Edmonton's New Hotel

Contract Let for 16-Storey Addition to MacDonald

MONTREAL — The contract for the steelwork of a 16-storey addition to the MacDonald Hotel in Edmonton has been let by the Canadian National Railways to Western Bridge and Steel Fabricators, Ltd., Vancouver, it was announced here Saturday by Donald Gordon, C. M. G., president of the railway. The new building will contain 300 guest rooms, a shopping centre, a ballroom, convention and banquet halls and an air-conditioned cafeteria.

"The new addition to the Hotel will fill a long-felt need," Robert Sommerville, general manager of Canadian National Hotels said. "Edmonton has developed extensively in recent years and now, with the opening up of newly discovered resources in northern Alberta, the growth of the city will be accelerated. The Canadian National is always interested in promoting business and we shall not only provide much needed hotel accommodation but we shall bring more business to Edmonton. With the opening of the new wing, the MacDonald will have the finest convention facilities in the west. All the guest rooms will be outside rooms, with views up and down the river for miles. Especially from the upper storeys."

Interior decoration, Mr. Sommerville said, would be in accordance with contemporary taste. In public rooms and bedrooms, lighting would be in the modern style and the newest materials available would be used. "The guest rooms will be furnished so that in the day time they will be comfortable sitting rooms.

"We expect that all these modern conveniences will attract a great many tourists to Edmonton, many of whom will be going to Jasper National Park and the Columbia Icefield." For the benefit of commercial men, he added that the entire sixth floor of the original building would be remodelled to accommodate sample rooms.

The new section will not follow the style of the original MacDonald which was built 35 years ago, but considerable thought has been given to the relationship of the two, according to George F. Drummond, chief architect of the Canadian National Railways. "We believe that the whole structure, from whatever point it is viewed, will be impressive," he said. "The plans for the new building are adapted to the Canadian climate. By taking full advantage of modern developments in structural engineering and eliminating costly elaboration, we have designed a building which we think is a dignified expression of our times."

15 Fire Calls During January

Of 15 calls received by the fire department during January, two fires resulted in complete losses to city structures. The most serious was the Moose Hall blaze on January 17, when damage was estimated at \$25,000. In addition the adjoining Bank of Commerce building was damaged by flames, water and smoke.

On January 27 the Wantage Road dwelling of A. Olsen burned to the ground. The blaze began in a Yukon type chimney.

Blow torches applied to frozen pipes caused two blazes during last month. Financial damage due to thawing pipes occurred January 7 at the dwelling of Miss Jeanne Faure. The floor was burned.

During December of 1949, 13 calls were answered. Last month's total is higher compared to January of 1949 when seven calls were put in and in 1948 when only five were answered. But in 1947, a total of 14 calls were received.

Rotary Hears "D-Day" Drama

Stirring Address by Captain Poulton of Salvation Army

"During the years before the war, boys whom we called useless, spineless creatures were not so spineless and useless when in battle, and when they come to our place, though having spent most of their money on liquor, I have not the heart to refuse them a meal ticket," said Capt. W. C. Poulton, divisional officer commanding the Salvation Army here, who spoke on "D-Day As I Saw It" at the last Rotary Club luncheon.

Capt. Poulton was a padre during the war and was in on the Allied invasion of France. Peeling off his tunic and donning a blue civilian jacket so that "anything I say will not be said to have come from a member of the Salvation Army," he began a powerful, penetrating address which held the well attended gathering until the conclusion.

Both witty and dramatic, his talk recalled the unforgettable "first day" when, flanked by 4,000 snips, the Allied troops—Canadians, Americans, British etc., hit the Normandy beachhead with the roar of huge guns and planes overhead.

The job of planning was marvelous, Capt. Poulton stated. "By 10:30 a.m. the beaches were ours. We were four miles from Caen and only 800 of our boys were dead, we dug in." Bulldozers followed the troops and cleared away debris and damaged vehicles. At 11 a.m. the divisional commanders landed and took charge of the broken west wall.

Capt. Poulton praised the work of the engineers explaining in one instance how, after divisional commanders had landed, they crept up to three to four foot thick emplacements and threw in explosives — and sometimes used flame-throwers, through the silts.

