What Will They Do With Two Million Dollars?

Eisenhower Warns United States To Be Prepared

That Is Question Facing Aged Couple in Victoria

GER OF WAR CONSTANT - WOULD BE ONE OF QUICK, RUINOUS BLOWS

WASHINGTON, D.C. (CP)—General Dwight D. Eisenhower, who retired last week as chief of staff of the United States Army, on Sunday gave Defence Secretary Forrestal a farewell report in which he said that war is a constant danger and the consequences may prove inadequate.

The United States Army, Eisenhower reported, "is not ready to respond to an emergency call because its global distribution not only leaves it weak in every sector but prevents the concentration of anything beyond the merest handful for tactical use."

Gen. Eisenhower warned that the next war would be one of lightning power with devastating instruments. There should be strong forces for defence and counter-offensive action.

Asks For Restraint

President Truman asks Appeal in Regard to Palestine Situation

WASHINGTON, D.C. (CP)—President Truman today made a personal and direct appeal to other governments for "restraint in dealing with the Palestine situation."

In a statement released from the White House, there was no elaboration of the President's message but it is presumed to have been prompted by questions arising out of a radio report that Mr. Truman had appealed directly to the kings of Saudi Arabia and Iraq to use their influence to prevent the spread of violence.

 Charge each other with simulating disagreeable European sentiments.

BAD STORM DOWN COAST

Lower Mainland and Vancouver Island Getting Back to Normal Today

VANCOUVER (CP)—After the most severe storm on the Pacific Coast this winter, power and communication and transportation services are getting back to normal today.

Gale winds and in some cases snow crashed telephone and telegraph wires as a 50-mile wind slashed the Lower Mainland, Vancouver Island and Fraser Valley districts.

Victoria was blacked out for a time Saturday night when trees fell across key power lines.

Plane service was delayed over the Rockies with one pilot reporting encountering a 110-mile gale at an altitude of 19,000 feet near the Crow's Nest Pass district.

The only casualty reported was Ronald Ritchie, aged 45, who is in New Westminster hospital after being struck on the head by a high voltage power wire.

MAY DEPORT UNION HEAD

Secretary of National Maritime Union Arrested as Alien Communist

WASHINGTON, D.C. (CP)—Federal agents today arrested Ferdinand Christopher Smith, national secretary of the C.I.O. National Maritime Union, as an alien communist.

Smith, a native of Jamaica, British East Indies, has been removed to Ellis Island without bond pending deportation proceedings.

The warrant charges that Smith entered the country without a visa and had been before and after his entry a "member of an organization advocating the overthrow of the government of the United States by force and violence."

VICTORIA (CP)—"The telegram did give us a flutter—but we were over it within a matter of minutes." That is the way 82-year-old Mrs. Arthur Lovekin described her reaction to word received that she had inherited \$2,000,000.

"Dear me," said the old lady, "I don't know what I'll do with it. My husband (aged 86) and I are comfortable now."

A telegram Saturday announced Mrs. Lovekin was to receive one-third of a \$6,000,000 estate left by her brother, Moses T. Stevens, textile magnate of Boston.

Both Mr. and Mrs. Lovekin are patient-guests in Mount St. Mary's Hospital. Mr. Lovekin is a semi-invalid.

LITTLE PROGRESS ON IMPORT QUOTA

Local fruit and produce dealers who, in conjunction with the trade and commerce committee of the Prince Rupert Chamber of Commerce, have been working with a view to having quotas set for this city and district separate from Vancouver's quota, on which this area is now dependent, are continuing their efforts although they have not met with much encouragement so far. The latest reply from Ottawa does little more than to ask for further information as to the consumption of this area.

PLEADS GUILTY TO BREAKING INTO HOTEL

John Tolmie, 24, who told the court that he was "drunk and had no intention of stealing," was remanded for sentence by Magistrate W. D. Vance in police court Saturday morning after he had pleaded guilty to breaking and entering into the aSvoy Hotel during the night.

Tolmie stood in the prisoner's box with his hand bandaged from injuries apparently received when he smashed a pane of glass in a basement window at the rear of the hotel. Noise of the shattering window attracted the attention of the night clerk who rushed downstairs in time to see a man disappearing. He called the police.

Constables White and Davidson later picked up Tolmie on Fraser Street and took him to hospital to have his injured hand treated. The injuries required several stitches.

Tolmie told the court that he had come to Prince Rupert a couple of days ago from Vanderhoof. Previously he had been at Vancouver. He came originally from Ontario and had served in the army.

Magistrate Vance withheld sentence for one week.

THE WEATHER

Cloudy weather is general throughout British Columbia today with rain showers in the southern Vancouver Island and Lower Mainland areas and scattered snow flurries elsewhere.

A storm centre located about 1000 miles off the Oregon coast is moving toward the B.C. coast and is expected to give rain along the southern coast tonight and tomorrow. Skies will remain cloudy with scattered snow flurries throughout the rest of the province.

Continued mild weather is expected throughout southern B.C. with below normal temperatures persisting in the northern sections of B.C. for the next 36 hours.

Forecast

Prince Rupert, Queen Charlottes and North Coast—

Southern Section—Cloudy with scattered snow flurries today and tonight. Tuesday, intermittent mixed rain and snow. Winds light today and southeast (15 m.p.h.). Temperatures normal. Lows tonight and highs Tuesday—At Port Hardy 32 and 40.

Northern Section—Cloudy today and tonight. Tuesday overcast with snow flurries. Winds light. Continuing cold. Lows tonight and highs Tuesday—At Massett 22 and 35. Prince Rupert 20 and 35.

RUSSIA SETS UP PUPPET GOV'T IN KOREA IN AGREEMENT VIOLATION

SEOUL, Korea, (CP)—A high American official said today that a Russian puppet government had been established in North Korea. He declared it has an army, flag and constitution in open defiance of international agreements.

