BRITAIN EXPRESSES THANKS TO UNITED STATES

Cripps Acknowledges European Aid Program; Taxes In Budget

LONDON, (CP)—Sir Stafford Cripps, in his budget speech, described the United States European recovery program as an "event of the most profound world significance since the war." He said it was a "light and hope to freedom-loving people of the world."

"Without that aid," Sir Stafford said, "we should be forced to cut drastically our imports of food and raw materials with gravest consequences to living standards, employment and productive efforts."

"However, we must send abroad more goods before satisfying the home market. We must redress during the next four years the grave imbalance."

In his budget speech, Sir Stafford announced higher taxes on cigarettes, beer and liquor and on sport pools.

The duty on leaf tobacco is increased by three shillings, four pence in the pound. This means an increase of three cents in the price of cigarettes which now cost three shillings four pence (67c). Beer will be taxed another penny a pint. The duty on bottled whisky is increased by two shillings four pence.

"I do not propose any special legislative steps in regard to personal incomes, prices or profits other than the usual taxation provision," Sir Stafford told the House.

However, there is further relief from income tax for those in lower wage brackets.

Urges Antarctic Military Bases

SYDNEY—Australia would be well advised to establish bases in the Antarctic in the interests of defence according to Admiral Lord Mountbatten who is visiting Australia. He declared the great Antarctic continent and the sub-Antarctic islands, particularly the Falklands dependencies, might well prove to be of enormous strategic value.

NEW U.B.C. DEPT HEADS NAMED

VANCOUVER—Appointment of two new deans and two heads of departments was announced today by the President's office. Succeeding Dr. Daniel Buchanan, who retires this year after 20 years as Dean of the Faculty of Arts and Science, is Professor S. N. F. Ghant, O.B.E., present Professor of Psychology and head of the department of Philosophy and Psychology. Professor Walter H. Gage has been promoted to Dean of Administrative and Inter-Faculty Affairs. He will continue as a Professor of Mathematics, and will be responsible for duties not within the field of any one faculty.

Dr. J. Roy Daniels, Professor of English, has been appointed to succeed Dr. G. G. Sedgewick, F.R.S.C., as head of the Department of English. New head of the Department of Mathematics, succeeding Dean Buchanan, will be Dr. R. D. James.

FREAKISH MISHAP
CORNWALL, Ont. — Damage of \$800 was caused when an automobile collided with a tow truck on slippery pavement. A car being towed was flipped over on its back into a ditch filled with eight feet of water.

ISLAND STRIKE OVER
NANAIMO — Vancouver Island's 1300 members of the United Mine Workers of America (CIO) Monday voted 649 to 30 in favor of accepting a daily wage increase of \$1.79 to end the 84-day-old coal mine strike. At the same time as work was resumed at Nanaimo and Cumberland an increase of \$2 per ton in the price of coal was announced.

RUSSIA APOLOGIZES
LONDON—Tension eased today somewhat in Berlin after the Russians publicly expressed official apology for the crash yesterday of a Russian fighter and British transport plane in which fifteen lives were lost. Foreign Secretary Bevin said that an investigation was being pressed for. Fighter escorts are being withdrawn from Allied transport planes approaching Berlin.

EASING UP PINK SLIPS
VICTORIA—Changes will be made in British Columbia's pink slip automobile liability insurance law. The damage requirement before detention will be lifted from \$25 to \$50. An office will be opened in Vancouver and reciprocal arrangements will be made with other provinces and states having similar laws.

ALEXANDER, KING BACK
OTTAWA—Governor-General Alexander and Premier King returned to Ottawa last night from their trip to Virginia where they received honorary doctorate of law degrees at William and Mary College.

DISASTER IN ALBERTA
CALGARY—Winter's lingering grip on Alberta today shaped into a major disaster as farmers faced threat of heavy livestock losses, floods and late seeding season. Eight of fifteen Wheat Pool agents described the situation as "alarming and critical." Depth of snow ranges from four to 44 inches.

IMPROVE NORTHERN LINES
EDMONTON, Ont.—To carry a growing volume of traffic on Northern Alberta Railway lines, expensive improvements and maintenance projects will be undertaken in 1948. J. M. McArthur, general manager, has announced.

RUSSIANS PLAN TO TAKE CANADA

TORONTO—The way in which Soviet Russia would attack Canada is described by Andre Thubet of Paris who is here on business. He says Communist papers in France have published maps indicating a route which the Red Army might take. The maps were published after it came out that Canada was prepared to admit 5,000 farmers. The red-arrow studded maps marked a route "which ran from Behring Strait down through Alaska via the Alcan Highway into Canada, taking in British Columbia and thence through the three prairie provinces to Ontario and Quebec and finally halting in the Maritimes."

Czechs Are Working For Nothing Now

PRAGUE — More than four million Czechs worked for nothing for a day, the government announces. They worked in the country's mines, factories and on building projects. Their gratis labor was the first of a series of government "Victory shifts."

ASKED TO END SHIP STRIKE

HON. HUMPHREY MITCHELL

VICTORIA — In a move to effect a settlement of the month-old deep-sea shipping strike, eighteen members of the British Columbia Legislature yesterday wrote to Hon. Humphrey Mitchell, federal minister of labor, asking him to use his influence to bring about an early end of the dispute.

City Man Missing In Howe Sound Wreck

JOHN SKOG BELIEVED DROWNED AS TUG
F. M. YORKE SINKS IN GALE

A Prince Rupert man is missing and believed drowned following the sinking of the tug F. M. Yorke which struck a rock in Howe Sound, north of Vancouver on Monday. Seven other crew members of the vessel were saved.

Missing is John Skog, 28-year old son of Mr. and Mrs. Ole Skog, 2103 Seal Cove Circle, second engineer on the F. M. Yorke, victim of a 40-mile an hour gale which whipped the lower mainland coast on Sunday and Monday.

The F. M. Yorke was the second boat to be wrecked in the gale. A few hours earlier, the tug Tyee I, went down off Mary Island, 40 miles north of Vancouver. Her crew of seven escaped without loss of life.

A veteran of the Fishermen's Naval Reserve during the war, John Skog was a competent seaman and had studied diesel engineering in Vancouver since the war. He was married and father of two children.

His father, Ole Skog, is one of Prince Rupert's pioneer fishermen, owner and skipper of the halibut boat Thelma S.

He was born and educated in Prince Rupert and is survived by his parents and two brothers, Harold and Ole Jr. and one sister, Mrs. Thelma Denluk, here. He visited his home here last fall.

TO REDUCE SALES TAX

VICTORIA, B.C.—A special government caucus has been called for today for further discussion of the proposed three per cent sales tax. There is said to be a strong move for a reduction of the proposed tax from three to two per cent.

READY TO PROSECUTE

VICTORIA, B.C.—Attorney General Gordon Wismer is prepared to take criminal action if necessary against directors of some British Columbia health and accident associations that have been found "unsound."

"Our investigations are by no means complete," Mr. Wismer told the Legislature yesterday. "If evidence of criminality is presented to me, I will not hesitate to prosecute."

In the last three months five Associations have had their operations suspended by the Attorney General because of insolvency.

