Seven Provinces Ask For Review of Rate Increase

Flash Must Become Stronger Or Face Failure He Declares

FLOOD FUND SUBSCRIPTIONS table with names and amounts.

OTTAWA (CP)—The cabinet was asked yesterday to hold up application of the latest freight rate increase and to hear the appeal against it and two previous increases.

Seven provincial governments, after losing the newest round in the long battle before the Board of Transport Commissioners, threw the whole issue into the Government's lap.

Under appeal were the two increases of eight per cent imposed as one 16 per cent hike March 1 and the new one of 3.4 per cent awarded last week.

OTTAWA (CP)—Canada's Air Force today launched a drive to fill its reserve ranks with 600 trained pilots a year to be used as flying instructors or staff pilots in the event of a national emergency.

In its drive for manpower the R.C.A.F. has offered to give a bonus of \$100 to each Air Force veteran chosen to undertake training after completing 20 hours in the air and 20 hours ground school work.

REDS LOOK ON COPENHAGEN—Three modern Russian trawlers showed up yesterday in Skagerrak, broad channel between Norway and Denmark.

GOVERNMENT UPHELD OTTAWA—Parliament yesterday by 140 to 31 rejected a Progressive-Conservative motion calling for a royal commission with a view to obtaining economies in government expenditure.

COMPLETING P.G.E. VICTORIA—Tenders for the completion of the Pacific Great Eastern Railway into Prince George will close June 12 so that work on the remaining 40 miles may proceed this summer.

ARMY COMMAND OF FLOOD ENDS WINNIPEG (CP)—The armed forces at 8 a.m. tomorrow drop their control of flood fighting and relief work in the Greater Winnipeg area.

HOLIDAY LOSS OF LIFE STAGGERING CHICAGO (CP)—The United States counted its staggering record death toll—far above the over the four day Memorial Day week-end.

A country-wide survey showed 547 violent deaths. There were 330 people killed in traffic accidents; 92 persons were drowned and 125 others lost their lives in violent accidents.

FOLLOWING WERE ELECTED AS EXECUTIVES FOR THE PRINCE RUPERT CREDIT RETAIL GRANTERS ASSOCIATION:

President—Norman Baker Vice-president—R. H. Parker Second Vice-president—A. S. Nickerson Secretary-Treasurer—Mrs. C. Laurie

A committee of Earl Gordon, John Bulger and H. F. Brown were appointed to draft by-laws. No meeting date of the organization was set.

CONFIDENT THAT SOMETHING WOULD COME FROM renewed agitation for the federal financing of an air field on Tugwell Island to serve Prince Rupert was expressed by T. Norton Youngs in reporting to the Prince Rupert Chamber of Commerce at its meeting Monday night.

These Canadian soldiers, while touring Hawaii, met up with one of countries best known products, the pineapple. Fifty five of the visitors, here with the Canadian cruiser Ontario, toured Hawaiian Pine's cannery and were guests of the company for lunch.

WASHINGTON D.C. (CP)—Reporting on the recent cold war strategy talks in London, Secretary of State Dean Acheson said today that the western powers have reached "another time of decision" in which they must either strengthen their North Atlantic Treaty and western European partnerships or falling backward into "total failure."

THE TWELVE ATLANTIC TREATY foreign ministers, including himself, Acheson disclosed, did not say anything at London which indicated any immediate threat of war.

State Secretary Dean Acheson told Congress yesterday that the growing power of Russia can only be met by organizing the military might of the West into "balanced" collective forces.

He pledged his own nation to the defence of principles of democracy, freedom tolerance and social and economic justice at all costs and to resist aggression in any quarter from which it might come.

Mr. Liaquat Ali Khan paid tribute to Canada for its display of purpose in working toward the accomplishment of the aims of democracy.

GLASGOW (CP)—The Pope's crown may be lying among Spanish galleon treasures lying many fathoms deep in Scotland's Tobermory Bay, Island of Mull, the treasure hunting Duke of Argyll said yesterday.

The Duke is arranging this week for salvage of the Armada galleon, whose location has already been confirmed by the Duke's private investigators. The treasure may be worth \$50,000,000.

Clear skies were general over the southern regions of British Columbia during the night. A very weak disturbance moved into the northern coastal areas early this morning and will drift slowly eastward over the province in the next 24 hours.

A little rain fell on the Queen Charlottes and over Northern Vancouver Island but there is little likelihood of any appreciable precipitation over the southern coast or the interior. Afternoon temperatures will be a little higher than those of the past few days.

North Coast Region—Cloudy today clearing tonight. Occasional light rain or drizzle this morning. Mostly clear Thursday. A little warmer. Winds southerly (20) in the exposed areas of the Queen Charlottes today decreasing to light this evening. Light winds elsewhere. Lows tonight and highs Thursday—At Port Hardy and Sandspit, 45 and 55; Prince Rupert 45 and 60.

