid. As the plane was sunk by then, she did not know of the people who had lost their lives therein.

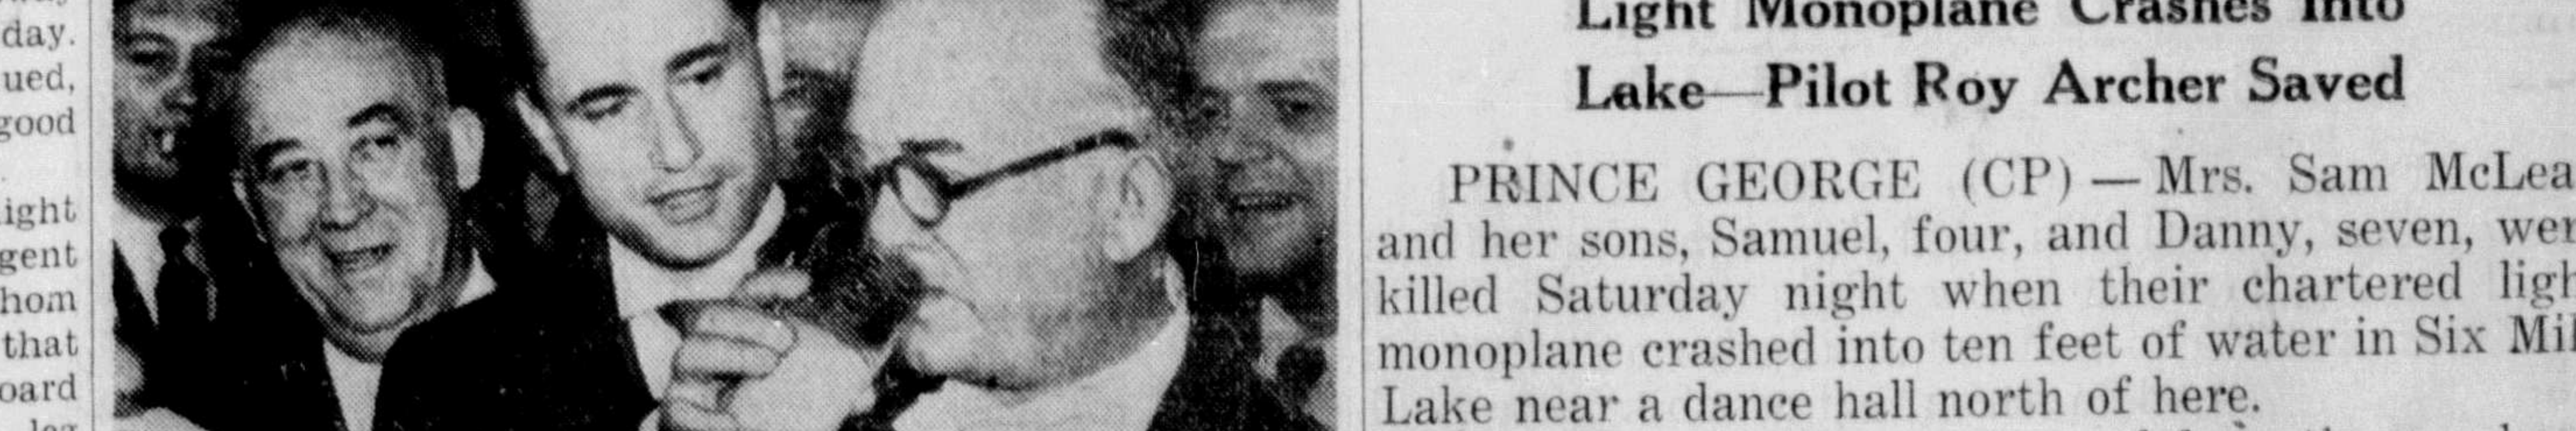

Mrs. McLean and her children were enroute to visit relatives at a cabin at the lake for the week-end holiday when the Fox Moth plane, owned by the Central B.C. Airways Ltd., plummeted into the lake.

Cause of the crash is not known and a Civil Aeronautics Board inquiry has been called. An inquest will be held.

Mrs. McLean was the wife of a Prince George lumberman.

SEEING SNAKES

VANCOUVER—Longshoremen stopped short when they saw two tiny eyes gleaming out of the gloom in the hold of the steamer Argentine here. The eyes belonged to a small snake that wriggled into the light. It was not a banana snake, which is poisonous, but a near relative of the killer.

"NOT THIS TIME"—FRENCH PRESIDENT—In Bordeaux to open the Bordeaux wine festival. President Vincent Auriol of France indulged in a mild form of heresy when he spurned fine snorts of vintage Bordeaux wine in favor of milk. He had already sampled some of the finest vintages of the famous city, and he took the attitude that discretion was the better part of valor. Notice the odd expressions on onlooker's face as M. Auriol lifts the cow nectar to his lips.

