FOREST MARINE STATION BURNS

VANCOUVER — Exploding paint drums flashed flames 100 feet into the air when fire destroyed a section of the provincial forest service marine station on the Fraser River yesterday.

Two patrol boats narrowly escaped damage.

The entire centre section of the yard was burned out. Damage is estimated at about \$20,000.

WHAT C.C.F. MEANS HERE?

"Consider what the C.C.F. means to Prince Rupert. Do you feel your pulp industry, your fishing industry, your new hotel, your water, land and air transportation facilities, any of them will be improved or speeded up with a CCF government? Do you think your living conditions will be better, or the hoped for aluminum development expedited? Here where so many own their own homes—and so many own their own boats—and you made the price of those homes and boats under private enterprise—do you want now to experiment with state socialism?"—E. T. Appiewhaite.

CANADA WELCOMES NEWFOUNDLAND INTO CONFEDERATION—F. Gordon Bradley, left, Newfoundland's representative in the federal cabinet in Ottawa, and Prime Minister Louis St. Laurent look over the history of Newfoundland. When Newfoundland joined Canada as a tenth province, in accordance with terms signed last Dec. 11, a union that was dreamed about in 1867 by the Fathers of Confederation was cemented. The union brings Canada's area to 3,842,000 square miles as well as adding 325,000 persons to the country's population. Official ceremonies in Ottawa marked Newfoundland's entry into Confederation.

OIL COMPANY TAKES BUILDING PERMIT

Shell to Put In \$72,000 Plant at Morse Creek

A \$72,500 building permit, authorizing construction of a warehouse and installation of oil storage tanks, pipelines and unloading equipment in the Morse Creek basin was issued this morning at the City Engineer's office to Shell Oil Co. of Canada.

The permit gives the green light to a project which has been pending for more than a year and which will establish the first marine oil station at the western end of Prince Rupert's waterfront.

The company has received license to use a portion of the eastern end of the government grain elevator wharf which also carries outlets to the naval oil storage tanks in the Morse Creek area. A 260-foot section of adjoining fore-shore also has been leased by the company where moorage floats will be installed.

Plans for immediate construction have made necessary the removal of 5,000 cubic yards of city-owned gravel stockpiled on the site by a contracting company late in 1948. Permission to use the site for that purpose was granted by the oil company for a period of six months, which has now expired.

Construction plans call for the building of a 70 by 38 foot warehouse in addition to tank facilities.

The permit taken out this morning was signed by S. G. Swain, representative of the company.

ISRAEL GETS RECOGNITION

OTTAWA—Announcement of Canada's recognition of the new nation of Israel was announced last night by Hon. L. B. Pearson, minister of external affairs. Mr. Pearson expressed the hope that there would soon be an exchange of diplomatic representatives.

S. E. Roberts, chief engineer of Celanese Corporation of America, is expected to arrive in the city this week from the company's New York office. Dr. R. Ball, assistant to the vice-president of the company, arrived here yesterday on a visit to the Watson Island construction operation of Columbia Cellulose Co.

GROMYKO ARRIVES FOR U.N. SESSION—Andrei Gromyko, right, newly appointed first deputy foreign minister of the Soviet Union, is greeted upon his arrival in New York by Jacob Malik, head of the Soviet Union's U.N. delegation, Gromyko was in the U.S. to attend an assembly session.

Flash Red Spearhead Driven Almost to Whangpoo R.

SHANGHAI (CP)—The Communists drove a spearhead through Shanghai's back door almost to the Whangpoo River today. The city is all but surrounded by the Reds advancing from various directions—north, south and west. In South China the Communists have lunged to within thirty-one miles of the port of Foochow.

The Nationalists claimed one victory to the north last night.

ASBESTOS TRIAL SET FOR FRIDAY

ASBESTOS, Que. —Fifteen men charged with conspiracy to cite an illegal gathering on May 5 in the course of the strike of miners here, were arraigned yesterday and thirteen of them went free on bail. The other two were remanded for preliminary hearing Friday. Bail of the others ranged from \$800 to \$2300.

LABORITES EXPELLED

LONDON—The Labor party today announced expulsion of two members of Parliament. Five other members of the House of Commons have been relieved of their posts as Parliamentary secretaries to various ministers. Members expelled were Konni Zilliacus, member for Gateshead, and Leslie Solley, member for Thurrock.

NURSES' GRADUATION

VANCOUVER—The largest graduating class in the history of Vancouver General Hospital received diplomas at exercises last night. The class totalled 107. The exercises were held in conjunction with the training school golden jubilee celebration.

FATAL BOAT SINKING

NEW WESTMINSTER—Three persons were drowned when a fishing boat struck a log and sank just before midnight night while trying to cross the Fraser River from Fort Langley. The dead are George Derroche, owner of the boat, and Mrs. Maggie Sevena of Albion and her eight-year-old daughter.