Long Distance To Queen Charlottes
Public utilities committee of the Prince Rupert Chamber of Commerce is preparing to make representations to the federal Department of Transport and the Northwest Telephone Co. with a view to having long distance telephone service established between this city and such Queen Charlotte Island points as Massett, Port Clements and Queen Charlotte City by means of radiophone. Information is that not great expenditure would be involved in installing the necessary equipment to permit of such service. It would be a boon, it is held, in doing business between the city and the Islands.

COAL STRIKE IS SPREADING

POTTSVILLE, Pennsylvania —The United States soft coal strike today spread to the Eastern Pennsylvania anthracite field. Miners reported but refused to work the mines at a dozen collieries. A preliminary check showed six thousand idle.

John Eagen of the United Mine Workers of America said the move was apparently in sympathy with John L. Lewis' bituminous miners—"something the men decided on themselves—not a sanctioned strike."

Meanwhile soft coal mine operators have offered to negotiate with the miners.

CITY AGENCY BUYS LAND FROM RAILWAY

Negotiations have been completed for the purchase by Armstrong Agencies from Canadian National Railways of a portion of waterfront block "G" on the north side of Fourth Avenue East lying between Green Street and the end of Fourth Avenue.

The real estate company plans to subdivide the area into lots, probably 50 by 150 feet for development of a residential area, Allan Armstrong said.

Negotiations for the sale began some time ago and have been proceeding slowly. The agreement is expected to be signed by the purchaser within a few days.

The area purchased from the railway company is one which lies on top of the ridge overlooking the oil tank farm between Hays Creek mouth and Cow Bay. It is the only section of Fourth Avenue which has not been built up because it has been held as waterfront property by the C.N.R.

When subdivided, the lots will be at least 50 feet in width, Mr. Armstrong said, thereby providing adequate building space for homes.

WASHINGTON, D. C. (CP)—The United States is restricting for military use only the string of Aleutian islands stretching in a fog-shrouded line toward Russian-held Kamchatka in a move to bolster Arctic defenses and indirectly strengthen Norway's hold on the polar islands.

Army, Navy and Air Force have extensive plans for fortifications on Aleutians. A public hearing in connection with the acquisition of the areas there is called for May 4.

The present government plans to call for an increase to 15,000 men the 7,000 troops now manning the Alaska outpost.

It is presumed too that, since a mystery submarine was seen off the Alaska coast, the 100-plane fighter squadron would be increased.

Meanwhile a United States carrier force, it has been announced, will visit Bergen, Norway, April 29 on a "goodwill mission." Both moves are described officially as routine.

However the Norway-bound task force focusses attention on Scandinavia which is reportedly under Russian pressure.

Wilhelm M. De Morganstjerne, Norway's ambassador to the United States, left today on a "routine" flight home.

Finland and Russia Sign

HELSINKI, B.C.—A Finnish treaty delegation in Moscow has signed a draft of military assistance and friendship pact with Russia, it was learned here. The delegation has been in Moscow for 15 days.

Delay in the negotiations is said to have arisen over the Russian desire to arm Finland immediately in event of war. Finland wanted to arrange for aid only if she is asked for it.

There is no announcement of details of the pact but it is understood that Finland retains her political independence and that the treaty provides for no Russian bases on Finnish territory.

GRAZIANO EXTENDED

WASHINGTON, D.C. —Mid-dleweight boxing champion, Rocky Graziano, last night defeated Sonny Horne of Valley Stream, New York, in a non-title bout that went the full ten rounds.

In defeating Horne, sports writers said, Graziano proved that he needs anything but a rest cure. He will need plenty of work if he expects to defend his title successfully against Tony Zale June 9.

INTERMEDIATE FINAL TIED UP

NEW WESTMINSTER —New Westminister Cubs drilled three goals past the Camrose Maroons' goalie in the final period here last night to tie the Western Canada Intermediate hockey finals at two games each. Camrose was able to answer only once. Final score was three to one.

Russia Backs Down

WITH CRISIS following crisis and irritation following irritation, Russia, it has been long since apparent, is following a policy of endeavouring to achieve her ends by all methods short of war. The events of Berlin during the last few days suggests that the Soviet, when faced with real determination such as the stand taken by Britain and the United States against the transport restrictions, will back up. She might have gained her ends even there if appeasement had been continued. But her bluff was called and she soon gave way. Possibly these events around Berlin have cleared the air to some extent. Maybe there may be a little easing of the war of nerves. It seems a little firmness on our side may settle the atmosphere.

In any case, it is encouraging to note that Russia is showing signs of being a little more conciliatory.

HONORING GOOD CITIZEN

WE WRITE editorials about good citizens after they pass on. People pay tribute and send flowers to their funerals. It has even been suggested that monuments be erected.

It is unfortunate maybe that we wait until good citizens are dead before we think of honoring and eulogizing them. How much more happy it would be if we did express our appreciation while they are still alive and could derive the pleasure of recognition!

It is a nice custom that some cities and communities have of choosing an annual "Good Citizen" and honoring him or her in some way. It need not be a costly thing to do. An elaborate gift need not be given. Possibly some appropriate Prince Rupert organization might interest itself in the "Good Citizen" award idea.

WARNING AND EVIDENCE

HERBERT MORRISON, leader of the Labor party majority in the House of Commons, is not given to light speech, nor has he been, even distantly, a war-monger. His stern warning, therefore, to a Labor rally at Grimsby is startlingly blunt. In appealing for middle class support for the Labor party—"the intelligent, level-headed Left," he urged that the trade unions should be alert to prevent "Fascist-Communists" from capturing their unions by the familiar approach of "minority conspiracies."

"Let Socialist simpletons who urge co-operation with communists take warning," Mr. Morrison said. "Czechoslovakia today proves that Communists are enemies to parliamentary or any other kind of democracy, that they will stoop to any depth of blackmail or violence in their attempt to seize power."

The untimely and tragic end of Jan Masaryk, whether by his own hand or another's, gives point to Mr. Morrison's warning. It removed the carefully built pretence that Masaryk's retention in the Czech parliament was of his own free will, and evidenced his belief in the legality and constitutionality of the Communist coup. For Masaryk there was, it would appear, the alternative of removing himself or being removed. Which it was, history may disclose.

Finland too is following the pattern of Mr. Morrison's warning, with local Communist vigilantes invading the Finnish diet and threatening the members who had opposed the Soviet pact. Or other groups storming the newspaper offices and warning that any articles critical of the pact, must cease. There is the warning, and there is the evidence.

Chamber Gains Many Members

No less than 21 new members were admitted to the Prince Rupert Chamber of Commerce through acceptance of their applications at the regular monthly meeting of the Chamber last night. Last night's admissions made a total of 32 new members gained by the Chamber during the past six weeks. In addition to these, W. J. Scott, energetic chairman of the membership committee, informed the meeting that he expected to soon have 15 or 20 more new members. A round of applause acknowledged the good work of Mr. Scott.

The new members admitted last night were Oscar Havroy, L. Basso-Bert, Carl Poulson, Fred Scadden, Sydney D. Johnston, Robert K. Elkins, William S. Kergin, Patrick K. Deane, P. H. Linzey, Victor Grant, H. B. M. Valentin, Bert E. Morgan, James W. Rogerson, D. W. G. Stewart, Norman Campbell, A. E. Smith, Wilfred J. McLean, Lee M. Gordon, Gunnar Anderson, Robert Parker, Gordon Clark.

