Bus Service to Prince Rupert Sought by Terrace

Board of Trade to Survey Housing Needs—
Prince Rupert Air Strip Favored

TERrace—The Terrace and District Board of Trade have decided to sponsor a petition for a daily bus service between here and Prince Rupert but de-against sponsoring any particular bus line. It was felt, was up to the Public Utilities Commission to whom the completed petition will be sent covering letter asking for bus service leave Terrace on the morning and return to the coast in the evening.

At a meeting of the board held in the Credit Union on Wednesday night, Mr. Norrington presiding, the board on the Housing Commission. S. G. Kirkaldy stated some correspondence had taken place concerning the National Housing Act. The Central Mortgage and Loan are awaiting the zoning bylaw before doing anything here. In the meantime all those interested in building through the NHA are being asked to submit their names to Mr. Kirkaldy who will supply the forms and questionnaires which must be filled out.

A letter will be sent to the ministers of public works with a copy to Hon. E. T. Kenney placing before them the problems of the district and, in particular, the straightening of the highway at the northern approach of the Skeena bridge and the paving through town.

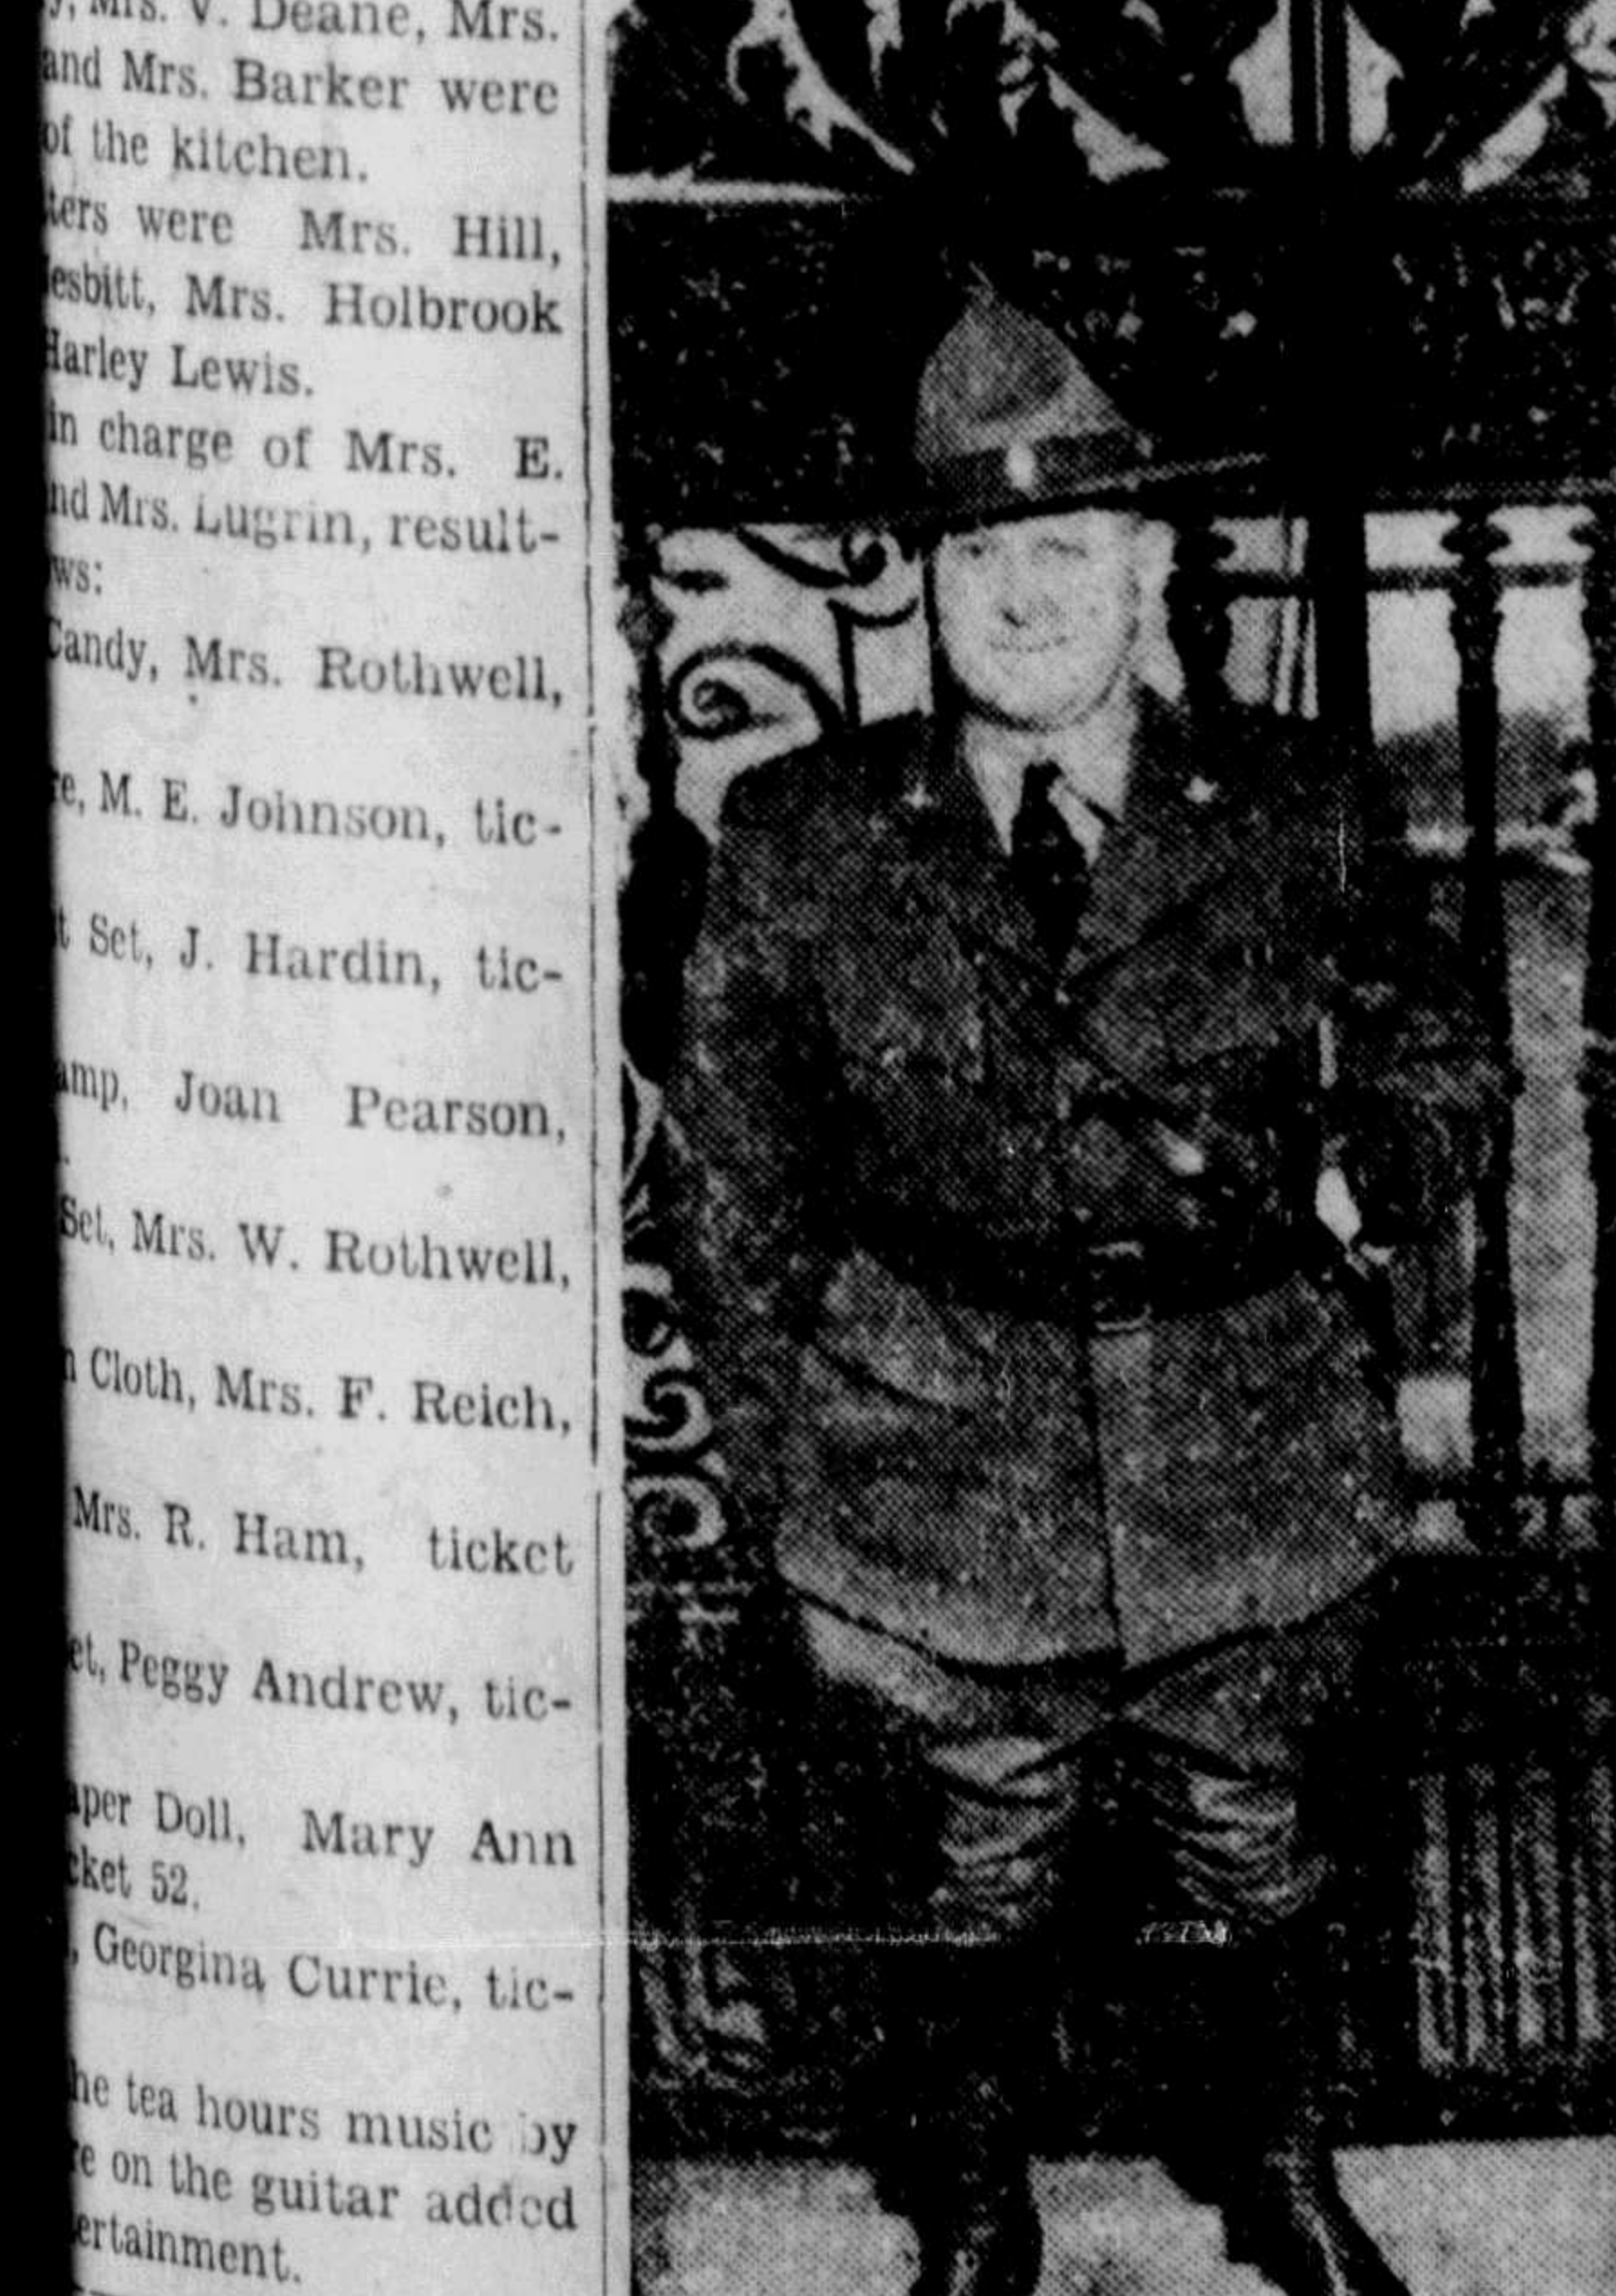

A letter will be sent to the radio division, Department of Transport, Ottawa asking for action on radio interference here as satisfaction cannot be gained from the B. C. office. A copy of this letter will be sent to E. T. Applewhite M. P. The Associated Boards of Trade resolution for an air strip at Tugwell Island Prince Rupert which will make possible an air line between the coast and Prince George will have the support of the Board at the proper time.

