## Bolstering Hong Kong Defences

### Britain Sends Reinforcements

LONDON (CP)—Defence Minister A. V. Alexander today announced in Parliament that the government had found it necessary to send additional reinforcements to Hong Kong. Necessary steps are being taken by all three services.

Alexander also announced that the government had decided to appoint an over-all commander of British forces at Hong Kong to direct army, air and naval forces.

## Freight Rate Hearing Is On In British Columbia

### New Approach To Problem Is Advocated

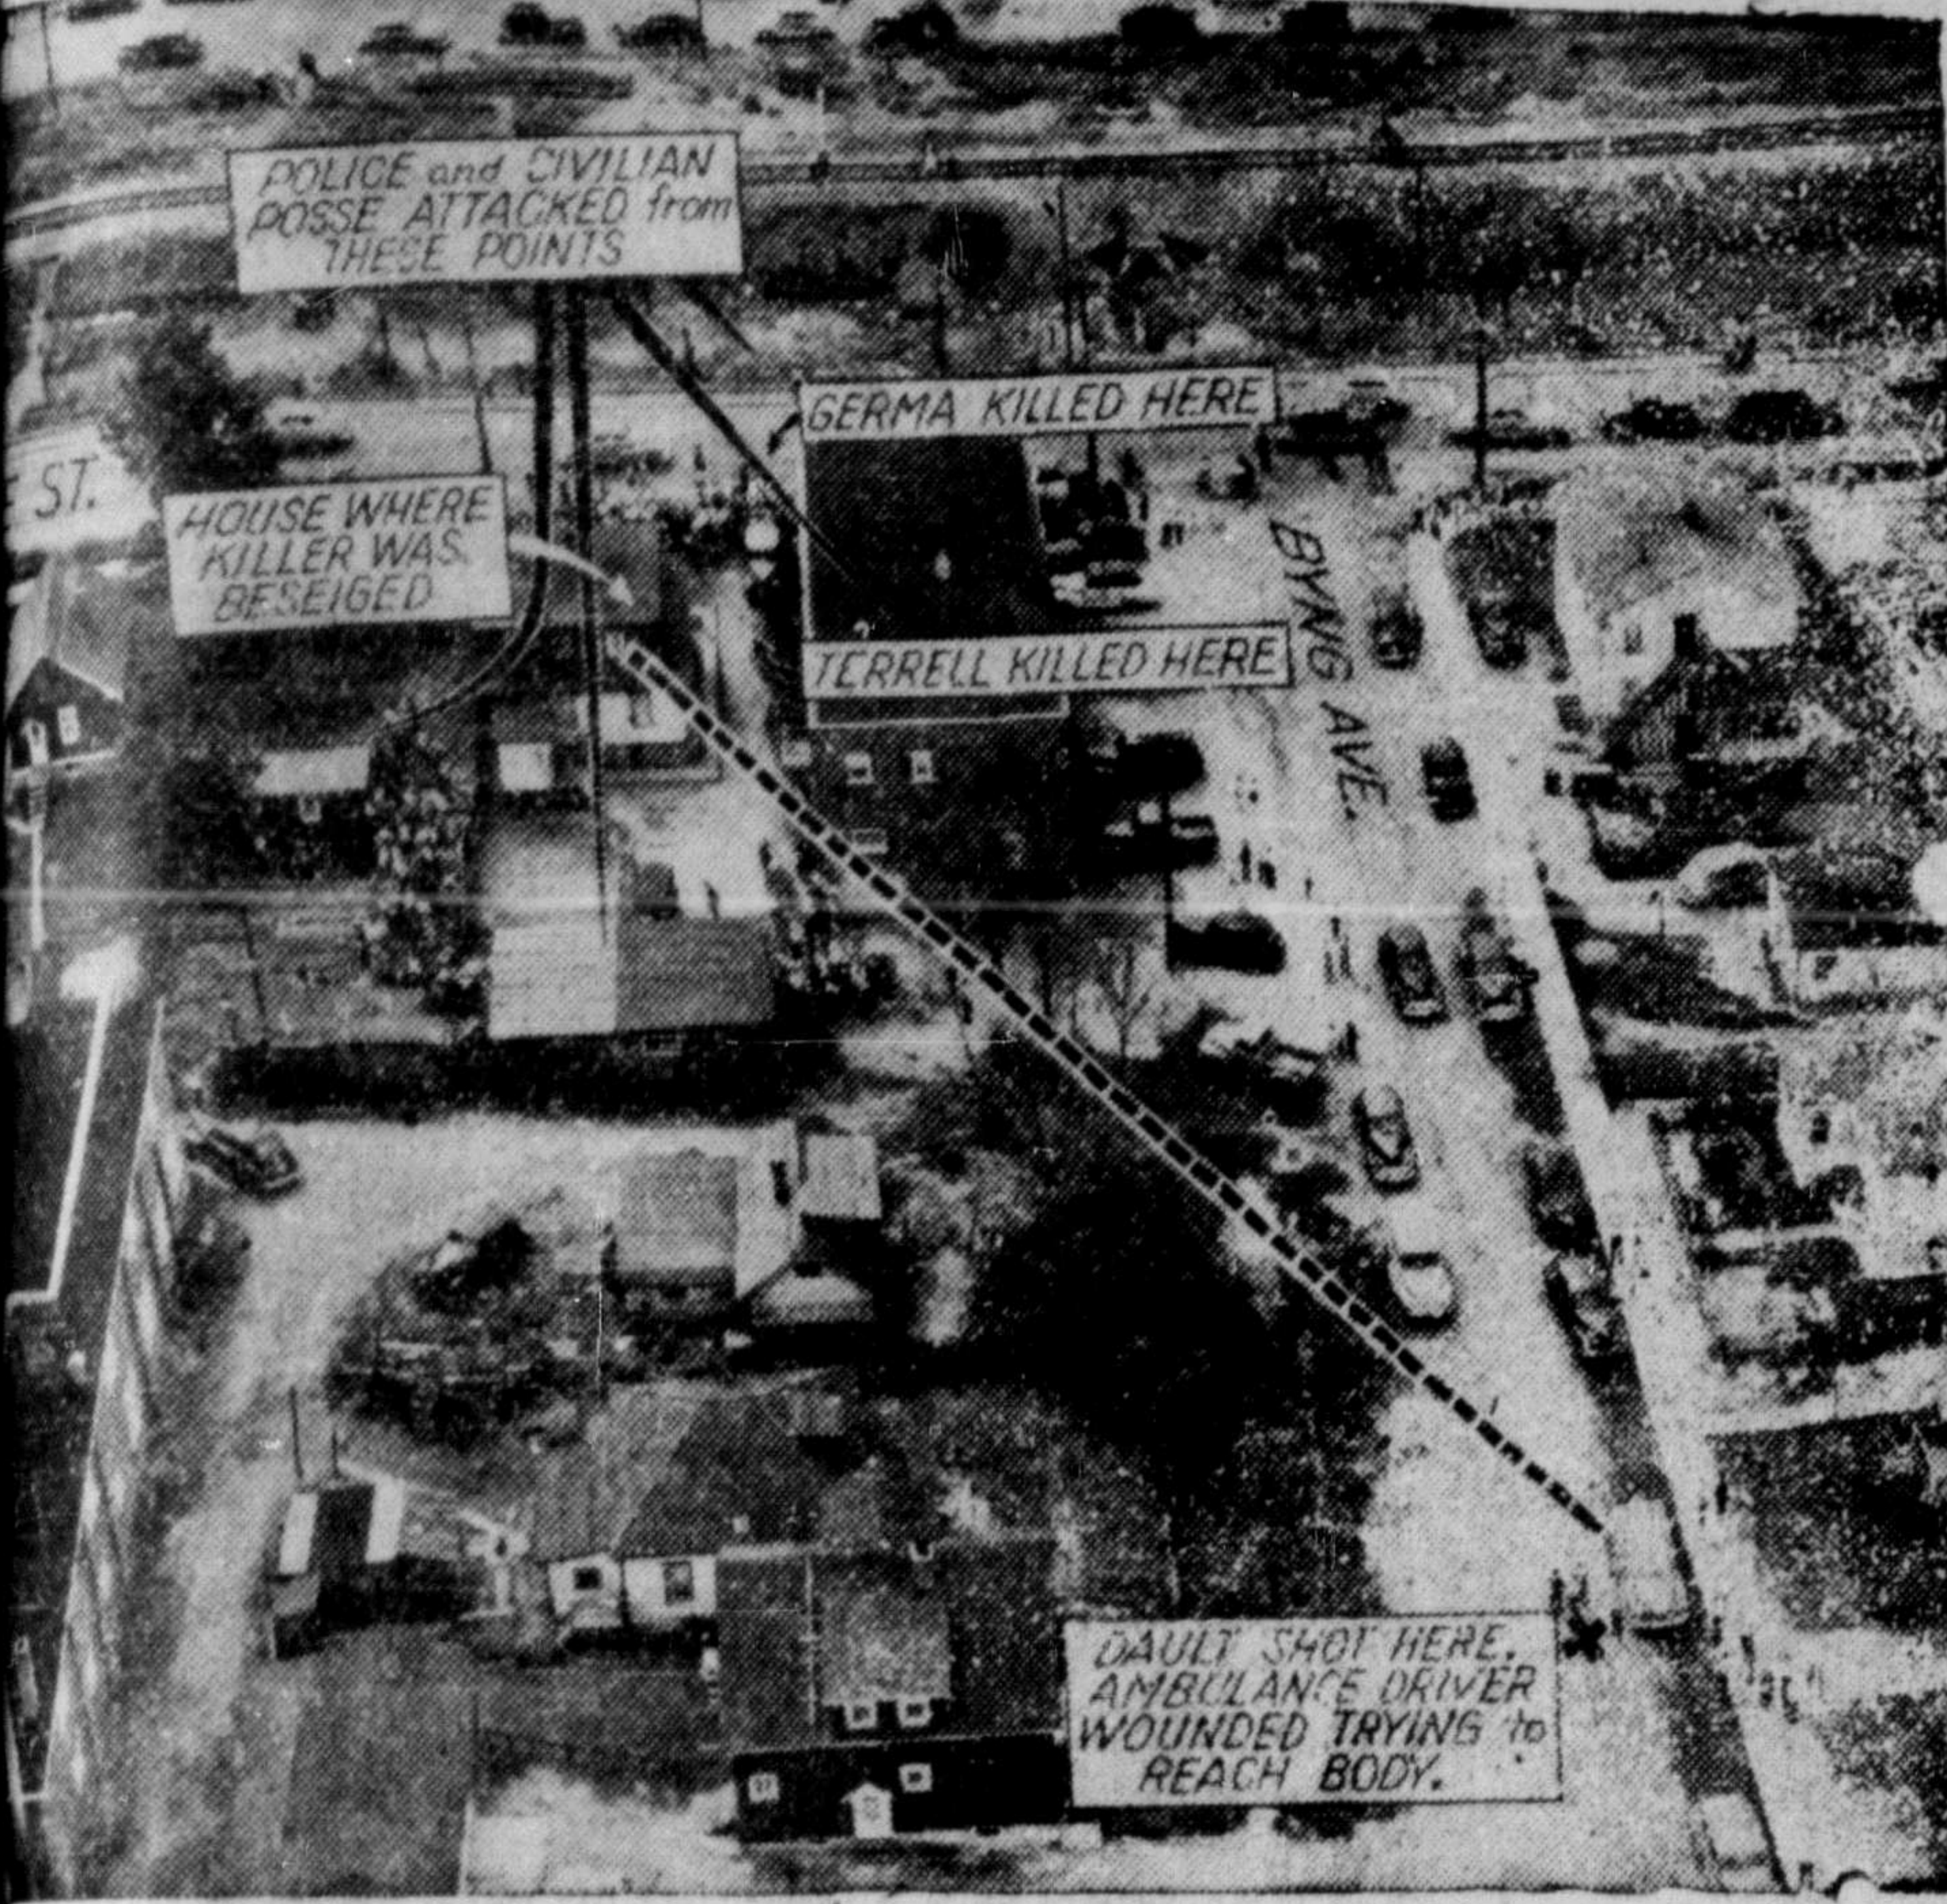

Basis Should Be Cost Rather Than What Traffic Can Bear

VICTORIA (CP)—A basically new approach to railway rate-making was proposed to the royal commission on transportation here by the British Columbia government. The government suggested that freight rates should be set on the basis of costs of service rather than the present method of value of service—a method generally termed the principle of "what the traffic will bear."

Establishing freight tolls on the basis of costs, the government said, would bring about "substantially uniform rates throughout Canada."

The British Columbia government's submission was delivered as the commission, under Hon. W. F. A. Turgeon, making a coast-to-coast inquiry into economic policy in relation to national transportation services, opened its hearings in this British Columbia capital. From here the Commission moves to Vancouver.

One major point of disagreement was on the railway's depressed "transcontinental" rates which provide lower charges from east coast points to Vancouver because of an element of water competition by way of Panama Canal. Alberta contested this but the British Columbia brief upheld the tolls.

