Steel Construction On Several Buildings At Watson Island Finished

Seven Hundred Workers Now Engaged On Project Which Is Going Well

Steel construction has been completed on several buildings of the Columbia Cellulose Company, Ltd. high alpha pulp plant being erected on Watson Island, and work is proceeding satisfactorily in all directions, according to C. H. Klotz, project engineer.

"Installation of underground sewers, pipe lines and water mains," Mr. Klotz reported, "is well advanced. The large aggregate and batch plant is functioning successfully and the transit shed has been substantially completed."

"All the steel for the office building and pulp storage building has been erected. It is hoped that the office building will be available for occupancy by staff employees within the next five or six weeks."

"Foundations and footings on a number of the processing buildings are now ready to receive the steel work. Excavation work is virtually completed in preparation for the erection of the boiler house, coal hopper and conveyor buildings."

Within the last few weeks contractors began the fabrication on the plant site of wall panels and roof slabs, which consist of a layer of foamglas insulation between two layers of concrete. This novel assembly will be used in certain departments of the plant. Workers now engaged in miscellaneous activities of Columbia

Cellulose Company, Ltd. have passed the 700 mark, an increase of approximately 17 percent during the last month.

THE WEATHER (Synopsis)

A weak storm centred 300 miles off the west coast of Vancouver Island is moving south-eastward. It will give some cloud today over the south coastal regions but nothing more serious than this is expected from it in British Columbia. Showers will occur today over the central interior of the province and the southern valleys will enjoy considerable sunshine. The north coast remains cloudy. The outlook for Wednesday is for mostly clear skies east of the coast range but

Shock Officially Described As Most Severe This Year

Animals Behaved Strangely Before Tremor—Graphic Masset Story

Seismographical authorities have announced that the centre of Sunday night's earthquake shock, which Prince Rupert felt so vividly, was west of the north tip of the Queen Charlotte Islands where the ocean floor is known to be unstable. It was graded as a shock of "8" intensity and was the most severe in the world this year. The intensity at the centre is estimated to have been ten times that which caused such widespread havoc in the South American republic of Ecuador on August 5.

According to further advices received at the office of the Daily News today from the Queen Charlotte Islands chimneys fell like ten-pins at Masset, the Delkatla bridge writhed like a snake and the ground cracked at several points, animals became confused and unruly, horses at Limberlost Lodge could not be controlled even an hour before the main shock. Deer ran wildly from the woods into the meadows.

Mrs. Margaret W. Green, Daily News correspondent at Masset, wrote as follows today: "The 'quake, described locally as the worst ever experienced

Earthquake Aftermaths

A local householder had been repairing his water pipes. He had just connected up the system and was waiting somewhat anxiously the results of his plumbing attempts when there was a rumble. Just as the hot water began to come through the house shook, the windows rattled and as he looked out through the window he saw trees swaying. "What on earth have I done now?" he groaned apprehensively. He was relieved to learn it was only an earthquake.

Two Indian lads were shooting with a "BB" gun near Cow Bay. Their target was an old tin can. A shot hit with a ping, there was a rumble, the Cow Bay electric power sub station shook, there were flashes, the telephone poles quivered and the trees swayed. The lads looked in horror and then beat it for home as fast as they could.

But that was no faster than some clients left their tables in the local restaurants. Although they returned to finish their meals.

Even the sacred precincts of

PARKING BYLAW NOW IN EFFECT

An amending bylaw to the city's traffic and parking bylaw, which will limit parking in the Post Office block of Third Avenue to 15 minutes during the hours between 9 a.m. and 6 p.m. received its final reading in city council last night. The amendment bylaw also provides for diagonal parking along the north side of Second Avenue between Sixth and Seventh Streets.

All Twenty-One on Crashed Plane Die

WINNIPEG — Royal Canadian Air Force said that the Canso aircraft missing in northern Manitoba since Sunday was sighted today on direct track from Churchill, 80 miles east of Norway House, on the way to Winnipeg. There was no sign of life and it is thought that the plane crashed and burned. The search party later reported that none were living aboard the crashed plane. A parachute rescue team proceeded to the scene in an amphibious Canso.