Every man that went in on that first day considered himself dead. "Last letters were written by most of the men," Capt. Poulton said.

"War is hell, it settles nothing," the Captain declared, "and, if another war does come Prince Rupert will be in the frontlines."

A the beginning of his address, the officer produced four novels written by authors having a different opinion of the battle. The four varied viewpoints were written by a Padre, a Canadian and an American.

"None of these four will agree," Capt. Poulton said, "but they are entitled to their own opinions."

Capt. Poulton was given a hearty round of applause following the conclusion of his speech. He was thanked by President Roy Van der Sluys.

Visiting Rotarians from Chilliwack, Dr. W. S. Barclay, was presented the can of salmon as being the member from the most distant point.

Snowfall Hits City

Heaviest winter of the year struck, Prince Rupert, over the week-end as a heavy blanket covered streets and walks and caused a few automobile accidents. The heavy fall began Saturday night and rapidly piled up. Temperatures rose above freezing levels and, even at 12 midnight, Sunday, the mercury stood at about 37 above.

The most serious accident due to the slippery conditions of city streets occurred early Saturday afternoon when ten-year-old Carl Jackson was struck by an automobile driven by George Perkins. The lad suffered a broken leg.

Damage estimated at \$225 was caused to vehicles of Harold Heelan (\$85) and Dave Abel (\$150) when they collided at the McBride Street Hill. Heelan was driving along Fifth Avenue West when collision occurred with a car driven by Abel coming along McBride Street towards Third Third Avenue. The mishap occurred at 1:30 p.m.

Later in the afternoon Walter Lundrigan of Port Edward, returning to the town, met W. D. Weiss, 101 Fifth Avenue West, and the meeting resulted in approximately \$350 damages to Lundrigan's vehicle. Apparently a head-on collision occurred as the highway is slippery and narrow. The accident occurred one and one-half miles outside of the city. Damages to the car of Weiss is approximately \$10.

City police reported other minor accidents but damage was not extensive.

No One Hurt; Railways Are All Tied Up Again

Heavy Rains and Snows on Lower Mainland And Island—Duncan Hard Hit

VANCOUVER—After a Canadian Pacific Railway train had been engulfed by a snowslide in the Fraser Valley near Yale, both railway lines today abandoned further efforts to run trains in and out of Vancouver today. Seven cars of the train were buried. They contained 37 passengers, none of whom suffered injury. They were extricated and taken to Yale.

Heavy rains and wet snows caused slides in the Valley since the week-end and sent large extra gangs to work again on both sides of the lines.

Telegraphic and telephonic communication was again disrupted during the night but was resumed today.

Snowfall was general over Vancouver Island yesterday and eighteen inches fell at Duncan. At the appeal of the mayor there, the citizens worked from 9 a. m. to 6 p. m. clearing sidewalks and streets.

Law Sided

Spade arched spines and flying snow were much in evidence on the avenue during the week-end when a B. C. Police constable confronted proprietors of city establishments and politely but sternly advised them to clear away their portion of the sidewalk out front.

Now orders are orders and more so when coming from a police officer grasping a small blue folder, the contents of which stated that after each snowfall, sidewalks must be cleared by 10:30 in the morning. It is called the "Streets and Regulations By-Law" No. 968. To go further, section 45 stipulates the aforementioned order.

"It is too bad persons have to be told," said civic and police officials.

No one is sure of consequences arising if certain establishments do not comply with the order but the police in the past has been to have sidewalks cleared by the public works department and the work charged to the offenders. And if a citizen slips on an uncleaned portion of the walk, the management is liable for prosecution.

So it's better to have the walks cleaned.

Better to Keep Sidewalk Clear

Interior decoration, Mr. Sommerville said, would be in accordance with contemporary taste. In public rooms and bedrooms, lighting would be in the modern style and the newest materials available would be used. "The guest rooms will be furnished so that in the day time they will be comfortable sitting rooms.

"We expect that all these modern conveniences will attract a great many tourists to Edmonton, many of whom will be going to Jasper National Park and the Columbia Icefield." For the benefit of commercial men, he added that the entire sixth floor of the original building would be remodelled to accommodate sample rooms.