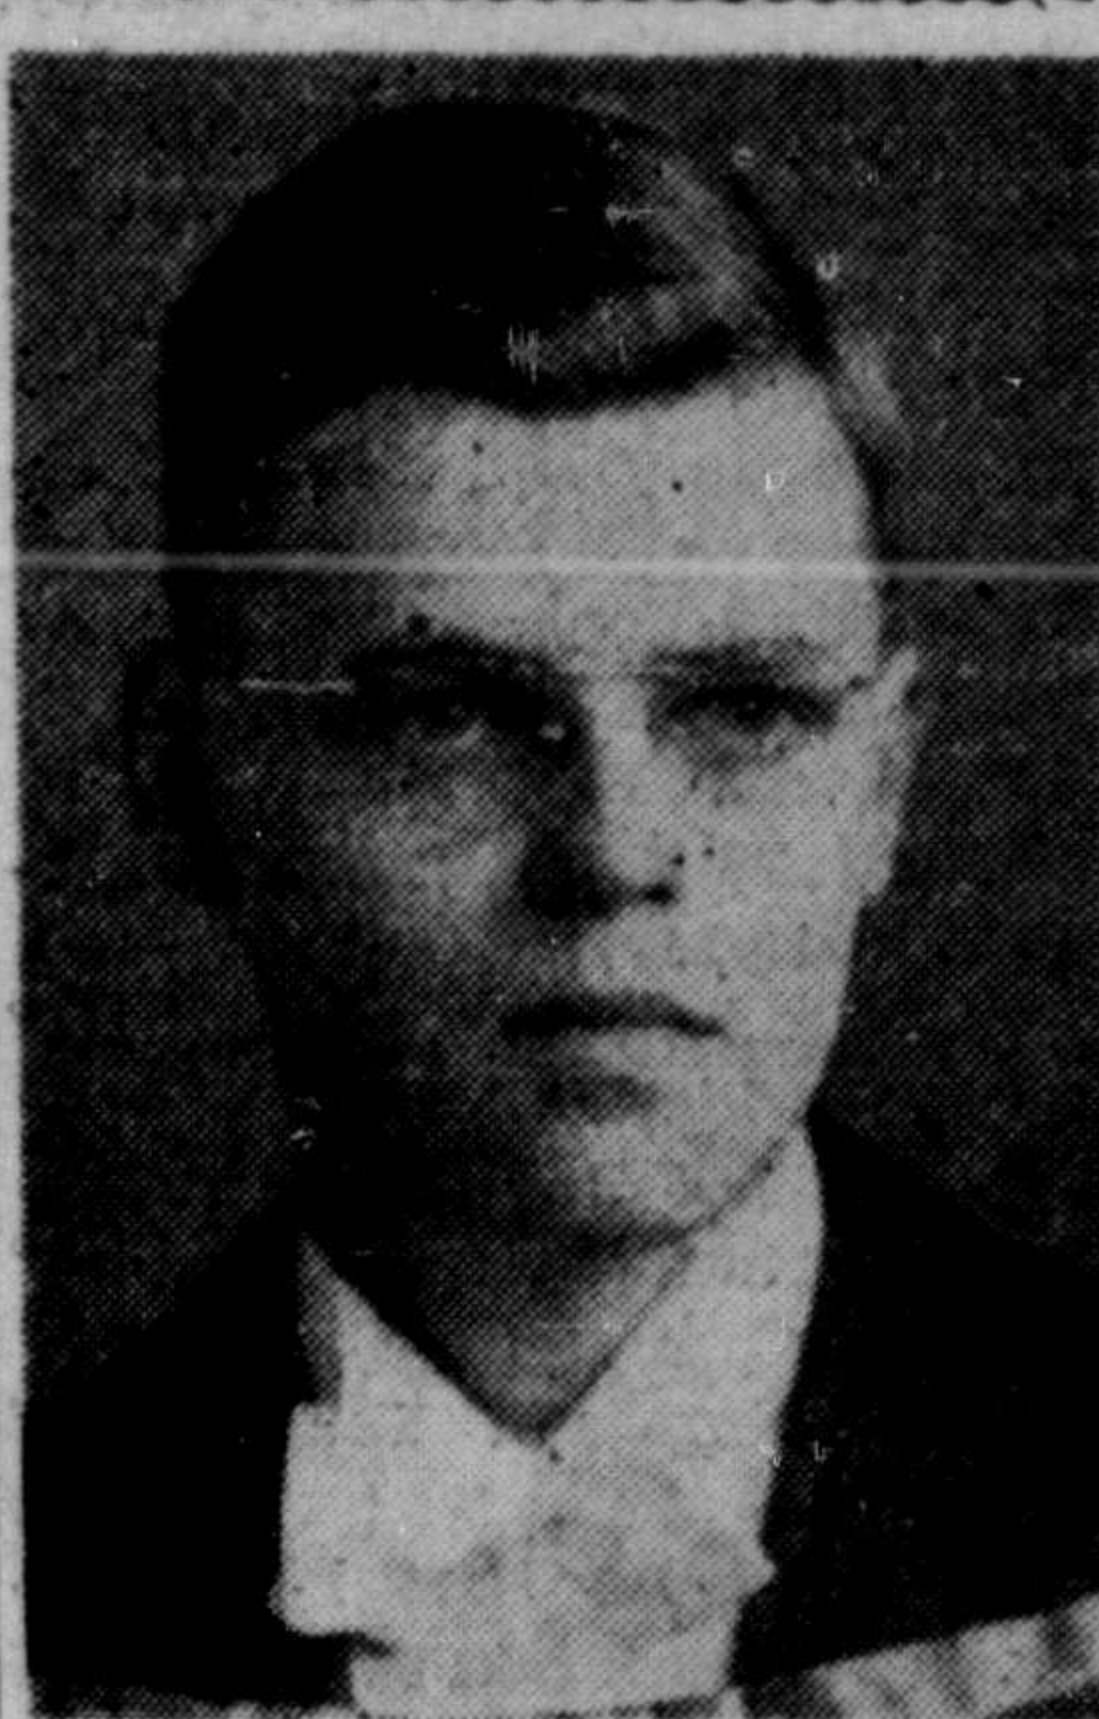

SUDBURY SLAYER — Clarence Brousseau who barricaded himself in his Sudbury home for two hours Saturday evening and killed two policemen and an innocent bystander before killing himself. An argument with his wife over a fishing trip started the incident. Thousands of spectators watched nearly 100 police and civilians attempt to take Brousseau in a gun battle during which hundreds of shots were fired. (C.P. Photo)

BATTLE LOCALE—This aerial photo graphically illustrates where the gun battle was fought in Sudbury Saturday when two policemen and an innocent bystander were killed. Clarence Brousseau, who then committed suicide, became involved in a family quarrel and a rifle battle. Police were called and Brousseau barricaded himself in the house. First to die was Police Constable Edward ... who was shot through the chest as he approached the

house. Constable Gerald Dault was the killer's next victim when he was felled as he halted traffic entering the danger area. James Germa, who lives near the scene of the shooting, was shot through the head as he walked past the Brousseau home. Tear gas was brought into use after which the shooting stopped and police entered the house to find Brousseau dead from self-inflicted wounds. (C.P. Photo)

### WINS HIS DOCTORATE

HARRY DAGGETT, JR.

PROVIDENCE, R.I.—Harry Mark Daggett, Jr., of Prince Rupert was awarded the degree of Doctor of Philosophy in chemistry at Brown University's annual Graduate School Convocation.

Daggett is the son of Mr and Mrs. H. M. Daggett of Prince Rupert. A graduate of Prince Rupert High School he received his baccalaureate from Queen's University in 1945. The title of Mr. Daggett's doctoral thesis is "The Measurement of the Conductance of Some Electrolytes in Aqueous Solution at Low Concentrations by a Method of High Precision."

Dr. W. Albert Noyes, Jr., chairman of the department of chemistry at the University of Rochester in New York gave the principal address at this afternoon's exercises. His topic was "The Place of the Scholar in International Affairs." Candidates for degrees were presented by Dean Barnaby C. Keeney of the Graduate School and Dr. Henry M. Wriston, president of the University awarded the diplomas.

