

Communists Are Crossing Yangtse River

Victoria M.L.A. Says Record of Province's Coalition Outstanding

Confident It Will Be Returned to Office So That B.C. May Progress Undisturbed

Mrs. Nancy Hodges, M.L.A., Victoria, at the Civic Centre last night, expressed pride in the eight-year record of British Columbia's coalition government and certainty that it would be returned to power in the forthcoming June 15 election. The Victoria newspaperwoman who has been a member of the coalition government since it took power in 1941, told her listeners that "I don't think that in the whole of the history of British Columbia there has been a period in which it was more important for people to figure on what will be decided at the polls than in this election."

BIG NAVAL MANOEUVRES

OTTAWA @—Everything from a 112-foot motor launch to an 18,000-ton aircraft carrier will sail the Atlantic, Pacific and Great Lakes this summer in the largest sea training program ever undertaken by the Royal Canadian Navy Reserve. Naval headquarters announced today that sixteen ships will take part in the naval reserve training program which began April 19 when the frigate Swansea sailed from Halifax for a ten-day cruise.

The issue, she said, was simplified to the question as to whether or not the people of British Columbia were willing to sustain the policies of the coalition which has provided the most progressive legislation of any provincial government in Canada or revert to a type of Socialism which has been marked with failure after failure in its administration of Saskatchewan.

"British Columbia is now in a position where it must go forward or remain static," she asserted. "That thought was in the mind of Premier Johnson when he announced his vast program of development at the last session of the legislature."

The government's policy of encouraging industrial development has been responsible for the establishment of several large industries in British Columbia, she said. Notable among these has been Columbia Cellulose Co. "which is a tremendous thing for this district."

"We also are working to attract the Aluminum Company of Canada to build a \$300,000,000 aluminum plant on this coast, yet we have run into opposition on that from the C.C.F.," she declared.

"When we brought into the House a bill which would give the Aluminum Company protection in case of seizures of its plant by a socialist government by allowing appeal to the federal government at Ottawa, the C.C.F. opposed it."

"That protection is very little to grant any company which would bring a vast new industry here, yet asks only the use of the water running down our hills."

Mrs. Hodges then listed a number of government-owned enterprises in Saskatchewan which had shown financial losses and added: "I feel sorry for any plant taken over by the C.C.F.—particularly a \$300,000,000 one."

(Continued on Page 4)

THE WEATHER
Synopsis
Fresh Pacific air covers the entire province. There should be a marked improvement in general conditions over most regions during the next 24 hours. The coastal areas remain generally cloudy with shower activity mainly along the northern coast. Tomorrow is expected to bring relatively clear skies to most of the interior.

Forecast
Queen Charlottes and North Coast—Cloudy with showers today. Cloudy Friday. Winds southwesterly (20 m.p.h.) in the exposed areas and light winds lessened elsewhere. Little change in temperature. Lows tonight and highs Friday: Port Hardy 28 and 54, Massett 40 and 50, Prince Rupert 37 and 50.

STAGE PROTEST RALLY—About 1,000 Canadian Seamen's Union members and sympathizers paraded through the streets of Halifax in a protest demonstration against the shooting of seven C.S.U. members during the pre-dawn waterfront battle with members of the rival Seafarer's International Union. This is a section of the parade showing the signs and placards carried by the striking seamen.

Would Keep Reds in Open

Best Way to Fight Communism Is to Establish Superiority of Democracy

"The only effective way to deal with communism is to establish a strong and positive belief that our own democratic way of life is far superior to any totalitarian ideology," declared Mrs. Nancy Hodges, M.L.A. for Victoria, in a luncheon address before the Prince Rupert Gyro Club yesterday. "Eternal vigilance is the price of the liberty and freedom which are appreciated so much. If we had an Uncle Joe at the head of a Soviet government in this country, there would be no government but merely another little politburo which would even tell us when we could blow our nose or turn around in bed." All efforts should be made to offset insidious communistic propaganda.

Mrs. Hodges expressed the opinion that it would be unwise to outlaw the Communist party. It had been the experience that any political movement that was banned was only driven underground and would ultimately erupt.

Mrs. Hodges compared the methods of Canada and the United States in dealing with communistic treason cases. Far better, she thought had been the Canadian process of trial by a fair and impartial court of justice than the dramatic and "Hollywood-like" United States un-American activities committee in which she had set in for three days at Washington and which she described graphically. Actually, the accused before that committee had had little opportunity to speak in their own defence and were virtually found guilty by the newspapers.

President Maurice Brydges was in the chair at the Gyro luncheon.

The speaker was thanked by W. J. Scott. In addition to Gyro members, Mrs. Hodges was heard by guests in the persons of Eddie Mussallem, Robert Peel and George Fermark.

Rev. Dr. Peter Kelly, veteran United Church missionary pastor, returned to the city on Tuesday night's train after an Easter visit to interior villages of Hazelton, Glen Vowell, Kispiox and Kitsegukia and is leaving this afternoon aboard the mission boat Thomas Crosby for the Queen Charlotte Islands whence he will proceed to his headquarters at Ocean Falls.

FISHERMEN, OFFICIALS CONFER ON METHOD OF BOOSTING TUNA FISHERY

An early survey of this year's prospects of the north coast's fledgling tuna fishery was urged by some two-score fishermen yesterday at a meeting sponsored by the Department of Fisheries at which last year's gleanings of information was placed at the disposal of the industry.

Dr. John Hart, senior biologist of the Pacific Biological station, Nanaimo, outlined information gained through patrols by departmental boats and from the logs of tuna skippers which had been submitted for study. He sought further suggestions for co-ordinating efforts of fishermen and scientists in making tuna a reliable secondary fishery.

Held in the Civic Centre the meeting was under chairmanship of Frank Warne, of Vancouver, assistant supervisor of western fisheries, who with Mr. Hart, had come north especially for the conference.

Likelihood this year is that the departmental tuna patrols will begin by fisheries protection vessels about June 1 and extend as far north as Forrester Island at the north side of Dixon entrance. It was indicated that they may begin in the north and work south during the season.

Capt. Llewellyn Sheppard, master of the fisheries protection vessel Laurier, and Inspector A. Touchings, of Port Alberni, who had been assigned last year to the tuna fishery, outlined their experiences with the fish and sought information from the fishermen on their experiences.

