To Amend Indian Act Produced In Commons

OTTAWA (CP)—Canada's Indians will be given an active role in the administration of their affairs under terms of the new Indian Act introduced yesterday in the Commons. The bill, sponsored by the Minister of Indian Affairs, provides that consent of the Council of Indian Bands must be obtained before expenditures are made by the government out of capital funds of the bands. It affects 300,000 Indians scattered in British Columbia.

To confer with city and district hotel men, H. Harrison, proprietor of the Angelus Hotel at Vancouver and president of the British Columbia Hotels' Association, and Tim Eli, secretary of the Association, arrived in the city on the Prince Rupert Wednesday from Vancouver. Yesterday afternoon they met with the local hotel men's association and last night they were hosts at a reception and dinner in the Prince Rupert Hotel.

Eden Divorce Hearing Today

LONDON (CP)—Anthony Eden, former Conservative foreign secretary, is suing his wife for divorce — risking his political future, which might have led to the Prime Minister's office in the event of a Conservative victory.

Hotel Ass'n Meets Executive - Deals With Local Situation

Mr. Harrison concluded his address with an interesting description of a trip last year to Scotland and England.

One Dead, Eight Missing in Crash

LONDON (CP)—A United States Air Force B-29 super fortress bomber plunged into the North Sea off the English coast Wednesday night. Two survivors and the body of one victim of the crash have been picked up. Eight other airmen are missing. The bomber slammed into the water about eight miles north-east of the Smith's Knoll lightship off the Suffolk coast.