### SIGHT-SEEING BUSES FAVORED

Prince Rupert Chamber of Commerce has reiterated its endorsement of the desirability of having organized sight seeing bus services meet tourist ships here to conduct tours of the city and points of interest thereabouts but, in fairness to all, will not endorse any particular concern's application for a franchise.

### HOUSING TO TAKE YEARS

OTTAWA (CP)—Prime Minister L. St. Laurent said in Ontario that he expects housing construction will provide jobs on a large scale in Canada for years to come. He said that Canada's population is growing "so fast that the supply of homes will not and cannot catch up with the demand even in a year or two."

### JOHN THOMPSON DISTRICT DEPUTY

John Thompson, a past master of Enoch Lodge at Stewart and now resident in Prince Rupert, was elected district deputy grand master at the annual Masonic Grand Lodge sessions in Vancouver last week.

### FAST TIME PREVAILS

Twilight saving has been ordered in southern British Columbia for the next few years at the request of the British Columbia Electric Commission. Hon. E. T. Kenney, Minister of Lands and Forests, suggested to the Association of Trade and Commerce of British Columbia, which is opposed to the fast change should be made by the same Union of British Columbia Municipalities. Mr. Kenney, representative of the Prince Rupert Chamber of Commerce, said the question of saving again shortly.

### 10-YEAR ROAD LEASE SIGNED

A 10-year lease covering stretches of the Skeena River highway between Prince Rupert and Pacific which are on Canadian National Railways right-of-way has been signed, placing it under jurisdiction of the Provincial Department of Public Works.

A copy of the lease was received recently by District Public Works Engineer H. W. Stevens.

The lease covers stretches of the road from the railway crossing at Tyee, 24 miles east of Prince Rupert, to as far east as Pacific where the road was built during the war on railway property adjoining the track.

Most of the area affected is along the lower Skeena between Terrace and Tyee. Signing of the lease ended a period of negotiation which began shortly after the end of the war. It is likely that it will pave the way to establishment of highway passenger transport service between Prince Rupert and Terrace.