Inspector Touchings displayed a number of Japanese books, specially designed for tuna long-lining. This method, while apparently successful in Japanese waters, had not been satisfactory on the basis of his attempts to use that technique last summer.

Early tuna patrols this summer, the fishermen felt, might relieve the pressure on the halibut fishery if tuna turned up in these waters in June.

While no pattern of the movements of tuna had been established, Capt. Sheppard said that surveys last year showed that they were often encountered at the edge of the so-called "blue" water. Early in the season, they were well off the continental shelf and as the warm water moved inshore, the fish followed.

He could not explain the absence of fish in blue water off the Queen Charlotte Islands late in July and their appearance there a month later.

Dr. Hart told the meeting that the sizes of fish caught indicated that they were from two age groups and that this was significant because it might mean that the fishery could be sustained because it was dependent on two age classes.

Forty-two Are Dead On British Warships

Two More Vessels Attacked By Reds—Crescent Now at Shanghai

SHANGHAI (CP)—While crossings of the Yangtse River at several points by the Communist forces were reported today, Chinese Communist leaders issued a general order to "liberate all of China."

Meanwhile known dead from Chinese Communist attacks on four British warships reached 42 tonight. British naval authorities said the cruiser London had fifteen dead and twenty wounded and the sloop Black Swan had five wounded. These two latest vessels to be hit by Communist artillery on the Yangtse River near Nanking arrived back in Shanghai late tonight. Behind them lay the crippled sloop Amethyst which they had sought to aid. The Amethyst had some twenty dead and 30 to 40 aboard. Among the wounded on the Amethyst is the captain.

KEYNOTE OF UNITY

Prime Minister St. Laurent Speaks in Winnipeg

WINNIPEG @—Prime Minister L. St. Laurent told 5,500 people last night that Canada's unity did not come spontaneously but from constant planning and patient building.

Before the greatest audience of his western tour, Mr. St. Laurent declared: "We remain united only by conscious and deliberate policy. We have built Canada but must strive to maintain the structure we have built."

In port here undergoing repairs after yesterday's battle is the destroyer Consort which discharged sixteen wounded and ten dead.

Meantime a Royal Canadian Air Force flying boat from Hong Kong took off from Shanghai with doctors and medical supplies but failed in an attempt to reach the Amethyst.

Late today funeral services were held for ten men who died on the Consort.

C. C. Davis, Canadian ambassador to China, is still at Nanking and the embassy remains open.

It has been announced that the Canadian destroyer Crescent, now at Shanghai, will not enter the Yangtse but will remain here, as she has been doing, against an emergency.

BRITISH SHIPS THERE LEGALLY

In London a Foreign Office spokesman today told a press conference that British warships were entitled to be in the Yangtse River where Chinese shore batteries fired upon them because Britain has the consent of the Chinese government.

Meanwhile there were unofficial reports in London today that the British consul in Peking has been instructed to protest to Communist authorities in China over the shelling of British warships. The Foreign Office said it could not confirm the reports.

VILLIAGE IN HARD LUCK

Neelin, Manitoba, Has Fire Added to Other Afflictions

NEELIN, Man. @—"Hard Luck Village" is the moniker bestowed on this little community 100 miles southwest of Winnipeg. Bridges and roads are still partially blocked by flood waters and the valley surrounding the centre of the town can only be crossed by boat.

After one of the worst winters on record, roads were blocked and supplies were low. Then last Saturday came the clincher. Fire threatened to exterminate the main street. Flood water was a blessing, being used to help extinguishing the fire.

WOMAN DIES ABOARD BOAT

Mrs. Isabella Adkins, wife of James Adkins, a fisherman, was found dead in the cabin of the trolling boat, the Almac, moored at the dry dock at 1:50 this morning, having apparently succumbed to a heart condition in her sleep. Mrs. Adkins was 51 years old. She was born at Kitimaat. In addition to her husband, she is survived by four sons.

AIRLIFT PIN-UP GIRL—That's the title held by vivacious Marge MacGregor, drum majorette of Queen's University pipe band. "I could fly coal and flour all year if I had a girl like her on my instrument panel," a Canadian pilot flying the Berlin airlift with the R.A.F. commented when he heard a description of the Pembroke, Ont., co-ed. The whole squadron agreed and dispatched a letter to Marge asking for autographed photos. This is the one she sent. The fliers rate her on an equal basis with Grable, Lamour and Dietrich. (CP Photo)

Reds on Move Again

IT WAS PRETTY CERTAIN that the Chinese civil war would break out anew so there is nothing particularly shocking about the resumption of the fighting along hundreds of miles of Yangtse River front which has for some time been the dividing line between the Communists on the north and the disorganized and wavering Nationalists on the south.

While the rest of the world looks on with what seems almost indifference, the Communists are on the march again for further power and territorial aggrandizement across the water from us.

THE PUBLIC PAYS

ANY INCREASE in the cost of goods and services in this country must be charged back to one group—the Canadian buying public.

Public sympathy is almost automatically on the side of any group demanding an increase in wages. It is not common sense to say there are no justifiable demands for wage increases but it is common sense to point out that the public should understand its own stake in such disputes.

The public has developed a very thorough interest in many of the factors affecting the cost of living. It might take as keen an interest in wage disputes for it is a matter of simple arithmetic that there cannot be lower purchase prices and higher production costs at one and the same time.

WOMEN 'STRONGER' SEX

WOMAN, if not the "stronger sex," is the more durable, says George Lawton, psychologist, in The Readers Digest for May.

The American male, in the middle brackets, overworks himself, while his wife finds her tasks becoming progressively fewer. Lawton holds, in an article condensed from The New York Times Magazine, "Women's 'weakness' is man's greatest invention, and women don't bother to dispel the illusion."

Statistics show that the average woman will be a widow for eight years of her lifetime because (1) she will live four years longer than the average man, and (2) she is four years younger than her husband.

Lawton urges that a woman consider her standard of living and the amount of pressure on her husband needed to maintain it. Then she should ask herself whether this standard of living and the size of the prospective estate are sufficient compensation for a long period of living alone.

NEW PRINCESS—The new Princess Marguerite, built for the Canadian Pacific Vancouver-Victoria-Seattle run, is shown with pennants flying as she arrived at Esquimalt, near Victoria, April 6, after a flying trip from the Scottish shipyards where she was built.