Port Edward Needs School

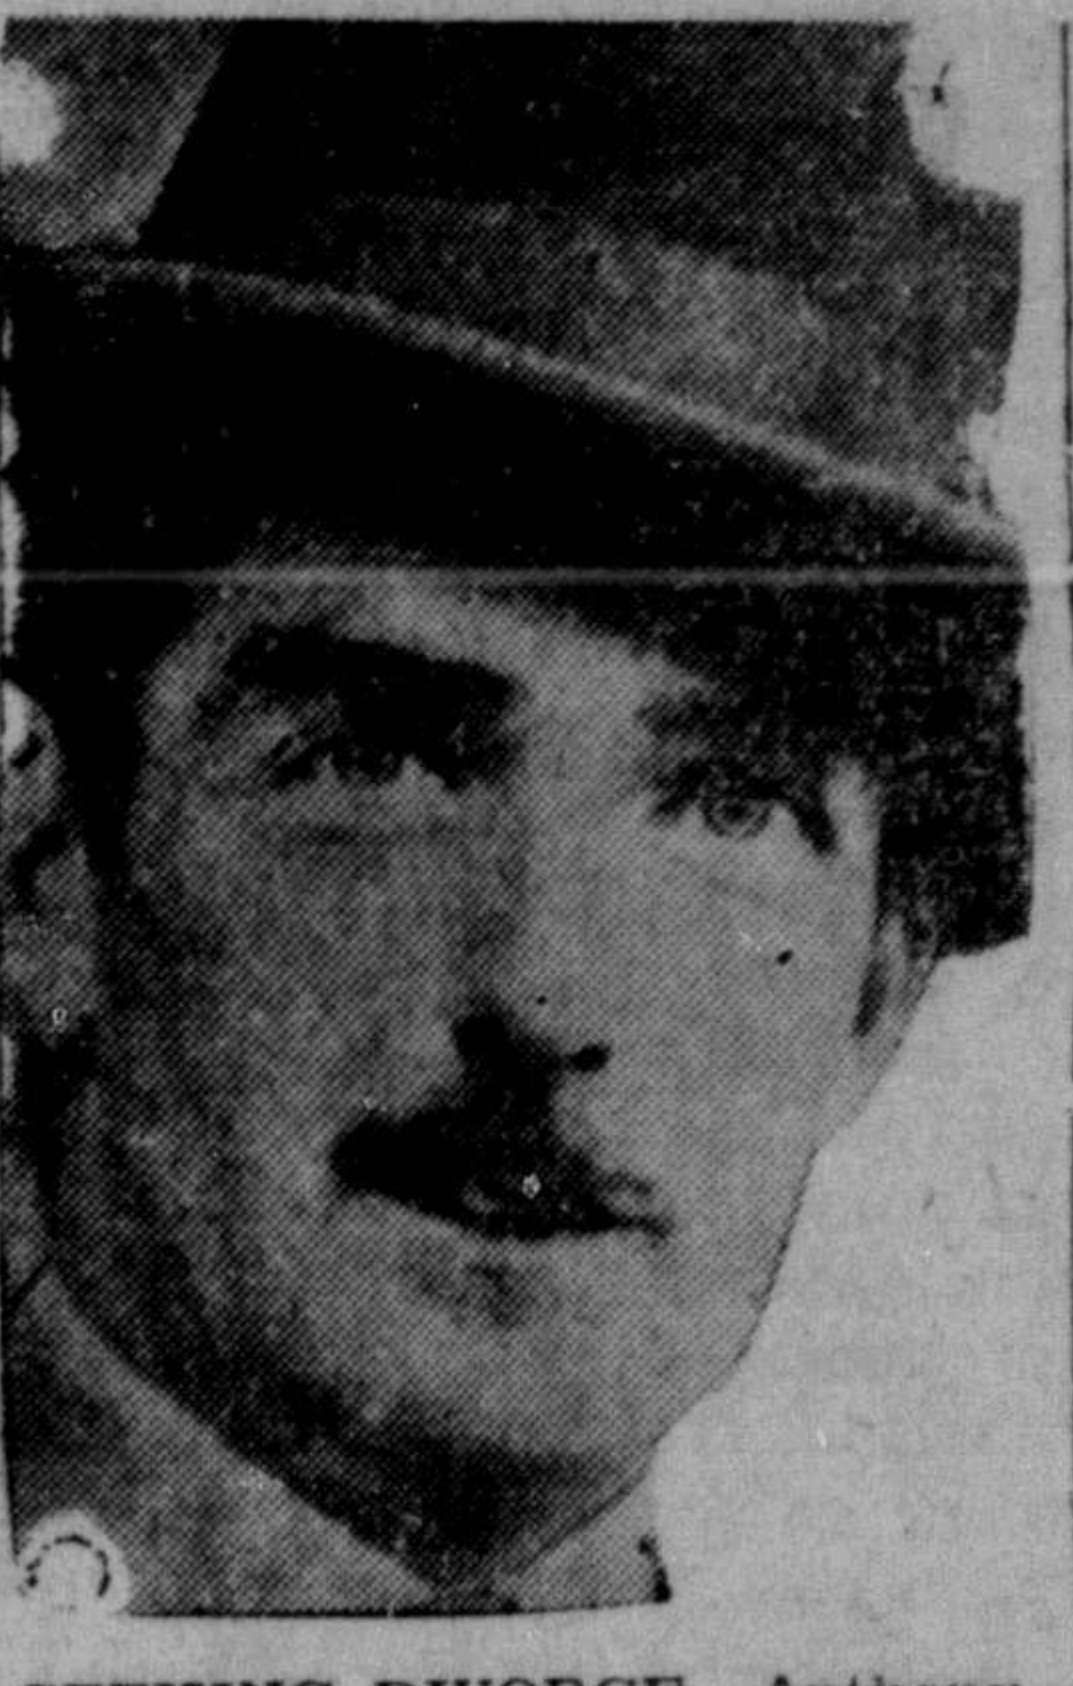

In view of the present poor condition of the Port Edward school, J. W. Davies, secretary treasurer of the Port Edward P.T.A., in a letter before the school board at their meeting Wednesday night, urged new construction there. Lack of playground facilities exists, he stated, and a stricter check of health is needed.

SKEENA RIVER NOT MENACING

Although the Skeena River has been rising steadily during the past week owing to warm weather through the central interior, it is now steadying up, railway offices said today. It is a long way from any danger point, it is stated.

Housing Opportunity

TWENTY-THREE is not a great number to be responding to the invitation of the city to prospective local home builders to express their interest in availing themselves of the new federal-provincial scheme for assistance to such home building. There must be many more people in the city who are so interested but for some reason or other are not expressing such interest.

Now that preliminary advertising has established the groundwork of the survey, something might be done to follow up and clinch the matter. At the last meeting of the Prince Rupert Chamber of Commerce, it was suggested that a committee consisting of representatives of such organizations as the city, Chamber of Commerce and Prince Rupert Trades and Labor Council might conduct such a follow-up.

Meantime it may not be quite clear that the federal-provincial housing scheme of 1949 goes a good deal further than merely providing for a generous measure of financial support for individual home building. The new government plan also contains machinery for the setting up of rental projects. This, too, is something that might be considered in Prince Rupert to take care of the needs of people who for some reason or another are not in a position to build for their personal ownership.

As a matter of fact the new housing scheme of 1949 is a very versatile instrument and is worthy of the fullest study particularly in a community such as Prince Rupert where the need of housing is already so pressing and promises to become even more acute.

The making of the survey of individual interest is only a beginning. Yet it is still desirable that all those interested in obtaining or improving housing take such means as are available of indicating that interest if for no other reason than to definitely establish the need.

WHY NO SPLIT SEASON

THERE has been a good deal of talk in Ottawa lately on the convention in regard to the extension of the halibut treaty, which was approved, providing reciprocal port privileges between Canada and the United States. That is all very well and everyone is agreed on the desirability of same.