A request that a night operator be installed at the Terrace station will be sent to Superintendent C. A. Berner and a request for a mail box to be placed at the station will be sent to the Postal Department. Another request to be sent to the Public Works is for a daily report on the condition of the Highway.

New members welcomed to the meeting were Martin Miller and Alan Campbell. Following a lengthy meeting Mr. George Peters showed two films both of Prince Rupert, one of Nelson Brothers Salmon canning.

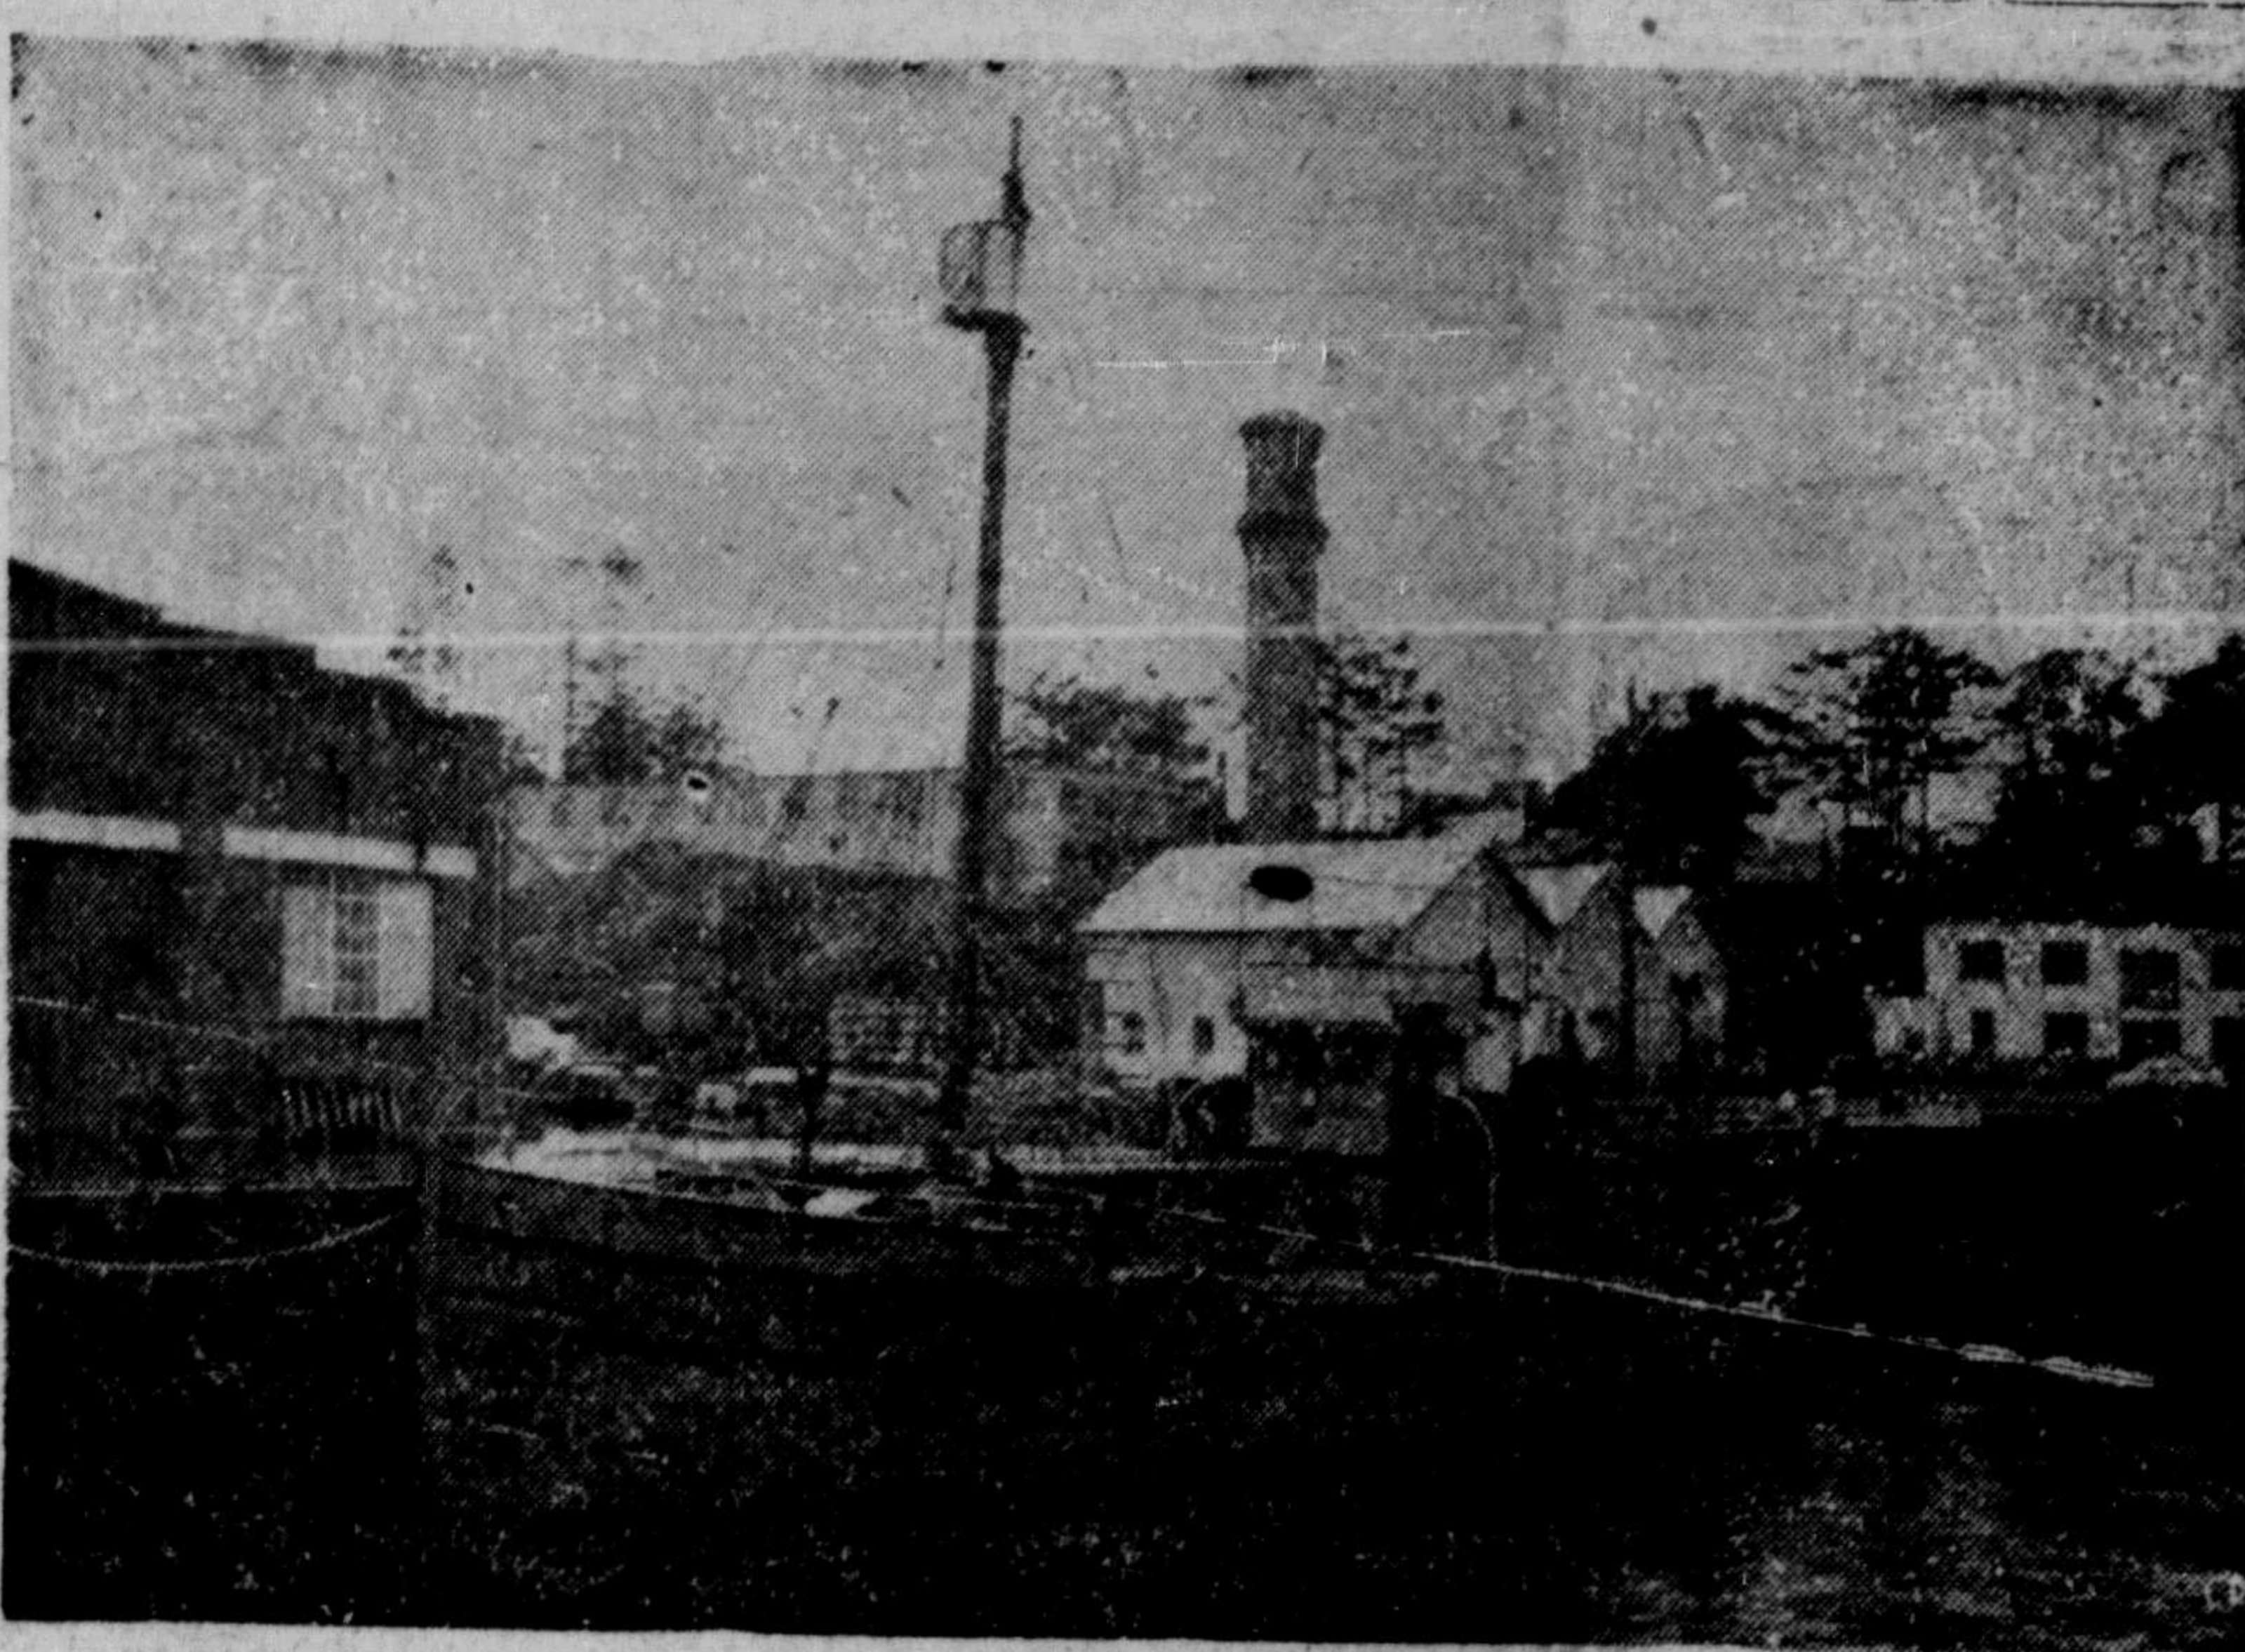

Refreshments were served by a committee headed by E. S. Sargent.