New members attending for the first time last night and duly welcomed by the chairman, Dr. R. G. Large, were E. H. Hicks and Peter Gamula.

Guests of the evening were Stuart Furk and Harold Helgerson, representing the Junior Chamber of Commerce.

About 40 Chamber members were in attendance. Dinner was served in the Civic Centre dining room and a two-hour business session in the common lounge ensued.

Business of the meeting included such matters as dissemination of national affairs literature, the local radio broadcasting situation, automobile insurance, the new provincial sales tax, disposal of waterfront installations, dredging of harbors and sand bars for the benefit of fishermen, representation at Vancouver Exhibition and the elevator situation.

Reminiscences and Reflections

By W.J.

Until recent years anyone, even though down and out, never gave way to absolute despair. There was at least one place of earthly salvation. There would be always that sunny, fruitful little island, away in the south Pacific where the H.C. of L. was next to nothing. One hates to correct the idea but a stern sense of public duty cannot be disregarded. It is learned that to live in a Pacific island costs six dollars per day. Distressing news in particular, for elderly gentlemen one can think of.

Hints of the Premier's Mine closing down! Unlike a certain widely known brook, all mines do not go on forever. The Premier has been providing work and wages and getting out gold over thirty years now. Few can say the Premier has not been, and still is, a great mine—and get away with it.

The voice of Governor Tuck of Virginia came over a broadcast late last week when he was speaking at the reception in Williamsburg to Canadian dignitaries and the U.S. President. One thought of those G.I. troops from the southern state—posted in Rupert during the war years—the same approach, the same leisurely drawl. In fact, it was just about identical.

Prince Rupert has been given all sorts of names! "True Gateway to the Orient," "Place God Forgot," "Grimby of Canada," "Siwash Village," "San Francisco of the North," "Place Where It Rains," "Halibut Hub," "The City with a Curse," are a few. One of the Seattle cadets here last week took a long look, and finally said, in a low voice, "How Pretty." Which makes us feel feminine, and quite sure the slip is no longer showing.

Canadian Chamber Official Is Coming

Field service representative of the Canadian Chamber of Commerce, Larry G. Eckroed of Montreal will be in Prince Rupert next Monday in the course of a tour of this area to visit various Boards of Trade and Chambers of Commerce. Activities of the Prince Rupert Chamber in connection with Mr. Eckroed's visit will be arranged on receipt of advice of the definite time of his arrival which is expected to be at the week-end.

PRINCE RUPERT YEARS AGO

April 5, 1923
Charles F. Gray, former Mayor of Winnipeg, in an interview here said that "Canada has need of Prince Rupert as a grain port," due to its vast wheat exports and the excellent harbor and level railway gradient.

Hon. T. D. Pattullo, minister of lands, denied charges of discrimination against northern logging companies in the matter of granting export permits for lumber. Policy of the government was to encourage export of manufactured goods, rather than raw materials, the Minister said.

R. B. Teakle, general manager Merchant Marine, and B. C. Keeley, coast manager, were expected to visit the city shortly in company with F. G. Dawson, a director of Canadian National Railways.

April 5, 1913

The Hospital Board accepted a tender by Turnbull and Co. for the installation of an elevator at the general hospital.

Fitting out of the interior of the new offices of the Bank of Commerce had been completed and were pronounced a credit to the city.

Fifty fishermen arrived in the city on the Princess Beatrice to enter the employ of the Canadian Fish and Cold Storage Co. They were accompanied north by Grier Starrett, the company's halibut fishing expert.

Dr. J. H. Burgess left this afternoon by air to return to Cumshewa after spending the week-end in the city.

IMPORTANT PRODUCER

Polaris-Taku Becoming One of B.C.'s Biggest Mines

Development and production work continues at the mine of the Polaris-Taku Mining Company at Tulsequah. There has already been the installation of new equipment and this will mean that more than 12,000 tons of concentrates will be brought from the mine this year.

This will be about 4,000 tons in excess of what it was last year. An announcement to this effect has been made by Frank McPherson, manager of the company.

Not less than 200 men will be employed at the mine.

Six barges will be kept occupied with import of supplies and export of concentrates. During the winter 180 men have been kept at work, despite heavy snowfalls. During the long daylight hours of June and July there will be double shifts.

George Beirnes and Simon Gun-a-Noot

Referring to the recent death of George Beirnes in the Kispiox Valley, a Vancouver paper says the deceased had taken an active part in the years of effort made by British Columbia authorities to find Simon Gun-a-Noot, implicated in the shooting of Alex McIntosh and Max LeClaire, at Hazelton during the summer of 1906. For 13 years Gun-a-Noot remained in the wilds of northern Skeena. Mr. Beirnes, the story says, managed to get in touch with the fugitive and it was largely through his advice and persuasion that he finally decided to give himself up. It was not long after this that he was freed. Some years ago Gun-a-Noot died at his camp not far from Stewart.

ATOMICS AND BAD WEATHER

Weather, many a long mile south of Prince Rupert, has been anything but agreeable during the winter, says the writer of a letter received by a friend in this city. It was stormy enough, even at the time of mailing.

It came from near Wallace in the state of Idaho. "Most of the winter," said the writer, "we have had it rough and cold—plenty of storms and rains and gales and certainly hard to stand. One cannot but wonder if this tinkering with atomic power can have anything to do with it."

Reasonable Ideas for Housekeepers

HONORED EGGS ALWAYS GOOD SOME NEW SERVING IDEAS

Eggs as food for man has been recorded since the history of man. Before the time used eggs as tokens of good will and this practice has been carried over into the present. Eggs as well as being one of the most generally used food dishes, are so versatile that they are served in all courses. In the home-maker's advantage of being able to grade and thus make the best suited to her purse. Two grades most common on the retail market are Grade "A" and Grade "B". Eggs are clean and the white is firm and will hold its shape. The egg is broken. This is a good egg perfect for frying and of course excellent for all other uses. This grade may be used by size, Large, Medium, Small.

EGGS ON TOAST

- 6 slices buttered toast
- 6 eggs
- 6 tablespoons catsup or chili sauce
- Salt, pepper and paprika

Separate eggs. Drop egg yolks in boiling water, reduce heat. Cook until hard. Press yolks through a sieve, arrange on the toast slices, sprinkle with salt and pepper. Spread 1 tablespoon of catsup or chili sauce on each slice. Beat egg whites until very stiff, spread over yolks, sprinkle with salt, pepper and paprika. Bake until brown in a hot oven, 400 degrees F., about 5 minutes. Six servings.

BUCKINGHAM EGGS

- 6 eggs
- 1/4 cup milk
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 1 tablespoon mild-flavored fat
- 2 tablespoons butter, melted
- 4 tablespoons catsup
- 3 tablespoons grated cheese

Beat eggs, add milk, salt and pepper. Melt fat in top of double boiler. Add eggs and cook over hot water, stirring frequently until set. Toast bread and spread with catsup mixed with melted butter. Pile eggs on toast, at once. Six servings.

