Indian Troops Are Advancing In Hyderabad

Second City Of Rich State Is Now Captured

NEW DELHI (CP)—Aurangabad, Hyderabad's second city, has fallen to invading Indian troops, an Indian defence ministry spokesman said today. He said the city surrendered without a shot being fired. Occupation of Aurangabad, together with the capture yesterday of Daulatabad, Jauna, gives the Army control of virtually the entire northwest corner of Hyderabad. He declared that the Indian troops were encountering no opposition from civil authorities or the populace. India threw parachute troops into the invasion of Hyderabad today and captured Homnabad, 84 miles from the capital. Eden urged the United Nations to act quickly in Hyderabad, the conflict in which might lead to communal warfare throughout India on a scale never before known. He saw the communist pattern in latest developments in India.

Foreign Secretary Ernest Bevin was even more forthright. He pictured southeast Asia as a "hotbed of communism." Communist activities in Malaya, Burma and Siam he saw as part of a Communist campaign to seize control in that part of the world.

Eden Emphasizes Seriousness of Situation Arising Out of Hyderabad

LONDON (Rt. Hon. Anthony Eden, former Conservative Foreign Secretary, spoke today on the international situation before the House of Parliament which is digesting yesterday's rearmament pronouncement. Eden skirted the Berlin crisis and Moscow four-power conferences to concentrate on the Indian invasion of Hyderabad and the eastern situation.

Moving Out Of Premier

STEWART — Monday of this week appears to have witnessed the final ringing down of the curtain on the operations of the Silbak-Premier mine. J. G. Pearcey, manager, J. C. McCutcheon, mine superintendent, Otto Hornel, and Alfie Teed, shift bosses, left that day. Pete Svedberg, the other shift boss, is slated to leave next week.

Mr. Pearcey and Mr. Hunt intend to motor from Prince Rupert visiting various mining districts. Wells and Barkerville are on their itinerary.

Mr. McCutcheon and the shifters are on their way to another property. Meanwhile the Riverside mine on the Alaskan side continues to carry on with a full crew and is making shipments of their product, tungsten ore, every few weeks. Crawford Transfer Co. have the hauling contract. Al Kirby, late of Silbak-Premier is in charge of operations.

Excellent results are being obtained on the Silver Tip group where contractors are working under the direction of George Winkler.

Work is also continuing on the Phillips property at Tide Lake and at the Morris Summit.

R. C. St. Clair, assistant chief forester, who for many years was in charge of the Prince Rupert forest district, was in the city at the first of this week on his way to Terrace on official business.

ITALY STOPS SOVIET DEAL

BLACK MARKET FOR WORKERS

Acute Shortage of Skilled Labor and Technicians In Australia

SYDNEY, Australia (v)—Shortage of skilled labor and technicians is causing a "black market" in labor in Australia.

Employers are forced to compete with each other for available manpower and many are offering wages much higher than the rates laid down by the Arbitration Board, the ruling body that fixes all wages in Australia.

One factory has a standing offer of a \$32 bonus to any employee who brings in a new worker. It also provides free bus transportation to all employees who live distant from the plant. Many other factories offer similar inducements.

Messenger boys and girls are one of the greatest problems. To get boys and girls as they leave school, business firms and factories offer free training courses. One Sydney firm this week offered free bicycles to boys who would join the staff and stay for at least a year as messengers.

The manager of this firm said the offer wasn't bringing direct results but three boys had called and promised to "think it over."

A leading industrialist said that neither he nor anyone else dared offend the messenger boy—"that mighty midget who has the commercial life of Sydney in the palm of his grubby hand."

Some employers are endeavoring to have the Federal Arbitration Court return workers to a 48-hour week in place of the present 40-hour week. Metal trades employers have served notice on 20 unions that they intend to seek re-introduction of the longer working week. The unions are expected to counter this with a claim for a 35-hour week, with increased holiday pay and other amendments.

Immigration Minister Arthur Caldwell, speaking of the need for increased population, said there were about 250,000 jobs in Australia waiting to be filled.