B. C. POLICE DISAPPEARING—The British Columbia Provincial Police, organized in 1858 and the oldest provincial force in Canada, soon will disappear. The province signed an agreement under which Royal Canadian Mounted Police will take over. Here Corporal P. B. Smith, left, and Sergeant O. L. Hall are on guard duty as a session of the B. C. Legislature prorogues. It probably was the last time the provincial forces will handle such a function. Both Smith and Hall were formerly in Prince Rupert.

Canada Yields Bases On Atlantic

CIRCLING CONTINENT—The R.C.M.P. vessel St. Roch expects to be the first to circle the North American continent. The St. Roch, which has made the trip through Arctic waters from Vancouver to Halifax and return, left Victoria yesterday for Halifax. Most of the 14-man crew under Inspector K. W. N. Hall are from Halifax. Built at Vancouver in 1928, the St. Roch is 103 feet long with a 23-foot beam, has a displacement of 80 tons and is powered by a 300 horsepower heavy-duty engine. She has visited Prince Rupert. (C.P. Photo)

Stellars Win Western Title

VANCOUVER, (C)—Winnipeg Stellars, a great competitive team, came from behind last night in the third quarter to win the Western Canada junior basketball championship with a 54 to 46 decision over Vancouver Y.M.C.A. Winnipeg had won the first and third games of the best of three series.

Outthusted during the first quarter, the Stellars could not find the range as they trailed 13 to 9 at the start of the second. The Stellars then, however, began to look like the compact club they are, during early in the third quarter and went ahead from there.

Peter Adlem, Miss Margaret Tait, Miss Enid Ball and Miss Jean McDowell are local school teachers sailing by the Prince Rupert tonight for the south to spend Easter. F. R. Wright and R. D. Cleland will leave by plane Saturday. Also leaving on Saturday's plane are John G. Moe of Ocean Falls, Mrs. Jean Singer of Massett and H. F. Noakes of Terrace.

ALBERTA SESSION COMES TO CLOSE

EDMONTON (C)—Hon. J. J. Bowlen, Lieutenant Governor of Alberta, last night prorogued the third session of the eleventh legislature 42 days after it had opened.

B.C. Makes Gift To Newfoundland

ST. JOHN'S Nfld. (C)—A friendly gesture from British Columbia was warmly received in the Newfoundland Legislature by Premier Joseph Smallwood yesterday. Canada's most westerly province presented Canada's most easterly province with a golden mace.

The presentation was made by Hon. Herbert Anscomb, British Columbia's deputy Premier and minister of finance.

Westminster And L.A. Lead

VANCOUVER, (C)—New Westminster, in the north, and Los Angeles, in the south, today held two to one game leads in their respective divisions in Pacific Coast Hockey League play-offs. The Royals, winners of regular league play in the north, had a tough time subduing the Vancouver Canucks 4 to 3 last night. Los Angeles goes to San Diego tonight and New Westminster moves to Vancouver.

THE WEATHER

Synopsis
Skies were still cloudy over most of British Columbia this morning although clearing was expected during the day along the coast. A cold outbreak of arctic air spilled over the mountains into British Columbia during the last twenty-four hours and extended as far south as the Cariboo. Frequent snow flurries and temperatures in the twenties are the rule in the cold air.

The large storm centre just off the coast which has been affecting our weather for the last twenty-four hours was beginning to move southward this morning with resulting improvement in coastal weather conditions. Another small disturbance developing in the American northwest will cause continued cloudiness and showers over the southern interior.

Forecast
North Coast—Region Cloudy today and sunny tomorrow. Little change in temperature. Winds—Easterly (15 mph) lows tonight and highs tomorrow—At Port Hardy—35 and 47, Sandspit and Prince Rupert—37 and 48.

Conciliation In Progress

Case Between City of Prince Rupert and Firemen Being Heard

Arbitration proceedings between the city of Prince Rupert and the Fire Department began in City Hall yesterday as a conciliation board of H. K. Bate, chairman, Mrs. Norah Arnold, representing the city and M. O. Howell of Vancouver, representing the firemen, heard and discussed a brief presented by J. Ewart, on behalf of the firemen. Solicitor T. W. Brown is acting as spokesman for the city.

The brief explained the branches of firefighting, qualifications needed by firemen, fire gases encountered, the cost of living differential and requests of a change in vacations, superannuation and service pay.

The city is presenting its brief today.

The firemen compared their wages with wages of firemen in other B. C. cities stating that the cost of living here is 15 per cent higher than in Vancouver and that they are only asking for an increase with this and other circumstances in mind.

A graph was produced illustrating the trends in wage scales since 1924. The firemen, they said, have been receiving much lower wages than plumbers, carpenters or electricians over the years since 1924.

The fire fighters are requesting a wage increase of 15 per cent across the board, pay or time off in lieu of statutory holidays, \$5 a month bonus after ten years' service and increased contributions to the superannuation fund.

Divorce Grounds Stay Unchanged

OTTAWA (C)—A private member's proposal that grounds for divorce in Canada be enlarged ran into an almost solid wall of opposition in the House of Commons yesterday. The proposal was made and then withdrawn by David Croll (Liberal-Toronto-Spadina). He made the withdrawal after hearing a cross-section of members' views from different party speakers and from different parts of the country.

Flash United States Takes Control

OTTAWA (C)—Canada has accepted full United States military control of three of the most important armed forces bases on the Atlantic Coast, informed quarters said today but moderation of certain civilian privileges possessed by American troops stationed at the bases in Newfoundland is expected to result from decisions by the two governments within the next few months.

Charges Are Lies

WASHINGTON D. C. (C)—Owen Lattimore, accused by Senator Joseph McCarthy (Republican-Wisconsin) of being Russia's top spy in the United States, swore today that the charges were "base and contemptible lies."

Lattimore, an authority on Far Eastern affairs, made his denial in testimony prepared for the Senate foreign relations subcommittee investigating McCarthy's charges that Communists and Red sympathizers have infested the State Department.

Lattimore flew back to Washington from a United Nations mission in Afghanistan after McCarthy had made his accusations.

Defeat Alaska, Mohawks Back

After a clean sweep of five wins in their Alaska series, three at Ketchikan and one at Metlakatla, the California-Mohawks will be back in Prince Rupert tonight for another game with the local Senior Jets whom they defeated twice last week. This gave the Mohawks 42 wins out of 45 games on their winter tour season. After leaving Prince Rupert they will complete the season at Powell River.

Injured Bank Man Has Sister Here

Allister Black, relief manager of the Market branch of the Bank of Montreal in New Westminster, who was shot by a bandit at the first of this week, is a brother of Mrs. H. M. Whitman of this city. He is regularly with the main branch of the Bank of Montreal in New Westminster. Latest reports were that Mr. Jack's condition was fair. Mrs. Whitman is at present visiting in the south.

U.N. BUILDING ALMOST READY FOR USE—This striking view of New York's United Nations secretariat building, which is practically ready for occupancy, shows the towering skyscraper moment to peace, through rows of steel posts which could be taken for graveyard markers. The posts are being driven into the ground for new buildings and a roadway that will form the approach to the building.

Let's Get Started

ONCE AGAIN A HOUSING SHORTAGE is developing in Prince Rupert. In fact, it is already here. To find rental living quarters is very difficult. Even the number of houses being offered for sale is shrinking in a seller's market. Lack of housing is keeping away from the city people who would otherwise come to Prince Rupert.

Federal government a few months ago set up a new scheme to keep prospective home builders who need financial assistance. Its terms appeared to be very interesting with possibility of application in Prince Rupert. Although the city sent its clerk south to hear about it, no action has since been taken, it appears.

The first thing required to be done locally is to ascertain the need for housing and determine the number of those interested in building under a government assisted plan. For this purpose, questionnaires are furnished.

It would seem reasonable, to suggest that there should be no further delay in undertaking the survey. Certainly nothing will ever be done if this simple preliminary is not even undertaken.

SOCIAL SECURITY

THERE ARE SEVERAL REASONS for present altered attitudes in regard to the need for Social Security. The crash of 1929, the depression of the hungry thirties, two wars in one generation, enough to try the stoutest hearts. The cost of living has gone up almost 60 per cent. The worker earns more dollars but his higher pay is eaten up to some extent, by higher taxes, higher costs of living.

There is a scramble for more public services. This is true not only of federal affairs, it applies also to provincial and municipal administrations. We want more service from stores and hospitals, we expect it everywhere we go. Costs go up and we do not want to pay. Some of us find it hard to make ends meet. We worry about the future. We turn to social security. But somebody also has to pay for that, too.

Victoria Report

by J. K. Nesbitt

Harold Winch's Memorable Speech—A Journalistic Institution Leaves

VICTORIA—Lost in the flood of arguing and bickering in the Legislature's dying days was one of the finest speeches Opposition Leader Harold Winch had ever made.

It dealt with the Canadian constitution and his ideas as to how it should be amended. It was obvious

he had given the matter much study and had heard widely. Mr. Winch is a polished orator with a natural born gift for words and fluency. Attorney-General Wismer was so impressed with the Winch speech that he asked for a copy.

Of particular interest were Mr. Winch's remarks about the Canadian Senate. It is worth quoting him on this: "Many people in Canada are coming to the conclusion that the Canadian Senate which now has far greater powers of obstruction than the House of Lords should be either abolished or reformed. The C. C. F. is in favor of complete abolition since the Senate has no place in a democratic state. It is highly questionable whether the Senate should be allowed to retain its veto power in decisions affecting the Canadian constitution which have such significance for the future of Canada."

"The situation is particularly serious because the Senate is rapidly becoming a completely one-party chamber. In event of a government or another political party taking office at Ottawa, any sharp conflict between the Commons and the Senate would reveal the indefensible power of the latter body. But apart from this consideration, it is axiomatic that the democratic system is rendered completely unworkable if decisions are to be made by people who are not elected but appointed. Many people are of the opinion that the Senate, in its present form at least, has outlived its usefulness. If we are to have the kind of amended constitution which the electors of Canada want, it would be well to leave a non-elected body out of the power of amend."

An institution has left the Press Gallery. Cornelius Francis Moriarty, for more than 23 years reporter of legislative proceedings for the Canadian Press is retiring on superannuation. He has been with C. P. in Victoria more than 40 years. Before that he barnstormed through Canada and the United States, working as telegrapher in big cities and whistle stops, "Morry," as everyone calls him, was honored by M. L. A.'s just before the session broke up. They presented him with a handsome traveling bag, for he's off to Toronto and New York and his native Boston to see some of his old haunts after these many years. Finance Minister Anscomb and Opposition Leader Winch made the presentation on behalf of their colleagues.

There was a great love feast the last day of the session. All the arguments, the nasty-name calling were forgotten. Premier Johnson and Opposition Leader Winch agreed Madame Speaker Hodges had done a splendid job and they thanked her for understanding and sympathy. Madame Speaker was touched by this and thanked the members. She said she knew she had made mistakes but would try to do better next year. Premier Johnson thanked Attorney-general Wismer for the wonderful way he piloted through a maze of intricate bills, especially hospital insurance. The Premier also thanked Finance Minister Anscomb for leading the House when he (the Premier) was away a week in London. And everyone, of course, wished Mr. Anscomb a pleasant trip to St. John's to present to the Legislature of Newfoundland a magnificent mace from the people of British Columbia.

And then away to their homes in every part of the province went the 48 M. L. A.'s to report to the people who elected them the happenings of the 1st session of B. C.'s 22nd Legislature since the province joined Canadian Confederation in 1871.

Church Children's Sale Nets \$50

Articles such as slippers and maps made throughout the year by children of the Mission Band and Explorers of the Presbyterian Church were put on sale at an attractive affair in the Church Hall Tuesday afternoon. The financial result was a successful \$50 as many parents and friends attended.

Games were held and tea was served to the visiting ladies by the children. The Burning Bush Guild, a senior ladies' organization of the church, headed by Mrs. W. H. Wilson-Murray, were in charge of the tea room. Mrs. J. Hadden Sr. and Mrs. J. W. Eastwood poured and the children served.