Opposition to Arming Europe

By George Ronald (Canadian Press Staff Writer)

WASHINGTON, (C.P.)—Opponents of the arms-for-Europe program have crashed their first wave of criticism onto the beach of public opinion.

Letters being sent to Congressmen and press releases pouring into newspaper offices indicate at least three main groups are against the government's plan to put some wallop into the North Atlantic Alliance.

1. The loosely-knit contingent—in and out of Congress—described by one observer as "professional economists."

2. The assortment of church groups and pacifist organizations who consider it wicked and perhaps conducive to war to help other countries re-arm.

3. One-time isolationists who fear that American equipment might fall into Communist hands in the event of aggression against Europe's non-Communist countries.

This last pocket of opposition may spearhead the attack when Congress gets around to debating the aid program. And, as in the past, it may cause grave concern in the western European countries which have appealed for military help.

But Gen. Omar Bradley, United States Army chief of staff, has put at rest—officially—the European's fear that the United States considers them expendable.

"It must be perfectly apparent

Ray Reflects... and Reminisces

What is known as "the inside passage" will soon be casting its annual summer spell over people. Nowhere else on the continent can this fairyland of scenic bewitchery—this blending of blue sea winding among a thousand miles of islands and range after range of austere mountain splendor—be matched.

The most of Canada's public men have had their ups and downs and the training harmed no one. The Minister of Agriculture, for example, Mr. Gardner learned how to cook the hard way. Even to this day, he can flip hotcakes with a skill born of experience when he lived in a prairie shack.

Phil Ray's bird cafe at First Avenue and Third Street does not seem so indispensable as it was during lean winter months when the harbor front was barren and no such animal as a juicy worm was visible. The smooth and roomy surface of a stump where the pathway leads downhill, was a refreshment centre. It would be spread with chunky bits of bread and scraps of meat toward which the winged wanderers flew in their hungry hundreds.

That battered and banged around old trophy, the Stanley Cup, has been won again by the Maple Leafs. And what a chunk of maimed old silver it is, anyway, and what a history. No tougher, more clamorous or

more frenzied battles have been fought for the pleasure of "lifting" it. Everyone likes to watch a good hockey match—when it is played decently and in order.

W. H. Montgomery, whose granddaughter was wedded in Vancouver the other evening, lived in Prince Rupert about as early as anyone and did his part in helping solve early municipal problems. He has not been here for many a long year and his comment on the changes would be worth hearing.

Next stop, May twenty-fourth. The day will be Tuesday. All public holidays in Canada are welcome and this particularly

BUSY THINKING VANCOUVER (C.P.)—Don't condemn the absent-minded professor—he's that way because "he is doing difficult and abstract things." Dr. J. R. Daniels, professor of English at the University of British Columbia gave that explanation during a recent address.

GOOD TIME COMING EDMONTON (C.P.)—Biggest playground and recreational activity in the city's history will begin on May 24. Opening of three new playgrounds will bring the civic total to 18 centres. Six lots for pre-school youngsters will be organized.

so. For one thing, it is sufficiently far from winter's final reminders and not too deeply into summer to be exactly right. A season of newborn verdure and blossom. The date has more than one semi-official name. But don't worry over what to call it and suffer not being "correct." Just say "Twenty-fourth." It has been on the map a long, long time.

You Saw It In The News.

MRS. S. V. COX PASSES AWAY

Mrs. Mary Ann Cox, whose 39 years in Prince Rupert wrote a record of community service in many branches, died last night in Prince Rupert General Hospital, where she had been confined for 10 days after a period of ill health dating back several years. She was 72 years old.
Born at Halifax, Nova Scotia, Mrs. Cox came to Prince Rupert in March 1910 with her husband, Sydney V. Cox, who for the following four years was employed building railway bridges east of the city. They were married at Belleville, Ontario, 46 years ago.
Mrs. Cox was an outstanding worker in women's organizations. She was a pioneer member of the Imperial Order, Daughters of the Empire and, since shortly after its founding, had been standard bearer for Municipal Chapter. A short time ago she was elected honorary vice-president of the Chapter.
Her activities included membership in Centennial Rebekah Lodge, Ladies Orange Benevolent Association, and the Canadian Legion Women's Auxiliary.
She is survived by her husband and one daughter, Mrs. Rose Healy, of Vancouver.
A funeral service will be conducted at B.C. Undertakers' Grenville Court Chapel, after which the remains will be sent south to Vancouver where cremation will take place. Mr. Cox will accompany the body south.

WAR ON PESTS

MORDEN, Man. — A club to war on crows and magpies has been organized here. Membership fees will provide prizes. A point system awards one point for each pair of crow's legs, five for each pair of magpie legs and one for every two eggs turned in.

ARIZONA PIPE DREAM

REGINA — A scheme for making Regina a winter "wonderland" came in a recent letter to Mayor Garnet Menzies. R. E. Anderson of Mesa, Arizona, proposed piping warm air from the south to Regina. The suggestion specifically excluded hot air.

The Experts Say...

By KAY REX
Canadian Press Staff Writer
AUSTRALIAN WAY—Pick up that teaspoon and measuring cup, and take a trip to Australia—the recipe way.

While no such universally known dish as haggis and tortillas have yet been developed in the land "down under," nevertheless the Australian housewife has several favorite foods she concocts for her family at meal-time.

An official at the Australian High Commissioner's office thumbed through a homeland recipe book and came up with a couple of items which are bound to find favor with the Canadian housewife.

MUTTON CUTLETS—Trim mutton cutlets and dip each lightly in curry powder and then immediately into beaten egg and fine oven-dried crumbs. Fry over a slow heat, in about one-quarter inch of fat. Turn once and then drain.

Arrange the cutlets alongside a mound of cooked macaroni which has been "glossed" with a little bacon fat and dusted with chopped parsley. Serve with a bowl of curry sauce.

PREPARATION OF SAUCE—Peel and slice one large onion and one large green cooking apple. Put into saucepan along with a large tablespoon of cooking oil. Fry over a low heat until the onion is a golden brown. Sprinkle the mixture with one tablespoon each of flour and curry powder and add the juice of half a lemon. Stir well and add one-half pint of cold water. Stir until it boils and then add a dessert-spoon of sweet jelly, one tablespoon catsup and one of chutney (optional). Simmer 30 minutes and then strain. Add a dash of salt and stir.

