Indian Situation Is More Alarming

Full Scale War With Pakistan Is Imminent

GANDHI, OPENLY WORRIED AS HE CONTINUES HIS FAST IN HOPE OF SIKH, HINDU, MOSLEM PEACE

LAKE SUCCESS (CP)—Full-scale war with Pakistan may break out "any day" unless the United Nations take action to halt the current fighting in Kashmir, India told the security council today, declaring that the situation in the mountainous northern India state, control of which is sought by both Hindu India and Moslem Pakistan, is growing "graver every day."

FIRE DESTROYS MASSETT STORE

Building Had Formerly Been Occupied by Co-op
Fire destroyed the former Co-op store building at New Massett on Wednesday evening of last week despite the fire-fighting efforts of the villagers.
Kurt Lindner, Massett hotel owner, who is reported to have owned the building, had been doing some work in the store earlier in the day but was away on a taxi trip when the fire alarm sounded at 5:45 p.m.

Meanwhile at New Delhi Mohandas K. Gandhi today entered the third day of his peace fast in growing danger of starvation and was openly worried over new massacre in Moslem Pakistan. The Indian government said last night that Pathan tribesmen in Pakistan's West Punjab ambushed a refugee train Tuesday and only 750 of the 2400 non-Moslem passengers are known to have survived the attack.

NEGOTIATIONS BROKEN DOWN

Deepsea Ship Owners and Ships' Officers' Unions Still in Dispute
OTTAWA.—Contract negotiations between Canadian deep-sea ship owners and representatives of ships' officers' unions have collapsed for the second time, it was learned here yesterday. The negotiations were broken off after several weeks of discussions between the disputants in Montreal.

Bank Robbed In Vancouver

Gunmen Take Between \$5000 and \$6000 in Cash From Royal Bank On Kingsway
VANCOUVER.—Three masked and armed gunmen escaped with between \$5000 and \$6000 in cash today from a branch of the Royal Bank of Canada on Kingsway in suburban Burnaby not far from New Westminster.

250 APPLICANTS IN CITY ARE NOW AWAITING TELEPHONE CONNECTION

With 2300 instruments being operated from a 1000-line board and 250 unfilled applications for service on the files, the city telephone department awaits an implementation of a major extension and improvement project for the system as a whole. It has been for some time now at the point where almost a brand new telephone system in Prince Rupert is essential.

CREDIT BUREAU BEING SET UP

Prince Rupert's recently organized Retail Merchants' Association is proceeding with arrangements for the establishment of a credit bureau among other plans and projects for the co-ordination of business methods and services in this city. A wider membership in the association will also be sought.
At a meeting on Tuesday night with President pro tem W. M. Watts in the chair, constitution and bylaws were adopted and February 10 was set as the date for the annual meeting when business will include the election of permanent officers.

SOME OF RECORD SNOWFALL'S MILLIONS OF VICTIMS—Commuters and travellers found themselves stranded when New York's record snowfall caused train, air and motor transport to come to a dead stop. This scene at the New York Central Station was repeated a hundred times at all train stations, bus terminals and even hotels as people were unable to move from the spot when the snow marooned them. Sunshine and mild weather was the only combination that enabled New York and other cities covered with snow up 26 inches to resume normal traffic operations.

Ceiling on Butter Due

Announcement on Matter is Believed Imminent at Ottawa
OTTAWA.—Butter was reported Wednesday night to be due for a price drop through the reimposition of the wartime ceiling but the big question was "when and how much?" The wartime ceiling on butter was 55c a pound.
The capital heard recurrent reports that the cabinet had or was about to take a decision on return to controlled price of butter and that government announcement was imminent.
The feeling was general, however, that any announcement would await the return to the capital of Hon. James G. Gardiner, minister of agriculture, who is now in Western Canada.

VANDALS VISIT SCHOOL SITES

TERRACE.—Vandals broke into the Terrace High School during Monday night. Wreaking considerable havoc, they caused extensive damage to books, furniture and equipment which were scattered helter-skelter, even stovepipes being pulled down.

ROBERT WATSON DIES IN SOUTH

Noted Canadian Author Was Victim of Automobile Accident
SANTA ANA, Cal.—Robert Watson, noted Canadian author, died here today of serious injuries sustained on New Year's Day when he was struck by an automobile. He sustained fractured skull, broken pelvis and two fractured legs as well as complicated internal injuries. He had been unconscious for the most of the time since the accident.
Robert Watson spent ten years in Winnipeg and twenty-five years in British Columbia. He was 68 years of age, and was born in Scotland.
Mr. Watson visited Prince Rupert several years ago and addressed local clubs. His widow is a sister of Mrs. William Cruickshank of this city. There is a son, Hugh, and daughter, Sheila. The family home is at Laguna Beach.

JUDGES HEAR JAP CLAIMS

Work of Royal Commission to be Speeded up, Mr. Justice Bird Discloses
LYTTON.—Hope that hearing of evidence before the Japanese Property Claims Commission will be completed by the end of June was voiced by Mr. Justice Henry I. Bird who is holding a session here now.
Earlier Mr. Justice Bird, a one-man commission hearing claims from Canada's Japanese that their property rights were violated during the Second World War, said that the hearings might last much longer.

THE WEATHER

Synopsis
A large area of high barometric pressures continues to dominate the weather situation over the province today. Skies are mostly clear in the interior. A blanket of low clouds has developed over southern coastal areas. Northern coastal areas are clear or partly cloudy but more moist air from the Pacific will cause overcast skies there tonight and Friday. Clouds kept the temperature from going below 33 degrees at Vancouver airport but, with clear skies at Cranbrook, the mercury slid to 6 below zero early this morning.
Forecast
Prince Rupert, Queen Charlottes and North Coast—Clear today, becoming overcast tonight. Intermittent rain tomorrow. Light winds increasing to southerly (25 m.p.h.) overnight. Little change in temperature. Lows tonight and highs tomorrow: Port Hardy 32 and 42, Massett 35 and 45, Prince Rupert 32 and 42.
Northern B.C.—Cloudy with snow flurries today and Friday. Light winds. Little change in temperature. Lows tonight and highs tomorrow at Telegraph Creek, 15 and 30.

SASKATCHEWAN STORM

REGINA.—Saskatchewan was digging itself out today after the worst snowstorm of the winter. It is zero weather and a 20-mile wind is blowing the snow into drifts. Hundreds of motor cars have been stalled.

