

Berlin Discussions Are Bogged Down

ULMER SEARCH IS CONTINUING

Search is continuing today on the west coast of Graham Island for Martin Ulmer, Vancouver fisherman who has been missing more than two weeks since his gillnet boat was disabled in Athlow Bay.

Staff Sergeant G. A. Johnson of the provincial police here, who flew to the scene of the search Saturday, is directing efforts of ground parties to rescue the man for whom hope is diminishing.

Constable Jack Fletcher of Queen Charlotte City is heading a search party between Athlow Bay and Tartoo Inlet where the fisherman disappeared in an attempt to walk to a fishing camp at Tartoo Inlet. His partner, Robert T. Fraser made the walk in eight days after separating from Ulmer.

He expected Ulmer to arrive ahead of him, but on being advised that he had not arrived, a search was begun last Wednesday.

LEAFLETS DROPPED

Twenty thousand leaflets were to be scattered within a 30-mile area of the west coast of Graham Island today by an RCAF search plane advising Ulmer that rescue parties are endeavouring to find him.

The leaflets were sent from Vancouver where they were printed at request of his wife and family in the hope that he may find one and know that he is being sought.

Ulmer has been missing since May 23 when his gillnet boat was disabled in Athlow Inlet. Shortly afterward, he and his partner Robert Tasker started walking separately to civilization. Tasker made it to a fishing camp but Ulmer so far has not showed up.

The leaflets, scattered from an aircraft piloted by Flying Officer Rene Lemieux of No. 12 rescue group, RCAF, are aimed at giving Ulmer assurance that help will be brought to him if possible.

Ulmer's family live at 2964 West Twenty-seventh Avenue, Vancouver.

GAS RATION IS ILLEGAL

CANBERRA (CP)—A high court ruling yesterday declared that Australia's gasoline rationing system was illegal and cast doubts on the validity of controls on butter and tea.

The court found that some of the powers of the federal government under wartime defence regulations had lapsed and also ruled invalid regulations on employment of women and housing rights of ex-service men.

APPEALS AGAINST LIQUOR PENALTY

Appeal against sentences imposed on Nick Bokachytz by Magistrate W. D. Vance last week after he had pleaded guilty to two charges of selling liquor to minors is being entered by Rod MacLeod, city barrister. Bokachytz, formerly a waiter in a city hotel, was fined \$300 on each charge with an option of three months on each charge, sentences to run consecutively.

New Land Of Opportunity

This Is the Place for Young Men, Declares Federal Minister—Fisheries Conservation

Prince Rupert and the whole central interior is indeed a centre of opportunity, particularly for younger people, declared Hon. R. W. Mayhew, federal minister of fisheries, during his visit to the city at the end of last week. If ever there was a chance for the exercise of that rugged individualism and enterprise on which the development of Canada has so far been based, that chance is again to be seen in this particular part of Canada. "With your great celanese mill already under construction and the Aluminum Company of Canada planning a \$300,000,000 investment, the future of the northern part of British Columbia is undoubtedly assured," declared the minister.

FISHERIES PROBLEMS

Mr. Mayhew's particular interest here was, of course, in connection with the fishing industry. The department, he said, recognized that the largest halibut bed in the world was contiguous to this port and it was giving this fishery particular attention.

The minister also expressed interest in the fur seal situation and stated that investigations were now being made with a view to ascertain if the fur seals might be "using" more salmon than the canning industry. On the results of these investigations would be determined future policy in regard to the hair seals in co-operation with the United States.

The importance of "multiple stream" development in connection with the salmon fishery was also stressed by Mr. Mayhew. Not only were the Americans "getting the first crack" at the Fraser River salmon but also at those of the Skeena and Naas Rivers and Masset. With new power development imminent on this coast for industrial purposes, new problems were raised in the conservation of the fisheries of British Columbia which was a primary aim of the department.

WINNIPEG CANON IS AUTO VICTIM

WINNIPEG (CP)—Canon William Askey, aged 60, for sixteen years rector of All Saints Anglican Church here and an army chaplain in both world wars, was killed last night with his wife when his auto was involved in a collision with a bus at Fort Garry.

Canon Askey had been scheduled to leave for Vancouver in September to take charge of St. Peter's Church, Quamichan, and St. Andrew's, Cowichan, Vancouver Island.

The clergyman's car was demolished.

Police are investigating. The canon came to Winnipeg as rector of Christ Church. He had served in Vancouver, Pense, Saskatchewan, and Kamloops and was canon of Rupert's Land. Two sons survive.

HULL OPENED, NOT ROCK, CAUSED GROUNDING OF TENDER ALBERNI

Plates Parted, Master of the Lighthouse Vessel Reports to Transport Office Here

The government lighthouse tender Alberni was beached Monday in Fitzhugh Sound not as a result of striking a rock, but because of a leak in her hull, according to a report received here today from Capt. Joseph Petersen, master of the vessel which is now beached at Safety Cove.

Original reports reaching here and Vancouver said that the Alberni had torn her bottom when she struck Dugout Rock, 226 miles south of here early Monday morning. Later Vancouver reports said that she had been travelling in fog.

However, a terse wireless message from Capt. Petersen this morning said that the ship had developed a leak which filled the hold so quickly that she had to be beached at Clark Point, on the west side of Fitzhugh Sound.

Capt. Petersen had intended to beach her on the sandy bottom of Safety Cove but, instead, chose Clark Point in spite of its rocky shoreline, because he feared his boat would sink before reaching Safety Cove, farther north.

Steel shipbuilders at the dry dock this morning said that it was quite possible that the Alberni had developed a leak without striking any obstruction. Such occurrences have been reported before in marine history.

The Department of Transport marine office here said this morning that they believed that the Alberni had been moved from Clark Point to Safety Cove, where it is hoped to salvage her and her cargo of building materials.

The Alberni set out from Prince Rupert on May 25 for Egg Island with construction materials for a new lighthouse which will replace the one destroyed by a gale several months ago.

Marine Agent N. A. Beketov flew south Monday afternoon to Port Hardy to join the Victoria tug Salvage King which was dispatched north yesterday for salvage operations. The Salvage King was expected to reach Safety Cove this afternoon.

Two other lighthouse tenders, the Birnie from Prince Rupert and the Berens from Victoria, also are heading for the scene. Several fish boats are standing by.

SPECIAL HOP TO VANCOUVER

Fifteen halibut fishermen with time on their hands at the end of the Area Two season wanted a quick trip to Vancouver and they got it. Monday, they went into the Canadian Pacific Air Lines office here and, finding that there was not space enough on the regular southbound flight. Communication with Vancouver revealed that it did, so this morning, the C.P.A. Canso took off at 10 o'clock for Sandspit where it was to meet a special plane from Vancouver. Some of the fishermen planned to return here to re-join their boats for the Area Three and other types of fishing during the summer.

PUERTO RICAN PLANE CRASH

At Least Forty-Five Persons Lose Their Lives

SAN JUAN, Puerto Rico (CP)—A chartered plane carrying 81 persons crashed and sank in the Atlantic near here early today with a death toll which has now reached 45 and may be more.

Twenty-eight survivors had been found almost six hours after the crash.

Most of the 73 passengers were Puerto Ricans bound for the United States.

The plane developed engine trouble and crashed into the sea.

Drew Says Canada Losing Her Trade

OTTAWA (CP)—Progressive Conservative Leader George Drew told an Ontario audience that "no amount of pretence" by Minister of Trade Howe could conceal the fact that Canada was losing her overseas markets.

Flash

BIG STORM IN SOUTH VANCOUVER—A sudden and severe storm struck the Lower Mainland and Vancouver Island last evening. No serious damage was done. The steamer Princess Patricia had considerable difficulty in making a landing at Nanaimo.

UNEMPLOYMENT GROWING—Instead of decreasing at this time of the year as might be normally expected, unemployment is mounting in the United States. A quarter of a million jobless were added in May, bringing the total unemployed in the country now to 3,300,000.

MINERS ARE RETURNING ASBESTOS, Que.—One hundred and twenty asbestos miners have returned to work in one mine in which an agreement has been reached between the Catholic Union and the operators.

LABOR PARTY IN SESSION

BLACKPOOL, Eng. (CP)—The British Labor Party's biggest annual conference, which aims at finding a formula for victory in the next general election in 1950, opened here Monday with a background of industrial unrest. The "Sunday Only" rail strike, which has been on for three weeks and threatens to spread to next week-end, and the shipping tie-up are bad for government prestige.

CONGRESSMAN IS ON RAMPAGE

WASHINGTON, D.C. (CP)—Representative Carl Hinshaw, Republican, California, yesterday was reported ready to denounce in the House of Representatives what he called secrecy in which a new Canadian-United States air agreement was negotiated. The new agreement had announced that each country is given additional rights to do business in the other's territory. Hinshaw said he would also protest the manner in which United States air lines properties are being "traded away."

Foreign Ministers In Public Session Again

PARIS (CP)—Big four foreign ministers met today in what may be a showdown on the Berlin issue. Informed sources said that the four ministers had bogged down during secret talks over the use of the veto in any four-power supervision of Berlin's city government.

GENERAL KILLED IN PLANE CRASH

ATHENS (CP)—A plane crash seventeen miles north of here killed twenty-two persons including a Greek general. Eighteen passengers and crew of four of a Greek air line plane perished when the ship caught fire and hit a hill.

Major-General George Kotsalos, military governor of Kavalla, met death along with four children and five women.

