Mackenzie King Stricken, Condition Grave

MR. KING

Former Prime Minister Stricken From Pneumonia

OTTAWA—(CP)—Former Prime Minister William Mackenzie King has suffered an attack of pneumonia at his summer home in Kingsmere. The condition was reported at noon as being "gravely grave."

King, now in his seventy-sixth year, lapsed into unconsciousness today after being stricken late Thursday at his Kingsmere summer home on the lake side of the resort at Kingsmere, twenty miles from Ottawa.

Dr. Campbell Laidlaw of Ottawa, who is attending to King, said he had never known a former prime minister to be stricken so gravely as he has from pneumonia since illness struck him on the fall of 1947. He later confined him to bed for a month in Ottawa, but he had gone, all the while, to attend a meeting of the Commonwealth Prime Ministers in London in October of that year.

King's illness today is the latest in a series of attacks since illness struck him on the fall of 1947. He later confined him to bed for a month in Ottawa, but he had gone, all the while, to attend a meeting of the Commonwealth Prime Ministers in London in October of that year.

Flash

2,000,000 IN UNIFORM
WASHINGTON—United States Army officials told a congressional committee today that the United States will have more than 2,000,000 Americans in uniform within the next few months. New York's civil defence preparations have been put on a rush order basis.

EXPANDING ARMY
ROME—Italy is to expand her army from 170,000 to 250,000 men, the limit imposed by the peace treaty, Defence Minister Randolfo Pacciardi announced today. The announcement followed a six-hour cabinet session.

BOLIVIAN OFFER
LAKE SUCCESS—Bolivia has offered 30 regular army officers and an unstated number of men for service with General MacArthur's forces in Korea, the United Nations announced last night. It is the first published offer of its kind from any of the 52 United Nations members who were asked by Lie last week to help the U.N. war effort. Ten countries, including Canada, have said no ground forces were available at present.

TO STAY IN UNIFORM
WASHINGTON—Soldiers whose enrolment period was to expire this year, will be kept in uniform a year longer.

MANY WOULD ENLIST
VANCOUVER—There was no lack of applications in Vancouver for military service in the Korean crisis throughout Friday. At times there were rush hours.

CO-OPERATION
OTTAWA—It is expected that whatever may be needed in meeting the situation created by events across the Pacific, both the United States and Canada will follow a policy of co-operation and conservation as far as this is possible.

Russ Subs On Fishing Banks
ST. JOHN'S, Newfoundland—The Sunday Herald, weekly newspaper, said in a news page story today that Russian submarines had been sighted on the Grand Banks of Newfoundland.

The story said that submarines had surfaced on the fishing banks and were sighted by fishermen.

There is no official confirmation.

Sailing tomorrow night on the Camosun to pick up the Alexander MacKenzie, new light-house tender, and bring her to Prince Rupert will be a party of five men from the Department of Transport under J. Morrison. Other members of the party are V. G. Baltz, K. Rudsvik, J. Thompson and M. M. Graydon.

Women Of Moose Committee Meet

Women of the Moose social service committee met Thursday night at the home of Mrs. R. B. Skinner, Borden Street, and after the business session, cards were enjoyed. Prize winners were Mrs. O. Stegavig and Mrs. A. Hamilton. Those present were Mrs. O. Stegavig, Mrs. Richard Giske, Mrs. C. H. Collins, Mrs. P. Welter, Mrs. Fred Grimbler, Mrs. E. Blair, Mrs. A. Hamilton, Mrs. P. Bond, Mrs. Frank Parlette, Mrs. Harold Muncy and Mrs. R. B. Skinner.

American Forces Take Two Korean Towns

Forty Jehovah's Witnesses Off To New York Convention

Joining a convention of 150,000 Jehovah's Witnesses at New York next week will be forty members of the sect from Prince Rupert, Terrace, Houston, Telkwa and Prince George. They left on last night's train to join a special train at Edmonton. In all there will be four special trains from Canada—two from the west and two from the east. The train from Edmonton will follow the route through Toronto and Buffalo.

From Prince Rupert and Terrace the following party left: Mr. and Mrs. J. Melin and sons, Reginald, Robert J. and E. Melin, George Jeffries, Mel Matthews, O. M. Woodward, F. Osborne, Mr. and Mrs. M. Sole-neck, R. Davidson and son, Mr. and Mrs. J. Hadlund, Mrs. C. Hadlund and daughter Julia, D. Hadlund, A. Crich, G. Theriault, Robert Biehn, the Misses R. Moran, M. Melgard, V. Byman, Daisy Haverdale, B. Wickdal, Mrs. N. Hadlund, Mr. and Mrs. I. Moran, Miss Annie Jerstad, Miss Elene Moen, Mr. and Mrs. C. Closter, Mrs. Anna Johnson, Mrs. Alice Clough, M. Closter, C. G. Johnson. Joining the train along the line were Mr. and Mrs. John Carlson, Houston; Mrs. Watson, Telkwa; Mrs. J. Miller, Miss Louise Miller, Miss Hazel Roth, Prince George.