NEW PAKISTAN GOVERNOR

KARACHI — Kwaja Nazimuddin, former Premier of Bengal, has been appointed acting Governor General of Pakistan, an official cabinet announcement said yesterday. He will fill the vacancy caused by the death Saturday of Mohammed Ali Jinnah.

Newspaper Costs Rise Everywhere

TORONTO—Wages and newsprint have increased in Canada in the publishing business by 95 and 100 per cent respectively since 1941, according to figures issued by the Canadian Daily Newspapers' Association.

\$27 PER DAY PAY FOR BRICKLAYERS

NEW YORK — Bricklayers in the United States will receive \$27 for an eight-hour day under an arbitration award upheld in the Supreme Court. There had been a dispute between the Bricklayers, Masons and Plasterers Union and the builders' association of Greater New York.

PROTECTION OF SMALL LOGGERS

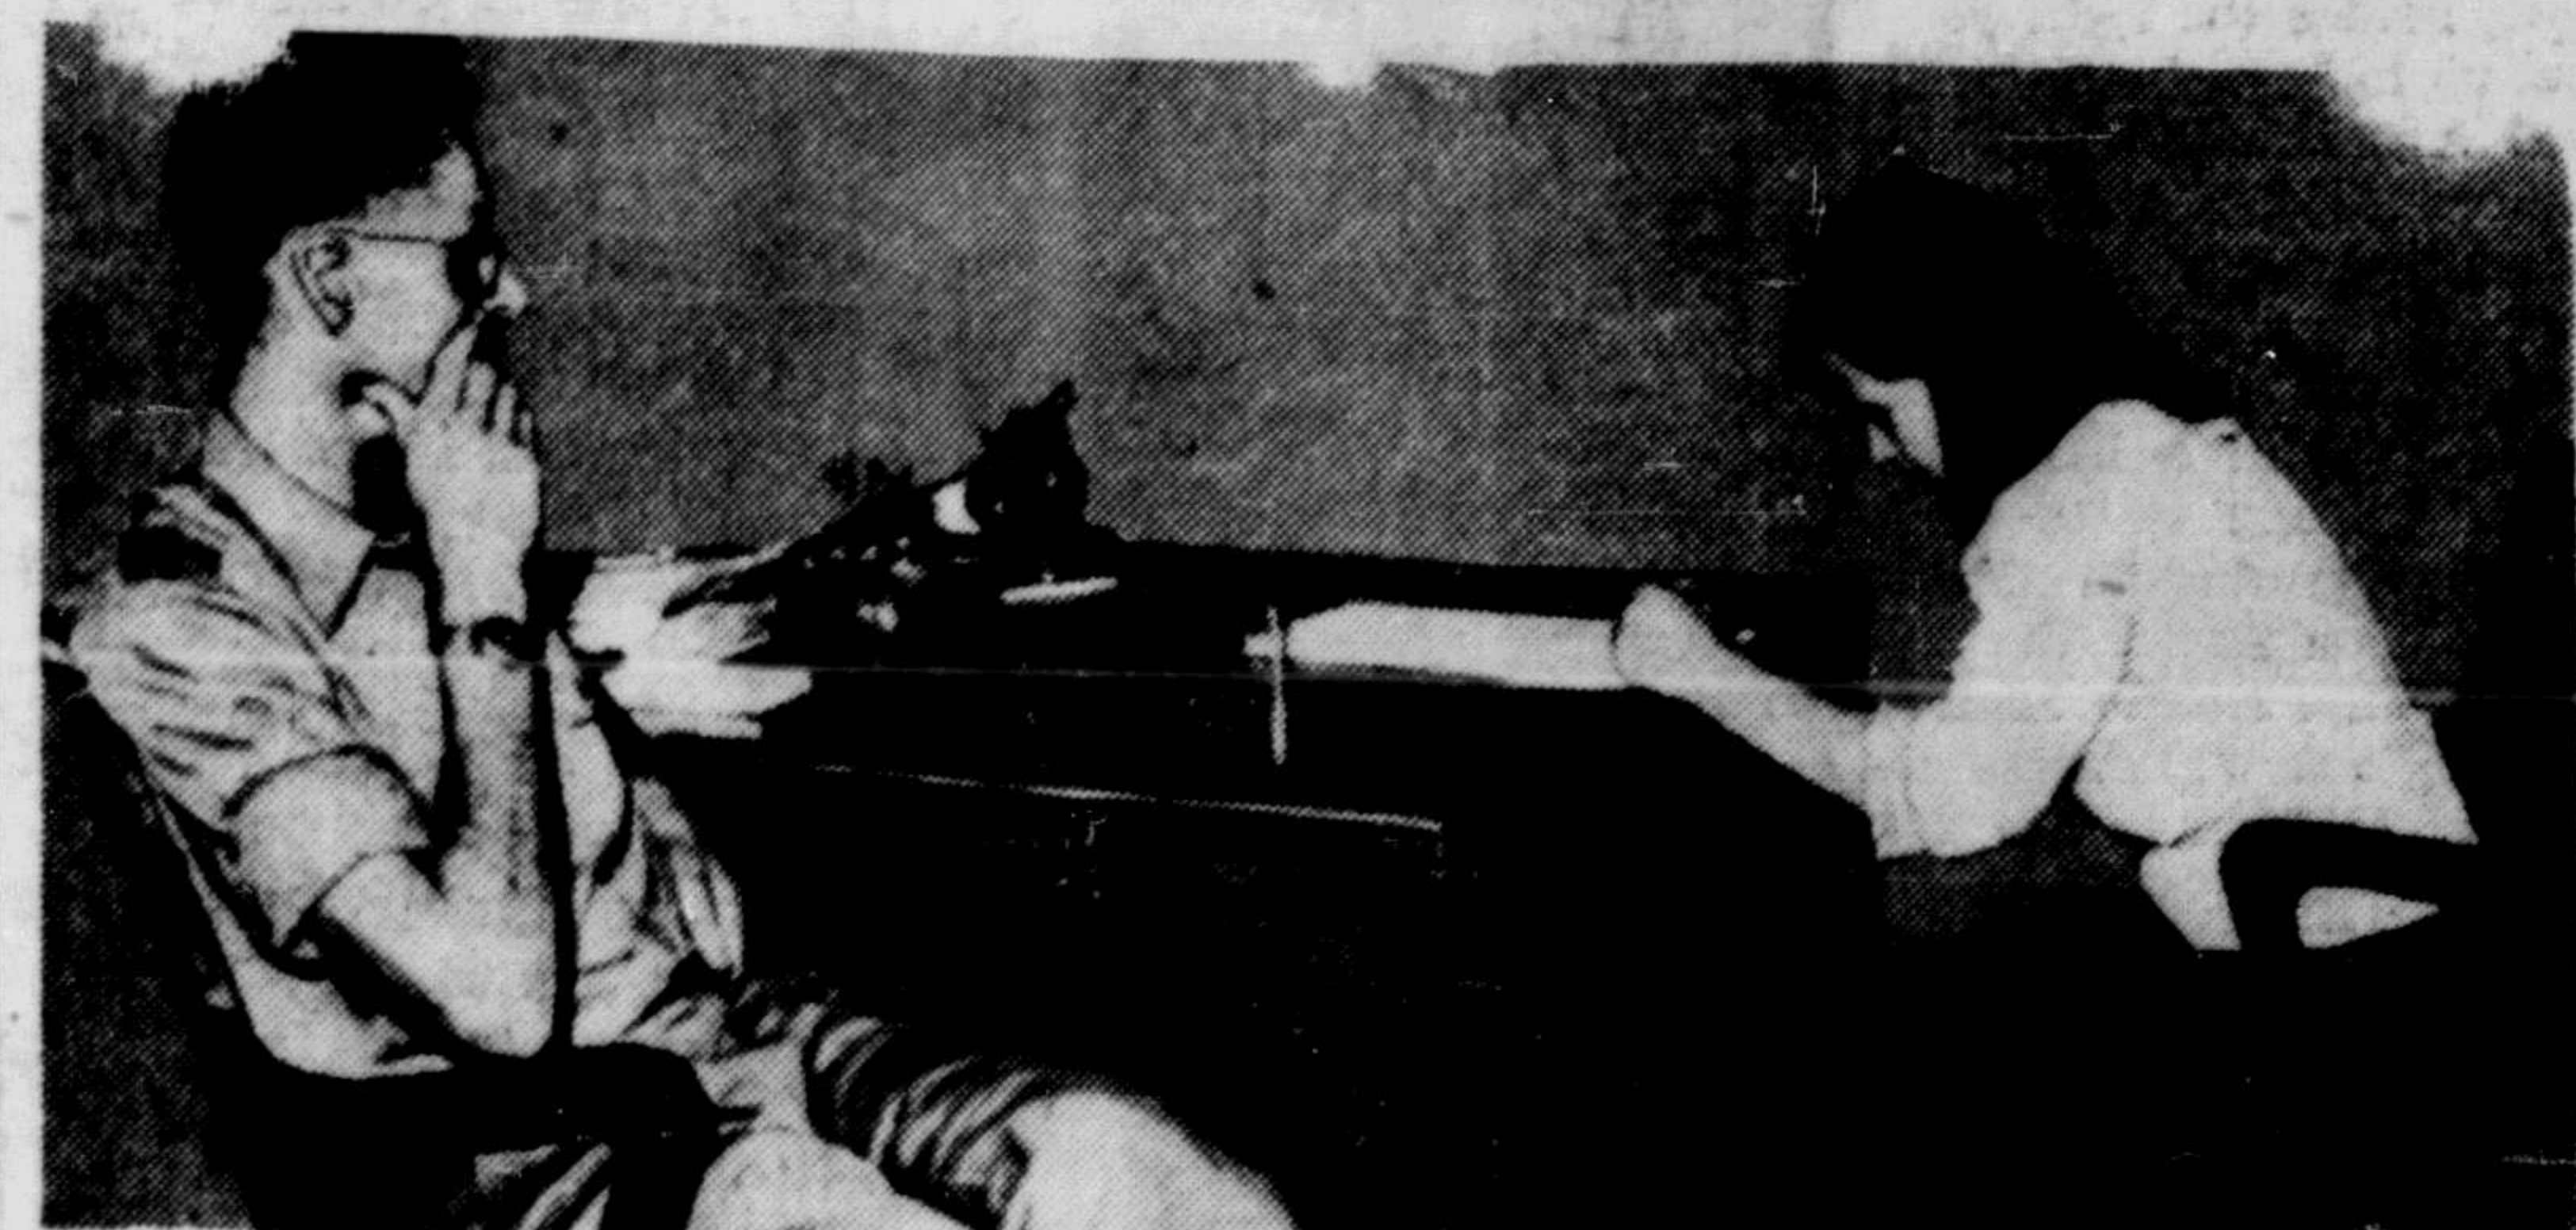

Adjustments are being made whereby small timber operators in this area will have their interests protected in the event of operations by larger scale logging interests, it was indicated at the meeting of the Prince Rupert Chamber of Commerce. The lumber committee of the Chamber was asked to follow the matter up.

LIQUOR KEEPING CASE IS UPHELD

Conviction and fine of \$300 imposed on Mrs. M. B. Alexander by Stipendiary Magistrate E. S. Richardson at Queen Charlotte City for keeping liquor for sale was upheld by Judge W. O. Fulton in County Court here. J. T. Harvey acted as counsel for the crown while Roderick MacLeod appeared for the appellant.

HELD IN DEATH OF FATHER ON ALCAN HIGHWAY—13-year old Louise McComas of Dayton, Ohio, signs a statement in the Kimball county jail at Kimball, Neb., concerning the death of her father, John A. McComas, 52, in the "bush country" near Dawson Creek, B.C. Gustav O. Wiegner, 24, also of Dayton (right), told officials he shot McComas accidentally while they were hunting squirrels.

Reinforce Air Lift

U. S. Sending More Transports to Germany —No Announcement After Parley

WASHINGTON, D.C., (CP)—The United States Air Force is sending about 40 more C-54 four-engined cargo planes to Germany to reinforce the 105 planes flying the air lift to Soviet-occupied Berlin.

