Windsor To Keep Ranch

CALGARY (CP)—About 100 people yesterday gathered at Canadian Pacific Railway station to greet the Duke and Duchess of Windsor on their arrival here for a visit to the Duke's ranch. The Duke said he would keep his Alberta ranch and turn it to beef cattle production, switching from Short-horns to Herefords. It is the only land I ever owned," he said. As soon as road conditions permit, the Duke and Duchess were to proceed by car to the Duke's "E. P." ranch west of High River in the foothills of the Rocky Mountains.

Long Visit To Denmark Over

HALIFAX — A vacation to his native Denmark that lasted twelve years is about over for Peter Jorgensen, of Vancouver. He returned here on the liner Gripsholm and is enroute to Vancouver on a Canadian National Railways boat train to day. Jorgensen left Vancouver in 1938 with his wife and son, Frank, four, to visit his homeland. About the time he was thinking of returning to Canada, the war broke out and he wasn't able to come back here until now.

Convention At Bella Bella

OTTAWA—The Ontario Appeal Court has upheld a ruling that a man who wears a pistol while at work, is not entitled to carry it while off work. This judgment was given in the case of Davidson Stannard, a guard in a packing house.

Carrying Pistol Off Work Taboo

OTTAWA—The Duke and Duchess of Windsor, after their visit to Alberta, will be here next Monday and will be guests of the Governor General and Lady Alexander at Government House.

Dead In Bomber Crash

ALBUQUERQUE, New Mexico—A B-29 bomber carried all 13 airmen aboard to almost certain death in a crash last night into a secret weapons base at Sandia. The United States Air Force said all were presumed dead. The superfortress plunged to the ground and burned three minutes after it took off from nearby Kirtland Field.

HE TOOK A HOLIDAY—Members of the Juvenile Singers of Mexico, a group of 24 Mexican boys on a goodwill visit to Montreal, greet their mascot, Gall, after he went missing for a day. The Great Dane, a gift from Governor Earl Warren of California, was found in the basement of an ice-manufacturing plant. From left to right are Adelard Pelouin who found the dog, Cesar Augusto Urriza, kneeling, and Argello Martinez, choir singers, and Rogelio Zarzoza y Alacon, their conductor. (CP Photo)

Juneau Waging War on Dogs

JUNEAU—This city needs a dog-catcher, for large bands continue to roam the streets. One out-of-town man, who sleeps in his boat and whose sleep is disturbed, has offered to kill all dogs in town, with his 30-30—for nothing. "We couldn't have anything like that," said Mayor Henriksen. "But steps must be taken to rid the city of these gray animals." The rate of pay for a dog-catcher will be \$2. If the owner of the pup does not lay claim within 3 days, it will be destroyed within three days.

Critically injured was Charles Frame, 38, with burns. Others in hospital are Clarence Paul, 29; Mrs. Betty Pratt, 22; Robert Pratt, 25; Cecil Farris, 30, and Miss Hedy Gabenek, 21.

PACIFIC COAST HOCKEY

NEW WESTMINSTER — Vancouver Canucks and New Westminster Royals tonight will decide the play-off champions of the northern division of the Pacific Coast Hockey League. Last night the Canucks kept the play-offs alive by defeating Royals 6 to 1 to deadlock the series at three games all. Tonight's winner goes to Los Angeles to open the league final Saturday.

ABOLISH RADIO FEE

OTTAWA—Canadian Association of Broadcasters said yesterday in a brief to the Royal Commission on Arts and Sciences that the \$2.50 annual licence fee should be abolished and an independent body should be established to regulate radio in Canada.

Vancouver lassies captured the lead from the opening whistle and increased it in every quarter for the highest score of the best of five series.

MONTANA ROBBERY

LAST OF WILSON REGIME

COMMUNISTS OUTLAWED

LaPAZ, Bolivia—Bolivia's government yesterday outlawed the Communist party and "all its activities and subsidiary organizations."