Boy Is Saved At Swimming Pool

Miss Gloria Sather, lifeguard at McClymont Pool, made an heroic rescue on Friday evening when she rescued Paul Guard from possible drowning. She gave him artificial respiration for fifteen minutes. Miss Sather has previously saved a lot of children from trouble. Although she is a small built girl, she is very adept at such rescue work.

Chinese Reds Shell Quemoy

TAPEI—Chinese Communists began shelling Quemoy Island, off the mainland port of Amoy, tonight in evident preparation for an assault on the nationalist blockade base. It is reported the Reds have assembled some 1,300 craft for an apparent assault on the island.

THE WEATHER Synopsis

The weather over the province is expected to remain sunny and warm this week-end. However, in sections of the interior cloudy conditions will develop during the afternoon today and tomorrow with some widely scattered thunder storms.

Forecast
North Coast Region—Clear today; cloudy tomorrow. Extensive fog and low cloud over the open water, occasionally drifting onshore during the night and early morning. Little change in temperature. Wind light. Lows tonight and highs tomorrow—At Port Hardy 50 and 62; Sandspit 50 and 62; Prince Rupert 50 and 62.

Australia Wins Final In Rugby

SYDNEY, Australia—Australia won the rubber match today by defeating Great Britain five to two in the last Rugby League test game here.

Results Of Matriculation

Seven Seniors And Eighteen Juniors In Prince Rupert Succeeded
VICTORIA—High School examination results throughout British Columbia, announced today by the Department of Education, showed James Wilmer Smith of Kamloops to be winner of the University of British Columbia's \$200 scholarship with a rating of 88.7 per cent.

James Herbert Portelance of Ocean Falls also won a scholarship with 83.9 per cent.

Supplemental examinations will be held in Prince Rupert August 21 to 26.

Senior and Junior matriculation results give the names of following candidates in Prince Rupert area who have obtained complete standing in the grades by examination:

PRINCE RUPERT (Senior)

Barbara Anna Beketov, Allan Guy Forman, Esther Bonita Harrison, Robert Arthur Jones, Eric Webster Moore, Mary Natalie McAfee, Jeannette Kathryn Nicholson.

(Junior including Recommendation)

Nadia Elena Beketov, K. Harold Eldwick, Bernard Frederick Garrod, Richard Carl Giske, Irene Kristine Hansen, Allan Carl Johnson, Ruth Elizabeth Ketcheson, Dick Douglas Large, Peter Denis Mark, Donald Victor Prevost, Betty Louise Prince, Irene Joyce Reekie, Dolina Smith, Orven Spurn, Mary Mitchell Strachan, Patricia Elizabeth Tip-ton, Charles Warren Wilkinson, Della Beatrice Wilkinson.

Smithers—Winnifred Charlotte Goodacre, Ruth May Herman. Terrace—Valerie Ruth Craig, David Alexander Gillanders, Patrick Louis Johnston, Flora Eileen Melvin.

Ocean Falls—Doris Evelyn Bushell, Dorothy Anne Jemson, James Portelance, Cheri Lee Sirols.

Burns Lake—Helge Ronald Larson, Alice Anne Loper, Gloria Regina Seel. Private study—Austin George McTaggart.

Mawhinney Is Winner

MAWHINNEY WINS SASKATOON—Bill Mawhinney of Vancouver won the Canadian Golf Championship here this afternoon over Bill Weslock in the final with a lead of five strokes. Mawhinney is the youngest champion in the history of title play.

AIR PASSENGERS

To Vancouver (today)—J. Kerr, Miss D. Roberts, Mrs. M. Maseur, S. Smith, Mrs. J. Macri, J. Ludvigson, H. Davidson, R. Graham, W. H. Brady, K. F. Harding, A. C. Finley and C. Martin.

Bad Weather Holding Up U.S. Air Attacks

TOKYO—(CP)—United States and South Korean land forces today drove the North Koreans out of Yongdok on the east coast as well as Yechon in the centre of the peninsula.

A Communist pincer movement is developing on the western sector as the United States forces fall back 38 miles southeast of Taejeon.

Bad weather prevented American aircraft from carrying out bombing attacks.

It was stated at headquarters today that railway lines through Seoul, the abandoned capital of South Korea, had been so badly smashed by the air assaults that they would be unusable for weeks.

Recruiting Is Active

OTTAWA—Canadian recruiting officers are under the severest strain since the war's end as youths answer the call for thousands of recruits, the Defense Department announced last night.

The Navy's Pacific command wired Ottawa for guidance after another day of swollen inquiries arising out of the Korean situation and the subsequent call for 6,000 to 8,000 men.

A directive was sent to all Navy recruiting divisions saying a total of 148 men was needed from each in the next month and giving instructions accordingly. All three forces reported a marked upswing.