Britain Changes Wheat Agreement

LONDON (CP)—The Ministry of Food announced last night that Britain will buy wheat from Canada in the 1950-51 season under the International Wheat Agreement, ending the bilateral buying arrangement of the last four years.

The ministry statement said both governments agreed in London talks last week that the International Wheat Agreement, which sets maximum and minimum prices for wheat and guarantees Britain a quota drawn from Canada, the United States, Australia and France, removes the need for a new contract to replace the Anglo-Canadian wheat agreement which expires at the end of the month.

Jumbo's Progress

Total ticket sales in the Jumbo halibut guessing contest for Manitoba Flood Relief were reported this morning as over \$200, including \$48.61 collection donated by the baseball association last night.

Last night he took in the ball game at Roosevelt Park. Today he met the steamer Prince Rupert when she docked here.

Jumbo's manager, Jim Allison, has paid high tribute to the Navy boys here who have kept Jumbo's ice bath in good condition so that he does not become an odiferous neighbor.

Counterfeit Bills Seized in Toronto

TORONTO (CP)—Two seamen were arrested and more than \$20,000 in counterfeit money seized today by police in a raid on a downtown hotel.

"Bills are the same as those printed by the counterfeit ring with headquarters at Buffalo," F. C. M. P. spokesman said. "This ring is now smashed, but there are a number of Canadian agents still loose." Police said the bogus money was earmarked for the Manitoba flood areas and other western cities.

Red Riot Threat Along West Border

FRANKFURT (CP)—The violence avoided in Berlin's Communist Whitsun rally threatened along West Germany's borders today as more than 10,000 pro-Red youths flocked home from the east.

At Lubeck police were stoned as 7,000 blue shirted members of the Communist led free German youth refused to take the medical examinations ordered by Western frontier guards.

House Rejects C. Proposal

By a vote of 121-49, the House of Commons today rejected a Progressive-Conservative proposal for the formation of a Royal Commission to seek new ways of reducing federal spending and eliminating overlapping of services.

All Stars Hold 4-4 Tie

The British Columbia All Stars held the United States All Stars to a 4-4 draw in an exhibition soccer tilt last night. The visitors twice came behind. All their scores were made by Johnny Hancock.

Victorians Still Prefer No Taverns

VICTORIA (CP)—This staid city yesterday decided against beer parlors for the fourth time since 1924. More than half of the 30,000 eligible voters were out to vote 11,099 against and 8,666 for.

CANADIAN SOLDIERS' TOUR OF HAWAII ENDS IN PINEAPPLE CANNERY — These Canadian soldiers, while touring Hawaii, met up with one of countries best known products, the pineapple. Fifty five of the visitors, here with the Canadian cruiser Ontario, toured Hawaiian Pine's cannery and were guests of the company for lunch.

Two Requirements

A PATHY and the "gimme" frame of mind have been cited by two recent speakers in Prince Rupert as danger signs pointing to defeat of our democratic way of life.

Both speakers are in prominent stations in public life and are in no position to bandy opinions about lightly. They have looked into the subject thoroughly and come forth with considered opinions.

Both have called for an expenditure of initiative and effort to continue progress toward a better life. Both have warned against placing more than minimum demands on government for expenditures of public funds.

These are points well worth considering. They are points on which all can help through instilling into young minds the basic satisfaction of practising thrift and the joy of accomplishment.

SIGN OF DEMOCRACY

NOT so long ago some people were commenting that, although the western nations opposed Communist dictatorship, they were supporting virtual dictatorships in Turkey and Greece.

The Christian Science Monitor observes that there is considerable evidence that the political opposition at least gets to vote in Turkey and that the votes are counted; for it has just thrown out of office in a surprising landslide the government of President Ismet Inonu, who inherited power from Kemal Attaturk and has served three four-year terms in office.

Just a few weeks ago, also, Premier Sophocles Venizelos of Greece, under American pressure, gave way to Gen. Nicholas Plastiras, moderate left-of-centre leader who had won major support of the Greek people at the polls in early March.

In the Turkish elections a large majority of parliamentary seats was won by the Democratic Party, formed only five years ago and headed by Celal Bayar. The choice is said to have turned entirely on internal issues, particularly economic discontent, and does not affect the nation's guarded attitude toward Russia.

The Soviet Government has made much of its "democratic" constitution and of the "people's democracies" it has established in satellite countries.

A pretty good test of whether a country has democratic government is whether its people can change their officials when they want to. Greece and Turkey have shown that they can.

Only when the authorities in the Kremlin are willing to give that opportunity to the people of Bulgaria, Rumania, Hungary, Czechoslovakia and Poland, not to mention Russia itself, will they begin to have a right to us the word "democracy."

RED RIVER PROMISE

IT was natural enough when leaden skies hung over the Red River Valley and an inland sea spread to the horizon instead of the level, fruitful plains to struggle from giving way to despair.