The new section will not follow the style of the original MacDonald which was built 35 years ago, but considerable thought has been given to the relationship of the two, according to George F. Drummond, chief architect of the Canadian National Railways. "We believe that the whole structure, from whatever point it is viewed, will be impressive," he said. "The plans for the new building are adapted to the Canadian climate. By taking full advantage of modern developments in structural engineering and eliminating costly elaboration, we have designed a building which we think is a dignified expression of our times."

Settlers Curious—Would Come To Terrace

Standing Committees Named By Board of Trade

TERRACE — Enquiries from places as far apart as Fort Worth, Texas, Idaho, Vancouver, Coquitlam, and Nelson, Lancashire, England regarding the possibilities of settling in Terrace, were received at the monthly meeting of Terrace Board of Trade last week. They were turned over to the Industrial and Agricultural committees to be dealt with. These committees will work in conjunction with the publicity committee.

The radio booster station, for several years, an important item of the work of the Radio committee, is at last promised, according to word received in Terrace. For five years, the committee has pressed the need for this type of radio coverage for Northern B. C. and is gratified at the result of this effort.

At the next meeting, Will Robinson gave notice of motion, it is expected a utilities committee will be set up.

Spendary Magistrate Will Robinson, administered the oath of their office to the newly-elected president and vice president, C. J. Norrington and Alec Gillanders respectively.

One minutes silence was observed in tribute to the memory of the late Olaf T. Sundal and a letter of condolence and sympathy was ordered sent to the widow and family. Harry King, spoke feelingly of the late Mr. Sundal and mentioned many of the important matters in which he had taken part on behalf of the Board of Trade.

Three new members admitted to the Board were: E. Sargent, of the firm of Sargent, Robins and Tait, merchants of Terrace, A. H. Irving station agent, and Mrs. Barbara Giraud.

Letters were received from Hon. G. S. Pearson, Provincial Secretary, and Lieut.-Col. Hughes, M. D. of Kamloops, expressing their pleasure at being invited to attend the opening of the Home for the Aged when this event takes place.

Coal Supply Favorable

At the present time no further curtailments in power are seen as more coal is arriving for the dry dock steam plant, manager of Northern B. C. Power Co., T. B. Black stated this morning.

Although temperatures in Prince Rupert have been above freezing levels over the week-end the mercury at Falls River and Shawatlans has hovered around 28 above.

Ten cars of coal arrived at the steam plant over the week-end and another 400 tons is expected early this week. Coal reserve now totals 700 to 800 tons which will be increased to over 1100 tons when the 400 ton shipment arrives.

"We are not worried about the coal supply now as much as we are concerned about the water," Mr. Black said.

Deliveries of Alberta and Telkwa coal to the city by rail are now being augmented by shipments from Vancouver Island by freighter and barge. The freighters Chilliwack and Alaska Prince are due this week as well as a large bargeload of fuel from Union Bay.

Young Boy Badly Hurt

Ten-year-old Carl Jackson, son of Mr. and Mrs. Eric Jackson, 537 Eighth Avenue West, was seriously injured early Saturday afternoon when struck by a car at Lotbiniere Street between Seventh and Eighth Avenue.

Young Jackson suffered a fractured left leg after being partly run over by the tire of a car driven by George E. Perkins. The lad was sleighriding down Lotbiniere Street into the direction of the approaching vehicle. Due to ice and snow on the road, Perkins was unable to stop in time and as a result the sled smashed into the car.

Pete Salmon Swim Winner

Portlance Takes Second—Montreal Lifter Scores

STANDING TODAY

Australia	119
New Zealand	56
England	46
Canada	45

AUCKLAND, New Zealand, (AP)—Sparked by the powerful stroking of Victoria's Peter Salmon, Canada's swimmers skimmed through Olympic Pool waters tonight to capture first, second and two fourth places in British Empire Games finals. It marked the first time in the 1950 games that the Canadians had stepped on to the winners' dais.

Middleweight Gerry Gratton, Montreal weight lifter, scored Canada's second games victory, winning over a strong field from Australia, England, Rhodesia and South Africa.