Discovery of 1,000 'Lost' Houses Mean More Garbage Revenue

City Engineer C. B. Howe has "found" almost 1,000 residences which have been missing from the city garbage collection rolls since time immemorial. His discovery means that the City Treasurer's office will have more money to count each month.
Exactly how many residences will be added to the garbage collection list. City Engineer Howe does not know, nor does he expect to know until his new tabulation system has been in effect for at least a month but he believes it may be about 1,000.
The new system, which was outlined to city council last October, will go into effect within the next few days. Driver of the city garbage truck will be armed with route books containing more than 2,300 addresses and every can of garbage collected will be entered in the book.
The names and addresses stamped on each page of the route book were taken from the city's utilities list. The books contain what Mr. Howe believes to be a complete list of all the business buildings and homes in the city.
"The list I was originally given contained only 1,366 collection points," Mr. Howe said Wednesday. "Compare that with the new list and it is plain that a lot of people are going to start paying for their garbage collections who have not been paying before."
He estimates that with the current collection charge of 35 cents a can from each residence, the city stands to gain between \$4,000 and \$6,000 a year in revenue from the garbage department.

FUR AUCTION PRICES DOWN

The annual western Canadian fur auction held in Vancouver on Tuesday saw a marked lack of interest on the part of buyers with the "market on the whole not as keen as before," according to word received this morning by local fur buyers.
Only varieties which commanded strong prices were top-grade small fisher, and ermine, both of which were all sold. Poorer quality fisher remained unsold. The market in squirrel pelts remained about normal, with no decline in prices under previous levels.
Wild mink sold at prices about 10 per cent below the prices prevailing in the fall, while ranch mink brought such poor demand that the pelts were all bought back by the vendors.
The marten pelts offered were only about half sold.

1947 WAS GOOD YEAR FOR GYRO

Report of President Heard—New Officers to be Installed Next Week
Several successful projects marked 1947 activities of the Prince Rupert Gyro Club, said the annual report of the retiring president, C. G. Ham, which was presented to the club at its regular monthly business luncheon yesterday. Enthusiasm and energy of the club was sustained at a high level and Mr. Ham paid tribute to committees and members generally for their work and support.
Next Monday at an installation gathering, directed by Wilson Hunt, the district lieutenant governor from Penticon, 1948 officers, headed by President-Elect Orme Stuart, will take over direction of the club's affairs. A party at the Knights of Columbus Hall will mark the installation function.
Other club business took up the attention of the club at its meeting yesterday. A report on the recent Marie Balagno Lundquist piano recital disclosed the sum of \$661 cleared for the Civic Centre.

\$150,000,000 Offer Made For Labrador

ST. JOHN, N. B.—The Department of Natural Resources told the National Convention yesterday that it had received an offer of \$150,000,000 for Labrador's natural resources but it would not say who was behind the proposal.

AT A JAIL BREAK—Pickets, dressed in striped prison clothes, paraded in front of the White House, Washington, D.C., protesting that civil rights have not been restored to many conscientious objectors in the U.S. The pickets are members of the Committee for Amnesty, which contends that President Truman's recent pardon for objectors restored civil rights to only 10 per cent of those imprisoned. The White House guards ignored the pickets.

British Plane Over Palestine Seized Upon by Jewish Pilot

JERUSALEM (CP)—A plane, which British military officials said they believed to have been Jewish-leased, fired on a Royal Air Force reconnaissance craft today over Kfar Etzion in the mountainous area south of Jerusalem where Jews and Arabs were locked in a bloody 24-hour battle.

RESCUE IN ALUTIANS

Men from Two Drifting Boats Safe but Salvage Still Being Attempted
ATTLE.—The Coastguard cutter Cedar has radioed that she has evacuated 15 men who were aboard the small Juneau lighter Aleutian Mail, which ended earlier in the week in Unimak Pass, and would take to Sand Point, Alaska, on off island, 50 miles away. The Aleutian Mail, which had ended on Unimak Island Monday and then floated, was taken in tow. However, it went adrift and its personnel were reported in danger so were moved to the Cedar. The Cedar is to be relieved in further salvage attempts by the Navy tug Tacon.

BRIT MINE EARLY READY

Plant Ready to be Transported to Property
Next month it is expected the party of Torbit Silver Mines will start getting into production. There is waiting, at the present time, at Alice Arm, a plant mill with 300-ton daily put and other necessary equipment. This will be freighted into the mine over an 18-mile road.

Library and Youth

A DOMINION-WIDE survey conducted by the Canadian Youth Commission has produced the interesting information that reading ranks third among the recreational activities of Canadian young people. Talking ranks first and listening to the radio second.

The fact that reading ranks so high in the interest of the young people suggests the importance of spreading the influence and service of libraries to even greater numbers of young people, particularly in rural areas but also in the larger and smaller communities.

Primarily, of course, the requisite to these ends would be the expenditure of larger amounts of money by municipal, county, provincial and federal governmental bodies.

The objective is not necessarily merely the increasing of availability of good books and periodicals. There should be continuing efforts to make more interesting and attractive the libraries so they may assist and guide in the development of the library habit. The library might well become more and more a community centre.

WAR IS EXPENSIVE

WAR IS AN expensive business. Cost is constant before one starts, as well as after one ends. It is recorded that in the United States 18,188,000 are drawing pensions, and include men who served in the Civil War, Indian wars, Spanish-American War and the two World Wars. And what of the pension burden Britain bears? And Canada might well stand honorable mention.

GANDHI'S INFLUENCE

GANDHI IS FASTING again, and not only India waits and watches. The Mahatma's years are many and his influence is vast. This time, the man regarded as the spiritual leader of his nation, abstains from food when India is no longer under the rule of Britain. He is fasting, seeking in this and perhaps other ways, to heal and restore, to pacify and unite.

What is going on today in India can have a bearing on much of the Orient. Asia is unsettled and disturbed. Gandhi possesses a power—call it spiritual for want of a better understanding—but, whatever it is, the sway it exerts over millions of human beings is tremendous. Even stock exchanges close. For that reason, his fate has world interest.

DYING JOURNALISTIC SPECIES

WHEN R. C. EDWARDS died in Calgary, some years ago, it was thought he had no successor. But, there has just passed away in Missouri at the age of 84, Charles L. Blanton, whose Weekly Standard must have been a sort of American "Eye Opener." He spared no one's feelings. He invited no one to agree with him and were worried over no one to agree with him and never worried over the name of any person he did not like, capital letters were always omitted. This species of journalist has now become nigh extinct. And in a way, it's to be regretted. They were bold and they were honest and none had strings on them. They were apt to welcome, rather than shun, trouble. And it's a certainty they were never dull or prosy. Their views were exclusively their own.

CONRAD P.-T.A. HEARS TALK ON TERRACE SCHOOL

A talk by School Trustee Mrs. E. W. Becker on the feasibility of various proposed sites for a new junior-senior high school was the main part of the program at the monthly meeting of the Conrad Street Parent-Teachers' Association held in the school Tuesday night. Mrs. Becker analyzed all the suggested sites for the enlightenment of the members.