Blessed with bravery and rare fortitude must have been these Manitobans who, watching the reward of a life's labor destroyed or shattered, still hoped for the best and resolved, no matter what, to set an encouraging example and strengthen the hearts of dejected neighbors.

When families, next door to panic, had to flee from home at a few minutes notice; when loved ones were scattered, when anxiety became acute and illness increased, and normal life seemed to have turned suddenly into a cruel and evil dream, how could so many refuse to take for granted that they were ruined? But, perhaps they were not. The relentless Red has at last shown mercy and warm sunshine instead of unclean water is flooding the land from which thousands had been driven.

It is easy enough to lightly say "perhaps not." Nevertheless, when sorrows, confusion and hardships become somewhat modified, and one feels the caress of sunlight rather than the chill of rain-filled clouds, it is less difficult to appraise the true situation, and discover, despite worst misgivings, that the Red River Valley will again be a place of happiness and progress. This, at any rate, will be the prayer of Canada.

As I See It

By ELMORE PHILPOTT
ATOM WEATHER?

A FEW MONTHS AGO in this column I registered my hunch that the atomic explosions had helped to upset our weather. At least one contemptuous gentleman wrote to the paper ridiculing that guess.

He figured that my political comments must be as far off the beam as my atomic hunch.

Well, I was never alone in that hunch — for a few score other millions shared it. At least one laconic Chinese Canadian explained the freak weather with a brevity that put my wordy effort to shame: "Unusual weather, isn't it Mr. ..."

"Atomic bomb" was the terse comment, not meant to be funny.

NOW COMES AT LEAST ONE high authority who agrees. The Toronto Star Weekly for May 13 says editorially:

"The view that the explosion of uranium bombs has caused wind and climatic changes lasting several months over very wide areas is accepted by at least one Canadian meteorological authority. The vagaries of the world's recent weather may be partly explained on that basis."

THE FORCES OF NATURE are in delicate balance at all times. We who live near the Fraser river know very well that we get floods if the spring runoff is too long delayed. The same principle applies all through nature.

Something has happened in

the past few years to upset the weather all over the world. To millions of ordinary folks—and to at least one high Canadian scientist—there is a connection between the freak weather and the atomic explosions.

THE MOST INTERESTING thing about the long drought around New York city was the "seed" demonstration that it is possible to "seed" with dry ice to bring down rain or snow that never would fall otherwise.

But who is to decide where the moisture is to come down and in what quantities?

One county near New York had to get out the snow plows, long after the snow plow season, when the dry ice seeding process brought down several inches of snow in the wrong place.

WE QUEER HUMANS BOASTFULLY calling ourselves "homo sapiens" are surely among the cursedest creatures. We have developed lop-sided.

We have devised agencies so powerful that we literally can move mountains in the twinkling of an eye. But up till now we have prostituted our best scientists for mutual destruction.

With the energy and effort we shot away in World War Two we could have given every family on earth a new house to live in—fully paid for, and fully equipped.

According to the Bible, and other holy writ, man was created in the image of God, only a little lower than the angels. But there is no beast, not another creature, as mean and murderous to others of his own species.

Man has law on every level except where the lack of law is most suicidal—to rule on right and wrong between nations.

W. A. Armstrong is chairman of a committee of the Prince Rupert Chamber of Commerce which is making arrangements in connection with the reception of Grant McConachie, president of Canadian Pacific Air Lines, and important party who will visit the city July 1.

URGES STATEHOOD FOR HAWAII—Oscar Chapman, U.S. secretary of the interior, right, is shown as he urged statehood for Hawaii, and attacked as "nonsense" arguments that the territory should be barred from the union because it is a hotbed of communism. The cabinet member, shown with Gov. Ingram M. Stainback of Hawaii, testified before the Senate interior committee which is considering a bill, passed by the House, to grant statehood to Hawaii. Encircling Chapman's microphone is a Hawaiian "aloha" lei.

Show your confidence in Prince Rupert—

Invest in a sound local project.

NO MINIMUM LIMIT

WHERE SOVIET'S 71-BED FAMILY RUFFLES GLEN COVERS—Leonid A. Morozov, first secretary to Russia's United Nations' delegation, recently rented this old J. P. Morgan estate in Glen Cove, N.Y., for the use of his "family" this summer. Recently 71 beds were being moved into it, much to the consternation of the local residents who have a restriction limiting each house to one family, to prevent would-be resort owners from purchasing the town's famous estates. It is believed that the estate will be used as a summering place for members of the Soviet delegations and consultates, etc., in the U.S.

James Mitchell, son of Mrs. J. P. Mitchell of this city and long identified with the teaching staff of West Vancouver High School, was seized with a mild heart attack recently when he was at his home for a time. This week he was able to resume his teaching duties.