The Berlin Impasse

IT IS OBVIOUS that there must be an end to the impasse on the Berlin blockade within a very short time. The present situation cannot go on long. Somebody must give in. Strong extensions of determination have been made. Yet there is still the chance, and a very good one it is, for the two sides to get together. Very possibly it may come to some sort of a mutual understanding that will bring to a stop once and for all the friction, long too continuing now, over the matter of occupation and re-establishment of Germany. It is all so unnecessary too since all that can be done at the bottom of it is a selfish desire for political or economic advancement of one side.

Direct negotiation with Moscow is now stated by the western powers to be the last recourse for a settlement. Maybe this has been only too long deferred.

Meantime until some understanding is reached and the present snarling ended, there cannot but be a state of tenseness throughout the world over the possibility of another war which everyone, of course, shudders to think about.

THE SALES TAX

THE EARS of the Victoria government must have been burning since July 1. It is a long time, if ever, that we can recall such a hue and cry of protest over anything like that which has been aroused over the application of the three per cent sales tax. In spite of the apologies, explanations and salvy statements of the government, it has already proven not only a nuisance but painful. Five days have gone and few citizens—man, woman or child—have not felt personally the new direct tax to the like of which we in British Columbia have not been used and which, naturally, we do not relish.

There has been a lot of political damage done, but the government cannot say it was not warned. It is said that the people will get used to anything—that retail sales taxes elsewhere have been as badly received at first but finally accepted although we have not heard with complete agreement. It is going to take a lot of getting used to in British Columbia.

Now that we are starting to pay, the government would be well to rush on the benefits which it will probably find it has been easier to conceive than to deliver.

THE MENNONITES

CANADIAN-BORN Mennonites, totalling 1,689, are on their way from Quebec to Paraguay in South America where they propose to remain.

Canada first heard of the Mennonites in 1874 when quite a number arrived in Manitoba where, as the years rolled on, comfortable farm homes were established.

Reasons have been given as to why the mass migration south is under way. There were four special trains and fourteen freight cars necessary in moving people and possessions from Winnipeg.

A lawyer of that city, who served as legal adviser, feels the present move is a mistake. He has mentioned the country—100,000 acres of primitive land, tropical climate, certainty of illness. There are 516 children under ten years. There are women over eighty, two in wheel chairs. Far away fields he emphasizes, are not always green.

"All-Up" Mail TO HIGH SCHOOL

Cuts Delivery Time to Two Days From Eastern Canada

The new "all up" air mail service has brought eastern Canada within two days of Prince Rupert for all first class mail within the one-ounce weight limit and has boosted volume of air-borne mail "considerably" since it went into effect on Thursday.

Post office authorities here point out that the "all up" treatment is effective only on regular first class mail within the one-ounce weight limit. Air letters above that weight must carry the regulation seven-cent stamp for the first ounce and five cents for each additional ounce.

Distribution of "all up" mail is being made in all parts of Canada served by air lines and puts Prince Rupert on a two-day delivery service with Montreal and Toronto. Surface delivery time is four to five days.

However, air mail letters, bearing seven-cent stamps, still command priority in scoring and delivery over "all up" letters and postal authorities advise that, if special attention is desired for letters, they be sent at the air mail rate.

So far, because of congestion at major sorting points, such as Vancouver, the volume increase has not yet been determined, but it is known to be considerable.

Mail arriving and departing on regular C.P.A. flights between Vancouver and Prince Rupert has increased greatly in the last two days.

SAWLOG SCALE

Slightly Below First Six Months of 1947

Sawlog scale in the Prince Rupert forestry district for the first six months of 1948 was 199,393,587 board feet, a decrease of 600,000 board feet under the amount for the same period last year, according to the monthly report issued by the district forestry office here.

During the same period this year, the pole and piling cut was 1,619,317 lineal feet, a drop of 159,000 feet under the first six months of 1947.

Sawlog production during June was 19,633,182 board feet, a slight decrease under June, 1947, while pole and piling totalled 303,317, an increase of about 70,000 lineal feet.

During June, production of railway ties totalled 12,766 ties, double that of June, 1947. There were 66 units of cordwood cut during the month.

Sawlog scale for June: Fir, 1,060,216; Cedar, 3,911,469; Spruce, 8,520,252; Hemlock, 4,258,729; Balsam, 381,565; Jackpine, 1,357,519; Miscellaneous, 43,432.

10 FIRE CALLS

City fire department responded to 10 fire calls during June, only one of which resulted in damage. So far this year, there have been 55 fire calls with damage set at \$10,500. For the first six months of 1947, there was loss of \$26,000 resulting from 56 fire calls. Last month a blaze did \$500 damage to the roof of a dwelling on Comox Avenue.

Customs Receipts

Custom and excise revenue at the port of Prince Rupert during June totalled \$60,188.90, bringing the receipts for the first six months of 1948 to \$264,056.29. Receipts for the same period last year were \$213,163. The June figure was the highest for any month so far this year.