EWV CROQUETTES

- 3 tablespoons fat
- 1/4 cup minced onion
- 1 cup milk
- 1/4 cup flour
- 1 cup grated cheese
- 1/2 cup fine, dry bread crumbs
- 1/2 teaspoon salt
- 1/4 teaspoon dry mustard
- 2 tablespoons horseradish
- 1 tablespoon chili sauce or catsup

1/4 teaspoon powdered thyme
5 hard-cooked eggs, chopped
Melt fat, add onion and cook 5 minutes. Add flour and blend well. Add milk and cook, stirring constantly, until mixture thickens. Continue to cook 5 minutes. Add grated cheese, dry bread crumbs and seasonings. Stir until cheese is melted. Add chopped hard-cooked eggs and mix well. Chill thoroughly. Shape into patties or croquettes and roll in dry bread crumbs. Saute until brown on both sides. Serve with a Tomato Sauce. Six servings.

TO BE BURIED AT LANGLEY

Body of the late Mrs. Sarah MacKay, who died here at the week-end, was sent south last night to her home at Langley for burial. Deceased died while on a visit to relatives at Port Edward. She suffered a heart attack and was taken to hospital.

Prince Rupert Chamber of Commerce is still awaiting a reply from William L. Baker, Ketchikan newspaper publisher, to complaints sent him in regard to articles derogatory to Prince Rupert appearing in his Chronicle newspaper. Mr. Baker was written some time ago but no answer has been received so the Alaska committee of the local Chamber is getting in touch with him again.

R. Hundeide, who has served as treasurer for many years, is continuing in office temporarily pending the election of a new treasurer.

TRIBUTES TO STAN PARKER

Regretful reference to the recent passing of Stanley E. Parker and acknowledgment of his attributes as a good citizen was made on more than one occasion at the meeting of the Prince Rupert Chamber of Commerce. The secretary reported that there had been sympathetic correspondence with the widow following Mr. Parker's sudden death since the last meeting. "He was at least one business man who came at the beginning and stayed to the end, not just thinking of making his stake and getting out," commented Al Robert McKay. "His good citizenship was something we might well think about."

GEMS OF THOUGHT

TALKING
Talking is like playing on the harp; there is as much in laying the hands on the strings to stop their vibration as in twanging them to bring out their music—Oliver Wendell Holmes.

Not only to say the right thing in the right place but far more difficult, to leave unsaid the wrong thing at the tempting moment.—George Augustus Sala.

A great amount of time is consumed in talking nothing, doing nothing, and indecision as to what one should do.—Mary Baker Eddy.

He that thinks he can never speak enough, may easily speak too much.—Quarles.

Talk often, but never long; in that case, if you do not please, at least you are sure not to tire your hearers.—Lord Chesterfield.

Better Equipment For Snow Removal

For the highway committee J. E. Boddie produced pictures at last night's Chamber of Commerce meeting of the Skeena Highway under present snow conditions and pointed out that the trouble is largely due to the fact that the C.N. moves their snow off the railway onto the highway. He proposed preparation of a brief pointing out the necessity of providing proper equipment for snow removal. It was agreed to prepare such a brief and present it to the proper authorities.

Easing of Alaska Air Travel Asked

Transportation committee of the Prince Rupert Chamber of Commerce is still endeavouring to obtain from the federal authorities some relaxation of present regulations which make it difficult for aircraft from Alaska to land at Prince Rupert with traffic. W. F. Stone reported at last night's Chamber meeting on representations made but which had so far failed to receive even an answer from Ottawa.

Modern Etiquette

By ROBERTA LEE
Q. When a house guest has permission from her hostess to invite a friend to dinner, or some other affair, by whom should the invitation be extended?
A. All invitations should come from the hostess.
Q. Should a girl announce her own engagement?
A. Only to her family and close friends. Public announcement is made by her parents or closest relatives.
Q. Should two men always shake hands when being introduced?
A. Yes, always, unless of course circumstances make it awkward to do so.

Hot Flashes?

Are you going thru the functional "middle-age" period peculiar to women (38-52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound also has what Doctors call a stomachic tonic effect.

THE UNDERWOOD—Not a hint of the commonplace can you find in this attractive, four room cottage. The UNDERWOOD is a mellow house, pleasantly flavored with English cottage characteristics from the dove cote on the front gable to the hospitable trellised porch with its wide, deep seats. It's a warm, friendly kind of a home with its huge, squat chimney the focal point of the exterior and the cozy, brick fireplace the family centre of its well-planned interior.

The little front gable with flush siding above the entrance door gives the house the impression of clinging close to the ground, a desirable characteristic of the cottage type of architecture. Its wide bay of casement windows brings in light and air and add an unusually attractive note to the exterior. The large covered porch, 15 feet long by 10 feet wide, invites comfortable outdoor living. A garage may be attached to the opposite side of the house to balance the porch if desired.

The UNDERWOOD working drawings show a conventional, full basement with plenty of room for laundry tubs, storage, work shop or for a game room in which the youngsters can entertain their guests.

The living room is not large but ample. It is meant to be supplemented, whenever weather permits, by the porch that opens off it. The kitchen is an efficient straight-line or corridor type. The bedrooms have two-way ventilation. The childless couple or the family whose children have married and started homes of their own might very easily convert the front bedroom into a dining room or combination dining and guest room. In such a case it should have a door opening into the living room. If it is to be used solely as a bedroom this door should be left out.

Voted for Hoop Team

Democracy went to work last night at the Civic Centre and came up with the senior basketball team that will do or die for Prince Rupert next week against Port Alberni in the Provincial Senior B playoffs. All players that were at any time during the past season picked for All-Star competition were given a chance to vote for the team to travel by writing on separate slips of paper 10 names other than their own. The result was as follows:

Beaton, MacPhee, Morgan, Fitch, Lindsay, Dominato, Forman, Joe Davis, Meia and Rupert Holkestad.

This team will also meet the New Metlakatla Vets this Wednesday and Thursday in a very important warm-up series before boarding the steamer for the long trip south.

18 MONTHS IN JAIL FOR THEFT

Everett G. Booth, of Vancouver, who last Friday morning pleaded guilty to a charge of breaking and entering and theft, was sentenced to eighteen months in jail by Magistrate W. D. Vance in city police court this morning.

Booth admitted breaking into the unused Commodore Cafe premises and taking goods valued at about \$10 on the night of April 1. He was taken into custody in another cafe a short time later.

On Friday morning he pleaded guilty to a break and entry and theft charge and was remanded for sentence until this morning.

William Mulhern, a Queen Charlotte Islands logger, recently arrived in the city, pleaded guilty to a charge of common assault and was bound over on a \$100 bond to keep the peace for six months. The complaint was laid by Chang Lin Gong, proprietor of the Rex Cafe who said that Mulhern had created a disturbance in the restaurant last night.

Mulhern also pleaded guilty to a charge of intoxication and was fined \$15 and costs. Andrew Cecil was fined \$15 and costs when he pleaded guilty to a charge of intoxication laid under the Indian Act.

WOULD CURB COMMUNISTS

Positive action by the Dominion government to prevent the infiltration of the "Communist Fifth Column" into the public services and denial of the benefits of federal and provincial labor laws to Communist-controlled trades unions, as proposed by the Canadian Chamber of Commerce and the Vancouver Board of Trade, received the endorsement of the Prince Rupert Chamber of Commerce at last night's meeting.