The official charged the establishment of a government was timed to coincide with the United Nations commission's recent announcement of failure of its mission in Korea.

It is reported that the puppet government has an army of 200,000 equipped with Russian materials, tanks and light planes.

BARBARA ANN WORLD CHAMP

Retains Figure Skating Title—Returning to Canada

DAVOS PLATZ, Switzerland (CP)—Barbara Ann Scott on Sunday wound up her 1948 European figure skating campaign with the third major victory in a month, retaining the world title she won last year at Stockholm.

Twice-crowned European champion and Canada's first winner of the Olympic figure skating gold medal, Barbara Ann was a "thrilled and happy" girl as she rested in a dressing room following the free-skating performance which clinched the world competition.

"It's wonderful," she said.

After the compulsory figures were finished, the 19-year-old Ottawa girl whirled through a four-minute free-skating routine to hold safe from nineteen rivals representing eight countries.

Barbara Ann accumulated a total of 1,643.0 points for a 42.3 margin over Eva Pawlik, 22-year-old Austrian champion. Third place went to 16-year-old Jirina Nikolova of Czechoslovakia. Marly Ruth Take of Toronto placed twelfth and Suzanne Morrow, also of Toronto, thirteenth.

Miss Scott plans an early return to Canada in order to take part in the Dominion championships at Calgary in March.

CITY DIGS OUT AFTER SEASON'S HEAVIEST SNOWFALL AT WEEK-END

Ten-Inch Snowfall Knocks Down Telephone Lines, Hampers Traffic

Prince Rupert today is still digging itself out from a 10-inch snowfall that came down in an eight-hour period Saturday night, snarling up traffic and putting a large section of the city's telephone system out of service as lines dropped to the ground under their burden of snow.

Sunday morning the city lay festooned with white under a bland sun that broke through after the surprise snowfall—the heaviest of the winter. Temperatures last night dropped to ten degrees above, the lowest so far this season.

Residential streets throughout the city are channelled by single motor tracks and driving is a precarious business because of the danger of getting stuck in passing traffic requires drivers to pull out of the snow ruts.

In the downtown section, the grader has been put to use as a snow plow and is piling the snow in windrows in the centre of Second and Third Avenues.

Greatest damage was done to the telephone service. Telephone lines were transformed into thick, white ropes by snow which clung to them and later froze. Weight of the snow dragged scores of lines to the ground throughout the city.

Telephone superintendent Bruce Love said this morning that they were still unable to tell how many lines were out of order. It is believed that literally hundreds of 'phones were affected.

"It will be quite some time before we get things back to normal," Mr. Love said. "This is the biggest break in a long time."

In addition, the cables running to the radio-telephone towers at Montreal Circle went down, halting radiophone transmission from the local telephone office. Villages and boats in the area are therefore without service.

Radio aerials also suffered from weight of snow.

was plowed out on Sunday, District Public Works Engineer J. C. Brady said this morning. Efforts will be made to have the Skeena River Highway opened as far as Kwinitsa this week.

Mr. Brady said that road crews from Terrace were working on the eastern section of the road and had planned to open the highway for through traffic to Terrace by next Friday but the week-end snowfall may cause some delay. Up to this morning, he had not received word on the depth of new snowfall along the Skeena.

There were no reports of traffic accidents in the city but the cold weather gave car operators difficulty in starting their automobiles. Rather than drive in the snow, many left their cars at home and walked.

Electric light and power lines bore up well under the snow, only one break occurring early Sunday morning. C.N.R. telegraph lines remained in service.

Bituminous Coal Strike Now Over

FOUR THOUSAND ALBERTA MINERS RETURN TO WORK

CALGARY (CP)—The thirty-five day old strike of some four thousand mine workers ended today as the Western Canada Bituminous Coal Operators' Association and the United Mine Workers of America announced they had reached an agreement on a contract in the dispute.

There is no immediate indication of settlement of the dispute between the Union and the domestic coal operators in Alberta and British Columbia involving another six thousand miners.

The bituminous mines agreement calls for a \$2 per day wage increase effective today.

COLCHESTER, Eng. (CP) A second century bronze statue of the Roman god Mercury, said to have been dumped by a plowman as useless, was found here.

attend. Douglas is now in Washington attending conferences on the Marshall plan.

DEFER THREE-POWER TALKS

Meeting of U.S., Britain and France On Germany Next Week

PARIS (CP)—The French ministry of foreign affairs announced today that three-power talks about Germany, scheduled to open in London on Thursday, have been postponed until next Monday. Plans for the conference were announced last week.

Russia objected to the conference as it would violate the Potsdam agreements on Germany.

Russia is not invited to the conference.

The announcement said that the meeting was delayed to permit Lewis W. Douglas, United States ambassador to Britain, to

GIVES HIS DAY'S PAY—Responding to the Canadian Appeal for Children, Rt. Hon. C. D. Howe, recently appointed minister of trade and commerce, is pictured here making his donation of one day's pay. He is accompanied by Senator W. McL. Robertson, government senate leader, and Harvey R. Doane, Halifax chairman of the Canadian Appeal for Children. The appeal seeks to raise \$10,000,000 to assist 400 million children in war-devastated countries in Europe and Asia. Money will be used to purchase food, clothing, educational and medical supplies for these boys and girls.

Boost From Vancouver

IT IS GRATIFYING indeed to have none other than the Vancouver Province call upon both the federal government and the Canadian National Railway to get on their toes in the development of business with Alaska for the port of Prince Rupert and the northern line of the railway in the interest of the railway in particular and the country as a whole. The Province, editorializing on the "tug-of-war" which is now on between Seattle and Canadian Pacific ports, principally Prince Rupert, with the \$150,000,000 annual trade of Alaska as the prize, suggests that the Canadian government and the head office of the Canadian National should be concerned about what is going on and get busy about extending and protecting Canadian trade interests in this part of the country.

