WERE, NEVER WILL BE GOODY" CITY SAYS CASEY

Casey's liquor laws and the city's boot-licking came in for some harsh criticism from last night as the aldermen tried to devise a bill which would be fair to those convicted of infractions and, at the same time, uphold the law.

Therefore, the right to retract will be with due cause." The police committee's report was approved.

Privy Council Appeal Is Out

E. T. Applewhaite Has His Say as Ottawa Has One-Man Filibuster

OTTAWA (CP)—A one-man filibuster by Thomas L. Church, Progressive-Conservative member for Toronto-Broadview, held up for a time yesterday, Parliament's third reading of the bill to abolish appeals to the Privy Council which was finally passed without recorded division. The bill would make the Supreme Court the final court of appeal for Canada.

Church fought for supper adjournment of the House, getting the help of Prime Minister St. Laurent who said he wished the member to be satisfied.

Church's argument threw the House into a tangle of legal wits over whether the House should give third reading today.

At the voting only Mr. Church voted disapproval after the Speaker had ruled that the question should be cleared up today regarding the third reading.

Church declared that an attempt was being made to break ties with the British Empire.

E. T. Applewhaite, Skeena, said that, as a Canadian, he wished to protest any suggestion that Canada was trying to sell out of the Commonwealth.

GAME HANDY—

Accommodating Moose Shot At New Hazelton Station

Usually, a moose is shot while rambling in the woods or swamps instead of while loafing around a railway station.

But the latter is exactly what happened at New Hazelton last Saturday morning. During the night, a good-sized bull, wearing eight-point antlers, came out from the surrounding hills and, when first sighted, was standing near the water tank, barely a thousand feet from the station building and handy to homes. The time was around eight o'clock and the morning was gusty and wet.

It so happened that a man carrying a rifle but hardly expecting to see any game so near his own fireside, is Bill Holmes of Usk, for some time living at New Hazelton and employed as a miner. Mr. Holmes was just starting out on what he hoped would be a successful hunting trip when he noticed something that gave him the surprise of his life.

In the name of firearms and dining car tickets what was a moose doing right in town—and at a railway station of all places? Well, there was no sense in just staring and guessing! Holmes up and fired, dropping the venison, practically in its tracks. Everything worked with

PROMISE FULFILLED—A hearty welcome was accorded Foreign Secretary Ernest Bevin of the United Kingdom on his arrival at Ottawa to fulfil a promise to visit Canada. Among those on hand to greet the 69-year-old trades-unionist-turned-statesman and his wife was "dear old friend" former Prime Minister Mackenzie King. Left to right, are: Mr. King; Sir Alexander Clutterbuck, U.K. high commissioner to Canada; Hon. Brooke Claxton, acting external affairs minister, Mr. and Mrs. Bevin. (C. P. Photo)

Three sudden deaths from natural causes at central interior points are reported today to divisional headquarters of the provincial police here by the Smithers district office.

William Henry Cook, old age pensioner at Sreatnam in the Ootsa Lake district, was found dead in his cabin on Sunday. Coroner White conducted an inquiry.

Carl Russell, aged Indian, was found dead beside his cabin at Kitwanga Monday. Coroner Drake satisfied himself that death was due to natural causes. Mrs. Edith Wright, aged 78, also an old age pensioner, was found dead outside her cabin at Smithers Sunday.

MONTREAL CONVICT SLAIN

MONTREAL—A 19-year-old escaped convict was shot and killed by an off-duty constable early today as he and two other escaped prisoners were trying to break into a private home in the north-eastern section of the city. Police identified the youth as Jean Charles Labrosse who was killed as he attempted to frighten an officer with a piece of metal.

WAS SHE MURDERED?

VANCOUVER—The possibility of murder is seen in the death of the decomposed body of an apparent young woman which was found in the water off West Vancouver at the week-end. Police announce that there has been no positive identification as yet although a newspaper said that it was the body of a woman who had been missing for a month.

TO ASSIGN WORKERS

LONDON—Sir Stafford Cripps, Chancellor of the Exchequer, served notice on British workers today that some of them may have to give up their present jobs and go to work in the "dollar-earning" industries. There could be no guarantee, he said, that people would be allowed to remain in their present jobs. During the war the government reserved the right to direct British working men and women into jobs where they were most needed. It still had the authority to do so.

EARLY ELECTION UNLIKELY

LONDON—The possibility of an early election dimmed today and there are increasing signs that Prime Minister Attlee's government may wait until next spring before calling for a vote. Attlee is to see Foreign Secretary Ernest Bevin tonight on the election question.

PASSENGERS NOT AROUSED

TORONTO—First Officer Woods told the Noronic inquiry today that no members of the crew of the ill-fated lake vessel had been required to arouse passengers in the event of fire in report. He said that no instructions had been issued by him to arouse the passengers.