However, Prince Rupert, principal halibut port of this coast, is still awaiting for some sort of action which may result in a fuller exploitation of the halibut fishery compatible with the scientific conservation aspects.

A satisfactory answer is still awaited, in spite of the explanation that there is disagreement on the matter, as to why the proposed split season cannot be effected and a late summer fishery, which is completely separate from the earlier run, made use of.

There is a feeling developing in Prince Rupert, rightly or wrongly, that there are some quarters in Ottawa that should present some clarification on certain phases of the halibut fishery on this coast.

Victoria Report

by J. K. Nesbitt

Tours Vancouver Island—Likes Douks—Visits "Goat Lady"

VICTORIA—Having just returned from a brief visit up Vancouver Island, I thought you might be interested in a few observations.

The Island never looked lovelier, bathed in warm sunshine. I never saw such blues—sea, mountains, hills. Things seemed prosperous—every little village

busting out at the seams with new houses and stores going up everywhere.

At Qualicum Beach stopped to call on Bert Welch, M.L.A. for Comox. He took me miles into the woods to see his logging operation. He's a crank on natural regeneration of the forests as all logging operators should be. He says the government should insist that every logging operator regenerate his land, rather than leave it bare, for the government to reforest by planting seed trees. That's what the government seems to want now, he says. Other logging operators agree—that the government of B.C., which says it upholds free enterprise, is insisting on socialized forests. Mr. Welch does his regeneration by leaving seed trees—says it's easier and far more economical than planting small trees, as the government is trying to do.

At Hilliers called on the Doukhobor colony. Got a warm reception. Was a little afraid at first to enter, thinking somehow I'd be set afire or someone would disrobe in front of me. Came away convinced the Doukhobors, with the exception of the Sons of Freedom, want to

be good citizens. Found them friendly, intelligent, hard-workers, happy and bright. The older ones, of course, can't speak English. Saw old women in bright kerchiefs and shawls leaving for the distant fields in an old-fashioned farm cart, pulled by a team of heavy brown horses. It was a scene from peasant Europe. One youngish woman wasn't Doukhobor at all. She said she got fed up with the outside world of selfishness and fighting and has found peace with the Doukhobors, much as one might find in a convent or monastery. This woman was cook for the day—and was baking 20 loaves of the finest-smelling bread in a huge Dutch oven. Had tea and pie with the Doukhobors and petted 16-month old Gabriel, first baby born in the new colony. He's a fine, sturdy youngster, blue-eyed and blonde, kept sparklingly clean and he seems to be the baby of the whole community.

Near Nanaimo visited the English goat lady. She's Mrs. May Stanby who came from England last winter with 20 prize goats. Now she has nearly 50, ships the best ones to the

United States. One, a Nubian, she was preparing to send by air to a big goat farm in New Jersey. She and her daughter Heather, 22, and Ann Rule, also 22, work with their goats and in the fields from 6 a.m. to 10 p.m. They're enjoying the life and pleased with their success. When she gets time Heather hustles into Nanaimo and does some amateur dramatic work. In England she was with the famed Canterbury Players. Had my first taste of goat's milk. Always thought it was greasy and heavy. Found it light and tasty. Mrs. Stanby says it's wonderful for arthritis.

Farther down the Island, went into the Fairbridge Farm School in the beautiful Cowichan Valley. Eight Scottish families recently arrived there to become Canadian citizens under a C.P.R. colonization plan. They were happy enough; only trouble was that, being farmers, they thought they'd find farm work, but none was available. So the men went to work in nearby logging camps and sawmills and are finding the work plenty tough. There are three single family dwellings, which rent for \$25 a month and the rest are duplexes for \$20 a month.

ROOSEVELT LEADS

SAN FRANCISCO — James Roosevelt, son of the late President, took a big lead Wednesday for the Democratic nomination for governor of California, as Governor Earl Warren won a smashing, unprecedented third term Republican nomination. In Wednesday's primary election Roosevelt drew heavily on the state's democratic registration with its 1,000,000 vote edge over Republican.

Pioneer Local Girl Succumbs

Advice has been received in the city of the death in Seattle, where she had resided since leaving Prince Rupert in 1925, of Mrs. Ole Losnegaard who will be remembered as one of the city's pioneer girls. Before her first marriage, she was Miss Jewell Garton, daughter of Fred Garton, who was janitor of King Edward School in the early days.

Mrs. Losnegaard's first husband was Robert Haleron who was a railway engineer. He

died in Seattle after they left here in 1926 and deceased remarried.

Mrs. Losnegaard completed her schooling in Prince Rupert, and was a telephone operator for a time and later a stenographer. In Seattle she had been a long distance telephone operator.

Deceased was 56 years of age and was born in Ontario. Her father died in San Francisco about two years ago. Her mother passed away here before the family left the city.