Miss Beverly Nelson, teller at the local branch of the Bank of Montreal, is spending a three week holiday at her home at Ocean Falls.

It pays to advertise.

\$1525 Raised—

Cancer Fund Still Grows

Although the campaign has officially closed, contributions are still coming in for the 1950 drive for funds of the Canadian Cancer Society and Rev. Fred Antrobus, local chairman, reports the grand total has now reached the final total of \$1525.80. The original objective was \$1000.

The actual house-to-house canvassing ceased a week ago but some further splendid contributions have been received with which Mr. Antrobus is much gratified. There are but three expected sources still to be heard from.

Scout's Expenses Raised Saturday

Conrad Street School was the scene of a successful sale and afternoon tea Saturday when the Women's Auxiliary of Scout Group No. 2, assisted by the group committee, raised the funds necessary to send King Scout Magnus Eyoifson to the international jamboree to be held at Valley Forge, Pennsylvania, in June.

The hall was tastefully decorated with green and yellow, the troop colors. Tea tables were bedecked with spring flowers. Many friends called during the afternoon to patronize the affair.

START SCHOOL FOR BABY SITTERS—School for baby-sitters, probably first of its kind in Canada, has started in St. Catharines Ont. Anne Roland, left, and Sandra Stevens learn how to mix baby's formula. Girls asked for a course of six weekly lectures. Embryonic sitters, schooled to meet any emergency, are in pool which insists parents be home when they say they will. A public health nurse gives first aid instruction for emergencies that "sitters" meet.

Asked \$50 And Received \$100

George Ogston, president of the Associated Boards of Trade of Central British Columbia, asked the Prince Rupert Chamber of Commerce for a contribution of \$50 to assist the Associated Boards organization in meeting its financial requirements. The Prince Rupert Chamber has agreed not only to meet the request for a minimum contribution of \$50 but to double the figure and send \$100.

Mr. Ogston, in his communication to the local Chamber, requested at least \$50 from Prince Rupert and Prince George and \$25 from Vanderhoof.

W. J. Scott, member of the local Chamber and vice-president of the Associated Boards, felt that the \$50 would be inadequate and proposed the \$100.

The executive of the local Chamber will also draw up a resolution for submission to the Associated Boards convention to be held late in August in Prince George with a view to drawing up a more adequate plan of financing of the Associated Boards organization.

G. A. Cowan of Los Angeles, who happened to be in the city last Wednesday during the Kinsmen's Club's Victoria Day celebration, took some interesting press photographs of the parade. One of them which turned out very well was that of the Boy Scout float with three Scouts standing at salute. The picture which has been received at the Daily News office will be available for the first of these boys who calls.

6,000 PARTICIPANTS IN OTTAWA MUSICAL FESTIVAL—Ottawa music festival, highlight of the year, runs for six days, will have 6,000 taking part. Young man with a horn is Gordon Nichols, Ottawa, who took top honors in junior cornet solo competition. He only nudged out Patsy Phillips, left, by one note, with score of 169 to 168.

SUPPLIERS IN POLICE COURT

In city police court Monday morning four persons were prosecuted for violating liquor laws over the week-end. Magistrate W. D. Vance handed out two \$50 fines to Mary Brown and John Seamore for supplying. Both also paid \$3.50 costs. Queenie Temple was fined \$25 and \$3.50 costs for being in possession of an intoxicant. A \$10 fine and \$3.50 costs was given to Rufus White, charged with being intoxicated.

Softball To Start Tonight

Softball will get under way at the Gyro Park this week with the Senior Division staging an exhibition opener this evening when Watson Island tackles the Rupert Radio & Electric team. The Rupert Radio have a strong team composed of ex-High School stars but the Watson Islanders are an unknown quantity. With eleven hundred men to choose from they should come up with some good ball and the fans should be treated to a first class opener.

Jr. Baseball Is Starting

The Junior Baseball League also swings into action this week with the following games scheduled, teams being designated by the names of their captains.

May 31—Young vs Wesco
June 4—Smith vs Sedgwick
June 7—Wesch vs Smith
June 11—Sedgwick vs Young
June 14—Smith vs Young
June 18—Wesch vs Sedgwick

Rained out games will be played at the end of all schedules.

Special Deal For Students

As an aid to many University students located here during the summer months, the Civic Centre announces that the organizations facilities are available to these people at a nominal charge of \$2. a three months' guest membership. The summer guest membership is valid from June 1 to September 15. The Centre also makes it clear that no membership privileges are available during the Carnival period, August 19 to 31.

And here is what is available for students at the Prince Rupert Civic Centre:

Common Lounge—where reading and writing materials will be available, including local and Vancouver newspapers and current periodicals. There are comfortable chairs and chesters, a piano for your pleasure.