Difference of Opinion Over Air Shooting Affair

WASHINGTON, D.C.—(CP)—"Hot war" with Russia as a result of an airplane shooting scrape or any other single incident is regarded by American diplomatic and military authorities as highly unlikely. At the State Department and defence headquarters, there is no inclination to treat lightly an official protest from Moscow that an American B-29 type bomber had violated Soviet territory in the Baltic area, firing upon Russian fighter planes and being fired upon in return. But neither was there as much as a suggestion that either country might want to go from there to knock chips off shoulders. United States officials indicated that the truth of the matter may be that an unarmed American Navy patrol plane, which has been missing since Saturday, might have been shot down by Russian fighters.

Chamber Chided By City Council

Housing Aired At Meeting Last Night
"A responsible organization like the Chamber of Commerce should make a more responsible judgment in matters like this before making any accusations," stated Ald. T. B. Black at a city council meeting last night. The "matter" was a letter before council from P. H. Linzey, secretary of the Chamber, requesting that the city distribute questionnaires to ascertain the need of housing in this district. An alderman suggested that Chamber members read the newspaper adding that at a city council meeting last month, the matter was dealt with. City Clerk H. D. Thain was instructed to obtain information from sources down south.

CITY OBJECTS TO ROAD BLOCK

Alderman J. N. Forman asked city council last night if anything is being done about the road block of a pile of earth on First Street and Third Avenue, site of the future Famous Players Theatre. City Engineer Don Stewart told council members that contractors were being held up by the company pending review of estimates for last year. The pile of earth, he added, will be used to cover an oil tank to be placed underneath the sidewalk. Ald. Forman also requested that the sidewalk erected on Third Avenue by the contractors be cleared. It was decided to ask responsible parties to clean the road blocks by the end of the month or the city will step in.

City Stays In Budget

Alderman T. B. Black last night gave city council members a short summary of the auditors' report for 1949 which arrived at City Hall the previous day. "It appears that during last year, the city was able to successfully stay within budget," he said. "It was able to steer fairly well on a good course throughout the year." He said that expenditures exceeded revenue by \$1,420.28. "The telephone department," he remarked, "did not make money, losing \$8,000 but this amount was offset by revenue from long distant proportionate revenue."

THE WEATHER

Synopsis
Rain showers were very prevalent over the coast and southern interior this morning. These will continue for most of the day and tonight although sunny intervals are expected at most points during the day. Tomorrow a much better day is expected and clearing skies are forecast for most of the regions by the afternoon. A weak intrusion of colder air has caused a few snow showers in the Prince George region overnight. These are not expected to become general but the colder air will allow temperatures to drop to freezing in these parts tonight. Elsewhere temperatures will remain near normal.
Forecast
North Coast Region—Cloudy with rain showers. Frequent sunny intervals Thursday afternoon. Little change in temperature. Winds southerly, 15, shifting to westerly, 20, about day-break tomorrow. Lows tonight and highs tomorrow—At Sandspit and Port Hardy, 35 and 46; Prince Rupert 38 and 48.

Times Do Change

TIMES DO CHANGE! In 1853, which is not so long ago, either, Asiatic cholera, after ravaging many parts of Europe, duly visited Scotland. The good Presbyterians of that time, the Theocracy of the "unco guid" who had survived the satire of Burns, believed—or kidded themselves into believing—that the visitation of the epidemic was the result of Divine anger and was intended to chastise the people for their sins, as in the times of the Hebrew kings.

Of course, they had precedent. They read the Bible. They knew that neglect of spiritual duties brought penalties and that fasting was the most effectual way of stopping the epidemic. Not for them to institute sanitary measures and other carnal devices to improve the public health. That might show that they trusted too much to the arms of the flesh. No! No! National fasting and public humiliation, weeping and hunger, were the cure.

Lord Palmerston was Home Secretary then. How he must have laughed at this queer message of a Scottish clergyman! "You can often tell a Scotchman, but you canna tell him much." But Pam told him plenty. He sent what was considered by the Scottish fundamentalists as a most profane reply. Sanitation and better housing, he suggested, would stay the epidemic better than "all the prayers and fastings of an inactive people."

Today, modern Scots do not fast any more than they have to, under the threat of Asiatic smallpox. But who knows whether they pray nowadays like they used to? But they do follow old Pam's advice and take every other precaution first. And to vaccinate more than a million people in the one area all at once takes a lot of serum.