## Vancouver Trades And Labor Suspends C.S.U.

VANCOUVER (CP)—A stormy session of the Vancouver, New Westminster and District Trades and Labor Council (AFL-TLC) last night confirmed the suspension of the Canadian Seamen's Union from the parent Trades and Labor Congress of Canada. The move, greeted with loud disfavor by some delegates, placed the Council in line with orders given by the parent Trades and Labor Congress of Canada which suspended the Seamen's Union recently.

The Council meeting also ruled that James Thompson, west coast vice-president, will no longer be allowed to outline his Union's stand before the Council.

The body earlier had refused to follow directions in suspending the C.S.U., claiming that the affiliated rival Seafarers' International Union also should be suspended.

The C.S.U. has been on strike against eastern shipowners who has signed agreements with the S.I.U.

### THE WEATHER

Forecast  
Queen Charlottes and North Coast—Cloudy this morning, clearing in the afternoon. Clear tonight and tomorrow. Wind northwest (15 m.p.h.) today, light tomorrow. Little change in temperature. Lows tonight and highs tomorrow—At Port Hardy 48 and 64, Masset 45 and 57, Prince Rupert 47 and 58.

### PULP MILL FOR EDMONTON NOW

EDMONTON — Preliminary steps have been taken towards the construction this summer of a pulp mill at Edmonton, Alta. R. O. Sweezy of Montreal is here in connection with the project which would be the first of its kind on the prairies. It would cost \$12,000,000 and give employment to 350 persons.

Miss Gwen Jenner, daughter of Mr. and Mrs. E. P. Jenner, formerly of this city and now residing at Sooke, Vancouver Island, arrived on the Prince Rupert today from Victoria to spend a week visiting with her uncle and aunt, Mr. and Mrs. K. F. Harding. Miss Jenner is now in training for a nurse at Royal Jubilee Hospital, Victoria.

### St. Laurent Hits Drew

Takes Exception to Civil Servants Being Drawn Into Politics

OTTAWA (CP)—Prime Minister L. St. Laurent, speaking here assailed Progressive-Conservative Leader Drew for choosing to "attack the civil service and make it a subject of political controversy."

Mr. St. Laurent questioned whether "democratic government can work if civil servants are made the object of political abuse for no other reason than the performance of their duties and responsibilities."

The Prime Minister questioned whether democracy can carry on "in a public uproar of allegations that public men are dishonest, lying and deceiving."

### SECOND MURDER ARREST

VANCOUVER—A second man, arrested earlier as a material witness, was charged late yesterday with the bizarre twin-slaying of an elderly Ukrainian couple, Mr. and Mrs. Michael Geluch, here ten days ago. William Worobec, 37, was charged along with Walter Prestyko, 38, who was charged with the slayings last Saturday.

### KILLS FATHER-IN-LAW

PRINCE GEORGE—Jimmie Lonie, 22-year-old Indian, was yesterday charged with the knife-slaying of his father-in-law, William Dennis and burying the body on Bear Lake reservation. Provincial police say they think Dennis was slain during a drinking party April 5 at Bear Lake. The body, bearing three knife wounds, was found buried on the reservation.

### SHIP AGAIN ATTACKED

SHANGHAI—The British freighter Achises has again been a machine-gunned by Chinese nationalist planes. On Monday the vessel had been bombed and machine-gunned and that incident was personally protested by Foreign Secretary Ernest Bevin who described it as an "unwarranted attack." It is also announced that Britain plans naval intervention.

VANCOUVER—A widespread search is under way for a cougar which was sighted in the nearby Burnaby district.

### TO HANDLE FREIGHT

BERLIN — Striking German railway workers, insisting in payment in full in western marks by the Soviet railway officials, have decided to start handling freight but declare their walk-out is not ended.

### DIED OF OVERDOSE

VANCOUVER—A 30-year-old man, Pete Serotol, is dead and an unidentified companion is in a critical condition in Vancouver hospital from the effects of what police say was an overdose of drugs. Serotol, who was released from penitentiary three weeks ago, was found on the floor of a hotel room. Beside his body was lying a second man. Jailed for investigation are a man and a woman who were arrested in the hotel room. A quantity of white substance, believed to be drugs, a hypodermic needle and a spoon were found in the room.

### THE NATION'S BUSINESS

C.C.F. Election Pledge Grim Warning to All  
None of those who may happen to vote CCF will have the coming general election can plead afterward that they did not know where the Canadian socialist party was heading. If there ever were any doubts, they were all cleared away by National CCF Secretary David Lewis in a press conference this week.

During its very first term of office Mr. Lewis promised bluntly, the banks, the steel plants, the Canadian Pacific Railway, the packing plants, the farm implements companies and the fertilizer plants would all be taken over. And that would only be part of the plan. Housing would be subsidized on a national scale, the Government would take over exporting and importing and the whole economic life of the country would be fitted into a rigid state-planned program.

Mr. Lewis didn't waste much breath trying to explain what would be left to private initiative. He didn't need to. With firm control of the key industries specified, as well as finance, transportation and international trade, nothing more would be needed to turn Canada into a socialist state.

Mr. Lewis was even completely frank about the cost. The social security his party would offer, the subsidized houses, the government jobs and government pensions for all, this would be provided by taxes "levied on all persons regardless of income." Mr. Lewis knows that there are far too few millionaires in this or any other country to pay the bills of socialism.

The material rewards the Government would offer with one hand, it would take away with the other but in exchange for our present freedom to choose our own jobs, to buy what goods we like, to live where we like and to say and think as we please, we would get nothing but regimentation.

Certainly, as the official CCF program points out, that would mean "a new way of life" for every Canadian citizen, but not one, we believe, that many would enjoy.

Thank you Mr. Lewis, for warning us again.

