

# Mill Construction Weeks Ahead of Schedule

## Program Is Reaching Its Second Phase

on the construc-  
tion of the dissolving  
mill of Columbia  
Company Ltd.  
on Island is  
weeks ahead of  
the preliminary outdoor  
work," according to  
the company, "has reached a point  
where it has become possible to  
begin the construction of the  
main building. Notwithstanding sev-  
eral days of bad weather, the  
general building program  
behind the second and  
third phases of the building shells  
various structures.  
Columbia Cellulose  
Co. Ltd. placed a con-  
struction extension to the  
main building workers.  
The fifth addi-  
tional unit. General work  
on the plant will  
begin through the holi-  
days. 90 per cent of  
the plant and 20 per cent  
of the panels planned for  
the plant site and are  
being assembled.

## Body Found In Harbor

VANCOUVER — Body of an  
unidentified elderly man was  
fished from Second Narrows by  
Burnaby police yesterday. Badly  
decomposed, it was found float-  
ing among logs in a boom. It  
was discovered by a log scaler  
working on the boom which was  
anchored a quarter of a mile off  
shore.  
Police believe the body may be  
that of a drowned logger.  
The body was so badly beaten  
by thrashing logs that police  
have not been able to discern  
possible marks of violence.

## Landing Field Sites Visited

Federal Engineer and Cham-  
ber of Commerce Committee  
At Tugwell Island  
Sites of possible airport or  
landing development on Tugwell  
Island were inspected yesterday  
by M. H. McClary, engineer for  
the Department of Transport,  
who made the trip on the depart-  
mental cruiser Catherine B. and  
were accompanied by T. N.  
Youngs, chairman of the air  
transportation committee of the  
Prince Rupert Chamber of Com-  
merce, and P. H. Linzey, secre-  
tary.  
With the aid of contour and  
sounding maps provided by Can-  
adian Pacific Airlines, two sites  
in particular were inspected —  
one which would allow for a strip  
7500 feet long running the  
length of the island and the other  
about 4,000 feet across the north  
end.  
"It looks to me like a very  
practical proposition which could  
be carried out at a reasonable  
cost," said Mr. Youngs this morn-  
ing. He was particularly im-  
pressed with the longer field  
possibility.  
The Chamber of Commerce is  
now endeavouring to arrange for  
a reconnaissance by a competent  
engineer who would be accom-  
panied by W. R. May, director of  
development, Canadian Pacific  
Airlines, who has agreed to come  
here at any time.

## AIR PASSENGERS

To Vancouver (Today) — J.  
Prusky, C. H. Elkins, J. Sharp.  
To Sandspit — (Today) — N. H.  
McClary.  
From Vancouver (Wednesday) —  
H. K. Small, R. McMullen, Mrs.  
H. Blackburn.  
From Sandspit (Wednesday) —  
C. Nelson, Mr. Davies, Mrs. Mol-  
stad.

## INFRINGEMENTS ARE CHARGED

TORONTO — Alex McGregor,  
Ontario council member of the  
Dominion Football Association,  
said here last night that a Dom-  
inion Association's committee is  
already at work probing charges  
that amateur players in British  
Columbia received signing wages  
and fees.

## KAYOED BY JOE LOUIS

Former Champion to Continue  
Boxing on Exhibition Basis  
CHICAGO — Joe Louis will  
continue boxing but "strictly on  
an exhibition basis" he said last  
night after knocking out Pat  
Valentino of San Francisco in the  
eighth round at Chicago  
Stadium.

The retired heavyweight  
champion said: "I am fighting  
an exhibition with Lee Oma next  
Wednesday night and another  
with Al Hosman in Oakland, Cal-  
ifornia, on December 19. After  
the first of the year I am plan-  
ning an exhibition tour in South  
America. I've never boxed  
there."

HOUSE VETERAN — The age of  
Thomas Langton (Tommy) Church,  
member of parliament  
for Toronto Broadview since  
1921, is a mystery—he doesn't  
list it in the Parliamentary  
Guide. But Mr. Church's love  
of things British is an open  
book; it's still the British Em-  
pire (not Commonwealth) as far  
as he's concerned. He's  
often remarked he's the only  
"real Conservative" left in Can-  
ada. Mr. Church was mayor of  
Toronto from 1915 to 1921.  
(CP Photo)

## SONS OF NORWAY PLAN CHRISTMAS

Business in connection with the  
Sons of Norway Christmas tree  
for children in the Oddfellows'  
Hall, December 29 was discussed  
by members at a meeting Wed-  
nesday night.  
Two new candidates were in-  
troduced into the organization.  
They were Carl Moslad and Gor-  
don Olsen.  
It was announced the meet-  
ing for December 21 will be post-  
poned until January 4.  
Following the meeting the  
large attendance of members  
were served refreshments.

## Flash

NEW ATOMIC PILE  
OTTAWA—Construction of  
a second radioactive pile or  
reactor at Chalk River, Ont-  
ario, atomic project, was  
recommended today by the  
House of Commons commit-  
tee on atomic energy in its  
final report, tabled in the  
House of Commons. The pro-  
ject's present reactor is based  
on the heavy water principle  
and is unique in the atomic  
world.

NEW ZEALAND CABINET  
WELLINGTON, N.Z.—Sidney  
G. Holland, 55-year old leader  
of New Zealand's National  
party, announced his cabinet  
today. He will hold the fi-  
nance portfolio as well as  
Premiership. He has also ap-  
pointed two personal minis-  
ters.

SEAMAN IN CHAINS  
VANCOUVER—A seaman is  
being held in chains here, a  
prisoner aboard the ss. Ameri-  
can Mail until the ship  
reaches a United States port  
at Portland where he will be  
turned over to the Federal  
Bureau of Investigation of-  
ficers for delivery to Chicago  
where he is wanted on charges  
of train theft and assault  
with a deadly weapon. The  
man is Rodney H. Regan. The  
ship docked here Tuesday  
night from Japan.

CAPITAL TO FORMOSA  
CHENG TU, China — The  
Chinese Nationalists decided  
today to transfer the seat of  
government to Taichung, For-  
mosa.

WINDSOR'S COMING  
LONDON — The Duke and  
Duchess of Windsor, whose fi-  
nancial resources have be-  
come impaired by devaluation  
of the pound, will shortly  
make a trip to the United  
States. The former King is  
here on business. The Duchess  
remains in Paris.

## CANADIAN CHAMBER MANAGER COMING

D. M. Morrell, general manager  
of the Canadian Chamber of  
Commerce has written to C. A.  
Berler, who attended the annual  
meeting of the Canadian Cham-  
ber in Montreal in October and  
was appointed to the regional  
committee for British Columbia,  
that he hopes to visit Prince  
Rupert before very long. The oc-  
casion may be next year when  
the annual meeting is held in  
Alberta or Saskatchewan. Mr.  
Morrell suggests.

## Frost, Fire And Fog Down Coast

VANCOUVER — Frost  
and traffic-snarl fog hit  
Vancouver today with the mer-  
cury dropping to 21 above, the  
lowest of the season. There  
were several minor accidents.  
At New Westminster three  
firemen were injured and prop-  
erty damage estimated at \$20,-  
000 was caused when fire de-  
stroyed a kiln at the Capilano  
Timber Mill. It took eight  
hours to put out the fire.