THE GLOVED HAND

IF YOU EVER MEET A WOMAN and get into a situation where the two of you are shaking hands, you will find that she may say all sorts of peculiar things, but one thing she will not say is, "Please excuse my glove." This phrase is used by men only. Women never apologize for wearing a glove. If they have gloves on, they seldom try to bare their right hand for a shake.

Men make a great job of trying to get the glove off their handshaking hand. They usually don't quite get the glove off. So then they say: "Please excuse my glove." It gives them something to say, something definite and socially safe. The phrase is much safer, for instance than, "How are you?" when a further glance may show that the person at the other end of the handshake is in a bad way indeed. Some men put real emotion into "Please excuse my glove," sounding almost as though they were saying something new as they grin with relief at having the glittering *bon mot* ready.

At this time of year, however, men begin to find themselves meeting people and bracing themselves for a few words of conversation, and not having a glove to try getting off and therefore not being able to apologize about it. When men became tongue-tied in the Spring it used to be thought that it was love, but now it is seen that they just haven't anything to say when caught without gloves.

Who Will Get Date?

Two city organizations, the Civic Centre Association and the Shrine Club, crossed friendly swords at a meeting of the city council last night. Each organization had a letter before the council and representatives at the meeting.

William Long, acting for City Clerk H. D. Bain, read a letter from the Civic Centre requesting that a carnival be allowed Aug. 19 to 29. The request was granted. Then a letter from the Shrine Club was read to members. It asked for a change in dates for its carnival, stating that Crescent Shows would not be able to appear here July 3 to 8. Instead, they said, it was possible for the midway to set up here July 20 to 29.

As the dates are close together, representatives from both organizations, present at the meeting, were allowed to speak.

Don Forward, secretary of the Civic Centre, explained to members that the Civic Centre will be obliged to spend about \$11,000 on its affair and could not risk the money if the Shrine Club presents its show less than a month before.

He added that all money ob-

taind is spent in the city and not taken out.

Roy Van der Sluys and W. D. Smith, Shriners, delegated to present the club's case stated that the 20 per cent derived from the show by the club will be used to improve the Shrine Band and aid unprivileged children.

Council members agreed both were essential organizations although some aldermen took sides.

A motion was finally passed granting the request of the Civic Centre. The Shrine Club withdrew its request. Alderman H. F. Glasse stated that he did not want to see an organization leave council chambers with a belief that council was not aiding them.

It was finally suggested that the matter be discussed at a special meeting next Monday. Meanwhile the organizations will meet and attempt to find a solution.

Dowell River Makes Millions

VANCOUVER — Consolidated net profit of the Powell River Co. for the last years was over \$7,500,000, the annual report of the company shows. Harold Foley, president, in his report to the shareholders, announced that the output for 1950 had already been contracted for.

Ray Reflects and Reminisces

With so much going on, it may be unreasonable that one of the lesser industries of the country is devising ways and means to draw more money although no one has heard of impatient remarks from the Prime Minister. Mr. St. Laurent, whose salary is \$21,000. Well, how about it? Mayor O'Dwyer of New York gets \$40,000. President Truman's salary is \$100,000. Premier Attlee receives \$50,000, plus large expense allowance. It's often said Canada is a hard country to govern.

It's a bit premature to ascribe all this unseasonable spring weather to atomic bombs and other accomplishments. However, it will be all right if skiing and hockey matches are included in Dominion Day sports.

There is something about lost treasure that holds a strange fascination, although nothing worth a hang has ever been recovered. Time and again, men

Atomic Film Impressive

Pictorial explanation of gathering of information for the construction of the atomic bomb by scientists of various countries of the world and expression of immediate need for world atomic unity, was all contained in the film "One World Or None" shown approximately 100 persons in the Armory Monday night.

A sound film in color, it was sponsored by the Shantymen's Christian Association. The audience also heard M. Bedford, missionary-elect for India, present a simple but direct speech connecting God's salvation of the world with the atomic age.

The meeting Monday night was in the form of an Easter service. Another film was also shown entitled "Scientific Scriptural Message."

The atomic film shown Monday night has been receiving praise from every audience. The United Nations Atomic Energy Commission has requisitioned ten copies for use for its personnel. President Harry Truman commissioned the film for a character guidance program for members of all the armed services. It is compulsory as a training film for all members of United States Air Force.

