TRUMAN VICTOR IN GREAT SURPRISE

Democratic Party Wins in Congressional Houses

Messages Exchanged Between Winner and Loser—Magnanimous Sentiments Expressed

Harry S. Truman's re-election to the Presidency of the United States was conceded today by his Republican challenger, Governor Thomas E. Dewey of New York. The concession came unexpectedly at 8:15 a.m. (Pacific Standard Time) with several key states still in doubt. It climaxed what may go down as the most exciting presidential election in modern United States history.

DEWEY IS NOT RUNNING AGAIN

NEW YORK—In a statement today after conceding his defeat for the second time in a presidential election, Governor Thomas E. Dewey said definitely he would not again seek the presidential candidacy. Asked as to whether he would seek re-election as governor, he said he had made no plans as yet.

POLICE WARN 11 MOTORISTS

A campaign by city police to halt overnight parking on narrow city streets resulted in eleven warnings being issued Monday night during a police patrol which covered practically the whole city.

Sgt. L. A. N. Fotterton said this morning that he had covered 25 miles during the night, only duplicating his route on one occasion. There are 27 miles of streets in the city.

Warning tags were placed on 11 automobiles whose license numbers were taken. Repetition will bring court action, the police warn.

The police drive is being made under authority of a city bylaw which prohibits the parking of vehicles on city streets of 20 feet or less in width unless parking lights are kept burning. Because of difficulties of finding parking space, such parking has been common practice in the past. City council recently instructed the police to put a stop to it.

Nick A. Beketov, recently retired from the Royal Canadian Navy with rank of lieutenant-commander, arrived in the city on the Prince George this morning to succeed Col. Keith Dixon, transferred to Victoria as agent of the Department of Transport. Mr. Beketov's wife and three children will be arriving later.

Truman, who had been given no chance by practically every political dopestier, fought the campaign courageously and brought an upsurge of support that sent him and his Democratic party back to power not only in the White House but in the Senate and House of Representatives as well.

Governor Dewey, in a telegram to President Truman, said: "My heartfelt congratulations to you on your election. Every good wish for a successful administration. I urge all Americans to unite behind you in support of every effort to keep our nation strong, free and to establish peace in the world."

President Truman promised, in a post-election statement today, to dedicate himself to the cause of peace in the world and "prosperity and happiness at home" as he won one of America's greatest political victories. He promised to "serve the American people to the best of my ability in the four years ahead."

Truman's personal triumph and that of his party ends an end to Republican hold on Congress which Dewey's forces gained in the "off-year" elections. With a working majority, Truman can suggest a legislative program over which he and the Republican-dominated Congress quarreled, so much so that Truman called Congress "idiotic" and the "second worst" in American Congress.

Truman's program includes power to price controls, housing legislation and so-called "civil rights measures" including a law against race segregation.

FISH PATROL BOAT SINKS

The power vessel Ila, owned by Howard Fairbairn of Queen Charlotte and under charter to the Department of Fisheries, was blown from her moorings at Queen Charlotte, swept ashore and badly damaged as a result of a gale of reputed 70-mile velocity which swept the Islands during Monday night and Tuesday morning. The vessel was half submerged and efforts are now being made to salvage her. Other vessels were also damaged in the same storm.

The resignation follows serious reverses for the Nationalist forces in the civil war with the communists. Speculation is that a new coalition government, with communist representation, may be formed.

Today's flight to Sandspit was scheduled to leave at its regular time of 1 p.m. while the connecting flight to Vancouver also was expected to be made on schedule.

The Prince Rupert-Sandspit flight was set back an hour yesterday and finally cancelled because of the violence of the storm which raged over Hecate Strait and the Queen Charlottes.

As Alaska - So Nation

AS USUAL, IS UNFAILING BAROMETER IN PRESAGING RESULT

JUNEAU (CP)—Alaskans today revived the claim that, "as Alaska goes so goes the nation" as they watched from the sidelines the voting "outside." Governor Ernest Gruening, who led Democratic forces to an overwhelming victory in the Alaska territorial election in October, sent a message saying "apparently Alaska was the only part of the Union from which and by which the national election was correctly forecast—Alaska preserves a 12-year record as an infallible political barometer. It has accurately forecast every national election since 1936."

The national result is expected to expedite Alaska's fight for statehood.

Falling trees interrupted electric light and power services at many points up the island.