OPPOSES AMALGAMATION

TRURO—George Drew, Progressive-Conservative leader, told an election campaign audience here that his party is opposed to amalgamation of the Canadian Pacific and Canadian National Railways. He believed the two railways should be operated as separate systems.

GREAT TEXAS FLOOD

FORT WORTH—Flood waters which swirled over great sections of Fort Worth slowly receded today. They left six known dead, damage in the millions and a difficult job of safeguarding health with crippled water supply. It is estimated that 13,200 are homeless.

F.D.R. JUNIOR IS ELECTED

NEW YORK—Another Franklin D. Roosevelt goes to Washington. The namesake son of the famous President was yesterday elected to the House of Representatives from the twentieth district in New York. Running as a Liberal, his election was early conceded following the close of polls last night. He takes the seat made vacant by the death of the late Sol Bloom, Democrat.

Mussolini Empire Not Divided Up

NEW YORK (CP)—Decision which may vitally affect the United Nations and world peace were taken at the spring session of the United Nations General Assembly. In an upset vote the Assembly overwhelmingly rejected a British-Italian plan to split Benito Mussolini's former empire between Great Britain, Italy, France and Ethiopia.

The Assembly refused to ease or tighten its diplomatic boycott on Spain which it had barred in 1946 from joining the United Nations or any of its specialized agencies.

DOCKERS HAVE WON DEMANDS

AVONMOUTH, Eng. —Dockers here who had stopped work to demand guarantees that they would not be required to handle cargo of the Canadian ship Montreal City, which is manned by the Seafarers' International Union crew, returned to work yesterday. It was understood that their demands had been met.

"Work has been resumed on every ship except the Montreal City," a port official said.

James Bremner returned by air Tuesday afternoon from a business trip to Vancouver.

DIMAGGIO IS BETTER

NEW YORK —Joe DiMaggio, New York Yankees' \$90,000 bench warmer, will don uniform for the first time this season "some time next week."

The team said that x-ray examinations of DiMaggio's tender right heel were encouraging.

The announcement was made while Manager Casey Stengel pondered the question of his player limit. The Yankees must cut out four men to meet the limit of twenty-four.

Complex Germany

GERMANY is a complex problem and the complexity is not confined to the western or Allied occupation section as witnessed by the election in the eastern section where one-third of the people had the temerity to vote "No" against the Communist-selected slate of candidates.

The logical deduction is, of course, that only ultimate solution will be an arrangement for an autonomous and independent Germany left to settle her internal politics in free and democratic manner.

Germany, like other European countries or any other nation for that manner, can never be a free and useful nation as long as she remains dominated by outside interests, be they the Russians or the western powers.

A nation that is a pawn in international politics or idealogies can never be a peaceful and progressive nation, contributing to a better and brighter world.

FOR BETTER SPORTS FIELDS

ACTIVE, outdoor sport is an important consideration in any community. Local athletic organizations are to be sympathized with in their representations to have improvements made at the Acropolis Hill grounds, the city's only venue for such sports as football and baseball.

The athletes, young and old, are anxious to get going. That is well for them and also for the public, a large proportion of which likes to see sport under practically playable and comfortable conditions.

Doubtless, the city will do all it possibly can in the way of co-operating in putting the grounds and the stands in some sort of respectable condition.

Everyone realizes that there are many demands on the civic purse, more demands than there is wherewithal.

However, it reasonable to suggest that every practical effort should be strained for the support in this way of local amateur sport which is of benefit to the large numbers who actively participate and the many more who enjoy witnessing the sport. It is also good publicity to have a creditable sports field.

JAY WALKING

THE BAN on jaywalking is being enforced in Toronto and to do the same elsewhere in Canada, including Prince Rupert, might not come amiss. Perhaps not everyone but, certainly, many show a tendency to cross over any time or any place. It is carelessness and mighty dangerous. The marvel is fatalities do not number more. Trucks and cars are increasing and so are people on foot. So are babes in arms and babes in carriages. It is all very well to slam taximen and truck drivers but they have their rights as well as obligations and the same is true of all others appearing on the streets. No one is in such a frantic rush or so deep in a day dream he is unable to give at least some regular thought of his own, or the other fellow's safety. It's up to us. The motor age is here and expanding all the time. We would not have it any other way.

Reminiscences and Reflections

By W.J.

A woman whose business is to answer letters to the press, asking questions concerning home and domestic affairs, has been invited to write what she thinks about bachelors. So taking a good grip on herself, the lady confesses she thinks the average bachelor is the most pitied the most envied, the least thanked and the most travelled man on earth. A tough sentence, Sister. But you forgot something. Think of what he's spared.

Mr. Wm. L. Mck King is said to be at work on his memoirs. We feel like telling him the job is a nuisance.