Drank Two-Ounce Bottle Of Iodine

Considerable excitement was caused in a local cafe last night when a man drank a 2-ounce bottle of iodine. The ambulance was called by police about 9.45 to take Walter Klesabich to hospital where quick work with the stomach pump soon rid him of the substance. Feeding him starch completed the treatment to counteract the iodine. He had suddenly downed the poison after remonstrance was made about his conduct.

After treatment, Klesabich was taken from hospital to jail, where he was charged with causing a disturbance. He pleaded guilty and was remanded until Monday.

Veil Of Secrecy Becomes Heavier

OTTAWA—The security blackout is lengthening as Canada moves into her expanded defense program. The army said it was preparing to step up its manpower and activity of the anti-aircraft arm, budding young partner in the plan to set up a network of fighter planes, guns, radar and instantaneous communications. But little else was said than that lots of guns were on hand. An authoritative source said little more will be said.

LEAVE HIDING—Pong Che Yue, 24, right, and Young Wan Lee, 22, centre, stowaways from North Korea who escaped custody shortly before they were scheduled to be deported two and a half months ago, are shown with Vancouver reporter Pat Keatley to whom they surrendered last week-end. The pair said they had decided to surrender in the hope they can convince Canadian authorities they should be allowed to remain in Canada. (CP Photo)

North Is Recognized

THIS continent's northern areas are becoming of increasing importance in view of the international situation but a new value is being placed upon them also from the economic standpoint. The fact that two federal cabinet ministers are currently visiting Northern British Columbia and the Yukon is evidence of that increasing interest. Both Hon. R. H. Winters, minister of natural resources, and Hon. James G. Gardiner, minister of agriculture, are there and at least Mr. Gardiner will favor Prince Rupert with a visit next week.

Mr. Winters has described northwestern Canada as "potentially one of the richest sections of the continent in terms of natural assets." At first, the isolated north country was thought of being useful for little more than fur trapping. Then mining forged into the limelight. Petroleum and natural gas are now being added to the mineral potentialities and the hydro power is attracting interest. The fisheries are of growing importance. Nor is agriculture to be forgotten as more southern sections become dried or farmed out.

Everywhere the growing importance of the north is being more and more recognized. At the same time Prince Rupert becomes more and more projected into the picture.

THE ENEMY WITHIN

WHILE the situation in Korea arouses the spectre of a new world war and attack from without, it is well not to forget the possibility of a menace from within. This is a danger front which must also be manned.

No less an authority than J. Edgar Hoover of the Federal Bureau of Investigation has told a committee of the United States Senate that the program of subversive activity in America is greater today than at any time during World War II and communism is at a greater peak today than all the ills of the last war.

The orbit of communist control has extended from one-seventh of the world's population in 1917 to one-third of the world's population at the present time. The intensification of communism and underground activity in the United States and Canada may well have increased proportionately. Signs are not lacking along this line.

It should not be forgotten that fifth column activities brought the downfall of entire nations during and since World War II. These fifth column activities were not of overnight development. Rather they represent the perfection of highly developed underground apparatus and actual political operations. Youth, veterans, people of foreign nationality, press, radio, moving pictures, educationists and labor groups all have been and are being exploited. A great propaganda machine has been developed and progressive susceptible, tender-hearted and human thinkers have been deluded.

Many unexpected things might spring into operation in case of war.

Yes, there is the enemy from within as well as from without to be considered.

WELL SAID

WE reject the secular and materialistic philosophy which has its zenith in Soviet Communism, but which is rampart in our own social democracy as well. We believe in democracy, but it must be a democracy based on belief that every person is a child of God and therefore a brother of his fellow man. We believe that this is the kind of democracy on which our nation was founded, and which must be safeguarded if it is to exercise widely the leadership that has been forced upon it by the results of two world wars.

—The Living Church.

WELLINGBOROUGH, Northamptonshire, England—The question: "Why did a swarm of bees settle on the brass instruments of the Salvation Army

band," is easily answered—the bandmen lubricate their trumpets and trombones with a sweet-smelling oil.

Services in the Church

SATURDAY SERMON

NO FAITH IN CHANCE

Text: For I know whom I have believed, and am persuaded that He is able to keep that which I have committed unto Him against that day. II Timothy 1:12.

By Captain W. C. Poulton, Salvation Army.

I was thrilled as I sat in his office recently and heard the story from his own lips. He is a man with a crusade as well as a duty imprinted in his heart and upon his life.

They laughed at him and said it could not be done. They sat back and dared him to try. They said

to him that it was something that belonged to the frontiers of civilization that it engendered the spirit of adventure and progress. But you see he was not impressed. He had looked at some of the results of this type of "adventure" and the "progress" it brought and left. He had lived in some of the ghost towns that are found in the wake of such progress. His crusading spirit taught him that chance has no part in permanence, or value in building either character or economy. He knew that it required faith for men to hew out of the wilderness on the edge of civilization, a place to live and a place to leave to posterity. Faith not chance was man's need for progress. So he acted and enforced the law of his country and eliminated the local institutions of chance.

I repeat that I was thrilled to listen to his story. Thrilled because again I could here Paul saying those great words of affirmation and confirmation, "I KNOW."