The board had heard suggestions that the CBC establish television stations and operate them on a co-operative basis with private stations. Mr. Dunton said it would be three or four months before the board's policy on television is again reviewed.

Applications for new station licences at Nanaimo and Red Deer were approved as was a power increase for New Westminster. Suspension of the Dawson Creek station licence was recommended.

PRESIDENT HARRY S. TRUMAN

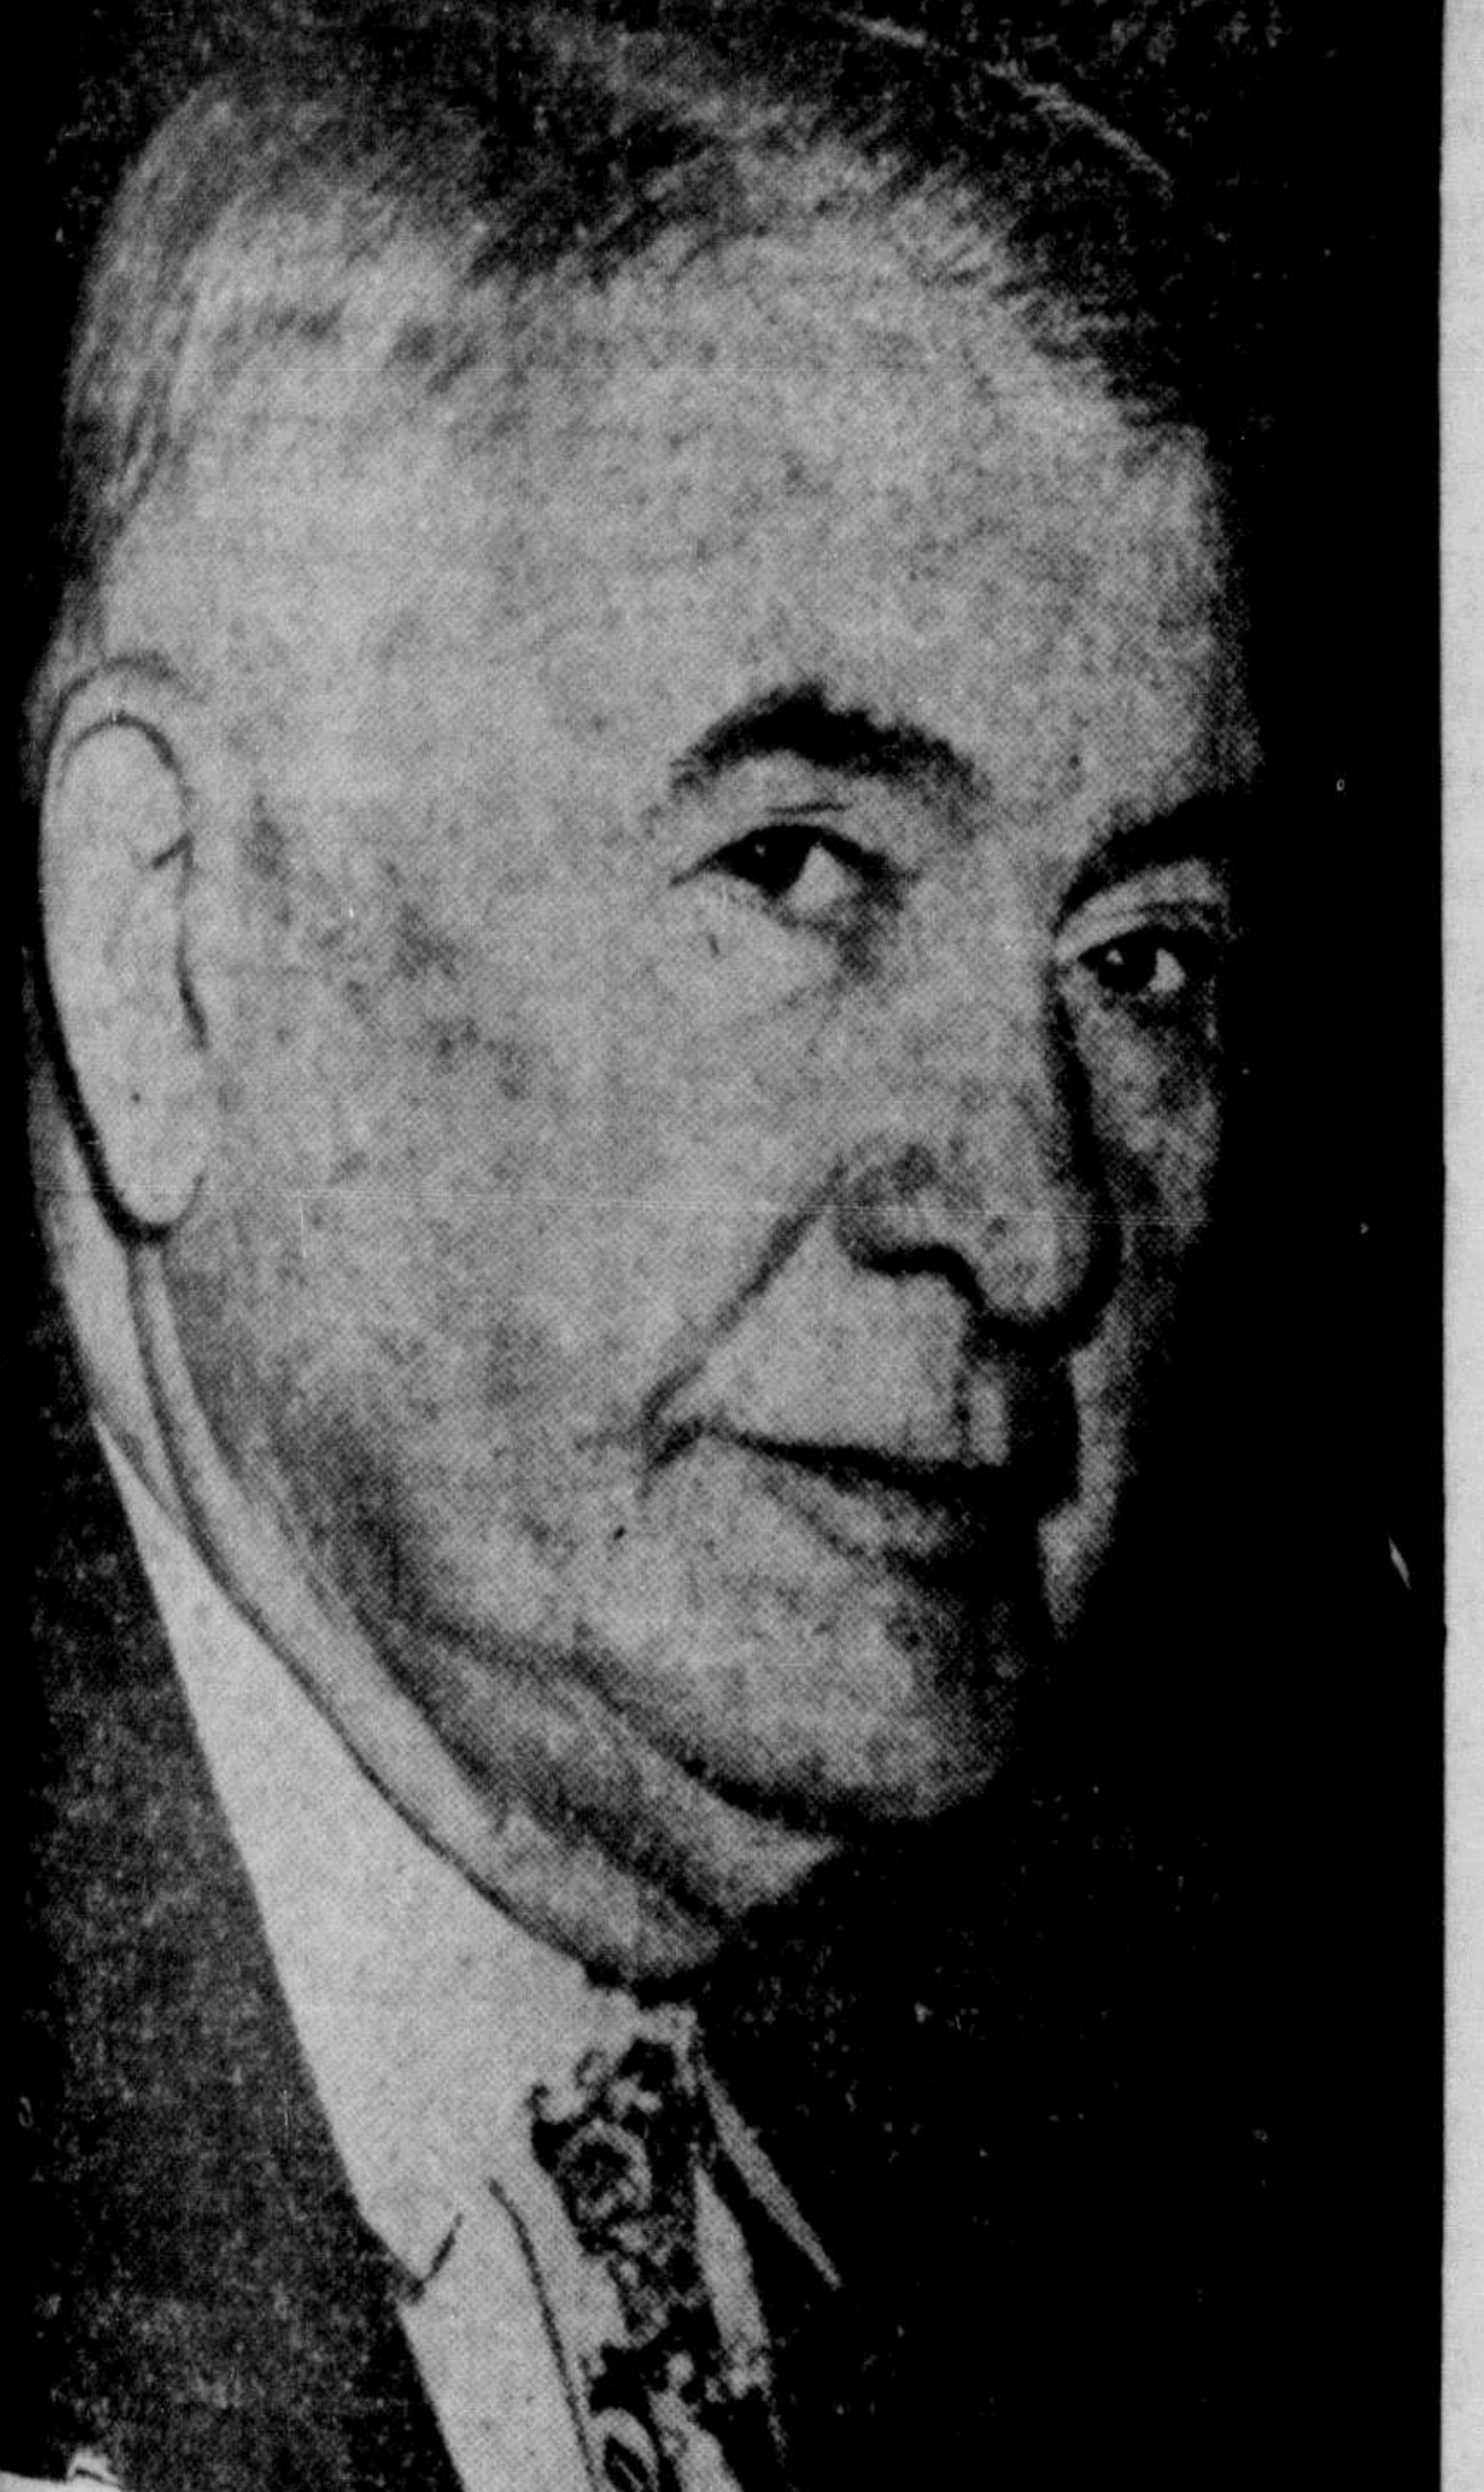

By The Canadian Press

President Franklin D. Roosevelt died in 1945, Harry S. Truman had no wish to run for Vice-President of the United States in 1944. Now he had to succeed Roosevelt at the White House to serve out the remaining three years of the presidency.

Truman's responsibilities seemed just as great. But to a young man he had 11 years' experience in keeping down the running of his parents' farm.

Truman's early business ventures was unsuccessful. He was in a Kansas City haberdashery which went out of business in the 1920's, and he was still paying off some \$20,000 in debt a decade later when he went to the Senate.

After Roosevelt died, Truman was called upon to speak to the people as the voice of the United States. And yesterday his approval.

# The Great Surprise

THE MAN who political "experts" almost unanimously conceded did not have a chance has been re-elected President of the United States. The result is intensely surprising but not inexplicable. Harry Truman overcame such handicaps as a defective Solid South and a disaffection among the New Dealers—factors which seemed to constitute an almost hopeless party split. Yet he came through to win against what appeared to be almost insurmountable odds.