APPOINTMENT CRITICIZED

OTTAWA—Donald Fleming, Progressive-Conservative, Toronto-Eglinton, yesterday protested the appointment of Donald Gordon as new chairman and president of the Canadian National Railways on the grounds that he had no experience in railway affairs. He declared that it was a "shameful violation" of principles of promotion within an organization.

"AD" BUILDING REPORT FILED

A report of an interview with Col. A. W. Sparling, head of War Assets Corporation in Western Canada, regarding the feasibility of purchasing the former American army administration hall for civic purposes was ordered filed by Mayor Arnold, Tuesday night after it had been read to council by Finance Chairman T. B. Black.

The report arose out of a motion last month by Alderman H. S. Whalen and the city investigate the feasibility of using the building for a city hall and fire hall.

"Col. Sparling implied that our suggested offer of \$5,000 could not be entertained and although he had no authority to set a price, any acceptable offer would be considerably higher," Mr. Black stated.

"The committee feel that the price would not be less than \$40,000 to \$50,000, exclusive of land. Cost of repair can only be determined by a proper survey, dependent on the use the building is put to. The committee feel that the minimum cost for alterations and repair would not be less than \$50,000 and could reach \$200,000."

THE WEATHER

The disturbance in the Gulf of Alaska appears to be weakening this morning and is likely to affect only the north coast of the province. Occasional light rain is expected to occur in that area tonight.

Forecast: North Coast Region—Cloudy today. Overcast with occasional light rain tonight. Cloudy Thursday. Little change in temperature. Government Flees From Canton Into Far Away Chungking

HONG KONG (CP)—Nationalist defences in South China crumbled today before fast-moving Communist armies. Red elements are reported within thirty-five miles of the tottering provisional capital of Canton. The government has fled to Chungking, far in the interior. Thousands of evacuees are jamming Hong Kong.

There has been no sign of resistance from five Nationalist Sea and air travel from Hong Kong to Canton has been cancelled.

Among those in flight from Canton to Hong Kong are some foreign diplomats. The British consul-general and his staff, however, are remaining in Canton and will stay "no matter what happens." The city remains calm.

Ships, Plane Join in Search for Missing Metlakatla Fisherman

An air and sea search by a Department of Fisheries patrol boat and aircraft was under way today for a Metlakatla fisherman believed to be adrift after the engine of his gillnet boat broke down in stormy Hecate Strait on Monday.

Object of the search is a man said to be George Powell, 36 year old Metlakatla man, whose boat, the Rowena, broke adrift while being towed by another gillnet boat in the area off White Rocks on the northwest tip of aBnks Island. Name of the trolling boat which had been towing the Rowena was not given, but the operator was said to be a man named Tait. Radio interference made it impossible for Fisheries Department officials here to ascertain the names properly.

Word of Powell's plight became known here yesterday when the Fisheries Protection vessel Kitimaat, Capt. Charles Earnshaw, broadcast that it was seeking the missing boat. One report said that the Kitimaat had sighted it, then lost it, but there was no confirmation of this.

Department of Fisheries planes and allied services. The Rowena is owned by John Auckland of Metlakatla. A report said that there were between 30 and 40 small boats travelling together when the gale struck on Monday, but others made shore safely.

### New C.N.R. Chief

APPOINTMENT of Donald Gordon as chairman and president of the Canadian National Railway comes as a surprise—"a bolt from the blue" in the words of one local official on being advised of the choice.

Forty-seven years of age, Mr. Gordon, in the first place, will bring youth to the position. It is the first time that one so young has headed Canada's great railway system.

Mr. Gordon, as may also be anticipated, will bring sound and strong business administration to the railway. He is already noted for his acumen as a financier.

Whether or not soundness will be allowed to cramp the railway as an instrument of national development remains to be seen.

There were some who had anticipated that the mantle of Mr. Vaughan might have fallen to one of two vice-presidents, either N. B. Walton or M. A. Metcalf. Quite possibly the matter of age had a bearing on the choice. In any case, it will not now be necessary to make a change in a few years.

Friends of Mr. Vaughan will wish him health and happiness in his years of retirement. He was well known in Prince Rupert through regular visits here and, no doubt, had the interests of this port and line at heart and watched its progress with sympathetic interest.

### NORWEGIAN ELECTION

SINCE WE HAVE such a large representation of native-born or second generation Norwegians in our population here, the result of the national election in that country was of more than usual interest in Prince Rupert.

The moderate Laborite government in Norway had, from all accounts, been doing a good job, and its return by an increased majority was not unexpected.

The anti-Red leadership of Prime Minister Einar Gerharden is justified in interpreting the results, still subject to final count, as an endorsement of Norway's signing of the Atlantic Pact. The Communists had bitterly assailed this step and they were the ones who suffered the most at the polls.