Headlines And Libel

WINNIPEG—Royal assent has been given to an Act to the Manitoba Legislation amending the Defamation Act as it relates to newspaper headlines. The bill will enable the courts to view the headline of a story in conjunction with the story itself when considering whether it was libelous.

Under the Act, until now, a headline could be deemed a report. This has been interpreted by the courts as meaning that a caption must be judged separately. The amendment provides for joint consideration of caption and story, although an inaccurate headline may still be ruled defamatory, regardless of the story under it.

Operetta Goes Off Well Again

The second and final presentation of the operetta "Sunny" staged by Borden Street School in the Civic Centre auditorium Tuesday evening was a most successful show. Each of the principal characters did a splendid job, their songs, acting and dialogue being all effectively given. It would be difficult to pick out any one star.

Louise Wood as King Cyril, and Julie Procter, as his Queen Coralie, acted like veteran players. Yvonne Jackson was a lively Tickle-toes and Roy Sieber a dignified magician. Lonny Patten in the name part of "Sunny" was bright and active and Molly Simmons as Grumbo the old beggar did a realistic part. Margaret Johnson was an attractive Queen Bee and Betty Hood a graceful South Wind.

Special dances by Sylvia Cherry, Jackie Gustafson and Lonny Patten added to the enjoyment.

The Rhythm Band of thirty members put on a perfect display of rhythmic action with the little conductor Sharon Bond a remarkably capable leader.

Once again the colorful costumes of The King's Guards, Sunny's Little Ha Ha's, Honey Bees and the very gay Flowers brought exclamations of joy from the large audience.

The colorful stage made a most delightful background.

The whole cast of over 100 pupils acquitted themselves with (Continued on Page Four)

Atomic Research Seen by Gyros

An impressive picture of the "Canada Carries On" series entitled "Splitting the Atom" and depicting nuclear research centering from the plant at Chalk River, Ontario, was shown to the Prince Rupert Gyro Club at yesterday's weekly luncheon. Narrative declared that atomic research to date was principally designed for the field of biology and medicine but predicted its possibilities in industrial use to the end that it might lead to "a bright world that science can build."

The Gyros were also entertained with acceptable accordion solos by Mike Colussi whose selections were "Czardas," "Queen of the Air," "Ciribiribin" and "Dizzy Fingers."

President A. J. Dominato was in the chair over a good attendance of members. Melvin Hughes of Vancouver was a guest.

CANADIANS BEAT BRITISH TEAM IN RADIO CONDUCTED SHOOTING MEET—History was made recently in international 22-calibre-rifle shooting competition when a team of three Canadian sharpshooters representing the Canadian Civilian association of marksmen defeated a picked British team 2-1 in the first small-bore disk-breaking match ever conducted internationally by radio. Throughout the shoot direct short-wave radio contact was maintained with scores flashed across the North Atlantic as the rounds progressed. Above, the winners, who fired on the indoor range of Montreal's C.N.R. Rifle club, are shown being congratulated by Bill O'Reilly, Canadian match official. Left to right they are Lloyd Walker, Toronto; Harry Wilson, Montreal; Mr. O'Reilly, and Sid Thompson, Park Hill, Ontario.

JOHNNY'S Jottings

I have before me a little pink booklet which says in large bold letters "42 Tips on Table Etiquette". Published by one of the many silverplate and silver-smith companies, it attempts to drag the average human away from the enjoyment of a good meal.

Turning the folder over, I spy 42 hints, which tend to order us around.

I will deal with some of them:

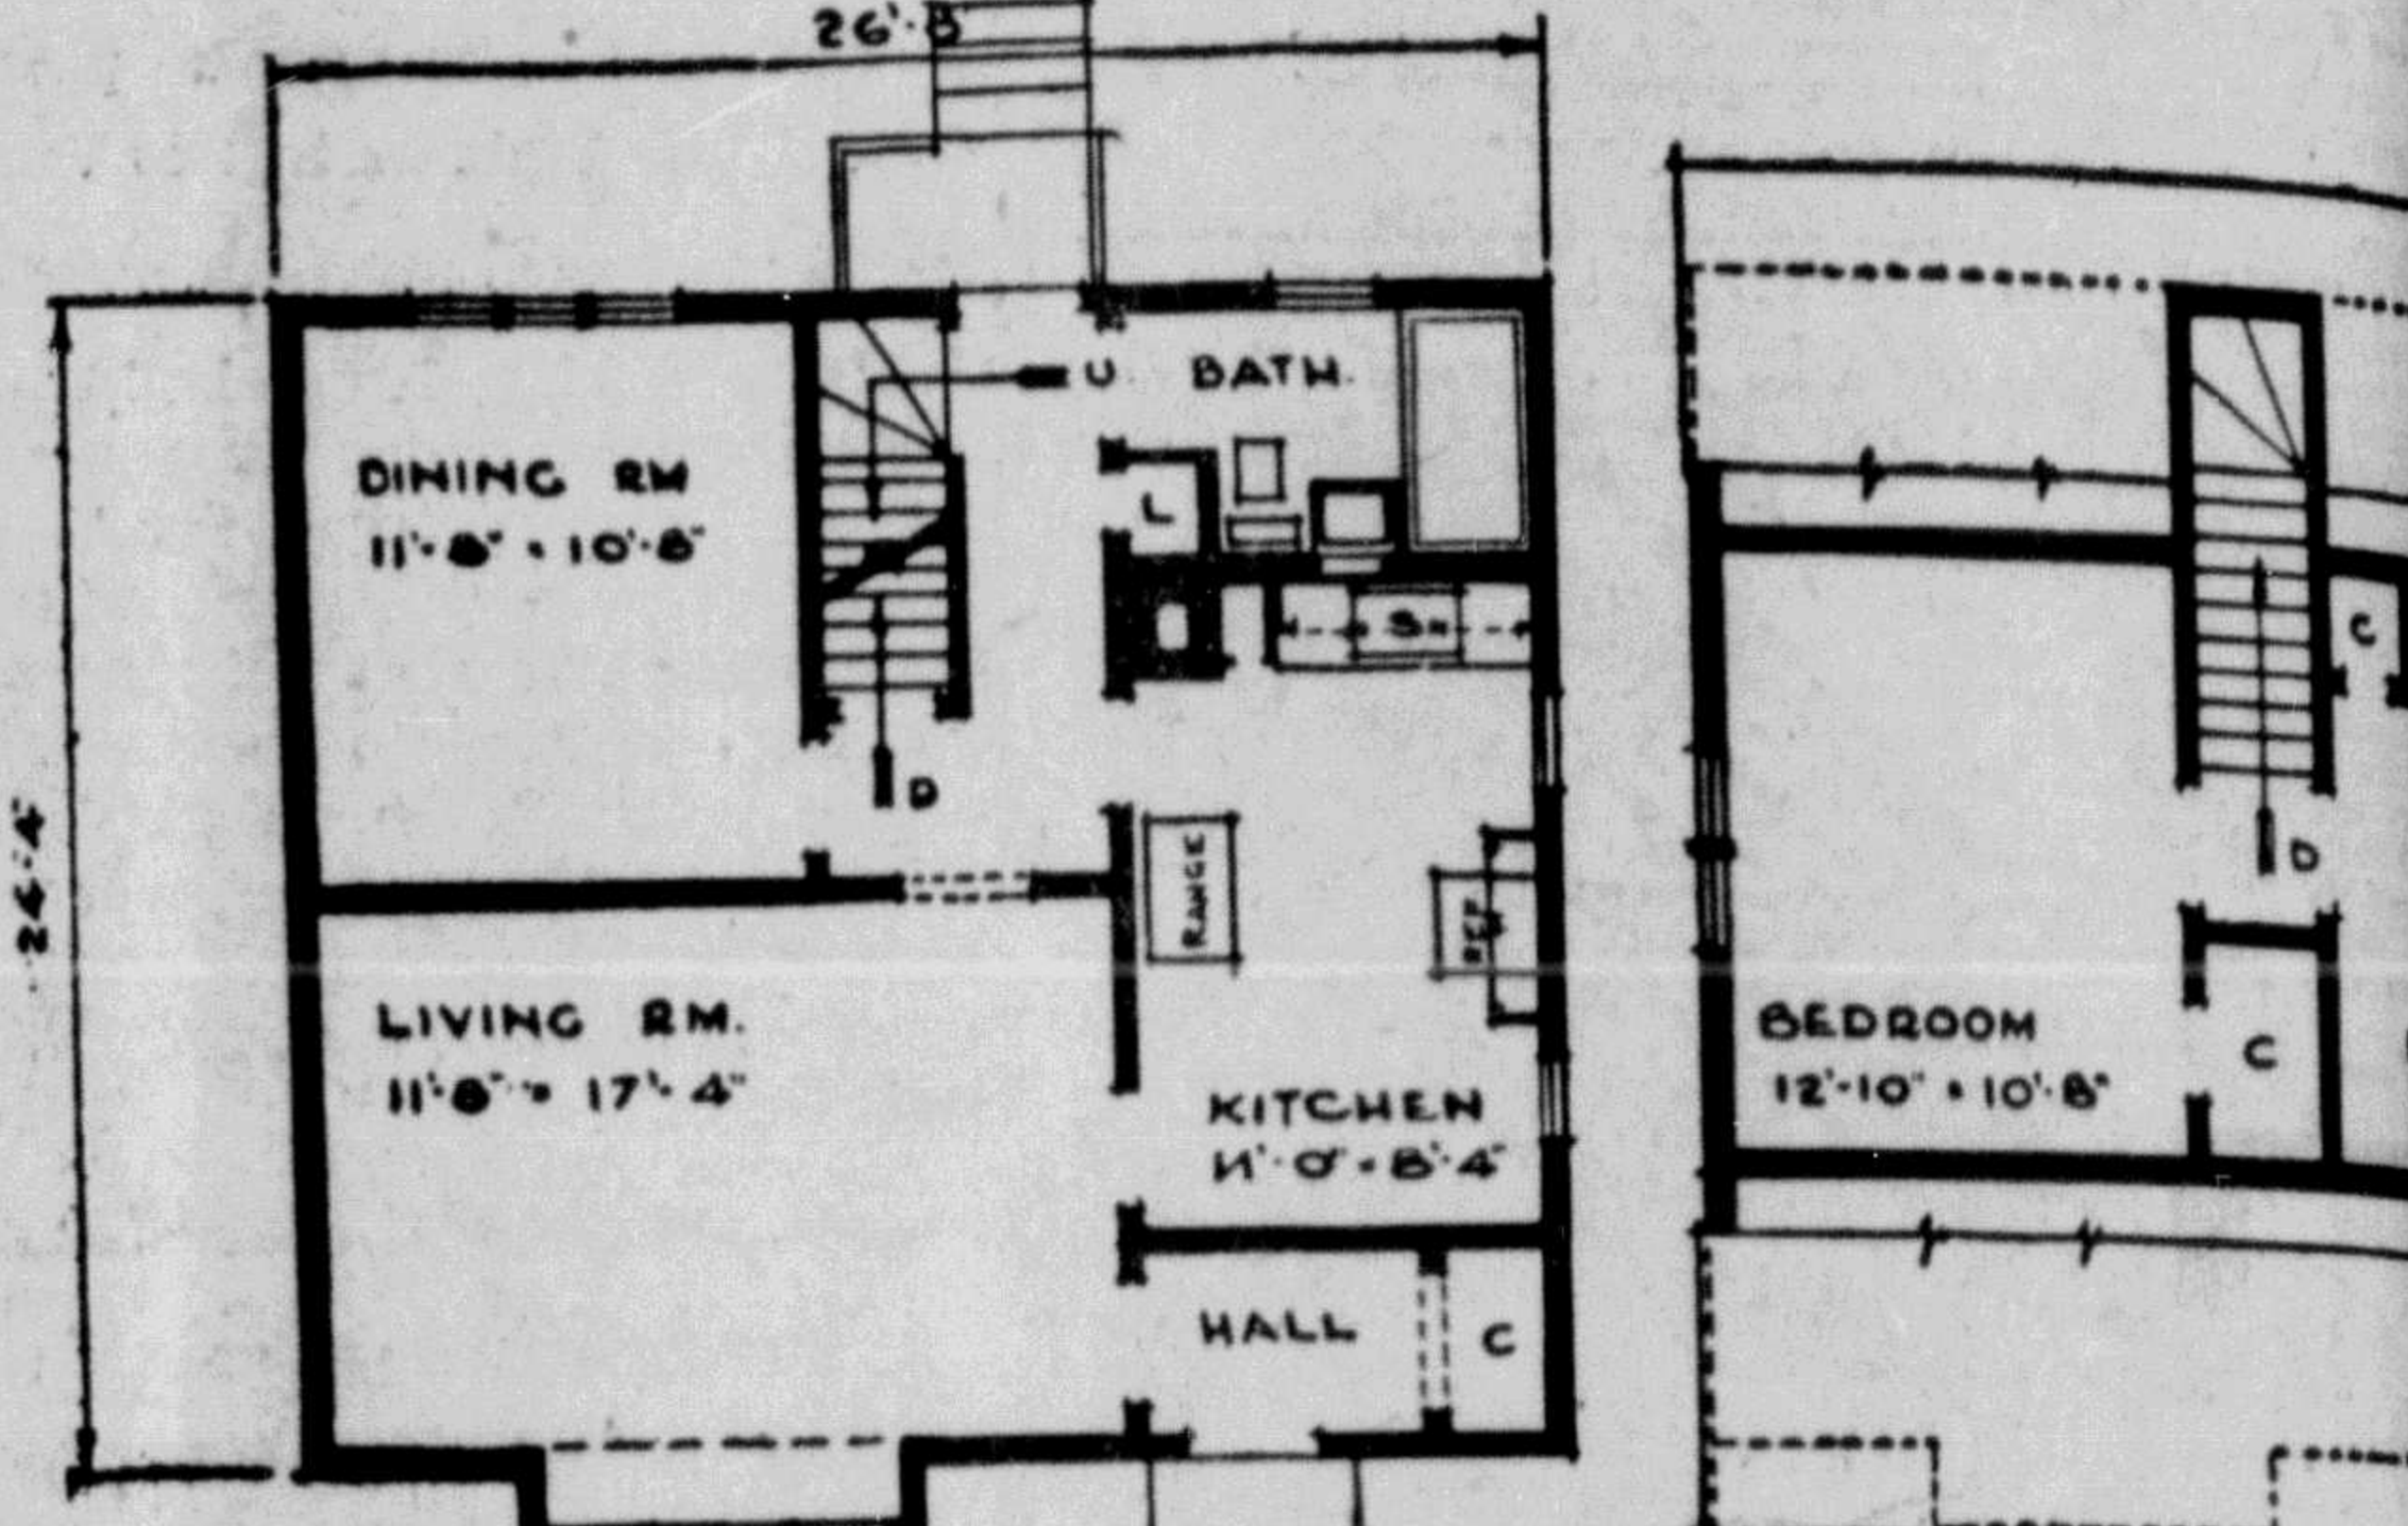

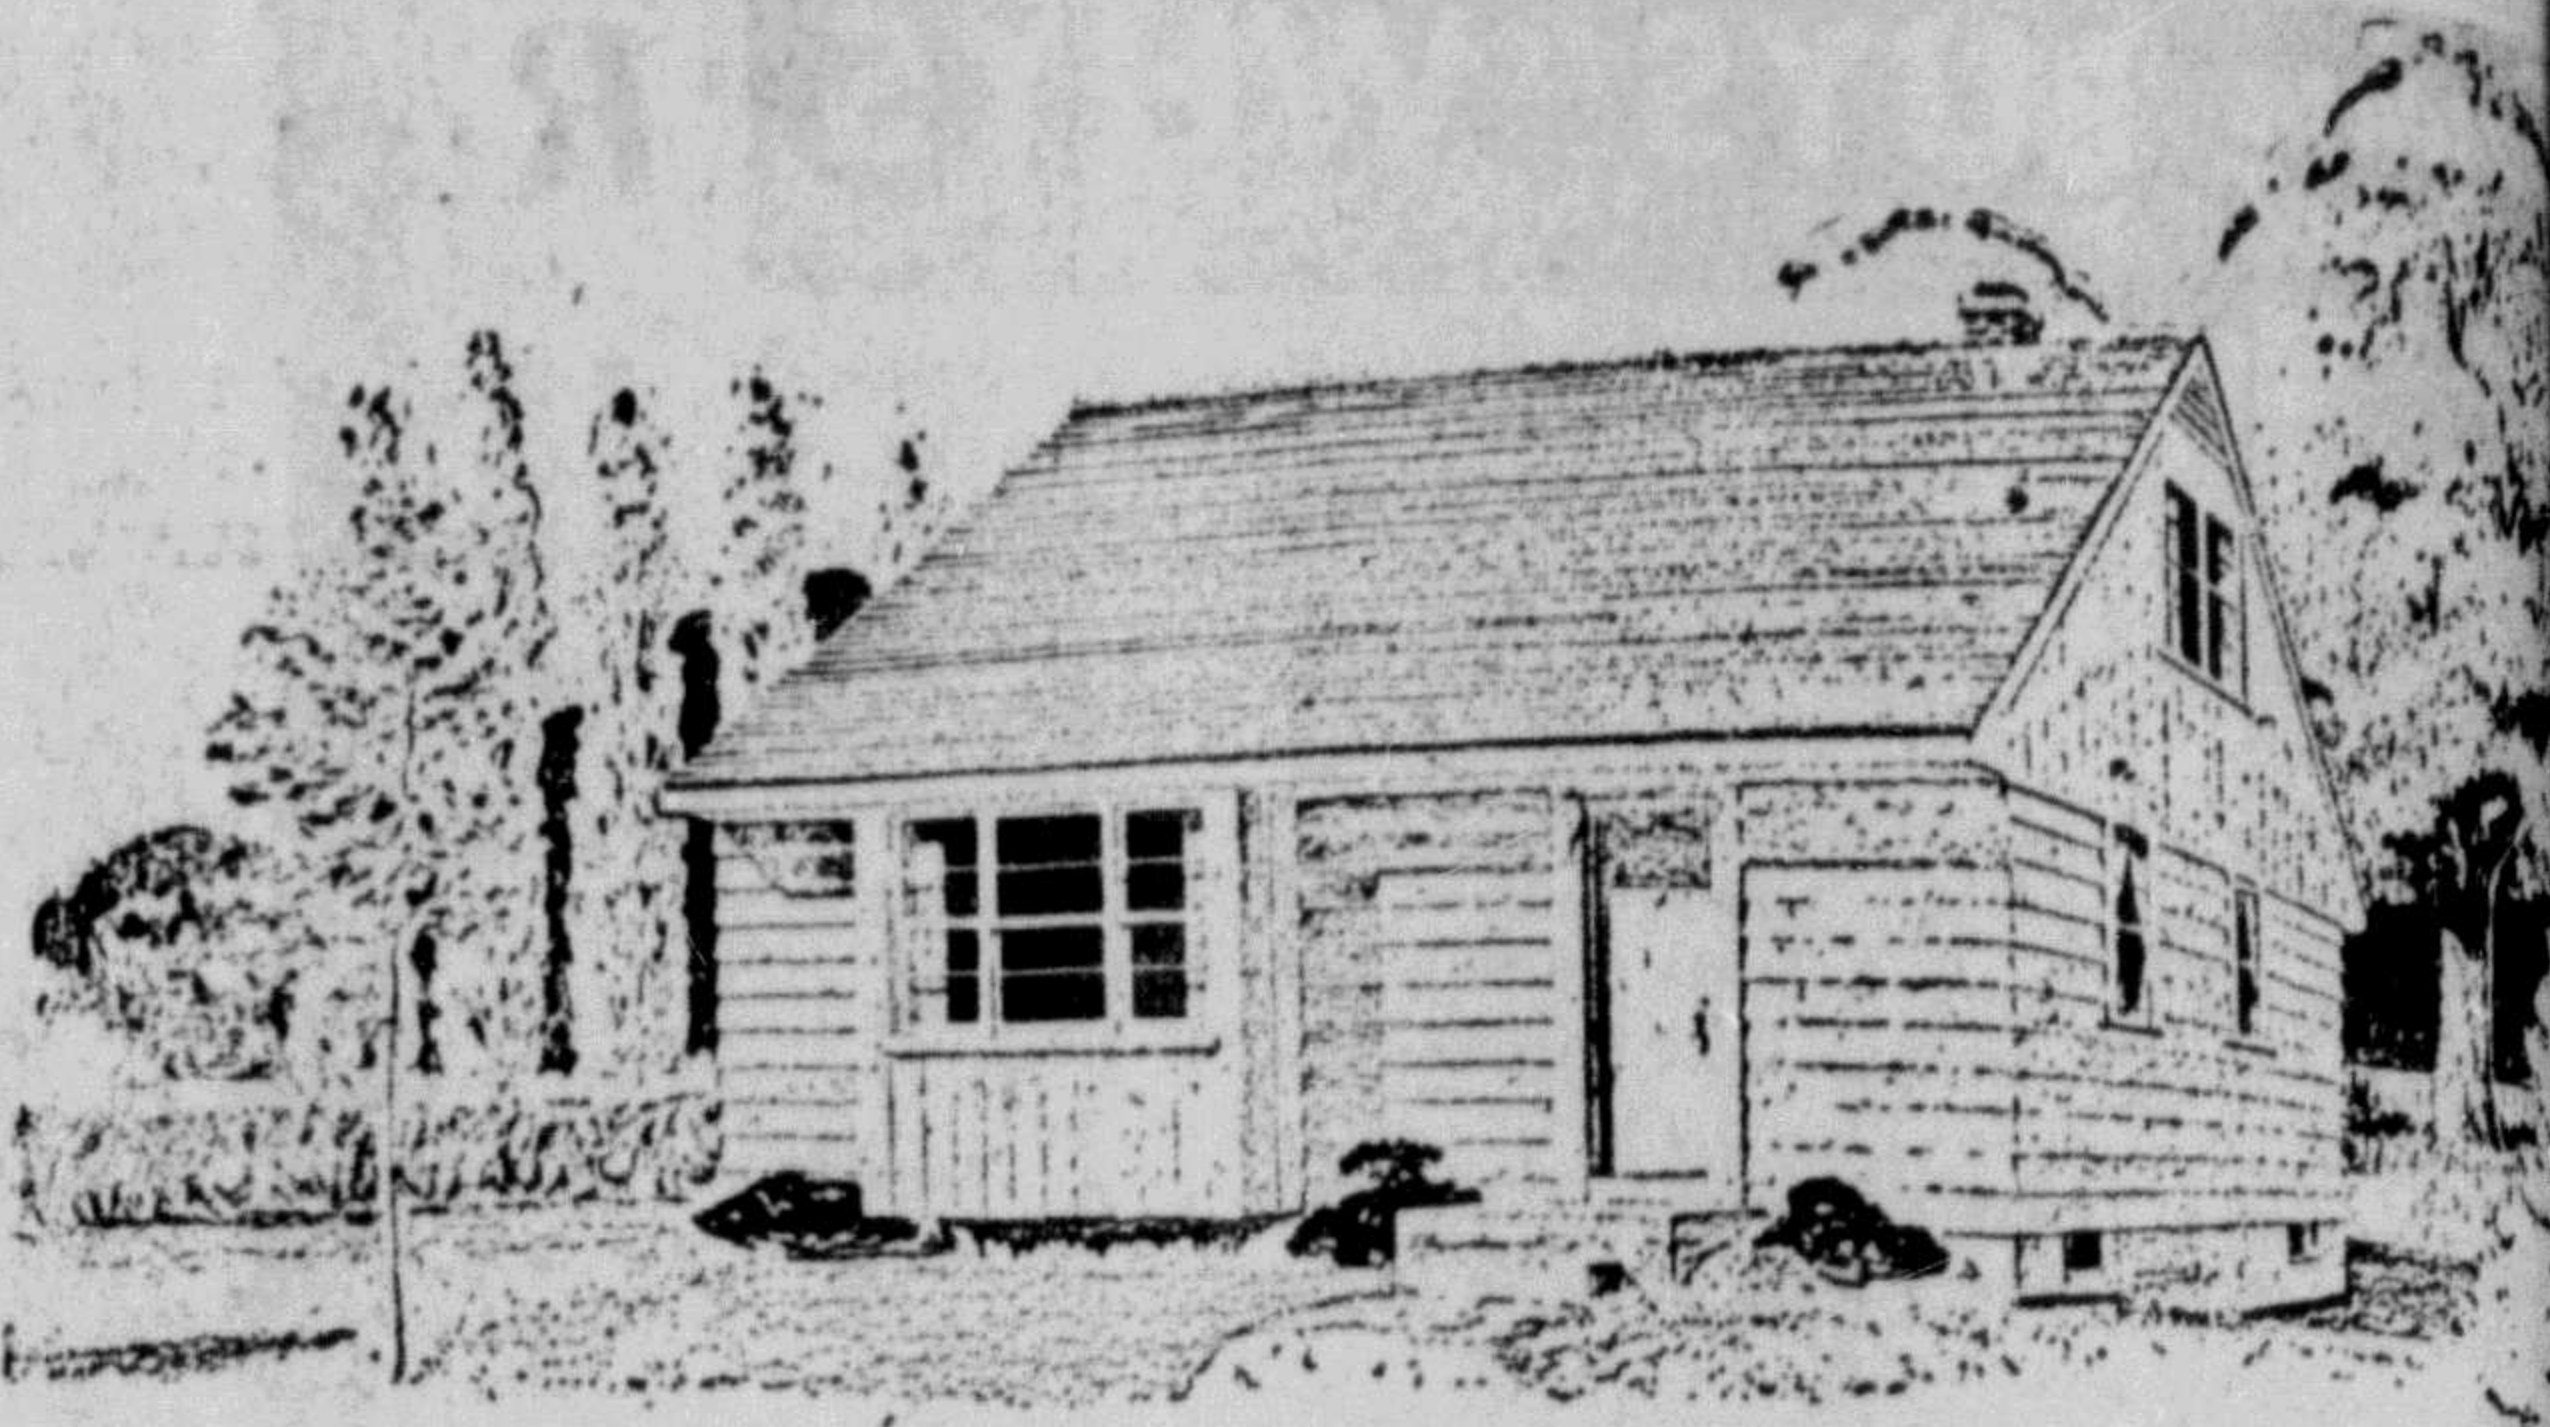

1. Watch That Knife, it says. "Why shouldn't your knife lean against the table." A good question. Why shouldn't it? Maybe they should want the thing on the plate—where it is supposed to be. It further hints: "It's likely to slip and get the tablecloth dirty". And if the diner gets mad, it may slip and get somebody's neck dirty.
2. Where Do You Seat The Boss? it asks. We will leave this to the imagination of the employee.
3. What About Olive Pits? it inquires. It's natural and correct to take pits, seeds or bones from our mouth by thumb and forefinger" it adds. Maybe your toes can do a better job.
4. Waiting for Everyone to Be Served Before You Eat is a Rule That is Outdated, it states. This also applies to shipwrecked sailors without food for six months.
5. Don't Stuff a Big Olive in Your Mouth. This is absolutely correct. You are liable to choke.
6. What to Do About Fresh Fruit? it exclaims. Why not try slapping it. Ladies find this a good cure.
6. When Do You Drink Soup? A silly question! Naturally, you drink the stuff when your wife or waitress is mad and for-slapping it. Ladies find this a good cure.
7. Double Decker Sandwiches are No Problem. Oh yeh?
8. Steady your Dish With your left Hand. Apparently, the plate must be nervous.

INTERESTING SMALL HOUSE—Inside and outside, this 1 1/2-storey dwelling has a number of features which have made it extremely popular with small-house builders. The exterior finish is clapboard with vertical siding on the gables and over the large front window. This is an ideal house for the family of three or four and is economical to build. The frame construction and plans include a full basement. Large, comfortable rooms and an interesting floor layout. The living room at the front is next to the dining area and is combined with the kitchen. A cased opening at rear of living room leads to the stairs and airy kitchen (11'0" x 8'4") is conveniently located and provides ample cupboard space. Included on the ground floor is the completely equipped bathroom. There is a small back entrance at the rear of the house. The second floor is devoted entirely to bedrooms. These are both equipped with storage closets. There is also additional closet space in the front hallway. For estimating purposes, the total floor area is 1,028 square feet, 14,904 cubic feet.

OPERETTA GOES WELL

great credit to themselves and the school. To principal John S. Wilson goes high commendation for staging such a successful operetta.

He paid tribute to the fine work of Mrs. Doris Cobb who planned and made the costumes. Miss Larson and Miss Adlard had trained the rhythm band. Miss Trotter and Mrs. Stone had done a good job and the smooth performance was due to the effective work behind the scenes. Miss Larson as pianist had a very heavy responsibility and excelled in accompanying soloists, choruses and dancers. S. A. Cheeseman was in charge of business arrangements.

A WEEKLY INFORMATION SERVICE

MONTREAL, April 6—There's nothing quite like the "magic" of wearing a new Easter bonnet... I always feel like a brand new woman in mine. But it's the wise woman who remembers that clothes alone are not the secret of charm... personal daintiness is every bit as important! And I never give offence with perspiration odour if you make the habit of NONSPI. It's the best way I know to give yourself clock-around protection—and it will protect your Easter finery, too! For Nonspi is skin-safe—fabric-safe! It actually stops perspiration before it begins! Get Nonspi at your drugstore! You'll find it's so easy to apply with its convenient, completely sanitary applicator!

Wouldn't Be Easter without rainbow-eggs and chocolate bunnies? Make this Easter especially memorable—share your family with this marvelous **Eggnog Casserole**. It's made with SWANS DOWN CAKE flour—for tender, feather-light deliciousness.

2 eggs, unbeaten
2/3 cup sugar
2 tbsp. shortening
1/2 cup hot milk
1/2 tsp. grated lemon rind

Wonderful Free Booklet For Your Baby! He won't be able to read it... but he'll thrive on the things you read in it! It's a brand new enlarged and illustrated booklet of "Your Baby's Diet".

Here's A Very Special Offer that you'll want to take advantage of now while it holds! A long-lasting polishing cloth ideally suitable for polishing brass... and from my "preview" use of this cloth, I can tell you it's grand—particularly when it's used with BRASSOL. Such a perfect pair for keeping your brassware handsome as only brassware can be! And you'll find as I have that Brasso is easy to use, for it's made specially for brass! For your special brassware polishing cloth simply write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q., enclosing 1c in coin or postage stamps. I'll send you your cloth to you—post-haste!

Time For A "Primp-Up" At Home?... Easter reminds us of Spring home repairs—roof and structure needs, new paint jobs, new decoration schemes. You've certainly got such plans in mind, but maybe it isn't easy to lay hands at once on the necessary cash. Well, the BANK OF MONTREAL has a special low-cost loan for just this situation. So long as you can repay a loan by monthly instalments without too great strain on the family budget, there's money for your home repairs and improvement at the B of M. Why not arrange with Husband to talk it over with the manager of your nearest branch of "My Bank"? Tonight's the best time.

Be Kind To Your Hair! One of the nicest things you can do for your hair is to give it all the added beauty of a really good permanent! And here's a little tip I'd like to pass on to you when you're being yours. The better the hair lotion, the better the permanent! That's why I recommend a RICHARD HUDNUT HOME PERMANENT! Did you know that the Hudnut Waving Lotion has been scientifically proved to be more effective than other permanent waving lotions? Try it! You'll be thrilled, as with those smoother, stronger, longer curls! Yes, you really can make your next Home Permanent a Richard Hudnut... your hair won't do better than yours! Try it with a Richard Hudnut Egg Creme!