"Christian friend, there is no place for chance and gamble in our religious faith. Jesus Christ is a fact, which even those who will not accept His divinity, have to agree upon. There is no chance about his words "he that believeth a hypothetical possibility. It has built a new world for us to live in. It will continue to perfect this world to us and our successors. That is the will and intention of God. Man might thwart God's plan temporarily but there is no element of chance, there is no gamble, it is not a shimmering mirage.

and therefore man cannot dispel it entirely. Paul saw the facts and placed his faith in them. It produced the real crusading spirit in Paul. In this world of confused thinking, when men's hearts are failing them because of fear and they are turning to all kinds of gambles to produce their souls satisfaction, remember God the same yesterday, today and forever. Learn to believe with Paul and be persuaded that He (God) is able to keep that which we commit unto Him against the day. Give faith a chance in your life, rather than abandoning your life to chance.

WALLINGFORD, Berks here, England—Immortal to the residents of Wallingford are the names of FO. J. A. Wilding and Sgt. J. F. Andrew. In 1944 they stayed with a crippled bomb-laden plane to prevent it from crashing on the town. Both were killed. Now grateful townsfolk have named two streets on a new housing estate after them—Wilding Road and Andrew Road.

GLASGOW, Scotland—Advertisement in a news agent's window: "Well-furnished flat to let with bath on the tram-lines."

LONDON—More than 100 game-bird chicks were hatched in London zoo's electric incubators.

SENATE SPEAKER—A prominent Montreal industrialist, Senator Elie Beaugregand now serves as Speaker of the Senate. He was appointed to the post by the government following the 1949 federal election—nine years after his nomination to the Senate. He was born July 8, 1884, at La Patrie, a small hamlet in Quebec's eastern townships. (CP Photo)

P.C. REPRESENTATIVE—Born Oct. 13, 1917, at Three Rivers, Que., Leon Balcer now sits in the House of Commons as Progressive Conservative member for the Quebec constituency of Trois-Rivieres. He entered politics after serving four years in the Royal Canadian Navy during the Second World War. He was elected president of the Young Progressive Conservative Association of Canada this year. (CP Photo)

As I See It

By ELMORE PHILPOTT WHERE WEST MUST HOLD

THE LANDING IN Korea of two United States Army divisions ends the probability of a "Far Eastern Dunkirk."

It is extremely improbable now that the Americans will be driven into the sea, as seemed remotely possible a week or two ago.

The Americans have succeeded in their primary aim—which was to delay the advance from the north until reinforcements could arrive in strength.

But that is a very different thing from getting into action a sufficiently strong force quickly to drive back the aggressors from whence they came.

THERE IS NO MORE REALISTIC military man in all the world than our present Governor-General, Lord Alexander. He plainly warned the United Nations that it would take at least six full army divisions to parallel the invading Red armies; and that a much larger force might be necessary if the master-minds of world Communism decide to support the Korean Reds with forces from outside.

IT IS NO SECRET THAT THE western nations simply did not have the forces to throw into the battle in Korea. According to Hanson Baldwin of the New York Times, the United States had in all the world only ten divisions ready for action when the North Korean aggression was launched. Total number of

men under arms had been reduced from 11,008,000 in 1945 to 1,458,400 in 1950. Hence the assignment of U.S. army divisions to Korea seriously weakens the forces elsewhere—perhaps even dangerously weakens them, unless re-mobilization is begun on a considerable scale.

BRITAIN HAS TWO ARMY divisions stationed at Hong Kong and in Malaya. France has about half her total military force engaged in Indo-China. There is, therefore, no other big western nation with troops available to stand beside those of the U.S.A. in Korea.

This weakness is certain to compel all western democracies, including Canada, to strengthen their military forces. Those we now have, fully trained and fit for immediate action are barely sufficient to deal even with a small scale scare-or-annihilation raid on Canada, in the event of real war with Russia.

CANADA SHOULD STAND ready to do her full share in holding an intelligently planned world defense line against aggression, whether committed openly by Russia, or through satellites, as in Korea.

But it would be unwise—indeed an open invitation to disaster—to consider this defense line in bits and pieces.

Canada's first responsibility is the defense of Canada. Our next responsibility is to help defend western Europe under the North Atlantic Pact. The stern lessons in Korea should have taught everybody the folly of talking of war in terms of vic-

Mrs. J. Macri, wife of the construction superintendent for Columbia Cellulose at Watson Island, left on today's plane for Vancouver enroute to New York August 1st.

K. F. Harding, general manager of Prince Rupert Fishermen's Co-operative, left on today's plane for a business trip to Vancouver and elsewhere in the south.

Mr. and Mrs. G. L. Rorie and son, David, will leave Monday morning by motor for a month's trip to Vancouver and elsewhere in the south. Accompanying them will be their young niece, Sharon Dunn, returning to her home in Vancouver after a visit here.

Rotary Club Committees

Standing committees of the Prince Rupert Rotary Club for the year have been appointed by President A. B. Brown as follows:

Membership—A. S. Nickerson, W. E. Simmons and J. H. Thompson.