Street repairing in Prince Rupert is under way but, when contracts for rough grading were let, work was indeed work. Take a long look at some of the high retaining walls standing as reminders of a memorable past. Spend a while around Third Avenue and McBride Street, along First Avenue or in the neighborhood of Second Avenue and Eighth Street. There were no streets. They were being made by sturdy men dressed in rubber. There were huge "fills," enough blasts to cause

nervous prostitution (as some whose orthography had been neglected, expressed it), rainfall without end and sidewalks existing mainly in the imagination.

This time, Mother will remember! It seems that in Los Angeles, Sunday, May 8, 1949, at 7:35 a.m. a son was born to Mrs. Mary Lee Vorhels. Four minutes later there was a repeat performance. Combined weight of both sons, nine pounds ten ounces. There will be plenty of future Mother Days, but this is the one Mother is not going to forget—even if she lives long enough to help her sons celebrate their seventy-fifth anniversaries.

It's worry because of a lead pocketbook and not through physical illness that gets the old man down, a physician says. It's lack of the feeling of security and independence that breeds mischief. It's the hunch that perhaps, after all, you're not so welcome that puts "Pop," or "Oldtimer" on the uneasy seat.

APPLEWHAITE AT ALICE ARM

Liberal Candidate Gets Friendly Reception From Two Campaign Meetings

ALICE ARM—Liberal candidate for Skeena in the federal election, Ted Applewhaite addressed two meetings here Monday night—one at Torbrim mine and one in town. Both Applewhaite and his supporting speaker, P. H. Linzey, received a friendly and attentive hearing.

Applewhaite stressed the duties of a member of Parliament with particular reference to Skeena district. "It is a clear-cut question," declared the Liberal candidate. "Do you want to retain the present Canadian way of life—commonly called the free enterprise system—or do you want Canada to be governed under system of state socialism? Do you want to sacrifice the standards of living and the personal freedom you now enjoy in Canada, and replace them with the system which, in one form or another, has brought so much misery to nearly all of Europe?"

"For, make no mistake about it, the policies of the C.C.F. are directed towards a straight form of state socialism and nothing else. Oh, I know they have hedged somewhat in the last few weeks. We now hear that room is to be made in their system for private enterprise to have a place with Government control and ownership and we hear in another quarter that they don't propose the introduction of socialism, they propose to approach governmental problems from the socialist viewpoint. Make what you can of that one! Personally, I had far more respect for the C.C.F. party and its leaders when they frankly and truly admitted that state ownership and state control was—as it still is—their main objective.

"It is a fair question to ask, well what does the Liberal Party offer as an alternative? First let me tell you two things it does not offer: we don't want to take things away from those who own them, nor to put the majority of Canadians on the Dominion's payroll.

"I will frankly admit that our present system is not always absolutely perfect — being a product of human minds and administered by human minds, that is obvious. But we have managed to produce, in the private enterprise countries, the highest standard of living in the

world, the greatest amount of wealth and comfort among all the population that the world has ever known, and all this without taking a man's freedom from him or his rights as a human individual.

"We of the Liberal Party are prepared to use the power of the state to help give our people greater equality of opportunity and to protect the people from the exploitation of selfish interests, without turning the state itself into an instrument of exploitation. In other here.

BELGIAN UNDERGROUND HERO A FREE MAN AGAIN—Arthur Matthys, Belgian underground hero who risked his life at the hands of the Nazis many times during the war, is a free man today after a Toronto court refused to order his deportation to face a charge of killing a Nazi collaborator in Belgium. Shown with his wife and daughter, Ilona, three, Matthys is no longer under \$10,000 bail in which he has been held for many months. He has been in Canada since 1947. The family intend to continue their home near Tillsonburg, Ont. The Belgian government charged that he was one of five members of the Belgian resistance movement who in 1944 forced Armand DeVos, reported Nazi collaborator, into a car, took him to a cemetery not far from Brussels, and there killed him.

Mrs. Albert Chase, of Welling, Kent, England, arrived in the city this week to spend the next few months as guest of her son-in-law and daughter, Mr. and Mrs. D. C. Stewart, Eighth Avenue East.

NORWAY SONS HONOR HOMETLAND ON INDEPENDENCE ANNIVERSARY

Norwegians throughout the world yesterday celebrated the one hundred and thirty-fifth anniversary of their homeland's independence and in Prince Rupert the community of Norwegian background gave customary observance with a special program and banquet at the Sons of Norway hall, Fifth Avenue.

The day, May 17, honored the achievement of Norway's independence from the Swedish empire, an independence which has been unbroken, with the exception of the German occupation during the second world war, for 135 years.

Prince Rupert's Sons of Norway Lodge observed the event last night with a program of music and speeches, part of which was broadcast, and a smorgasbord dinner, followed by a dance.

Prince Rupert's celebration of the anniversary, with its program of speeches, food and music, was rich with the proud tradition of the native seas and mountains.