Coming— more and better recreation centres!

A PLACE for wholesome, health-building play in fresh air and sunshine is the birthright of every young Canadian.

Many progressive communities already have safe, well-equipped recreation centres. But more are needed. And in some towns and cities they will be provided through life insurance company investments in municipal bonds.

This is an example of how part of each dollar you invest in life insurance may be reinvested on your behalf. Life insurance dollars are put to work every year to help develop the nation's roads, schools, harbors, and other public works and industries.

Thus your life insurance brings a double return. It provides financial protection for yourself and your family. And it helps make Canada a better land to live in!

TERRACE JAUNT
Moose to Operate Excursion August 1
The executive of the Loyal Order of Moose, with Governor C. H. Collins in the chair, welcomed a delegation from the Women of the Moose who had gathered in the Moose Temple Friday night to discuss progress made by various committees who had been charged with formulating plans for an excursion trip to Terrace which would be open to the public. It was reported that the Canadian National Railway officials were affording assistance to the committee in charge and it was decided that the go-ahead signal be given for August 1.

GOOD ROAD HERE
Americans Speak Favorably of Prince Rupert Highway
American visitors in Prince Rupert are increasing in numbers and most of them have a favorable word to say for the Skeena Highway although the same cannot be said to have the smoothness of the older roads built and maintained through the more distant and thickly populated states and provinces.

Judge W. E. Fisher is leaving tomorrow on the Camosun on a holiday trip to Vancouver and Victoria.

HOW CAN I ???
By ANNE ASHLEY
Q. How can I prevent mustard plasters from blistering?
A. Mustard plasters will not blister, and the result is said to be much better, if the paste is mixed with the white of an egg, or with warm camphorated oil, instead of hot water.

THIS AND THAT
Q. How can I save time in spreading butter when making sandwiches?
A. When making sandwiches of ground meat, mix it with creamed butter and spread at the same time.
Q. How can I restore flannels that have become hard and shrunken to their original softness?
A. By soaking them in gasoline.

Pr. Rupert Takes 12-1 Victory

Pitcher Eliuk and Locals Score Big Win In Baseball at Ketchikan

Supported by a hard-hitting, clean fielding team, Pitcher George Eliuk led Prince Rupert All-Stars to a 12-1 victory over Ketchikan in the fourth game of the international baseball series at Ketchikan ball park Sunday evening.

The visiting Prince Rupert team almost tripled

its 4-0 lead in the sixth inning when they brought in seven runs to set the score at 11-0. Ketchikan supporters got a bad case of the blues when first baseman Joe Davis lobbed one over the right field fence for a home run. The victory was Prince Rupert's third over their ancient Ketchikan rivals in the current annual series. They took two games and tied a third at Prince Rupert during the Dominion Day section of the play-offs last Wednesday and Thursday.

To smiling George Eliuk, Prince Rupert's first string pitcher, the game was a real triumph. He held the Alaskans hitless and scoreless for five innings and then allowed only one run—a triple by Ketchikan first baseman Millard—which scored the northerners' only run.

In seven innings on the mound, Eliuk allowed only two bases on balls and struck one batter with a pitched ball. Ketchikan employed three hurlers against the invaders, Graff, Wigg and Jim Diehl in an effort to stem Prince Rupert's hitting power.

Joe Davis opened the hitting in the second with a single, but was tagged at third. Windle and Pavlikis each got on base on fielder's choice plays and were brought home when Don Hartwig delivered a double to left field. Hartwig was left on base when the side retired.

In the third, Prince Rupert garnered two more runs. This time Eliuk played the heroic when he delivered a single with the bases loaded. He scored Dahl

and Davis. Dahl had got on base on a fielder's choice and Davis on an error by Ludwigson.

Wigg replaced Graff on the Ketchikan mound in the third and both sides remained hitless during the fourth and fifth. In the sixth, however, Prince Rupert caught up with Wigg.

Here is the record of the sixth inning: Eliuk got on base on a fumble by Erickson. Pavlikis singled. Hartwig got on base on an error by Erickson. Morgan singled, scoring Eliuk. Minor Simundson doubled with bases loaded, scoring Pavlikis and Hartwig. Bruce Simundson bunted, got on base on a fielder's choice, scoring Morgan. Dahl attempted a bunt which scored Minor Simundson while Bruce Simundson was tagged at second base. Dahl doubled. Davis hit a home run that scored Dahl as well. Eliuk got on base on an error by Millard. Pavlikis singled but was tagged for the third out on a run to second.

Prince Rupert's twelfth run was scored by Don Hartwig who had got a base on balls and came home on a fielder's error.