POLISH STEAMER ALLOWED TO GO

NEW YORK (CP)—The Polish liner Batory, on which Gerhart Eisler fled from the United States on the voyage immediately previous, sailed yesterday as United States officials concluded questioning of the captain and crew. Of 683 passengers who had arrived Saturday 111 remained in custody pending further investigation by immigration authorities.

Halibut Sales

American
Grant, 48,000, Pacific, 19.2c, 17.5c and 15c.
Daly, 38,000, Cold Storage, 19.2c, 17.5c and 15c.
Masonic, 43,000, Cold Storage, 19.2c, 17.5c and 15c.
Canadian
Good Partner, 85,000, Cold Storage, 19.2c, 17c and 15c.
B.C. Producer, 56,000, Atlin, 19.2c, 17c and 15c.
San Tomas, 30,000, Royal, 19.3c, 17c and 15.2c.

With less than one per cent of the world's population, Canada has become the third greatest trading nation of the world.

Today's meeting was open to reporters. The ministers explained, without revealing anything too definite, their position in Berlin which they set forth in three secret sessions.

Erection Of Steel

Imposing Phase of Construction Work at Port

Edward Getting Under Way
Steel erection is now under way on the Columbia Cellulose Co.'s \$25,000,000 rayon pulp mill at Port Edward. The first frame was hoisted one day last week on the pulp storage building which will be the first structure to be rushed to completion since it is to be used for the storage of general construction materials.

Thus starts another important phase in the big local industrial project which will now soon be taking imposing form.

The steel work is being carried out by Dominion Bridge Co.

Footings for the large lower area building at the site are now almost complete and excavation on the hill for the chipper plant is under way.

Some 300 men are now employed on the mill construction work.

REMANDED ON JOYRIDE CHARGE

Michael Reiss appeared in city police court Monday on a charge of joyriding and was remanded until Thursday for hearing. The charge arose Saturday night after a local man had complained that a man had attempted to drive off in his car as he left a Third Avenue restaurant.