The 20-year-old Salmon turned the trick after he had won the men's 110-yard final. He took up a late challenge from Australia's Frank O'Neill to gain the nod by a touch.

After Salmon had received the first place medal, Jim Portlance, teen-age swimmer from Ocean Falls, followed with a second-place effort in the men's 1650-yard free style event.

Mr. and Mrs. Walter Middleton, after a visit in this city, returned to Massey aboard the Chilcoth Friday.

Flash

LITTLE SNOW ON LINE

Canadian National Railway's local snow plowing equipment was working right in Prince Rupert yards this afternoon as there was no trouble in the lower Skeena Valley. Tonight's train for the East is leaving on time at 8 p.m. There was a small slide near Kwiltsa yesterday but it was quickly cleared.

SEARCH FOR PLANE

WHITEHORSE—Lower British Columbia regions are being combed today for clues to the whereabouts of the missing United States transport with 44 persons on board but search commanders say they do not expect the main search effort will be shifted from the Yukon area. They still believe the aircraft went down somewhere between Whitehorse and Snag. Weather has been clear, and very cold.

Veterans Honor Robert Fuller

The funeral of the late Robert H. Fuller, whose death took place on February 1, was held from Grenville Court Chapel of B. C. Undertakers on Saturday afternoon. Rev. Canon Basil S. Prockter officiated both at the chapel and graveside.

Mrs. J. C. Gilker acted as organist. Hymns were "O God Our Help in Ages Past" and "How Sweet the Hour of Closing Day."

Close friends of the deceased, as well as members of the Canadian Legion of which he had been a member for many years, acted as pall bearers. They were Barney Eyoifson, Harry Eyoifson, and Kay Eyoifson, Teddy Marsli, Alan Marshall and Angus P. Macphail.

Interment took place in the Soldiers' Plot, Fairview Cemetery. Sgt. Bugler W. J. Rance sounded "The Last Post" as the casket was being lowered. The Union Jack, which had been at half-mast during the service, was raised to the masthead.

Midnight Rumpus Ends in Court

Charged with creating a disturbance, Kenneth Panter and his wife, Harriet, were remanded until Saturday when they appeared before Magistrate W. D. Vance in city police court Saturday.

The two were picked up in the early hours of last Sunday morning following an altercation on Third Avenue.

Panter is alleged to have attacked Const. J. R. White with a flashlight resulting in a gash to the police officer's eye requiring four stitches Panter was charged with creating a disturbance and assaulting a police officer while his wife was charged with intoxication. Both are out on bail.

City Council And Power

THE CITY COUNCIL IS called into session tonight to give consideration to application of the Northern British Columbia Power Co. for a renewal of franchise for another twenty-five years as well as the new scale of charges proposed by the company.

In view of the current power shortage, what with sharp curtailment of service imposed by the company itself and the not inconceivable possibility under certain circumstances of a complete breakdown, the situation is little short of a grave emergency.

Every citizen is suffering inconvenience, some are in a state of more or less discomfort while many are losing business and money. Industry is being curtailed in its activities and unemployment has been caused.

In spite of the seriousness of the situation, the Daily News has refrained from critical comment for the simple reason that we have not considered ourselves sufficiently informed or competent to suggest whether the power company has failed in its responsibilities under the existing contract or whether it should, in view of the record, be entrusted with a renewal of the same.

There are a lot of things, we feel, upon which competent advice should be obtained, both from the legal and the technical standpoint. There is a lot of expert information which we believe should be assembled and presented with expert interpretation.

Quite possibly the members of the city council themselves would agree that, with the possible exception of the members who are identified with the power company and therefore, in a possibly biased position, none of them are really able to judge the technical angles of this question of which there are many and could do little more than flounder about attempting to do so.

In view of that we agree with a view already expressed by Ald. Casey, and supported in a letter from Mr. Faure published today, that the first move of the council should be to arm itself with this necessary information and advice before attempting to proceed to any great length with this highly vital problem that faces it in dealing with the company's application. In fact it is something that the city, as a party to the original power agreement, might well have done long ere this. The power situation also lies in some extent with the city's water problem.