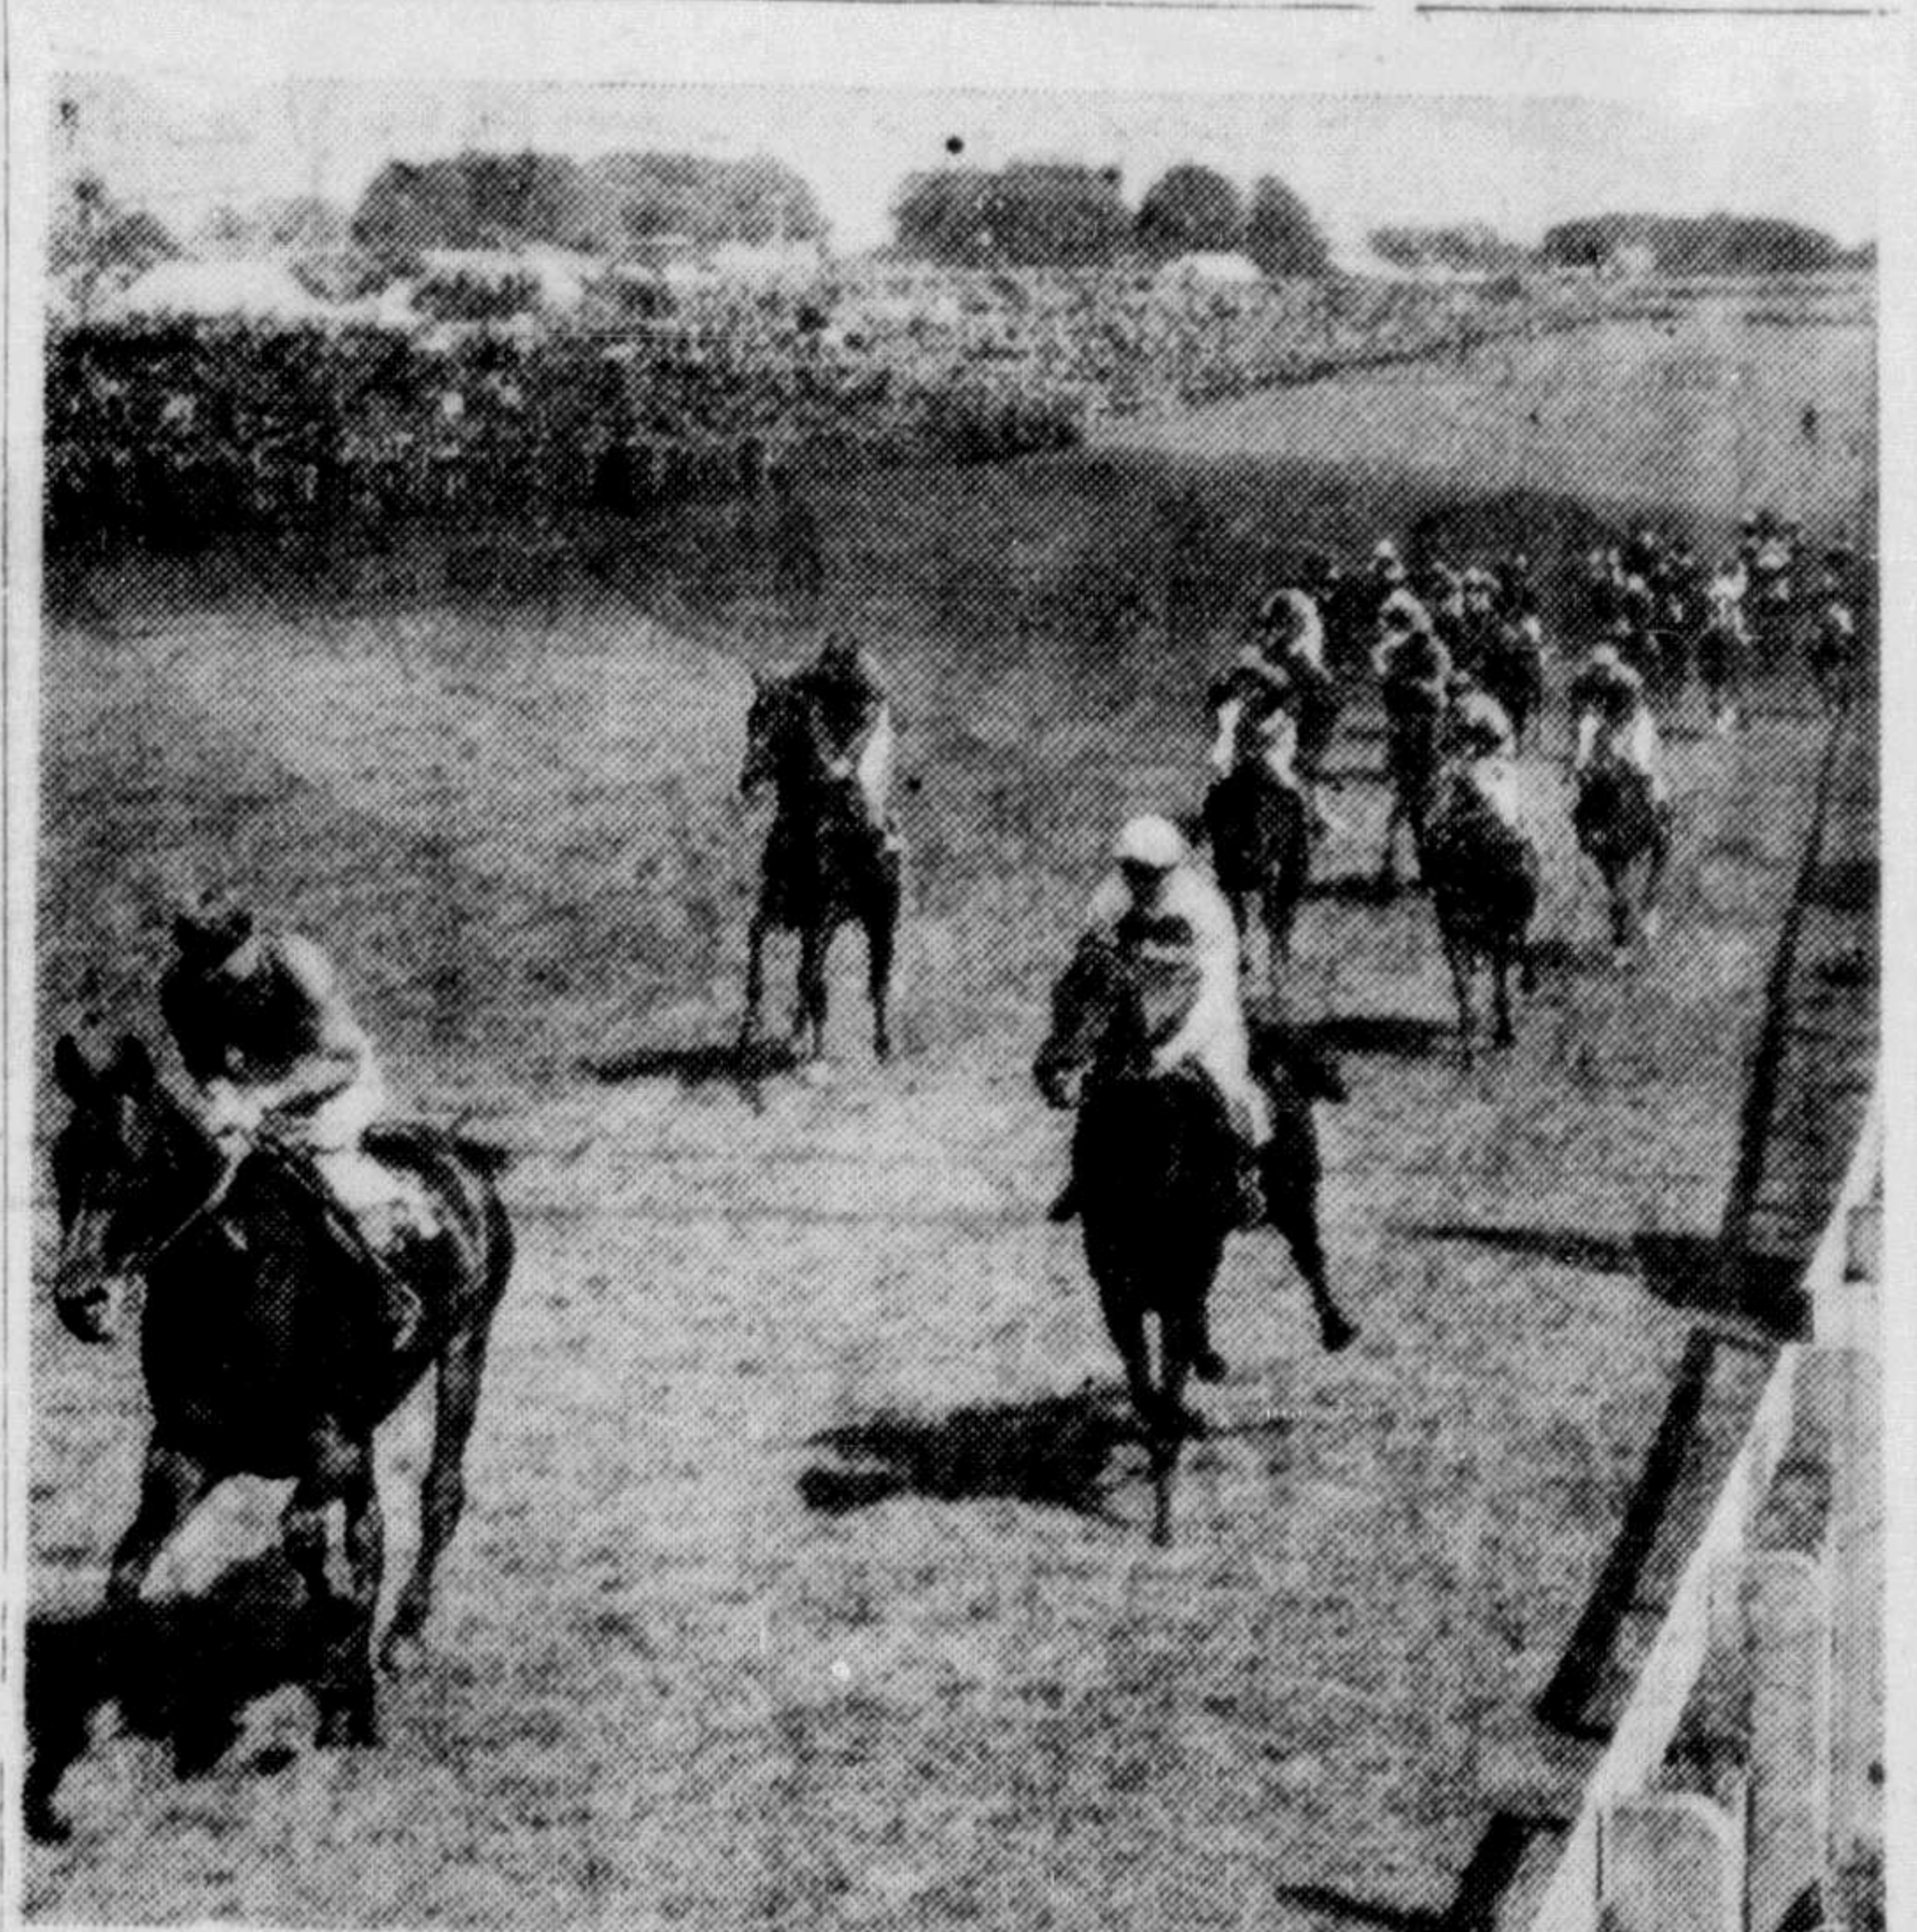

Dahl's double in the sixth inning came very close to being the first home run of the game. The pellet soared in a high arc into right field but failed to clear the top of the boundary fence by only a few inches and bounced back practically into the fielder's hands.

The second and third games of the second part of the series are scheduled for today.

MY LOVE CAPTURES ENGLISH DERBY—Race-goers from all over England flocked to Epsom Downs to see the year's "Blue Riband" racing event, the Derby. There were 33 runners in this year's Derby—the second biggest field since the race came into being in the year 1780. The winner was H.H. the Aga Kahn's My Love, ridden by B. R. Johnstone, with M. L. Volterra's Royal Drake, J. Doyasbere up, second, and H.H. the Aga Kahn's Noor, with Jockey T. Weston up, third. Pictured is the Derby finish with My Love romping home to win the 1948 Derby.

While Parliament is in session, few government publications are more frequently quoted and offer more human interest than Hansard. Better known under its familiar name, "Hansard," is the official report of the House of Commons