CONVENIENT CUP CAKE—Australian housewives who have no scales and weights at hand have a convenient cup-cake recipe which is easily measured. This cake may be plain or iced.

CRUSTY WALNUT CAKE—Ingredients:—two-thirds cup butter (or use a mixture of butter and margarine or lard and margarine); one cup sugar; one-half cup minced walnuts; three eggs (separated); one-half teaspoon vanilla; 2½ cups of flour (sifted); three teaspoons baking powder; one half cup milk.

Cream butter and sugar with the minced walnuts until light. Gradually add the yolks of the eggs and beat them well. Add the vanilla. Stir in the sifted flour and baking powder alternately with the milk. Fold in

"Bright idea, Smathers—I suppose you'll be expecting a bonus for this?"

the beaten egg whites. Bake in a well-greased tin in a moderate oven, for about one hour.

When it comes to table decoration, the Australian housewife seldom makes use of her country's national flower, the wattle (acacia or mimosa). Instead she usually chooses the leaves of the Australian eucalyptus. She finds the red leaves of the young trees particularly effective for this purpose.

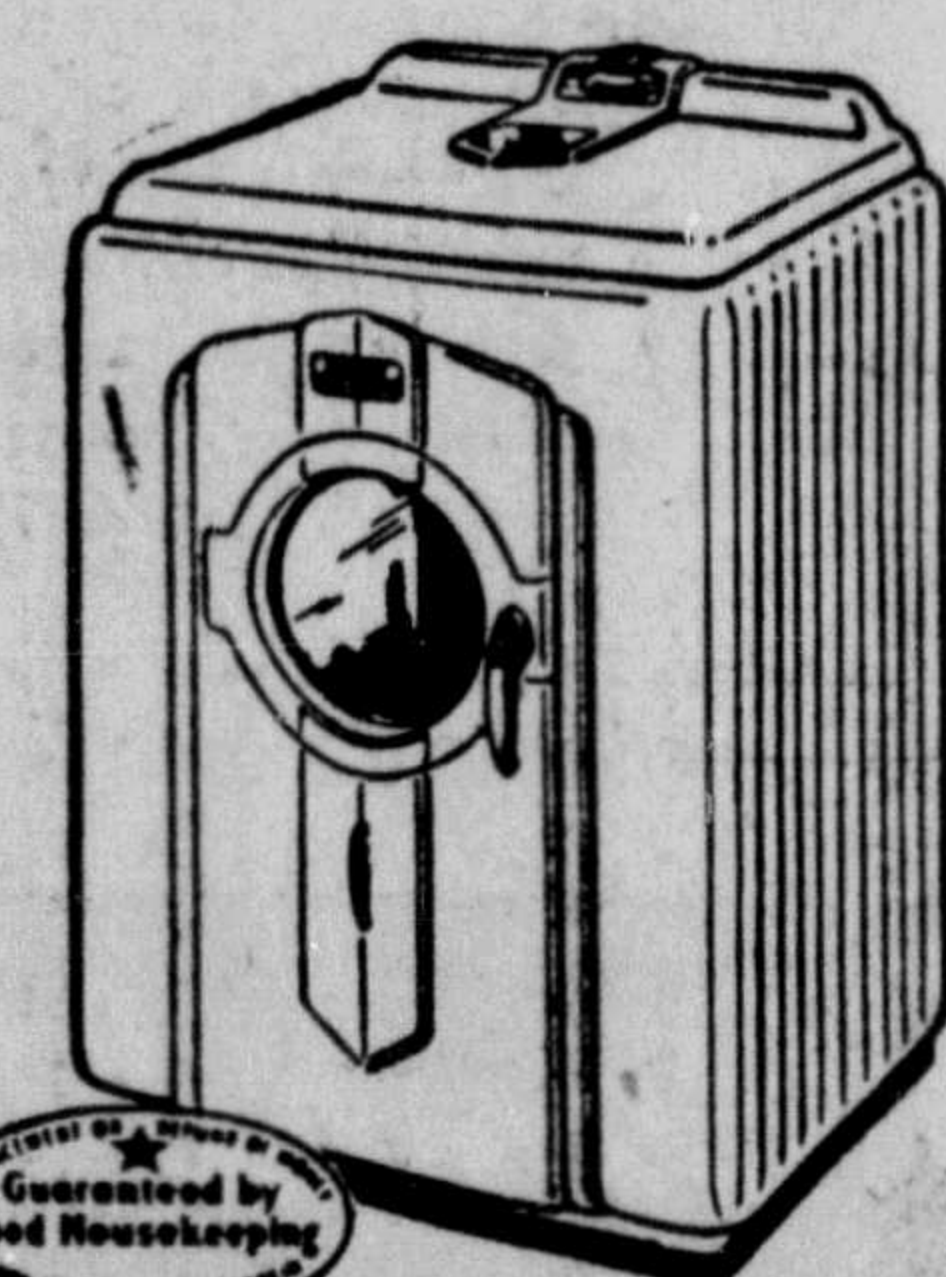

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "John is enamored with the girl who lives next door."
2. What is the correct pronunciation of "impious"?
3. Which one of these words is misspelled? Reconnoiter, reconnaissance, reconcilable.
4. What does the word "arbitrary" mean?
5. What is a word beginning with dep that means "to lower the value of"?

Answers
1. Say, "John is enamored of the girl." 2. Pronounce im-pi-us, both i's as in it, accent on first syllable. 3. Reconnaissance. 4. Depending on will or discretion. "He was asked to explain his arbitrary ruling." 5. Depreciate.

(Continued from Page 1)

British Columbia, Mrs. Hodges said, has allotted \$20,000,000 of its \$66,000,000 budget this year to various types of social services which have pyramided with the province's population increase during the last few years.

"At the present time, the number of old age pensioners on our rolls is being increased by 500 a month. But while our costs are pyramiding, our pensions remain the highest in Canada.

Socialist promises of high pensions at 55 or 60 are based on an ignorance of economic facts which must be considered in the operation of government, she declared.

"Nobody would be more glad than I to pay higher pensions but, to do so, we would be forced to get the money from only one place—the pockets of the people."

One of the reasons for the great increases in social service costs has been the influx of people from the east, notably the prairies, in recent years. "A surprising number of them from Saskatchewan where Socialism is in full swing."

"But I want to be fair. The C.C.F. have done a certain amount of good because they have been a good opposition—and that's where they should remain—in the opposition."