### Avoid Anti-climax

THERE IS THE POSSIBILITY, if not the danger, of the federal election in British Columbia bogging down into an apathetic anti-climax following the provincial contest and this is something which, by all means, should be avoided. The political enthusiasm and the interest in public affairs which was manifested in the provincial field could well be extended into the federal contest which is of quite equal importance.  
The people turned out in the voting on Wednesday last to express their will and their desire. It would be a pity should apathy next Monday result in any counter-balancing of the verdict already expressed. In Prince Rupert, at least, the general issue between the two candidates in one election is largely parallel to what it was between the two in the other.  
The danger of taking things too much for granted in an election has often been illustrated. Tides and trends can change in a few days. Apathy can flout the will of the majority. Possibly the "Get out the Vote" movement is worse needed in the federal election than it was in the provincial.

### AUTO ELEVATOR

WE HAVE BEEN HEARING lately how desirable it would be to have a lift elevator on the docks of the local waterfront, particularly since motor touring is increasing and motor tourists have access to Prince Rupert by highway.

For years before there was a highway into Prince Rupert there was such an elevator in operation on the local waterfront and regular use was made of it. Oddly, enough this elevator is not in shape now although all that is required to get it into use is the installation of some electrical equipment.

The Chamber of Commerce has been working on the idea of having an elevator installed on the government wharf. It might be well to see if something cannot be done to have a similar facility working on the Canadian National Railway's ocean dock.

Certainly a modern port should not be left without such a piece of essential equipment.

### INTEREST IN AUTO FERRY

SHIPPING INTERESTS appear to be following with close concern any development in the car ferry scheme that would bring more conveniently together the highway facilities of Alaska and Northern British Columbia.

A despatch from Seattle to a Vancouver daily, the News-Herald, quoting a Seattle shipping operator, said:

"Such a plan will turn Prince Rupert into a boom town and move Puget Sound ports another five hundred miles north. The work, in its entirety, it was stated, would involve an outlay of \$7,000,000, take two years, and mean co-operation with the United States Army."

### INDUSTRIAL DOLLAR

FOR EACH DOLLAR of goods it sells, Canadian industry makes about six cents, the Canadian Manufacturers' Association was informed at the recent convention held at St. Andrew's By-the-Sea in southern New Brunswick.

The figure was reached from replies to a questionnaire by more than 800 firms with total annual sales of more than \$3,500,000,000 and employing 400,000 people. In the first place the manufacturer pays out more than forty cents to his suppliers for materials. Then he pays out 24 1/2 cents to his employees in wages, salaries and employee benefits. Next he must pay the Dominion and provincial tax collectors about 14 1/2 cents to cover excise, sales and income taxes. With 21 cents left, nearly 11 cents is required to meet other outlays including shop and office supplies, office administration and selling expenses, municipal taxes, maintenance and repairs, charitable donation and interest on bonds and loans. Out of the ten cents left, the manufacturer sets aside more than three cents for depreciation to cover replacement costs.

### Would Guarantee Farmers' Prices

TORONTO (P.M.) J. Caldwell, C.C.F. leader, speaking in Ottawa, before leaving for Saskatchewan, said that a C.C.F. federal government would propose a system of guaranteed prices for farm products. He said a marketing act is needed to enable the establishment of marketing boards for farm products.

### YOUNG PEOPLE'S BOOKS RECEIVED

### Back From Flying Trip to Scotland

Arthur A. Stewart, of the Hotel Savoy staff, who left for Scotland six weeks ago to visit his sister whom he had not seen since early in the First Great War, has returned to Prince Rupert. He travelled by air. Good weather was enjoyed practically all the time. Returning, he embarked at Prestwick, Scotland, on a Friday evening, arriving in Vancouver Sunday morning, with ten hours spent in Montreal.

### Ray Reflects . . . and Reminisces

About a million and a half dollars will be minted for Newfoundland. To hear the tink of these bright and beautiful coins will be a new experience for Newfoundlanders. It would almost be something of a novelty to Canadians.

Next Monday night Canada will realize she has been saved again. But, jesting aside, the hundreds of platform speeches and over the air orations have all served a good purpose. The general shakeup and swapping of opinions cannot but have a healthy effect, although perhaps a bit tedious if not exhausting, at times.

The whisky capacity of the average man is a quart a day, but the chances are, it won't keep the doctor away. More likely, it will fetch him fast. It should be understood that a quart a day is the cold condition of science—and science has nothing to do with social pleasures or abnormal appetite. The man's weight should be around 154 pounds, his home at sea-level and no hot weather and the liquid 100 proof whisky. He can swallow a quart—but how many days of life he will enjoy is his own lookout—or funeral.

The Shrine Band may not know it, but their marching and playing at Sunday's Memorial Day parade drew no small degree of complimentary comment. Some gave emphasis to the scarlet coats. For all one knows, that indeed may help a lot.

Although a near neighbor, Prince Rupert once seemed a longer way from the Queen

Taking over by the government of certain beauty spots along the Skeena River Highway to be retained in perpetuity as public parking areas or picnic grounds is advocated by G. R. S. Blackaby, president of the Prince Rupert Chamber of Commerce. The idea would, eventually, lead to a series of small parks or unspoiled oases amid future concentrations of population and commercial or industrial enterprise.

A similar move was recently made by the Terrace Board of Trade with the approval of Hon. E. T. Kenney, minister of lands and forests. Several such spots were designated by the Terrace Board.

### NONOGENARIAN OF NAAS DIES

Mrs. Emily Bolton Passes Away at Age of Over Ninety Years  
Mrs. Emily Bolton, who was well over ninety years of age, died a few days ago at her native village of Kincolith on the Naas River. She was the oldest woman of the village and one of the few remaining links with the aboriginal days before Christianity came to this area. She could tell in her native tongue many an interesting anecdote of the times before the white man set foot upon the Naas River country.

Pre-deceased by two husbands Louis Stewart and Frank Bolton, Mrs. Bolton is survived, by one son, Abel Stewart. Other children died years ago. There are several grandchildren and great grandchildren.

The funeral took place from Christ Church, Kincolith. Deceased had been an active worker in the Woman's Auxiliary and the Church Army Sisters.