Produced by the Moody Bible Institute through the Moody Institute of Science department. It is classed as "Sermons From Science."

The film was shown at Booth Memorial High School last Thursday afternoon and received an ovation. Cecil J. Carter, director of missionary work for the Prince Rupert branch of the Shantymen, expressed his desire to screen the film in this city again.

Acting as master of ceremonies Monday night, Mr. Carter expressed thanks for the use of the Armory by Col. S. D. Johnston.

have toiled on that small island off Ecuador. Heaven only knows on how many occasions, Captain Kidd buried some of his booty between Cuba and the Bay of Fundy. Right now, divers are trying to locate what may be a gold laden galleon believed founded in Tobermory Bay, Scotland, four centuries ago. Also, at present, a hunt is on for buccaneers' plunder off Cape Cod. North of Prince Rupert, some years ago, the steamer *Islander* crowded with passengers from the Klondike, going outside for the winter, and many with full 'pokes' stowed away, went to the bottom. In time, the hulk was found. But any gold, if gold there was, had returned to mother earth.

different courses. The Full Moon was sighted by Elvin Leask on the bar close on the Tugwell Island end. It was actually afloat with the tide rising, driving ashore with engine still running. The first thing Leask decided to do was get aboard, stop the vessel and take her in tow. This done, he decided that she was still seaworthy and capable of remaining afloat so she was anchored, and he again joined the other vessels in the more important job at the moment of searching for Dr. Kergin.

Object Sighted
Meanwhile, the six other boats were engaged in scouring the vicinity of Ryan Point, about fifteen minutes distant. Half an hour later Henry Ryan sighted what at first he believed was a seal perched on the rock 300 yards from shore. Yet the object had white markings which was no ordinary seal. Closer approach disclosed it was the object of the search. The white was the Indian sweater which Dr. Kergin wore. This garment had served a double purpose in his deliverance. It had provided buoyancy which helped to keep him afloat as he swam from rock to rock. It had saved him from being passed up in mistake for a seal. "He was like a drunk guy, ready to pass out" was the effective yet simple way in which the rescuers described the doctor as they picked him up. Henry Ryan using a skiff to approach the rock and take him back to the power vessel.

Tide still being too low for the boats to cross the bar, Dr. Kergin was taken ashore to the Tugwell Island beach. From

there he was taken on board James Donaldson's service boat Two Rivers, which was hailed as it passed by. The Two Rivers headed back towards Prince Rupert but met the police boat P.M.L. 15 at the entrance of Venn Passage and re was again transferred for completion of the journey back home to Prince Rupert.

Meantime, Mrs. George Ryan had also played an important part in the day's episode. She had given shelter and susten-

ance to Mrs. Kergin and her three children in her home at Metlakatla pending the arrival of the police boat which brought them into Prince Rupert. All this time, Mrs. Kergin was distraught with the conviction that her husband had perished and that she had witnessed the tragedy, helpless to give assistance and faced with the emergency of effecting the deliverance of her three young children from a sinking vessel which she was unable to control.

Stanley Cup—
Red Wings Win First

DETROIT — Detroit Red Wings are off to a flying start in the final of the Stanley Cup playoffs.
The Red Wings, playing without two star forwards—Ted Lindsay and Gordie Howe—whipped the New York Rangers 4 to 1 last night to go one up in the best of seven championship.

New York grabbed a one-goal lead in the first period and played defensive hockey for the rest of the game.

Mrs. L. W. Kergin was not badly hurt when struck in the face by a basketball while attending Monday night's games.

Peter Wong and his young son left for Vancouver by plane today for a visit. Mr. Wong is manager of the Broadway Cafe.

Ian Becket, son of John Becket of the Columbia Cellulose office in the city, returned to Victoria by plane today after a visit here.

Sport Shots

There is a feeling that New York Rangers' upset of Montreal Canadiens in the National Hockey League semi-finals could be the ill wind that might blow the Habs some good. Andy (Montreal Standard) O'Brien says the decisive defeat has the effect of giving Canadiens' general manager Frank Selke a green light for a major rebuilding operation next season.