At Moscow three western envoys went to the Kremlin yesterday for a meeting with Soviet Foreign Minister Molotov. It was the first four-power meeting in Moscow since August 30 and it lasted 90 minutes after which the envoys went to the British embassy to compare notes for reports to their governments. Again no announcement was made although it is believed the western envoys are seeking a climax to the talks.

At Berlin General Lucius D. Clay predicted that, before any forceful actions are attempted to break the 82-day old Soviet blockade of Berlin, the United States will exhaust "all other means at its disposal" to reach an agreement.

Britain charged today that Russian troops had provoked German anti-communists into rioting last Thursday which resulted in street fighting at Brandenburg Gate. The statement by an official British military government spokesman rejected an accusation by the Russian commandant, Major General Alexander Kotikov, that inactivity of British military police had encouraged "Fascist provocateurs" to attack Russian soldiers at the Soviet war memorial.

AIR TRIPS FROM KETCHIKAN O.K.'D

Arrangements have been made whereby the Ellis Air Lines of Ketchikan may make six charter trips per month from Alaska to Prince Rupert, it is announced by W. F. Stone, chairman of the air transport committee of the Prince Rupert Chamber of Commerce. Thus progress is made in the easing of restrictions which have been militating against air traffic between Alaska and Prince Rupert.

C.P.R. DISPOSING OF TWO VESSELS

VICTORIA — Announcement was made yesterday by the British Columbia Coast Steamship Service of the Canadian Pacific Railway that the veteran steamers Princess Charlotte and Princess Alice are to be disposed of. The Charlotte will be offered for sale next spring and the Alice will be scrapped. After a complete overhaul, the Princess Mary will resume service on the Vancouver-Westview-Comox run.

BEAR ATTACKS PETE'S CAR ON PREMIER ROAD

Pete Svedberg, shift boss at Silbak, had a hair-raising experience last week from the mine to his home in Stewart. A check on the Salmon River Road, Alaskan side, showed a large bear ambling along the side of the road. He thought there was a bear on the road for himself and as he got it swerved to throw himself over the car enough that he got a secure backwards to the side of the road. He argued that he just had to get away from the bear. He was defeated in a big one-time in the street that a man to attack.

C.I.O. Fights A.F.L. Workers

Violence Continues In California Port—Tear Gas and Stones

SAN FRANCISCO (CP)—Police were ordered out in full force today as striking C.I.O. oil workers massed to prevent more American Federation of Labor unionists going to work at the big Standard Oil refinery at nearby Richmond, the scene of a bloody fight yesterday. It is estimated that 2,000 strikers, many wearing the white caps of longshoremen, brawled with police for an hour in the bitterest clash of the 11-day-old strike against six major oil companies.

Police fired tear gas and the strikers used stones. The past three days will see the management of the refinery.

NIGHT OF OPERA

PRINCE RUPERT PEOPLE, from all accounts, are due for something really exceptional in the way of entertainment tonight when the Basil Horsfall Singers present their "Night in Vienna" at the Civic Centre.

Mr. Horsfall, in his presentations which have received great acclaim everywhere they have been offered, is said to combine glamor and romance in high degree in the excerpts he selects from the world's greatest operas and operettas to say nothing of two complete acts from "Martha" and "Faust" in costume and with all words sung in English. All of which sounds like an irresistible combination of the high class in highly popular fashion. Even the hepcats should go for this one.

One reviewer has said "the hours fly on the wings of song" in "a veritable carnival of song and duet." Without appearing to be unduly enthusiastic in advance, we can well imagine such to be so. In fact, all indications point to something on a variety entertainment on a plane we have possibly never had in Prince Rupert before.

Who is not to be tempted by cullation from the library of immortal melodies and songs—"Martha," "Faust," "Carmen," "Merrie England," "Flora-dora," "Merry Widow," "Chocolate Soldier," "Show Boat," "Bitter Sweet?"

This sounds like something we can recommend not at all because it is a show to benefit the Civic Centre but because it is an entertainment that we are privileged and fortunate to have offered to us. No doubt, Prince Rupert will show its interest and appreciation.