More than 200 Norwegians, with a few guests of other backgrounds, enlivened the hall with the sounds of appreciation of smorgasbord, a sideboard fare of vast variety and delectability and with applause for musicians and speakers.

In the gathering was a sprinkling of colorful native Norwegian costumes, worn by ladies of the Varden Singers, a city choir which added to the atmosphere of the evening with a series of songs in the Norwegian tongue sung without accompaniment but with a fine feel for harmony.

The hall itself was emblazoned with the banner of Norway, a blue cross, trimmed with white on a red field, and with streamers of the same colors.

John Fredheim, president of the Sons of Norway Lodge, sponsors of the celebration, opened the program with a warm welcome to those present and then, after an interval of recorded Scandinavian music, the gathering heard Rudolph Olsen speaking from radio station CFPR in a 15-minute broadcast portion.

The Norwegian people, whether they remained in their homeland or had given their loyalty to some country abroad still prized courage and are aware that its ineluctable result is struggle, Mr. Olsen said.

Master of ceremonies Percy Knutsen introduced the gathering to the smorgasbord table, piled high with its delicious cold-plate fare which diminished rapidly under the following onslaught.

The program continued, after the repast, with three songs by the Varden Singers, directed by Peter Lien.

MAIN ADDRESS
Rev. Earl Solland, pastor of St. Paul's Lutheran Church, delivered the main address of the evening. He spoke on the sub-

ject of "Norway's Greatness" and saw it as a skein of courage and love of liberty which has influenced western culture since the Norse became a world power in the Viking days of the seventh century.

"Of all the nations of the world, I doubt if you can find one which has contributed more to the good of mankind than Norway. That happens to be a matter of pure, historical evidence," the pastor declared.

Mr. Solland recalled that it is part of the written record that

in the days of the Vikings, Norway was the chief among the western nations and for more than 500 years was a great, colonizing power.

Not only did Greenland, Iceland, North America, Normandy, Italy and Palestine become Viking outposts but the Norwegians even went so far as to find the city of Dublin as a headquarters for their expanding colonies, Mr. Solland informed his listeners.

"The love of freedom has always been inherent in the Norwegian blood," he declared. "It was because they refused to submit to attempts at feudalism at home that the rovers set out to find new lands. In the tenth century, Eric the Red set out for the westward because he refused to pay taxes to a feudal lord."

But while Norway has been

and is a great world power, it is in the field of human relationships that its greatness lies, he asserted. It is a leader in social science, yet always considerate of individual rights.

"There is nothing new in this idea, this love of individual liberty which characterizes people of our race. The Magna Charta, foundation of Anglo-Saxon law, contains the same principles as the ancient Norwegian statutes," he said.

In embracing the loyalty to their adopted lands, the Norwegian people are bearing out the estimate of one of their national poets who said that "we will never submit to a tyrant but will take leadership from anyone we choose as King," he concluded.

Mr. Solland's address was followed by two vocal solos, in Norwegian, sung by Mrs. Anton Dyl-

havn and by two violin solos by Bert Cameron. Both were accompanied by Peter Lien at the piano.

At the conclusion of the program, the floor was cleared and dancing was begun with music by Mike Colussi on the piano accordion.

An appreciative round of applause was given to the committee which had organized the function. Committee members were Pat Deane, Gunnar Selvig, Rudolph Olsen, Mr. and Mrs. Carl Strand, Mrs. Alf Jensen, Mrs. James Taylor, Mrs. Oscar Giske, Mrs. Frank Schroeder, Mr. and Mrs. John Petersen, Mrs. Pete Petersen, Percy Knutsen and R. Hundelde. Appreciation also was expressed to Dan Wick for supplying the recorded Scandinavian music which provided background for intervals in the program.

May Queen Candidates

Kinsmen Complete Preparations for May 24

Five city schools have each selected a candidate for May Queen at the Kinsmen Club May 24 celebration, it was announced at the regular meeting of the club Monday night.

Gwen Speer is Conrad Street School's choice, Lynn Nickerson will represent Borden Street School, Roland Turcotte is the candidate from the Annunciation School, Marg Youngman will be Booth Memorial High School's representative and Lora Erickson was given the honor of carrying the colors of King Edward School. In the last two years Borden Street School and Conrad Street School have had their turn providing the May Queen so this year's Queen will be drawn from candidates of the other three schools. Barbara Bell of Telegraph Creek, who was attending Conrad School last year, will, as retiring queen, pass the reigning powers on to the new queen during the official coronation ceremony on May 24.

A Monte Carlo dance complete with games and fun for all, including a Quiz contest to determine who wins the 1949 Ford Sedan and the Fleetwood automatic combination radio-record player, will climax the day's entertainment, according to R. Barbour, chairman of the ticket sales and dance committee.