debates. Experienced Hansard reporters are constantly in attendance in the House, sitting opposite the Clerk's table where the Mace is displayed as a symbol of authority. Reporter Charles Leslie Empringham (upper left) takes in shorthand an almost verbatim report of what the members are saying. Relieved by an other Hansard reporter at the end of a 10-minute stint, he returns to his office to dictate his notes to a fast typist, Miss Muriel Black (upper right). A similar system is followed in the Senate. After the copy has been prepared for publication by the Debates Editor, it goes

to the King's Printer to be handled by the night staff. There, Hansard is cast into type, as shown by linotype operator Roger De Gagne (lower left) proofread, bound and distributed the next morning by about 10 o'clock. Within the next hour, the daily edition of Hansard reaches the desks of Members of Parliament government officials, press correspondents and all those entitled to a copy. A complete French edition is also published daily. As soon as Hansard is available, many a writer (lower right) takes the first opportunity to scan through a full account of the House proceedings on which to document a feature article. Canadians have a right to know what goes on in Parliament and Hansard gives them that information, impartially and accurately.

DOMINION DAY AT TERRACE

No Excursion From Prince Rupert—Hazelton Wins Ball Game

TERRACE—Dominion Day in Terrace was one of the quietest known here for years. There was no excursion train from Prince Rupert this year and consequently, there were very few visitors from the coast.

Fine weather prevailed although clouds threatened rain early in the morning. In the afternoon the sun came out but it was not too hot for the spectators at the ball game at the Civic Centre where the Terrace team was thoroughly beaten by the Hazelton team.

The day's events, sponsored by the Kinsmen, started in the morning when the children's parade from the Orange Hall to the Civic Centre got under way with the Cub pack leading. Children in fancy costume and decorated bicycles and wagons followed. Claudia King, as a colored gentleman, and Jimmy Laird, as a colored lady, caused a lot of amusement with their goat who balked at being at the head of the parade but who followed behind quite contentedly.