THE WEATHER

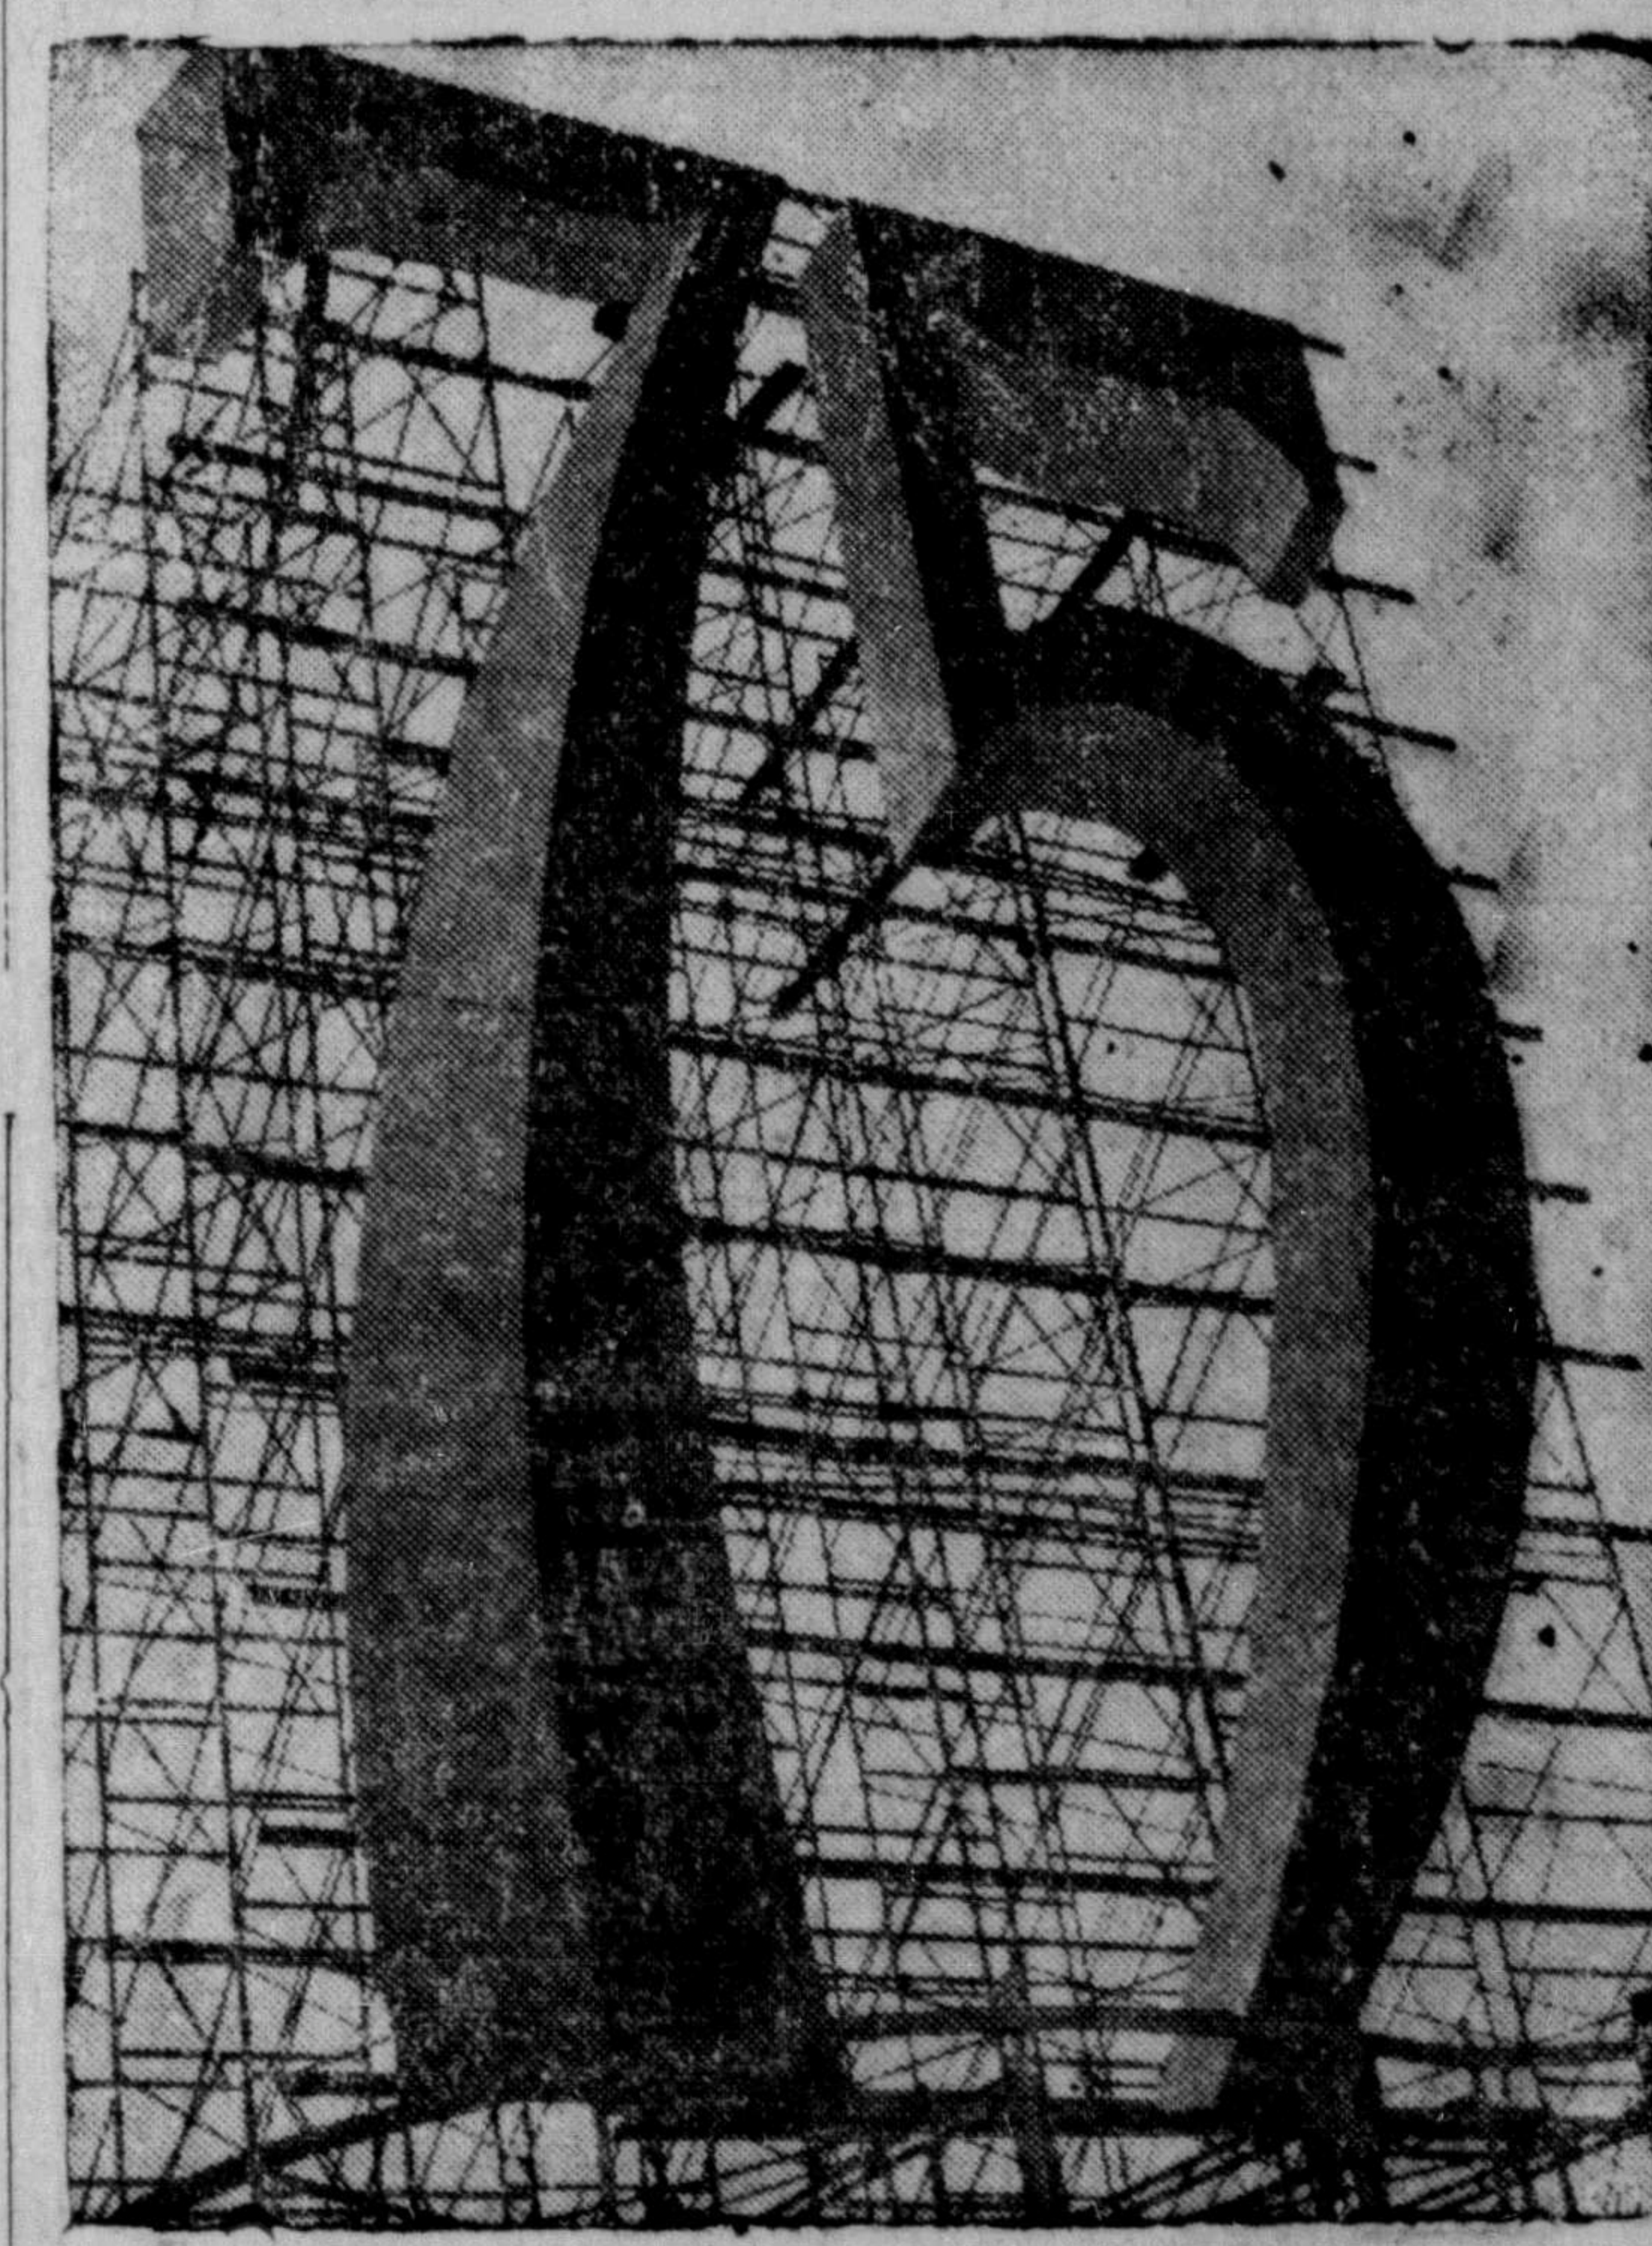

Synopsis

The past 24 hours has seen marked extremes in temperatures in the province with a maximum yesterday afternoon of 95 at Penticton being contrasted with a minimum of 31 at Quesnel this morning. Frequent thunderstorms occurred yesterday in the interior as cool Pacific air rushed into the province from the west. Strong winds were reported at several points with Vancouver airport reaching a maximum velocity of 47 miles per hour about midnight. Fine weather is again forecast for most sections for today and tomorrow except that a weakening Pacific storm will give overcast skies and some rain over the north coast by Wednesday afternoon.

Forecast

Queen Charlottes and North Coast—Cloudy today and tomorrow morning, becoming overcast with occasional light rain Wednesday afternoon. Little change in temperature. Lows tonight and highs Wednesday—set at Port Hardy 40 and 58, Massett 40 and 55, Prince Rupert 42 and 58.

Railway rates in Canada are the lowest of any country in the world, with the possible exception of some oriental regions with extremely low living standards.

BIRTHDAY TIME—Winnipeg is engaged in observing the 75th anniversary of its founding with a week-long celebration starting this Sunday. Just so there will be no doubt in anyone's mind as to the occasion, this big sign was erected at the famous Portage and Main corner in downtown Winnipeg. It towers above a colorful birthday cake of outsize proportions and a saluting stand. There was a great and colorful street parade yesterday. (C. P. Photo)

A Call To Action

RECENT YEARS have brought into sharp focus the contrast between individual freedom within the state and ruthless exploitation of the individual by the state. In spite of the subversive activities of a small group, most Canadians are today genuinely convinced of the strength of our democratic system and the need for keeping alive and glowing a full recognition of the blessings which we enjoy under our way of life.

For some time now, we have talked about the need for full participation in community activities and a full acceptance of our duties as citizens of this great Dominion.

"Talk is cheap!" and "actions speak louder than words!" are two old maxims which spring readily to mind and now is the time to see that our talking is translated into action.

One of the first duties of a citizen is to exercise his franchise and to vote according to the dictates of his own conscience. The ballot box has become the symbol of our freedom. And yet, in our last federal elections, more than 1,500,000 Canadians neglected this duty! Prince Rupert had its share of the indifferent and apathetic.

Non-partisan "Get-Out-the-Vote" campaigns, using the slogan "Vote as you like...but vote!" are to be commended.

Here is an opportunity to translate our beliefs and our words into action as organizations and individuals. It is a call to such organizations as the Chambers of Commerce to bring home to every citizen the importance of his franchise and his duty to exercise it.

TRIAL IN SASKATCHEWAN

SASKATCHEWAN is the only place in Canada where socialist remedies have been applied. The record in Saskatchewan is available for those who may be curious. The Regina Leader-Post, which has watched and experienced these remedies from close range, sums them up very frankly.

Bringing of key industries under state control was tried in Saskatchewan, but, points out the Leader-Post, it hasn't worked out very well. Staggering losses followed the taking over of many provincial industries and now Premier Douglas ruefully refers to several of them as "problem children." In Saskatchewan, says the Leader-Post, the C.C.F. government has closed its shoe factory and tannery, is operating its brick and fertilizer plants for only a few months in the year, and is warning the public that unforeseen difficulties are being encountered in operating its fish plants.

"The danger to the small businessman," states Mr. Coldwell, "comes not from the C.C.F. but from big companies which are continually swallowing up or eliminating smaller competitors."

In Saskatchewan, points out the Leader-Post, the C.C.F. has gobbled up a box factory and miscellaneous small bus lines. It has muscled in on the operations of insurance agents and small lumber men.

Perhaps it is just as well that the C.C.F. came into power in Saskatchewan. To the people and business of that province, the experience has been costly and painful but at least it has opened the eyes of Canadians generally as to what a victory for a socialist party really means.

Ray Reflects and Reminisces

A graceful tribute to the memory of a man whose faith and enterprise remained unshaken and whose vision could not fade is seen in the selection of the name Charles M. Hays for Prince Rupert's new hotel. It will be a permanent reminder of a pioneer whose life was the cost of his far-reaching plans and efforts.

The deep sea fishing season for 1949—barely a month—has ended. Halibut catches and prices have been good so that's that. But don't shout in a loud, ringing voice that the average fisherman finds money easy and abundant. It may seem so to some, but the truth is he earns every copper. As a rule, it comes the hard way. And that's not the whole story.

A war party of Algonquins moved in on Parliament Hill, says word from Ottawa and, after a brief skirmish with protective staff and the RCMP, were in complete control by noon. After a look at how the white man was running the country, the Indians, led by their chief, Freeman Menass, decided to go back to their Minnawaki reservation. "There is talk about giving the country back to the Indians," Freeman said to the press, "but now that we've seen the condition it's in,

we don't want it." More than twenty years ago, an artist with a perverted fancy painted on the curtain of the old Westholme Theatre what he thought the Prince Rupert harborfront would resemble by 1950. The general effect was not unlike New York—only much more dizzy. Times were slack, but theatre-goers could not accept such prodigality. This was too much! It was beyond fondest dreams. They smiled indulgently and let it go at that. But don't be too sure, old timer. Today, we're talking in millions, as a matter of course. A few thousand can be classified as chickenfeed.

