## Strange Things Happen--Man Breaks Into Okalla Prison

VANCOUVER (CP)—Strange things do happen—a man has been arrested for breaking into Okalla Prison Farm. He scaled the 10-foot fence last night and was captured after guards fired three shots.

The police found scraps of paper in the man's pocket, containing a list of numbers similar to a list of bank notes in the \$8000 Royal Bank robbery in suburban Burnaby January 15. He may have thought the loot to be hidden in the prison yard.

The man's name has not been disclosed.

## Gas Scarcity In Prospect

Imperial Oil May Stop Imports As Price Too Low

VANCOUVER (CP)—British Columbia was faced with the prospect of a gasoline shortage today following announcement by the Imperial Oil Co. that imports of motor fuel into the province would be halted on the grounds that the government-granted three cents per gallon boost in price is “not enough.”

R. M. Pidgeon, company manager, said that the increase allowed by the government, effective today, was not sufficient to warrant continued importation of gasoline into British Columbia.

Dealers said that rationing of gasoline to customers would be necessary if all the oil companies were forced to allocate supplies.

There was a rush on filling stations here last night as many motorists sought supplies before the new price became effective.

## SENTENCED ON LIQUOR CHARGES

In city police court this morning, Magistrate H. D. Thain sentenced David Shaughnessy to pay a fine of \$10 plus \$3.50 costs or 10 days in jail after Shaughnessy had pleaded guilty to a charge of possession of liquor laid under the Indian Act. Rufus McNeil was fined \$25 and costs with an optional 15 days in jail when he pleaded guilty to a charge of intoxication, also under the Indian Act.

## B.C. TELEPHONE BOOSTS WAGES

VANCOUVER (CP)—Four thousand employees of the British Columbia Telephone Co. have been granted wage increases of from \$10 to \$16 per month retroactive to January 1. The new contract also provides for a 37½-hour work week. The company's telephone operators become the highest paid in Canada. The advances mean an increase of \$500,000 in the company's annual payroll.

## Residential Rental Control Continuing

OTTAWA, (CP)—Hon. Douglas Abbott, minister of finance, reiterated in the House of Commons that the government plans to seek an extension of residential rental controls but to allow commercial rental restrictions to lapse March 31.

C.P.R. steamer Princess Norah, Capt. Graham Hughes, southbound from Alaska to Vancouver, is due in port at 3:45 this afternoon and will sail at 5 p.m. in continuation of her voyage.

## FLOAT APPROACH TO BE FINISHED

Funds for construction of a water-side approach to the new road from Park Avenue to the Fairview Bay fishermen's floats are being included in estimates of the federal Public Works Department, according to a letter written to city council by H. G. Archibald, M. P.

The 1,800 foot road, built for the city at a cost of about \$36,000 by Highway Construction Co. last year, terminates on the land side of the Canadian National Railway property. For the last several months the city has been trying to fix responsibility for completion of the approach.

According to Mr. Archibald, the engineering department of the Department of Public Works has included a notation in estimates providing for the completion of the work. About 100 feet of road are required.

The Department also is applying to Canadian National Railways for the right to place a crossing where the survey goes over the tracks.

## RUPERT MOTORISTS PAY 36 CENTS FOR GAS FOLLOWING PRICE BOOST

### THREE-CENT INCREASE MET COLDLY BY CITY DRIVERS

Prince Rupert motorists today joined automobile owners throughout British Columbia in paying more for their gasoline following a decision by the B.C. Public Utilities Commission, announced yesterday, to grant the oil companies a three-cent boost in the price of that motor fuel.

The increase, which raised the local retail price of automobile gasoline from 33 cents to 36 cents a gallon, went into effect this morning. Initial reaction was one of anguish from motorists who felt their motoring costs climbing along with other costs.

“Three cents doesn't seem a great deal, but it adds a lot to the cost of running a car over any period,” one motorist said. “I've got half a mind to sell my car.”

Similar reactions were forthcoming from other drivers, many of whom drove up to city service stations yesterday afternoon and evening to fill their tanks with 33-cent gas.

Boat gas, life-blood of much of Prince Rupert's fishing fleet, jumped from 20 cents to 23 cents a gallon. This will mean an increase of thousands of dollars annually to the cost of operating the hundreds of fishing boats at this port.

Like the motorists, the fishermen accepted the boost with grumbling resignation.