Plans for a card party in the school basement on January 23 and a white elephant sale on February 28 were discussed by the group.

Following the business meeting, the group was entertained by piano-accompanied music by Lloyd Stephens and later there was square dancing, directed by Miss Pat McRae.

At the conclusion of the program, lunch was served under supervision of Mrs. W. King.

KINSMEN NEED NEW MEMBERS

Next Provincial Convention May Be Held in City

Kinsmen's executive, at the first meeting of the new year considered the need for new members. Herb Young, chairman of the membership committee, pointed out to the members present that, in order to carry out the heavy summer program, it would be advisable to increase the present size of the club.

The possibility the next provincial convention of the Kinsmen Clubs might be held in Prince Rupert was considered and it was decided to table the matter until the next regular business meeting.

Stan Saville and George Dibb, reporting on the progress of plans for May 24, indicated that this year's project to raise funds for the Kinsmen's Kiddie Kamp at Lakelse Lake will be one of the most ambitious yet undertaken by the club and stated that full details will be laid before the club at the next business meeting.

Reminiscences and Reflections

By W.I.

One reads about the increasing number of sad-faced people in Vancouver despite the fact of being well-fed, well-clothed and well shod and, like as not, well-heeled. One man looked for 10 minutes on a busy street car and couldn't sight one cheerful face. Still, it does not follow you feel away down, even though it seems a fit of the blues has you by the throat. Up here in Prince Rupert, where every prospect pleases, we have been charged with looking heart-broken but certainly never felt that way. We have often been charged with being over-optimistic.

YOUR NEW DRIVING RESPONSIBILITIES

Public Safety and Financial Responsibility Amendments to the Motor Vehicle Act become effective March 1st, 1948. The purpose of the new legislation is to protect responsible motorists and pedestrians against irresponsible drivers—to bring to all who walk and drive the road a greater measure of safety.

1. There will be suspension of both the driver's license and the vehicle registration where there has been a failure to pay within 30 days a final judgment found by any court in Canada or the U.S.A. against the driver of a vehicle involved in an accident resulting in bodily injury, death or property damage exceeding \$25.
 - (c) driving without a license,
 - (d) criminal negligence,
 - (e) failing to remain at or immediately return to the scene of the accident, or failing to report an accident to the proper authorities,
2. The automobile will be impounded and the right to drive suspended where the driver fails to produce to the authorities immediately following any accident resulting in injury, death or property damage exceeding \$25:
 - (a) a card which will be supplied by the Motor Vehicle Department proving financial responsibility, or,
 - (b) a card to be supplied by Insurance Companies proving that the driver carries public liability and property damage insurance.
3. If the driver's license is suspended for either of the above reasons, the license will remain suspended and the vehicle impounded until:
 - (a) security is given for the damages estimated to have been caused, or,
 - (b) the damages are paid, and in addition,
 - (c) proof is supplied to the authorities of the offender's responsibility for future accidents.

If, after the lapse of a year, no claim for damages has been established nor any lawsuit in progress, the suspension will be lifted.
4. Where death, bodily injury or property damage exceeding \$25 results from an accident in which the driver is convicted of any of the following infractions of the Motor Vehicle Act:
 - (a) driving to the common danger,
 - (b) exceeding any prescribed speed limit,
5. Additional power is vested in the Superintendent of Motor Vehicles to suspend, at his discretion, the driver's license and the vehicle registration of a driver who fails to comply with any requirement of the Motor Vehicle Act or for any other reasonable cause.

Driving privileges in such cases will be restored when proof is given of financial responsibility for damages resulting from possible future accidents.

An appeal may be made to the County Court for reinstatement of driving privileges.
6. The manner in which a person may be required to prove his financial responsibility—his ability to pay for the injury he does others—is set out in detail in the legislation. The financial coverage afforded by most public liability and property damage insurance policies is normally sufficient. For those who do not carry insurance of this nature, security sufficient to satisfy a maximum judgment for damages arising out of a possible motor vehicle accident is required.
7. The legislation provides for reciprocal arrangements with other provinces and states. This safeguard forces visiting motorists to accept the same measure of responsibility as local drivers.
8. Where damages exceeding \$100 for personal injury or death arising out of a motor vehicle accident are awarded by any court in B.C. and the defendant is shown to be financially irresponsible and unable to pay the judgment damages, payment may be secured by the plaintiff from a public fund known as the Unsatisfied Judgment Fund.

You are asked to study carefully the summary of the provisions of the new law which appears above. This summary is in general terms and is not exhaustive. Complete co-operation by everyone is essential to make the Act work.

HORSE-PLAY NOW WHERE IL DUCE RANTE—When Il Duce ruled Italy, he banned festivities of all types, especially when students wanted to do a little horse play in college. Now that he has passed to the land of the unknown and not being missed, the Italian students come out in their antics anytime they please. Above is a typical scene of student "nuttness." They are cavorting in a baby carriage in front of the famous balcony where the former dictator harangued his Blackshirts, on the Piazza Venezia.

Seasonable Ideas for Housekeepers

GOOD TOAST CAN BE PUT TO MANY TASTY AND INTERESTING USES

The expression "warm as toast" means the acme of comfort. Unfortunately such perfection is not always attained in the toast served.

For good toast the bread should be given just enough heat to turn it golden brown, not a streaky black and white. Toast should be fresh and warm when served, to comply with that idea of complete contentment.

Toast is considered an integral part of the average breakfast. Probably there are two reasons for this, first is the ease of preparation, second is because of the warmth. Toast is just as acceptable at other meals as at breakfast.

Small amounts of fowl, fish, and meat or vegetables in cream sauce or tomato sauce, poured over slices of golden toast makes a delicious luncheon or supper dish. If the consistency of the creamed mixture is slightly thicker, toast fingers or points may be used as a garnish with good effect.

Home economists have many good ideas and recipes for dishes using toast.

A quick and toothsome pie may have a toast crust. Slices of bread cut in large triangles to simulate pieces of pie are buttered, sprinkled with sugar and spice and placed on top of canned fruit in a pie plate. The pie is baked in a hot oven 425 degrees F., for 20 minutes or until fruit is hot and bread is crisp and golden brown.

Tomato French Toast

- 2 eggs
- 1/2 teaspoon salt
- 1/4 teaspoon paprika
- 1/2 cup condensed tomato soup

- 6 slices of bread
- Chopped parsley
- Beat eggs until light, add salt, paprika and tomato soup, blending well. Cut crusts from bread and dip in tomato mixture. Fry slices in hot fat until golden brown. Serve piping hot. Garnish with chopped parsley. Six servings.