To tell people the kind of stuff they love to listen to and tell it in a way that enchants is a gift. Some may be pie in the sky and some, strawberries and cream, but Premier Douglas of Saskatchewan appears to be an actor as well as a politician. Over the radio, Friday evening, he had the faithful all yelling.

A copy of the Evening Herald, direct from Dublin, no less, has come our way. First time it's happened, in fact. The front page shows live news as well as a scattering of advertising and illustrations, and all the other pages are readable and informative with bright make-up and timeliness.

ALBERNI AT SAFETY COVE

Waiting for Salvage King to Bring Her to Prince Rupert After Mishap

The lighthouse tender, Alberni, in sinking condition after her trouble yesterday morning, was towed yesterday afternoon from Clark's Point to a better beach at Safety Cove where she was put ashore again to await the arrival from Victoria of the salvage steamer Salvage King.

Department of Transport Agent N. A. Beketov left yesterday afternoon by aircraft for the scene of the trouble. All departmental vessels in the area have converged on the scene to give their assistance.

Last night, after two fish packers—the China Hat and Klatawa—had towed the Alberni to Safety Cove, it was reported that Captain Joseph Peterson and his crew were safe, all escaping without a scratch.

After being given temporary repairs to render her seaworthy for the tow, it is expected the Alberni will be brought the 200 miles or so from Safety Cove to the Prince Rupert dry dock.

One of the oddities of law developing from the adoption of Newfoundland as our tenth province is the fact that the Island is now the only province allowed the use of flour enriched with vitamins and minerals.

Portrait in your bank book

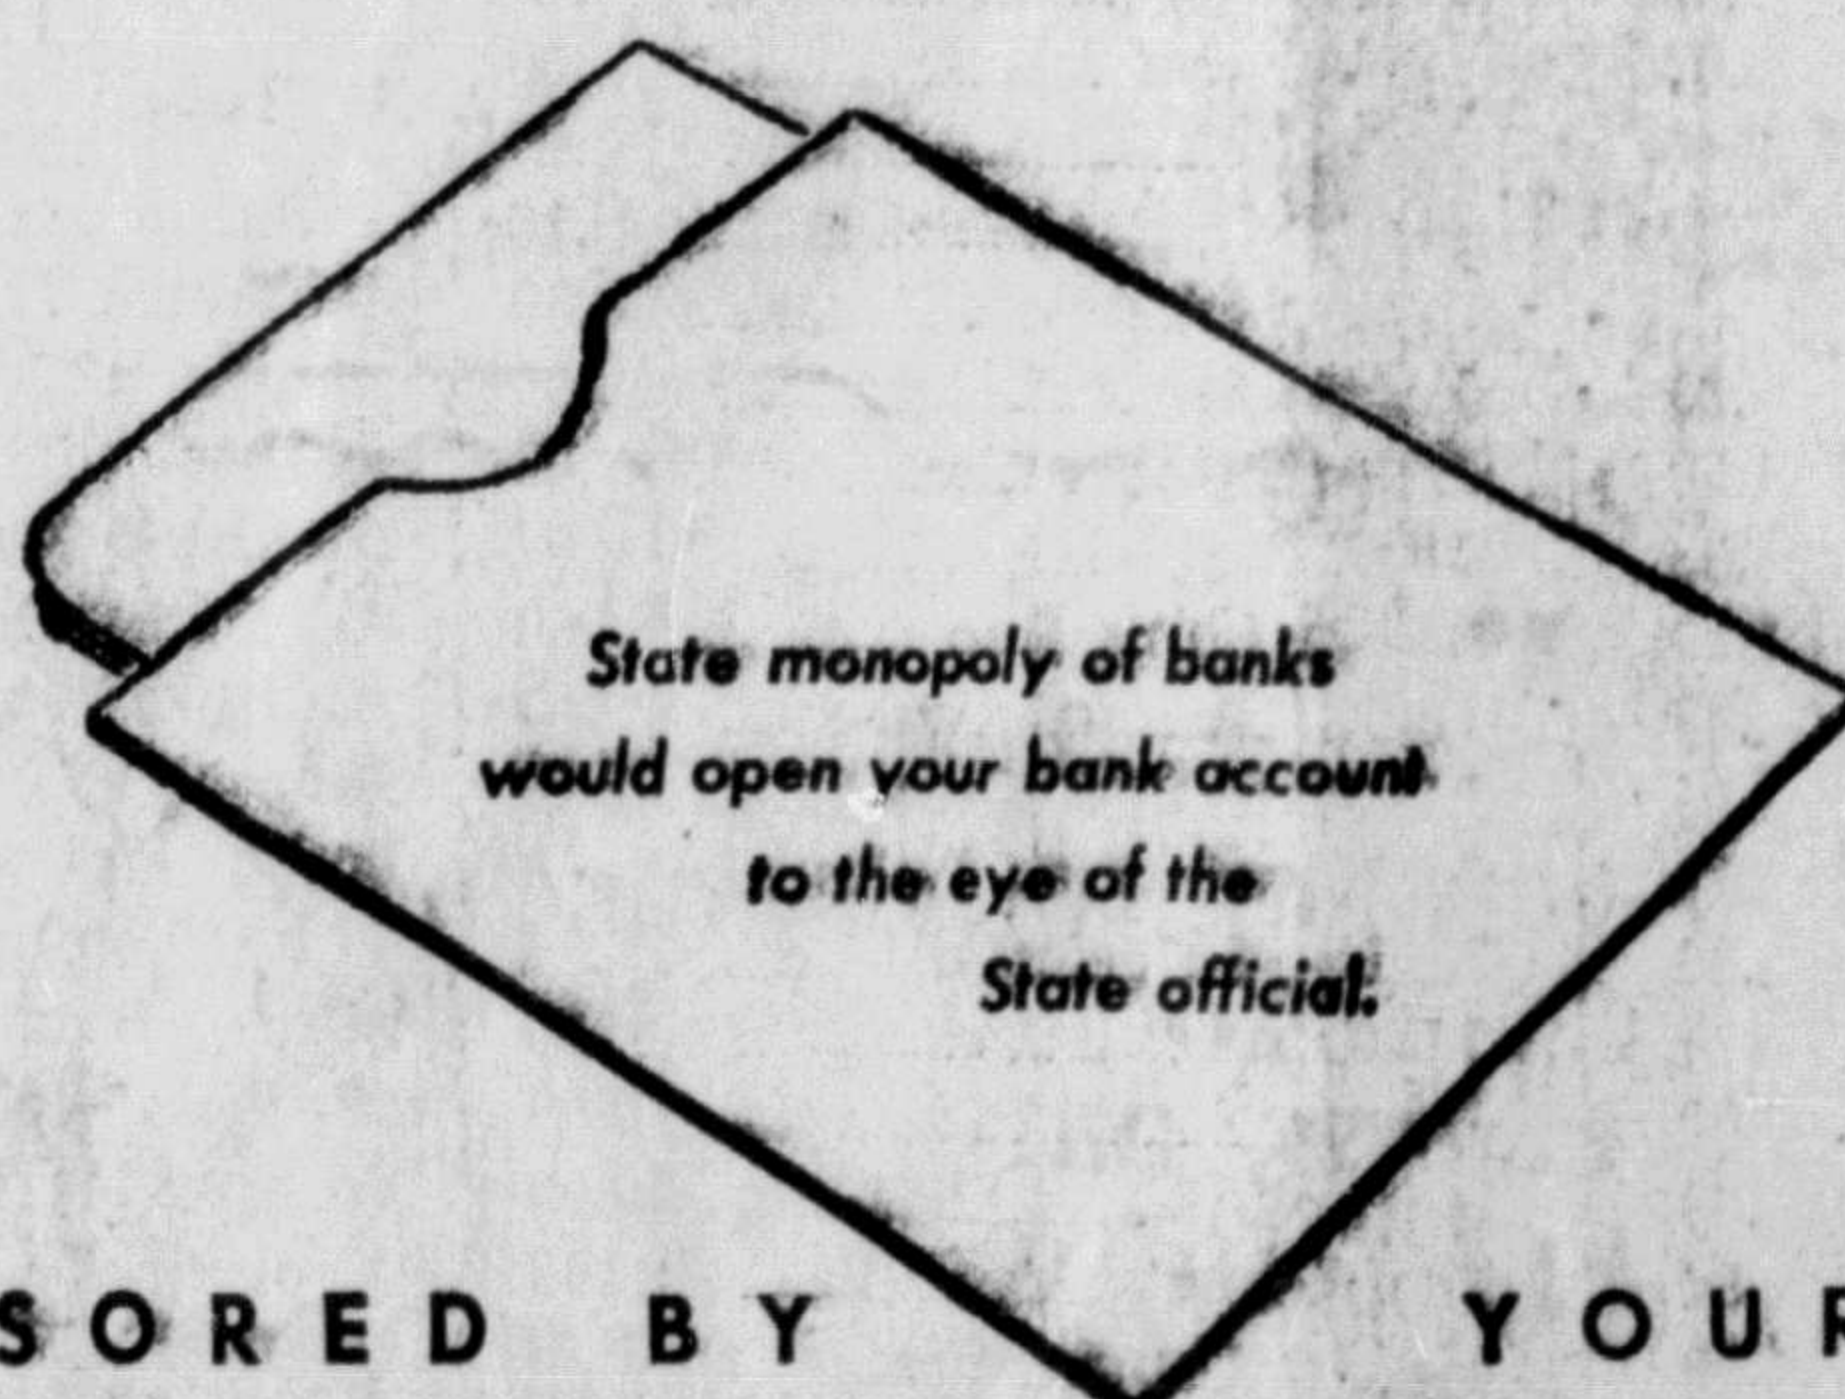

YOUR BANK BOOK is a little book . . . yet in it you can just about trace the outlines of your life story.