Classification—P. H. Linzey, G. C. Mitchell, Dr. G. E. H. Montgomery.

Program—Thomas Christie, C. A. Berner and T. B. Black.

Attendance—Trevor Hill, O. C. Odegar and Charles Roberts.

Net—E. F. Saunders, A. P. Crawley and F. M. Hemsworth.

Community Service—William Scuby, F. B. Woods-Johnson and Ed Coughlan.

International Service—G. S. Reade, S. D. Johnston and S. R. Donaldson

Vocational Service—P. M. Ray, W. D. Vance and D. C. Stevenson.

Entertainment—Herbert Young, Earl Becker and J. H. Black.

World Labor Leaders Meet

Six leaders of labor take an informal time out from the General Conference of the International Labor Organization (I.L.O.), which met recently at Geneva. The Conference of I.L.O., a United Nations Specialized Agency, brings together representatives of labor, management and government from more than 50 countries. Shown here are (left to right) Syndolpho de Azevedo Pequeño, of Brazil; John J. Moreschi, U.S.A., Building and Common Laborers' Union; J. H. Oldenbrock, the Netherlands, International Confederation of Trade Unions; Fernando Ibañez Aguilá, Chile; George P. Delaney, U.S.A., American Federation of Labor; and Paul Finet, of Belgium.

Students On Luxury Ship

Twenty-one high school students from Mount Vernon, Washington, are having the time of their lives cruising the British Columbia and Alaska coast in a luxury yacht. They are the physical culture class of Miss Nelda Peterson who are for three or four weeks guests of Mr. and Mrs. C. O. Davis on their Hattie D. Also included in the party are special pilot Capt. John van Wieringen; superintendent of high schools and Mrs. W. Wynstra; grade school principal and Mrs. Morrie Nelson; nurse, Mrs. Harriet Rowley, owner and operator of Rowley's General Hospital, Mount Vernon; cook, Mrs. George Croxford; and engineer Max Symington.

After a leisurely cruise up the coast, the party arrived here at 3:30 yesterday afternoon to clear customs and take on provisions. They sailed in the evening.

The one incident to mar the pleasure on the way up was an attack of fever to Mr. Davis. Fortunately, Mrs. Rowley was there to give him an injection to keep him going until they could reach port and a doctor. Mr. Davis claims he owes his life to her skilful attention. Mr. Davis is a business man who has retired on a farm near LaConner, Washington. He is an ardent Rotarian and expressed his desire to attend a Rotary luncheon on his way back.

The Hattie D., once a crash boat with the American Army, is 105 feet long with a 20 foot beam and draws 5½ feet. She is powered with three 630 horsepower Defender Hall-Scott engines, each with its own propeller. However, for normal cruising, only one or two engines are used at one time. Otherwise, said Engineer Symington, the gasoline consumption is prohibitive. With three engines running at full throttle, the boat uses 100 gallons an hour, whereas the way it is operated for cruising it uses only 17 gallons for a speed of nine knots.

The party originally intended to stay out two weeks, but Mr. Davis said it might be stretched to three or four.

AS I SEE IT

(Continued from page 2) tory through gadgets. If real war comes we shall have to send more infantry overseas than we did in either of the former world wars.

Thus, while we should be willing to do our full share to defend Korea, we should do so only as a PLANNED part of an intelligent world line.

The line the west cannot afford to lose runs from Britain, across western Europe and along the northern borders of Arabia and India to Singapore. Korea is of minor world importance compared with the Rhine, Suez, or Singapore. In Korea what is now chiefly at stake is U.S. prestige. At the other points named what is at stake is the keys to western victory through sea power.

TAR BABY — Lea Sherwin of Vancouver was playing on the ground when a barrel of tar tilted, covering her to the waist and pluing her to the ground. Two constables cut her out with knives and took her to the hospital where a doctor and nurse, aided by a quart of ether, removed the tar. Here Lea ruefully looks in a mirror following the ordeal. (CP Photo)

NOTICE TO CONTRACTORS
Sealed tenders will be received up to noon August 1st, 1950, by the undersigned for the construction of an assistant Ranger Headquarters Building at Kitwanga, B.C.
Plans and specifications may be obtained from the District Forester, Prince Rupert. Forest Rangers at Terrace and Smithers or the undersigned upon a deposit of 5.00 refundable upon return of plans and specifications in good condition within thirty days of the date of opening of tenders.
Tenders will not be considered unless made out on the form supplied and signed, and a deposit of 10 per cent of the tender is enclosed. Cheques of the unsuccessful tenderers will be returned when the contract is awarded.
The lowest or any tender not necessarily accepted.
Tenders must be submitted in the envelope marked "Tender for the construction of Assistant Ranger Headquarters Building at Kitwanga, B.C."
C. D. ORCHARD,
Chief Forester and Deputy Minister of Forests.
July 5, 1950.
Parliament Buildings, Victoria, B.C. (170)