Here is what the Province says in its editorial which will make very popular reading here in Prince Rupert which no longer appears to be as a voice in the wilderness on this matter:

"The trade of Alaska, amounting to about \$150,000,000 a year, is the rich prize in a commercial tug-of-war in progress on the Pacific Coast. The issue is whether Seattle shall continue to have a monopoly of that trade or whether the Canadian Pacific ports, principally Prince Rupert, shall get the lions share of it. Canada has a vital interest in the issue, for its national railway serves Prince Rupert, but the Canadian government, apparently, does not know there is a tug-of-war in progress.

"The Americans and particularly Alaska, learned about Prince Rupert during the war. The United States spent \$20,000,000 in improving facilities in the port and used these facilities extensively. Alaska would like to use them extensively still, for she can save much money and time that way. But Seattle objects and the Jones Act requires that cargoes for Alaska shall travel in American bottoms.

"In the House of Commons, last week, Major-General Pearkes asked a question about the Jones Act and the attitude of the government with respect to it and received one of the vaguest and most cryptic answers on record. If the people of the Pacific Coast made enough noise, the minister for external affairs said in effect, the government would consider the advisability of making representations to Washington. The answer was decidedly not good enough. It indicated indifference to the problem and at most a superficial acquaintance with it. The minister might as well have said: 'I'm not interested; Prince Rupert is a long way from Ottawa.'

"And Mr. St. Laurent is a leading member of a government which administers the Canadian National Railway and which will presently be receiving a request from that railway to meet a deficit running into millions.

"If Prince Rupert is too far from Ottawa for the government to be concerned with its interests, surely the head office of the Canadian National is not. It should not need any representations from the Pacific Coast to put the government on its toes for the extension and protection of Canadian trade interests. Nor should any prodding be necessary to induce it to take what steps it can to increase the business and reduce the deficit of the national railway."

FOR ALASKA DEFENCE

THE GENTLEMAN who was dickering to buy surplus U.S.-built dock, warehouse and crane facilities in Prince Rupert a few months ago is getting excited again, notes the Ketchikan Chronicle. This time, with rumors in the wind, he may close the deal for good. And about that time the U.S. may come along and try to get an option on the use of these facilities again in case of need. If they were valuable before against Japan they'd be useable again in case of trouble with Russia, and in peacetime preparation of the north country.

We know, too, that one of the American carriers is still somewhat interested in a Rupert tie-up to Alaska, perhaps because of the military interest and perhaps because of the projected coming of newsprint and pulp mills that will want to export through the Canadian port.

REQUEST FOR ADJUDICATOR TURNED DOWN

A request by the Prince Rupert Trades and Labor Council for an unemployment insurance adjudicator at Prince Rupert has been turned down, according to a letter from the director of Unemployment Insurance, read at the monthly meeting of the council.

The council previously had made the request in an effort to speed up payment of claims which members had said had been delayed because they had to be referred to Vancouver.

The council received this information "with regret" and asked that all unions notify the Council when delays in payment of unemployed insurance benefits occur.

A letter from the Edmonton Trades and Labor Council informed the local council that the manufacturers of "Canada Dry" soft drinks had been placed on the "unfair" list and delegates were asked to govern themselves accordingly when purchasing soft drinks.

The 19-month-old strike of the International Typographical Union against the Vancouver Daily Province was discussed and members expressed the opinion that too many people in Prince Rupert were still patronizing this newspaper.

The method of selection of coroner's jury came up for discussion and was set aside for further consideration after more information has been received.

The meeting endorsed a motion that the provincial government put into effect the health insurance plan which was approved by the voters some years ago, the feeling being that failure of the government to put the scheme into effect was also failure to heed the democratic voice of the people.

The meeting endorsed taking out membership in the Prince Rupert Film Council.

J. S. Black, council vice-president, was chairman in the absence of President August Wallin.

Reminiscences and Reflections

The Minister of External Affairs, Hon. Louis St. Laurent, speaking in Parliament, made a statement concerning the Jones Act. There was no committing, even remotely. What Mr. St. Laurent said in substance was that the government would consider the advisability of taking up with Washington the matter of amending the Act in question.

The time for relief from the oppressive effect of the Jones Act is long overdue. If the people of Northern B. C. and Alaska as well, have not been backward in their criticism, the same cannot be said for some of those who, by virtue of their authority, position and knowledge, should at least be alive to the situation and showing something more than an academic concern. The minister's promise was not voluntary or gratuitous. It was given, only after hearing vigorous representations from the coast and to which General Pearkes' searching views gave notable weight.

So long as the Jones Act stands as it is and remains unchanged, so long will its crippling consequence be an economic handicap so far as the north is concerned in particular and Canada in general. If convenience and the saving of time, distance and money have any particular meaning at all, then the patent absurdity of this section of the shipping law should not continue further to function.

Old style valentines are "out." People could not stand up to them anyway. The shocks were overpowering. Nothing was subtle. A delicate hint had the raw force of a large brickbat. It was necessary for the sensitive soul to become a philosopher and remain one for about a week.

One never can tell just what he may see in some town like Prince Rupert. Not so long ago, there was noted pencilled on the wall of an abandoned shack the candid words: "Wonders will never cease." — has turned down a drink. The date was many a year ago. Someone was taking liberties with the name of a man who is today an eminently respectable citizen.

No Christmas card ever looked more wintry white than did Prince Rupert after daybreak Sunday.

There hadn't been a flake the night before. But Sunday morn! So few were footprints or car tracks that no matter where one looked lay the unbroken, undisturbed vistas of snow. It was nine or 10 inches on 'the level.

Every tree — every branch — had its capacity load of snow. The morning was calm, as well as clear. The snow lines on the mountains had vanished. The peaks and slopes registered snow, from bottom to top.

No one was caught murmuring:

"O, the snow, the beautiful snow filling the sky and the earth below
Over the house-tops, over the street
Over the heads of the people you meet
Dancing, flirting, skimming along
Beautiful snow, it can do no Wrong."