An armada of thirty planes had been looking for the missing plane.

On board were twenty-one passengers made up of seven crew men, four meteorological bureau men, Canadian Press reporter Jack Avison of Winnipeg and a woman physiotherapist as well as eight Eskimos.

The aircraft had left Winnipeg on August 15 and had encountered thunderstorms. The wreck was sighted by a Canso piloted by Flying-Officer F. D. Advent, Vancouver.

BANK GIRL IS MARRIED

Miss Betty Uzick Becomes Bride of George Brodie

A wedding of wide interest took place at St. Andrew's Anglican Cathedral on Saturday evening, August 20, when Miss Betty Nellie Uzick, daughter of Mr. and Mrs. Nicholas Uzick of Vernon, and formerly of Melville, Saskatchewan, became the bride of George Lawson Brodie of Prince Rupert, son of Mrs. George E. Harrison and the late George L. Brodie.

The wedding, which was a quiet one in the presence of intimate friends of the principals, was conducted by Canon Basil S. Procter. The bride was given in marriage by her father, Nicholas Uzick. Groomsman was Jack Woolcock of Victoria and Arthur Mauger of Victoria, B.C. was usher.

The bride, who looked very charming, wore a pale yellow dress with white accessories and an orchid corsage. She was attended by her sister Miss Eva Uzick, as maid of honor, who was attractively gowned in grey with navy blue accessories. The bridesmaid, Miss June Thornton, was pretty in a pale blue dress with navy blue accessories.

Following the wedding ceremony a reception was held at Valhalla Hall where guests were received by the bride's elder sister, wearing a black and white two-piece suit and the bridegroom's mother in a grey two-piece suit with matching accessories. For her going-away dress the bride wore a brown and white check suit, grey coat and

brown accessories. The honeymoon will be at Stewart where the newly wed plan to spend the next six weeks. They will return to make their home in Prince Rupert where the groom is employed in the Government Agent's department. The bride was formerly employed in the Bank of Montreal at Prince Rupert.

SIDELIGHTS FROM SMITHERS SERIES

Capacity crowds took advantage of the best baseball weather of the year and the stands were filled for both games. The need for more and better spectator accommodation was apparent. The Smithers team was short two regulars—Jack Hetherington and Oakley Senkpiel. They would have added punch to the line-up. Fowler and Goodacre, the recruits from the junior team, filled in capably but are light on the hitting power.

Nick Pavlikis struck out four times out of the first six times at bat, then finished off by hitting three consecutive singles to lead the hitters with a total of four hits for the series. Dahl and Lindsay hit the longest balls in the evening game—Dahl sent Spicer away back behind the scoreboard for his but the centrefielder didn't get it, Lindsay's was a mile high and Fowler was laying back near the fence for it—Spicer was there to back him up but young Fowler pulled it down with a one-handed catch. The freakiest hit was Goodwin's drive that hit the pitcher's rubber and bounced so high that the runner was on first before the ball came back to earth. Simundson used his head on one play—on an attempted bunt, the ball carammed off the bat and Miner's head, the pitcher caught the pop fly and doubled the runner off first base. It took some convincing to straighten out the situation but Miner had the mark to prove the ball had gone that way.

Herb Morgan had a painful injury when he was spiked on the thumb, his thumb-nail was pierced but he held the ball and made the put-out.

Bill Leach scored all three of

Legion Wins Great Game

Defeated General Motors Three Goals to Two

Canadian Legion won from the General Motors last evening in another splendidly contested game in the Mobley Football Cup by three goals to two. Lapses by the defence on both sides were responsible for four of the five goals but both teams gave a good exhibition and, for the first time in weeks, the Motors had a full eleven.