There is a brother, Maurice Garton in San Francisco.

Settling Of Fish Price

Prospects for getting the sockeye season started this year without interruption are hopeful, according to Tom Parkin, representative of the United Fishermen and Allied Workers Union, in a statement yesterday. There was a meeting Sunday

of the local with the Native Brotherhood to discuss prices but company offers were not acceptable to the meeting. There will be another meeting next Sunday. The gap between company and union offers has narrowed a great deal, Parkin says, and he is extremely hopeful a satisfactory agreement will be reached before the season on the Skeena and Naas opens June 19.

Ray Reflects and Reminisces

Every town, little or big, has its newspaper history. Some are recorded and others are not. But all are interesting, if for no other reason than the press, unlike other industries, tells about people and what they are doing—at home and in all corners of the globe. In Seattle, on a day away back in 1909, the Post-Intelligencer's classified columns told the writer that John Houston of Prince Rupert wanted to hire a reporter. Being open to an engagement, we made contact, to be promptly advised that, if sober and experienced,

the job was available. But we still like an occasional drink.

QUEEN CHARLOTTE

Captain John McLeod, seasoned skipper of the shapely little Princess May, knew his way around. Sea veteran of the north coast he had all the answers and was a good man to know. We were enjoying a chicken dinner when the Princess May started pitching her way across Queen Charlotte Sound. Less than an hour later, the lone passenger was standing by the rail gazing pensively into the twilight. He was travelling first class, but did not look or feel that way. Someone with unsteady steps drew near. Soon his hand rested on our shoulder and an alcoholic breath mingled with the clean sea breeze. "I know," he muttered. "Sicker'n ---. Worst is on the way. Cheer up."

FRANK WAS THERE

Frank Hart, Klondike sough-dough, Vancouver pioneer and undertaker, was aboard the Princess May. He evinced immediate interest in learning I was to work for Houston. "Why Prince Rupert is my town too. Here, let me show you his." He fished from his pocket a crumpled, four-page piece of paper, about the size of a magazine cover.

"The Bulletin," he declared, "triumphantly. 'John gets it out every day.' It was the smallest thing I'd ever beheld or ever expected to.

FIVE MORE YEARS

Viewed from the steamer at the dock, Port Essington was small, compact and busy. Everyone in sight appeared to be occupied or on the point of becoming so. Long the business centre of Skeena, Port Essington seemed reconciled to the approach of far-reaching changes and had decided to die with her boots on. There was a stir in the invigorating air. Coming and going were fishery men and engineers, Indians, laborers, cannerymen, railroaders and sailors, travelers and what have you. There was action, all along the line. One could look across the miles of swift-flowing river to the opposite shore and note the straight brown line indicating the newly blasted grade of what was to become the Grand Trunk Pacific Railroad—lowest transcontinental grade on the continent. It faded into distance.

Softball Schedule

Senior softball league schedule for the remainder of the first half of the season is as follows:

- June 10—North Star vs. Rupert Radio.
- June 14—Watson Island vs. Firemen.
- June 17—Rupert Plumbing vs. North Star.
- June 21—Firemen vs. Rupert Radio.
- June 24—Rupert Plumbing vs. Watson Island.
- June 28—North Star vs. Firemen.
- July 5—Rupert Radio vs. Rupert Plumbing.
- July 8—Watson Island vs. North Star.

Rained out or cancelled games will be played on Mondays.

First named team provides base umpire, and marks field. Second named team provides plate umpire.

MONTREAL — Rev. Dr. Francis Scott MacKenzie, professor of systematic theology at the Presbyterian College in Montreal, was elected by acclamation Wednesday as moderator of the 76th general assembly of the Presbyterian Church of Canada.

among the maze of far-away peaks.

Five more years were to pass before the whistle of the first through train in that neighborhood would be heard.

Halibut fishing in Area 2 lasted a month and it may be said the general average of quantity and price remained good. This is not saying there will be serious abatement of industry. Ships will come and go for there's a lot of halibut in Area 3. The annual pack of British Columbia's rich resource, salmon, is just around the corner and off her scenic shores, the measureless scope of cod fisheries thrive. They come in several colors, but black appears to strike the popular fancy. Some call it sable fish, and cannot distinguish any difference in taste.

McClymont Pools Open

Both the wading pool and swimming pool at McClymont Park are opening after school this afternoon, a full week ahead of schedule.

According to Don Forward, manager of the Civic Centre and chairman of the Parks Board, the pool will be open and supervised from 3:30 p.m. until 8 p.m. Monday through Friday and from 1 p.m. until 8 p.m. Saturdays until the beginning of school holidays after which time they will be open seven days a week of schedule.