Is that so? How do you know it can't? Ask the man leaning on his shovel as he strokes a sore back or the automobile owner stuck somewhere.

It's no time for poetry. And it certainly will be out of place in another few days when virgin purity starts fading and melting, and feet have that cold, wet feeling.

BABY SITTER IS LEFT WITH BABY—Mrs. Dick, the covey stenographer, smiles at the bouncing baby left with her by his parents, who were and who have not returned to claim the child. After a \$25 worth of "sitting" Mrs. King called the police trying to trace the parents. The young couple who had baby over to Mrs. King said his name is Dale Michael.

How a better range element makes new jobs for Canadians

The original Calrod element consisted of a resistance wire embedded in magnesium oxide, and the whole encased in an iron tube.

In an effort to get faster cooking and longer life, tests were conducted with numerous other metals. These tests showed that tubing of Inconel, an alloy containing 79% Nickel, outlasted all other metals as sheathing for heating elements.

Since 1929 when the Calrod element was introduced, hundreds of tons of Canadian Nickel have been used in producing fast, long-lasting elements for electric ranges and other appliances.

This new market for Canadian Nickel was brought about as a result of scientific research. It has created employment for many men in the Canadian Nickel industry.

The expansion of the electrical industry because of better heating elements, has given employment to additional hundreds of Canadians. Thus does research develop better products, create more employment.

The Calrod element of today consists of a resistance coil of Nickel-Inconel is strong, rust-proof, and resistant to corrosion by food acids.

C. C. Mills returned to the city on the Catala last evening from a ten day trip to Vancouver for hospital treatment.

Coquitlam Returning To Northern Run

Union Steamships coastwise vessel Coquitlam, one of the company's "white" fleet, which has been off its northern run since the middle of December, will be returned to the Sunday Vancouver-Prince Rupert-Seward service, arriving here from the south, according to an announcement made at the company office here today. The Coquitlam will replace the Catala which will go into dry dock for annual overhaul next week-end on completion of her present trip.

NOTICE

Notice is hereby given that the Annual General Meeting of the Prince Rupert General Hospital Association will be held at the city hall on Friday, February 27, 1948, at 8 p.m. Business:

To receive Auditor's report and Balance Sheet for 1947.

To elect five members to the Board of Management.

To appoint an auditor.

To adopt a revised set of by-laws as per written Notice to Members.

Membership fee of \$1.00 per annum may be paid at the Hospital or Ormes Drugs prior to Monday, February 23rd at 5 p.m. on which date membership list will close.

All interested citizens are urged to take out membership in the Association.

D. C. STEVENSON, (40)

Thousands give 1 day to SAVE THE CHILDREN OF OUR WORLD...

As representatives of Canadian workers, we know that saving the lives, minds and bodies of the world's children is the most important task facing our world today.

Most of the members of Canadian unions have children of their own. We know that a large proportion of the world's children who are hungry, ragged and homeless, growing up bitter and suspicious, are the children of workers. We know they must have food, clothing and education if we are to assure a healthy peaceful world for OUR children.

CANADIAN APPEAL FOR CHILDREN has given all of us the opportunity to share in this vital work. Its importance is so apparent that we are assured of the full support of Canadian workers. We are asking the members of our organizations to pledge one day's pay to the Canadian Appeal for Children.

Labour is solidly behind this appeal—an appeal upon which the future of the world depends.

A. R. MOSHER
President, Canadian Congress of Labour

P. R. BENGOUGH
President, Trades & Labour Congress of Canada

THE WORLD'S FUTURE BEING DECIDED NOW...

Canadians will want to help — the help of ALL is needed — if campaign's minimum objective of \$10,000,000 is to be attained. No donation will be received at any BANK. Since you will not be passed, all your sympathy and good wishes will be wasted unless you take the trouble to get out and go to your bank and...