Letters to the Editor

FIGHT FOR HAINES

Editor, Daily News:
 I have received a copy of an article by Richard Neuberger and your editorial that appeared on the same day, September 3, 1948, regarding the Haines Highway. You will note that we do not call it the Haines Cut-off as it has grown to be a highway as per the opinion of many officials of our government and yours.

Just recently I was appalled to read an article concerning the so-called bottle-neck here due to poor dock facilities. Remarks were made that everything had to be lightered into the town of Haines. In a sense of the word this is true as the town of Haines is about one-quarter mile from Port Chilkoot. Port Chilkoot owns the wharf which can and does handle ships of every size that ply in the inside waters. Canadian Pacific, Canadian National, B.C. Steamships Ltd., Alaska Transportation Company and Northland Transportation Company all stop here on regular schedules. I believe that freight going to your local merchants must be hauled to the stores an equal distance of more, as from our wharf to Haines.

I am sure that the strike of the West Coast longshoremen is known to you. I'm also sure that you realize Alaska will need supplies, foodstuff and material. Our local merchants are going to order through Canada and pay the duty. Do you have wholesalers who can supply this area or the interior of Alaska? Are you interested in the misfortune of a territory without supplies in a manner that will give your port a chance to come into its own? Mr. Neuberger's article "Seattle's Bad Dream" can find some fact to it with a concerted effort from your side to keep the Haines Highway maintained. Keep that road open and you will find merchants in the interior shipping freight through

your port. Our longshoremen are not on strike so get freight in here. We will handle it regardless of misinformation. This port can handle freight faster than any port in Alaska.

I'm sure that you realize that the Haines Highway is not being ignored as much as it is being blocked by interests who find it advantageous to run everything through Skagway at terrific rates. You must, therefore, realize the fight you must put up to keep the Haines Highway maintained.

Here is your chance, a little pressure from ship lines; cries of help from needy merchants without the fear of boycotting practices, and a little time to do it because of the lack of competition due to the maritime strike. As for the importance of the Haines Highway to Canada, ask Whitehorse merchants and others in the Yukon.

THE PORT CHILKOOT COMPANY

Carl W. Heimiller,
 President-Manager.

DROVE FROM NEW YORK TO RUPERT

Might Have Won Medal If They Had Not Taken Train From Jasper to Prince George

Had he not had his car carried by rail from Jasper to Prince George, William J. Massey of Detroit, retired construction man for General Motors, might have been able to qualify for the Manson Medal being offered by the Prince Rupert Public Relations Council to the first motorist to drive this year from New York to Prince Rupert. Mr. and Mrs. Massey are in the city with their Buick Roadmaster car after a transcontinental trip with many side drives. They have been here for the past few days and will make the round trip to Ketchikan on the Prince George tonight and proceed to Vancouver on that vessel, taking their car with them.

Mr. and Mrs. Massey started out from Detroit and visited Cambridge, Massachusetts, then driving down the New England Coast to New York whence they headed west. They crossed the border at Roosport, south of Cranbrook, and after going through the Windermere country, visited Banff and Jasper. On their way here from Prince George they went up to Stuart Lake and enjoyed fishing and moose hunting. From Vancouver they will go to Vancouver Island and spend a few weeks at Comox. Then they will go to California for a visit before heading home.

Mr. Massey is not complaining particularly about the roads although he admits that he did have a hard time west of Terrace

coming in here on the muddy Skeena River Highway with its loose gravel which shook his car up considerably.

ENJOY wash day! Save your hands—let an electric washer do the hard work by gentle motion which forces creamy suds through soiled clothing and linens!

ENJOY a cleaner wash! Yes, electric washing is more thorough because suds are not swished through parts of the garments a few times, but through all parts many times!

BENEFIT SOCCER FUND IS PLANNED

The chief matter discussed at a meeting of the Prince Rupert Football Association last evening was what steps can be taken in connection with raising funds to take care of the expenses incurred by Doug Christison as a result of his unfortunate accident in breaking his leg in Sunday's football game. The Association has only a small balance but is planning to raise a substantial amount to meet the hospital and other bills.