A WEEKLY INFORMATION SERVICE

MONTREAL, June 8th—Here's top-of-the-line news for you! Your favourite corn starch is available in a brand new package that's open and close! All you need to do to get a new package of DURHAM CORN STARCH is pinch the top and roll it back! Inside, it is carefully protected in a paper bag and you've finished using it, just close the bag, touch the starch, and you'll be thrilled with the results on the recipe for Lemon Pie—it's particularly delicious.

"I Intend To Marry Mrs. Simpson As Soon As She Is Free to . . ."

These fateful words by King Edward VIII to Prime Minister Baldwin set the stage for the crisis that led to his abdication. With pride, often with pathos, but always with good grace, the Duke of Windsor this week reveals many intimate and previously untold facts, such as the quotation above about his private life and his mental conflict between duty, tradition and love. I know that this moving story will keep you in suspense to the very end. Whatever you do, don't miss this week's instalment of "A KING'S STORY" by the Duke of Windsor—one of the greatest stories of our time. You'll also find it illustrated with many graphics from the Duke of Windsor's private albums—in the issue of THE STANDARD—on sale now at all newsdealers from coast to coast.

There'll Be a new "Star" in my salad-meals this summer . . . for I've discovered a salad dressing with "out-of-this-world" flavour! It's HEINZ 57 SALAD DRESSING. And no wonder it's good—with the skill of those famous Heinz Chefs behind it! They've mixed this dressing with a truly magic touch! . . . a mouth-watering blend of eggs, edible oil, vinegar, starch, sugar, salt and spices . . . and it's perfect! So whether your favourite salad is a cool symphony of crisp, fresh greens or a hearty blend of nippy cheese and lettuce, you'll find that Heinz 57 Salad Dressing gives it an added "something" that's delicious!

Speaking of Beautiful Brides — one of the loveliest ever to say "I do!" was Helen Boyd Fuller — now Mrs. Allan Parkin Pissett. Her wedding was in Montreal—then the happy pair went honeymooning to New York. No wonder Allan fell in love with her! Helen's skin is petal-soft—sparkling . . . and she keeps it that way with extra-mild WOODBURY FACIAL SOAP, the soap with the beauty-cream ingredient. Yes, Helen knows from experience that Woodbury Soap, made by skin specialists, leaves skin soft and smooth. And doctors' tests among women show no skin burn with Woodbury's mild, mild lather! So take a tip from a Canadian "Woodbury" today—and use Woodbury Facial Soap in your bath for all-over beauty! Just 10c a cake!

Summer Swimming needn't be a hair-care problem at all! No give your hair the benefit of a RICHARD HUDNUT HOME PERMANENT! It's truly kind to your hair! Richard Hudnut know that it's the Waving Lotion that makes all the difference in a home permanent. And now they've developed a Home Permanent Waving Lotion that's been scientifically proved to be 25% more effective! That means, smoother, more manageable curls—prettier and springier and stronger, too. So make your next home permanent a Hudnut. And as a perfect prelude, I recommend you give your "perm" with that so-popular Richard Hudnut Egg Creme Soap!

Even A First-Time Cook can make delicious desserts with the JELL-O PUDDINGS! Wonderfully easy you'll find them real budget-savers . . . and so simple and easy to make! Such a assortment, too, of these creamy, smooth puddings! "Flavorites" to delight that—Chocolate, Vanilla and Orange nut Jell-O Tapioca Puddings! Perfect dress grace any occasion . . . Chocolate, Butterscotch, Caramel and Jell-O Puddings!

The Quickest SUREST Way Know to moth-proof your woollens — suits — coats — dresses or rugs is just this: Spray them with LARVEX! Sounds easy, doesn't it? Well, believe me—it is. And it's a fact that Mr. Moth will starve to death rather than eat anything sprayed with Larvex! Just think! There's no need to wrap or store away—one spraying actually mothproofs the cloth itself for a whole year. What's more, you can wear the "larvexed" garment right away for there's absolutely no tell-tale odour. And Larvex is truly inexpensive. It costs no more to "Larvex" a suit than to get it dry-cleaned!

Your Summer Holidays more fun if you're feeling your very best. And, of course we women are much happier when we're sure of our personal daintiness why I heartily recommend NONSPI — the truly liquid anti-perspirant! It goes into your bag before you start your vacation. It's the ideal "vacation" for it's easy to carry—vacation without fear of offending! It's easy to apply with its convenient sanitary applicator. See! . . . it actually stops sweat! . . . it actually keeps you cool! It's absolutely skin-safe—completely fabric-safe!