The representations of the Chamber along these lines will be forwarded to the Prime Minister of Canada and the local federal and provincial members.

EERIE CLUB TO GIVE UP GHOST

LONDON, (P) — The Ghost Club, which probably holds more eerie secrets than the whole history of supernatural literature, is likely to disband because of the death this week of Harry Price, the club's chairman and Britain's No. 1 haunted house investigator.

Doctors, lawyers and prominent business men, who are members of the 70-year old club, agree there is no one to take the place of Price. All are under oath of secrecy not to divulge what goes on at their closely guarded meetings on the latest news of the psychic world and the doings of the supernatural.

LINING UP FIGHT CARD

Shorty Contreras of Ketchikan and Len Hitchin of Rupert Headliners

The Canadian Legion Athletic Club's international ring tournament this Saturday night will offer for feature consideration Shorty Contreras, Ketchikan headliner, and Len Hitchin, who is no stranger in the Prince Rupert ring.

Contreras and Hitchin will enter the squared circle in the Civic Centre gym for the middle-weight main event after the fans have warmed up to nine preliminaries, which will feature Prince Rupert, Ketchikan and Terrace fighters.

Correspondence from Harold Blanton, trainer of the Ketchikan stable, labels Contreras as an "experienced amateur."

Hitchin's proclivities as a fighter are well enough known and he should be a worthy opponent.

In the semi-final, Pat Johnson, rugged Terrace blacksmith, may be the opponent for Jimmy Zangar, Ketchikan 147-pounder.

No details are forthcoming on Zangar, but anyone who knows Blanton can be sure that he isn't sending any fighter here that really did not have something on the ball.

Another of Trainer Joe Ward's local proteges, Alvin McKay, will clash with Took Fitzgerald of Ketchikan, both at 132 pounds, but it is the Terrace-Ketchikan bout, featuring Chuck deKergomeraux, 125, of the Interior town and Alfie Berry, 128, of Alaska, that will bear watching.

DeKergomeraux, weighing 125, cut a wide swath at the Terrace Civic Centre meet a month ago and it was his performance there that won him the invitation to take part in these international jousts.

First of the trans-border encounters will see Gerry Benner, of Ketchikan, and Walter Carlson, of Prince Rupert, mingle in the 135-pound class. This, of course, will follow a series of paperweight and flyweight warm-ups that will give the crowd a chance to see what is coming along in the way of city boxing talent.

Blanton is bringing his string of fighters here on Friday in a chartered boat and, according to Graham Alexander, Legion sports chairman, is quite taken with the prospect of arranging a return engagement for Prince Rupert and Terrace fighters later in the summer, possibly July 4.

Ring officials will be Jack Judge and George Howe, judges; Art Murray, announcer; Benny Windle, referee; and Bob Cameron, timekeeper.

Jim Nicoll is promoting the show.

New Appointment Asked—Appreciative of Hockey Broadcast

Prince Rupert Chamber of Commerce, on recommendation of its radio committee, decided last night that appreciation should be expressed to the Prime Minister of Canada and Canadian Broadcasting Corporation in view of permission having been given to the local radio station to broadcast the Stanley Cup hockey finals.

At the same time, the proper authorities will be asked to make provision for the emission from Prince Rupert of other desirable CBC network programs. The Imperial Oil Co. Ltd. will be included in the letters of thanks for the hockey broadcast.

The Chamber, also on recommendation of its radio committee, decided to ask for the appointment to the governing body of the Canadian Broadcasting Corporation some person who will take a more active interest in the radio problems of northern and central British Columbia than does Mrs. Sutherland, the present British Columbia representative.

Complaints were made at the meeting by J. D. McRae, chairman of the radio committee, and others not only of Mrs. Sutherland's lack of interest but of her failure to answer correspondence.

Representations along similar lines are being made by the Associated Boards of Trade of Central British Columbia and the Terrace Board of Trade.

GENTLE PYTHONS ARE THEIR PETS

SYDNEY, Australia — Eric Worrell, a 23-year old zoologist and crocodile hunter of Lilyfield, near Sydney, is teaching his 22-year old fiancée how to catch snakes. The girl, Miss Carol Hawkins, says: "I find snakes and lizards more fascinating than horses or dogs."

When they spend an afternoon at home, Worrell and Miss Hawkins play with a couple of pet pythons which they turn loose in the living room. Mr. Worrell's other playmates include four death adders, a six-foot black snake and a hundred lizards. The snakes are kept in a box in the back yard. The lizards are in a pit.

JUNIOR STARS PLAY MORGAN'S

Coaches Don Hartwig and Boyo Gurlich have been putting the Junior All-Stars through their places this week for their all-important game with Morgan's of the Intermediate League. The juniors are quite convinced that they can take Morgan's in their two-game total point series which will be staged on Wednesday and Thursday as a preliminary to the All-Stars-New Metlakatla feature.

Morgan's are equally confident in their ability to show the Juniors how basketball is really played and possibly they are right as Morgan's was the team to beat in the last few games of the Intermediate League when they really hit top form and took two successive wins over Port Edward and one from the Merchants.

This should be a real fan pleaser as the Junior League of many future basketball stars has been the developing ground during the 1947-48 season and they will give a good account of themselves whether they win or lose.

SHORT SPORT

This week will see the annual ten-pin singles under way when the city's top trundlers and other hopefuls will fight it out for the crown with cup and cash prizes. Among the favorites are Sparky Smith, Jack Paul and Dave Houston. Dark horse of the series is George Howe. Although he hasn't played very often this season George has many rooters with more than their hands in their pockets to back him up. Entries close Friday night.

Jess Willard won the heavy-weight championship of the world 33 years ago yesterday when he defeated Champion Jack Johnson at Havana in 16 rounds. Willard wore the crown for four years before he was defeated in 1919 at Toledo, Ohio by Jack Dempsey. Willard's last important fight was against Luis Firpo in 1923.

Jiro Satoh, star of the Japanese Davis Cup team en route to Europe to play in international competition there, committed suicide by leaping from the liner Hakone Maru near Singapore, 13 years ago today. It was believed ill-health prompted the 26-year-old player's suicide.

TARDY PUPILS NOTE TOBERMORY, Ont. (P) — School officials of St. Edmunds, near this Georgian Bay town, are worried about senior pupils persistently arriving late at the public school. The school trustees have decided to warn the offenders' parents, and take more drastic action if the warning doesn't work.

PRINCE RUPERT

Prince Rupert has not escaped publicity from time to time in the last 40 years, but severe is not to be confused with what Juneau has received. There is an old adage known as the Alaskan Development Board and issued a 16-page booklet, "The City of Juneau," which treats all of the cities and towns in a comprehensive way.

Ketchikan, for example, is praised. But Juneau, the capital, is described as a place with little to offer industrialists, hard to approach, scant room for expansion, and has already reached its top size. The capital of a country almost half the size of the United States is termed "only a big Alaskan town."

Juneau is indignant.

HONORED FOR HER SERVICE

Members of the Catholic Women's League paid tribute to the two terms of "untiring work of retiring president Mrs. Walter Lahti at their annual election of officers last night. Due to illness, Mrs. Lahti was unable to be present at the meeting in Annunciation School Hall.