## City Goes To Polls Today

A relatively heavy poll was an-  
ticipated in Prince Rupert's civic  
voting today on the strength of  
this morning's vote which saw  
about a score off people cast bal-  
lots for mayor, and six alder-  
men and vote on two referend-  
ums, within the first hour.

When the Civic Centre polling  
station opened at 8 o'clock,  
only two voters were in sight.  
One of these, Eric Faure, candi-  
date for a two-year aldermanic  
seat, cast the first ballot of the  
day.

Within the first rain-washed  
hour, three more candidates  
showed up—G. J. Dawes, alder-  
manic candidate, and Alderman  
H. M. Daggett and George Rud-  
derham, both seeking the mayor-  
alty seat.

At 11 o'clock this morning, 172  
voters had cast ballots. An 11:30  
check for last year showed that  
150 had voted at that hour.

The Hunter ballot form which  
is being used for the third time  
in civic voting here, carries five  
pages. One of these is for the  
\$100,000 sewer fund-raising by-  
law, one for the elected park  
commission vote, one for mayor,  
one for the two-year aldermanic  
term and one for the one-year  
aldermanic vote.

City Clerk H. G. Thain, acting  
in his capacity as Returning Of-  
ficer is assisted by William Long,  
as deputy returning officer, and  
Mrs. S. A. Kieback, Mrs. H. D.  
Thain, Mrs. Basil S. Prockter and  
Mrs. William Long as assistants.

Involved in the contest for the  
seven positions open are fifteen  
candidates — four for mayor,  
seven for the four two-year seats  
and four for the two one-year  
seats.

## NOMINATION DAY, TERRACE

TERRACE — Today was nomi-  
nation day for village council in  
Terrace. So far little interest  
has been shown in the contest  
and Commissioner Emil Haug-  
land was returned by acclama-  
tion.

## Kattel's Man Arrives Here

Benjamin Humphreys has ar-  
rived in the city to represent  
Frank Kattel, Toronto financier,  
who purchased the former Uni-  
ted States Army administration  
building on First Avenue at Sev-  
enth Street from War Assets Cor-  
poration and will convert the  
property into an apartment  
building with an estimated fifty  
suites. An architect will be ar-  
riving soon in connection with  
the extensive job of converting  
the building which is expected to  
start about the middle of July  
with the probability of being  
completed four or five months  
later.

Some reconditioning work on  
the building has already com-  
menced including roof and heat-  
ing plant.

Mr. Humphreys has not been  
long in Canada, having come out  
from Hertfordshire, England, in  
June. He served throughout the  
war with Imperial forces in the  
North African and Eastern Medi-  
terranean areas.

## BASKETBALL

TONIGHT—8:45  
St. Co-ops vs. Brownwoods  
On the Spot Election  
Results at Game

## URGED TO DROP ROW BOAT TRIP

FALMOUTH, England, —  
Stanley Smith, who last year  
attempts at dissuasion of Paul  
Muller's undertaking to cross  
the Atlantic in a rowboat by a  
personal visit. He predicted bad  
weather at this time of the year  
and said that he and his brother  
are returning to Canada by  
steamer in February.

## Federal Aid In Education

After discussing B. C. T. F.  
policies, Prince Rupert Teachers'  
Association, at its meeting Tues-  
day night, endorsed a British  
Columbia Teachers' Federation  
move to have federal aid for  
education placed on the agenda  
of the Dominion-Provincial con-  
ference in Ottawa on January  
10. It was reported that this  
move was decided by the con-  
sultative committee of the 6000  
member teachers' group meet-  
ing in Vancouver.

"Education can no longer be  
adequately financed on the  
narrow provincial tax base,"  
stated H. D. Dee, Federation  
president. "We believe that the  
growing educational needs of  
all provinces can best be met  
by a per capita grant from the  
Federal Government without  
any question of loss of provin-  
cial authority."

Careful consideration was  
also given by the meeting to the  
matter of Teacher Training and  
certification. It was stated that  
the extension of the present  
elementary teacher training  
period and the setting up of a  
teacher certification board, rep-  
resentative of Education De-  
partment, Trustees and Teach-  
ers, will become a major objec-  
tive of the B.C.T.F. this year.

Various members of the Prince  
Rupert and District Teachers'  
Association were enthusiastic  
in their praise of the B.C.T.F.  
report which recommends the  
establishment of a "college of  
education" which would direct  
the training of all B.C. teachers.

Reports were received by the  
local on the steps which are  
being taken to improve the  
status of teachers. In this con-  
nection, the officers will recom-  
mend that the executive appoint  
a committee to study the devel-  
opment of a "professional atti-  
tude" among all teachers.

It was the regular monthly  
meeting of the Prince Rupert  
Teachers' Federation which took  
place at the Civic Centre with  
a good representation of teach-  
ers present from all schools in  
the city.

## Gives China As Example

Churches in this country which  
lack the enthusiasm and vigor to  
successfully handle their own  
affairs might take example from  
the congregations in China and  
Formosa where thousands and  
not mere handfuls attend serv-  
ices and where fine church build-  
ings are erected and, difficulties  
notwithstanding, preachers are  
obtained, Rev. James A. Munro,  
general secretary of the Board of  
Missions of the Presbyterian  
Church in Canada, told the  
people of First Presbyterian  
Church here.

Mr. Munro made a vigorous  
plea for support of foreign mis-  
sion work. "Show me a church  
which says it has enough to do  
at home without taking part in  
the support of foreign missions  
and I will show you a dying  
church," declared Mr. Munro.  
"Go ye into all the world and  
preach the gospel" had been  
Christ's words, he reminded the  
congregation.

In its foreign missions in China  
and Formosa, Mr. Munro said,  
the Presbyterian Church had  
been instrumental in leading in  
the educational, medical and  
spiritual field on a national and  
not merely a community scale.  
Mr. Munro gave the Presbyterian  
Church missions credit to large  
extent for the fact that there  
was 95 per cent literacy in For-  
mosa whereas in the rest of  
China the percentage was only  
twenty per cent.

## Impressions of Orient—

## United Asia Could Be Great Benefit Or Menace To World

In Asia there is the possibility of a great new  
formation of nations which, if they were joined  
together, would be a mighty striking power. The  
Orient, if it gets a lead from the West, could be a  
great ally in the peace and progress of mankind. If  
it is not shown honesty and straight dealing it could  
become a grave menace to the whole of the western  
world.

So concluded Rev. James A.  
Munro, general superintendent  
of missions for the Presbyterian  
Church in Canada, after he ad-  
dressed the Prince Rupert Gyro  
Club yesterday on "Asia Today."

During the past year Mr.  
Munro made a six months'  
tour of the Orient which took  
in Japan, China, Formosa,  
Burma and India. New and in-  
teresting impressions of those  
various countries were given by  
the speaker in a discourse which  
proved of timely interest.