Mushroom Creole Eggs

- 3 hard-cooked eggs
- 3 tablespoons chopped onion
- 1 tablespoon fat
- 2 1/4 cups tomato juice (20-oz. can)
- 1 can mushroom soup (approx. 1 cup)
- 1/2 teaspoon celery salt
- 1/4 cup chopped green pickle
- 1/2 teaspoon Worcestershire sauce
- 1 tablespoon chopped pimiento
- 1/4 teaspoon paprika
- Salt and pepper

Cut eggs in quarter and arrange on toast. Brown onion in fat, add flour blending well. Add tomato juice and cook slowly 5 minutes. Add remaining ingredients and blend well. Pour sauce over eggs. Six servings.

Train Wreck, Dead Now 9

Fifty-five Injured In Ghastly Collision In Northern Quebec

MONTREAL (AP)—A Canadian National Railways spokesman said today that a new check of casualties in yesterday's train wreck near Parent showed the number of dead nine—one employee and eight passengers.

"The line is now being cleared and that is the official toll,"

the spokesman said, adding that this new check indicated that earlier reports that the death toll might be higher were unfounded.

The official list, as issued by the Canadian National Railways, of the casualties of the collision, which occurred at the little flag station of Wykes, near Parent, included fifty-five injured. Reports filtering through from the scene indicate that three of these were severely hurt and they are being flown to Quebec City.

The collision occurred at 6:05 yesterday morning in Quebec's bleak northland 250 miles north-west of Quebec on the Canadian National's transcontinental line.

Witnesses said that the weather was overcast when the crack express plowed into the rear of a local which was stalled on a curve. The steel sleeper at the rear of the stalled train telescoped into the car ahead. All the dead were, apparently, passengers in that coach.

The local, No. 11, was bound from Quebec to Cochrane and was already an hour-and-a-half late when it pulled to a stop on the curve at Wykes while the express train was running only ten minutes behind schedule.

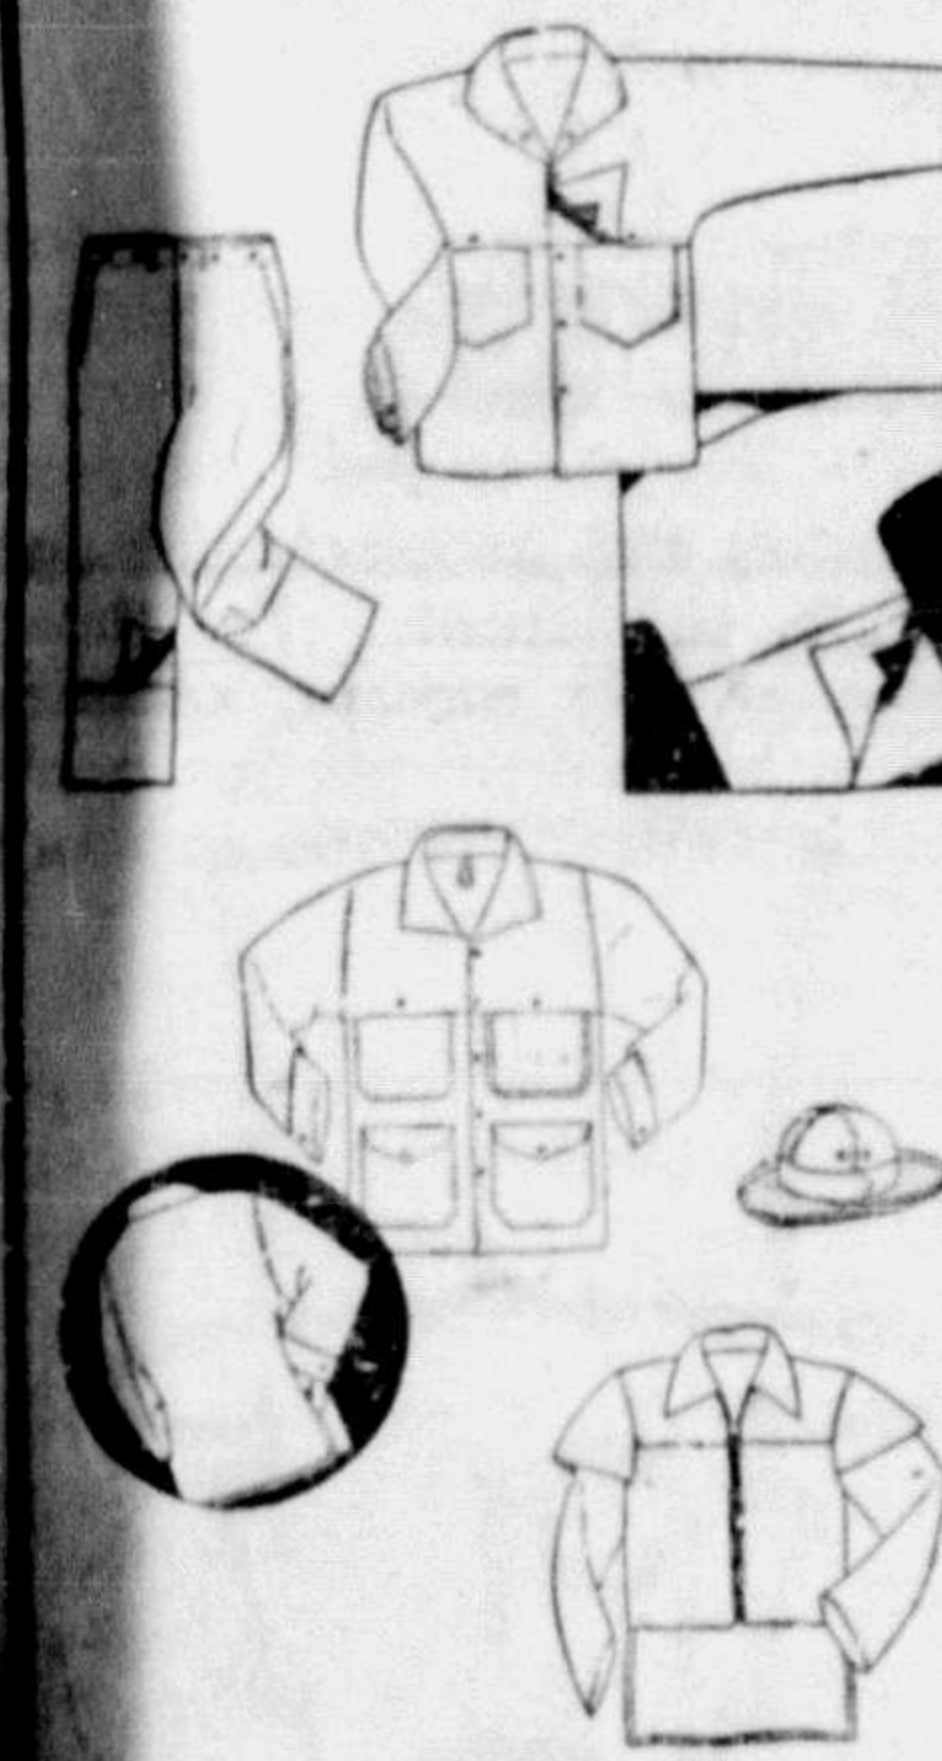

Apparently, the local had de-

veloped locomotive trouble and Signalman Marcel Paulin went back to place a warning torpedo on the track ahead of the curve. Before he could do so the express roared down the line and crashed into the stalled train. The temperature was 35 below zero.