It pictures at a glance how much you've spent, how much you have left.

It's one of your most personal, most private belongings. It gives you a full accounting, figured to the penny by your bank's trained staff. Clear as a bell!

Your bank book is a limited edition—one copy only. What is in it is known only to your bank and to you.

Multiply your bank book by seven million and you get some idea of the book-keeping job your Canadian chartered banks are doing. There are more than seven million deposit accounts like yours . . .

set out by the city council last
year, Hays Cove Avenue, Con-
rad Street, Claude Street, a
block of Seventh Avenue east of
Hays Cove Avenue and Donald
Street will receive asphalt coat-
ings and several other streets
will be repaved.

MRS. ROBERT WIGGINS DIES

Prince Rupert Resident for
Thirty Years Passes in
Vancouver

Word was received in the city
yesterday afternoon of the death
of Mrs. Robert Wiggins, resident
of this city for over thirty years
and who also lived for a time
at Cedarvale.

She is survived by three chil-
dren, Mrs. Lloyd (Joan) Stevens
of this city, Mrs. James (Pat)
Hilder and a son Robert, both
residing in Vancouver. Mr. Wig-
gins died some years ago.

The funeral will take place to-
day in Vancouver.

Skattebol's son-in-law and
daughter, Mr. and Mrs. Cross.

START PAVING THIS WEEK

City's Street Program at
Last Getting Under Way

A start on the city's street
paving project, held up last
week by the weather, will be
made this week providing the
weatherman is agreeable. The
work involves hard-surfacing
several of the city's main streets
and is expected to begin with
the completion of a paved route
between the Hays Creek and
Morse Creek bridges.

Latest plans call for a start
on the Hays Creek bridge and
continuation along Seventh Av-
enue East to McBride Street,
then westward along Second Av-
enue to the Park Avenue inter-
section. McBride Street, which
has been declared an arterial
highway, now comes under the
provincial public works for main-
tenance purposes.

The surface of the Morse Creek
bridge will also receive an over-
lay of asphalt.

The city hot mix plant at
Roosevelt Park was ready this
morning to start producing the
first quantity batch of asphalt
for the project.

Under the general paving plan
set out by the city council last
year, Hays Cove Avenue, Con-
rad Street, Claude Street, a
block of Seventh Avenue east of
Hays Cove Avenue and Donald
Street will receive asphalt coat-
ings and several other streets
will be repaved.

C.N. PORTER IS HONORED

Double Anniversary For
Orange Talton Out of
Winnipeg

WINNIPEG—Canadian
National club car porter Orange
B. Talton of Montreal said to-
day he never would forget his
fifty-fifth birthday and the
thirty-seventh anniversary of
his service with the railway both
of which occurred on the Con-
tinental Limited enroute to
Western Canada. He was pre-
sented with a gaily decorated
birthday cake, complete with
candles, a hat full of money,
and a complimentary speech by
Senator James A. MacKinnon,
former Trade and Commerce
minister, who was one of the
passengers.

It all started after the train
pulled out of Ottawa when a
couple of newspapermen learn-
ed from Talton of his birthday
and the anniversary of his start
with the C.N.R. This was a
good chance to have some fun
and pay deserved recognition to
a man performing his duties in
a capable and genial manner.

Dining Car Chef George Davis,
also of Montreal, fell in with the
idea and prepared the cake.
Candles were obtained when the
train stopped briefly at Horne-
payne, Ont., and passengers
were made aware of what was
afoot.

"I just can't find words to tell
you how much I appreciate this,"
said the overwhelmed Talton
at the conclusion of the brief

ceremony in the crowded lounge
car.

Senator MacKinnon empha-
sized the important role per-
formed by the porters in main-
taining good public relations
with the travelling public and
said such obliging service as
given by men like Talton was
not always appreciated as much
as it should be.

He recalled a former occasion
upon which a birthday cake was
presented in a railway car with
himself as the receiver. This
occurred two years ago when, as
a member of a Canadian trade
mission, he was visiting South
Africa. His birthday occurred
while his train was enroute, a
full scale party, complete with
cake and candles, was held.

Mrs. J. P. Cade left this after-
noon on the Camosun for a trip
to Vancouver.

T. H. Sorensen, general man-
ager of the Fishermen's Co-op-
erative Federation, Vancouver,
arrived in the city Monday af-
ternoon by air on a business
trip.

Football— Battery Wins Over Legion

Morgan Stars in Well-Played
Football Game, Best So
Far This Year

In what was the best football game of the season to date, Battery squeezed out a three to two win over the Canadian Legion in the North Star City League football competition last night.

The Legion had all the better of the opening exchanges. Veitch did well to stop Price. Ward broke away but Cornwell headed his centre clear. Veitch and Ferguson broke up several Legion attacks and then Price and Baxter combined neatly. Murray centred but Cornwell was crowded out of the play. Cornwell crossed and Baxter relayed the pass to Price who beat Morgan with a hard drive to score the first goal of the game and the first goal of the season for the Legion. Pavlikis and Ward attacked but Cornwell relieved the pressure. Both teams were showing good football. Gomez, Ward and Pavlikis were good and then a move in which Colussi passed to Ward and the latter to Pavlikis saw Pavlikis equalize 1-1. Eby stopped Pavlikis and Daves headed away a good centre from Ward. Murray centred but his inside men lost a good chance. Dunbar cleared with a long drive that Eby returned just as well. Greer stopped an attack and fed his forwards but Veitch broke up the play. Colussi and Pavlikis worked their way through but Krause saved the latter's hard drive. Sunberg was good and Morgan had to save twice from Price and Cornwell.

Baxter started off the second half with a clever run. Dunbar beat Price and Sunberg's good corner was cleared with difficulty. Battery was now having the better of the play and Parkhouse made a good cross-the-field run to pass to Ward whose centre was converted by Pavlikis to put the Battery a goal up. Eby was very sure in defence. The persistence and skill of Baxter paid off when he crossed from off the by-line and his shot went off Dunbar's foot and beat Morgan to tie the score again. Price made a good run. Daves stopped Parkhouse. Baxter again made a grand opening but Sunberg finished weakly. Gomez gave Ward a long pass and Colussi sent it on to Pavlikis who scored his third goal of the game and gave the Battery the lead. Veitch's long pass to Ward resulted in a corner. Alexander broke up a dangerous play and Dunbar cleared twice. Legion forced two corners and Krause saved well. Legion attacked and Baxter and Cornwell went through but Morgan brought off a sensational save from Cornwell when he threw himself across the goal to stop a hard drive and then managed to get his hand to the ball again as it

was slowly trickling across the line. Cornwell and Baxter both tried desperately to get the ball over the line but it eluded them and went past for a goal kick. It was a great end to a good game and the Battery was lucky to finish up winners by three goals to two.

Teams: Canadian Legion — Krause; Eby, Daves, Alexander, Cornwell, Green, Brogan, Baxter, Price, Yelland, D. Murray, C. Sunberg.

Heavy Battery—Morgan; Dunbar, Ferguson, Mazzone, Veitch, Gomez, Vanetta, Stead, Pavlikis, Colussi, Ward, Parkhouse.

Referee—S. P. Woodside.
Lifelines—Haig, Halverson.

BEST GAME YET

Altogether it was the best game to date with both teams trying hard and showing good fences were good with Morgan's exhibition an outstanding feature. His save from Cornwell was a remarkable effort. Krause had little chance with any scoring shots and saved well. Eby was a tower of strength with Daves turning in a good game for his first appearance. Cornwell again gave a fine display and Greer proved a rare stumbling block to the opposing forwards and a good purveyor of passes to his own. Alexander did well. Baxter and Yelland were the pick of the Legion forwards with Baxter outstanding.

Dave Murray played a good game. Price tried hard and got a good goal. Brogan was handicapped by the rain which wet his glasses so that he could not see. Charles Sunberg came on and was a help.

Morgan was at his best, with his stop of Cornwell's drive a tremendous save. Ferguson and Dunbar were fast and sure. Veitch was the pick of the half-back line with Gomez not kicking as surely as usual. Mazzone did well. The forward line was fast and dangerous. Ward hardly ever wasted a ball. Colussi was constructive, showing good ball control. Pavlikis got all three goals and though most of the openings were made for him, he was right on the spot. Vanetta showed his best form to date and Parkhouse who replaced Stead was always dangerous.

The standings:

	P	W	L	D	F	A	P
Battery	2	2	0	0	5	2	4
Gen. Motors	1	1	0	0	1	0	2
Legion	3	0	3	0	2	6	0

Friday's game—Canadian Legion vs. General Motors.