Little less surprising is the fact that the Democrats won back the majorities in both Senate and House. They had been conceded a chance in the Senate. Few thought they would succeed in the House.

In view of critical domestic and external situations, it is evident enough that the American people decided to play safe. They thought the thing out and felt disposed toward a moderately liberal policy within and to take no chances with a change in the field of external affairs.

A gratifying feature of the return of Truman and the Democrats is that there should be a minimum of disturbance in the field of foreign affairs where tense and critical negotiations are going on.

It was a great personal victory for Mr. Truman. Possibly the Republicans over-played their hand against him and caused a revulsion of public opinion. It seems he has been accepted as a man of the people. Strong organized labor support, doubtless, helped him materially.

It was the second try for the seemingly magnetic Mr. Dewey and he lost with odds which had been apparently so overwhelming in his favor. It is, of course, political curtains for him—in the national field at least.

Meanwhile the American people can do no better than accept Mr. Dewey's suggestion and close ranks politically to support the administration in building a strong and free America—and world.

## LOAD LINE HUMBUG

THE GRAND TRUNK Pacific Railway was built through to Prince Rupert in 1914. Soon, it was fondly thought, deep-sea traffic would be passing this way. Here was the new gateway—the short route. Oh yes! The C.P.R. was built through to Vancouver in 1885 but the steamship service was not restricted to the Queen Charlotte Islands and a few Alaska ports for 34 years. Vancouver did not wait until 1919 to be told for the 379th time there could not be any Pacific business because of something or other concerning a load line.

## WEST UNRECOGNIZED

A TIMELY MOVE has been made by the Prince Rupert Chamber of Commerce in requesting the federal government to make provision for the appointment of a member from British Columbia of the board of directors of the Canadian National Railways. The support of the Associated Boards of Trade of Central British Columbia and constituent boards and chambers along the northern line of the Canadian National Railways will be readily forthcoming.

If and when the request is acceded to, this area may well lay claim to having a man hailing from this district named to the post which for many years, until his untimely death, was held by a Prince Rupert man in the person of the late F. G. Dawson.

Meantime, it does seem somewhat one-sided that the farthest west director on the Canadian National board, as it now stands, should be no further west than Toronto.

## SIDELIGHTS OF ELECTION

With the final result still unknown, late last night, it was generally admitted that the polling was providing one of the greatest surprises in many years.

Among the voters in Maine was a man who declared he was 105 years old. He was a Republican and could see no reason why he should change just because he was along in years.

It was the nation's forty-first general election.

Mr. and Mrs. Thomas Dewey drove to the polls with an escort of three other cars. Broad-shouldered secret service men accompanied them inside.

Mr. Truman retired at 7 in the evening. He said he wanted a good sleep and believed he could get it, in his home town of Independence, Missouri. He went early today to campaign headquarters in Kansas City.

The White House was almost in complete darkness last night. There was just a single light near the main entrance.

Mr. Wallace began Election Day about eight o'clock with a substantial breakfast.

There was a vast army of electors. One reason was the fine weather. From nearly all parts of the country came reports of "mild and clear."

In New York City, the Republicans engaged the ball rooms in three of the city's chief hotels. Here, facilities for reading the returns, were provided. Elaborate arrangements were also made for a "victory celebration."

Dewey was certain of strong support in Virginia, but he was greatly disappointed.

Early in the evening, the Chicago Tribune, in a special issue, said with blazing headlines Dewey had been elected. At that time, however, there was no confirmation.

## PRINCE RUPERT YEARS AGO

Messrs. Strassberg and Koller, local moving picture men, were at Anyox with machinery and films for the moving picture house which they were about to open there.

Alderman and Mrs. L. Bullock-Webster sailed on the Prince Rupert for the south. They planned to visit Vancouver and the Okanagan.

**Twenty-Five Years**  
Anton Myren, a fisherman, was lost off the Prince Rupert halibut boat Dolphin, Capt. Peter Byrne as she was proceeding to port from the fishing grounds. The mishap occurred off Estevan Island.

The United States lighthouse tender Cedar was due to go into dry dock here for overhaul. An unusually dry summer was said to be responsible for speedy growth of barnacles which encrusted her hull.

Customs receipts at the port of Prince Rupert for October totalled \$56,292, more than double the collections for October 1922, according to Collector of Customs Jarvis H. McLeod.