AUCTION SALE
Timber Sale X-50295
There will be offered for sale at Public Auction, at 11 a.m., on Tuesday, July 25th, 1950, in the office of the Forest Ranger at Burns Lake, B.C., the License X-50295, to cut 1,895,000 f.b.m. of Spruce, Lodgepole Pine and Balsam on an area covering part of Lots 1351 and 1351A situated northwest of Tappley Landing, west shore of Babine Lake, Range 5 Coast Land District.
Three years will be allowed for removal of timber.
Provided anyone unable to attend the auction in person may submit tender to be opened at the hour of auction and treated as on bid.
Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C., or the District Forester, Prince Rupert, B.C. J-15-22

Representative Football Team

Following last evening's football game the executive of the Prince Rupert Football Association met and selected the following team to meet Port Edward in tonight's exhibition game.
Boulter; John Wilson, Eby (captain); Yelland, Olsen, Muzoni, Baxter, Pat Wilson, Pavlikis, Ford, Murray.
Alternates—Sunberg, W. Gomez, Greer, Parkhouse, A. Gomez, Owens, Hornell.
The team will meet at the Armouries and will wear the Battery colors.

Motors Win Over Legion

In last evening's football game in the Manson Trophy competition General Motors defeated Canadian Legion two goals to nil. These two teams have each won one game in the league with the Battery at the bottom.

The General Motors had the advantage of the hill and attacked but, when John Wilson misjudged the ball, Bowman was through only to shoot past. Eby blocked a hard drive from Olsen and also a good cross by Pat Wilson. Krause seemed to have stopped Hornell's drive but lost the ball which went into the goal and the Motors were lucky to be a goal up. Smith broke through but his final shot hit the upright and was cleared. Murray made a nice run. Boulter saved and Hornell did well. Boulter caught a fine long drive by Eby. Owens shot behind Price saved when Boulter ran out but missed the ball. Smith just missed converting a fine cross by Bowman. Olsen started a dangerous movement but Krause saved splendidly when out of the goal. Pat Wilson put the Motors another goal ahead when he placed the ball just inside the upright.

The Legion attacked on resumption and Boulter saved from Smith. Sunberg sent back a Motors attack and Boulter saved again from Smith. A penalty against Price for handball gave the Legion a chance to score but Baxter placed the ball outside. Bowman centred well and Baxter and Murray made headway but a stubborn Motors attack held them out. Murray's centre went right across the goal but behind. Mitchell saved from Pat Wilson. Ford just missed from Price's free. Then Boulter was lucky to save and Greer shot just wide. In a mix-up Smith was sent off the field while Olsen had his shirt ripped from top to bottom. Ford was sent ahead by Magee but Sunberg cleared. A moment later the latter missed everything with a wild kick, fortunately for the players. Then Boulter saved right on the line. With less than ten minutes to go the Legion team walked off the field and General Motors were winners by two goals to nil.

Following tonight's football game there will be a showing of football instructional films in the Canadian Legion Auditorium. These films will also be shown on Monday and Wednesday of next week in the Canadian Legion auditorium. The films have been obtained from the B. C. Football Association for free showing and are really worth seeing.

The Association is in communication with the B. C. Football Association in regard to a visit from a Vancouver team and is suggesting that a date in early September would be suitable.

Softball Game Is Wild Affair

Last night in a wild game of softball, Prince Rupert Plumbers took the Watson Island team into camp with a score of 20 to 14.
This puts the Plumbers in a second place tie with the Firemen in the first round with three wins apiece.
With the first round now complete, the standing shows Rupert Radio first, Firemen and Plumbers second, North Star and Watson Island third and Co-op last.
Plate umpire for last night's game was Reg Wilson.
Tonight's game between Rupert Radio and North Star promises to be a hot one as the Stars are aiming to give the Radions their first beating of the season.

Junior Softball Team To Terrace

Thursday night's junior softball game between the Scouts and Sluggers was won by the Sluggers with a score of 11 to 8.
Following the game the boys chose a team to play at Terrace on Sunday. The line-up is: Morrison, captain; Ford, Matthews, Smith, Young, Adams, Sedgewick, Erickson, Becker, MacDonald, Nickerson, Youden.

Farewell Party For Local Girl

An enjoyable evening was spent Tuesday at the home of Mr. and Mrs. J. R. Carr, Borden Street, in honor of their daughter, Miss Margaret Carr, who is leaving to take up nursing duties in Honolulu.
Flowers and candlelight were the setting for the occasion. During the evening dancing and singing were enjoyed by the 24 guests. Miss Carr accompanied to the piano.
A farewell gift was presented by Dan McRae on behalf of the guests, after which the guest of honor cut a cake, which was suitably engraved and decorated. Later a delicious luncheon, tastefully arranged on a lace covered and candlelit table, was served by the hostess. The evening ended with the singing of "Auld Lang Syne" and "For She's a Jolly Good Fellow."

The United States is meeting the crisis over Korea. The President, Congress, the press and people—all are determined that freedom must be saved, whatever the cost.