GIVE to CANADIAN APPEAL FOR CHILDREN

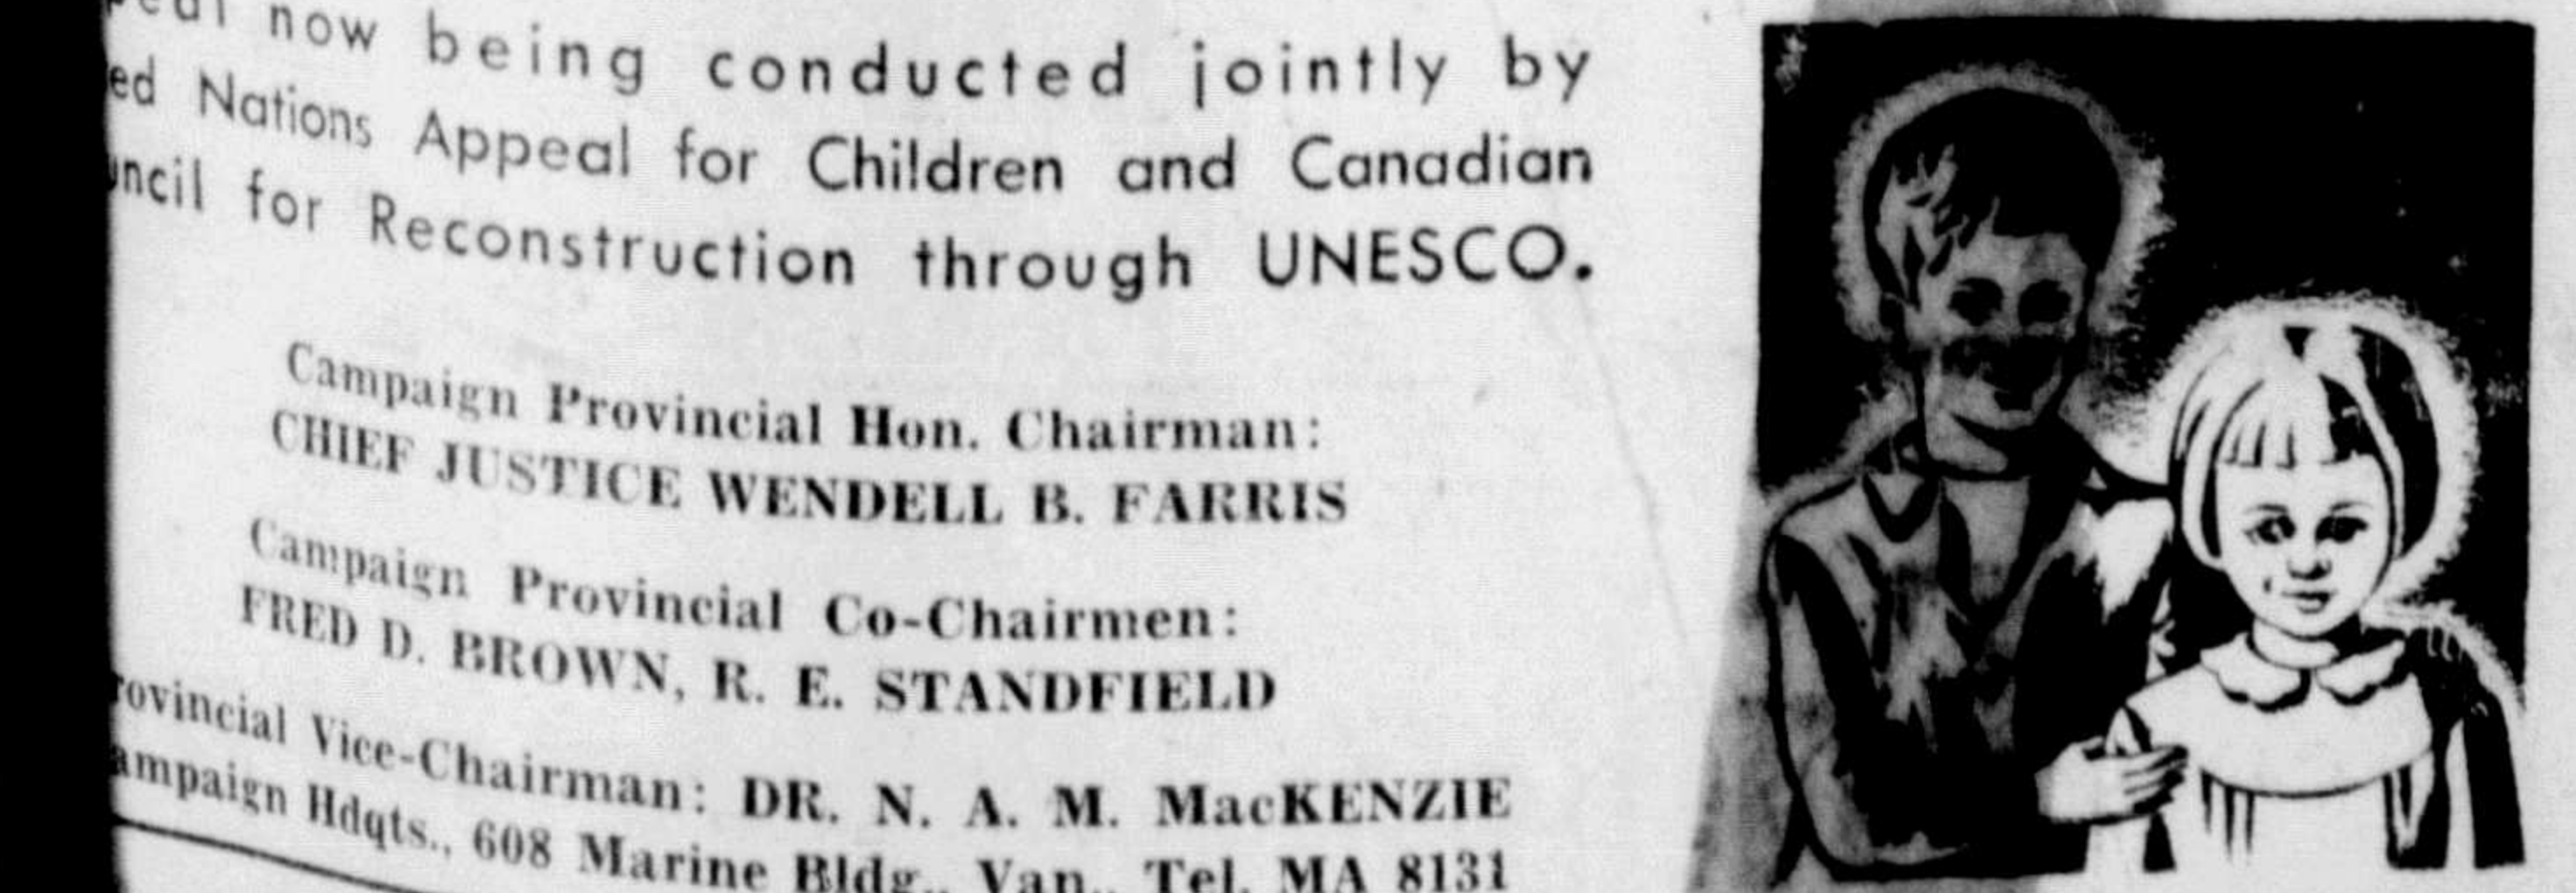

Appeal now being conducted jointly by United Nations Appeal for Children and Canadian Council for Reconstruction through UNESCO.

SAVOYS WIN CLOSE GAME

Consolidated Hold in Senior Honors—Port Edward and Bo-Me-Hi Victors

Savoys consolidated their position at the top of the city basketball senior "A" league framework Saturday night by defeating Brownwoods 46-38 in the Civic Centre gym after a slow start that saw the shoemen take a dominant position until half time.

In the two intermediate league games, Port Edward defeated Morgan's 37-27 and Bo-Me-Hi overcame Fashion Footwear 34-22 while in the Junior League, Stone's overran High School by a 31-15 score.