Billiard Room—billiard, pocket

The whole terrible story of the Manitoba floods is graphically expressed in this photo of Andrew Dinning, an old age pensioner of Winnipeg, who is one of the thousands of flood victims. In ill health, with no money in the bank, he was forced to leave his home without any of his personal belongings. His tobacco pouch, his photographs, his clothes, even his razor, were all left behind. His only hope lies in the Manitoba Flood Relief Fund which has been established in Winnipeg to aid flood victims who lost their furniture and possessions. Donations are urgently needed and can be sent direct to the Fund in Winnipeg or paid into any Bank in Canada.

Shower Room—Four showers for your convenience.
Pool and table tennis.
Lobby Lounge—just for plain loafing.
Weightlifting Room—for the experienced only.
Workout Gymn—Badminton court, squash and handball court. Shuttle and balls obtainable.
Main Gymn—Basketballs available for a summer workout. There is also a boxing and wrestling ring.

Timely Topics from Terrace

Mrs. C. R. Newhouser, Terrace Reporter

Archdeacon Hodson Moving From Prince Rupert—Repairing Kalum Bridge

Archdeacon and Mrs. E. D. Hodson of Seal Cove, Prince Rupert, arrived in Terrace on Tuesday morning's train to make arrangements for coming here sometime in July to take over St. Matthew's Church which has been without a clergyman for over two years.

heavy duty Dodge truck and mill boiler for the local mill.

The Misses Edith Little and Mary Crawford, nurses in the Prince Rupert Hospital, are visitors in Terrace.

Chris Haugland left by car on Tuesday on a business visit to Smithers.

The body of Donald McCaulder was taken aboard Saturday morning's train for interment at Kelowna, his home town. Members of the Canadian Legion formed a guard of honor at the railway station.

Constable William Richmond of Burns Lake spent a few hours in town on Saturday on his way through from Prince Rupert where he took his medical exam.