The Hospital Insurance Act she considered "one of the finest things the province has ever done."

"It is still in its experimental stage and we are still learning but the fact that 97 percent of eligible people had registered by last January shows how the people feel about it."

The three percent sales tax, she said, "is, in my opinion, the most equitable way of taxing the people—those who spend the most pay the largest share. I voted for it because I saw the only alternative was to curtail some of our services."

"I will also remind some people of a thing that they may have forgotten—it was the municipalities that asked

JASPER SKI HUT OPENED

JASPER—Dedication of the new C. G. Waters memorial hut and powder snow skiing along the crest of the Continental Divide is featuring the annual ski camp of the Alpine Club of Canada currently being staged in famed Tonquin Valley of Jasper National Park. Almost 30 members skied to the Tonquin over the holiday week-end to remain until April 26.

Memorial to the noted Canadian alpinist, the Wales Hut is situated on the shores of Outpost Lake, at timberline near the Fraser Glacier, the ridge of which marks the divide between Pacific and Arctic watersheds.

In addition to numerous glacial ascents, the club plans ski climbs of McDonell Peak (10,700 feet) and other prominent mountains in the region. Camp director is Rex Gibson of Vancouver Island while members attending represent Alpine Club sections of Victoria, Vancouver, Edmonton, Calgary and United States cities.

SMITHERS MARRIAGE

Miss Genevieve Middleton Becomes Bride of Frank Rimell

SMITHERS — An unusually pretty wedding took place on Easter Monday in St. Joseph's Catholic Church when Frank Herbert Rimell, son of Mr. and Mrs. Rimell, Enderby, took as his bride Genevieve Lucille Middleton, daughter of Mr. and Mrs. George Ernest Middleton of Smithers.

The bride, given in marriage by her father, carried a white prayer book and white prayer beads, gift of Father LeRay, and wore a gorgeous floor-length white satin period gown with a long train carried by two tiny curly haired attendants in floor length daffodil yellow frocks—little Mary Alice and Catherine Jean Calderwood.

The bride was also attended by her sisters, Celestine, in a floor-length blue more gown with bouquet of carnations and roses, as matron of honor, and Doreen in a floor-length old rose jersey dress with bouquet of stocks.

The groom was attended by John Dunlop, and Frank Watson acter as usher.

The wedding ceremony was performed by Father Le Ray and the nuptial mass was said by Father Paul Sanschragin.

The church was decorated with daffodils and a full choir was in attendance. During the signing of the register, Mrs. J.

Dunn sang A. H. Rosewig's "Ave Maria." Hymns sung included "Mother Dear, O Pray For Me," "On This Day O Beautiful Mother," "To Jesus' Heart All Burning."

The church was well filled with the young couple who left for a short honeymoon at Telkwa.

On their return, the couple will take up residence at Perow. Intimate friends and relatives were entertained after the ceremony at the home of John Calderwood.

The bride and groom cut the first slice of the cake and Mrs. Fred Fowler continued cutting for them. Mrs. J. Dunn and Mrs. Fowler poured the tea.

Miss Lena Douberzack and Verna Oulton served the guests.

SMITHERS SEES MOON ECLIPSE

Hearing that the recent eclipse of the moon was not seen in Prince Rupert, Smithers belatedly reports that it was visible there, but hardly spectacular enough to mention. However, after watching all evening as a varying sized crescent peeped dimly through the clouds and mist it was somewhat amazing later in the evening to see an almost full moon riding high in a virtually cloudless sky.

The earthquake which followed next day was completely unnoticed although a more distant one a few years ago made Smithers feel "sick."

TERRACE P.T. SALE SUCCESS

TERRACE—The Terrace Parent Teacher Association's annual Easter tea, held last Saturday in the Oddfellow's Hall, was as successful as ever. Exhibits of the children of the Elementary School were hung on the walls together with the pictures of each class and their teacher.

The art work in each class was particularly good and there were some splendid samples of writing. Besides the sewing and home-cooking stall there was a novelty stall and a plant stall. Grades 7 and 8 had a stall of their hand work containing woven baskets and mats and other hand made articles, the proceeds from which went to the junior Red Cross. In charge of this stall were: Miss A. Lips, Anita Brue and Pearl Haugland. A painting of still life, donated by the father of Mrs. A. Campbell, Grade 1 teacher, was auctioned off in a Chinese auction by Mrs. F. Gavan, and went to Mrs. McIlroy.

Those in charge of the stalls were:

- Novelty, Mrs. Kennedy.
- Plant, Mrs. McGilvery.
- Sewing, Mrs. Wold.
- Home-cooking, Mrs. Clifford.
- Pourers—Mrs. Cote, Mrs. C. de Kergommeaux, Mrs. Bailey, kind ever caught by a woman.

ARE MARRIED IN HOSPITAL CHAPEL

SMITHERS—A quiet wedding was solemnized in the Chapel of the local hospital on Sunday, when the hospital's engineer, James Thomas Atrill, son of Mr. and Mrs. William Atrill, took as his bride Sylvia Kieska, daughter of Mr. and Mrs. Sylvian Kieska. The marriage was performed by Father A. Godfrey, hospital chaplain.

Stanislaus Wozniak and Lucina Bartnick signed the register.

The young couple will reside at the groom's home near the hospital.

Miss Lips. Serviteurs—Mrs. Gavan, Mrs. Hagen, Mrs. Martin, Mrs. Campbell, Mrs. Haugland.

Kitchen—Mrs. McIlroy, Mrs. H. Smith, Mrs. Haaland, Mrs. Glen, Mrs. Phillip.

Cashier, H. Noakes. Mrs. van Stolk, as president of the association, welcomed the guests.

GOOD ANGLING BERMAGUI, AUSTRALIA

One of United States leading women anglers, Mrs. Kip Farrington landed four black marlin in 10 days' fishing at this New South Wales resort recently. She also caught a 37-pound yellow-tail, claimed the record of its kind ever caught by a woman.

TERRACE ENJOYS SACRED MUSIC

Special Easter Services at United Church

TERRACE—To lovers of sacred music and singing the United Church Easter services here were something to be remembered with great pleasure. In the morning the sweet voices of the children's choir, under the capable leadership of Mrs. Brandis, a Dutch newcomer to Terrace, were very pleasing. They sang "Easter Angel" and "It is the Joyful Easter Time." The Oddfellow's Hall was packed and the children of the Sunday School were all there. Some of them were presented with attendance badges.