Mel Thompson and Reg Lavigne of Brownwoods set a pace that brought the shoemen 11 points during the first quarter. This gave them a seven point lead that had diminished to five at half time and to a five-point deficit at the three-quarter time whistle.

Savoy broke loose in the third quarter when Rupert Holkestad trained his sights on the hoop and dropped in four baskets and two free throws for 10 points. Holkestad was top scorer of the game with 17 points, netting two in each of the first two quarters, 10 in the third and three in the fourth.

The energetic start made by Brownwoods inspired a measure of hope in the fans that here at last was a victory for the underdog shomen but, as usual, they failed to carry out the promise. Thompson led the scoring for Brownwoods with nine points, followed by Lavigne with eight.

Port Edward's victory over Morgan's provokes the thought that if the suburbanites had got into the conflict last fall instead of at mid-season, their true standing in the Intermediate League would have been a definite threat to the other teams, including Bo-Me-Hi. The visitors have made a good showing every time they have played.

High score for Port Edward was T. Venn, with nine points. Lien of Morgan's marked up 8 points for his team.

In the other Intermediate series game, Bo-Me-Hi continued its unbroken series of victories by sweeping over Fashion Footwear in the fourth quarter after trailing them during the greater part of the first three periods. The two teams reached three-quarter time with a 20-20 tie.

Shier and Scherk of Bo-Me-Hi shared top scoring honors with 12 points each while Vukovich was heavy marksman for Fashion Footwear. His three baskets in the first quarter gave the shoemen their lead which they held until late in the game.

In the Junior game, Stone's led the striving High School team in all of the four quarters of a game that was unique because of its large number of free throws. In the second and third quarters, High School scored 12 successive free throws. Simundsen scored four and emerged with a record of 12 points tops for his team.

Lesieur was top scorer for

SCOTIANS IN LEAD

Fish Dock in Second Place in Five Pin Bowls

Scotiains assumed exclusive leadership of the Men's Five Pin Bowling League at the end of the week by defeating Mutt's two games to one, Fish Dock dropping to second place as a result of a clean sweep defeat at the hands of Co-ops. Sam Jurmain of Maple Leafs monopolized the high scoring honors with a high single game of 339 and the high aggregate of 694.

The team scores were as follows:

Co-op 3, Fish Dock 0.

Stones 2, Thom Sheet Metal 1.

Thorncliffs 2, Canfisco 1.

Scotiains 2, Mutt's 1.

Moose 2, Maple Leafs 1.

WORLD DAY OF PRAYER

One Hundred Women Hear Address by Mrs. R. W. Large

One hundred women of various Protestant denominations in the city gathered Friday afternoon at First United Church when Mrs. R. W. Large of Toronto gave the address at the World Day of Prayer program here. Her subject "The Lord's Prayer," Mrs. Large said that the prayer was learned in youth but it took the whole of one's life to appreciate the fullness of its meaning.

Miss Helen Hurd of the Women's Missionary Society of the United Church left the service. Mrs. J. C. Gilker was organist and Miss Grace Merrill sang "The Lord's Prayer." Hymns were "Dear Lord and Father," "Holy, Holy, Holy," "I Love Thy Kingdom, Lord," "There Is a Wilderness in God's Mercy," "Lead On, O King Eternal."

Prayer leaders included Mrs. Chambers of the Salvation Army, Mrs. MacDonald of the Pentecostal Assembly, Mrs. F. E. Anfield and Mrs. A. L. Holtby of St. Andrew's Cathedral, Mrs. Price of St. Peter's, Mrs. G. R. S. Blackaby of Regular Baptist Church and Mrs. Fred Antrabus of First Baptist Church.

Mrs. J. S. Irvine read the scripture, John 17.

Mrs. George Ciccone and Mrs. H. E. Amos had charge of the collection, the proceeds of which are for missionary work.

facing them in all parts of Europe, the Flyers might even come back as a definite threat for Allan Cup honors. But only the local rink-siders seem to have an idea of what to expect.

These few, who saw the finally-constituted Flyers (except for "shutout" Dowey) realized the re-built team, while short on training in the fortnight they were whipped together, had a long potential. They weren't surprised that it paid off. "When it came time to leave," says Tommy, "there were few who conceded they had others who would have prohibited the trip... We'll wager that it will be a different story when they come home... Flyers are certain to come home to a noisy and sincere welcome."