R. E. Montador, reporting on the activities of the parade committee, announced that 38

letters have been sent out to business firms and organizations which may realize the publicity and goodwill value of a well decorated float. This year a cup will be awarded to the best float entered by the Boys' Scouts, Girl Guides, Cubs or Brownies. Cash prizes will be posted for floats in other classes and as in previous years there is expected to be keen interest shown in the children's class where decorated bicycles, tricycles, wagons and doll buggies predominate. Job's Daughters have been requested to enter their drill team in the parade and if uniforms are available by May 24 the girls will make a public appearance. Prince Rupert's smart Shrine Band will be in attendance.

Cash prizes will be awarded to winners in the open sports events held in Roosevelt Park, following the parade. There will be races for boys and girls from five years and under to those 14 years and under. Harry Sheardown who is in charge of the committee responsible for the sports program reported that there will be a number of novelty races and relays as well as the straight dashes.

Eddie Garner reported that the refreshment committee had arrangements well in hand and stated that this year as in past, May celebrations, school children as well as younger ones will receive tickets that will entitle them to a free treat at the refreshment booths.

R. Barbour, reporting on the progress of ticket sales, stated that fine support had been received from girls of Booth Memorial High School Student Council who were selling tickets for the Club last Saturday and will continue through until ticket sales close. A city-wide canvass commenced last night with members of the Club and several girls from the Student Council covering the district east of Hays Creek.

Guest at last night's meeting was Ted Ravening of North Vancouver.

REWARDED FOR HIS BRAVERY

DRUMHELLER, Alta.—In recognition of a remarkable act of sacrifice when he saved F. D. Campbell, a fellow employee, from drowning in the swollen Rosebud River last May, T. Pederson, member of a Canadian National Railways bridge and building gang, was honored here yesterday by the Royal Canadian Humane Association. The presentation took the form of a framed parchment certificate recording Mr. Pederson's act of valor.

The presentation was made on behalf of the Association by D. Hickey, superintendent of the Calgary district. More than 100 employees and residents of the district were on hand, including Mayor L. A. Bennett and Mrs. Bennett, W. H. Acton, president of the Board of Trade, and company employees and representatives of the railway labor organizations.

HOW CAN I ? ?

By ANNE ASHLEY

Q. How can I determine when the final color will be when dyeing?

A. When dyeing red over yellow the final shade will be orange; blue over red will be purple; green over blue gives blue-green. Light colors may be dyed darker, but dark colors cannot be dyed a lighter shade unless a dye remover is used. Always remember that the original color plus the dye used equals the final shade.

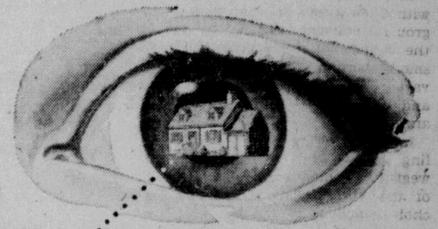

Q. How can I render fat?

A. Cut into small pieces, run through the food chopper. Then melt in the upper part of the double boiler. Strain through cheesecloth, laid in a wire strainer.

Q. How can I remove banana stains from clothing?

A. By covering the spots with a liberal paste of fuller's ear and water.

look at your home through the eyes of a stranger

Could it do with a good coat of paint and a general 'fix up'?

Strange how we are apt to notice signs of neglect in someone else's house and overlook the same things in our own. It's a costly tendency, too. For one bit of disrepair soon leads to another. Wood deteriorates when the paint wears off. A broken post undermines the whole fence.

It pays to make your repairs promptly.

That goes for indoor improvements, too. You save money, time and material, by attending to home repairs right away—before the damage gets worse. And every improvement adds to your comfort and to your pride in your home.

If you need more money than you have on hand to pay for the necessary repairs, see your B of M manager about a low-cost loan. Save by paying cash. And save yourself trouble by paying off all repair bills at once.

Why not make a list of the repairs your house needs today? Then discuss your improvement plans with your B of M manager... in confidence. You'll like his helpful attitude.

Local Association meeting Monday night bluntly accused the "fosters of classifying every body except the rawest recruits as old timers for strategic purposes, thereby presenting an annual all-star line-up against the rookies with the inevitable result. They forestalled an effort on the part of the old men to classify players according to age for the forthcoming rookie versus-veterans game in the hope of retaining some of the cream on their own roster. Despite the fact that a man has played for a few years, if he is reasonably young, he should play on the youthful team, they argued.

Date of the official season opener was not specifically set at the annual meeting but it will be some time in the third week in May, if things go according to plan.

And if they are to go according to plan, they had better get moving shortly. The league has plans for a three-team association and, despite the fact that no teams are yet definitely lined up, they believe that they will have little difficulty filling strength, both as to teams and players. Merchants' and Savoy colors are again expected to be seen on the local diamond this year with the possibility of a third entry sponsored by Columbia Cellulose. Until the teams are lined up, a schedule cannot be organized.