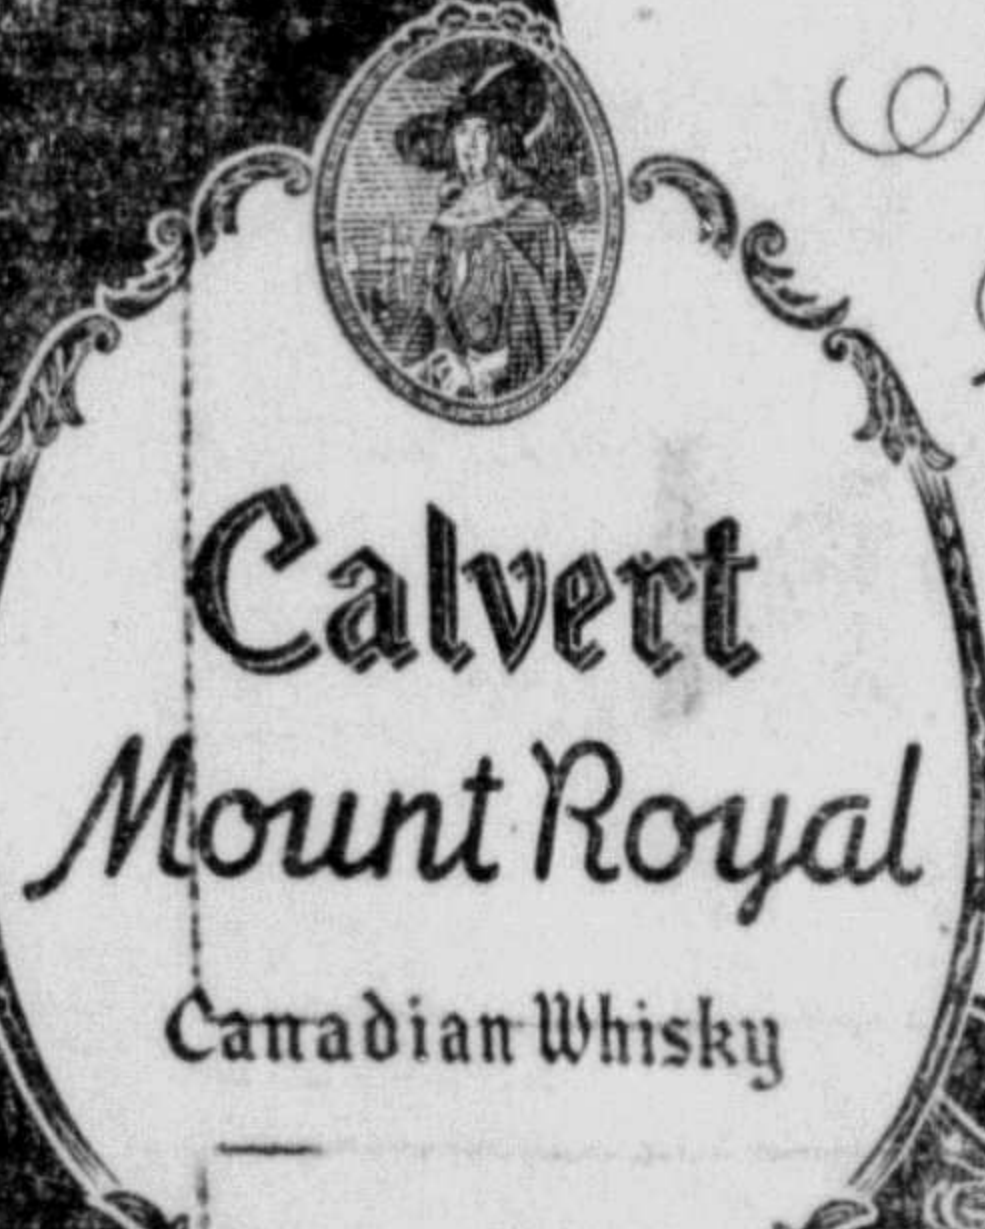

Mrs. McLaren left last week for the south where she will pay an extended visit with relatives.

The Hospital Auxillary's plant sale, convened by Mrs. W. Osborne, was an unqualified success although there were not enough plants to meet the demand. The gold fish were quickly sold but, there was no doubt about the turtles being the main attraction, as they were all soon sold and four times as many would have found willing purchasers among the young children.

Dr. and Mrs. K. M. McPherson, local dentist, left this week for Vancouver where the doctor will take his British Columbia examinations in dentistry. Mrs. McPherson and small daughter will spend the next few months in the south.

OUR STORAGE VAULT OPENS

Scuby Opens First Scientific Fur Vault Here

British Columbia's first fur storage vault, which will provide its official opening tomorrow afternoon and the people of Prince Rupert are expected to visit the new premises on Third Avenue.

The new fur storage vault, which will provide modern facilities for the storage of furs, was constructed by Northwest Construction Ltd., and the electrical fixtures with the latest in modern design incandescent lighting and the latest type freon gas driven blower type freezer to insure all furs against dampness and heat.

An artist's drawing of the smart new Bill Scuby Fur Vault, showing the modern architectural design and extra heavy plate glass windows.

plate glass windows and the entire structure is set off the street allowing for the completion of a grass and rock garden front.

SPECIAL NEW PICK-UP SERVICE

The Bill Scuby Fur Cold Storage has recently purchased a brand new 1950 Suburban type Plymouth to handle the pick-up and delivery of furs for storage and repairs. This smart new Plymouth was supplied by Rupert Motors Ltd. of Prince Rupert.

BUILDING ACTIVE IN THIS SECTION

Another indication of the trend eastward along Third Avenue of the city's business section is the establishment of Bill Scuby's fur vault. This particular area has been scene of continued new building activity during the past year or so. Just across the street now, construction of the new Daily News building is proceeding apace. Work on the new Famous Players-Canadian Corporation Totem Theatre, presently deferred, should be getting under way again before long.

Bill Scuby— Demonstrates Confidence In City's Future

Bill Scuby, the proprietor of the new Fur Storage plant, like many other young men, came to Prince Rupert about four years ago, because he felt that the north country holds a great future.

Bill was born in Battle Creek, Michigan, but moved with his parents to New Westminster where he received his education. Being a very active athlete, Bill specialized in basketball for the Duke of Connaught High School

but lacrosse was his feature sport.

At the age of 15 Bill Scuby joined the famous Salmonbellies as their goalie and became the youngest player ever to enter senior competition in lacrosse. He was the leading goal tender in Western Canada for many years and played in three Mann Cup finals. He was named to the Canadian All Star lacrosse team during the height of his sports career.

Mr. Scuby received many years of training in the raw fur and retail and manufacturing business under the Western Canadian Raw Fur Auction Sales and Pappas Furs, Vancouver.

Bill came to Prince Rupert in 1947, having seen the opportunities here for a young man. He opened the Bill Scuby Furs on 3rd Avenue as a temporary location but later moved to his present retail store with its roomier and

more modern quarters at 302 Third Avenue.

And today Bill Scuby is opening a modern new fur storage building to provide a complete fur service for the citizens of Prince Rupert and the whole northwest.

FUR TRADE IS BIG BUSINESS

The annual fur trade in Prince Rupert has been estimated at \$200,000 but some authorities think this to be a rather conservative figure. In any case, it is a valuable source of revenue to numerous trappers in the area. Bill Scuby, in addition to engaging in the selling and servicing of furs from the retail standpoint, is also active in the raw fur buying business.

Good Luck

SPORTS

Baseball— Clothiers Win Over Hotelmen In Opener

In the season's Senior baseball opener, Jack Sharpe crossed home plate in the fifth inning last night to win his own game for Abel and Odowes from Commercials. He scored the fourth run for his team to top the three the Commercials had piled up in the bottom half of the fourth inning. Two more runs in the same inning gave Abel and Odowes a seven-inning 6-3 victory.