## Difficult Japan

"Japan is one of the most  
difficult countries today," said  
Mr. Munro. "Allied control is  
having a big headache there." There  
were seen at some places  
the most abject poverty with  
starving men and women dig-  
ging into the garbage cans.  
However, a good job is being  
done in the way of rehabilitat-  
ing such cities as Tokyo after  
the devastation of the war. To-  
day a large part of the popula-  
tion of the Japanese capital  
lived in the country and trans-  
portation was by the finest of  
electrical trains. It was to be  
noticed how happy were the  
people in the cities that had  
been atom-bombed. Of course  
they had received special care  
at the hands of the Allied  
powers.

The American system of oc-  
cupation, however, must be "ir-  
ritating" to the Japanese even  
though they accepted subjection  
as logical through their philo-  
sophy that "to the victor goes  
the spoils." The speaker re-  
ferred to the incongruity of the  
well-groomed traffic officers of  
the United States military  
police and the inferior and drab  
Japanese policemen who aped  
them. The first class trains  
were reserved for Allied person-  
nel, the Japanese being swept  
aside to make way. The control  
of General Douglas MacArthur  
and the Army was indeed com-  
plete.

Yet there was a great spirit  
(continued on page 8)

## THE WEATHER

Synopsis  
Vancouver experienced its  
coldest night so far this winter  
as the temperatures dropped to  
22 degrees just before daybreak.  
The remainder of the province  
was cold too, particularly in the  
Cariboo where temperatures were  
down to near zero.

The weather will remain most-  
ly clear and quite cold over  
southern British Columbia today  
and tomorrow out a storm pass-  
ing over Northern Canada will  
cause extensive cloudiness and  
snow flurries from the Cariboo  
northward.

## Forecast

North Coast Region—Overcast  
with intermittent rain today.  
Cloudy tonight and Friday. Little  
change in temperature. Westerly  
winds, 20 miles per hour. Lows  
tonight and highs tomorrow—at  
Port Hardy, Sandspit and Prince  
Rupert, 35 and 45

## CBC Makes Loyalty Check

OTTAWA — George Drew,  
Progressive Conservative leader,  
charged in the House that the R.  
C.M.P. screening of employees of  
the Canadian Broadcasting Cor-  
poration's international service  
is directed at a group "who are  
in a position to convey informa-  
tion to countries beyond the iron  
curtain."

He invited a government de-  
nial, but got none. Revenue  
Minister McCann disclosed in  
Commons that a check is be-  
ing made on permanent employ-  
ees of the service, whose station  
CBA at Sackville, N.B., beams  
broadcasts around the world  
daily.

Some others who made broad-  
casts were being checked and  
all scripts were screened, he said.

## Chinese Reduce Size Of Gov't

CHENG TU — Premier Yen  
Hsi-San Wednesday whittled his  
government to 107 men and pre-  
pared to go over the mountains  
away from the approaching  
Communists.

Streamlining of the govern-  
ment, Yen said, has been done  
to keep it mobile. Ordinarily, the  
Chinese Nationalist government  
is composed of thousands of  
persons within the ministries  
and bureaus.

Hundreds were dropped in  
Chungking as the exodus of of-  
ficials continued from Chengtu,  
the fourth nationalist capital  
this year. Most are going to  
Formosa by way of Hainan Is-  
land, far to the southeast. Yen  
is expected to take his slim  
forces to Sichang in mountainous  
Sikang province to the west.

Kunming, capital of Yunnan,  
last provincial capital of China,  
is being closed in on by the Com-  
munists today.

## Indecent Assault Charge Dismissed

An indecent assault charge  
laid by a 29-year old Ocean Falls  
wainness was dismissed by  
Judge W. O. Fulton in County  
Court Tuesday afternoon.

The charge arose when two  
seamen from H.M.C.S. Antig-  
onish, Otto Schramm and  
Michael Parker were alleged to  
have attacked the woman on  
board the frigate while it was  
docked at Ocean Falls, Novem-  
ber 20. The alleged attack oc-  
curred in the early morning hours  
and complaint was registered  
12 hours later.

Counsel for the defense was  
T. W. Brown while Rod Mac-  
Leod prosecuted for the crown.

## Income Tax Is Adopted

Income tax amendments, pre-  
sented in the budget of Hon.  
Douglas Abbott, minister of fi-  
nance, finally passed the House of  
Commons at Ottawa on Tuesday  
and will receive Royal Assent  
shortly, according to advice re-  
ceived in the city yesterday from  
E. T. Applewhite, M. P. for  
Skeena. Word of final passage  
of the tax amendments had been  
awaited by business people and  
others who, for various purposes,  
estimate their taxes for the cur-  
rent year.

## Minister Details Uranium Shipment to Russia

OTTAWA — Rt. Hon. C.  
D. Howe, minister of trade  
and commerce, said today in  
the House of Commons that a  
shipment of Canadian uran-  
ium oxide and uranium ni-  
trate went to Russia in May,  
1943. In a statement in the  
House Mr. Howe said that the  
shipment was valued at \$3,-  
445 and was made through  
normal commercial channels  
by Eldorado Gold Mines Ltd.  
which sold its uranium-pro-  
ducing property to the gov-  
ernment in 1944. He said  
that the shipment was treated  
as a normal transaction. The  
policy in 1943 was to give all  
possible aid to warring Rus-  
sia.  
The minister said that the  
Russians had asked in a nor-  
mal way for 500 pounds of  
black uranium oxide and 500  
pounds of uranium nitrate to  
be used in production of arm-

aments and the nitrate for  
medical purposes.  
Mr. Howe's statement clim-  
axed a period of speculation  
provoked by statements to a  
United States Congressional  
committee that three ship-  
ments of uranium products  
went to Russia in 1943, one of  
them Canadian.

## Kipling On Russia

SOVIET Russia was quite prepared to play ball when fullest co-operation with the other allies was so vital to her own salvation. Stalin, and those around him, made the most of the thousands of tons of all kinds of supplies, munitions, and mechanical equipment essential to war, shipped to them across the perilous seas.

Rudyard Kipling, who knew his East, once wrote:

Let it be clearly understood that the Russian is a delightful person till he tucks in his shirt. As an Oriental he is charming. It is only when he insists on being treated as the most easterly of western peoples, instead of the most westerly of eastern, that he becomes a racial anomaly, and extremely difficult to handle. The host never knows which side of his nature is going to turn up next.

The truth of this is seen in the fact that ever since the establishment of the United Nations, the history of that organization has to date been largely a series of disputes and differences with Moscow. Nothing, it appeared, could be definitely settled although agreeable to other nations.

It is not extravagant fancy to think that in the repeated conferences looking to the making of permanent peace on earth there was one great, overmastering motive. But it was not for the abolition of war. The policy of one country, and one alone, goes far to explain why, there is so much uncertainty, suspicion and anxiety in the world today.

## CITY TO LIVE IN

PRINCE Rupert has rarely, if ever, been boosted as a residential centre for reasons not requiring any explanation but that is now changing. Ever since there has been a Prince Rupert, much of whatever was written or said of the city, could hardly be described as attractive, or inviting. Should there be, from time to time, a little favorable publicity, it would usually be received in a doubting spirit and eventually outweighed by rain libels, and misleading reports accepted as being only too true. And so it has gone, year after year.

In the older settled parts of the west are flourishing communities that, when new and small, were more familiar with brickbats than bouquets. At any rate, they were undervalued, after the first real estate boom had spent its force and people took over the long and tedious job of turning visions into realities.