Officers elected for the current year are:
President, Mrs. E. Telseth.
Vice-President, Mrs. N. R. Young.
Second Vice-President, Mrs. L. Doiron.
Third Vice-President, Mrs. Louis Amadio.
Secretary-Treasurer, Mrs. W. Pierce.
Corresponding Secretary, Mrs. G. R. Brett.

OLYMPIC CHAMPS GIVEN WELCOME

NEW YORK — A vociferous welcome was given the return in wages to riches of the Royal Canadian Air Force Flyers, the hastily formed Canadian hockey club, which now bears the Olympic title which was lost by Canada twelve years ago. Royal Canadian Air Force officials and Canadian residents of New York were at the dock to greet the Queen Mary on which they arrived enroute home.

FEARS END OF BRITISH EMPIRE

LONDON — The Daily Express (Ind.) forecasts "the end of the British Empire" if a plan alleged to be under consideration by the United States Department, goes through for the United States to take over Britain's economic responsibilities in Australia, India, New Zealand and Egypt.

DECK STEWARD KILLS WOMAN

WINCHESTER, Eng. — A deck steward named James Camb has been sentenced to hang for murdering an actress named Gay Gibson aboard the liner Durban Castle when off the coast of West Africa last October. He showed the body through a port-hole of the woman's stateroom.

U.S. Navy Is Not Carrying Atomics

WASHINGTON — The Navy has denied a Congressman's report that its ships in the Mediterranean are equipped with atomic bombs. "Not one is carrying an atomic bomb," an official Navy statement said.

Provinces To B.C. LAWS MAKE Appeal Rates "SLY DRINKERS"