Marriage of Flying Officer H. McLeod (Hickey) and Helen Porter R.N., took place in Vancouver on Saturday, June 11. The ceremony took place in St. Andrew's Cathedral, with Rev. Cecil Swanson officiating. The hour was 7 p.m. The bride, a graduate of the Hospital School of Nursing, is a daughter of Mr. and Mrs. Norman Porter of Quebec. Her gown was of white tulle, slightly edged with a sweet-pea pattern. Her veil was of white tulle, and she carried a bouquet of pink roses. The bridesmaids were Frances Coons, R.N. of Vancouver, and Mrs. Porter, who was her maid, in pale pink net with a shoulder length

veil and long gloves. The flower girl, Miss Lynne Nixon was in white organdie. Lloyd Yeo attended the groom who is the son of Mr. and Mrs. Jarvis Hartley McLeod of Prince Rupert.

Ushers were Flt. Lt. Eric McDowell, D.F.C. and Bar, and Wm. Collings.

A reception was held at the home of Mr. and Mrs. H. V. Sweeten, sister of the groom.

Mrs. H. F. Robbins and daughter, Shirley, returned to the city this afternoon on the Prince Rupert from Vancouver. Shirley was recently discharged from Tranquille Hospital.

John Stormont, president of Distillers Company of Canada, arrived in the city this afternoon accompanied by Mrs. Stormont on a holiday trip. They leave on tonight's train for the east.

● "Let's Build a Healthy Nation" and "Provide Homes for People first." The C.C.F. Can do the Job. Vote C.C.F. June 27th. (14)

C.N.R. divisional Superintendent C. A. Berner arrived in the city on last night's train from Prince George and is leaving again tonight for Jasper on company business.

Otto C. Young, chief mechanical and refrigeration engineer for the Fisheries Research Board of Canada, arrived in the city today from Vancouver to take part in the preparation for shipment of a cargo of fish in a new type refrigeration car which will leave for the east on tonight's train.

WAR SOUVENIR FROM ARAB KING—King Abdullah of Trans-Jordan pins Arab Legion medals on a follower in Amman. Abdullah, head of the Arab Legion, has control, recognized but none too secure, over Arabs in the Middle East. He is said to have accepted Israel as a permanent entity in the Near East community.

**SHOOTS 400-POUND BEAR**

A California vacationist established his renown as a hunter at Limberlost Lodge at the week-end and became the envy of other guests at the new Graham Island summer resort.

G. Stafford, of Berkeley, California, who is spending a fortnight at Limberlost, shot a 400-pound bear in the immediate area of the lodge. The feat occurred a week before the resort officially becomes open to guests.

Mr. Stafford, a native of Berkeley, California, arrived at Limberlost on June 11 for a fortnight's holiday with his small daughter.

**Oscar Smith Is Named Collector**

Oscar Smith, who took over the duties of Acting Collector of Customs following the retirement of Jarvis H. McLeod, will fill the office permanently, the appointment becoming official in August.

**Why Not Benefit from Better Breakfasts?**

Here's a message to Janes and Jills — gals everywhere. Straight facts—simple truths—definitely important to health and happiness.

**Grape-Nuts—Family Favorite**  
An Alma, Ont. young lady writes: "Every single member of our family is a regular user of Grape-Nuts and likes them".

**Breakfast—Extra Important Meal.** Nothing is more likely to start your day off with a swing... keep you sharp... than a good breakfast. So for social achievement at home or mental alertness at the office give extra attention to the day's first meal. The reason: those who eat no breakfast or a poor one, risk resulting fatigue, irritability, lessened efficiency.

**Grape-Nuts—Special Breakfast Cereal.** Start today. Let two tablespoons of delicious Grape-Nuts provide the cereal share of a good breakfast. There's flavor-lift in these golden, crunchy kernels of whole wheat. Good nourishment, too. This highly concentrated cereal has fine food values—useful amounts of carbohydrates, minerals and proteins. Delicious with milk or cream. Different recipes are on the package.

"SORE ARM" RACKLEY REJOINS DODGERS—Sore arm and all, Outfielder Marvin Rackley, who is seen with Manager Burt Shotton (right) has come back to the Brooklyn Dodgers from Pittsburgh. Rackley returned to Ebbets Field because of uproar created by Pittsburgh Pirates Owner Frank McKinney who charged the Dodgers with misrepresenting Rackley's physical condition at the time he was sold in exchange for Johnny Hopp and \$25,000. When the charges reached Dodgers prey Branch Rickey, the latter got in touch with McKinney and cancelled the whole deal. Rackley played seven innings against the Cubs, but didn't have a chance to demonstrate the condition of his arm.

LEGION ENDS ENTERTAINMENT

Canadian Legion held its final "Bring-Your-Missus" night of the season Friday evening, concluding a series of monthly entertainments which have lasted through the winter and spring.

The entertainment committee provided a pleasant surprise with a new entertainer, Mrs. Nora Thompson, whose singing and playing were the feature of the evening. Mrs. Thompson revealed herself as a talented entertainer with considerable background of wartime entertaining in eastern Canada.

The program included songs by Mrs. Peggy Andrews and Jock Campbell, recitations by Reg Kings and W. D. Griffiths and a guitar and harmonica solo by Archie Brogan. Mrs. J. S. Black

and S. A. Roberts provided music for the community singing.

Purses and wallets, the handiwork of Don Arney while in Shaughnessy Hospital, were raffled. Mrs. George Penner and Mrs. Joseph Richards were winners of the purses while George Penner and Wilfred Goddard won the wallets.

The program was in charge of Neil Cameron and Vic Duncan, the latter acting as master-of-ceremonies. It concluded with light refreshments served by members of the Legion Women's Auxiliary.