Andy says Selke has always been keenly aware of fan sentiment "and that awareness extends particularly to the French Canadian reaction as exemplified by the extremely touchy French press." "But it's now obvious to all, Canadiens survival depends on a cold-blooded assessing of talent, regardless of sentiment and rebuilding accordingly."

Thereupon, Andy makes what he indicates is an educated guess on five of the regulars for next season. They are: "Gerry McNeil in goal, Doug McPherson and Tom Johnson for defence. Paul Meger and Bert Hirschfeld up front, and, since the active roster of an N. H. L. team allows 18 men, the five represent a 28 per cent face-lifting right there."

"In addition, Selke is known to be thinking of a 'Kid Line' from the West. Then there's Peter Polowski, a spectacular centre with Port Arthur who is rumored as understudy for Elmer Lach on the punch line. Elmer has all the guts and go in the world but he's taking a bad bat-

Delegate For Game Convention

Jarvis McLeod Monday night was appointed delegate from the Prince Rupert Rod and Gun Club to attend the annual game convention in Vancouver April 26, 27 and 28. A meeting of the association was held in the Civic Centre. Business matters were held over until the general meeting next Monday. Chairman at Monday night's gathering was T. J. Boulter.

ting and the 70-game grind doesn't help.

Andy makes no attempt to say who on the Canadiens will get the big chop but Elmer (Montreal Herald) Ferguson comes right out with it when he quotes Selke: "Rangers out-hustled us, won on their merits. A few of our players went very well. Others played poorly, and plainly are not for this league. That goes for (Roger) Leger, (Leo) Gravelle and (Bobby) Pillion, one or to others. They won't be with the Canadiens next season."

Is it your breakfast that's wrong?
GALS EVERYWHERE—look this message over. It's built on plain important facts. Something for your good. How your folks can benefit.

Why Breakfast is Specially Important to YOU
A good breakfast gets you off to a good start for the day. Hard work ahead? At home? At business? Take the nutritionist's tip. (They know.) For mental alertness, getting things done, that first meal of the day is important. Why? Because, for those who eat no breakfast or a poor one, results are fatigue, irritability, lessened efficiency.

Why Grape-Nuts is a Special Breakfast Cereal
Just two tablespoons of delicious Grape-Nuts provide the cereal equivalent of a good breakfast. Golden kernels of whole wheat and malted barley... good... good... good. Fine fiber values too, because of useful quantities of carbohydrates, proteins, minerals you need. Grand flavour-lift with milk or cream. Grape-Nuts help you have a healthy, economical breakfast.

**IS LEAVING
GOVT. SERVICE**
Dan Doswell, who has been stationed at Prince George as district inspector of motor vehicles for the public utilities branch of the provincial government, is leaving the government service at the end of April to come to Prince Rupert and assume a position with Columbia Cellulose Co.

**BAPTISMAL SERVICE
AT TERRACE CHURCH**
TERRACE—The infant daughter of Mr. and Mrs. George Martin was given the names Heather Joy, at a baptism service at St. Matthew's church on Sunday afternoon at which Bishop Gibson officiated. The baby wore a hellebore christening robe of Madapolam and daintily embroidered. The godparents were Mr. and Mrs. B. R. Dodds, Mr. and Mrs. Lloyd Johnstone. Mrs. H. King acted as proxy for Miss Mollie McKenzie of Vancouver. Following the ceremony tea was served at the Martin home for the immediate christening party. The christening cake was the top layer of the baby's parents' wedding cake.

Smiles and Chuckles

"Miss Brown," said the colored parson as he led her into the brook for baptism, "Ise gwine to wash out every spot of sin yo's got."
"Lawsy, Parson," she giggled, "in dat li' ole shallow creek?"
Baby: "I want my bottle."
Mother: "Shuddup, you sound just like your father."
Judge: (to husband whose wife had just been awarded a divorce) "And I have decided to give your wife \$50 a month."
Husband: "That's fine judge. And once in a while I'll try to slip her a couple bucks myself."
Girl: "Am I the first girl you've ever kissed?"
Guy: "You might be—your face is familiar."
Willie Johnson, a sawed-off, beaten down little man, was arraigned in a Texas court on a felony charge.
The clerk intoned: "The State of Texas versus Willie Johnson."
Before he could read further, Willie almost broke up the meeting by solemnly declaring: "Lawsd What a majority!"
The teacher was explaining to the class the meaning of the word "recuperate." "Now, Tommy," she said to a small boy, "when your father has worked hard all day, he is tired and worn out, isn't he?"
"Yes, ma'am."
"Then, when night comes and his work is over for the day, what does he do?"
"That's what mother wants to know," Tommy explained quickly.