### FRANK PAYNE

FRANCIS FREEMAN PAYNE, publisher of the Nelson Daily News, to whom death came suddenly on Monday at Halifax where he had gone to attend meetings of the Canadian Daily Newspapers Association and Canadian Press with which he had been prominently identified for many years, was a quiet gentle-mannered man whose newspaper career was woven deeply into the life of the southern interior British Columbia city. His passing will be deeply deplored by newspapermen throughout the Dominion among whom he was so widely known and highly esteemed.

Payne started his lengthy newspaper career in London, England, with the magazine John Bull. He came to Nelson nearly forty years ago and, at the time of his death, besides being interested in the Nelson News, was owner of the Nelson radio station CKLN and member of the board of directors of the nearby Trail Times newspaper.

Mr. and Mrs. G.H. Seaman and William McKay returned last child are leaving this week for week-end from a holiday visit Terrace to take up residence, to Winnipeg, his former home until recently a member of the city, seeing relatives and many Daily News staff, Mr. Seaman is old friends and having a thoroughly enjoyable time.

### WOMAN HURT IN TRAFFIC MISHAP

A city woman, Mrs. R. R. Christianson, was taken to hospital last night suffering from a fractured rib, a fractured leg and bruises as a result of being struck by an automobile on Second Avenue, near the Park Avenue intersection. The accident was the second of two over the Thanksgiving week-end.

Mrs. Christianson, whose condition this morning was reported as "good," was struck by a car driven by A. E. Smith who was travelling west on Second Avenue. Mrs. Christianson was walking in the same direction when struck.

Smith said that rain and darkness impaired visibility. The accident occurred at 10:15 p.m. Saturday night, William Stewart, an employee of Campbell Bennett Construction Co., was charged with failing to return to the scene of an accident following the collision between a truck and a car at the intersection of Sixth Avenue East and Hays Cove Circle.

### Pioneers And Grand Lead

Week's Activity in City Bowling Leagues

A lot of bowling has taken place at the Prince Rupert Bowling Alleys during the past week, with both the Mixed and Men's Five Pin leagues in action twice, Men's league on Mondays and Fridays and Mixed on Wednesdays and Sundays.

Manson's Pioneers, Grand Cafe and Brownwoods are hitting the majority of the pins and are the pace for the rest of the teams, although all teams are showing a marked improvement.

The old reliables are still coming through with high scoring honors. C. Erickson of the Pioneers produced high Men's single on Sunday with a 266 to aid the Pioneers in their move to top spot in the Mixed League. Jack Paul had high men's 3-game total with 670 and Manson's ended second best with 11 points. A. Holkestad of Noble & Wick had high ladies' single and total 3-game scores of 231 and 627. However, Noble & Wick were unable to win any points in their match.

In Men's Five Pin Bowling Sunday night, H. Price of Grand Cafe, bowled high single and 3-

game total with scores of 276 and 670. The Grand Cafe were held to two points, by the Crescents placing them within easy distance of Manson's Brownwoods and Home Oil who still have a game advantage over the Grand Cafe. In Friday night's Men's Five Pin Bowling, Len Garner with the Oddfellows, bowled 263 for high single and Ian Dunbar of Manson's 671 for three-game total.

### What City Council Did

Granted the Kinsmen Club permission to sponsor a sale of peanuts and Halloween Shell-out tickets on city streets on October 29

Adopted a finance committee report authorizing the sale of lots 18 and 19, block 24, section 7, Sixth Avenue East, to Thelma McLean for \$300.

Referred to the City Engineer an application by Island City Builders' Supplies for a quantity of asphalt to pave the area in front of the company's premises on McBride Street.

Approved a board of works report that the city engineer has been instructed to build guard rails at the corner of McBride Street and Seventh Avenue and on Hays Cove Circle from Eighth Avenue East to Sixth Avenue East.

Approved a request from the Prince Rupert Hotel that the portion of Sixth Street in front of the hotel be paved but that the hotel be asked to assist in the cost of any drainage that might be necessary. Cost of the work was estimated by the City Engineer at about \$450.

Adopted a utilities committee report authorizing the appointment of Eric James as acting Wire Chief.

Rescinded a motion passed at the September 26 meeting allocating 100 feet of parking space on North Street between Third Avenue and the intersection between Second and Third Avenues to Watson Island Stage Ltd. because it was found not acceptable to the applicant. The application had been originally made to provide a passenger loading zone for the stage company.

A suggestion by the Prince Rupert Junior Chamber of Commerce that the teen-age students of the city be allowed to take over key civic and business positions as part of a "Future Citizens' Day" project was referred to the discretion of the Mayor and City Clerk by city council last night.