Play opened fast with Krause the first keeper called upon when he saved on the line from Mercer. Price's long lob went close and Eby had to be good to stop Mercer. Yelland then sent Motors back and Eby came in fast to check another attack. Olsen did well to stop Bowman and then Krause saved from Price. Smith, Bowman and Baxter combined nicely and the Legion had more of the play for a change. From Baxter's good corner Smith turned the ball past Boulter for a neat goal, a score that was against the run of the play. Pat Wilson shot weakly and then Eby twice checked the Motors. A Mercer-to-Owens pass was well countered by Owens and Bob Currie just failed to connect. Bremner was good and then a good cross by Currie was beautifully turned into goal by Pat Wilson but Krause was very quick to catch and save. Greer was neat and Olsen did well to clear his lines. From Baxter's good centre Boulter did a great job in turning Smith's shot over. Boulter then saved on the line. Lien was good and Pat Wilson and Owens made headway. Bishop headed cleverly to break up a play and feed Owens. Bob Currie finished very weakly and then John Wilson cleared well twice. Murray crossed a good centre. Eby cleared and Armstrong was very effective but his shot just missed. He and Baxter were dangerous again but half-time found the Legion a goal up although the Motors had had the territorial advantage.

The second half opened with the Motors defence fumbling. John Wilson failed to clear and Lien miskicked but Armstrong shot over. Eby stopped Pat Wilson and then Armstrong narrowly missed. Bob Currie centred and Pat Wilson tested Krause who did well to save a fine drive. Olsen immediately after was just too high. Alexander who had replaced Bremner did well to stop a Mercer-Owens move. Boulter saved following a miskick and then caught Smith's header. Lien again failed to clear and Smith shot over. Bishop lost the ball and Baxter went through to put his team two goals up. Motors got a goal when a simple-looking long-shot from Pat Wilson eluded Krause. Mercer and Pat Wilson were dangerous with Eby clearing. Yelland broke up a play and Mercer had bad luck with a grand drive that was just wide. Bishop was very clever in checking and fed his forwards well. Boulter ran out and cleared. Bob Currie made a great run but finished weakly. Charlie Currie defended well. Krause cleared from Pat Wilson and then a great shot by Mercer was miskicked by Sunberg and Krause was beaten and the score tied. Play now speeded up even more. The old combination of Armstrong and Baxter paid off and when Boulter lost the ball Arm-

strong put the Legion ahead. John Wilson cleared well. Murray's corner went close and then Lien stepped in to save the situation. Motors forced two corners and the Legion defence was sorely tried but, with all hands playing desperately, their lines were kept intact. Yelland relieved the pressure and tested Boulter. Price hit the upright with a tremendous drive and Pat Wilson was just wide. John Wilson was very safe. Sunberg cleared well and then Price again went close. Boulter saved from Murray but fulltime came with the Legion still battling successfully to hold out a game opposition.

Teams:
Canadian Legion—Krause, Eby, Sunberg, Greer, Yelland, Bremner, Baxter, Bowman, Smith, Armstrong, Murray, Alexander, General Motors—Boulter, John Wilson, Lien, C. Currie, Bishop, Olsen, Bob Currie, Price, Pat Wilson, Mercer, Owens.
Referee—S. P. Woodside; linesmen Sonny Dickens, P. Bond.

COMMENTARY

It was an interesting game and well contested all through. Krause was unlucky with both scoring shots but brought off some fine stops—one from Pat Wilson's turn being very smart. Eby again was almost unbeatable, tackling with judgment, kicking accurately and being fast. Sunberg did a good job too. Yelland was reliable with Greer again turning in a clever game. He uses very good judgment and kicks cleanly. Bremner did well in the first half and Alexander who relieved him in the second was also good. Armstrong was the best man on the field. He is a great playmaker and his long, accurate passes to Baxter on the opposite wing were always fraught with danger. He shot well. Baxter was fast and clever, never wasting a ball and always centering with control. Bowman did well. Smith was a hard bustling centre. Murray got some good crosses over. Boulter did a big job in goal and was unlucky to find that his

only slip resulted in a goal. John Wilson was a sound and aggressive back, kicking well with either foot. Lien was not as good as usual. Bishop was clever and constructive and was effective in heading the ball to advantage. He got a bad drive from a kiek but resumed play. Olsen did well for his first game for weeks. C. Currie completed a good half-back line. Mercer was the best forward, checking well, making good openings and shooting hard. Pat Wilson was always a threat and made nice opportunities. Owens got some good centres over but shot poorly. Bob Currie dribbled too much. He should centre earlier and more often. Price deserved at least a goal putting in some grand shots.