Your Eyes work hard for you every single day . . . and even you may not realize it, they're bound to get tired! That's why I suggest that you give them the care they deserve. I use MURINE night and morning and always marvel at the quick, welcome relief it brings . . . helping to banish that tired, used-up feeling when eyes get weary! Containing seven ingredients that blend perfectly with the natural fluids of the eyes, Murine cleanses and soothes delicate eye tissues gently as a tear. Just put 2 drops in each eye your druggist for Murine today . . . use it regularly even before eyes complain.

As I See It

By ELMORE PHILPOTT
DON'T GET TOO
downhearted about the
cold war—you people of
the 99 44-100 per cent of
the world who want your
governments to establish
peace, under law based on good-
will.

Here's a small beginning:
The Mexican Parliament de-
clared on March 16, 1950, that
henceforth nobody — not even
elected deputies — may bring

firearms into the Chamber.
A ROMAN CATHOLIC priest,
Father T. L. Gill, aged 41, was
fined £20 on March 19, 1950 for
violating South Africa's new
law of racial segregation.

His "crime" was that he had
performed a marriage ceremony
uniting a white man to a "slight-
ly colored" woman.

Reading that news item in the
London Sunday Express I ask
myself "how dumb can South
Africa's government get?" It
has deeply insulted India, by its
avowed wish to deport all of
Indian ancestry from South
Africa to India. And in so doing
it has, in effect, pointed a bay-
onet at the national heart of
"white" South Africa.

"Africa for the Africans" is
the natural answering cry of the
long oppressed and humiliated
native Africans. If the foolish
white minority persists in its
outrageous policy of race and
color discrimination, it will sure-
ly seal its own collective fate.

NOT LONG AGO A MINING
engineer friend sent me a tech-
nical journal telling of the fine
living and working conditions
enjoyed by some negroes in
some South African mines. I
have no doubt that such write-
ups are true—and that the ac-
companying pictures were ac-
curate. But it would have been
possible to write thus about life
on a slave plantation in the
southern part of U.S.A. before
the emancipation by Lincoln.

There were many slave planta-
tions which were humanely run
—indeed admirably run—with-
in the limits in which it is pos-
sible to make slavery humane
and admirable.

But the much deeper fact was
that slavery was an obsolete in-
stitution which no longer could
be tolerated or allowed by a
human race with a more highly
developed consciousness — and
hence conscience.

South Africa's segregation law
is a slave law—for it applies a
system of slavery, not by phys-
ical ownership as in the bad
old days—but by the abuse of

governmental power.
AT THE VERY FIRST MEET-
ing of the UN Assembly Mrs.
Pandit, representing India, gave
a terrific licking to South Africa's
grand old man, Smuts. The
overwhelming majority of UN
delegates were against South
Africa on this matter. Indeed it
is precisely because the majority
is against South Africa's race-
persecution policies that the UN
has been adamant in refusing
to allow that country to annex
the former German colony of
South West Africa.

Smuts was very unhappy
about it all, for he knew very
well that the position he was
compelled to take was morally
unsound. He consulted with our
own then-Premier — the Old
Master — Mackenzie King.
Smuts explained that if the UN
administered a severe licking to
South Africa the resultant re-
action would likely upset the
government.

"Then," said Smuts sadly,
"South Africa will have a gov-
ernment really tough on this
race question."
"What would you do?" he
asked Mr. King. The answer,
when it came was "patience,
patience, patience."

MILK THAT WHIPS

Carnation Evaporated Milk will replace cream for many purposes, including whipping.
Carnation costs less than 1/3 as much as whipping cream.
Carnation whips beautifully, rapidly. Use same amount of undiluted Carnation as you would of cream.

Follow These Directions
Chill Carnation icy-cold by leaving in freezing tray of refrigerator until ice crystals start to form; or put can under freezing coils in refrigerator overnight; or put can on ice overnight. Have beater and bowl very cold.
For topping cakes and desserts, beat in 1/2 cup sugar and 1/2 cup lemon juice and 1/2 cup sugar per cup of Carnation.

Carnation is good, whole cows' milk, evaporated to double richness — homogenized and heat-refined for heavier, creamier smoothness and richer flavor. Undiluted, it replaces expensive cream. Diluted 50-50 with water, Carnation is fine, safe, longer-keeping milk for any use. "from Contented Cows"

Lady Bowlers Get Trophies

Trophies were presented at a Ladies' Bowling League banquet in the Canadian Legion auditorium Tuesday night. Presentation followed a dinner in the Civic Centre dining room.

Champion team of the season was the Lyons team of the "A" division and the Annette trophy was accepted by Miss Vivian

Wratnall, captain. Runner up was the Brownwood's team in the "B" division and a trophy donated by Sweet Sixteen was accepted by Captain Mrs. George Brown.

High average trophy was captured by Mrs. A. Pierce of Lyons who chalked up a 204 average. High three honors went to Mrs. Peggy Thompson with an aggregate score of 864. Mrs. Thompson also took high single honors with a 380 score.