Railway Collision In Southern State

NASHVILLE, Tennessee (AP)—Three persons were reported slightly hurt when the Humming Bird, fast northbound Louisville - Nashville passenger train, crashed into the rear end of a freight near Wales, Tennessee, south of here at midnight. The locomotive and five cars were derailed.

SOLVE YOUR MENU PROBLEMS with These DAILY APPLE DISHES

JUICY MCINTOSH RED APPLES from the OKANAGAN VALLEY offer opportunities for tasty, tempting dishes. APPLE SALADS - APPLE PUDDINGS - APPLE SAUCE BAKED APPLES Let these recipes remind you of the many delicious ways in which APPLES can be used in salads and desserts.

MONDAY Apple Crisp
YIELDS SIX SERVINGS
6-8 McIntosh Apples 1/4 cup flour
1/4 cup brown sugar 1/4 teaspoon salt
1/4 cup butter.
Combine 1/2 cup sugar with flour and salt. Work in butter with finger tips until crumbly. Wash and peel apples, slice thinly. Place in buttered baking dish, sprinkle with 1/4 cup sugar. Add cinnamon, if desired. Spread crumbly mixture over apples and pat smooth. Bake in moderate oven (375° F.) for 30 to 40 minutes, until apples are tender and crust is crisp and lightly browned. Serve warm with cream.

Okanagan Salad
YIELDS SIX SERVINGS
6 McIntosh Apples
1/2-3/4 cup salad dressing
1/4-1/2 cup chopped walnuts.
Wash and quarter apples. Dice without peeling. Toss with salad dressing to prevent discoloration. Arrange in a salad bowl or on individual plates. Garnish with chopped walnuts.

Apple Rings
Wash and core 3 McIntosh Apples. Cut in 1/2 inch slices. Melt 2 to 3 tablespoons shortening or dripping in a pan and add apple rings. Cook on one side until tender, then turn. Sprinkle cooked side with sugar, cover pan, and continue cooking over low heat until a nice glaze forms on top of the rings, and apples are cooked through.

TUESDAY Apple Pandowdy
YIELDS SIX SERVINGS
Place layers of thinly sliced peeled McIntosh Apples in a greased baking dish. Sprinkle each layer with sugar and cinnamon. Dot with butter. When dish is filled, cover with a baking powder biscuit dough. Make several slashes to permit escape of steam. Bake in hot oven, 30 to 40 minutes, or until crust is done and apples are tender. Serve hot or cold with a custard sauce.

THURSDAY Apple, Carrot and Raisin Salad
YIELDS SIX SERVINGS
3 McIntosh Apples 1/2 cup raisins
1/2 cup carrot strips 1/2 cup salad dressing.
Wash and cut unpeeled apples into small dice. Add carrot strips. Toss together lightly with salad dressing and raisins. Arrange in salad bowl and serve with as little delay as possible.

WEDNESDAY Apple Pie
4-6 McIntosh Apples 1/4 teaspoon salt
1/4 cup sugar (white or brown) Pastry for 2 crusts
1 tablespoon butter.
Make pastry. Roll out 1/2 for bottom crust. Line a deep pie pan. Chill pastry. Wash, peel and slice apples. Add sugar, salt and cinnamon. Mix well. Place apples over pastry. Roll out top crust and cut a few slits to allow steam to escape. Moisten edge of bottom crust with water. Place top crust over apples. Trim edges, leaving 1/2 inch for overhang. Tuck this edge in between under-crust and pan. Crimp or flute edges to prevent overflow of syrup. Bake at 400° F. for 10 minutes. Reduce heat to 350° F. and continue baking until apples are tender, 25 to 30 minutes.

FRIDAY Steamed Apple Pudding
YIELDS FIVE SERVINGS
6 McIntosh Apples 2 teaspoons baking powder
1/2 cup sugar 1/2 teaspoon salt
1 cup flour 2 tablespoons butter
1/2 cup milk
Wash, peel and slice apples. Add sugar. Place in buttered baking dish. Mix other ingredients as for tea biscuit. Spread over apples. Steam 35 minutes. Turn on a hot plate so that apples are on top. Serve with cream.

... and for SUNDAY serve BAKED APPLES

SATURDAY Apple Sauce
8-10 McIntosh Apples Sugar to taste.
Wash and cut apples into quarters but do not peel. Place in saucepan and add a little water. (January apples will require more water than October apples.) Cover tightly. Steam until tender. Put apple sauce through a strainer and return to saucepan. Add sugar to taste and boil for 3 minutes longer. Chill and serve. Apple sauce is ideal for week-end use. If kept covered in the ice-box, it does not dry out or lose its flavor.

BAKED APPLES
Wash and core McIntosh apples. Remove a thin strip of peeling from centre of apple. Place apples in baking dish, allowing an inch between apples. Add from 1 teaspoon to 1 tablespoon of brown sugar in each cavity. Add water to cover bottom of dish. Bake in moderate oven (350° F. to 375° F.). Baked apples may be varied by filling centres with raisins, honey, corn syrup or dates.

DAVID MILNE LAID AT REST

The funeral of David Milne, well known local citizen, who passed away in this city after suffering from ill-health for a considerable time, was held on Tuesday afternoon. The service was conducted by Rev. Alan McColl, pastor of First Presbyterian Church, in Grenville Court Chapel, Fraser Street. The congregation filled the chapel and Mr. McColl spoke in an impressive and appropriate manner. Mr. Milne, who was born in Newhaven, Scotland had lived here for a good many years. The pallbearers were Peter Williams, Alex Harvey, William Sullivan, Frank McGowan, Norman McLeod and Clarence Baple. Special reference was made by Mr. McColl to the many who were present to pay their last respects to the memory of deceased.

Modern Etiquette

By ROBERTA LEE

Q. When making a social call and you find your hostess just ready to leave her home, what should you do?
A. Enter her home, if the hostess insists, but do not stay longer than ten minutes.
Q. Is it considered improper to add a postscript to a social letter?
A. There is nothing improper about it, but it is far better to include everything in the body of the letter.
Q. Should a girl light a man's cigarette for him?
A. If she has just lighted her own and the match is still burning, it is all right. Otherwise he should always light hers.