At the Civic Centre Mrs. Thomson and Mrs. McLaren judged the prize winners and these were Ann Smith, Betty Lee van Stolk, Lucille Bailey, Claudia King, Jimmy Laird, Clarence Baker, Gabrielle Tetreault, Marilyn and Tommy de Kergommeaux.

Following the parade the children's races were run off. The bingo and crown and anchor games in the hall drew a large patronage.

In the evening a large crowd gathered in the hall to dance to the strains of Terrace's new orchestra which, after months of hard practice, made its debut on Dominion Day, gave a very fine performance.

An interesting announcement

was made by A. Yoxall during the evening was that of the betrothal of Albert J. Harrison, son of Mr. and Mrs. C. Harrison of Terrace, to Josephine Jordan, only daughter of Mrs. G. Jordan and gradudaughter of Mr. and Mrs. O. T. Sundal, who were among the early settlers in Terrace.

Adv. In Los Angeles Newspaper: 'Ap't wanted large enough to keep wife from going home to mother, small enough to keep mother from coming here.'

What starts out as a little white lie frequently turns into a double feature in technicolor.

WILDLIFE SANCTUARY—At hardly more than a stone's throw from the Banff Springs Hotel, a visitor may encounter practically all forms of animal life known to the Canadian Rockies. Their almost complete lack of fear is shown by the young mule deer at left, its antlers still in "the velvet" who doesn't intend to have its siesta disturbed by any cameraman. Above at right a big bull moose refreshes himself in the cool waters of Vermillion Lake near Banff, while below a black bear family "hold up" a motorist on the Banff-Lake Louise highway, demanding their toll of chocolate bars or sweet biscuits.

BROWNIE PARTY

Mrs. Head Throws Open Home and Grounds

TERRACE — All the Young Terrace Brownies turned out to a revel in Mrs. Head's orchard last Wednesday afternoon and had a wonderful time. Some of them were dressed as Indians, some as pirates and others as the characters out of Peter Pan which they had a great deal of fun in dramatizing.

Mrs. C. J. Norrington was there to tell them stories and, after a few games they all went off on a treasure hunt, the treasure being bags of candies. When they were all tired and hungry they trooped into Mrs. Head's dining room where they were served with ice cream, cake and chocolate milk.

Brown Owl Mrs. Kennedy and Miss Marion Head were in charge of the youngsters and they had as their helpers Mrs. F. Gavan, Mrs. van Stolk, Mrs. Norrington, Mrs. Head and Mrs. de Kergommeaux.

David Gillanders Exceeds Studies at Terrace

TERRACE — With lessons laid on Wednesday morning for long summer vacation, happy little David Gillanders, who had just passed his higher grades and is now spending the holidays at summer camp at Lakelse Lake, returned to Terrace for a while.

Three of the teaching staff were on leave on Thursday's morning and they were Miss Annie Barr and H. Noakes.

Graduating from public school were Herman Buschman, Robert Sig, Peter Koch, Robert Koch, David Gillanders, Peter Magnus, Bill, Betty McCabe, Rose Tetreault, Marjorie Nel, Yvonne Normandeau, and Melvin.

At the high school on Wednesday morning C. W. Michiel, principal of the school board, presented the cup to David Gillanders with a word of commendation for his high school record.

Mr. Michiel told of the great work done by the young philanthropist, who had won the money to found the Betty Bissonette Scholarship. Don't forget the cup for the young man who was absent from school.

Mr. Michiel's high school graduates were Betty Bissonette, Violet Roberts Lambie, and . . .

BITTER CLASH

Not Enough Honesty in Administration of Justice, C.C.F.'er Complains
OTTAWA—There were angry words heard in Parliament when Clarie Gillis (CCF-Cape Breton South) and John T. Hackett (PC-Standstead) president of the Canadian Bar Association, clashed.
Mr. Gillis stirred the indignation of all the lawyers in Parliament when he charged there was too much manipulation and "not enough honesty" in the administration of justice in Canada.
Mr. Hackett, in a few prompt comebacks, declared there was something almost criminal for Mr. Gillis to speak about matters "on which his ignorance was surpassed only by his bitterness." He went on to say Mr. Gillis had already suggested that magistrates should be examined and pass if qualified to sit as magistrates or other responsible office.
"I think that it might be a good idea to extend the idea to Members of Parliament."