A committee will meet with the Chief Petty Officers' mess in connection with one item. The Canadian Legion football committee is also planning some action and the general public as well as the sports enthusiasts will be given an opportunity to show their interest in the case. Douglas has always established a fine record as a gentlemanly player, capable on the field and modest off it.

A benefit football game between two teams—the President's Eleven versus the Vice-President's Eleven—will take place on Sunday week. This will be the last official game of the season.

The report of the referee, when two players were benched recently, was considered and the players concerned will be reprimanded. Present at the meeting were J. S. Wilson, S. P. Woodside, Darrow Gomez, Nick Pavlikis, Stan Veitch and Ralph Smith, secretary-treasurer.

STEWART NEWS

Latest from Portland Canal Mining Centre

STEWART DEATH IS ACCIDENTAL

John Roy Stewart, 25-year-old Kincollith native, "came to his death by accidental drowning," according to the verdict reached by a coroner's jury which investigated the waterfront fatality.

The young man was drowned in the vicinity of the Standard Oil dock Saturday night, September 11, between the hours of 11 p.m. and 12 p.m. In presenting the verdict, the jury strongly recommended that this float and other floats on the waterfront be kept in a safe condition at all times.

Herbert Clayton, 14-year-old Indian boy, who was on the wharf and heard the splash as Stewart struck the water, was commended by Coroner M. M. Stephens for his actions in attempting to save the drowning man. Young Clayton had to run back the length of the British-American Oil Co.'s dock and across a rocky stretch of beach to get to the Standard Oil Co.'s wharf and go down onto the float. According to the evidence he lost no time in getting to the scene of the accident and shouted to his uncle, Capt. Percy Alexander of the seine-boat Kamchatka, as he ran.

Evidence presented during the inquest indicated that a combination of oil and heavy dew had made footing on the oil float very difficult. Principal witnesses at the inquest were Herbert Clayton, Capt. Percy Alexander, Herbert Dooland, Constable Redhead, Constable White and Henry MacKay, who identified the body of Stewart. Alexander and Dooland are brothers-in-law of deceased. Eye-glasses were still on deceased 12 hours after the body was recovered.

The jury consisted of Douglas Wood, foreman, William H. Nesbitt, Leonard F. Brewerton, John Hewsick, Ralph Heaton and Victor Preston.

Stewart was 25 years of age and had a widow and three children at Hidden Inlet, a salmon cannery on the Alsa side of Hidden Inlet.

Mrs. L. A. Behnson left on the Camosun Monday for Vancouver and Duncan, Vancouver Island.

Mrs. F. H. Lewis left Saturday for Prince Rupert to undergo medical attention.

Mr. and Mrs. J. T. Kasper of Prince Rupert have been visiting with friends here during the past week.

The Women's Auxiliary of the Stewart Branch of the Canadian Legion held a very successful tea and sale of home cooking at the Legion club rooms on Saturday, netting \$61.80.

E. V. Whiting, superintendent of the local Unemployment Insurance Commission office, returned to the city on yesterday afternoon's plane from a trip to Vancouver on official business.

SEE for YOURSELF

ARMY WEEK
Sept. 20-26

It's "Open House" for the Army unit in your neighbourhood from September 20 to 26. There will be special field and tactical demonstrations on just about every phase of Army activity. See for yourself the modern equipment of the new Canadian Army, the special military displays. Watch for the local programme as announced in your daily newspaper or over your local radio station.

The Canadian Army Active Force offers a career to young men. The Canadian soldier has his choice of many trades with full educational and training programmes.

The ever-present opportunities for advancement, coupled with the generous pension plans, make the Army a prize career.

The Canadian Army Reserve Force offers much to men with time to spare: training in the most modern weapons and equipment; organized sports and recreation; dances and parties... all-round good fellowship. You will receive Active Force rates of pay for time spent in local drills and at summer camps.

For further particulars about either the Active Force or the Reserve Force enquire at your local armoury or contact the nearest depot listed below:

No. 11 Personnel Depot, 4th Avenue & Highbury Street, Jericho, VANCOUVER, B.C.