SHIPS and WATERFRONT

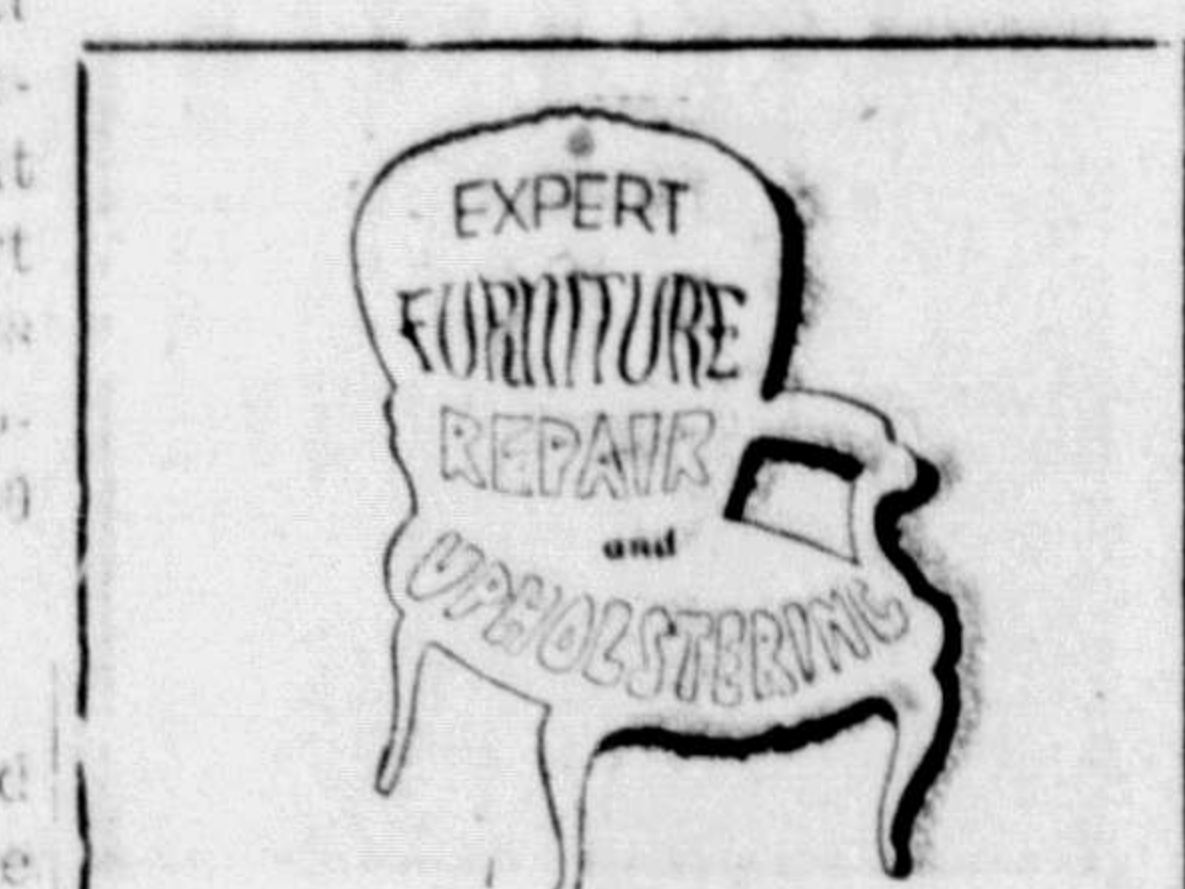

Union steamer Catala, Capt. John Boden, arrived in port at 9:30 last night from Vancouver and waypoints, sailing at midnight for Alice Arm, Stewart and other northern points whence she will return here tomorrow morning to sail at 1:30 p.m. southbound.

With weather unfavorable and no substantial run of fish since the recent Ogden Channel "bonanza," the coast herring fleet is considering tying up. The herring area at Ogden Channel, just south of Prince Rupert, where an important herring strike was made recently was closed down, officially, a week ago Saturday. The closure was

announced by the chief supervisor, A. J. Whitmore, in the interests of conservation. The herring fishing was closed north of a line drawn from Wright Sound, just above Butedale. Since then the only herring areas still open was the Queen Charlottes and the southern part of the central area.

C.P.R. steamer Princess Adelaide, Capt. Fred McGraw, is due in port at 5 o'clock this evening from Vancouver and waypoints and will sail at 10 p.m. on her return south.

CATHOLIC GUIDES, BROWNIES TAKE IMPORTANT PART

Important in local Girl Guide Activities is the work being done by the First Catholic Guide company and the Third Brownie Pack who this week are observing local national Scout-Guide Week with other troops, companies and packs in the city.

Sponsored by the Catholic Women's League, the Girl Guide company is under leadership of Miss Pat Clarke, guider, and Miss Margaret Doiron, lieutenant. The Brownie pack is sponsored by Annunciation School and is showing a great deal of enthusiasm.

and is led by Mrs. A. E. Smith and Mrs. L. Shannon.

This evening, the Guide company will hold a guest night at the Catholic Hall while on Wednesday night they will entertain their mothers and friends. On Wednesday night, also, District Commissioner Miss Honora Silversides will enral a number of Brownie recruits.

On Sunday, both Guides and Brownies will attend a church parade at Annunciation Church. Both groups will join other Scout, Guide, Cub and Brownie groups in Friday night's display and rally in the Navy drill hall. The Catholic Brownie pack is the newest one to be formed in the city and is showing a great deal of enthusiasm.

FINE PARTY AT ST. PETER'S HALL

Friday the Thirteenth Observed With Dance and Outstanding Floor Show

Friday the Thirteenth proved anything but unlucky for nearly 100 young people who gathered in St. Peter's Hall Friday evening for a St. Valentine's masquerade ball held by the St. Peter's Young People's Association in honor of their guests, the United Church Young Peoples, in charge of Rev. R. A. Wilson, and the St. Andrew's Cathedral Young Peoples, under Wilf Sinclair. Candle-lit tables surrounding a postage stamp dance floor lent a festive but intimate cabaret-like atmosphere to the occasion.

Upon arrival, the gaily costumed young people were handed numbered hearts by the pretty door attendant, Margaret Symes. Boys and girls holding corresponding numbers paired off for the evening and were seated in foursomes at the gaily decorated valentine tables with another couple similarly paired off.

Dancing, which began at 8 o'clock, took up the major portion of the evening. Several novelty dances were featured, including a "Pass the Lemon" novelty. At the end of the dance, the person holding the lemon, which was passed from one dancer to another, had to pay a consequence, much to the delight of the onlookers. The jitterbug contest was won by a solid brother-sister combination, Marie and Harold Skalmeyer, whose smooth intricate steps drew spontaneous applause from other dancers.