Lucky Strikes, with a score of 1163, won team high single honors while team high three

was captured by Rosa Lee's with a score of 3133.

A cup was also awarded to Mrs. Peggy Thompson for high three games in play-offs. She chalked up a score of 747.

During the evening entertainment consisted of skits and community singing. A prize of \$5.00 was won by the Belmont team for the best entertainment of the evening.

The league donated \$61.25 to the Manitoba Flood Relief Fund.

CONCLUDING PLAY

In the Ladies' League play-offs Lyons of "A" League beat Brownwoods of "B" League.

The final league fixture had resulted as follows:

"A" League

Gordon & Anderson 2, Rosa Lee's 1.
Lyons 2, Wrathall's 1.
Rupert Radio 2, Scuby's 1.
Annette's 2, Lucky Strike's 1.
Belmont 2, Savoy's (defaulted).
Stars 2, Variety 1.

"B" League

Brownwood's 3, Pinheads 0.
Big Sisters 3, Black Cat 0.
Boosters 3, Commercial 0.
Wallace Pharm. 2, Tollers 1.
Seal Cove 2, Uniteers 1.
Plungers 2, Noble & Wick 1.

High single scorer for the final league session was L. Erickson of Savoy's with 271 while L. Keats of Stars had the high aggregate of 682.

Inspector F. B. Woods-Johnson, after a visit south on police business, returned to the city by plane Tuesday.

Game Was One-Sided

Whether it was Nicky Pavlikis home run on the first ball pitched, or whether too many managers were trying the team or whether the team was just not properly organized—in any case Watson Island just did not play baseball Tuesday night. The Senior League game ended with Abel and Odows winning 13-1.

After the display the Islanders put on last Thursday, the crowd could not hide their disappointment. Davis, on the pitcher's mound for Watson Island for the first two innings, gave four walks—two hit by pitched balls and two bases on balls. With

six runs in the first two innings, Lefty McDonald took over to fan the last man up for the side. It looked, for a minute, as if he would pull his team together but the third inning saw it go back to the routine of the first two innings.

Although the game was not good, by any stretch of the imagination, the boys from the Island individually are not too bad. With good coaching, they could be whipped into a fair ball team by the end of the season.

SPORTS

Tonight's schedule for the junior footballers has Annunciation playing Seal Cove in the early game and Baptists against Hawks in the wind-up. These kids play for keeps and spectators are sure of two enjoyable 7-inning games on junior softball nights. The Provincial Government has done away with the dust nuisance on McBride St., and fans can spend a pleasant evening at the minimum cost of a nickel, dime or quarter in the collection box.

Snow At Miller Bay

Hank Snow arrived here at Bay hospital, where Hank will visit the wards to see his friends and admirers. Later he will have a radio interview.

In the evening he is giving two concerts at the Civic Centre. The Shrine Band will play between Mr. Snow's numbers.

Last night was the first in three weeks when he had no performance. He has been on tour for Winnipeg Flood Relief.

Hank had played in Winnipeg Tuesday and caught the plane from there Tuesday night. He had not been able in his short stay there, he said to visit any of the flooded areas.

FLOOD FUND SUBSCRIPTIONS

List of Contributions for Manitoba Relief Assuming Substantial Total

Subscriptions to the Manitoba Flood Relief Fund received through the community campaign and the Daily News collection had reached the substantial sum of \$2335.94 up to last night. These funds have already been transmitted to the treasurer of the flood fund at Winnipeg. The total does not include a number of independent efforts on behalf of the fund nor does it take into account money which has been paid direct to the banks.

Plumbers Winners

Defeated Firemen as Both Teams Make Softball Debut

Prince Rupert Plumbing won a clear-cut victory last night over the Firemen in the first appearance of these two teams in the City Softball League this season. A good crowd took advantage of the fine night and thoroughly enjoyed the game which was won by a 21 to 13 score.

The Plumbers had two big innings getting seven runs in the second and eight in the fifth. The Fire laddies had a big inning in the fourth when they scored eight runs and made a strong comeback in the ninth to score four.

It was obvious that it was the first game of the season for both teams. There were errors and miss-plays aplenty, but the league is conducted for the enjoyment of players and fans alike and last night everyone went home well satisfied.

The next game in this division will be on Saturday, when the

Inquiry In Sea Crash

MIAMI (C)—A searching investigation began Wednesday into the crash of a C-42 plane in which 28 Puerto Ricans apparently lost their lives. Thirty-seven survivors, rescued by the destroyer Sauley arrived at Charleston yesterday.

Eight are known dead and scant hope is held for 20 others who were aboard the plane that went down in the Atlantic 275 miles east of here Monday night. The hunt for survivors was continued during the day.