—Ottawa Journal.

The King of Belgians who surrendered his country to Germany in the second world war, returned today to reascend the throne—this, after years of internal disputes and all round domestic misery. A welcome can easily be a mockery. Some of his soured subjects may be thinking, instead of saying "there's the door, here's your crown."

Wandering tourists must have been describing to one another the roomy and attractive building up in Prince Rupert, possess-

ing such a glorious view, and handy to the boat, and railway station at that. It's a fact, all the same! Why should not the Legion enjoy wide popularity. There's nothing else quite like it on the coast. This, the visitors keep on discovering.

The sailors of Admiral Dewey's fleet at Manila in '98 no doubt tried to size up the future as far as possible, but no one, even in fantastic dreams, could foresee, 52 years later, an American army in Korea being driven south by Chinese peasants, powerfully armed, equipped and trained by a Communist-teaching country called Russia.

Try a Daily News Classified.

Ray Reflects and Reminisces

Pepper and lard are affected by recent increases in the cost of living. At a pinch, we could struggle along with a little less of each.

Mr. Churchill says he does not believe a third world war is imminent. Being something of an authority on that subject, he is entitled to having his views received with respect. Only please do not say "O.K.!"

Use of the grain elevator at Prince Rupert will be one of the questions to be submitted at the approaching convention in Prince George of the Associated Boards of Trade of Central British Columbia. It might be well asked why eight wheat loading vessels are going to Port Churchill this fall and why nothing of the sort has been sighted anywhere near Prince Rupert—where ice is unknown—any time in the last eight or nine years, if not longer ago.

A recruiting drive is on in Canada just now. Authorities make it plain that single men are preferred. But somehow, there are folks who are inclined to think the married men are more familiar with fighting.

All the non-Communist world must admire the magnificent courage and realism with which

Mooseheart Women In Social Meeting

Members of the Mooseheart committee of the Women of the Moose gathered at the home of Mrs. V. Morrison Friday night for a combined business and social evening.

Business finished, court whist was played after which delicious refreshments were served by joint hostesses Mrs. V. Morrison and Mrs. A. Auriol. Prize winners at whist were Mrs. A. Hamilton first and Mrs. N. Kennedy consolation.

Present were Senior Regent Mrs. F. Parlette, Mrs. A. Auriol, Mrs. V. Morrison, Mrs. N. McGlashan, Mrs. A. Hamilton, Mrs. A. Murray, Mrs. A. J. Croxford, Mrs. J. Flewin, Mrs. R. B. Skinner and Mrs. N. Kennedy.

neat touches at times but was inclined to rough it up. Bowman was a good outside right and Alexander played hard. Smith was dangerous in his break-through but was closely checked. Shore tried hard and Murray was good in the open. Mitchell did well in goal in the second half and Sunberg defended strongly but will need to show better judgment or he will break somebody's leg possibly his own.

The Legion had an unfortunate night. They were unlucky to lose the first goal. They were unlucky when Baxter missed the penalty... others have missed them too... they were unlucky to lose Smith, who very properly was sent off and worst of all they lost their tempers when they walked off the field.

MOTORS WIN

(Continued from Page 4)

cially well. John Wilson was always a determined defender who kicked well. Price kicked hard but was slow and lay back too far. Olsen played a hard game and in spite of a bad kick was always in the play breaking up many attacks. Lien did well at times but lies back too far. Magee had a very good game at halfback and placed the ball to advantage. White did well in the first half crossing the ball well. Letourneau who replaced him in the second half got in several dangerous centres. Pat Wilson got a nice goal and set up Hornell for the other one. Hornell played hard but takes the ball with his back to the opponents' goal too often. Ford again played a fine game and Owens was a good outside left.

Krause was unlucky to lose the first goal but otherwise did well. Baxter was very good at back particularly with his head. McAfee did well and this lad is a very good prospect. Eby was very good at centre half and shot well. Yelland was clever and effective. Greer showed

**Demolition Of Big Warehouse Proceeding—
Interest In Tuna Fishing—Salmon Run
Still Light**

Despite moves to have the work halted in view of the international situation and from a defence standpoint, demolition of the big warehouse buildings on the local waterfront, built during World War II by the United States Army, is proceeding without interruption. About half of the 400,000 or so feet of hardwood in the immense structure has now been removed and a good deal of it sold in this area while the balance has gone to Alberta. The first operation is to remove all this flooring after which a start will be made

BILL SCUBY FURS

302 - 3rd Ave.

Box 1362

U.S. VISITOR — The escort carrier Mindoro, flagship of Task Group 81 of the United States Navy, is shown in Quebec harbor where it arrived this week. The carrier and seven destroyers, manned by navy reserve midshipmen and officers in training, visited the port as part of a goodwill tour of Canadian ports. (CP Photo)

on the tearing down of the building itself, commencing from the west or ramp end. A crew of nine men is at present employed and this will later be increased to a dozen or so. Ross Pettibone is directing the work for Soren Madsen of Edmonton.