He's About As Big As A Minute. That baby of yours... but his enthusiasm for luscious "CREAM OF WHEAT" is enormous! A scrumptious bowlful of 5 Minute "Cream of Wheat" is a meal in itself for Junior... so smooth and extra-tempting that babies clean up every spoonful and eat for more! It's so very good—and good for baby, too—because it provides Iron and Calcium and Phosphorus for diets deficient in these elements. Cooks to baby-ready digestibility in just five minutes of boiling! Ask for it by name. "Cream of Wheat" and the familiar Chef on the package are registered trade marks of The Cream of Wheat Corporation and Reg. U.S. Pat. Off.

You Letting a lack of knowledge about feminine hygiene cast a shadow over your marriage? Wise wives who want a completely satisfactory method of feminine hygiene use ZONITORS. Zonitors are effective... greaseless, stainless, snow-white vaginal suppositories that are powerfully germicidal, yet absolutely safe to delicate tissues. And they're so very dainty and convenient to use! Ask your druggist for Zonitors tomorrow... and write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for a free booklet giving frank facts on feminine hygiene. It will be sent to you in a plain wrapper.

Ray Reflects... and Reminisces

The legislature recommends that daylight saving be made effective from July 1 to Labor Day only. What will that do? Why not go a little further and do without?

A comparison between prices in Winnipeg and Minneapolis brings the impression that in Winnipeg costs are from ten to twenty to thirty per cent higher. The suggestion is heard that a like result would be found in other cities of similar size, across the continent. Probably! A sales tax is a most unfeeling and persistent thing.

Prince Rupert old timers, here before the railway or incorporation, had their dreams. Some have come true. But no one even dimly visioned here a war veterans' club that would look good in Canada's largest city—and in some ways surpass it. Least of all could they have pictured a club that was established through the efforts of those who had shared in the two most fearful wars known to history. That would have been quite outside of their most extravagant calculations.

Halibut, prized as nutritious and tasty food is something more. It's now discovered to provide a remedy for diabetes. The same is believed true of whale. Oh, great is the lone sea, and the creatures that dwell therein.

The Minister of Fisheries is inaugurating his plan to make more consumers in Canada more fish conscious. He should start by offering a sizeable reward for identity of the individual who started the nonsense that fish should be eaten only on Fridays. The trouble is, so many have gone on believing it.

Tough luck tales come along every day, some originating here in Prince Rupert as well as down the coast. This happened to a Vancouver man. He was transferring \$1,800 as first payment on a lot for with his wedding day a month away, the building

Employment Is Healthy

Lack of Work No Serious Problem at Present in This Area

The employment picture in Prince Rupert is a healthy one at this time, even though it may be the off season for the fishing industry, and it will be showing further improvement soon, according to word at the local employment service office.

In spite of a constant influx of job seekers from places less fortunate than this—notably the flow from Vancouver which

is still wrestling with a serious jobless situation, the position here is normal, comparing favorably with last year.

Skilled tradesmen are in demand although there may be a falling off in the demand along in June or July when construction employment at the Columbia Cellulose plant at Watson Island begins tapering off. Local building contracts and work at the big warehouse on the waterfront may take up some of the slack if such should develop.

Meantime the fishing industry will soon be getting under way again with its substantial employment at sea and in the local fish handling and processing plants.

There is still a shortage of really skilled office help although

Mr. and Mrs. H. K. Bate arrived in the city on the Prince Rupert yesterday from Victoria. Mr. Bate is here to act as chairman at a conciliation board which is in session today between the city of Prince Rupert and the firemen.

There appears to be no shortage of applications when they are called for. One employer called this week for an accountant and received a substantial number of applications.

In the interior there has been an estimated lay-off of 150 men, such as loggers and lumber haulers due to the soft condition of roads in the spring thaw.

There were thirteen tables at the last card party in the Catholic Hall, with the winners as follows: Whist—ladies—Mrs. S. Dumas, A. E. Chilton, Cribbage—Mrs. M. Saunde and Angelo Astoria.

Bridge—Mrs. R. Letourneau and George Cloutier.

The general convener was Mrs. E. Telseth, cashier Mrs. R. Brett, those having charge of refreshments being Mrs. Doiron, Mrs. W. A. Pierce and Mrs. G. P. Lyons.

All your money back PLUS 10%

if your baking isn't better!

That's what Robin Hood guarantees you: That's why with Robin Hood Flour, you can't lose — you must win!

After two bakings — you're either completely satisfied that Robin Hood All-Purpose Flour makes all your baking better — or you get your money back, plus 10%.

No strings attached! The good-as-gold certificate, guarantees this — and any dealer will gladly refund your money, with a bonus of 10%, if you return the unused portion of your bag of Robin Hood Flour.

There's a reason, of course. We're confident you'll find Robin Hood Flour will give you the best baking results — for all your baking. Light tender breads, luscious cakes, flaky pastries. Robin Hood actually has a unique record of baking successes.

Take a look at the record: 4 out of 5 women who win First Prizes use Robin Hood for all their baking.

Better order some Robin Hood: If it's not the best flour you've ever used, YOU make money!

ROBIN HOOD BUTTERMILK SCONES
2 cups sifted Robin Hood Flour
1/2 teaspoon soda
1/2 teaspoon salt
4 tablespoons shortening
3/4 cup plus 2 tablespoons buttermilk or sour milk

Wonderful old-fashioned scones that'll melt in your mouth — brought up-to-date and made better with Robin Hood!