Letters to the Editor

AGREES WITH CASEY

It is not often that I find myself in agreement with Ald. Casey. However, in view of what is happening in our electric power supply at this time, I feel that Ald. Casey's proposal to get technical advice from a competent hydro-engineer before even considering the proposals of the Northern B. C. Power Co. is good common sense.

Mr. Black's remark that his company's proposals will have to be approved by the Utilities Commission is true enough but the approval does not mean that the company's proposal is necessarily the best or even that it is adequate.

It would seem to me that the company has scrupulously fulfilled the minimum requirements of their present contract. That those minimum requirements are totally inadequate to meet the needs of this city is amply proven by the present failure of power supply.

Mr. Casey stands in perfectly sound ground when he insists that only a fully informed city council is able to pass judgment on the merits of the Northern British Columbia Power Co.'s present proposals.

The people of Prince Rupert have a perfect right to know why the Power Company is not now meeting the terms of its contract which calls for the supply of all necessary electrical energy and the people most certainly should know if the company's present proposals will guarantee that a similar situation will not arise again in the future.

To sign a twenty-five year contract blindly would be little short of criminal.

Mr. Hainsworth notwithstanding, I do claim to know sufficient about human nature, to say that, if the people of Prince Rupert take the present power failures as an Act of God without wanting to know all the whys and wherefores, then the Northern B. C. Power Co. and its apologists on the city council will take it for granted that those people will be quite content to take another twenty-five years of fulfillment of minimum requirements—that is, minimum service.

H. E. E. FAURE

In the Supreme Court of British Columbia
In Probate
In the Matter of the "Administration Act"

And
In the Matter of the Estate of Jacob Gioringbo, Deceased
TAKE NOTICE that by order of His Honour Judge W. O. Fulton, Local Judge of the Supreme Court of British Columbia, I was on the 31st day of January, A. D. 1950, appointed Administrator of the estate of Jacob Gioringbo, late of Prince Rupert, British Columbia, who was last known to be living on March 2nd, 1942, and is now presumed to be dead.
All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said estate are required to file them with me properly verified on or before the 15th day of March, 1950, failing which distribution will be made having regard only to such claims of which I have been notified.
DATED at Prince Rupert, B. C. this 31st day of January 1950.
Gordon Fraser Forbes
Official Administrator
Prince Rupert, B. C.

TEMPERAMENTAL LETTERS

Editor, Daily News:
Apparently your "Letter Box" is a temperamental gadget for I know it rejects some offerings and selects others out on what principle of selection I cannot guess. For instance there was a well-reasoned, sensitive and erudite vindication of the fact that some matters are private and personal and not to be set out in type and newspaper for the benefit of every hungry editor or idle news mixer. But then later there have been letters as shallow and thin as the paper they are printed on.

For such an instance, an anonymous rambler, or pardon, "rumbler," complains about the profits made by bakers of bread and wedding cakes, suggesting that the Co-op fishermen and the Co-op bakers are cheating themselves, or each other, or being cheated by the high cost of labor, or whatever other interpretation you may choose to give the anonymous roarings or rumblings or squishings that you have chosen to publish.

EDWARD J. G. LETCHFORD

Sgt. G. D. Mead, with the B.C. Police district office here for many years, sailed aboard the Chilcoot last night for Victoria where he will take up new duties.

MR. WHALEN'S POSITION

Editor, Daily News:
I find myself in agreement with H. S. Whalen in his letter to the Editor, of February 3.

However, I am bewildered as to why this sudden change—particularly when he states that we have endured similar experiences in the past.

I attended a meeting of the City Council a short time before the last election, when Ald. Daggett moved a motion, that a referendum vote be taken at the next city election to ascertain whether the people wanted the B. C. Power Commission to supply the electrical energy for this city at the termination of the existing agreement with the Northern B. C. Power Co. This motion was seconded by Ald. Casey. The result of the vote was Ald. Daggett and Ald. Casey for the motion, Ald. Black and Ald. Forman abstaining (which was what would be expected) and Ald. McLean, Ald. Stone and Ald. Whalen against.