But there comes a day, as it always does, when people see things for what they are worth, and circumstances justify results. That time has now appeared in Prince Rupert. Gradually, there is developing here what is to become not only one of the west's leading commercial and transport centre but a place in which it will not be an error of judgment to choose a home site.

It is not at all surprising that the west coast, on each side of the border, has seen a huge influx from the east during the past few years. It had been found advantageous to move, and this continues. Here are no extremes of heat or cold. Here, the long, hard winters and sweltering nights of the prairies and eastern Canada are unknown. Rainfall is normal. This is a health-giving land. Children thrive, and life is longer.

With the general expansion now in progress, there will be noted, in future building, a welcome modernization, and sense of comfort and taste. In other words, in addition to the beauty of natural environment, the appearance of the city itself will impel the wish to live here.

**Old Country BOOKINGS**

Do it the easy way—put the details of your trip overseas in our hands. They'll all be taken care of—passports, travellers' cheques, etc. Passage can be arranged either from Atlantic seaports or via the Panama Canal.

THE RAILWAY TO EVERYWHERE IN CANADA

## Ray Reflects . . . . . . and Reminisces

About fifty years ago, the first Doukhobors ever seen in Canada boarded a C.P.R. train at St. John, N. B., and rolled away to settle in the prairie west. Now C.P.R. men hesitate to work trains in British Columbia for fear of being blown up by explosives hidden on the track. It might have been better for Canada had those fifty years ago Doukhobors in St. John, remained on the ship.

After all, it's a first rate idea! Getting rid of the civic election well in advance of the Christmas rush and New Year does have much to recommend it.

George Formby, the English comedian, and wife are back home after giving Canada a laugh that earned them \$50,000 following a coast to coast tour. But this does not mean they have \$50,000 or anything like that amount. What they actually have is \$500—the balance, after tax devaluation adjustments and expenses.

Four hundred thousand soft coal miners in the United States did not go on strike. Instead, obeying the order of John L. Lewis, they will work three days a week. This is the season when the weather can turn exceedingly cold in various parts of this continent and abundance of fuel is a matter of importance. But Mr. Lewis, personally, should be quite comfortable.

### POVERTY

Who walks beside a rosebud  
And does not sense its bloom.  
Its lovely form and color,  
It's delicate perfume;  
Who walks beneath the heavens  
And does not see the sky,  
The sunrise and the sunset,

The tints that glow and die.  
Who treads a rural pathway  
And never hears a bird,  
Nor notes the trembling grasses  
A passing breeze has stirred;  
Who dwells among his fellows,  
And sees them pass his door,  
Nor even hears their heartbeats—  
Is pitifully poor.

### GENERAL SYNOD REPORT SUBJECT

Following the evening service on Sunday, the congregation of St. Andrew's Anglican Church adjourned to the church social hall where F. E. Anfield, lay delegate, delivered a report on the sessions of General Synod which were held earlier in the fall in Halifax. Mr. Anfield gave an interesting account of the 200th anniversary of the founding of the Church in Nova Scotia. He also alluded to the bringing of Newfoundland into the Synod of Canada. Rev. Canon Basil S. Procter presided and refreshments were served.

Motorship Sidney was in port from 3 a.m. to early this afternoon on one of her periodical voyages from Ketchikan with frozen fish for transshipment East over Canadian National Railways. The shipment consisted of three carloads.

### Skinny men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor  
What a thrill! Bony limbs fill out, ugly hollows fill up, back no longer aches, body lines half-starved, sickly "bean-pole" look. Thousands of girls, women, men, who never could gain before, are now round of shapely, healthy-looking bodies. They took the special vigor-building, flesh-building tonic, called, 15 tonic, stimulates, invigorates, iron, vitamin B<sub>1</sub>, calcium, enrich blood, improve appetite and digestion so food gives you more strength and nourishment, but don't eat bare bones. Don't fear getting too fat, stop when you're satisfied. The 5, 10, 15 or 20 lbs. you need for normal weight. Come little. New "get acquainted" size only 50c. Try Famous Oatmeal Tonic Tablets for new vigor and added pounds, slim very day. At all drug stores.

## Rainfall Heavy Here Overnight

The Weather, apparently diverted momentarily from the southern part of the province, blew gustily into town last night and deposited an overload of rainfall for which there had been no room at the time in the Vancouver area.

During the 24 hour period which ended at 10 o'clock this

morning, 2.25 inches of rain fell here, the heaviest rainfall since October. Temperature during the night went down to 35 degrees but still the city is one of the warmest spots in the province.

At Vancouver, the coldest night so far this year was experienced when the mercury dropped to 22 degrees.

Forecast for today and Friday is overcast with intermittent rain and winds up to 20 miles an hour.

## Rudderham's In Eleventh Fight

Alderman George Rudderham, contender for the Mayoralty seat in today's election, has learned to bear the strain of voting day calmly. His patience is the product of probably more campaigns than any other man in the city with the exception of the late Mayor S. M. Newton.

Alderman Rudderham recalled this morning that today's election is the eleventh in which he has been a candidate during his years in Prince Rupert. Ten of them have been civic elections and one a provincial election.

His batting average has been pretty good, too. He lost the first four civic campaigns, then won the following six. The provincial election, he lost, making his record of victories balance the losses.

Alderman Rudderham and Alderman Casey are the only two present members of city council who held the same positions for varying periods prior to the start of the commissionship in 1935.

## The Curriculum

(This is the Second of a series on the courses taught at Booth Memorial High School setting out what the School is doing)

### Social Studies

In the days of the three R's the chief purpose of the school was to reinforce the way of life that was practised by the community by supplying certain skills and information required by this mode of life. The world today is one of rapid and dynamic change, such as man has never known. What we believe to be a fact may tomorrow, in a new frame of reference, prove to be a delusion. Consequently, constant re-orientation to the ever-changing conditions is imperative. In this connection the secondary school serves a useful purpose in guiding the students through the maze of social relationships and in helping them to make the necessary adjustments in order to become intelligent, free, and self-disciplined citizens. The school, in educating for life in a democratic state, gives full recognition to the ideal that every person is entitled to the status of full membership in the life of the group. Today, more than ever before, rests the burden of the universe

on the shoulders of the teachers. What a splendid opportunity for the instructors of Social Studies to make a worthwhile contribution!

What are Social Studies? A selection of materials taken from social sciences: history, geography, sociology, economics, political science, to mention only a few. In other words, the Social Sciences are a source of information for Social Studies. Great care is taken to select only those materials which will be most meaningful and helpful in understanding the world in which we live. In short, the purpose of Social Studies is to promote necessary personality adjustments

conducive to better citizenship.

Materials are selected from history because the knowledge of man's achievements in the past gives us a better understanding of the present. The drama of mankind is one long play with many acts. What happens in the last act depends on what took place in the first act. For example, radio and television have grown out of earlier experience with the wireless and telegraph. Modern democratic government is the result of earlier experiences with self-government in England and many centuries earlier in ancient Greece the story of mankind is in many ways, not unlike the life of a tree whose trunk grows and spreads out limbs that may live or die. Yet the smallest leaf or bud is a part of the tree and receives its life from the roots buried deep in the earth. So are "the roots of the present deep in the past."