DEATH ACCIDENT

Coroner's Jury Finds Gordon O'Leary Drowned in Car Mishap
A verdict of accidental death by drowning was brought in by a coroner's jury which Saturday afternoon investigated the highway mishap which claimed the life early Friday morning of Gordon Ernest Patrick O'Leary, 35-year old city taxi driver.
O'Leary was the driver of a taxi which plunged over an embankment a little more than a mile from Port Edward while apparently returning to Prince Rupert. The damaged, overturned vehicle which held his body was not discovered until several hours later.
The jury found that O'Leary "met his death early in the morning of July 2, one and one-fifth miles from Port Edward on the highway to Prince Rupert by drowning in a car he was driving and which accidentally left the highway and plunged into the water."
Testimony as to the extent of the damage was given by Arthur E. Krock, mechanical foreman at Rupert Motors, who said that he was unable to tell whether or not the vehicle had had any defects prior to the accident.
Constable H. E. J. Medley of the provincial police Port Edward detachment, testified that the car had travelled along the left-hand edge of the road, close to the 15-foot embankment before it finally plunged into the water.
O'Leary's body had been removed from the back seat of the damaged car, he said.
Dr. R. E. Colman, pathologist, who performed an autopsy on O'Leary's body, testified that drowning was the cause of death.
Howard Wright, bus driver, said that he had reported seeing the vehicle to Constable Medley shortly before 8 o'clock on the morning of July 2. He had failed to see the car while on a trip to Port Edward but saw it shortly after he had begun his return trip to Prince Rupert.
Arnold Bristow, engineer at the Miller Bay Hospital, said that he saw a car which he was "positive" was the one driven by O'Leary, at the hospital at midnight, July 1. The vehicle was leaving the hospital grounds and was being driven in a normal manner, he said.
Parts of the steering mechanism of a car similar to the Ford driven by O'Leary were shown the jurymen to illustrate the type of break found in the

Seasonable Ideas for Housekeepers

FRESH VEGETABLES TEMPTING

Nothing gives a woman so much satisfaction as a good bargain. To be a real bargain the purchase must offer good value for the money expended and also it must be something that can be used to advantage.
At this time of year vegetables fresh from nearby gardens are excellent food bargains for they are crisp, colorful and appetizing, make a meal more attractive and add much in food value.

The problem now is not so much "What shall I have for dinner?" but "How many vegetables shall I serve today?" Fresh vegetables are delicious when served raw in salads or simply boiled and dressed with a little butter, but the same vegetable may be cooked in many ways and seems entirely different each time.
The rule for cooking vegetables always holds good. "Cook in a small amount of water in a closely-covered pan and cook only until tender-crisp." This way, the vegetable retains the natural color and flavor and a maximum of food value.
Home economists say that when small boiled new potatoes are buttered and sprinkled with freshly chopped mint leaves they are delicious with roast lamb and eliminate the making of mint sauce.
Here are several other good ideas for serving early summer vegetables:

STRING BEANS WITH MUSTARD SAUCE
1 lb. string beans (3 cups cut)
1/4 cup chopped onion
1 1/2 cups boiling water
1/2 teaspoon salt
1/2 teaspoon mustard
1 teaspoon flour
1 teaspoon sugar
1/2 teaspoon salt
1 egg yolk
1 tablespoon vinegar

PEAS AND MUSHROOMS ROYAL
4 slices bacon
2 tablespoons finely chopped onion
1 1/2 cups sliced mushrooms
1 tablespoon flour
1/2 teaspoon salt
1/2 teaspoon pepper
1 cup milk
2 cups fresh peas, cooked
Fry bacon, remove from pan and add onion and mushrooms. Cook until onion is golden brown and mushrooms tender. Stir in flour and seasonings; blend well. Gradually add milk. Cook until smooth and thick, stirring constantly. Add peas and chopped bacon. Serve on slices of hot buttered toast. Yield: six servings.

SAVOURY GREENS
3 cups cooked greens (about 2 lbs.)
2 lbs. beet tops, lettuce, spinach, chard, etc.
3 strips bacon, cut in small pieces

SHIPS and WATERFRONT

With a substantial passenger list which was augmented by some forty persons who took passage from here for Alice Arm and Stewart mining camps, Union steamer Camosun, Capt. John Boden, arrived in port at 6:30 last evening from Vancouver and waypoints, sailing at 11 p.m. for the north. She is due back here tomorrow morning to sail at 1:30 p.m. on her return south.

Carrying 224 passengers, the Canadian Pacific steamer Princess Louise, Capt. P. L. Leslie, docked here this morning from 10:20 a.m. to noon bound for Juneau and Skagway. Among her passengers were 156 members of the Masonic Scottish Rite of South Bend, Indiana, making the round trip cruise. No passengers disembarked here from the Louise. Two took passage from here to Alaska.

EVERYTHING HASN'T RAISED IN PRICE...
• It may surprise many but 1847 Rogers Community Silver flatware is the same price as before the war.
And as the tax is now off it should be doubly attractive.
Bulger's always sell standard goods at Canadian advertised prices even though express charges are more than those of places nearer to the factories.
For instance a Big Ben clock or set of silver for the same price as in Ontario where it is made.
A large part of our stock is made up of standard advertised goods and we try to keep the balance in line with the prices of other cities. And we guarantee the satisfaction of our goods.
Something from Bulger's is always something worth having.