## Reminiscences and Reflections

The day Fred Stork was elected Prince Rupert's first mayor, a public meeting was held in the Empress Theatre that evening. The time had come for a general jollification and exchange of pleasantries. "I think," said a supporter, beaming from the stage, "we made no mistake. The first thing we need here is population. So we elected a stork."

Of course, American vice-presidents have lived in the White House before this. Abraham Lincoln was slain in a Washington theatre. Andrew Johnson carried on James A. Garfield was shot dead in a railway station. Chester Arthur filled the vacant chair. William McKinley fell before a gunman in Buffalo and Theodore Roosevelt became one of the most celebrated and colorful of the nation's leaders.

Signs and symptoms of a revival of active interest in municipal problems and city hall affairs! That's fine! When Prince Rupert was younger, to have a policeman summoned from ties

## Resolutions From Here Dealt With

Several resolutions submitted by the Prince Rupert Chamber of Commerce through the Associated Boards of Trade of Central British Columbia were dealt with at a meeting of the British Columbia Council of Associated Boards of Trade in Vancouver last week. Subjects included TransCanada Highway, greater freedom of travel and trade, coastguard service, coastal freight rates, permanent improvements to Haines and Alaska highways and Pacific Great Eastern Railway extension.

## MATERIAL FOR GRADING ROAD

Chamber of Commerce Receives Report From Highway Committee  
Reporting for the highway committee at Monday night's meeting of the Prince Rupert Chamber of Commerce, J. E. Boddie stated that two able grading machines had been added to the equipment on the Prince Rupert end of the Skeena River Highway but now there was no material left on the road for grading. He suggested that a shovel similar to one which was stationed at Terrace should be provided at this end so that material could be made available.

Answering comment that was sometimes heard as to the inefficiency of traffic on the road to warrant year-round maintenance, Mr. Boddie said that interior lumber would be trucked out only truckers were finding out that the road in its present condition was so hard on the trucks that it did not pay to operate. Mr. Boddie suggested that the matter be taken up direct with the Premier and was told that this had already been done as a result of the recent sending of a brief to Hon. E. C. Carson, minister of public works, and Hon. E. T. Kenney, minister of lands and forests.

## STILL SEEKING GRAIN HERE

Prince Rupert Chamber of Commerce Satisfied With Wheat Board Explanation

Prince Rupert Chamber of Commerce did not receive with entire satisfaction Monday night a communication from the Canadian Wheat Board setting forth reasons why the Prince Rupert elevator could not be used in connection with increased exports of Canadian grain through the Pacific Coast this season and referred the matter back to the grain committee to follow up.

The Wheat Board had advised a special committee of the city council that higher ocean freight rates from Prince Rupert as compared with Vancouver had precluded shipments being made through here to South Africa and India. As for shipments to the United Kingdom, mixed cargoes of grain and lumber were required. Further, the movement of wheat this fall was not such as to require additional terminal storage facilities.

## HOW CAN I ???

By ANNE ASHLEY

Q. How can I easily remove finger marks from windows, mirrors, and the like?

A. By using a few drops of ammonia on a cloth, without the necessity of cleaning the entire surface. This is a particularly helpful solution where there are small children.

Q. How can I make smoother fudge?

A. Add one teaspoonful of baking powder to every two cups of sugar when beating the fudge, and the candy will be much smoother in texture.

Q. How can I clean window shades?

A. Common table salt will renew the freshness of non-washable window shades.

## Increase in Icing Charges Protested

On recommendation of the fisheries committee, the Prince Rupert Chamber of Commerce Monday night agreed to a request of the Seattle Express Traffic Committee suggesting that the Chamber join in a protest to the Interstate Commerce Commission of the United States against an increase in express rates in the United States through higher charges for icing refrigerated commodities. The increase is felt on shipments of fish made eastward from Prince Rupert to destinations in the United States.

## Sport Shots

Canada's 1948 Olympic marathon runner, Gerard Cote of St. Hyacinthe, Que., came from away back to win Hamilton's annual 19-mile round-the-bay race by nosing out Ab Morton of Galt, Ont., by only a few yards seven years ago. Cote covered the distance in one hour, 52 minutes and 20 seconds, fastest time for the event in years.

Newly Lalonde, all-time great of Montreal Canadiens, went to Saskatoon of the Western Canada Hockey League in exchange for Autel Joliat. It was 26 years ago that the trade was announced. Near the end of his spectacular career, Newly later returned to Canadiens as coach. Joliat became one of the game's most beloved figures.