Materials from geography reveal the influence of physical environment upon human progress. Geographical factors tend to influence the attitude of a people in domestic and foreign

policies. Sociology is the study of the human race and the place of the individual in relation to society. The study of economics stimulates a more widespread and informed consideration of economic problems thereby bringing about an improved economic order. Political science reveals the method employed by various governments. Psychology explains the workings of the mind, human behavior, and human relationships. Last but not least, materials are drawn from contemporary life. This involves the study of problems confronting the community, the province, the nation, and the world.

The following is a summary of the main objectives in the teaching of Social Studies:

1. To develop in the pupil an appreciation of human achievement.
2. To lead him to understand and appreciate institutions and achievements of Canada, the Empire and the world.
3. To acquire a knowledge of the evolving economic, social, and political institutions of the world.
4. To participate effectively in the solution of social problems.
5. To develop ability and skill to collect, organize, and use data for the purpose of forming conclusions and of thinking critically.

To form the habit of suspending judgment; to recognize and evaluate propaganda.

7. To develop a desire to contribute to Canada's progress.
8. To employ only lawful and constitutional methods of effecting changes.
9. To understand the influence of man and his environment upon each other.
10. To appreciate the interdependence of the individuals within the community and the value of co-operation with others.
11. To work independently and in co-operation with others.
12. To develop an attitude of tolerance for those differing in race, religion, political ideas, and social customs.
13. To promote the ideal of peace.
14. To become aware of duties and responsibilities towards one's family, community, province, and the British Commonwealth of Nations.
15. To arouse interest in the various fields of Social Studies.

In the attempt to attain the above objectives the teacher does not indoctrinate or propagandize his own views but provides materials, problems and situations which are a challenge to the student. This appears to be the only way to prepare our youth for the kind of life we know and believe in. We want the spirit of free inquiry, of tolerance, and initiative to remain. We want to retain faith in the common man and in the leaders and experts. We believe that both individuality and conformity have a place in our society. We are confident that Democracy will become progressively better as the intelligence level of the citizens rises. Only the development of proper attitudes in young citizens here and abroad will, once and for all, put an end to global wars. The saying of H. G. Wells applies to our age more than ever before: There is a "race between education and catastrophe."

Other Gillette Sets Priced from \$1.32 to \$5.00

## It's so different today

Robin Hood and his Merry Men had to score a hit with a bow and arrow or they didn't eat! To score a hit today shoot over to the grocer's for Post's Grape-Nuts Flakes—that convenient, ready-to-eat, easy-to-digest cereal made not from one but TWO grains—wheat and malted barley.

What a treat!—that gorgeous Grape-Nuts flavor in crisp honey-golden flakes. Good for young and old because Post's Grape-Nuts Flakes provide nourishment... useful quantities of carbohydrates, proteins, minerals and other food essentials. Served in a jiffy—eaten on sight. Ask your grocer.

# "BETTER BAKING GUARANTEED"

That's Robin Hood's amazing pledge to you!

Strong words? Yes, and we more than back them up!

We not only offer you your money back—but your money back PLUS 10%—if after two bakings with Robin Hood All-Purpose Flour, you're not completely satisfied that your baking results are better.

There's a good-as-gold certificate in every bag that guarantees this...

...and any dealer will gladly refund your purchase price, plus 10%, if you return the unused portion of your bag of Robin Hood Flour.

Only Robin Hood Flour offers this unusual guarantee! And only Robin Hood Flour has this record of day-in, day-out success in all kinds of baking—light, tender

bread, flaky pastries, luscious cakes, time after time! Take a look at Robin Hood's unique record:

4 out of 5 women who win  
First Prizes for home-baking  
use Robin Hood Flour!

Only such a record of superiority could make possible such a guarantee!

Better order some Robin Hood Flour today. One baking—and you'll realize why First Prize winners insist on it for all their baking.

FREE HELP WITH  
YOUR BAKING

If you would like any help with your baking—any special tips, new recipes or ideas—please write me and I'll be glad to give you any assistance possible. Just address your enquiry to me—you will be in no way obligated.

5

**TWO JOBS AT ONCE**—Who said you couldn't do two jobs at once? Robert Bayless, 15, of Boystown, Neb., is caring for one of the boys' community's prize bulls at a San Francisco livestock show and at the same time, he is plugging through his school work. The bull, looking over his shoulder, is in a good position to help young Robert by getting a high price at the show.

**NINE PROVINCES COMPETE IN JUNIOR FARM CONTEST**—Representatives of rural areas across Canada are these young farmers and farmettes competing in the national contests for Boys and Girls' Farm clubs, Royal Winter Fair, Toronto. Nine provinces were represented. They are, front row: Therese Ouellet, 20, Quebec; Jim Field, 16, British Columbia; Mary Harris, 19, Manitoba. Second row: Arieje Nelson, 16 Alberta; Bernice Andrews, 16, Saskatchewan; Arlin Steele, 16, Nova Scotia; Annie Campbell, 19, Ontario; Mildred Folkins, 19, New Brunswick; Louise Doiron, 16, Prince Edward Island. Newfoundland is not represented.

**JOLTED IN THE INTERESTS OF SCIENCE**—This tower tests an aviator's ability to withstand sudden vertical acceleration, a necessary factor to survival when shot out of present, high-speed planes in the new ejection seats. It is located at the Philadelphia Naval Air Material Centre. At left, Lieut. Charles Broudy is ready for the heave-ho. The curtain supports his head and neck. At right (arrow) he shoots upwards at tremendous speed.