Rev. P. H. Mallett announced that there was a Sunday School enrolment of 106 children with an average attendance of 84 for the past five weeks.

Mrs. Amdam, Sunday School superintendent, presented J. H. Smith with a jar of money which the children had donated during the past weeks since the disastrous church fire. It amounted to \$25 with the morning's children's collection and was for the church re-building fund.

Those receiving buttons for attendance were Gary Alger, Karen Farquar, Marlene Johnstone, Doris Loveless, David Peekvout, Stanley Ross, Jimmy Sikler, Ann, Smith, Brian Smith, Susy Sikler, Tommy de Kergommeaux, David McIlroy, Jessica Nelson, Maureen Finlayson, Barbara Hagen, Dennis McLeod, Linda O'Brien, Claudia Phillip, Hazel Reynolds, Lewis Smith, Clarence Baker, Lloyd McLeod, Joe Sparks, Arlene Stokes, Ida Lee Llewellyn, Danny Thomas, Mary Ann Brandis, Lynne Farkvam, Jack Llewellyn, Neil Thomas, Marilyn de Kergommeaux, Lloyd Llewellyn, Selma Farkvam, Shirley Reynolds, Marjorie Thomas.

At both morning and evening services, Mr. Mallett delivered stirring addresses to large congregations. Mrs. Lloyd Johnstone sang "The Holy City" in the evening, and there were several anthems by the choir augmented by several male voices. The anthems sung were: "From Olivet He Rides," "All in the April Evening" and "Hallelujah to the King."

The stage of the hall had been suitably decorated for the Easter services by Mrs. McAdams and a committee of helpers and the Rev. Mallett thanked all for their help.

Mr. Norrington's record of the bells of St. Margaret's, Westminster, was played at the close of the service.

Barbara Brent's BUYS AND WHYS

MONTREAL, April 21st—Here's an opportunity you can't afford to miss! Such a wonderful chance to give your hair the "magic" flattery of the new KREML SHAMPOO! For just 10c, a 25c bottle of the new Kreml Shampoo is yours... and I'll wager that once you've used Kreml, you'll never again put up with drying shampoos that make your hair brittle and lack-lustre! The new Kreml has a natural oil base that leaves your hair "kitten-soft" and oh-so-easy to manage. And Kreml contains a truly marvelous ingredient called "Folsan" which makes rinsing "wink-quick", yet thorough—even in the hardest of water! **Send one dime in a letter to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q. I'll send you 25c bottle of Kreml Shampoo to you—post-haste—and you can discover for yourself how soft, sleek and shiny your hair can be... the lovely Kreml way!**

Send For This Booklet and begin a hobby that will give you pleasure for many and many a moon! Everyone's talking about "A New Hobby From An Old Craft—How to Hook a Rug"! This booklet not only gives the fascinating history of hooked rugs in our country... but tells you exactly how to go about this pleasurable business of hooking them! It's fun!... inexpensive and easy... and such rewarding results! All you need... a set of wooden frames—burlap—bits of cloth or worsted—a steel rug hook—colorful, All-fabric TINTEX Dyes and, of course... the booklet! Simply write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—enclosing 10c... and I'll mail you a booklet to you "post-haste"!

Breakfast... A DULL Meal? Not if you serve delicious 5 Minute "CREAM OF WHEAT"! It's a dish that makes a "banquet" of breakfast... and for extra appetite appeal... you might like to add raisins, figs, dates, apricots or prunes to "Cream of Wheat" while it's cooking. Then serve with brown sugar and milk. M-mmm!... it's good!... and so good for you! For 5 Minute "Cream of Wheat" contains blood-enriching Iron... and it provides Calcium and Phosphorus for diets deficient in these elements. What's more—it cooks to delicious digestibility in just five minutes of boiling! Brighten up breakfast with 5 Minute "Cream of Wheat"!

They Had YOU In Mind when they created these seven wonderful powder-shades! Yes, the Woodbury experts colour-keyed their NEW WOODBURY POWDER to your personality—whether you're blonde—brunette—red-head or someplace-in-between! Be sure to see this famous powder and choose your favourite, most flattering shade. And you'll discover that the New Woodbury Powder clings longer—covers skin flaws better. What's more, it contains a very special ingredient that gives a smooth-as-satin finish to your skin... and it's mixed in Woodbury's new "super-blender" that whirls colour into powder and powder into colour at terrific speed. The result is fineness of texture and richness of shade that have made the New Woodbury Powder the #1 favourite of American women from Coast to Coast!

Perhaps The Sight Of The First Spring Crocus will inspire you to create such a dream as this! For it's hard to equal the downright deliciousness of an Angel Food Cake! My favourite recipe for this is found on the SWANS DOWN CAKE FLOUR package. Beating the season frost it with a fluffy boiled frosting, tinted a delicate yellow, and dust it lightly over with shreds of snowy coconut. Remember, for feather lightness... exquisite tenderness be sure to use Swans Down Cake Flour, the cake flour that's sifted and resifted until 27 times as fine as ordinary flour.

Here's Soup To Please A Man—served with lots of appetizing appeal. Just try this recipe, made with HEINZ CONDENSED VEGETABLE SOUP—MEAT PIE WITH BISCUIT TOPPING

1/2 lb. raw beef, diced, or 1 cup diced, left-over meat
2 tbsps. fat
1 10-oz. can Heinz Condensed Vegetable Soup
1 cup water
1/2 tspn. salt
Dash cayenne pepper

Dough for 1/2 standard recipe for baking powder biscuits

Brown meat in fat. If raw meat is used, cook thoroughly. Combine meat, soup, water and seasonings and pour into a well-greased casserole (8" x 8 1/2" x 3"). Pat biscuit dough to 1/2" thickness and cut with a biscuit cutter. Arrange biscuits on top of meat mixture. Bake in hot oven (400 deg. F.) for 20 minutes or until biscuits are golden brown. Serves 2 to 3.

Yes, Heinz Condensed Soups are versatile... and popular! Four taste-tests, two among dieticians, showed an overwhelming preference for Heinz Soups over other popular brands!