1. Sift together flour, baking soda and salt into mixing bowl. Cut shortening into small pieces and add to dry ingredients. Blend together until mixture is mealy, using pastry blender (or two knives, cutting in with scissor-like motion).
2. Make a well in the center of mixture and gradually add the buttermilk or sour milk, stirring lightly with fork. Mix only until soft dough is formed.
3. Turn out onto lightly floured bakeboard or pastry cloth and divide in two equal portions. Gently roll out each piece with floured rolling pin or pat out with hand into circles 1/2 inch thick. Place circles on ungreased cookie sheet and cut in quarters, but do not separate the pieces. Bake at 450°F. (very hot oven) for 12 to 15 minutes. Makes 8 individual scones.

Badminton—Keen Play In City Finals

CITY CHAMPIONS
Ladies Singles—Elsie Murray Men's Singles — R. McClymont (first flight); N. Pavlikis (second flight).
Ladies' Doubles — Frances Cross and Leah McKay (first flight); Honora Silversides and Claire Warkett (second flight).
Men's Doubles—M. Hanson and C. Forbes (first flight); G. McDonald and M. O. Kullander (second flight).
Mixed Doubles—R. McClymont and Frances Cross (first flight); N. Pavlikis and M. Adlard (second flight); Mr. and Mrs. M. O. Kullander (third flight).

Keenly contested play marked the finals last night in the city badminton championship tournament in which over one hundred players representing three local clubs had participated since the beginning of the week. Most of the honors were decided by straight sets although extra games were required in a few.

Here are the results of the final round:

Bowling Banquet Being Planned

A meeting of the Ten Pin Bowling League captains on Tuesday night drew up plans for the play-offs. With the secretary, Vern Ciccone, acting as chairman in the absence of the President, Sgt. Lance Potterton, the meeting also selected a committee to make arrangements for the annual 10-pin league bowling banquet. This committee consists of Jim Currie, W. Smith, Ed Garner and V. Ciccone.

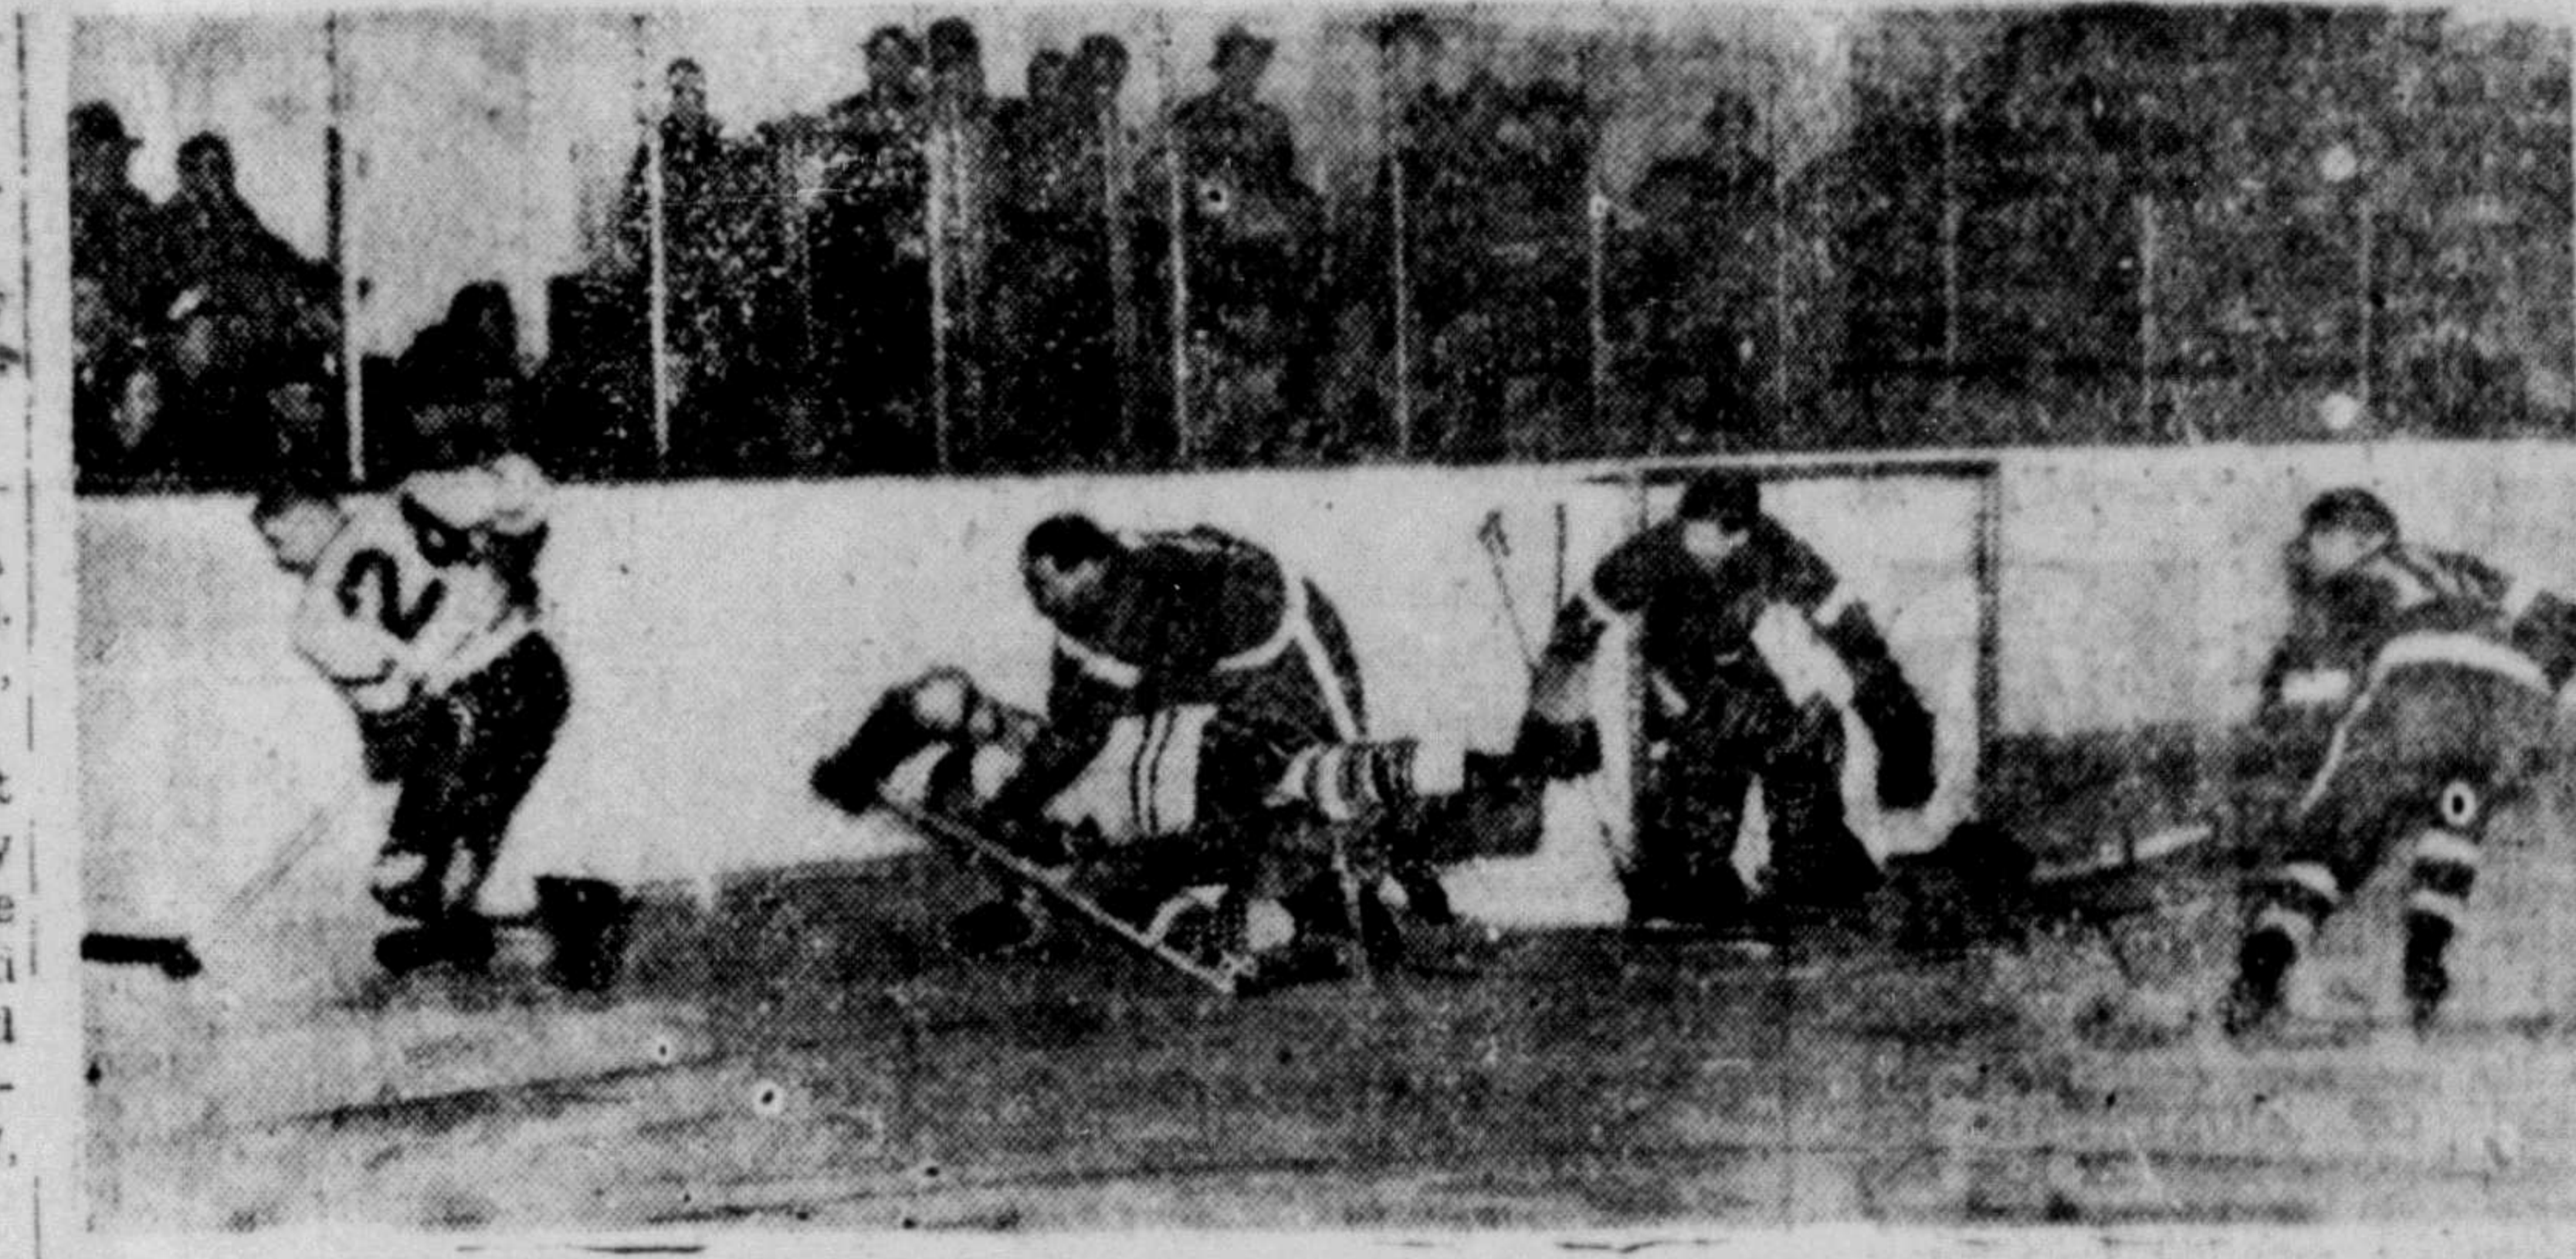

With the season just about over and the possibility of many of the players leaving for the fishing grounds around May 1, it was felt advisable to hold the banquet some time before April 23.

It was decided to start the play-offs next Friday and move the last game for the Friday night league to the Thursday night before that. The league winners will be allowed a bye into the semi-finals with the second, third, fourth and fifth teams playing off for the right to challenge the league winners. Then the tournament champions will be decided by the winner of the Friday section playing the winner of the Sunday section.