NIGHT CLASSES IN NAVIGATION ARE CANCELLED

Night School Classes in navigation which were proposed to be held here this winter have been postponed due to the lateness of the season, but they probably will be opened next fall, according to School Board Secretary Mrs. W. M. Roper. In pre-war years, the classes were directed by Capt. J. R. Elfert, local harbor master, under sponsorship of the federal Department of Transport. Now, however, they have been turned over to the Provincial Department of Education. Main reason for postponing the course is that, if it were started now, it would run well into the early part of the fishing season and fishermen would be unable to complete the four-month training. Capt. Elfert approached the Department of Transport with regard to holding a navigation course several weeks ago but was informed that the course now is being conducted by the Provincial Department of Education. By the time negotiations were completed, the season was so far along that it was impractical to hold the course. About 20 fishermen had shown an interest in the fourth-month course.

1947 ENDS UNHAPPILY FOR 70 EDMONTON RESIDENTS—Seventy Edmonton, Alta., residents watched their belongings and all possessions, save what they were wearing, go up in smoke as fire destroyed the Fairview Hotel, North Edmonton, Alta. About \$50,000 damage was suffered as the three-storey building burned to the ground. It is considered almost a total loss. No one was injured in the fire, although there were many narrow escapes. Cause of the fire was not known. Firemen can be seen battling flames as residents watch.

KITKATLA GIRL IS PRETTY BRIDE

A pretty wedding united a well known native couple took place one evening at the end of last week in St. Andrew's Anglican Cathedral when Rev. Basil S. Prockter, the rector, united in marriage Miss Rhoda Spencer, daughter of Mr. and Mrs. James Spencer of Kitkatla, and Emsley Mark Faithful, son of Mr. and Mrs. Mark Faithful of Port Simpson. With Mr. and Mrs. Wilfrid Jackson as witnessing parties of the rite, there were four bridesmaids and as many groomsmen, the latter being led by Russell Gamble, one of the chiefs of Kitkatla village and son of the late Edward Gamble.

PLAN BOXING, TRACK MEETS THIS SPRING

Big things are afoot for boxing and track sport this spring and summer, according to plans being developed by the Canadian Legion Athletic Club. Opening of the Civic Centre boxing room has inspired plans for an

international competition between a team of local boxers and young fighters from Ketchikan.

James Nicoll, president of the Legion Athletic Club, tells of a recent talk with Harold Blanton, Ketchikan sports promoter, from which arose the idea of a group of young Ketchikan boxers meeting a local team here—probably in March.

The track project is one that is being developed by the Athletic Club in the hope of de-

veloping a Northern B.C. championship competition which will include school athletes from Prince Rupert, Smithers, Terrace, Ketchikan, and the native villages along the coast. Suggested date is July 1.

To get both projects under way, two meetings will be held at the Civic Centre Friday evening. The first has been called to interest young boxers in training to qualify for the team which will meet the Ketchikan lads. The second will be between the Athletic Club officers and principals of the various city schools to lay plans for the field and track meet.

The boxing teams will be trained by Len Hitchens and Bill Thornton, all three of whom know plenty about the game. In addition, A. Van Meer, who is a competent wrestler, plans to seek recruits for a wrestling class which will provide preliminary performers for a professional wrestling bout which is planned for March. Van Meer is looking for about a half-dozen wrestling trainees.

So far, it is not known what the reaction will be to a field and track meet on July 1 but the Legion athletic officials think the idea a good one and will present it to the school principals tomorrow night.

OMINECA SKI MEET SET FOR FEBRUARY 22

BURNS LAKE—The annual meet of the Omineca Ski Club will be held here on February 22 and 23 and members are laying groundwork to make it the best in the club's history. This season has seen a great amount of activity on the slopes in the district.

The giant downhill run from the lookout on Boer Mountain to Kegler Lake has been completed after a considerable amount of volunteer work and now the club has a course a mile and a half long which has an elevation drop of 1,225 feet.

Club members also have been busy repairing the ski tow and slalom hill and every Sunday afternoon preliminary tournaments are held to select skiers to represent the club at outside meets.

A small jump has also been erected and the Sunday afternoons are high points of interest during which ski enthusiasts can watch or take part in races and exhibition jumps. The club provides coffee for spectators and participants.

EXPENSIVE BEASTIES

The housefly is estimated to cause \$65,000,000 damage annually and the clothes moth, \$23,000,000.

NEW CLINIC IS OPENED

Dr. C. H. Hankinson Has Rotary Club Members and Others as Guests

Members of the Prince Rupert Rotary Club were among the guests this afternoon of Dr. C. H. Hankinson when the formal opening took place of his new office clinic on Second Avenue near the Civic Centre. Much interest was taken in the inspection of the modern and well-equipped new premises and the genial doctor was a perfect host as he celebrated not only the opening of the office, but the

eighteenth anniversary of his opening up practice in Prince Rupert.

The visitors found modern medical functional equipment combined with comfortable and attractive furnishings and design in the new establishment. Design was by the doctor's son, E. L. Hankinson, who is taking his third year in architecture at the University of Manitoba. The building contract was carried out by the Northwest Construction Co.

FUNERAL OF MRS. MILTON

SKEENA CROSSING—Funeral services for the late Mrs. Fanny Milton, elderly local woman who died on January 8 at Wrinch Memorial Hospital, Hazelton, were held here recently. She was buried in the Kitsegucla cemetery. The final rites were conducted by Brigadier J. T. Giltingham, Salvation Army divisional commander.

Mrs. Milton is survived by a sister, Chief Martha Brown, and two sons, George H. Milton and William D. Milton, and three grandchildren.

Pallbearers were leading chiefs from Kitwancool, Kitwanga and Kitsegucla. The Kitsegucla Band led the funeral procession to the cemetery. Floral tributes were received from many residents of Skeena Crossing, Kitwancool and Kitwanga.