During the evening, three efficient white-coated waiters, Jim Hemmons, Henry Dixon and Dick Hedstrom attended to the soft drink needs of the merrymakers. Just before the supper waltz, the fancy dress costumes were judged by the joint masters of ceremonies, Mrs. Helen Marchil-

MOOSE WHIST AND DANCE IS ENJOYED

Prince Rupert Lodge, Loyal Order of Moose, was host Saturday night to scores of members and friends who enjoyed an evening of card playing and dancing. Card playing, which took up the early part of the evening, was under direction of William Terry. Winners for the women were Mrs. B. J. Bacon and Mrs. Ted Latch with Ted Rorvik and J. Mostad tallying high scores for the men. Dancing to music provided by Stevens' Orchestra with Carl Brechin as master of ceremonies rounded out the evening. During intermissions refreshments were served and prizes distributed to the winners at whist.

don and Robert Kelsey, leaders of the St. Peter's group. Mary MacAfee of the United Church group won the girls' first prize with her clever orange and brown Robin Hood costume. Dick Large of the St. Peter's Y.P.A. won the boys' first prize as a masked individual reminiscent of Ku-Klux-Klan days. Helen Hibbard of the United Church Y.P. a pretty Queen of Hearts, won the girls' second prize, while brothers Lloyd and Bob Franklin of the St. Peter's Y.P.A. tied for the boys' second prize with similar costumes constructed around the heart motive.

Supper was served at 10 p.m., under the direction of Mrs. E. Hodson, by the three headwaiters and their assistants, Doreen Bateman, Hazel Tweed and June Roberts.

A floor show, following supper, was opened by a guitar-vocal by Richard Tweed, who delighted his listeners with two plaintive western songs "I Wonder Where You Can Be" and "Remember Me." Vaughan Tattersall's violin solos, the popular "Ballerina" and "Serenade of the Bells," revealed the definite professional approach which has made Vaughan's playing greatly in demand. Pretty blonde Vin Elliott, St. Peter's Y.P.A.'s star soprano, brought the house down as usual with her renditions of "Sorrento" and "When You Were Sweet Sixteen." Dick Large's well-received piano solo "Anniversary Song," demanded an encore, "Darktown Strutters' Ball," for which the audience provided a lusty vocal. Guest pianist, Helen Hibbard of the United Church group, on request of the audience, performed the ever-popular "Over the Rainbow." Lovely Joanne Langridge, popular young vocalist, after repeated requests, consented to sing "April Showers." Bob Scharf, another guest performer, received a great ovation for his Al Jolson impersonations of "I'm Sitting on Top of the World" and "California, Here I Come." Clamouring fans finally brought out two brilliant but shy pianoforte geniuses, Dick Hedstrom and Henry Dixon, whose antics even more than

BROWNIES HAVE VALENTINE TEA

Delightful Affair at East End School Saturday Afternoon

The basement of Conrad Street School, decorated with the Valentine motif, was the setting Saturday afternoon for the Valentine tea of the Conrad Street Brownie Pack. In spite of blustery weather there was a splendid turnout of mothers and friends to make the affair a success.

The little girls in their uniforms and red heart aprons were efficient hostesses as they met the guests, conducted them to tables and waited on them. Servers were Heather Stephens, Glenys Owens, Eileen Peterson, Carol Anderson, Donna Kelly, Nancy Lund, Norma Haan, Judy Lloyd, Francis Leeson, Kitty Ann Davidson, Mitz Van Pykstra, Marion Smith, Ellen Roper, Della Haig, Betty Newton, Barbara Marinou and Fay Trudeau.

Acting as cashiers were Georgia Bateman, Sylvia Bellis, Matilda Marki and Margaret McFarlane.

An informal program, arranged by the Brownies themselves, was appreciated by the guests. Of special interest was the tap dancing by tiny Anna Colussi.

Other items on the program included vocal solos by Barbara Marineau and Betty Newton, recitation by Jean Currie, piano solo by Anne Eyoifson, guitar solo by Arlene Johnson, duet by Barbara Ball and Beverley Hunter, piano solo by Marion Smith and a duet by Patsy Wilson and Anne Eyoifson.

Also contributing to the success of the afternoon tea were Brownies Mary Storrie, Luella Leeson, Jean Currie, Nathaleen Patterson, Geraldine Wilkins, Annette Desautels, Lucille Des-

comedy piano act, delighted everyone. Dancing continued until 1 a.m. The artistically-hung red and white streamers and the dainty decorated hearts covering the walls, were the work of St. Peter's Y.P.A. president, Diane Kennedy and Mildred Furunes.

MUSTARD BATH
Three or four heaping tablespoons of dry mustard dissolved in a full tub of warm water is an effective steam bath, inducing perspiration without the discomfort of hot water.

COST LESS TODAY than in 1939
GENERAL ELECTRIC LAMPS
Here is a household necessity that hasn't gone up in price. During the war and post-war years of rising prices the cost of popular types of G-E Lamps has been reduced by 20 to 25 per cent.
Not only have prices been greatly reduced but quality has been improved. The light output per watt is now greater. You can be confident that when you buy G-E Lamps today, you buy more light, for less money, than in 1939.

JIM WEST SAYS
... About Social Democracy
Now that the Communists are being spotlighted pretty sharply in Canada and the United States, you hear people who used to be plain Socialists calling themselves "Social Democrats."
I could understand what a Sociable Democrat was, but if a Social Democrat is supposed to be the same thing as a Socialist Democrat or a Democratic Socialist, then I'm stumped.
Because it seems to me that if you are a Socialist you must believe in the Government owning just about all the machinery of production, the banks and financial institutions of the country, the transport system, communications, etc., and so on as per Karl Marx, Sidney and Beatrice Webb, Bernard Shaw, Coldwell, etc. If you don't believe that, then you couldn't be much of a Socialist.
Well, if you do think the State should own and run all those things, then you must figure that the State will be the Big Boss, the one employer, the main push and that if we each want to get along as a little cog in the machine, then we'd better not try to say that the clique running the State aren't doing a good enough job and should be tossed out. As a matter of fact, we'd better be as quiet little cogs as we can possibly be and not squeak, at all.
That's what happened to all the little cogs in Russia, in Germany, in Italy and everywhere else where the State runs everything.
In fact, where the State is the Big Boss, democracy dies. That's why a Social Democrat is a weird idea... a sort of Political Whosis and more the name of an idea than something that could actually exist.
"Jim West Says..." is sponsored by the British Columbia Federation of Trade and Industry. W-17