### ARE RESIGNED TO RATIONING

Prospect of rationing, apparently, did not present as great a source of complaint as the price increase. Most private motorists, one garage owner said, do most of their driving between their jobs and their home and they felt that, for the greater part of the year at least, any basic ration ought to take care of that mileage.

“The pinch will come in the summer when holiday and weekend trips are usually made. If the proposed ration is in effect then we will have lots of complaints,” he said.

The prospect of rationing came up last night when the oil companies announced that they were not satisfied with the three-cent increase and, to reduce losses, they might reduce gasoline consumption by rationing.

The oil companies sought a minimum increase of four cents a gallon.

### AMERICAN EMBARGO ALSO IN PICTURE

Also troubling the petroleum picture in British Columbia is the prospect of an American oil embargo which would leave Can-

## Reverse For French Gov't

National Assembly Finance Commission Rejects Part of Financing Plan

PARIS (CP)—The government bill to confiscate francs from black marketeers and to call in all bank notes of 5000 francs was rejected by the National Assembly finance commission today on a tie vote. This represents a reverse for the Schuman government in its refinancing program.

## DIVIDE AND RULE SEEMS SOVIET AIM

Moscow Protests Southeastern European Federation Idea

LONDON—The Soviet government has rebuked Premier Dimitrov of Bulgaria for his proposal that a federation of southeastern European states be formed.

The interpretation here is that Russia feels any joining together of the states of southeastern Europe might be detrimental to her control of each.

## Boiler House At Prince George Sold

VANCOUVER—Formerly used by the United States Air Force Ferry Command, a boiler house at Prince George aerodrome, has been sold for removal to the British Columbia Purchasing Commission at Victoria. The sale, which included three heating boilers and fittings, was made through the Lands and Buildings Department of War Assets Corporation. Prince George aerodrome surplus buildings disposed of by War Assets Corporation included a recreation building and former Pan American Airways repair shop to the City of Prince George, and a stores building to A. W. Bellos, Prince George rancher.

## COMMITTEES OF CIVIC CENTRE

Organization of executive and committees of the Civic Centre Association of Prince Rupert for the year 1948 has been completed by President R. G. Large.

Committee chairmen have been named as follows:

Youth Activities, A. P. Crowley.

Adult Activities, Mrs. J. T. Harvey.

House, T. N. Youngs.

Sports and Athletics, Jack Lindsay.

## PRISONERS ARE COMFORTABLE

So British Ex-Convicts Decide To Get Back In

LONDON—Former convicts say they may commit more offences so that they can return to prison where life is more pleasant than it is on the outside. This is what Mrs. M. Greenwood, secretary of the Stafford Women's Citizens' Association, says.

It is set out in a report, that all cells are centrally heated. There is more food. The number of work hours daily is from four-and-a-half to five. Young prisoners are taught a trade. There are concerts and movies. There is a debating society and distribution of books and magazines are optional. Women prisoners wear more cheerfully colored nighties.

## Big Project for Vancouver Island to Start This Year

VANCOUVER—H. R. MacMillan interests today announced plans for the building of a \$12,000,000 bleached sulphate pulp mill on the east coast of Vancouver Island. Availability of adequate supplies of fresh water will be one of the principal factors in selection of site. The mill is to use waste timber products from the company's sawmilling and other operations. Construction will start early this year.

## THRONE SPEECH DEBATE AGAIN

Contractors Who Did Faulty Work For Veterans Must Pay Up—Irvine Demands Price Controls

OTTAWA (CP)—The House of Commons covered prices, veterans, St. Lawrence Waterway scheme and divorce Wednesday as it resumed the debate on the reply to the Speech from the Throne which has been standing over since early in the pre-Christmas sitting.

Postmaster-General Bertrand announced he planned to introduce a bill to continue for another year supplementary payment initiated during the war for rural mail carriers.

Hon. Milton F. Gregg, minister of veterans' affairs, said his department would not hesitate to take action to recover from contractors any amount due as a result of faulty construction of homes for veterans.

Rev. Dan McIvor, Liberal, Fort William, expressed support of the St. Lawrence Waterway Scheme.

William Irvine, C.C.F. member for Cariboo, repeated a demand for reimposition of price controls. If prices were allowed to advance, there could be nothing but a recession result.