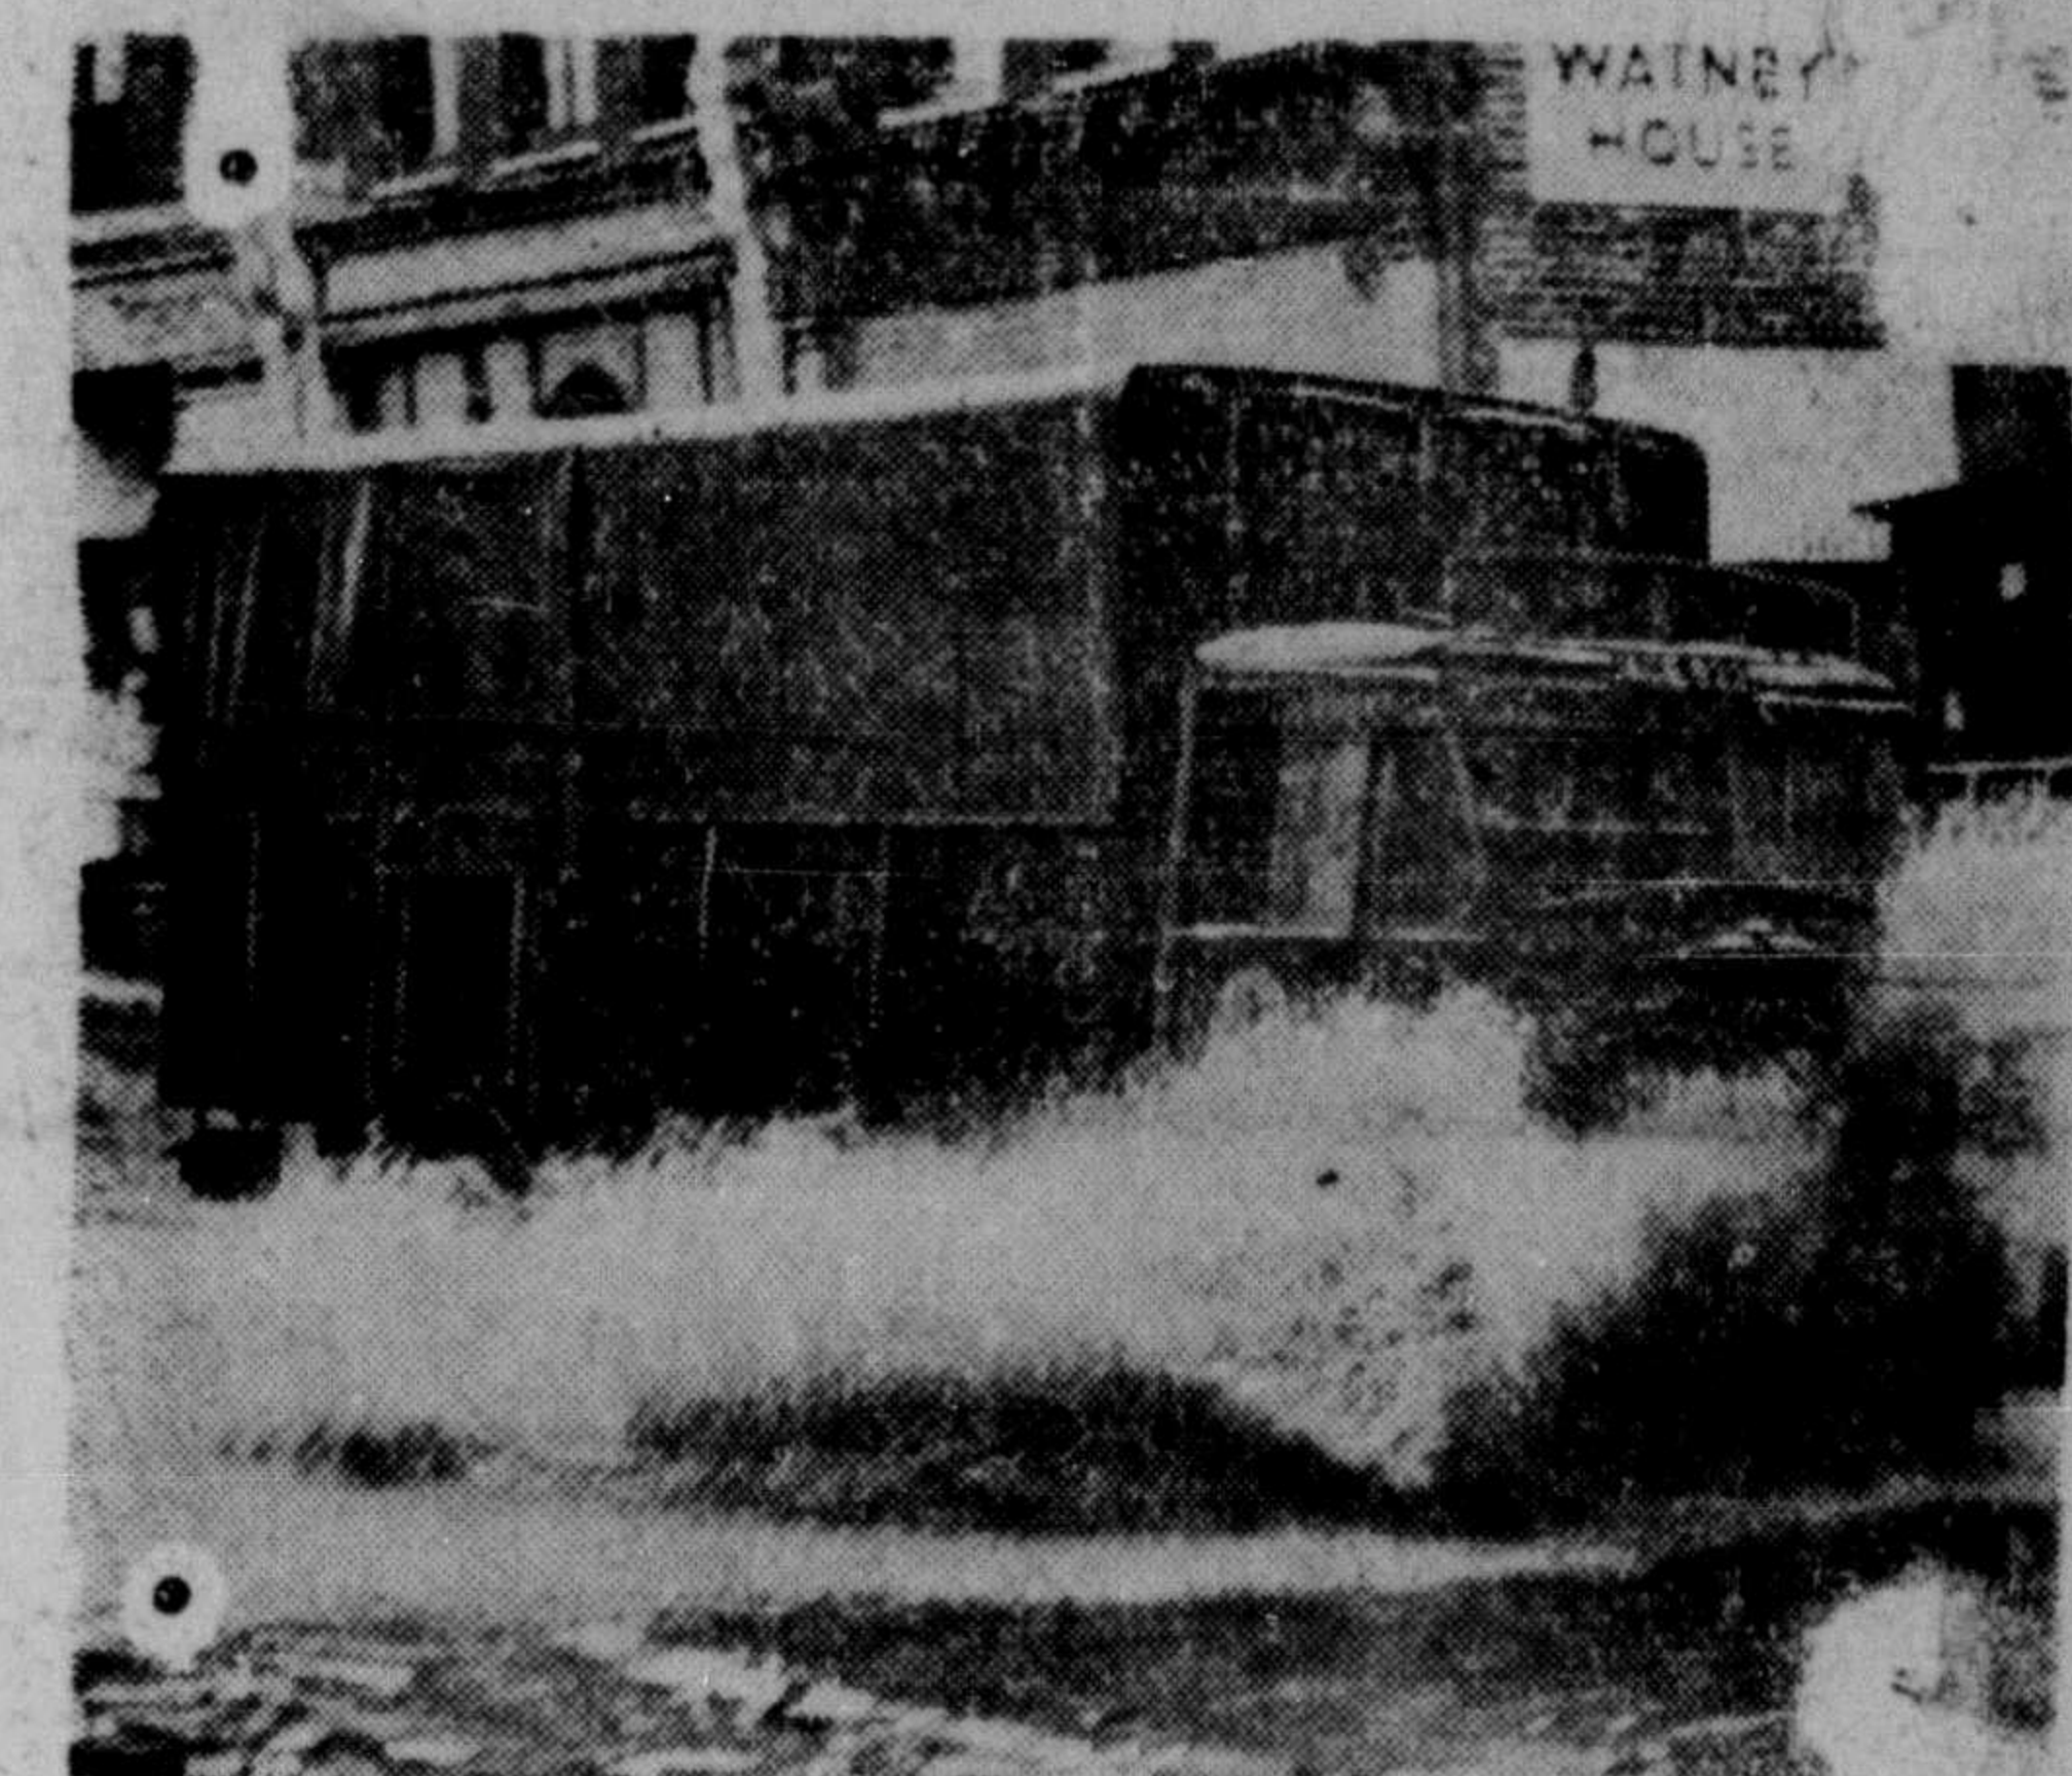

**FIND DEER SCARCE, BLAME WOLVES, NOT GUNS**—Niagara peninsula hunters, back from the Little Current area, blame wolves for absence of does and fawns in the north. Each hunter, however, got a buck and included in their trophies is one timber wolf. They are: R. Vance, Smithville; H. Parker, Beamsville; O. Taliman, Campden; W. Ellis, St. Catharines; S. Ellis, Hamilton; B. Lounsbury, Smithville; G. Ellis and H. Brand, St. Catharines; O. Ellis, Smithville.

**VICTORS AND VANQUISHED AT INTERNATIONAL HORSE SHOW**—Captains of the military riding teams whose brilliant riding featured the annual National Horse Show in New York and the president of the horse show toast each others' success in champagne at the Horse Show Ball, highlight of festivities marking the week-long equestrian display. Left to right: Major Charles Baker, Jr., team captain of the Canadian riders; Major Pelayo Izurieta, team captain of the Chilean army group; Colonel Humberto Mariles, chief of the Mexican team; Brig.-Gen. Alfred G. Tuckerman, president of the National Horse Show; Lieut.-Col. Frederik A. Ahearne, Irish team captain, and Col. Erasmo Quezada, head of the Chilean Carabineros team. Maj. Baker placed third in the jumping events, won by the Irish team.

Having completed his Canadian visit, Pandit Nehru, Prime Minister of India visited the U. S. and the wonders that have made the western world great and which will some day change the face of Asia. In Chicago, at the International Harvesters Co. plant he wears goggles and shakes hands with Machinist Frank de Angelis.

**TRUCK'S JOURNEY BECOMES "VOYAGE"**—The badly needed rain for which much of England prayed through the unusually dry summer finally came—and in such a deluge as to result in widespread flooding. Here a truck ploughs through the two feet of water in Silver St., London, kicking up a tidal wave of spray on its voyage.