NEW SCHOOL IS FINISHED

Contractors Mitchell & Currie have completed, at a cost of \$26,000, a neat new schoolhouse and teacherage at Metlakatla village for the Department of Indian Affairs. It will be occupied on the reopening of school in the fall after the summer vacation. The school has capacity for forty pupils. Sub-contractors were Smith & Elkins, plumbing, and Grant & Newton, electrical work.

Tenders are about to be called for new Indian schools at Kincolith, Hartley Bay, Greenvills and Fort Babine.

## CANADA NEEDS HEALTHY RAILWAYS TO SERVE HER PEOPLE

**Canada's Railways mean EMPLOYMENT for over 190,000 Canadians**

It takes skilled manpower and lots of it to keep the railways rolling... to move passengers and freight (145 million tons of it last year!)... to carry the essentials of life and work to every community. So it's not surprising that the railways are among Canada's biggest employers. Last year their payroll totalled \$544,000,000.

Then, too, the railways are heavy buyers of so many things, from paper cups to locomotives. Their continued power to employ and to buy is therefore linked with the welfare of countless thousands of other Canadians doing all sorts of jobs in all parts of Canada. The fact is...

**THE RAILWAYS ARE CANADA'S BIGGEST BUYERS**

**FUEL**—For fuel alone, the railways spent \$113,000,000. They are Canada's largest fuel users. Fuel is one of the largest single items purchased.

**STEEL**—They spent \$21,000,000 for rail and track fastenings. There are 13,000 railway spikes in one mile of track; and the railways operate close to 50,000 miles of track.

**WOOD PRODUCTS**—There are 3,000 wooden ties to every mile of track. Last year for wood products, including ties, the railways spent nearly 30 million dollars.

The railways also spent other millions for rolling stock of all types; for paper products, tickets, timetables, booklets, stationery; for food, textiles and a host of other products.

Adding taxes, duty, insurance, interest charges and other items, the railways spend close to one billion dollars a year.

**APPLEWHAITE AT TERRACE**

**Liberal Candidate Confident of Outcome in Central Interior**

TERRACE—Concluding what he found to be a successful campaign tour through the eastern end of the riding including Burns Lake and other points in that area, Ted Applewhaite, Liberal candidate for Skeena in the federal election, spoke last night in Terrace and explained direct overland today by Skeena Air Transport for Ocean Falls where he is billed for tonight. From Ocean Falls he will fly to Prince Rupert Thursday and will close his campaign with a public meeting there Saturday night.

Monday night Mr. Applewhaite was at Burns Lake where, like Houston and Francois Lake, he reports having had an enthusiastic meeting.

J. S. Brown of Burns Lake and W. E. Holmes of Topley Landing were joint chairmen at the well attended Burns Lake meeting. Lyster Mulvaney also spoke. Applewhaite was well received and frequently applauded during his speech.

The candidate declares confidently that he is assured of substantial majorities at all points visited.

**SHIP GRAIN TO MEXICO**

WINNIPEG—Canada will ship wheat to Mexico this month for the first time in years, Douglas Cole, commercial counsellor at the Canadian embassy in Mexico City, said in an interview here. Trade between the two countries will expand, he predicted.

**CANADIAN CLUB MEET**

**Program of Pupils of Conrad Street School Is Enjoyed**

At its final meeting of the season in St. Andrew's Cathedral Hall, the Women's Canadian Club enjoyed an interesting and informative program put on by a group of children from Conrad Street School under the direction of T. G. Bateman.

The first item took the form of a quiz in which the children explained the meaning of democracy, the second item consisting of a group of folk dances. A song by David and Bobby Houston was much enjoyed. Two interesting films were shown by Mrs. A. E. Evans—one, "The Bridge," telling the story of South America, and the other, "Montreal," depicting colorful scenes and various phases of life in the old Canadian city.

At the opening of the meeting, the president, Mrs. G. R. S. Blackaby, welcomed new members, asking them to stand as their names were called to be greeted by the members.

At the conclusion of the meeting delicious refreshments were served under the direction of Mrs. Thomas Boulter.

**SHIP STRIKES MINE, SINKS**

OSTEND, Belgium—Striking a mine four miles off Dun-kerque, the Belgian Channel ship Princess Astrid sank on a sand bar yesterday. Five members of the ship's crew were killed. All passengers were rescued.

**Officials Gather for New Refrigerator Car Inauguration—Much Fish Is Moving**

Importance that is attached to the experimental shipment of frozen fish that is to be made from Prince Rupert tomorrow in a new type of refrigerator car that is expected to revolutionize the rail movement of fish and other perishable commodities over transcontinental distances is indicated by the assemblage here of Fisheries Research Board and railway officials to observe the loading and accompany the car to Montreal. Those here include Otto C. Young, chief mechanical and refrigeration engineer of the Pacific Experimental Station at Vancouver; J. L. Townshend, Montreal, general supervisor, perishable traffic, Canadian National Railways, Montreal; D. C. McVeigh, supervisor, perishable traffic, western region, Canadian National Railways, Winnipeg; Alex Olynk, Research engineer, Canadian National Railway, Montreal; Fred Kessler, inspector, perishable traffic, Canadian National Railways, Montreal; P. C. Brougham, general supervisor, perishable traffic, Canadian Pacific Railway, Montreal; F. Morrison, supervisor, perishable traffic, Canadian Pacific Railway, Winnipeg, and Cy Dunn, mechanical engineer from Minneapolis. The shipment, a full carload of frozen halibut, is being consigned by the Prince Rupert Fishermen's Co-operative Association to the O'Connor Fish Co. of Montreal.

Halibut in quantity continues to be shipped from Prince Rupert. Attached to Monday's train, seven carloads rolled away, for the large markets of the east.

**More Savings**  
Today people have nearly 2½ million more bank accounts than before the war. They have put aside more than 4 billion dollars in personal bank savings. In British Columbia, Bank Accounts, Bond Holdings and Savings Certificates are more than four times greater in 1948 than in 1939.  
This is evidence of how Liberal post-war policies have improved conditions in British Columbia.