Also discussed was the prizes to be offered. A complete list of the prizes will be presented to the leagues on Friday and Sunday by the secretary.

OUT FOR THE SEASON—This photo shows the climax of action which resulted in Kenny Reardon, Montreal Canadiens' defenceman, being knocked out of hockey for the remainder of the National League season. Reardon is shown lying on the ice after suffering a dislocated shoulder in a playoff game against New York Rangers. Rangers won the game 3-2 and took a 2-0 lead at that time in the best-of-seven semi-finals. Trainer Ernie Cook is bending over Reardon while teammates Glen Harmon, Kenny Mosdell and Floyd Curry look on. Goalie Charlie Raymer and defenceman Gus Kyle are the Rangers players. (C.P. Photo)

N.H.L. PLAYOFF—This happened during the third game of the N.H.L. semi-final playoff between Toronto Maple Leafs and Detroit Red Wings. Toronto's Sid Smith gets the puck while Tedder Kennedy takes a tumble with Jack Stewart of Detroit on top. Watching anxiously are Red Wings' dealer Harry Lumley and centre Jim McFadden. Leafs won the game 2-0 to take a 2-1 lead then in games in the series. (C.P. Photo)

BISLEY CAPTAIN—Maj. Donald MacRae of Montreal has been named commandant of the 1950 Bisley team of the Dominion of Canada Rifle Association. The 50-year-old dentist will head the 50-man team at the international shooting competition to be held at Bisley, Eng., in July.

Vancouver next week. These delegates were unanimously selected by their fellow teachers at a well attended meeting Tuesday night in the Civic Centre. The delegates were instructed as to the wishes of the majority on controversial resolutions from all sections of the province which will be voted on at the meeting in Vancouver. A highlight of next month's meeting will be the report of the delegates-elect. P. Adiem reported a resolution dealing with the right of teachers to hold municipal office had been endorsed and passed by the three Elementary School Parents' Teachers' Associations and that they had forwarded the resolution to the Parent-Teacher Convention to be held Easter Week in Vancouver. The teachers were gratified to know of the all-out effort of the parent-teachers

organizations on their behalf and felt that this year at last some concrete action was being taken on the matter by several organizations who carried no little weight in municipal and provincial circles.

Teachers attending the meeting were critical of certain individuals who from time to time take apparent delight in pointing out that the average salaries of B. C. Teachers are the highest in Canada. The feeling of the meeting was that this fact is certainly true and so it should be. It was pointed out that the 19.9 Lazerte Report of the Canadian Education Association provides the explanation. All data is for the year 1947 but the situation, has varied little since then.

British Columbia has among its teaching personnel a much greater percentage of university graduates—31.5%. Ontario was second with 22.4%, while Prince Edward Island trailed with 2.1%. The average for eight provinces (no information available for Quebec and Newfoundland) was 14.7%.

A greater percentage of male teachers were employed in B.C. The percentage ranged from 33.7 in B.C. to 11.4 in Nova Scotia with the average for the eight provinces being 22.2. (This year B.C. has 5,924 teachers, of whom 2,200 are men and 3,644 are women—38.4% men.)

British Columbia led all of Canada in the years of experience of its teachers. The median years of experience of B. C. teachers was 12.0 compared with Prince Edward Island 4.3 and the Canadian average of 7.9.

In the matter of certification B. C. fares considerably better than the other Canadian provinces. In 1947 the percentage of teachers holding less than First class qualifications ranged from 18.1 in B. C. to 56.3 in Prince Edward Island. The Canadian average was 37.3.

Feeling was expressed that the British Columbia teacher is in no more favorable a position, compared with his fellow teachers throughout Canada, than is the general worker in B.C. compared with general workers elsewhere. Just as the average salary of B.C. teachers was the highest in Canada so was B.C.'s average weekly wage the highest. In 1947 it was \$38.74 compared with Prince Edward Island's \$29.42 and the Canadian average of \$34.98. Surely the teachers of B.C. should be expected to share in the general higher standard of living prevailing in B.C.

Another fact by the Lazerte report is that while B.C. teachers have the highest average salaries in Canada, they also have the lowest pensions. Based on 35 years of service, an average salary of \$2500 and the same percentage of salary contributions, the monthly pension of a British Columbia female teacher would be \$81 and of a male teacher \$83.50 compared with \$145.83 in Quebec for both male and female.

Attendance In Schools Ahead

Japanese Presenting Problem For Accommodation at Port Edward

With the exception of Conrad Street school, enrolment at the other three city schools was higher in March than during February, according to teachers reports read at a meeting of the Public School Board last night. Total enrolment in the four city schools this March was 1261 compared with 1179 last year.

Percentage attendance at Conrad was 90.23, lower than February's figure of 93. Several cases of mumps are keeping the children away from school. T. G. Bateman, principal, reported.

At Port Edward, accommodation at the two room school is not good, reported H. F. Robbins. He suggested that a third room be partitioned during the Easter holidays. Enrolment there, he said, is 85 with 51 students in one room.

The matter will be dealt with, the board decided, but Dr. Large, chairman, stated the measure would only be a "stop-gap" and that a school building program

at Port Edward will soon be required.

It is expected that, with the Japanese coming in, more first year students will crop up in September. On the other hand, the present grade six students will enrol in the city.

Roots and logs are prevalent on the King Edward school playground, the board was informed, and necessary steps are being taken to have the dangerous obstacles removed. A cave-in is also reported. These two hazards were caused by heaving of the ground when the warm spell arrived.

At Conrad, the newly acquired playground from the city was covered with four loads of cinders recently. Twenty-five loads of cinders were dumped at Borden Street and a definite improvement is shown there. Board members decided another 25 loads of the material will be required.

Following are March school enrolments:

Booth	451
Borden	240
Conrad	254
King Edward	307
Total	1261

Following are percentage attendance figures:

Booth	90.97
Borden	92.79
Conrad	90.23
King Edward	93.9

FROM "FLYING" SAUCERS TO CARS!—There are few motorists who haven't wished at some time or another that their cars were fitted with wings to enable them to soar over the long, long line of traffic ahead. Now the dream is a reality. The aerocar which can be converted from an auto to an airplane in a few minutes is shown here at Longview, Texas, in road and aerial roles. At top you see it flying across country, below, converted back to road work. The changeover can be done by one person, without tools, memo or other equipment. The autocar, which can be kept in the home garage, has front-wheel auto drive and a pressure-air-cooled rear engine. The markers say that it is spinproof and has full provision for crosswind landings.

Family Play Coming Here

Sequel to the delightful and pleasurable remembered "Dear Ruth," another charming family picture "Dear Wife" comes to the Capitol Theatre here this Friday and Saturday. It has the same stellar cast which made "Dear Wife" such a top-flight hit. William Holden, Joan Caulfield, Billy DeWolfe, Mona Freeman and Edward Arnold are assisted by Ar-

amusing affairs of the Wilkins family.

Edward Arnold again plays his part as the judge, this time enmeshed in a political campaign, which sees him running for office against his own son-in-law, Holden. Miss Freeman, as a politically conscious bobby-soxer, gives an outstanding comedy portrayal. Assisting Holden in the campaign is Miss Whalen who arouses the jealousy of Holden's wife, Joan Caulfield, all of which pleases here former suitor, Billy DeWolfe.

"Dear Wife" has been hailed as one of the year's best comedies.

Scouts and Cubs— Father And Sons Gather

Terrace Banquet Has Some Prominent Visitors

TERRACE—"On behalf of the scouts and cubs I take pleasure in welcoming our fathers as special guests. We boys know what the name Dad stands for—understanding pal and teacher. Someone who plays ball with us when we are short a man and shares our adventures and when we misbehave, it's usually Dad who corrects us. Scouts and fellow-cubs, let us rise and toast the men who mean so much to us—Our Dads."

With these words Cub John Engeicke expressed the thoughts of his fellow cubs in welcoming their guests to the Father and Son Banquet in the Oddfellows' Hall last Friday evening.

White cloths covered the long banquet tables which were decorated with the green and gold colors of the Cub pack. Vases of daffodils and pussywillows stood in each table and green and gold covered baskets held the bread rolls. Decorated place cards stood at the place of each guest. It was an impressive setting and presented a pleasing appearance to the eye of all who entered the hall.

Proceedings opened with the singing of "O, Canada" followed by the ceremony of the raising of the flag by Cub Joe Sparkes.

The toast to the fathers, given well by the smallest cub of the pack, was responded to by E. S. Laird, High School principal, who said he wondered if the fathers always deserve the high praise given them in the toast just proposed.

Expressing his pleasure at being there, F. E. Anfield, district commissioner, was introduced to the gathering by the chairman, John Haaland, and said how grand it was for a place the size of Terrace to have such a large gathering as this. He gave his listeners food for thought as he congratulated the boys for their smart cubs. A cub is only as good as the support he gets for his pack, at home. Cubbing is the development of the whole boy, part of the whole program of life in making the boys of today the men of tomorrow. He bade the fathers to enter into partnership with the boys in cubbing—he cubmaster cannot do the work alone, for one of the greatest dif-

ficulties is continence. He made a plea for leaders saying that a young man could do nothing finer than to offer service in a cub pack.

Other speakers contributing to the enjoyment of the evening were Commissioner Haugland, Postmaster S. Kirkaldy, Terrace's first scout master; C. J. Norrington, one of the first scouts when the organization was newly formed over 40 years ago. Aaron Haaland who told of the scouts' trip to the first Canadian Jamboree last year; Constable Brue. Rev. Father Racette spoke of the impressiveness of the scene, the guests and discourses and how he uses the work of the boys if the parents showed no interest. Parents are needed to second the movement which is encouraged the world over. What the leaders are doing for the boys takes time and patience. He paid great tribute to John Haaland for his work with the youngsters.

Robert Pethwick, assistant cubmaster, then took charge of the "Going-Up" ceremony in which 11 boys passed into the scouts and were welcomed by scoutmaster Dick Dubeau. The promoted boys were: Victor Zaporzen, Alvin Hobenshield, Robert Cote, Teddy Clifford, Robert Irving, Jim Laird, Donald Julseth, James Wold, Roy Huebner, Jim Kurulok and George Munson.

Mr. Anfield presented Mrs. McGilvery with the Civilian Scout Badge, making her an honorary member of the Terrace Scout Association and thanked her for her work in providing such a splendid banquet. A "Grand Howl" was the cubs appreciation of what had been done for them.

The lowering of the flag, followed by "God Save the King" closed the proceedings. As a last gesture, led by Mr. Anfield the whole gathering gave three cheers for Mr. Haaland, the popular cubmaster.

Grace was given by Rev. A. C. Shindel and benediction by the Rev. P. M. Mallett.

Including the presidents of the local organizations, invited guests were: W. Robinson, Dr. Mills, Dr. Black of Prince Rupert, Mr. Anfield of Prince Rupert, T. Harmon, Const. Brue, P. Murie, Father Racette, Const. Rogers, H. King, C. J. Norrington, B. R. Dodds, J. H. Stevenson, J. Spurrel, Miss F. Melvin, Mrs. Wold, Miss Booth, A. C. Calder, Mr. D. Cochran, Rev. Mallett, D. Dubcau, Mr. Sharpe, Rev. Shindel, Mrs. McGilvery, convenor of the banquet. Helping here were Mrs. Hobenshield, Mrs. J. Julseth, Mrs. A. N. Jones, Mrs. Melvin, Mrs. Normandeau, Mrs. Cote, Mrs. Amdam, Mrs. Laird, Mrs. Murie, Mrs. G. Jackson, Mrs. R. Sparkes, Mrs. McIlroy, Mrs. Christy, Mrs. Engeicke, Mrs. W. Martin, Mrs. Van Stolk, Mrs. K. MacPherson, Mrs. James Lever, Mrs. Reynolds, Mrs. L. Newhouser, Mrs. Irving, Mrs. Clifford, Mrs. J. Schultzik made and donated the lovely daffodils which decorated the tables.

Accounting Is Refused

LONDON (P)—Rt. Hon. Herbert Morrison, deputy prime minister, yesterday rejected an Opposition request for a Parliamentary inquiry into administration and accountability of Britain's nationalized industries. Replying to Hendersoh Steward, National Liberal and Conservative for East Fife, Mr. Morrison told the House he considered "no useful purpose" would be served by such an inquiry.