Sport Shots

Friday evening's football game between the Heavy Battery and the Canadian Legion in the Mobley Cup series promises to be a more than unusually interesting game. The Legion feel that they are now on the way to take their opponents and so tie up the competition. If they do it will mean that the last round—there are two more games for each team—will really be a battle. In any case there is so little to choose between any of the teams that the result will always be in doubt till the final whistle.

the dead were not left undisturbed. Tombstones were toppled in Fairview Cemetery, accentuating a situation in this regard which has been deteriorating for some years as other stones had settled into the muskeg.

Frank Parlette, local amateur radio broadcaster, suffered from the shock. At the time it occurred, he was broadcasting to a fellow "ham" in Ontario. Force of the shock knocked his transmitter off its bench, sending it crashing to the floor. Damage to the machine was not great.

The Prince Rupert Hotel, Prince Rupert's tallest building, swayed sickeningly and many guests quit their rooms quickly. One guest said that the corridor wavered and quivered.

Tension In Balkans Up

Charges and Counter-Charges Between Kremlin and Tito

LONDON—Charges of plotting a Balkan war were hurled at Premier Marshal Tito of Yugoslavia as the Russian-led campaign against him took a new turn and Balkan tension mounted.

While diplomatic sources sought to fathom the implication of Russia's threat to "take effective measures" against the Tito regime, Russian communist leader Gheorghiu-Dej said: "Tito is plotting to set ablaze the Balkan powder keg."

In Prague the Czech communist newspaper Rude Pravo branded the Tito government as Fascist, and warned that it was Russian policy to "exterminate fascism wherever it may appear—now and during the war."

St. Andrew's Cathedral
Colorfully Decorated for Rite

The altar of St. Andrew's Cathedral was banked colorfully with late summer flowers for the wedding Friday evening of Marjory Mann Wheeler, daughter of Mr. and Mrs. J. Wheeler, of Kindersley, Sask., to Richard William Long, son of Mr. and Mrs. Richard Long, of Prince Rupert.

Canon Basil S. Prockter officiated at the rite which was attended by scores of friends of the young couple.

A gown of bluish satin with court train sweeping beautifully from the waistline, the veil caught with two pink tulle roses over each ear, was worn by the bride who was given in marriage by Albert Phillipson. Her bouquet was of tulle roses centred with orchids.

Bridesmaid was Miss Eileen Sheppard wearing a gown of pastel green moire taffeta with matching headpiece. Her colonial bouquet was of pinochio roses and baby's breath. Grooms-

man was Ingver Morse. Bud Timmermeister and Donald Fitch were ushers. Organist Peter Lien played in prelude to the ceremony and during the signing of the register.

The bride, a registered nurse, graduate of Saskatoon General Hospital, is on the staff of Prince Rupert General Hospital. The groom is assistant city treasurer.

Baskets of gladioli, roses and Canterbury bells set below the altar formed a colorful backdrop for the marriage. On the altar were arrays of fern and spirea. White bows and sprigs of spirea marked the guest pews.

A reception followed at the Moose Temple, where 125 guests were received by the mother of the groom and Mrs. A. M. Phillipson. The former wore a dress of grey crepe with pink and navy accessories and corsage of carnations. Mrs. Phillipson's dress was of navy crepe with grey accessories and corsage of pink carnations.

The newly married couple received felicitations before the fireplace which was banked with greenery and flowers.

The three-tier wedding cake was cut by the bride and groom with a knife which was a wedding present from friends in England. The cake was adorned with white roses and crowned with a lily-of-the-valley.

Toast to the bride was proposed by Dr. A. W. Large with response by the bridegroom. Toast to the bridesmaid was proposed by George Hills. The groomsmen responded.

Servitors were Miss Betty Jaques, Miss Elsie Muir, Miss Milly Bill, Miss Lillian Knutson, Mrs. Diana Blair, Miss Paddy Harris and Mrs. Donald Fitch. Telegrams of congratulations were received from relatives and friends in Kindersley, Sask., Summerland, B. C., Vancouver, Edmonton and Laird, Sask.