Yours for some action.
GEORGE E. HILLE

Below is one of many written statements by women who were given a sample of Heinz Soup and asked to make a comparison with other well-known brands. Try a test in your own home and taste the wonderful difference.

"In the past we have been buying another brand of soup, but this sample will switch us to Heinz in the future."
—Mrs. S. P.

Taste the wonderful difference!

Ray Reflects . . . and Reminisces

With power off part of each twenty-four hours, being on duty in the Post Office is a headache. Mailing letters by hand, instead of machinery, must be hard on the tongue. That's asking a wee bit too much!

Old age pensions must come from some tangible place and the answer is taxes. That's why more people, looking back over a lifetime might feel more comfortable could they reflect they had contributed something regularly to the State.

In the average home there is invariably one drawer that contains almost everything except the washer, bolt or nut you happen to want—Quebec Chronicle-Journal. Or was it a handy sized screw driver you needed just then?

Why is it that when somebody mentions Soviet Russia in an ominous tone, the most of us exchange significant glances and think it's all too darned bad.

Prince Rupert's new telephone directory will be out this month. But it does not mean that everyone who wishes will have a telephone. Chances are the newcomers already here, with those who plan to locate in Rupert represent more prospective subscribers than ever before.

PERSONALS

Special Congregational Meeting First Presbyterian Church Monday February 6th at 8 p.m. 30

Mrs. Hugh Boswell of Smithers, who has been in the city for the past week visiting with Mrs. Frank Morris, Smith Block, will be leaving this Thursday night on the Prince George for San Jose, California, where she will make an extended stay for the benefit of her health.

70 RADIO CABS for prompt, courteous and reliable service. Phone "70 RADIO CABS", the first and only radio dispatched taxi service in Prince Rupert—24 hours service. (H)

George McKnight, charged with breaking and entering of the Gordon & Anderson premises over the Christmas week-end, was again remanded for one week in city police court Saturday morning. The preliminary hearing will begin February 15 at which time a witness from Victoria will be available.

A civil case which was to have been heard in county court recently was settled out of court. Gunnar Selvig, plaintiff, sued Clifford Silversides for \$34.32 for damages inflicted to his automobile on the Prince Rupert-Port Edward highway July 27. Counsel for the plaintiff was T. W. Brown and for the defendant was Rod MacLeod.

There will be a meeting of the Construction and General Labourer's Union, Local 1427, on Tuesday February 7 at 8 p.m. in the Carpenters Union Hall on Fraser Street. All members are urged to attend. Business—Election of new secretary—C. L. Moe (Secretary). (31)

Planning For New Rectory

Proceeding With New Rectory Plans—Gratifying Annual Reports

Plans for the building of a new rectory comprised principal business other than the usual routine at the annual congregational meeting of St. Andrew's Cathedral last week. A sum of about \$12,000 is now on hand for the project.

The report of the rector, Rev. Canon Basil S. Procter, reviewed church progress for the year and referred to the activities of various church organizations.

During the year there were 66 baptisms, ten confirmations, 27 marriages and 21 burials. Number of communicants was the greatest on record.

After the election of officers, refreshments were served. The officers are: Bishop and Dean—Right Rev. J. B. Gibson D.D., Bishop of Caledonia. Diocesan lay reader—F. Earl Anfield. Rector's warden—Levi Fitzgerald. People's warden—George J. Daves. Delegates to Synod—F. Earl Anfield, Gordon S. Reade. Alternates—A. M. Rivett, F. Skinner. Sidesmen—H. J. Davies, W. M. Watts, H. Ward, R. E. Mortimer, L. M. Gordon, A. M. Rivett, F. Skinner, E. Faure, J. Eastwood. Assisting sidesmen—N. Jones, E. Woodward, W. St. Clair, G. McDonald, R. Morgan, D. McAllister, W. Bacon, W. Cruickshank, M. Brydges, G. C. Sessions, Ken Johnston, F. H. Partridge, I. Martin, G. W. Morgan. Organist and Choirmaster—Peter Lien. Envelope Secretary—E. Earl Anfield.