**HAMILTON TIGERS WIN MANN CUP IN FINAL GAME OF SERIES**—Climbing back from the depths of near oblivion, Hamilton's amazing Tigers reached the boxla pinnacle, defeating New Westminster Adanacs 12-8 at Maple Leaf Gardens in Toronto, to capture the Canadian senior lacrosse championship and the Mann Cup. Victory was the climax of a stirring uphill battle for the Bengals, who spotted the fast-moving Westerners the first two games in the best-of-five series and came back to snatch three in a row. Above the happy, victorious Tigers "let loose" after the game, when Live Barr of Vancouver, president of the Canadian Lacrosse Association (left), presented the cup to Hon. Russel Kelly. That's Elmer Lee on the stretcher, who manages to raise a cheer, despite suffering a broken leg.

**Francois Lake News**

Ken Routley returned to his home in Port Coquitlam last week. He intends playing soccer until the Christmas season. He played for the Francois Lake baseball team this season.

Although colder, the weather continues dry and pleasant. During the day it is generally quite warm in the sun.

Barry Grainger was riding horseback and coming towards home when he saw 10 wolves resting in the hay field. He managed to shoot three before the others got out of range. They were all black females, measuring six feet from tip to tip.

An electric light has been installed on top of the oil shed on the wharf to guide the ferry into dock at night.

**FRANCOIS LAKE CLAIM STAKED**

FRANCOIS LAKE — It has been learned that N. B. Davis, mining engineer of Ottawa, has filed a claim east of the Co-op Sawmills (G. B. Stanton's) on the lakeshore. The mineral, if found in quantity, will be processed for use in the building industry.

Russ Baker brought an interested party by plane to inspect the claim. In removing the heavy overburden in preliminary investigation a variety of methods have been used, from digging by hand to team and slip and bulldozers. A rough road has been built down to the claim.

Why Mrs. A. S. Dennis, Vancouver homemaker, believes in our democratic free enterprise system.

**"THERE'S ONLY ONE ANSWER TO HIGH PRICES! COMPETITION AMONG BUSINESSES..." SAYS MRS. A. S. DENNIS**

"In bringing up five children, I've had a lot of experience in getting the best buys on everything from cribs to cornflakes.