Soccer Schedule

Schedule for the North Star Trophy football series is as follows:

- June 6—Canadian Legion vs. Heavy Battery.
- June 10—General Motors vs. Canadian Legion.
- June 13—Heavy Battery vs. General Motors.
- June 20—Canadian Legion vs. Heavy Battery.
- June 24—General Motors vs. Canadian Legion.
- June 27—Heavy Battery vs. General Motors.
- July 4—Heavy Battery vs. Canadian Legion.
- July 8—General Motors vs. Canadian Legion.
- July 11—Heavy Battery vs. General Motors.
- July 15—Canadian Legion vs. Heavy Battery.
- July 18—Canadian Legion vs. General Motors.

"I'm in business for myself"

Bob Dixon, Independent Chevron Dealer, City Garage, Rossland, B.C.
"The day the Cream, Green and Burgundy colors went up above my City Garage, I was mighty proud. Those colors meant I'd come into business for myself... at my own Chevron Gas Station. And, take it from me, that's a good feeling.

How's business? Improving all the time! New customers drive in because they recognize my Chevron Gas Station as the place to buy Chevron Supreme Gasoline and RPM Motor Oil... and stay with me because they like the personal service I aim to give. Yes, my Chevron Flag is flying high. I'm building a great future in my own business by offering the sort of products and service the folks in my neighborhood want."

STANDARD OIL COMPANY OF BRITISH COLUMBIA LIMITED
Marine Building Vancouver

R. G. Dixon, in business for himself at the City Garage, Rossland, B.C., is one of the more than 350 service station operators who have chosen to market our products.

BUSY YEAR AT JASPER

Work On New Recreation Centre and Other Projects—\$300,000 Administration Building

JASPER—S. H. L. Dempster, recently appointed National Park superintendent here, has gangs of construction workers hard at work in the construction of the new recreation centre in Jasper village. He said he expects the new swimming pool, which will be the only Olympic size pool in Canada, will be completed by the fall and will be in operation next year. Attached to the pool will be a large and modern bath house, now nearing completion,

built of pink granite. Work is going on apace on the tennis courts, the baseball park and the track and field park.

Plans also include curling and skating rinks for the winter, and a bowling green.

It is understood the department is also contemplating the erection of a new and larger administration building for which the sum of \$300,000 has been provided. The present administration building, in the centre of the village, may be removed to enable an extension of Athabasca Park.

The administration's new information building, also of pink granite, located east of the Totem Pole and convenient both to train and motor tourists, will be finished and in operation by June 15.

Mr. Dempster said he had on hand a large quantity of calcium chloride and road oil and these will be applied to the roads within the next week or two, thus controlling the dust and aiding the surfaces.

The facilities of the administration's Cottonwood Creek camp, just outside Jasper village, are being improved, with new kitchen shelters and shower baths being added. The grounds will be cared for this season by a larger staff, Mr. Dempster stated.

BLACKHEADS

simply dissolve and disappear by this one simple, safe and sure method. Get two ounces of peroxide powder from any drug store, sprinkle on a hot, wet cloth, and apply gently—every blackhead will be gone.

To repay your dog for the fun he gives you...

... nourish every inch with Gaines

GAINES MEAL

For grateful looks — nourish every inch of your dog! Feed Gaines! — it's kennel-tested — biologically proved nutritional — complete.

Really thrifty!
— costs less to feed than any other type. A 5-lb. bag makes 10 to 12 lbs. ready-to-eat food.

Easier to feed!
— just mix with water (soup, milk or gravy). For variety, try GAINES KRUNCHON, which is Gaines Meal compressed into crunchy bite-size pellets.

Daily tune-ups for his health!
Each pound contains — proteins as in 1½ lbs. beef; carbohydrates as in 1½ qts. cooked oatmeal; fats as in 1 oz. butter; minerals as in 1¼ lbs. cheese; iron as in ¾ lb. beef liver.

Plus all vitamins he needs.

Wherever dog foods are sold 2-lb., 5-lb. and 25-lb. bags

IN MEMORIAM

In memory of Henry
passed away June 8, 1944.
Knows how much we
miss him, and how
shall his memory fade,
as thoughts shall ever
be of him.
The spot where he is laid,
his sons, daughters and
children.

In memory of our dear
brother, R. W. C.
passed away June 8,
1944.
In his silence,
we often recall,
that nothing left to
us,
his picture on the wall,
his time heals all
wounds,
and us to forget,
and so far has only
been,
much we miss him yet,
and us strength to take
courage to bear the blow,
and to meet to lose him,
and we will ever be
remembered by Mom,
family.

St. Peter's W. A. Fall bazaar,
Nov. 3, 1949.

Regular Monthly Meet-
ing, (with initiation of
new members) Cana-
dian Legion Hall, 8 to-
night.

More visitors to Prince Ru-
pert, here for the first time and
somewhat perplexed about how
to find their way about, com-
plain of the lack of signs.

The longest day of the year
will be Tuesday, June 21, but, as
far as the average individual
will know, there will not be
much difference in any date,
that week. Last evening was
beautiful and twilight lingered
until a late hour.

There are former residents of
Winnipeg, living in Prince Ru-
pert who recall Canon William
Askey, who, with his wife was
killed, a few nights ago when
the car he was driving collided
with a bus at Fort Garry. Serv-
ing as rector of All Saints
Church, he had become very
well known in Winnipeg.

Housing accomodation and
room scarcity seem to be as much
pronounced as ever. Hotels and
lodging houses are mostly full.
In some places, it has been nec-
essary to rig up cots in the liv-
ing rooms to take care of those
applying.

Grant Stewart, local manager
of the Royal Bank of Canada,
left on today's plane for a brief
business trip to Vancouver. He
will return on the Chilcotin
next Tuesday. Mrs. Stewart
and two children are sailing to-
morrow night for Vancouver to
spend a vacation.

Instead of the regular weekly
luncheon today, the Prince Ru-
pert Gyo Club is having a din-
ner with the ladies tomorrow
evening when final plans for
the district convention to be
held next week will be discussed.
The active assistance of the Gy-
ettes in connection with some
of the convention events has
been evident.

Smart Parade By Job's Daughters

Promising another public ap-
pearance before long when
more intricate precision mil-
itary routines would be demon-
strated, the local Job's Daugh-
ters girls' drill team made a
brief appearance on Third
Avenue in front of the Post
Office Monday night and de-
lighted many spectators with
a simple marching display. Ac-
companied by the Prince Ru-
pert Shrine Band, the girls were
smart indeed in their snappy
new outfits of black velvet bol-
eros, white blouses, Royal Stu-
art pleated skirts, black tams
and white and black saddle
shoes. Alex Mitchell, speaking
briefly, urged generous public
support for the undertaking of

sending the forty girls to a
Job's Daughters international
gathering at Spokane in August.

Mayor Nora E. Arnold will of-
ficially open a gypsy theme car-
nival at the Armories Thursday
evening after another parade by
the Shrine Club Band and cos-
tumed members of the organiza-
tion from the Civic Centre.

Funds from the carnival will
help finance the sending of the
drill team to Spokane. There,
they will compete with between
2,000 and 3,000 girls from Can-
ada and the United States in the
precision exercises which they
have been practicing for sev-
eral months.