**"DEFENDERS" SAVE NEW YORK**—R.C.A.F. reserve and U.S. National Guard airmen punched out a clear-cut victory against "enemy" air raiders, bent on the total destruction of New York in a mock attack on the city by B-29 bombers. Not one air "bandit" was allowed to reach the outer perimeter of New York. Guardsmen are shown busily placing markers on the operations board showing the location of attacking bombers and intercepting aircraft. Eight Canadian jet Vampires were among the defenders.

**BUILD ITALIAN BOYS' TOWN**—Former Attorney General of Canada, Charles Margiotti (right), talks with the Arch-bishop of Salerno as he visits a small colony of homeless boys in the city. Margiotti is chairman of a Pennsylvania committee raising funds to build a Boys' Town somewhere in the Salernitan area, where the lads live in quonset huts.

**FEEDER OF THE SQUIRRELS**—Engaged in his official duty as squirrel feeder, Richard Feeney, five, who is now official feeder of the squirrels on the White House grounds. President Truman made an appointment when the boy, son of Joseph Feeney, liaison man between the White House and the chief executive, that the nut-crunching on the White House lawn are too thin. Richard will be feeding the squirrels.

### DAYLIGHT HOLD-UP IN TORONTO TODAY

TORONTO (C)—Two men, one said to be armed with a revolver, held up a money messenger of a

west end warehouse, Thomson Groceries Ltd., in daylight today and escaped with \$2,428. The money was being taken to a bank.

WAKE UP, DAGWOOD—I HEAR NOISES DOWN-STAIRS

DON'T ALL CROWD AROUND THE STEPS—KEEP A PATH CLEAR FOR ME IN CASE OF A QUICK RETREAT

BLONDIE'S RIGHT—THERE'S SOMETHING QUEER GOING ON DOWN HERE

OH, SO THAT'S IT, EH?

THERE WERE BURGLARS, ALL RIGHT—FIVE OF THEM TRYING TO GET THE FRANKFURTERS OUT OF THE REFRIGERATOR

IT WASN'T THEIR FAULT—IT WAS OURS—WE NEVER TAUGHT THEM THE VIRTUE OF HONESTY

I WANT YOU TO GO DOWN RIGHT NOW AND EXPLAIN HOW DISHONESTLY NEVER PAYS AND THAT STEALING IS LOATHSOME

MAKE IT CLEAR TO THEM, SO THE LITTLE DARLINGS WON'T BE TEMPTED TO TAKE THOSE FRANKFURTERS AGAIN TONIGHT

HOLY SMOKES—IT'S TWO A.M.