Arthur Ross, Progressive-Conservative, Souris, charged the government had lost more than \$800,000,000 for the prairie farmers since 1943 in its handling of the country's wheat crops and said the losses were increasing day by day. He urged the government to give the House agricultural committee terms of reference to enable it to study and investigate production and marketing of wheat and suggest new methods.

## Problem of Older Workers Pictured

A special newsreel feature entitled “Older Workers,” dealing with the problem of older people and their employment, is creating interest as it is shown in theatres across the country. It has been prepared under the direction of the deputy minister of labor, Arthur MacNamara. Showing in Prince Rupert is scheduled for February 13 and 14.

## LOCAL DEALERS SEEK SUPPLIES

Chamber of Commerce Aiding Them in Having Separate Import Quota

At the request of local wholesale produce dealers who have asked for assistance in their representations, the Trade and Commerce committee of the Prince Rupert Chamber of Commerce is asking Ottawa to establish separate quotas for Prince Rupert district for imports of fruit and vegetables from the United States. At present Prince Rupert receives its supplies of such produce out of Vancouver quotas with the result that, when supplies run short in Vancouver, Prince Rupert becomes cut off.

The matter is now in the hands of F. S. Grisdale, foods co-ordinator of the Wartime Prices and Trade Board at Ottawa, for adjustment.

## INDIVIDUAL RESPONSIBILITY FOR WORLD PEACE, MRS. SPROTT'S PLEA

People who live in security and with due regard one to the other are not going to fight and what applies to the individual must also pertain to the community and the nation. Therefore, this blessed land of Canada cannot sit smugly by and leave the rest of the world to starvation and suffering.

So declared Mrs. R. J. Sprott, prominent I.O.D.E. leader and club woman of Vancouver, in appealing before the Prince Rupert Gyro Club at luncheon yesterday for a new concept of individual responsibility in the promotion of world peace.

“We hear of the importance of individual responsibility,” said Mrs. Sprott “but the trouble is that the most of us do not know what to do.” One thing that all could do, she then went on, was to press for a new state of affairs whereby there would be equality for all in the availability of the primary requisites for contented life-food, housing, health and sanitation and education.

If such security can be made available for one individual, then, by a new concept of pub-

TO KEEP CARROTS

If carrots are to be kept, tops should be removed as soon as the carrots are pulled. The greens draw nourishment from the carrot when it is not in the ground.

## SHIPS and— WATERFRONT

Southbound to Vancouver after delivering a general cargo to Skagway for the Yukon and loading out material from the Canal project for the War Assets C.P.R. freighter Nootka, Capt. John Campbell, was in port for a brief stay Tuesday evening. The vessel, which took on fuel and supplies, is calling on the way south at Buteadale to load fish oil from the Canadian Fishing Co.'s reduction plant.

Two more lights in this agency are reported by the Department of Marine office to be out and will be attended to as soon as possible. These are the Hattie Island light in Portland Canal and the Freeman Pass light.

## TEN NEW MOOSE MEN INITIATED

Ten new members were initiated at a meeting of the local Moose Lodge Tuesday night with Governor W. B. McCallum presiding over a good attendance of members. There was also routine business at the session which was followed by the serving of refreshments. A nominating committee will be appointed at the end of February. The Moose Lodge has accepted a challenge from the Moose Legion for a cribbage tournament which will be held at an early date.

Declaring that the I.O.D.E. was carrying on its work for the relief of suffering when organizations which functioned during war folded up, Mrs. Sprott spoke of practical aid which was being given in providing amenities to the military hospitals.

Telling of what was going on in Shaughnessy Military Hospital at Vancouver for example, Mrs. Sprott declared that there indeed was to be found a "corner on courage"—courage of men who faced with what seemed often insurmountable handicaps but which were time after time mastered.

"To see what some of those men are faced with just makes one ashamed to grumble at our own little worries," she reflected.

Mrs. Sprott complimented Prince Rupert on its civic spirit and gave assurance that the first women's service club to make its way here would further contribute to the development of that spirit.

the members for a mixed meeting. Mrs. D. C. Stuart, municipal regent of the I.O.D.E., was an honored guest.

W. M. Watts proposed a vote of thanks to Mrs. Sprott.

Speaker at next week's luncheon of the Gyro Club will be Father Edward Green, O.M.I., a recently arrived priest from Ireland, whose subject will be "The Palestine Situation."