The baseball association plans to contact the city council to have the Roosevelt Park field put into shape for play and there are plans in the air for real improvements, including a proper grandstand, without which, it is felt, baseball cannot make much headway here.

The league hopes to place emphasis on attracting young players and give them an opportunity to take part in regular league play, thereby building up a backlog of new players over the years. With at least thirty youngsters actively interested in the game, the Association decided to sponsor an autonomous Junior League and Benny Wandle, Cliff Dahl and Alex Bill were appointed a committee to attend a junior organizational meeting this Thursday night.

LEFTOVERS KEEP LEAD

Leftover further improved their margin of leadership in the Spring Mixed Bowling League this week, extending it to seven points by winning a clean sweep three games to nil victory over the Gutter Snipes. The Humdingers are still in second place.

The team scores were: Leftovers 3; Gutter Snipes 0; Miller Bay 3; Hangovers 0; Teeners 2; Amazons 1; Humdingers 2; Alley Cats 1; E. Knutson of Humdingers was also single game and high three game aggregate scorer with 255 and 652 respectively.

For the men J. Graham of Gutter Snipes had high single score of 292 and I. Dunbar of Leftovers had high aggregate of 719 for three games.

The team standings are as follows:

NEW VETS BEAT OLD

In the final match of the "four some" English billiards tournament last night at the Canadian Legion Hall, the New Vets made good their boast at the start of the tournament and came out victors by the narrow margin of 11 points in a 250-point match which was anybody's game, especially nearing the end when the scores stood at 239 to 235 in favor of the oldsters.

Both sides were playing even, the Old Vets being represented by Alex Harvey and Jack Judge while the New Vets team consisted of Jock Campbell and Bruce Simundson.

Play opened with the New Vets taking the lead, a position which they held until after the second century had been passed when the sides were even with a score of 202.

Jock Campbell, for the New Vets was a consistent scorer for the winners throughout the game, and when the first century was recorded the New Vets with breaks of 23 and 22 respectively. Shortly after half time

Campbell increased the lead with a break of 20 but the Old Vets were in fighting mood and struggling hard to reduce the lead. Alex Harvey scored the highest break of the evening, a well played 25 to offset the rivals' advantage. From this point onwards Harvey was more than a match for Jock Campbell and the Old Vets score crept up until both teams were even at 199. The Old Vets momentarily took the lead at 216 to 211 but were tied again at 221 and then lead again at 237 with their opponents 2 points behind. With the Old Vets score standing at 239 and a four point lead, Bruce Simundson went to the table and his unfinished break of 15, his highest of the evening, won the event for the New Vets in an exciting finish.

Alex Harvey for the losers, played the best billiards and it was due to his consistent scoring that the finish was so close. His partner, Jack Judge, never got started, and throughout the match gave him little support. Jock Campbell had the same experience with Bruce Simundson who, until near the end, failed to show any sign of his previous form which has brought him into tournament finals during the season. Jock Campbell played one shot which brought applause from the spectators when, with a follow through cannon from the bottom of the

MORE TOURISTS, SPENDING LESS

According to those identified with making ready for the summer influx of tourists to the British Columbia coast and interior agree that, while the number will exceed those of previous seasons, there will not be as much spending. Mail inquiries have been very heavy. But the expectation is that the per capita expenditure will be a good deal less. Far more people seek lower priced accommodation.

SYNOD IS IN SESSION

Bishop W. F. Barfoot of
Edmonton Principal Visitor—
Two New Priests Ordained

Distinguished guest of the Anglican Synod opening today and continuing Thursday is Bishop Walter F. Barfoot of Edmonton, who arrived with his wife on the train last night.

Bishop Barfoot is no stranger to Prince Rupert and has visited here from time to time ever since the summer of 1926 when he was in charge of the Cathedral before the then Archdeacon Rix was made Bishop of Caledonia. He is a veteran of the First World War and was awarded the Croix de Guerre. For many years he taught in the theological colleges, being professor at Emmanuel College, Saskatoon, and warden at St. John's College, Winnipeg. He was made Bishop of Edmonton in 1941 and is acknowledged in Edmonton and throughout the district by the whole community as a leader as well as a friend.

Bishop Barfoot attended the Lambeth Conference of Anglican Bishops from all over the world which was held last year in London and he also went to Amsterdam for the Conference of Christian Churches which assembled out of almost all the nations of the world. At Amsterdam he was one of ten delegates chosen to represent the Canadian Council of Churches. He speaks Wednesday night at a public meeting on Lambeth and Amsterdam. He also is the special preacher at the synod, service this morning at St. Andrew's Cathedral.