Jumbo was at the game in all his glory. Many tickets were sold to guessers of his weight. In addition, the baseball association turned over the entire receipts from the collection at the game to the Manitoba Flood Relief Fund, a total of \$48.61. The game started well with Cleone for Abel and Odowes allowing only one hit in the first three innings. However he slipped in the fourth to allow three hits. Don Hawryluk for Commercials allowed only two in the first four innings and five in the whole game. Things began to happen at the bottom of the fourth inning when Bruce Simundson hit. Sliding into second on a steal, a throw from Abel behind the bat to second base hit him on the head and bounced nearly back to the pitcher's box. It looked bad for Bruce but he was able to get up and finish the same as usual. Big brother Miner took a walk to first. Don Hawryluk then let go a liner over third base. Arney was not able to get enough of his glove and the throw beat him to first. Windle was tagged out by Abel trying to come home. Abel and Odowes came back with blood in their eye. Dahl took a base on balls and stole second. Arney hit to advance Dahl to third. Then came the play that upset the ball game. Sunberg popped up to first base on the first ball thrown. S. Sherk was well under it and Hawryluk had gone over to cover first. Arney had run when the ball was pitched and was near second base. It looked like a sure double play. But Scherker missed the catch. Dahl scored and Arney got to second. Sharpe made first base on a shortstop's error, went to second on an overthrow. Arney scored. A nice hit by Pavlikis brought the runners in, letting Sharpe score his own winning run. Cornwall flied out to right field. Dunbar hit. Abel was beaten to first when he hit to short stop. Lambie moved to first when he was hit by a pitched ball. Pavlikis and Dunbar scored. The side was finally retired, when Dahl, on the second round, flied out to left field. Commercials tried to come

back in the fifth, sixth and seventh, but, although they got men on base, failed to come through with the punch that drove them home.

Ray Reflects and Reminisces

It's five years since the Allies crossed the Rhine, and, with hysterical joy, the world hailed the approach of peace. This week, half a million young Germans, thoroughly impregnated with the poison of Communist hatreds, marched in Berlin. Is Hitler really dead?

It has been officially recommended that Cow Bay floots be reconstructed and an unloading pier be provided. Ever since there has been a Prince Rupert, Cow Bay, more or less, has been in the waterfront picture, sometimes in a controversial way. But its importance

has always been there. The late Capt. E. McCoskrie, for years harbor master, was a strong advocate of making a real bay of it and have a haven in the very heart of the city. He could see it coming.

Thirty thousand cases of apples have been shipped from New Zealand to Canada. Next commercial news note may describe the arrival of Norwegian halibut on the coast of British Columbia.

Announcement is made by the Federal Department of Mines that a program of photo-topographical reconnaissance is to be carried out in the unexplored areas of Yukon and Northern British Columbia. Exploring and picture taking would be much more simple and direct and tell just as much.

There's ample ground space in front of the Canadian Legion. There's room for the parking of cars, for lawns and gardens and walks. And on the other side of the long building, directly overlooking what is a superb vista, there is opportunity as well. A start has already been made for the more convenient accommodation of cars and it's none too early.

Hansard, the daily record of what is said in Parliament, has been making rather smart reading lately. If not exactly spicy, it is certainly pungent. It's all about which route to the coast the proposed pipe line from the gas and oil fields of Alberta should take. Some speakers sound the note of dire warning should it even touch American territory. There are accusations and bitter conclusions. One would think the devil himself lurks there.

There probably has never been a time, on this continent, when there were more fires of disastrous character than what occur now. And never before, in

WILL TRY, FOR SECOND TIME, TO SWIM THE ENGLISH CHANNEL—Surrounded by cowboys, Shirley May France, 17-year-old high school girl from Somerset, Mass., who failed in an attempt to swim the English Channel last year, is shown pulling off her cowboy boots before going into Lake Texoma, near Denison, Texas, for a work out. Shirley is spending two weeks at the Texas lake, in training for her second try at the English Channel this summer and second attempt to break fellow American Getrude Ederle's 1926 record of 14 hours, 31 minutes.

CARDINAL VIRTUES

The seven cardinal virtues are faith, hope, charity, prudence, fortitude and temperance and justice.

all likelihood, has more gasoline, more oil, more paper and other inflammable goods been turned out in such vast quantities.

Comparatively few Canadians won big money in the Irish sweep, although \$77,000 captured by the Harper couple in Woodstock, Ontario would be reckoned a respectable sum by most of us. Why can't we stage the odd sweep now and then in Canada? Ah? That would be sin.

Some visitors to the British Isles are returning home having, for the first time, concluded a deeply interesting sojourn. Before going over, they were quite certain they knew something about the war. They only thought they did.