Adopted after final reading the school bylaw authorizing the city to borrow some \$329,000 as the city's share of the cost of new schools to provide a new unit for Booth High School and a replacement for King Edward elementary school.

### DISTRICT SCHOOL District School Attendance Shows Substantial Increase

Prince Rupert's public school population was more than 100 greater in September than it was in September, 1948, reports of principals submitted to Friday night's meeting of the School Board revealed.

Total listed in the four city schools was 1,261 last month, while in September, 1948, enrolment for the month was 1,155. Rural school enrolment in the district last month was 356, also an increase of more than 100 over last year.

Admission of the former Indian schools at Port Essington and Port Edward into the provincial school system and their administration by the district School Board is responsible for the registered rural increase.

A flood of beginners in the city schools was responsible for the increase enrolment in the city. For that reason, the Board last night reaffirmed its policy of not admitting children who will not reach the age of six on or before November 30 to enter primary classes. An application in behalf of one child who will reach the age of six shortly after November 30 was turned down by the board.

Board members felt that they could make no exceptions since there are a number of children in the same position and if they were admitted it would add to the already seriously crowded conditions in the primary grades. Report of Principal Allan M. Hurst showed 458 attending

Booth High School, with an attendance percentage of 91.

King Edward elementary school had an enrolment of 315 and a percentage attendance for the month of 90. Principal R. G. Moore's report stated.

At Conrad Street elementary school, the enrolment was 247 and the attendance percentage 94, according to Principal T. G. Bateman.

Borden Street elementary school's enrolment was 241 and attendance averaged 93 percent, Principal J. S. Wilson reported.

A few children at King Edward and Conrad had measles, but the outbreak had not reached epidemic proportions, the principals said.

In rural area, Port Essington school had 50 pupils, Port Edward 77, Digby Island 17 and Port Simpson 12, the teachers reported.

Miss Elizabeth Holmes of Victoria, arrived in the city today on the Prince George to take the position of dietician at Prince Rupert General Hospital.

**SLIGHT DECLINE**—Canada's cost-of-living index dropped a half point during August to 162.3 as on Sept. 1, the Dominion Bureau of Statistics announced Wednesday. The decline from 162.8 was due principally to lower food prices. The top graph shows the trend of Canada's cost of living from 1936 to 1946. The bottom graph indicates the trend of living costs since then. (C. P. Photo)

### GORDON IS

announcement to make concerning the office of chairman of the Board of Directors and that of President of the Canadian National Railways. R. C. Vaughan, who has been president since 1941 and chairman of the Board of the Canadian National Railways since 1942, reached the normal retiring age in December, 1948, but, at the request of the Board of Directors and with the approval of the government, consented to remain in office until such time as a successor was appointed. It is with deep regret that I announce to the House the retirement of Mr. Vaughan from the post of Chairman of the Board and President of the Canadian National Railways to take effect on January 1, 1950.

Mr. Vaughan, when he retires at the end of this year, will terminate a career entirely devoted to transportation. He will have completed 51 years of service having been successively with Canadian Pacific, the Grand Trunk Railway, the Canadian Northern Railway and the Canadian National Railways. His first official appointment was in 1910 as assistant to the vice-president and general manager of the Canadian Northern Railway. He became vice-president in charge of purchases and stores and steamships of the Canadian National in 1920. He was appointed president of the C.N.R. in 1941 and chairman of the Board in 1942 at a time when

the Canadian National along with the other railways in Canada was called upon to transport men and materials in quantities unheard of before in the history of our railway transportation system. This House will agree with me when I say that our national system under the guidance of Mr. Vaughan, contributed in no small degree to the great achievement made by Canadians during the war. My colleagues in the cabinet and the members of this House

### GAY COMEDY IS SHOWING

Bright comedy is provided in "Every Girl Should Be Married," story of a modern girl's campaign to win herself a husband, which is the current offering at the Capitol Theatre.

Betsy Drake, new Hollywood "find," plays the part of the heroine who is a maiden with a modern conviction that the conventional system, under which a girl is supposed to sit around meekly until some man asks her to marry him, is utterly unfair. She picks out a prominent young doctor, Cary Grant, and the resultant campaign is a continuously hilarious fun-fest with clever continuity ending up in a surprise denouement. Franchot Tone has the part of a wolfish department store magnate while Diana Lynn is the heroine's best friend who abets her in the matrimonial campaign.

It all makes fine and lively entertainment.

will, I am sure, join me in extending to Mr. Vaughan our very best wishes for many years of happiness and peace of mind.

By virtue of the Canadian National Act, 1936, the Board of Directors of the Canadian National Railways have appointed Donald Gordon to replace Mr. Vaughan as president of the railway company and the Governor-in-Council has today approved their selection and has also appointed Mr. Gordon chairman of the Board of Directors, both positions effective January 1, 1950.