MUSEUM BOARD ANNUAL MEET FEBRUARY 17

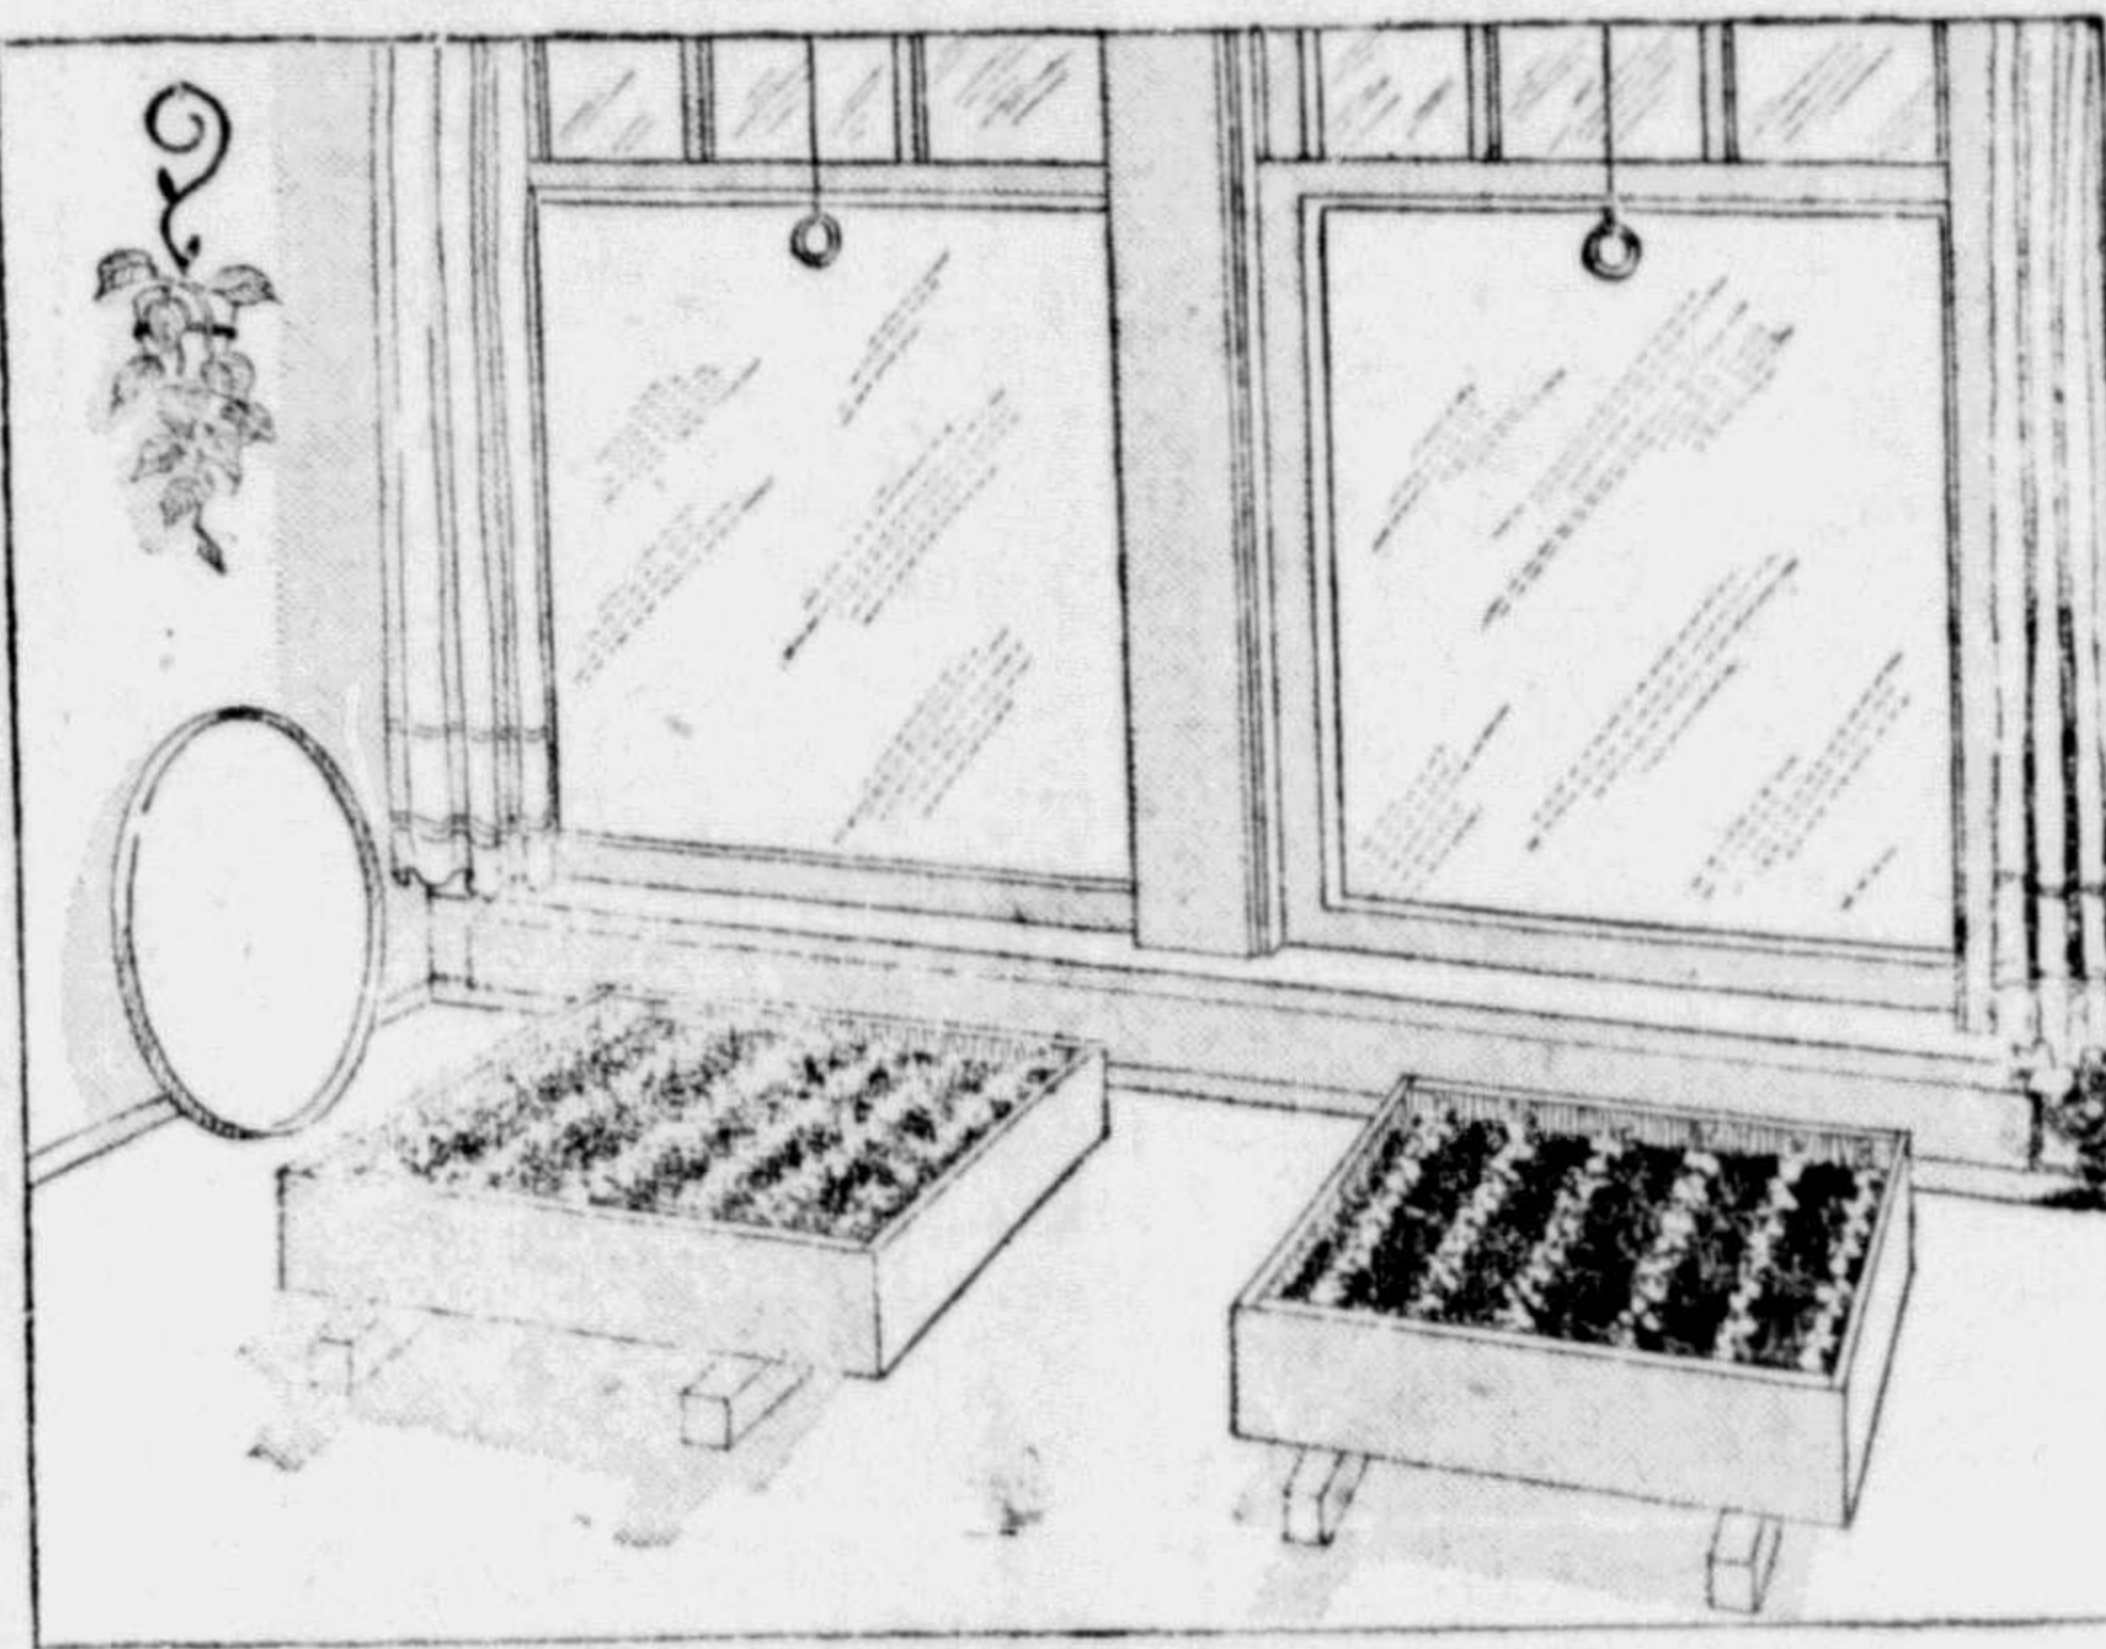

Prince Rupert's museum of Northern British Columbia was visited by 200 people during its first post-war season from June to September, 1947. Secretary J. C. Gilker reported to a meeting of the museum board Tuesday night. Signatures on the visitors' book showed addresses as far away as Britain and the British West Indies as well as all parts of the United States and Canada.

Annual meeting of the board was set for February 17 in the Civic Centre when new officers—president, vice-president, secretary and treasurer and six directors—will be elected.

Rehabilitation of the museum building added greatly to the expenses of the board last year.

GARDEN 'NOTEBOOK'

LAMPS HELP WINTER SUN MAKE PLANTS GROW INDOORS

Place the Seed Box in the Sunniest Window

When seeds are started in the home, the factor most likely to

limit their growth is light. As soon as sprouts emerge from the soil, the seed box should be placed where they will get all the sunlight possible.

Even a day's delay may result in the plants growing tall and "spindly," bending toward whatever light may reach them, seeking for more. When light is adequate, the plants will grow fairly straight and stocky, which is to be desired.

The sunlight which comes through window glass is satisfactory for plants, if there is enough of it. A window on the south side is always best, since it enjoys more hours of direct sun, and the strongest light even on cloudy days.

It is practical to supplement sunlight with artificial light and this method is commonly practiced by florists, who are able to make chrysanthemums flower in any month desired by controlling the amount of light that reaches them.