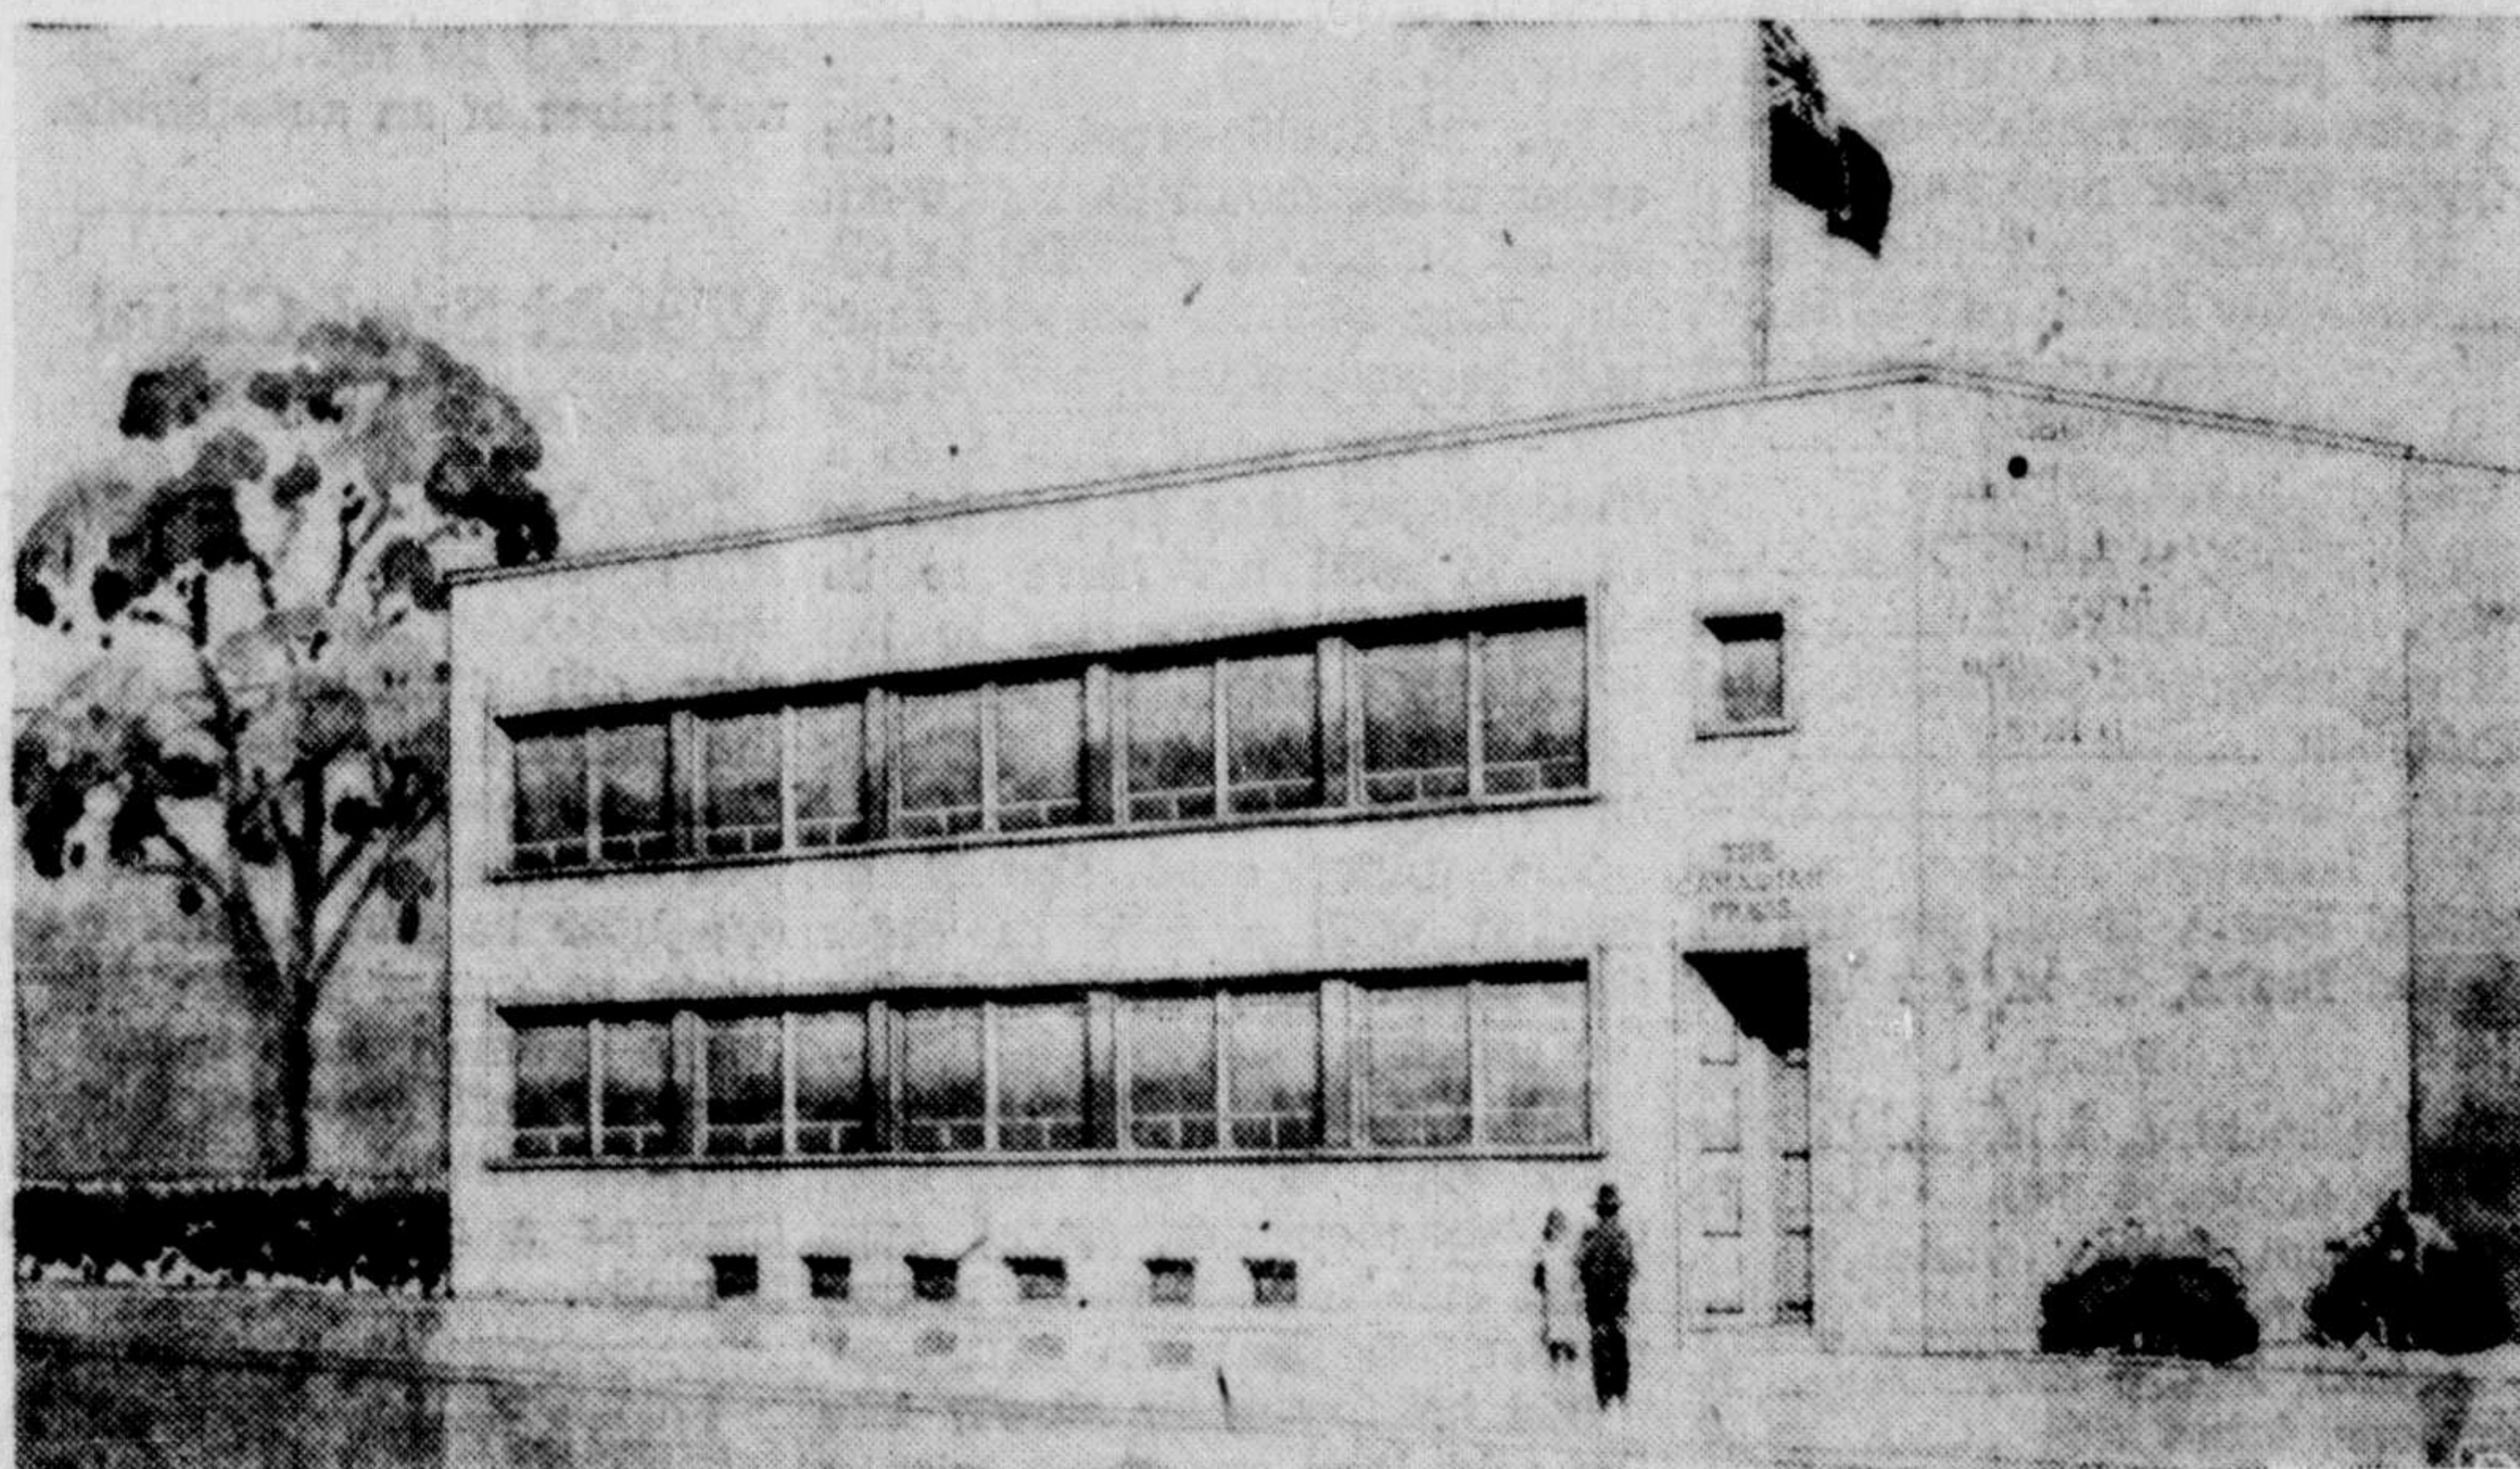

VICTORIA, — Premier B. J. Johnson said in the Legislature yesterday that seven provinces opposing the freight rate increase for Canadian railways had agreed upon a joint appeal to the federal government. Representatives of all the provinces but Ontario and Quebec will meet in Ottawa April 24 to prepare a submission to the cabinet, presumably to "vary or rescind" the proposal to increase the freight rates. The Board of Transport Commissioners at Ottawa has been asked to put the new freight rates into effect Thursday. Tariffs incorporating 21 per cent increases, as authorized by the Board, have been filed with the board, it was learned today.

General Bradley To Visit Alaska

WASHINGTON, D.C. — General Omar N. Bradley, chief of staff, United States Army, expects to visit Alaska this summer. He would have gone earlier, he told the press, but for pressure of the international situation.