Prove How You Benefit from Better Breakfasts

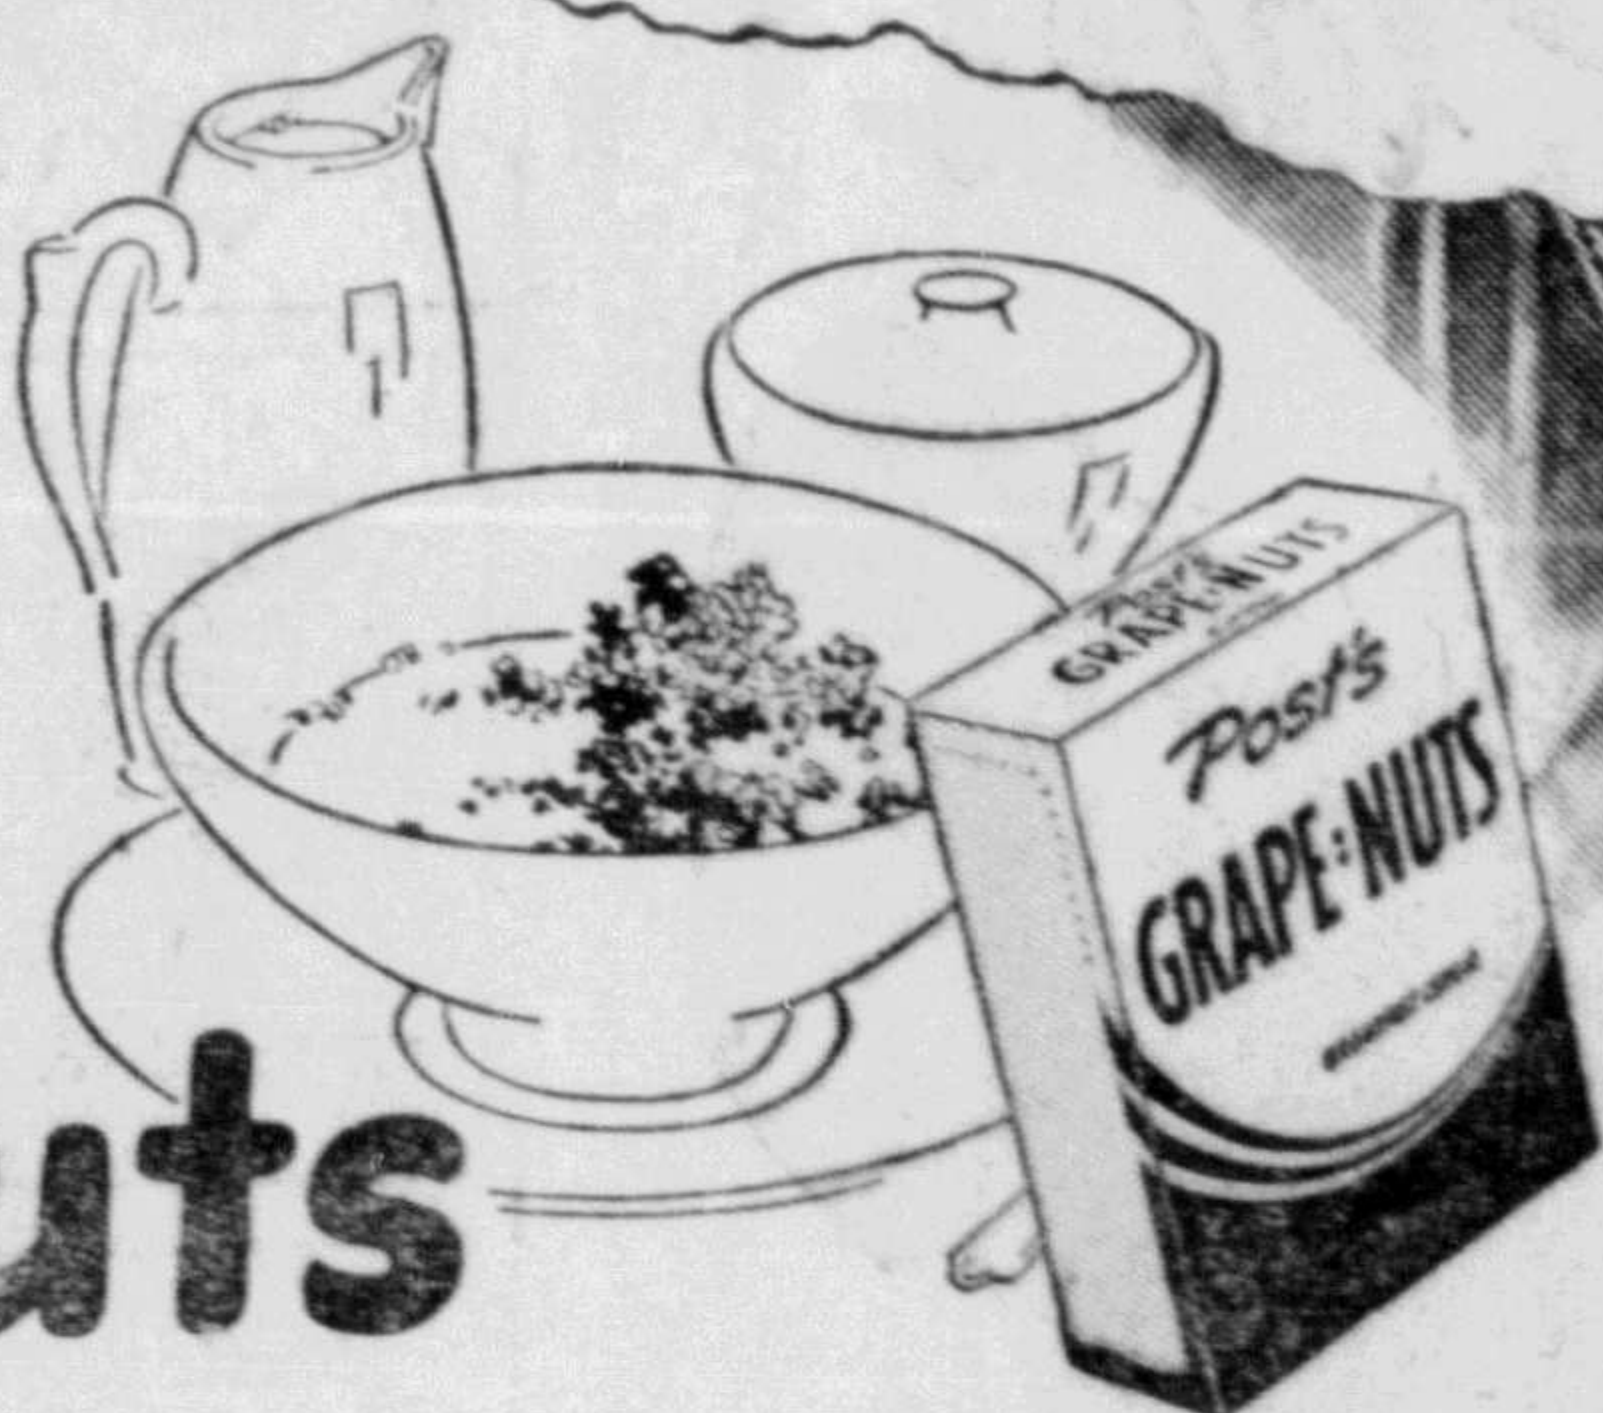

Check these few, simple truths. Here's an easy way to feel better. Here's an enjoyable way to act better. How you can gain benefits for yourself — for your folks at home.

Realize: Breakfast is Specially Important. With a good breakfast you should start the day right. But many a day's work has been spoiled through a hasty breakfast. You see: that skimmed breakfast encourages fatigue, irritability and lowered efficiency. With a better breakfast you feel better all day.

Remember: Grape-Nuts—a Special Breakfast Cereal. To furnish the cereal share of a really good breakfast serve delicious Grape-Nuts regularly. For nourishment there's nothing finer than these appetizing, golden, crunchy kernels of whole wheat and malted barley. The whole family will benefit from useful amounts of carbohydrates, minerals and proteins: fine food values. Grand with milk or cream. Recipes for different uses are also on the package. Order economical Grape-Nuts from your grocer today.

"A Delicious Breakfast Food"
"We relish the crisp, nutty flavor of Grape-Nuts and often eat them with berries or bananas. Grape-Nuts is a delicious breakfast food", writes a Hamilton, Ontario lady.

Mr. and Mrs. Allan Armstrong, accompanied by Mrs. Armstrong's father, E. Rasmussen of North Bay, Ontario, returned to the city Tuesday night. Traveling by car from Vancouver Mr. and Mrs. Armstrong visited the southern part of British Columbia and Alberta, including Banff National Park, and continuing east as far as Edmonton where they were joined by Mr. Rasmussen. On the return trip they drove over the Big Bend highway and along the central interior and northern highway to Prince Rupert.

SAVOYS WIN SEASON OPENER IN CITY BASEBALL LEAGUE

SAVOYS 7, MERCHANTS 4

If the players and the weatherman continue to co-operate as wholeheartedly as they did at the opening of the city baseball league last night, the fans have every reason to anticipate one of the best seasons on record in the summer sport.

The league schedule officially opened in the golden dusk at Roosevelt Park last night and the Savoy and Merchant teams which clashed were equally co-operative by putting on an exceeding exceptional game from the fans' standpoint. Piloted by Jack Lindsay on the mound, the hotelmen claimed a 7 to 4 victory which they definitely did not have handed to them on a whitewash platter.

Savoys were in top hitting form, sending out 16 hits off southpaw Jack Rosedale, but they were held down by Merchant fielding.

The modest touch of pomp and circumstance which was to have officially opened the game failed to materialize, mainly due to the absence of League President Art Murray. Mr. Murray was to have hurled the first ball and there were sinister rumors about his absence.

Word got about that his failure to appear resulted from an overenthusiastic practice session earlier in the week when he threw a wild ball which demolished the dugout on the third baseline. This, however, has not been proved. Nevertheless, the wreckage of the dugout was there.

BACK AND FORTH

Merchants showed power at the start of the game, bringing in two runs in the first inning off a hit by Dave Abel. Savoys' Minor Simundson took a run in the second and the score remained static until the sixth.

The hotelmen took two runs in the sixth to grab a one-run lead, then proceeded to secure two in the seventh and two in the eighth.

Merchants' final two runs came in the eighth when two men came in off a triple by Joe Davis.

Nick Pavlikis was top hitter of the game, clouting four hits in four times at bat. Herb Morgan and Don Scherk batted three for four for Savoy. Merchants' top hitter was Dave Abel with three for four.

Moundsman Jack Lindsay of Savoys allowed eight hits and struck out 10 men, while Jack Rosedale of Merchants allowed 16 hits and struck out 13.

Next game of the schedule will see Merchants meet the newly organized Commercial Hotel team Thursday night.

Sees Delusion In Dominion Finance

REGINA — Solon Low, Social Credit leader, said here at the week-end that Finance Minister Douglas Abbott was either "deluding himself or was fooling the public" when he had kept taxes "so terribly high" in the last two years.

C.C.F. FORCED GOV'T ACTION

WINNIPEG — M. J. Goldwell, C.C.F. leader, told a Manitoba meeting that it was the united action of the C.C.F., Canadian Federation of Agriculture and the Wheat Pool that had "forced" the government to remove coarse gains from the speculative market.

Most of Canada's rivers drain into Hudson Bay and the Arctic Ocean.

Jasper Park Development

Gyros Are Starting Off Round of Conventions

JASPER—Plans of the National Parks branch of the Mines and Resources Department to develop Jasper National Park as an even greater all-year-round recreation area are rapidly taking shape this year. As a result this largest national park and game preserve, located in the heart of the Canadian Rockies, is expecting a banner year in the number of visitors and tourists.