1/2 cup chopped ripe olives
2/3 cup deviled ham
1 tablespoon chopped pimiento
2 tablespoons mayonnaise
1 teaspoon prepared mustard
Combine olives, deviled ham, pimiento, mayonnaise and mustard. Blend and spread on thin slices of buttered bread.

NEWLY-INSTALLED CHURCH BELL

TERRACE—The newly-installed bell of Knox United Church here was rung for the first time on Sunday to herald special Easter services morning and evening. There were two special services during the day with the full choir rendering anthems in the evening. Rev. P. H. Mallett conducted the services. A cleaning bee by the ladies, under Mrs. Frank Gavan, had been held in the church one night last week.

Terrace Easter Tea-Sale Success

TERRACE—The Easter tea and sale, a yearly event of the Parent-Teacher Association was a very successful this year. Held in the Credit Union Hall on Saturday afternoon, the affair drew a large crowd and, at times, there were not enough tables for the newcomers who crowded in.

Easter motifs decorated the hall, homecooking and candy stalls. Basket trays of various sizes, made by the Grades 7 and 8 students, held sandwiches and cake.

One feature was missing this year from the tea and sale, and that was the usual display of school work, but it was felt that the Fall Fair would take care of any yearly school display.

There was a large array of homecooking and candy for sale and this was all sold out in a short time. Mrs. A. Gillanders, as general convenor, though new to the work, did a fine piece of organizing, and everything went off smoothly and well. There was a great amount of food donated to the kitchen so that everyone had a bounteous tea.

While several gave their time and effort with the arranging of the affair, those helping in the hall were:

Kitchen—Mrs. J. Haaland, Mrs. F. Clifford, Mrs. P. McIlroy, Mrs. S. W. Craig, Miss B. Forbes, Mrs. K. Wold, Mrs. P. Van Stolk, Mrs. R. Sparkes

Serviteurs were girls from the High School and were, Flora Melyin, Norma Perry, Colleen Siles, Joan Atwood, Lorna Melvin, Clara Warner, Valerie Craig Gloria Irving, Margaret Kennedy.

On the Homecooking stall were Mrs. W. Martin and Mrs. C. Michiel and candy stall, Mrs. Van Stolk and Mrs. S. Campbell. Cashier was Miss Valerie Booth.

It has been road-tested in a ten-ton freight truck for several months on mountainous roads in this vicinity. The company is now turning its attention to a jet engine for power boats.

Remember?

When you ask for a loan at the B of M...

you do not ask a **FAVOUR***

WHEN the housewife calls at the grocery store and orders a supply of provisions, she is not asking a favour... she is buying goods for which she will pay on delivery... purely a matter of business.

So with your bank. It is a business proposition just as much as the grocery store.

The grocer deals in groceries... the banker deals in credit. And as the making of loans is one of the principal ways by which his bank derives its revenue, he is as anxious to sell

his credit as the grocer is to sell his groceries. And like the grocer, the banker naturally wants to know that he is going to be paid for his goods... that his loans will be met when they fall due. That, too, is only good business.

When you have occasion to ask for a loan, look at it this way. Come to the Bank, not feeling that you have to ask a favour, but to offer the manager a sound business proposition which will be of profit both to you and to his institution.

BANK OF MONTREAL

working with Canadians in every walk of life since 1817

* We published this message first in 1945.

It was a fair statement then... it is a fair statement now... and we believe it bears repeating.

Hundreds of thousands of Canadians in all walks of life have since proved

for themselves, by the experience of borrowing at the Bank of Montreal, the full meaning of this message... that if your proposition is sound, there's money for you at the B of M.

Yes, when you ask for a loan at the B of M, you do not ask a favour.