An announcement similar to that of the British Columbia Premier was made in Regina by Premier T. C. Douglas of Saskatchewan.

Supporting Subsidy For Air Club Here

Prince Rupert Chamber of Commerce is co-operating with the Prince Rupert Aero Club in its endeavours to obtain a federal subsidy. One answer that has been received from Ottawa points out that concessions have already been made in the turning over of buildings at the former Air Force base at Seal Cove.

Historic Warship Now In Boneyard

PORTSMOUTH, Eng. — H.M.S. Queen Elizabeth, flagship of Admiral Beatty in the First World War, is lying battered and forlorn in the dockyard here, her historic fittings removed for museum pieces in preparation for scrapping. Most prized relic is the table at which the surrender of the German High Seas Fleet was dictated by Admiral Beatty on November 15, 1918.

MINES DEPEND UPON SCIENCE

VANCOUVER — The future of Canada's mineral industry will depend largely on the use of scientific methods, Charles Cammell, on Monday told the Canadian Institute of Mining and Metallurgy in his presidential address at the annual convention. "Our new mineral discoveries, especially base metals, have been woefully small," Dr. Cammell said. "Progress and expansion of the future depend largely upon the use of scientific prospecting methods, geophysics and geochemistry and the working out of more difficult metallurgical processes to recover metals from low-grade materials today regarded as uneconomic."

THE MARKET— LEAF LETTUCE APPEARS IN LOCAL STORES

The lettuce famine is over at least for those who aren't aware of a money famine. For those who feel themselves unable to pay 30 cents a bunch for the leaf variety—the only type available—the famine is still on. Lettuce began to appear in local produce stores about a week ago and probably will be some time before

supply brings the price down. It is southern B. C. lettuce, grown in the Vancouver area, as are the cucumbers that are green, but really ought to be gold plated. They are selling for 59 cents each.

Another sign of spring is the green onions in crisp bunches. They are selling at around two bunches for 17 cents and, like daffodils and lilies, they carry a real aroma of the vernal season. Australian onions have been on the market for several days and have been marketing for about 10 cents a pound.

Grocers anticipate that American cabbage which has been available during the winter, will soon be a thing of the past as the dollar embargo goes back on in expectancy of the Canadian crop coming up. More than likely there will be a lag of several weeks before the Canadian stuff reaches a marketable stage.

American carrots, too, are being halted at the border. Canned milk took another slap at the family budget with an increase of a couple of cents a can recently, a raise that amounted to about 35 cents a case. Canned milk is now selling at just below \$7 a case.

(1) H. W. Mah, a civilian employed at the Signal Research and Development Establishment near Ottawa, exhibits a radio set in the "cold room" at the centre. He is explaining to two members of the College, the development of a Canadian C-29 set which operates at temperatures as low as 60 degrees below zero. The students shown above are, left to right: Major D. W. Blyth and Capt. R. A. Bell, both of Winnipeg.

(2) A radio that plays under water catches the attention of three members of the College on a recent visit to the Canadian Signal and Research Establishment. There was no comment from the goldfish in the bowl with the set but the students were duly impressed. They are, left to right: Capt. E. H. Shuter, London, Ont.; Maj. J. D. MacMillan of Ottawa; Capt. The Experts Say - -

PIE LIKE MOTHER'S—The new cook should choose a good recipe and stick to the rules for pastry-making if she would turn out the kind of pie "that mother used to bake."
Home economists say that all ingredients should be cold when making "hot water pastry."
The object of having everything cold is to keep the fat from melting and coating the particles of flour, and so preventing the water from being absorbed.
The fat should be cut into the flour until it is the size of small peas. Two knives used a scissors-like motion, or a pastry blender may be used.
If possible, chill the dough thoroughly before rolling it out.

How Can I ???
By ANNE ASHLEY

Q. How can I make a small window have the appearance of extra width and height?
A. This can be successfully done by setting the curtain rods beyond the casing at top and sides, and then using material heavy enough that the casement cannot be seen.

Q. How can I make a good novel omelet?
A. A novel and delectable omelet can be made by heating a can of undiluted vegetable soup and pouring over the eggs when cooked.

Q. How can I mend a leak or torn place in the rubber hot water bottle?
A. Apply a gasoline patch, such as is used for repairing the inner tubes of an automobile.

GARDEN 'NOTEBOOK'

TRY SOMETHING NEW
It's a good plan, say those with experience, to try something entirely new each year. By adding a flower or vegetable each season one will make new and pleasing discoveries, widen the range of interest and also value.

It should be remembered that the job of the plant breeder has been continuous. Each year he discovers new types and varieties, turning out better or harder plants that will do well in a wider range of climate in Canada.

In addition to brand new flowers and vegetables, new shades have been added to old standbys among the flowers, and earlier, more tender varieties to standard vegetables. Some of the old favorites of our father's and grandfather's days would hardly be recognized today. Flowers have been greatly improved in size and color and vegetables are better too.

It is a good plan to go over the new seed catalogues carefully and note some of these improvements.

Very early maturing types should be considered in making up the list of purchases. And it is also well to add something that, so far as the reader is concerned, is entirely new but that is recommended for his locality.

This may be broad beans, or broccoli, table turnips, white sprouts, Swiss chard, Chinese cabbage, endive or some of the herbs. None of these things are entirely new, though certain varieties of them are, but too few of any of them are to be found in the average garden. The beginner is advised to give

a few of them a trial each year. He may well find that the family really likes them and he has made a discovery that will add interest and variety to his vegetable plot.

GARDEN TOOLS
If necessary all the tools needed in a small garden will be a rake, a hoe and a spade or digging fork. These are minimum requirements. With a little more equipment much labor can be saved. Digging forks, cultivators, special weeders, Dutch hoes, etc., will make the work easier and more interesting. They are designed for special jobs.

For larger gardens a small garden tractor that will cultivate, plow, cut the grass and do other jobs might well be considered. These are now coming on the market freely. They are not expensive and are very cheaply operated. A quart of gas will operate them for several hours. A wide selection is also available. It should also be remembered that a sharp tool will speed the work.

A CUTTING GARDEN
Often a corner of the vegetable garden or some place at the back of the lawn is set aside to grow flowers especially for indoor bouquets. Sometimes when a large supply of blooms are wanted for these purposes suitable for cutting purposes will thrive on the same sort of cultivation, etc., that the vegetables get. Certain flowers, indeed, like gladioli, sweet peas and others of which the foliage is not very attractive are best grown under these conditions.

SHIP'S TAILOR BUSIEST MAN
OTTAWA—One of the busiest men in the navy is C.P.O. John D. McIntyre, who is "ship's tailor" of H.M.C.S. Naden. He comes from Yorkton, Sask., and in perpetually "on his toes." He may be called on any time to apply his skill to tasks ranging from letting out the seams of a growing youth's naval jumper to sewing gold braid on an admiral's new uniform.

Would Send Child Here and Suicide
The Vancouver Sun of last Wednesday's issue tells of a woman, accompanied by her 12-year old daughter, calling at the police station, telling detectives she planned on taking her own life and requesting that her daughter be sent to her father, living in Prince Rupert.

The woman was taken into custody and charged with attempted suicide, pending such time as a mental examination is made.