The bridal couple left Friday evening on the Coquitlam for Limberlost Lodge on their honeymoon. For travelling, the bride changed to a suit of pale blue gabardine with white and navy accessories and orchid corsage.

On their return, they will take up residence at 237 Seventh Avenue East.

Echoes From Convention

Associated Boards of Central
B.C. at Smithers

Retiring President A. M. Patterson of Prince George kept the proceedings moving in a happy tone with his particular brand of dry humor and quick sallies of wit. It was a sincere welcome which he extended to the delegates at the start. As the convention closed, George Ogston, having been duly elected, took over the chair. Mr. Ogston, one of the first secretaries of the Associated Boards, has rarely missed a convention and his choice as president was well deserved and popular.

Youth was also accorded an important place in the affairs of the Association with the election of Joe Scott as first vice-president. Dr. L. M. Greene of Prince Rupert, in nominating Scott, referred to the importance of having young and virile blood, a sentiment which was seconded by C. A. Berner of Prince Rupert. Joe Scott has long been active in the affairs of the Prince Rupert Chamber of which he is a past president. His organization of the 1947 convention in Prince Rupert was a shining example of his ability to get things done well and ably.

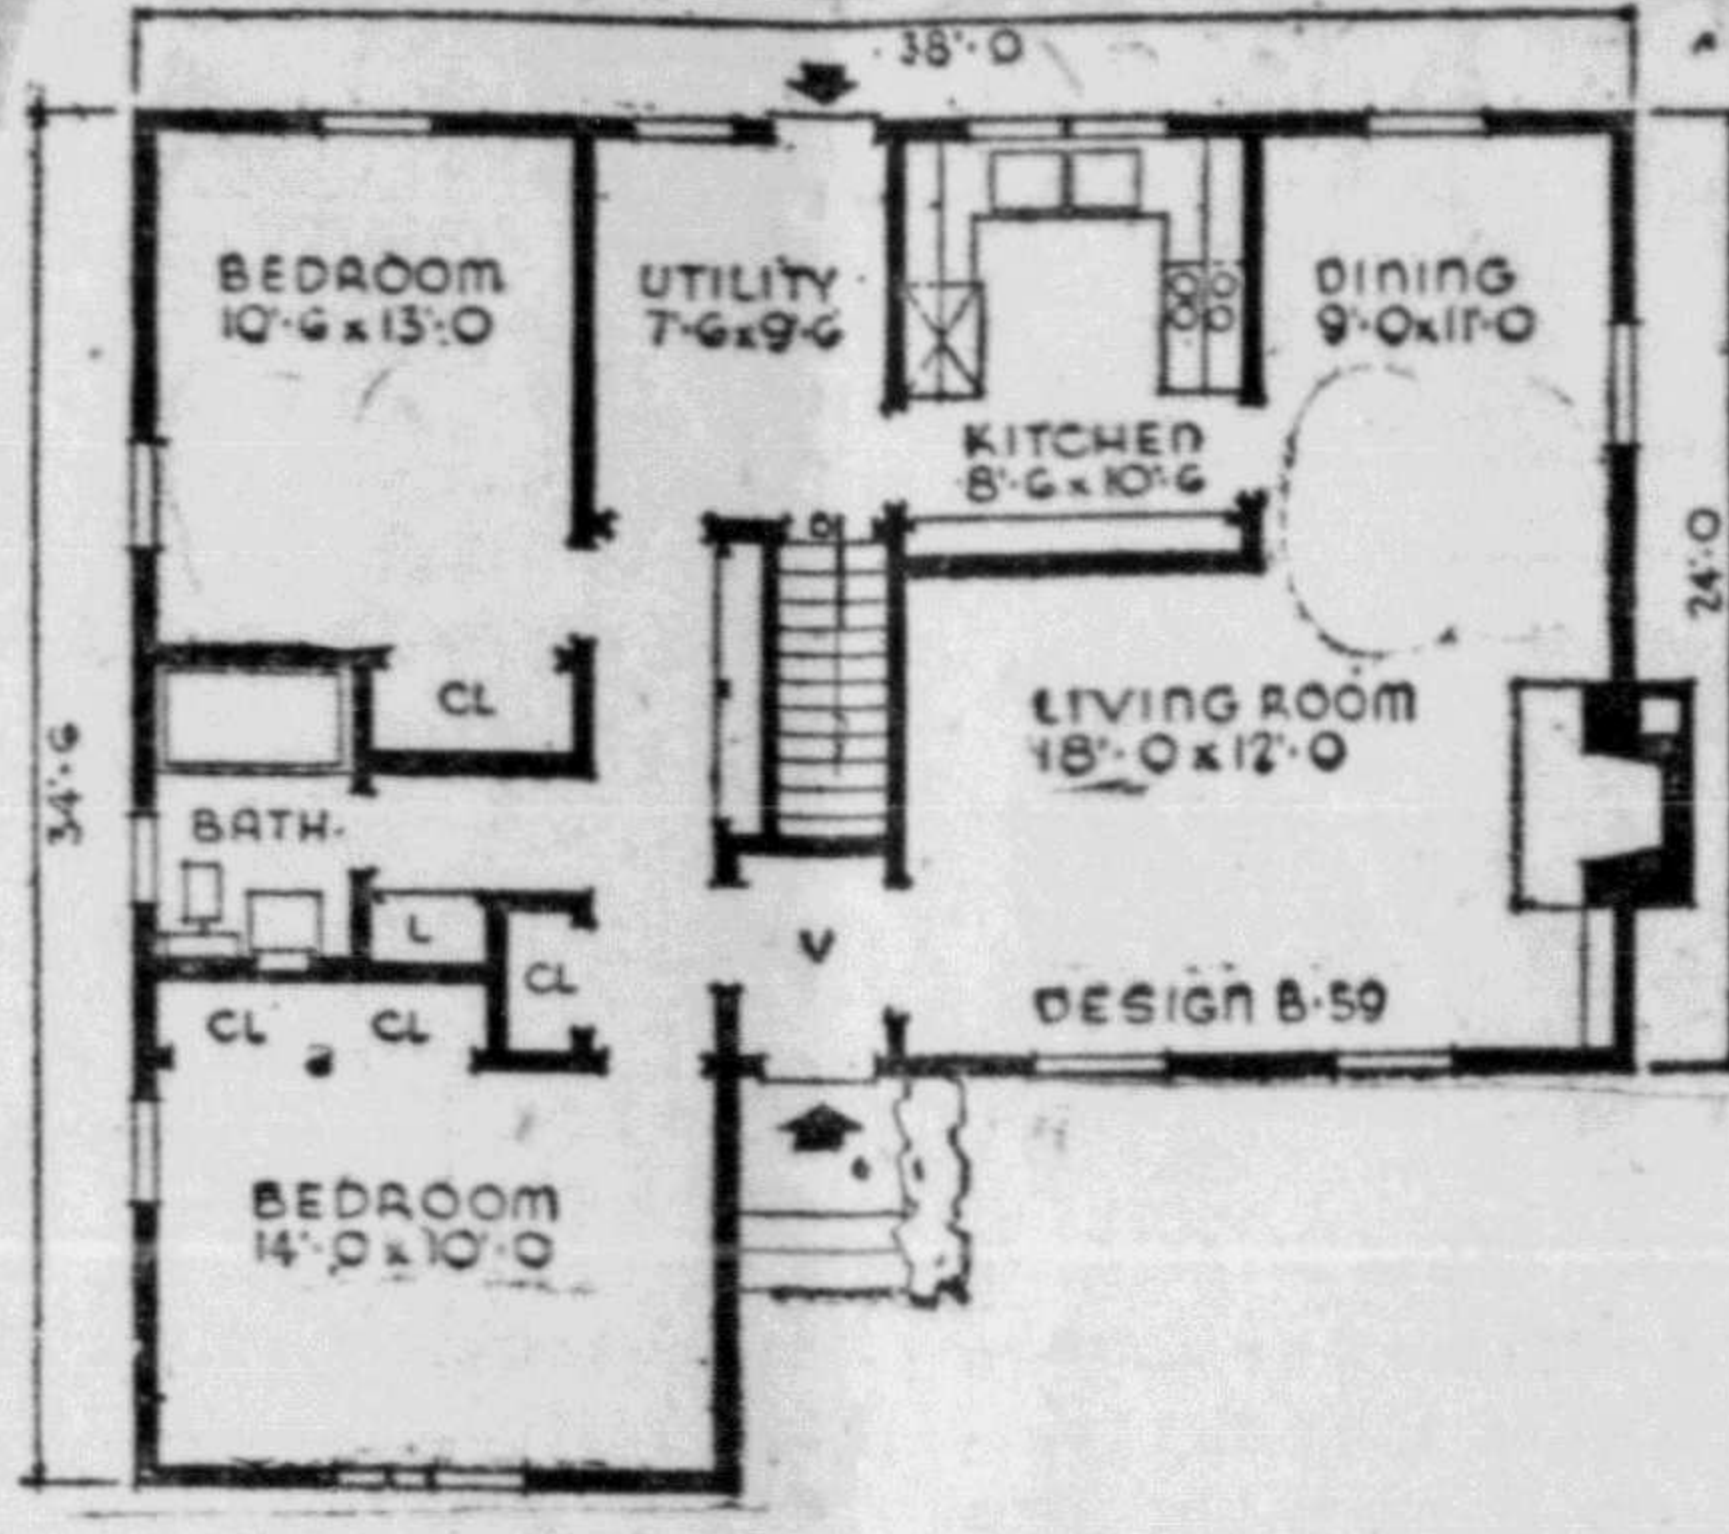