Ordained to the priesthood of the Anglican Church at the synod service this morning were Rev. John Hayhurst of Kitwanga who has been for many years a missionary among the native people both on the Naas River and at Kitwanga and Kitwanoon; and Rev. Kenneth Collison, son of Mr. and Mrs. Max Collison of Smithers and grandson of the late Archdeacon W. H. Collison, pioneer missionary of the Queen Charlotte Islands and the Naas River. Kenneth Collison served in the R.C.A.F. during the war and since then has been graduated from the Anglican Theological College in Vancouver. He has served for the past year the missions of Endako, Fort Fraser, Fraser Lake and Vanderhoof.

Attending the Synod are Rev. Hugh Mortimer, Fort St. John, Rev. Gordon Smith, Dawson Creek, Capt. Taylor, Sunset Prairie, Rev. K. M. Collison, Vanderhoof, Rev. A. W. Atkinson Burns Lake, Rev. Canon Arthur Hinchliffe, Smithers, Rev. E. V. Bird, Hazelton, Rev. John Hayhurst, Kitwanga, Rev. H. Godfrey Bird, Telegraph Creek, Rev. Charles Lomas, "Northern Cross," Rev. Samuel Kinley,

Aiyansh, Rev. M. A. Stevens, Ocean Falls, as well as the Prince Rupert clergy.

Also as lay delegates there are Max Collison and R. W. Champion from Smithers, J. S. Brown from Burns Lake, Nathan Shaw, W. Ridley and S. Brown from Kitkatla, S. Doolan from Kincolith, H. McKay from Greenville, P. Mercer and A. Adams from Aiyansh, E. Jones and W. Matthews from Old Masset.

Some of the parishes and missions are represented by ladies, among whom are Mrs. Bert West from Terrace and Mrs. John Braithwaite from Fraser Lake.

HAVE YOU \$10 in U.S. FUNDS?

If you have more than \$10 in U.S. cash you should turn it in to your bank, in exchange for Canadian dollars, without delay. Existing regulations make it illegal for any Canadian resident to retain in his possession more than \$10 in United States cash.

HERE'S THE REASON

Canada must have the U.S. dollars spent here by tourists in order to make them available for the payment of imported goods and services needed to keep production and employment at a high level.

CONCILIATION IN WAGE DISPUTE

A wage dispute between the operators of the Torbrit silver mine on Alice Arm and the International Union of Mine, Mill and Smelter Workers' is now before a board of conciliation. The chairman of the board is J. Edwin Eades, with the operators represented by J. P. MacKenzie and Ken Smith, the union representative.

The number of miners involved is 150 and what is wanted is the wage scale advanced to \$10.28 daily. This would equal the rate given the Consolidated Mining & Smelting Co.

The silver mine at Alice Arm commenced production in February last. It is one of the newest producers.

WHITE HORSE TO VANCOUVER

Former Prince Rupert Man
Here As Co-pilot of Seaplane

One of the early physical training and supervised playground directors in Prince Rupert back in 1937 and now identified with forestry service in the Yukon after Royal Canadian Air Force service during the war, Harry Gordon-Cooper was in the city at the first of the week flying from Whitehorse to Vancouver in a SeaBee seaplane. He was accompanying Bud Harbottle, president of the company owning the machine which is to be disposed of after which Cooper and Harbottle will proceed to Edmonton to pick up an Aerona and fly it to Whitehorse.

After spending a year bush piloting in the Yukon, Cooper joined the Yukon forestry service, which comes under the federal Department of Mines and Resources.

The flight from Whitehorse here Sunday took 4 hours and 45 minutes. Take-off was made Monday for Vancouver direct.

CRASH KILLS TWO AIRMEN

TRENTON, Ont. —The crash of a light training plane into a pond near the Royal Canadian Air Force station here killed two officers of the Royal Canadian Air Force—Squadron Leader H. G. Kellor, D.F.C., D.S.O., and Squadron Leader J. E. McLurg.

Flying about 100 feet up when the motor cut out, the plane flopped over and plunged into the pond.

Both Kellor and McLurg were Trenton men.

You Gain Much from Better Breakfasts

Mothers — here are some simple facts. But, they are important to the welfare of your girls and boys. How they can benefit: How you can profit.

Appreciate: the Extra Importance of Breakfast
Children, who eat skimpy breakfasts, may be undernourished. Particularly when they don't take the right kind of food at breakfast to supply their daily needs. Junior may be day dreaming. His marks may be poor at school. Perhaps Jane is jumpy and can't concentrate.

Grape-Nuts — a Cereal Specially Made for breakfast
Start serving your family the cereal share of a better breakfast — just two tablespoons each of appetizing Grape-Nuts. There's balanced nourishment in these golden, crunchy kernels of whole wheat and malted barley. Fine food values too, because of useful quantities of carbohydrates, proteins, minerals necessary to health. Delicious with milk or cream. Different recipes are on the package. Today order economical Grape-Nuts from your grocer.

A Kitchener, Ontario, mother writes: "We like Grape-Nuts during summer and winter. The kids enjoy helping themselves to a dish after school besides having them for breakfast."