Customs Revenue Shows Decrease

Customs collections for the month of January totalled \$14,663.59 about half the January 1949 total of \$28,541.36. Although the sum is small as compared to other years—in 1943 \$86,733.35 was collected—it is far from being the lowest. In January of 1945, the total was \$2,750 while in 1947 it was \$4,110.

CITY OF PRINCE RUPERT

Sealed tenders, marked "Tender for Sewers" will be received by the undersigned up to 5 p.m. Monday, February 27th, 1950, for excavating, supplying laying and backfilling approximately 1800 feet of 42" and 48" reinforced concrete sewer pipe. Plans and specifications may be obtained from the City Engineer, Prince Rupert. Tenders must contain separate quotations for (a) Excavation, (b) Supplying of pipe, and (c) Laying of pipe, construction of manholes and backfilling. The City reserves the right to accept any or all portions of any tender or tenders. The lowest or any tender will not necessarily be accepted.

H. D. Thain,
City Clerk. (32)

GENERAL ELECTRIC LAMPS

More light for your money

General Electric lamp research has resulted in constantly increasing lamp efficiency and constantly lowering lamp costs. The G-E 60 watt lamp you buy today cost 95 cents in 1912. Today it costs only 15 cents—yet gives for more light. Remember: always ask for G-E Lamps by name.

Pretty Lutheran Church Wedding

Double Ring And Candlelight Ceremony This Week
St. Paul's Lutheran Church, attended by a crowded congrega-
tion, was the scene of a pretty wedding of much interest on Monday evening of last week when Rev. Earl Soiland officiated at nuptial rites for Miss Mary Elvira Ostrom, daughter of Mr. and Mrs. Knut Ostrom of Bella Bella, and Ivar Johansen, son of the late Hagbart Johansen and Mrs. Martha Johansen of Prince Rupert. It was a double ring candlelight ceremony. Mrs. Earl Soiland was organist.
The bride, given in marriage by her father, was a pretty picture in white satin with floor length veil, carrying a shower bouquet.
Mrs. Frank Amstutz, the matron of honor, wore a powder blue gown with floor length veil and also had a beautiful bouquet.
Candlelighters were Mardell Soiland and Sonja Selvig.
During the signing of the reg-
ister Mrs. Frank Anfield sang. Leonard Ostrom was usher.
After the ceremony a reception

Weather Summary

Following are the details of the January weather summary in Prince Rupert which was a topsy-turvy affair, bringing more sun-
shine and less rain, a situation which is usually the reverse in the normal winter month.
Weather summary for January was as follows:
Maximum temperature—37 above, January 6.
Minimum temperature—3 above, January 1 and 23.
Mean temperature—18.7.
Maximum barometer—30.63 inches, January 2.
Minimum barometer—29.60 inches, January 5.
Precipitation—.96 inches (.2 inches of rain).
Hours of sunshine—113.7
Maximum wind velocity—southeast at 25 miles per hour, January 24.

To Advertisers

To insure publication of display or classified advertising, copy for same must be in the office of the Daily News by 4 p.m. the day previous to advertising. Requirements of the mechanical department make this rule necessary.

LAND REGISTRY ACT
RE: Certificate of Title No. 31007-1 to Block Four (4), Subdivision of Lot Four Thousand One Hundred and Eighteen (4118), Range Five (5), Coast District, said to contain One Decmal Six Nine (1.69) acres, more or less, Map 1402
WHEREAS satisfactory proof of loss of the above Certificate of Title issued in the name of Milton Allison has been filed in this office, notice is hereby given that I shall, at the expiration of one month from the date of first publication hereof, issue a Provisional Certificate of Title in lieu of said lost Certificate, unless in the meantime valid objection be made to me in writing.

was held in Valhalla Hall where the happy couple received the congratulations and best wishes of seventy-five friends. Toastmaster was Pat Forman. The toast to the bride was proposed by Norman Bellis with the groom responding. A toast to Mrs. Johansen was offered by Jack Cook and to Mr. and Mrs. Ostrom by Reg Edwards. A toast to the bridesmaid was proposed by Andrew Dybhavn.
Mr. and Mrs. Johansen will reside at 1058 Ambrose Avenue.
The groom is a well known trolling fisherman. The bride has been identified with the Post Office staff at Bella Bella.