Duncan Kerr of Terrace was re-elected to the main spring position of secretary, an office which he has filled well for several years now. Everybody who knows anything about the affairs of Associated Boards knows that Duncan is the man who has kept things going and ably looks after things between conventions—in short, does the real work of the Association. He does the work while the others do the frothing.

Telegrams of regret at being unable to attend were read from such persons as R. V. O'Meara, trade commissioner for British Columbia; Hon. E. T. Kenney, minister of lands and forests and M.L.A. for Skeena; F. M. Dockrill, Telkwa, past president of the Association and long one of the pillars of its strength; George McAdams of Terrace, another past president; and T. G. Norris, president of the Vancouver Board of Trade. There were also messages from H. B. Guest of Prince George; Brig-

R. A. Wyman, C.N.R. superintendent, Kamloops; Inspector John Shirras, British Columbia police; E. C. Foreman, manager, B.C. Products Bureau, Vancouver Board of Trade; Arnold Flaten; Dr. H. L. Keenleyside, deputy minister of mines and resources, Ottawa; Harold Blanche, president of the Celanese Corporation of America, New York; Hon. Herbert Anscomb, minister of finance; Hon. B. I. Johnson, premier of British Columbia; Hon. Lionel Chevrier, federal minister of transport; Hon. R. W. Mayhew, federal minister of fisheries; Hon-