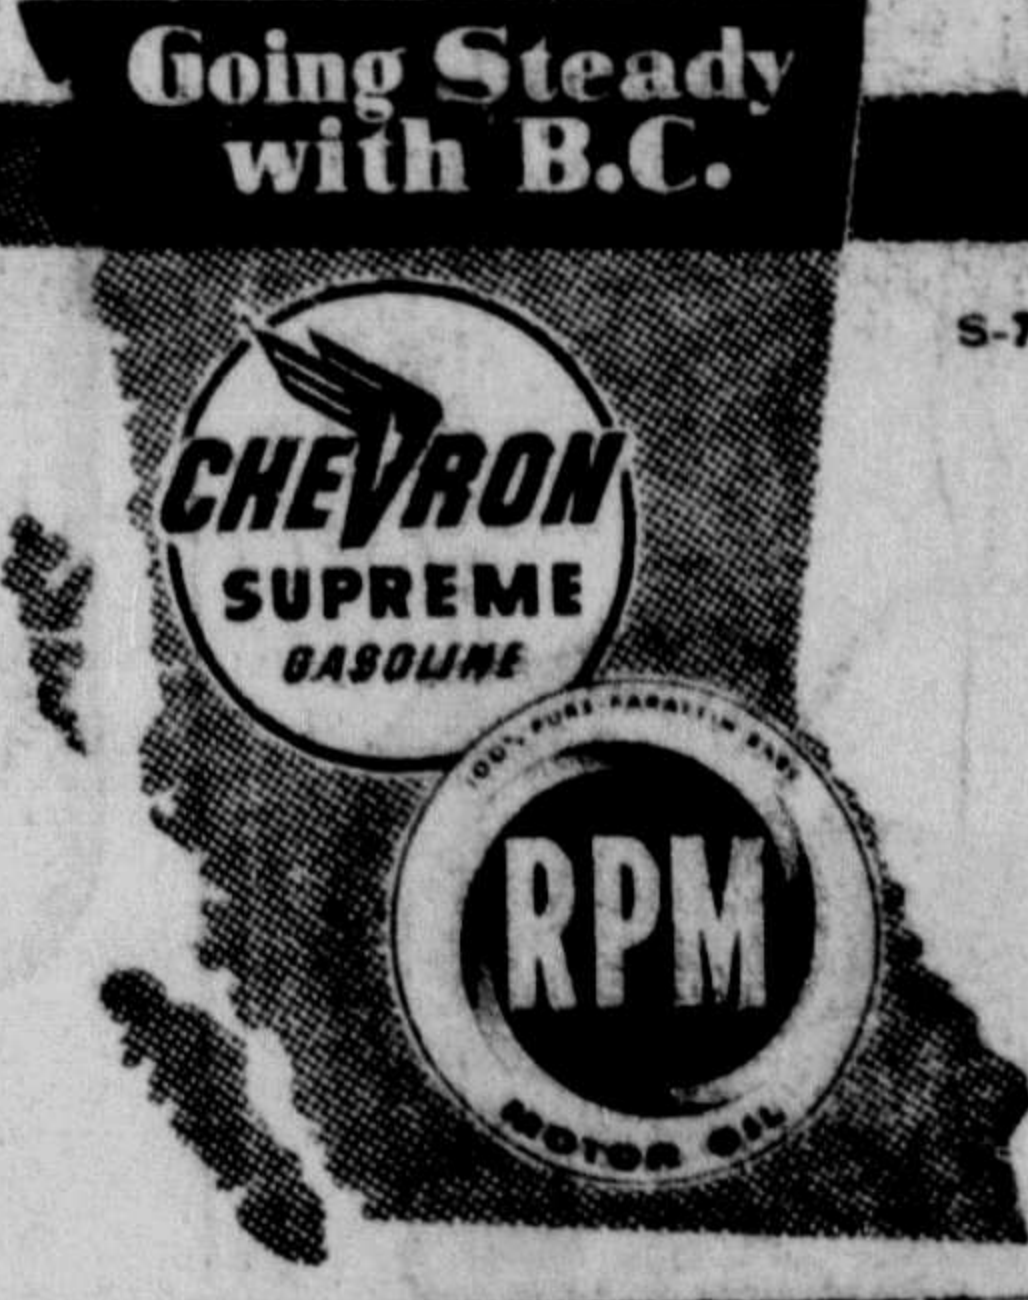

"I've found that competition has always given me the prices I wanted to meet my weekly budget... one store trying to do better than the other on price or service to get my business.

"That's why these Socialist and Communist theories don't make sense to me. If the government took control over pretty nearly everything, I'd only have one place to buy... no real choice of merchandise, and I know what that would mean. Higher prices and poorer service. Take it or leave it.

"No, prices will come down when businesses start to compete with each other again for our trade. That's why I believe in our democratic free enterprise system. It encourages the sort of free competition among industry that will bring prices down. It has offered me, and it will continue to offer me better value across the counter than any system of government control."

**Men's Fashion Show Popular**

Something New Added by Rupert Men's and Boys' Store in Stage Entertainment

Prince Rupert had its first men's style show last night and it went over with popular acclaim before a large intermission audience in the Capitol Theatre. The Rupert Men's and Boys' Store succeeded eminently in adding something new in entertainment line.

Handsome and popular mod-

els appeared in an interesting and up-to-date variety of the latest in men's dress and sport wear. Then followed a showing of what the modern boys, large and small, are wearing. The program concluded with a display of straight utility and working clothes for men.

Attractive stage setting had been ingeniously arranged and the presentation culminated in a humorous finale.

The show was under the direction of Doug Wood, manager of the Rupert Men's and Boys' Store. Andy McNaughton provided the piano music and Mel Thompson was announcer.

Assisting in connection with the stage arrangements were L. W. Felsenthal, William Bryant, Mel Skalmertud, Art Jones, Mrs. E. McGlashan and Mrs. Vivian Berg.

Models were Pat Bolton, David Jones, James Bremner, Reg Lavigne, Eugene Holliston, Wilfrid Taylor, Roy Weiss, William MacKenzie, Bobby Woods, Carl Breehin, William Marchant, and Masters Johnny Marchant, Billy Marchant, Jerry Taylor, Bobby Knutson, Tait McNeice, Rocky Terry, Donald Haudenschild and Tommy Moorehouse.

Pretty Lois Thompson and Elspeth Mackenzie appeared appropriately with some of the male models.

The show will be repeated tonight.