Your Dinner Table will be wearing "Spring Green" when you add the crisp crunchiness of a green salad to your menu. M-mmm—luscious lettuce with just a sprinkling of baby onion slices and parsley! A salad like this deserves a MAZOLA salad dressing... like this:

FRENCH DRESSING
1 cup Mazola
1/2 cup cider vinegar
1 tspn. sugar
1 tspn. salt
1 tspn. dry mustard
1/2 tspn. paprika
Dash cayenne
Few drops Worcestershire Sauce

Place all ingredients in a tightly covered jar and shake well. Shake also each time before serving.

Have You Ever Noticed how accidents seem to happen to a brand new dress? Best way I know to be prepared for accidents of this kind is to have ENERGINE CLEANING FLUID handy! It's death to grease stains on fabrics of all kinds... yet absolutely harmless! Just follow the easy directions and watch grease spots disappear in a jiffy from dresses—blouses—handbags—upholstery! Don't just take my word for it that Energine works like magic... get a tin at your drug or department store for as little as 25c, then try it for yourself.

Good News!... Shirriff's Gingerbread Mix is back again on your grocer's shelves! SHIRRIFF'S GINGERBREAD MIX combines in one package all the ingredients that made Grandma's gingerbread a "work of art"! Sugar, shortening, molasses, flour, eggs, baking powder, ginger and spices are prepared in a mix and packed in moisture-proof bags. Ready for you to add water—beat and pop into the oven! That's all there is to it—no fussing with ingredients—no bake day kitchen to clean up! And the RESULT? Best gingerbread I've ever tasted!

If There Are Any Questions in your mind about certain aspects of feminine hygiene, here's a booklet that will help you! Simply write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for your free copy of this booklet giving frank facts on this subject. I'll send it to you in a plain wrapper. Meanwhile, here's one fact I'm sure will be of help to you. Thousands of women have discovered a wonderfully safe, effective method of feminine hygiene... called ZONITORS. Dainty and convenient, these graceless, stainless, snow-white vaginal suppositories are powerfully germicidal—yet absolutely safe to delicate tissues. Ask your druggist for Zonitors—tomorrow... and send for your free booklet now, while the offer holds!

SPRING LEAGUE
SECOND SEASON

In the recently organized Spring Five Pin League, Alley Cats and Leftovers are tied for first place with five points each at the end of the second session of play, while Amazons and Humdingers are tied for second place with four points each.

The latest session saw some high scoring with Benny Windie of Teeners bowling a 807 for men's three-game high and Jack Paul of Leftovers marking up the top single game total 302.

Bertha Dunbar of Leftovers topped the women's scoring with 680 for three games, while E. Knutsen of Humdingers bowled high single score 292.

HARLEM GLOBETROTTERS REACH
MILESTONE IN THEIR CAREER

CHICAGO (Special)—The great Harlem Globetrotters basketball team has reached another milestone in its epic career. The negro court jesters finished their twenty-second consecutive season with a smashing 62 to 40 victory over an imposing array of 1948-49 College All-Stars at Cincinnati to conclude their schedule with the remarkable record of 146 wins against 5 defeats. It put their figures for 22 seasons at 3,184 triumphs, 1 tie and 235 setbacks.

The clever Globetrotters—owned, coached and managed by their founder, A. M. Saperstein of Chicago—also encountered their most successful season financially. They played to approximately a million fans, the first basketball team in history to do so. Added to their past triumphal invasions of the Hawaiian Islands, Mexico, Cuba, Canada, and other distant parts of the globe was the dispatching of a unit of the squad to Alaska last January for a series of games under United States Army sponsorship. The first major sports team to visit the territory, the Globetrotters played the amazing total of 14 games in five days, including two at Prince Rupert, with thousands of miles of air travel sandwiched in between the various contests. They won all of these games.

In accordance with their custom, the dazzling Trotters met and conquered many outstanding teams, as well as some on the ordinary side. Their most important victory was the one achieved in decisive fashion over George Mikan and the Minneapolis Lakers of the Basketball Association of America, 49 to 45, before the largest crowd in basketball history (over 21,000 paid) at Chicago Stadium February 28.

They also won from such powerful aggregations as the Hammond Buccaneers of the National Pro League, Bridgeport Newfields and Hartford Hurricanes of the American Pro League, Cumberland (Md.) Dukes of the All-American Pro League, and Schenectady (N.Y.) of the New York State League. The Globetrotters opened play

November 3, 1948, and won 19 games before encountering their first defeat, 58-54, at the hands of the Philadelphia Sphas of the American Pro League at Syracuse, N.Y., November 23. They then launched a 114-game winning streak before dropping the return game with Mikan and the Lakers, 66-53, at Minneapolis March 14. The loss to the Sphas was one against a number of wins by the Trotters over the same club during the season. In splitting with the Lakers, the Globetrotters retained a 2 to 1 edge over two seasons of play with the Minneapolis team.

Sport Shots

Britain's millions of soccer fans are again in the grip of an epidemic which sweeps the country every spring—cup-tie fever. The climax won't be reached until April 30 when Wolverhampton Wanderers and Leicester City players spill out on the green turf of London's Wembley Stadium to fight out the Cup Association cup final. Then the wave of excitement will break in the roars of close to 100,000 fans who will fill the vast amphitheatre. Millions of others will crowd radios at home to catch every play.

Since the autumn, when some 600 clubs started off on the championship trail, the tension has mounted weekly. And all for the big colorful day at Wembley. The fever symptoms become unmistakable then. Bells at's rung, rattles are waved. Sober-sided citizens garb themselves in wildly colored tallcoats and top-hats. Others sport rosettes in the colors of their favorites. And still others carry checked or striped umbrellas of similar hue. But for the players it's serious business. The cup winner's medal sets the seal on any soccer career.

Both Leicester and the Wolves entered this year's final the hard way. Wolverhampton, after drawing their semi-final with last year's cup holders, Manchester United, won the

points, while the three that were lost (two at Louisville and one in Chicago Stadium) were by the scant total margin of five points.

RAY ROBINSON SCORES KAYO

OAKLAND, Cal. (P)—Sugar Ray Robinson, world welter-weight champion, scored a technical knockout over Earl Turner of Richmond, California, in the eighth round of their scheduled ten-round fight last night. It was a non-title match.

play. Leicester upset mighty Portsmouth, almost certain league champions this year. Leicester City had never before reached the final round of the knock-out competition and their performance this season is all the more surprising in view of their league record. While travelling undefeated to Wembley they have suffered setback after setback in the second division, and a fortnight before the final were in danger of demotion. But league performance has never been much of a guide to Cup form. Only twice has the same club won both competitions—Preston North End in 1889 and Aston Villa in 1897. Not since Blackburn Rovers turned the trick in 1890 and 1891 has the Cup been captured in consecutive years by one club.