FOR TOP QUALITY—Some of the very finest vegetables ever produced in Canada are grown in the far north, in the Yukon or on the shores of Great Bear Lake.

And the reason for this is not extra good soil, as a matter of fact the soil is usually poor, but extra hours of sunlight. Quick unchecked growth is the real secret of tender vegetables and it is possible to grow that kind anywhere in Canada if just a little care is taken.

In the first place one must

have good seeds and of varieties that are suitable to local conditions. Next, the vegetable garden should be thoroughly cultivated or dug, then the seed planted according to directions on the packet. Spacing is important, as crowded plants never have a chance to develop quickly. Cultivation once a week will usually be sufficient itself to keep growth coming along even in the driest weather. If a hose is available, however, that will be another safeguard. A little chemical fertilizer applied carefully and according to directions is also advisable.

And another important point—spread out sowings. If all the carrots or all the beets are planted on one afternoon then they will all mature at the same time. By sowing a row or so every other week from early spring until late June or even early July for most vegetables and for most parts of the country, one will assure a succession of crops right at their best. In some staple lines like beans, lettuce, beets, carrots and such, there should be some of these just coming into bearing from early July until frost.

PENSION CO-OPERATION
Administration of the old age pensions act in Canada is carried out by the provinces with the federal government paying 75 per cent of the cost.

SHIPS and WATERFRONT

C.N.R. steamer Prince Rupert, Capt. William Eccles, arrived in port at 12 noon Wednesday from Vancouver, Ocean Falls and waypoints, sailing for Ketchikan at midnight. The vessel returns here en route to Vancouver at 8 p.m. today. Passenger complement was large this week as tourist and Varsity students continue to arrive in the city. Passengers disembarking here included Miss E. Maykowski, J. D. Kerr, Mrs. J. Johnston, M. R. Whiffen, Mrs. M. Edmonds and daughter, Miss A. Parker, Mrs. A. Parker, A. Beveridge, S. J. Reveridge, Miss H. Reeves, Mrs. L. Scott and daughter, Mrs. E. A. Evans, A. W. Smith, H. B. Kendrick, P. Lamb, R. Croft, W. Bush, J. H. Robson, Mrs. P. Muir, Michael Orme, Mrs. C. Enrolment Increasing

Seventy-three More Pupils This Year than Last In Schools

School enrolment in city and district schools with the exception of Booth and Digby Island, during last month was much higher than during the same month last year, it was revealed at a meeting of the Prince Rupert Public School Board last night. Total enrolment in May was 1232. In May 1949 total was 1159.

At King Edward, although enrolment was 302 as compared with 287 in May 1949, it dropped as compared with other months this term due to families leaving for the fishing grounds. During previous months this year, enrolment hovered around the 305 mark.

Booth last month dropped from 433 last year to an enrolment figure of 425 this year. The percentage attendance (89.1) was also lower than last year's 91 per cent.

Digby Island's enrolment dropped by only one point as compared to May in 1949 when 22 pupils attended, although attendance percentage shot up from 92 per cent last year to 99.42 per cent in May this year.

All city and district schools with the exception of Digby Island, dropped in percentage attendance. Port Edward and Port Simpson dropped more than ten points.

Following are school enrolments and percentage attendance during May followed by 1949 figures for comparison:

School Band's Proposed

Booth Memorial High School students may have a band next year—if they can raise \$750. A letter from the assistant deputy minister of education read at a Prince Rupert Public School Board meeting Wednesday night, informed the board that grants are not available for instruments. The board was told that a band in a school is an important function in a student's life. They decided to advise the students to raise a maximum cost—\$750—for the purchase of instruments and a board will invest half of the student council on remaining \$750.

15° cooler inside

Because of Barrett Rock Wool Insulation

Step out of the broiling sun into a house that's as much as 15° cooler than outdoors. There's real summer comfort. Yours—when you insulate with BARRETT Rock Wool.
And insulation works the year around. Wintertime fuel bills are as much as 30% lower in a Barrett-insulated home. Family colds are fewer—rock wool insulation gets rid of chilly drafts and "cold spots".
Fire danger is lessened, too, when a fireproof layer of BARRETT Rock Wool guards your home. Insulate your house this month. BARRETT Rock Wool comes in Blankets and Granulated "blown-in" forms.
A NEW ROOF costs less than you'd guess! Ask about BARRETT Asphalt Shingles. See their new colour harmony. For farm buildings, get hard-wearing Barrett Storm Roll Roofing.
STOP LEAKS with Plastic Elastigum * Cement. Seals flashing ideal for patching. A thin coating of Liquid Elastigum * Cement re-seals old roll roofings.
NEW—Ready-to-use Barrett Silvex * Aluminum Paint. No mixing. Tough, protective finish reflects light and heat... resists moisture, corrosive fumes, salt spray.