Backing For Hotel Urged

Frank Kafel Might Do Other Things for Prince Rupert

If Frank Kafel, dynamic Toronto and Vancouver financier, who has become interested in the establishment of a modern hotel at Prince Rupert and is the moving spirit in the Charles M. Hays Hotel project here, is encouraged in retaining that interest here, other benefits may accrue to the city. So declares Ed. Kellner, well known British Columbia mining man, who is in the city with Olier Besner on business in connection with the hotel project.

"The hotel may be but the first of other important and beneficial undertakings for Prince Rupert," Mr. Kellner predicted in an interview with the Daily News. "I have seen Kafel in operation not only in Canada and other countries. He is a man of action and tremendous enthusiasm and I have personal knowledge of many of his successful and enterprising projects. Prince Rupert people would do well to tag along with him."

Mr. Kellner said that Mr. Kafel was most anxious to see the hotel project here get moving quickly. It was reasonable that he should expect some local support. He had certainly met with opposition elsewhere but this had made him all the more anxious that the hotel here should be successfully consummated. "He is anxious that there should be a good, clear indication from the people of Prince Rupert now, not a year from now, that they want the hotel and are prepared to share in backing it."

It was Mr. Kellner who made the original contact between Olier Besner and Frank Kafel that resulted in the latter becoming interested in the local hotel project.

New Prince George Bridge Not Favored

On recommendation of its highway committee, the Prince Rupert Chamber of Commerce Monday night declined a request of the Prince George Board of Trade seeking endorsement of a resolution asking for the building of a new high level highway bridge across the Fraser River at Prince George. W. M. Watts, speaking for the highway committee, explained that the view had been taken that it was ill-advised to ask for major expenditure on a bridge such as was requested while highways generally were in need of improvement.

Officers Of Kinsmen Club

At a special annual meeting of the Kinsmen's Club of Prince Rupert at the Civic Centre Tuesday night, last year's President Ed Garner was re-elected to the presidency. Others elected were Vice-president Bill Long, Treasurer John Good, Secretary James Mellor, Recorder Bob Rudderham and Directors James Thomson and R. C. Barbour. The installation will take place after the summer recess.

Final plans were made for delegates to attend the regional Kinsmen Convention in Nanaimo June 3, 4 and 5. Local representatives will be Ed Garner, R. C. Barbour, William Long, R. E. Montador and James Thomson as voting delegates and Stan Saville as alternate.

Chairman Stan Saville of the May 24 ticket committee reported that the net profit from the sale of memberships would be just over \$1500. Ray McLean of the dance committee reported a net profit of \$452.97. Concessions chairman Harry Swaffield reported there would only be a slight profit from sale of food, etc., due to the hundreds of free ice creams and hot dogs given away to the youngsters at the Sport Day.

Variety Concert Well Presented

Saturday evening over 200 parents and children attended a variety concert at Conrad Street School. The impressive affair was a financial success and raised \$50 for Manitoba Flood Relief.

Speaking and singing parts in the operetta "Hansel and Gretel" were well performed, indicating that for one hour the children were living their parts.

Scenery and properties, made by the children, added to the effectiveness of the operetta. One scene, in particular, where the fairies danced around the sleeping children in the moonlit forest, was outstanding.

Following the concert numbers, F. E. Anfield, Boy Scout district commissioner, on behalf of the Kinsmen Club, presented the Kinsmen and Cub troops for their float in the May 24 parade. R. Cameron presented Cub Lorne Murray with a lovely hand made leather belt for meritorious work done. A second prize was given Ralph Sykes for his efforts.

The short, tuneful and colorful operetta "Under the Windmills" ended a pleasant evening.

The program follows:
Operetta—Hansel & Gretel
Hansel—Jimmy McLean
Gretel—Maureen O'Leary
Mother—Caroline Newton
Father—Colin Sherry
Fairies of Evening—Aina Carlson, Betty Sykes, Diane Perch, Anna Colussi

TIM-BER-LOX
Protects Paint from Peeling and Blistering

A Penetrating Sealer and Paint Mix

Tim-ber-lox is a clear liquid made from the finest, toughest resins and water repellent oils and is used as a thinner for oil based paints or as a clear primer before painting or varnishing.

OUTSIDE PAINTING
In order to secure a good paint job it is first necessary to secure a good ground or prime coat. It is in this prime coat that the addition of Tim-Ber-Lox to paint is highly recommended. Paint with Tim-Ber-Lox adheres, has superior penetrating and sealing qualities which provide a reinforced foundation against moisture and helps prevent the peeling and blistering of succeeding coats of paint.

PLYWOOD
A single application of Tim-Ber-Lox will prevent separating, buckling, surface checking and will eliminate "Grain Raise", leaving the surface smooth and uniform for subsequent coats of varnish or paint. It costs no more to use Tim-Ber-Lox—as Tim-Ber-Lox replaces the prime coat of paint or acts as a varnish undercoat where plywood is later to be varnished.