Frank Putnam; K. N. Cennett, Pacific Northwest Trade Association; H. H. Anderson, editor, Vancouver Province; Hon. R. C. Macdonald, minister of agriculture; W. A. Rundle, Vancouver Board of Trade; Hon. E. C. Carlson, minister of public works; W. L. Armstrong; Bernard Allen, manager, Canadian National Railways, British Columbia.

Mr. and Mrs. A. W. Burnip and daughter, Joan, have returned to the city from vacation after motoring to Vancouver, Nanaimo and Victoria during the past month.

THE BELVIEW has a combination living-dining room which forms a comfortable L-shaped room, with three exposures looking to the front, side and rear of the house. The small, well-arranged, compact kitchen has a cabinet on the end wall. The rear entrance of The Belview opens into a small utility room, convenient to the kitchen, from which the basement stairs lead. The front and rear entrances of The Belview are connected by the center hall which also gives access to all rooms. There is a coat closet in the hall as well as a 7 foot long storage cabinet.

There is cross light and ventilation in all of the bedrooms. The bedrooms are also equipped with large wardrobes with storage space above.

The exterior of The Belview is of frame construction with siding. The straight lines of The Belview make it easily adaptable to the substitution of concrete blocks or brick veneer for the frame.

The main body of The Belview is 38 feet wide and 24 feet deep. It has 1069 square feet with 20,320 cubic feet.