HERE YOU ARE—COME ON AND GET THEM

I GAVE THEM THE FRANKFURTERS—IT WAS EASIER THAN EXPLAINING ALL THAT STUFF

## Inspired By Boy's Music

The United Church was filled to capacity last night. In varnished pews sat people who had come to hear an eight year old prodigy run tiny and nimble fingers across a new Hammond electric organ keyboard and also vocalize in a clear pitched boy

soprano voice. Others sat in emergency seating rushed into the rear to accommodate an overflow. Others stood throughout the recital.

And Alexander Esler didn't let the audience down. On the dependable Hammond organ and with his voice he gave them inspiring and beautiful music.

Mrs. Jack Harrod, who accompanied the lad from Vancouver and was a featured soloist, should not be left out of the limelight for she was equally responsible for the success of the event. She played with a great degree of skill and proficiency and it was evident an experienced and talented woman was at the key board.

As for young Alexander, the evening was, of course, largely his. "Toccata," a bright, fast moving composition by the composer Diggie, allowed the young lad to show skill with both his fingers and feet. The composition calls for rather rapid movement of the pedals and the prodigy did just that.

His quality of voice is superb. Proof of that lies in the fact that during the past year he made a trip to England, Wales and Scotland with the widely acclaimed Elgar Choir of Vancouver. And they liked him over there. His solo repertoire included Yon's "Jesu Bambino," which he sang

with deep sincerity, and with emphatic audience approval. Other vocals rendered were "Come Unto Him" from the "Messiah" (Handel), "The Wind" and "The Conquest."

His own composition entitled "Melody in G" was well liked by the audience.

He did a fine job in rendering other numbers as well. These included:

"Spirit of God Descend" (Lorenz), "Fantasia in E Minor" (Ashford), "Melodie Souvenir" (Fraser), "Teddy Bear's Picnic" and "Finlandia" (Sibelius).

Mrs. Harrod's well presented program consisted of "Clair de Lune" by Debussy, "Les Sylphides" by Chopin, "Danny Boy," "Largo" by Handel, and in concluding the evening's event, presented the well known masterpiece, "The Holy City."

The program was a success from start to finish both in inaugurating the new organ and showing music lovers, the beauty and inspiration that can be accomplished by talented musicians, whether adult or junior. The two-day recital will conclude this evening.

## Orange Bazaar Bright Affair

Amid gaily decorated stalls of red and green streamers, Ladies of the Orange tea and bazaar was successfully held in the Oddfellows' Hall Wednesday. General convener was Mrs. Victor Morrison.

Miniature Christmas trees were placed atop the tea tables which was presided over by pourers Mrs. H. Smith, sr. and Mrs. B. Guyan.

Home cooking—Mrs. George Howe and Mrs. L. Truquair. Candy—Mrs. V. Morrison. Fancy Work—Mrs. E. McLeod and Mrs. Smith.

Junior Raffle—Mrs. Wm. Way and Mrs. W. J. Richards. In charge of the tea room was Mrs. J. Johanson, assisted by Mrs. H. Erickson, Mrs. W. Field, Mrs. Haugland and Mrs. V. Menzies. Serviteurs were Mrs. L. Allison, Mrs. A. S. Hamilton, Mrs. F. J. Feasby and Mrs. A. Lund.

First prize winner in the raffle was Mrs. B. Dougherty. Second and third prizes went to Joe Telber, Terrace, and V. Hay. Donations were a box of chocolates by Mrs. W. Rothwell; a leg of lamb from Bulkley's Meat Market and cosmetics from Mrs. V. Menzies.

A box of chocolates, donated by Mrs. William Rothwell, was won by Mrs. J. S. Black; a leg of lamb from Bulkley Market by Miss Hawden and cosmetics, Mrs. V. Menzies, by Mrs. E. Mulder.

## OIL BURNERS CAUSE FIRES

Overheated oil burners present a problem to city firemen as calls to extinguish these blazes are frequent. Last night a burner in Jerry's Barber Shop at 323 Third Ave. produced too much heat, resulting in a fire which the firemen quickly extinguished. No damage was caused. At 8.15 this morning, a similar blaze occurred at the residence of F. Good, 407 Seventh Ave. West. The chimney overheated and a slab of building board caught fire. Damage was slight.

## FAREWELL PARTY FOR JACK McLEOD

The Junior Chamber of Commerce held a going-away party for Jack McLeod of the Daily News staff, last night at the home of A. P. Crawley. A specially engraved silver cigarette lighter was presented to Mr. McLeod on behalf of the Jaycees by "Tony" Crawley who gave a short address of thanks for the fine work that Jack had done during his six years with the Junior Chamber.

### UNITED ASIA

(Continued from Page One)

of uncertainty in Japan. Large numbers of Japanese, released from Russian camps, were being returned home completely indoctrinated with Communism. The Communist feeling was definitely there and it increased the headache for the control authorities.

Japanese students expressed bafflement. They had been taught that the Emperor was a virtual God. Now they were not so sure that he was even a

good man. So great was the uncertainty that there seemed little incentive for the Japanese to go on although it was to be hoped that the nation, out of it all, might yet right herself.

Referring to the emergence of new independent nations in the East since the war—India, Pakistan, Ceylon, Burma and the Philippines to be added to Japan, China and Siam of pre-war—Mr. Munro alluded to the development of an intense nationalism which, to date, appeared to have no positive quality except it be the instinc-

tive seeking of liberty from outside control.

**Contrasting China**  
Turning to China, Mr. Munro told how the Communist armies were still far in the north when he had at first arrived in the country. Peking had fallen and the Communists were pressing to the gates of Nanking. Shanghai was simply demoralized with people dying in the streets, suffering beyond description and callous indifference to death and starvation. Different, however, was the scene in ancient Suchow which went about its business as if there were no war, the people seeming completely oblivious to what was going on outside.

In Yunnan, today the last province in China remaining in Nationalist control but now threatened by the advancing Communists, was to be seen a cross-section of historic China—under the control of a warlord yet pillaged by great hordes of bandits, well armed with first class American weapons, where they came from no one

might know. Formosa, rich and well colonized, sternly but effectively ruled, last stronghold of the Nationalists, might not receive the Communists so passively, the speaker suggested.

Burma, the speaker had been found, to have many people who had joined the Communists.

**Tragedy of India**  
The tragedy of India was the division between Pakistan and India, something that might have been obviated if more time had been given. Yet the people in large numbers and in all walks of life had the conviction that, despite the new independence, the destiny of India was still indissolubly associated with the British Commonwealth and some would even go back to the old British control. Today there seemed no place to go with complaints and problems. The rajahs were disgruntled after having lost control although they still had much influence with the people. Conditions, however, were such that insurrection might be seeded.

Big problems in India today were the necessity for developing industry and the providing of employment. Yet the people of great wealth in India appeared to lack confidence and were loath to invest their capital despite the obvious conclusion that, these problems solved, India would become one of the greatest as well as wealthiest nations of the world.

Brought together, the nations of the Orient could well become one of the world's greatest striking forces for good or evil.

President Maurice Brydges presided over the luncheon and expressed the appreciation of the club to the speaker for his discourse. Guests of the day included Ald. Harold Whalen and Ronald Haig of Vancouver.