REPORTS ON CONVENTION

The annual meeting of the Borden Street School Parent-Teacher Association last evening in the school provided a full evening's business for those present. Following the election of officers was an interesting talk by Miss Jean Urquhart on the recent Conference of the B. C. Federation of Parent Teacher Associations. Then delightfully colored reproductions of scenes from the operetta staged by the school in the Civic Centre last month proved of unusual interest to the parents. Finally there was a showing of films including one on Cancer and then one on the Turner Valley Oil Fields. The latter was shown by Mr. and Mrs. Evans.

The election of officers resulted as follows:
President—Mrs. H. C. Flood (re-elected).
Vice-President—Mrs. A. J. Dominato (re-elected).
Secretary—Mrs. Greissel.
Treasurer, Mrs. Halvorsen.
Refreshment Committee Convener—Mrs. P. Bond.
Representative to the P.T.A. Council—Mrs. William McLeod.
Representative to the Film Council—Mrs. C. Strand.
Membership Convener—Mrs. Watmough.

Miss Urquhart gave a comprehensive report of the annual convention, keeping her listeners interested in her graphic review of the highlights of the three-day meeting. The theme was "Developing a Responsible Citizenship." Dr. Norman McKenzie of the University of British Columbia emphasized that this was a matter for the individual and such organizations as P.T.A. were a powerful agency in doing so. Rev. W. B. Willan pointed out that people need a vision that would provide a challenge to them and so give them an incentive to progress along democratic and sane lines.

The talk by Percy Gladstone, an Indian speaker, was most enthusiastically applauded by the conference as he made a plea for better educational opportunities and more sym-

pathetic treatment. Massett is the only place with a native Parent Teacher Association in the province.

Membership in the province has increased to an all-time high of 24,800. Miss Urquhart presented a certificate of merit to the local Association for their membership drive. This was accepted by S. A. Cheeseman who has consistently led the schools in obtaining members.

Other items of interest included reports on sessions attended by Miss Urquhart where the Parent-Teacher Education plan and Education of the Pre-School child were considered.

Two resolutions submitted from the Prince Rupert Parent Teacher Council had been endorsed. The speaker strongly recommended that associations obtain films dealing with plant reproduction, and human reproduction. These will form part of the modern approach to health education.

Votes of thanks were accorded Miss Urquhart, the retiring members of the executive, Mrs. Wm Rothwell and Mr. and Mrs. Evans. Refreshments were served with Mrs. Lineham, Mrs. Phillipson and Rodney assisting. Mrs. A. J. Dominato presided in the absence from the city of Mrs. Flood and Mrs. F. Wright was secretary. Mrs. Crawford Moore presented the financial report which showed a most successful year.

A-BOMB CHECKS 13 KREMLIN MEN—CHURCHILL—Winston Churchill, Britain's wartime prime minister, right, is pictured with elder statesman Bernard Baruch as he arrived in Boston Mass., to address the Massachusetts Institute of Technology. He told his audience of nearly 14,000 that "thirteen men in the Kremlin" are aiming at world rule and "Europe would have been communized, like Czechoslovakia, and London under bombardment some time ago but for the deterrent of the atom bomb in the hands of the United States."

brought about by constructive Liberal policies

Liberals mean what they say. Look over the record of the last five years — the most impressive period of prosperity and growth in our history. It shows that Liberal performance exceeds Liberal promises.

Under Liberal policies, Canadians can be confident that this forward march will continue — that Liberal promises will again be carried out.

More Jobs—More Income
More people are working than in any previous peacetime period — nearly a million more than in 1939. National income is 1.5 times as high as in 1939, is more widely distributed than ever before.

More Savings
People have nearly 2½ million more bank accounts than before the war. They have put aside more than 4 billion dollars in personal bank savings.

More Production and Trade
The products of our farms and forests, factories and mines and fisheries are worth twice as much as ten years ago. And Canada's exports are more than four times greater. Canada is the world's third largest trading nation.

More Family Allowances
The federal government has, since 1945, invested one billion dollars in Canada's children. Four million boys and girls in 1½ million families are receiving a better start in life. Benefits are being extended this year.

National Health
Health grants to provinces are helping to build a stronger nation. Many projects are already under way: nine province-wide health surveys; 15,000 additional hospital beds; training for health specialists; increased health services and resources.

More Old Age Pensions
Federal payments have been twice increased since 1945. The new pension basis is now increased to \$40.00 a month, providing greater comfort and security for the aged and blind.

Aid to Home Builders
Close to 300,000 dwellings have been built since the war. More homes have been built in Canada, in proportion to population, than in any other country; and more were built last year than any time in our history.

And lowered taxes as well!
By careful administration the Liberal government has established these records and been able at the same time to cut the national debt by 1,625 million dollars. And every budget since 1945 has announced lowered rates of taxation.