At Jasper Park Lodge, which opens officially on Wednesday with a district convention of Gyro International, all is in readiness for the many guests expected to enjoy themselves this summer at this famous resort.

"All signs point to a very good tourist year in Canada and especially in Jasper and the Lodge is looking forward to another successful season," said Harold Gunning, Lodge manager.

As a result of the park administration's million-dollar road improvement program, started last year and pushed forward vigorously this year, all roads leading in and out of Jasper are in very good condition and

are under steady and constant improvement.

Fishing in the lakes close to Jasper village is much better this year than it has been for a long time, according to Major Fred Brewster, recognized authority on Park conditions. He said since the season opened on May 15, many fine trout have been taken from Pyramid Lake, only four miles from the village, the largest weighing 16 pounds four ounces. A 27-inch rainbow trout has been taken from Horseshoe Lake. Trout fishing in the little group of Trefoll Lakes, just next door to Jasper Park Lodge grounds is excellent, with many fine speckled specimens having been landed.

GYRO CONVENTION

Following the Gyro Convention, which will be held from June 8 to 12, the Lodge will be host to the Dominion Telephone Association of Canada from June 12 to June 21. Also starting on June 12 and running to June 16 is a gathering of the Canadian Warehousemen's Association. From June 16 to 19 conventions of the Metropolitan Life Insurance Company regional conference, the Canadian Ophthalmological Society and the Society of Obstetricians and Gynaecologists of Canada will be held at the Lodge. These will be followed, from June 18 to 21, by a convention of the Canadian Otolaryngological Society.

Canada's great Leader

LOUIS ST. LAURENT, Prime Minister of Canada

At the polls on June 27 the voter must ask himself, ahead of anything else, who should be head of the government.

In Louis St. Laurent, Canada has a great national leader.

That he had high abilities of the mind was proved by his career in law. That he had wisdom in cabinet, unique gifts in parliamentary debate and a quick grasp of large affairs became clear as soon as he entered the Government. In international affairs, as one of the original advocates of the Atlantic Pact, he made himself a world figure who spoke out as no Canadian before him, in the councils of the nations.

He also revealed an understanding of ordinary

people, because he is one of them.

This warm and essentially simple human being is the real St. Laurent, the product of the small town, of humble beginnings, hard work, a big family and the friendliness of country neighbors.

In blood, language and instinct he combines the qualities of two great races.

To the voter it is equally important that St. Laurent is the leader of a truly national party, with proved strength from coast to coast, the only party which can hope to form a stable government after the election. His character, his ability and his achievements have made him the leader of all the Canadian people.

NOW! A NEW PUDDING FLAVOR

ROYAL MAPLE DELIGHT

1 pkg. Royal Maple Pudding
1 egg white
1 1/2 teaspoons sugar

Prepare Royal Maple Pudding according to directions on package. Cool. Place in sherbet glasses and chill in refrigerator. Beat egg whites until stiff. Add the sugar gradually. Spoon the resulting meringue on top of the chilled pudding. Pour a spoonful of chocolate sauce or of grated chocolate over each sherbet glass of pudding. Serves 4.

To famous Royal butterscotch, chocolate, and vanilla, another super-delicious flavor is added — Royal Maple Pudding! A scrumptious new dessert delight that's creamy-smooth in texture, rich in flavor — full, satisfying, deep-country maple flavor that's such a special favorite.

And, of course, all Royal Puddings are nourishing, economical, easy to make. Reach for Royal — the world's largest selling puddings!

Enjoy the whole ROYAL family of desserts.

VOTE LIBERAL!

INSERTED BY NATIONAL LIBERAL COMMITTEE

In 1870 aluminum, which is today a commonplace in every Canadian kitchen, was so valuable that Emperor Napoleon III had a state dinner service made of it.

Canadians earning individually less than \$5,000 a year receive, as a group, more than 90% of the national income and own the majority of stock in Canadian industrial enterprises.

Baby Fur Seal Is Landed Here

Lonely, hungry and far from home, an orphan fur seal puppy lay bruised and exhausted on the new fishermen's floats yesterday. He paid scant heed to the curious onlookers who paused to speculate on his fate. Just a yearling, the puppy seemed doomed to die amid surroundings foreign to his native haunts. After the adventures that had landed him on the new floats, he lay huddled and uninterested except to raise his head and cry occasionally when the wake from a passing boat aroused him.

Apparently the seal, whose species is rarely seen in the inside waters, became fouled in a fisherman's gear somewhere off the coast of the Queen Charlottes. The injured mammal was brought to Prince Rupert and put in the water at Cow Bay Sunday and appeared at the new floats Sunday night. He climbed aboard several of the boats and kept the fishermen in the area awake part of the night with his cries of distress.

Some of the fishermen thought the uproar was created by a raving drunk but, by the light of dawn, they discovered the unusual visitor and, in an effort to stop his bellowing, offered him salmon and herring fresh off the ice. He refused the food, however, and when placed in the water, promptly scrambled onto the floats again.

The fur seal has long been prized for its valuable pelt and at about the turn of the century fleets of sailing schooners, operating from United States, Canada and Alaska ports took heavy toll of these mammals. Each spring schools of them appear off the coast of California and move northward to the Pribilof Islands in the Bering Sea which is their breeding grounds. It was during this northern migration that the sealing fleets made their slaughter.

Eventually the fur seal population was reduced to such a state that international regulations were drawn up to protect them and today patrol vessels escort the seals to the breeding ground. Natives of the west and northwest coast are permitted to hunt the seals if they use canoes operating from the shore and if the hunters are equipped with spears such as were used before the time of the white man. Each year a certain number of seals are taken for their

Timely Topics from Terrace

Mrs. C. R. De Kergommeaux, Terrace Reporter

Field Commissioner J. L. Watson spent two days recently in Terrace and interviewed the Boy Scouts and Cubs. He attended a meeting of the group committee and went out to Lakelse Lake to see the camp site which the Provincial government had ceded to the Boy Scouts. The commissioner stated he was well pleased with the Terrace cubs and scouts and thought the camp ideal for the scouts who must learn not to look for the ease and comforts of a city home when out camping.

Mrs. F. McGilvery entertained at the tea hour on Wednesday afternoon in honor of Miss Miller, recent matron at the hospital, and Mrs. Hartford, her successor, who arrived on Tuesday. Miss Miller returned on Thursday to her post at Stewart Island. Mrs. Hartford was, until recently, at Hazelton and is an X-ray technician.

G. Gulton left on Tuesday for the south. His position in the municipal office has been filled by Ralph Corey.

pelts by hunters working under the strict supervision of an international body. Anyone unlawfully in possession of a fur seal is liable to \$500 fine.

In the case of the little fur seal that made its unscheduled appearance in Prince Rupert harbor, Fisheries Inspector Harry Burrows of the Dominion Fisheries Office took charge. After a careful examination of the creature he decided it was impossible to save it. It was put out of its misery and will now rest in cold storage until positively identified. If it turns out to be really a fur seal and not a baby sealion (as claimed by the native who picked it up) the proper authorities will be notified and, in due course, the pelt will probably end up gracing the fashionable back of some lady in a distant metropolis.

Mr. G. McAdams is having a cement basement made under the bank building and a cement sidewalk along the side on Greig Avenue.

Mr. and Mrs. Douglas Foy spent a day or two in Prince Rupert last week.

Mrs. Ross has joined the staff at the local telephone office and is staying at the home of Mrs. George Dover.

Constable and Mrs. E. Zorn of Smithers are staying at the home of Mr. and Mrs. W. Osborne, who are at present making a trip in the south.

Mr. and Mrs. Kappang and children are now residing in the former Greig home behind the post office.

George Little has named his apartments near the hospital the "Elma Apartments"

EDDIE MUSSELLAM IS TRIP WINNER

Edward Mussellam will be leaving the city this Saturday by air for Minaki, Lake of the Woods, Ontario, to attend a convention of the Great West Life Assurance Co. Qualification for attendance at this convention is based on the production of a considerable volume of business which Mr. Mussellam was able to achieve in his first ten months in the business.

McRAE RETURNS FROM CHARLOTTE

Expressing satisfaction with the outlook on the Queen Charlotte Islands, Jack McRae, Coalition candidate for Prince Rupert in the provincial election, returned Sunday afternoon by Seabee plane from a campaign trip to Sandspit and the Cumshewa Inlet logging camps. He was accompanied by Ald. George B. Casey, prominent veteran labor champion who is actively supporting the Coalition in the campaign.

GERMAN'S WORLD FLIGHT RECALLED

Wolfgang von Gronau, German round-the-world flier, who visited Prince Rupert August 18, 1932, in the course of an east to west round the world flight, now resides in Stuttgart, Germany, after having lost all his possessions during the war. Information to this effect has reached Prince Rupert from Frank H. Ellis of West Vancouver who has written to E. T. Applewhite, secretary of the Prince Rupert Chamber of Commerce, seeking a photograph of von Gronau's flying boat, Groenland Wal.

Ellis would use the photograph to illustrate a story on all outstanding flying in Canada and Newfoundland.

Von Gronau's visit here was one of the outstanding events in earlier aviation history at Prince Rupert. His flying boat, besides himself, carried two companions. They landed on the local waterfront and spent two days at Prince Rupert. They had flown from Germany via Iceland, Greenland, Cartwright, Montreal, the eastern states,

Winnipeg and Lac la Biche, Alberta. They headed northward to Alaska from here and, flying through Japan, Asia and Europe, finally landed back in Germany in November, 1932.