THE CANADIAN ARMY — "INSURANCE FOR PEACE"

"Keep them rolling!"

Jeeps, passenger cars, 40-ton diesel trucks, DUKWS, motor-cycles—all are handled by soldiers of the Royal Canadian Army Service Corps. Men entering this Corps can become expert drivers and mechanics. In addition, the Service Corps will train young men as butchers, cooks, stenographers or accountants. All these trades are taught in the finest schools of their kind in the country. Canada's new Army has more to offer now than ever before... more in terms of present and future security... more in terms of a good, useful life and happy comradeship. Visit your nearest recruiting office. You are eligible if you are 17 years of age or over and can meet the Army's requirements. Bring along certificates of birth and education.

No. 11 Personnel Depot, 4th Avenue & Highbury Street,
Jericho, VANCOUVER, B.C.

Seasonable Ideas for Housekeepers

EVERYONE HAS GOOD TIME AT SUCCESSFUL PARTY

A successful party is usually one at which everyone including the hostess, has a thoroughly good time.

Elaborate entertaining is out of date but simple parties may be semi-formal or very casual. The buffet meal allows for much of the preparation being done hours ahead of time and gives the homemaker time to slip on a fresh frock and look her prettiest before the guests arrive. The fact that everyone helps themselves lends an air of companionable friendliness that always starts any party off well. Also it means that a larger number of guests may be accommodated at one time and "the more the merrier" is a truism which applies.

Food may be set against an effective background and blend into the color scheme so that it is part of the decoration.

Home economists suggest some foods that are colorful, easily served, and easily eaten and therefore are excellent for buffet service.

CHICKEN LOAF

2 tablespoons gelatine
1/4 cup cold water
1 1/2 cups hot chicken stock or bouillon

1 teaspoon salt
Dash of pepper
2 cups diced, cooked chicken
1/2 cup chopped celery
1/2 cup shredded raw carrots
1/2 cup chopped green pepper
1/4 cup cold tomato juice
1 1/2 cups hot tomato juice
1/2 teaspoon Worcestershire sauce

1 cup cooked peas
2 teaspoons minced onion
Soften 1 tablespoon gelatine in cold water and dissolve in the hot chicken stock. Season with 1/2 teaspoon of the salt and a little pepper. Cool. When the gelatine mixture begins to thicken fold in 1 cup of the chicken, celery, carrots and green pepper. Pour the mixture into a loaf pan which has been rinsed in cold water or brushed

with oil. Chill and allow to stiffen before adding the second layer. Soften the remaining tablespoon gelatine in the cold tomato juice and dissolve in the hot tomato juice. Season with the remaining 1/2 teaspoon salt and Worcestershire sauce. Cool. When mixture begins to thicken, fold in the remaining 1 cup chicken, peas and onion. Pour into the loaf pan over the first layer. Chill 2-4 hours. Unmould on a platter of greens. Serve with salad dressing. Yield: six servings.

MOULDED FRUIT CREAM

1 tablespoon gelatine
1/4 cup cold water
1 cup fruit syrup
1/2 cup sugar
1 tablespoon lemon juice
1 cup canned fruit, diced
1 cup whipping cream

Soak gelatine in cold water for 5 minutes. Bring fruit syrup to boiling point, add sugar and soaked gelatine. Stir until dissolved. Cool. When mixture is partially set, add lemon juice and diced fruit. Fold in whipped cream and turn into a mould, rinsed in cold water. Chill thoroughly before serving. Yield: six servings.

JELLIED APPLE SALAD

2 tablespoons gelatine
2 1/2 cups apple juice (1 20-ounce tin)
1/4 teaspoon salt
1 tablespoon sugar
1 tablespoon vinegar
1/2 cup finely chopped celery
1 cup chopped apple

Soak gelatine in 1/2 cup of the apple juice for 5 minutes. Heat the remaining 2 cups apple juice to boiling point, add soaked gelatine and stir until dissolved. Add salt, sugar and vinegar, blending well. When mixture begins to set, fold in chopped celery and apple. Pour into one large ring mould or 6 or 8 individual moulds, rinsed with cold water or brushed with oil. Chill until firm. Unmould and serve. The salad may be tinted

TO NEGOTIATE MINE STRIKE

Enroute to the northern mining settlement of Tulsequah, where he says he plans to re-open negotiations between gold miners and the management of the Polaris-Taku mine, Harvey Murphy, business agent for the Union of Mine, Mill and Smelter Workers' arrived in the city from Vancouver by plane Tuesday afternoon.

Today, Mr. Murphy planned to continue his journey by charter Skeena Air Transport plane to Tulsequah where 150 miners were reported to have stopped work late last week following a strike vote over wages.

Mr. Murphy said this morning that he believed that negotiations could be re-opened and the dispute settled without closing the mine which is the biggest gold producer in northern British Columbia.

"I have wired the men to remain at the mine until I can get there and clear the matter up," he said.

The fact that some 30 miners have left the mine, having gone south Monday on the Princess Norah, did not impress Mr. Murphy.

"That's about a normal turnover," he said. Every spring a percentage of the men leave and go south."

HOW CAN I???
By ANNE ASHLEY

Q. What are a few remedies that one should always keep in the household medicine cabinet?

A. Iodine and mercurochrome for cuts and abrasions, witch hazel for bruises and sprains, epsom salts for a strong purgative, boric acid for an eyewash, and bicarbonate of soda for indigestion; also bandages, cotton, and adhesive tape for wounds.

Q. How can I loosen the dirt in a blanket before laundering?

A. Soak the soiled blanket over night in a solution of cold water and borax. This loosens the dirt and makes the job of washing much easier.

The Fishing Industry is Everybody's Business

Market value of British Columbia's fish catch in 1947 was \$58,250,000.

Third on the list of our great natural resources, the industry employs around 20,000 people. When the catch is plentiful, when markets are receptive and prices good, practically everyone in the province stands to benefit, directly or indirectly.

This Company, with its great chain of fishing stations and processing plants, its widespread marketing organization at home and abroad, contributes importantly to the steady and increasing flow of trade that means prosperity to all our people.