Fluorescent lamps, which have high light value with low temperatures, may be placed a foot above the seed box. At this distance, with 40-watt tubes in a reflector, 15 hours of light a day is sufficient to grow healthy seedlings, without any other daylight. As a supplement to daylight, burning the light all night should be sufficient.

Ordinary Mazda lamps can be used but these must be placed at a sufficient distance above flats to avoid raising the temperature unduly. Place them as close to the flat as possible, so long as the night temperature does not rise above 60 degrees. By leaving the lights on all night a substantial addition to the available sunlight will be provided.

SHIPS AND WATERFRONT

The west coast is to have a new Salvage King. The former tugboat of that name was sunk by a torpedo during the war. The new Salvage King will be 164 feet long with breadth of 33 feet 3 inches and a depth of 19 feet, 1 inch. Her speed will be 14 knots and the fuel capacity allows for a steaming radius of 7,000 miles. She is to be built of wood with steel superstructure.

There will be a complement of 60 officers and men.

The S.S. George Washington will be plying between Alaska and Seattle this summer. It will be her first appearance on the west coast. She is a vessel of 5184 tons and has a capacity of 250 passengers. The George Washington, bought from the United States Maritime Commission, is double turbine and was built at Newport News, Her first run was between New York and Bermuda. The service to be given is said to be attracting a good deal of interest in west coast shipping circles.

SNOWFALL CLAIMS ANOTHER VICTIM—The lifeless body of Charles Caifa, 57 is shown inside the driver's cab of a truck as it was lifted out of the water after plunging backwards off the edge of a pier while dumping a load of snow. Caifa, trapped inside the cab, was unable to escape as the truck sank beneath 20 feet of water.