With reports of appearance of tuna off the British Columbia coast at least two local vessels are heading for the west coast of the Queen Charlotte Islands to see if anything may be doing there on this line. Report was current here this week that one local boat, the All Star, had sold a catch but investigation indicated that this had been off Cape Flattery. As far as could be confirmed, there have been no tuna yet off the Queen Charlottes although warm weather of last week may have made conditions more promising. Reports from Seattle are that the American fleet is holding out for \$500 per ton. Now that the halibut season is over, some vessels are turning to codding and flatfishing. The Kalen, Capt. Oor Stegavig, left last night for a cod trip. The flat fishers are making good catches and getting satisfactory prices of 3c and 4c a pound from an active market.

HAPPY PASSENGER

There's one particularly happy passenger aboard the Princess Kathleen as she cruises Alaskan waters.

It's an age-old story of the lady who forgot her purse. An American woman, noticing she did not have her purse shortly after the boat left the dock, notified Capt. G. O. Hughes that she thought she had left it in a taxi. The captain docked the boat again, phoned the taxi company and found the driver, who checked the back seat and found the purse. He immediately rushed the purse down to the dock, handed it to its owner and received a reward.

Everybody was happy as the cruise ship once more slipped its lines and headed for Ketchikan.

The B.C. I-roducer is back again at its old job of fishing

NEW CHIEF — New Chief Engineer of Canadian National's ss. Prince Rupert is Robert F. C. Baldrey, formerly 2nd Engineer on the new ss. Prince George. He succeeds R. P. Williams, recently superannuated. Born December 15, 1903, in Potachund, India, Mr. Baldrey joined C.N.S. in 1927 as junior engineer on ss. Prince Rupert and later served on other company vessels. When ss. Prince Charles and ss. Prince John were sold to Union S.S. Ltd., he joined that company, in 1940, to serve as 2nd Engineer until rejoining C.N.S. in 1948 as Inspecting Engineer of ss. Prince George during construction. He became 2nd Engineer of the new ship when it entered service in June, 1948, and has since relieved from time to time as Chief Engineer of ss. Prince Rupert and ss. Prince George.

after acting as second honeymoon cruiser on a trip to Ketchikan with four crew members and their wives. Thursday, after seeing the wives safely on the airplane on their return trip to Vancouver, they took on provisions and sailed that night to fish for black cod on its return trip to Vancouver. There it will be fitted out as a beam trawler and will operate for the rest of the summer in the Kientu area.

The tanker Standard Service, Capt. Bob Cormack, was in port Thursday with a load of 1,500 barrels of fuel oil for Imperial Oil and 250,000 gallons of bulk petroleum products and 250 barrels of aviation gasoline and oils for Standard Oil Company.

The forestry boat Lillian D. Skipper-engineer Dick Farmer, left yesterday for a routine trip around the Butedale-Kitimat area. Mr. Farmer and Harold Whalen will carry out some cruises and other duties on the trip.

SALMON LIGHT

Salmon fishing has been so poor to date this year that many seiners have not been fishing at all. There have even been reports of one lone salmon being caught in a set. Some have brought up their nets with none. Gillnetters have been averaging 15 to 23 fish in a day. Authorities have no reasons to offer for the small run this year.

Union steamship Camosun, Capt. William McCombe, arrived in port at 4:30 yesterday afternoon. Disembarking here were Mrs. Arnold Mosley and three employees for Columbia Cellulose.

Bottle Missive Is Picked Up

A bottle message dropped from a Shrine cruise party earlier in the month, was picked up by the crew of Nelson Bros. Sea Pride, Capt. J. Adkins, this Tuesday at 2:30 p.m. off Dorothy Island in Levastation Channel.

"On board ss. Chilcotin, July 7, 1950.

Ladies and Nobles:

We are approaching the end of a great adventure; we have seen many wonderful things, rivers, oceans, glaciers and trees. To properly commemorate a journey such as we have had the past ten days we have decided we should erect suitable monument and we are now approaching it. Many of you have wondered from whence came the ice for our gin fizzes and our cocktails. They come from the wonderful silvery gleaming glacier which you are now gazing upon. Feast your eyes upon it from this moment henceforth; it will bear a name long to be remembered by all those who have made this journey to the northland on the ss. Chilcotin; it's name from now on will appear upon the records in the archives—in the maps of Canada and America; it is to be known as Cabiri Glacier. And now in commemoration of the first annual cruise of the International Past Potentates Association, I solemnly name this wonderful landmark—THE CABIRI GLACIER.

To properly make the record, I now call upon Bill Smock of Aahmes Temple, Oakland, California, to cast into the smooth water of the Gardiner Canal this record, sealed into an empty bottle from our revered cocktail lounge, the scene of many touching ceremonies such as this one, and call upon the secretary of the Cabiri, our genial cruise director Herman Englehardt, to keep a copy of this record and

Terrace Girls Make Report

TERRACE—Mrs. P. M. Mallet entertained the mothers of the young people of Knox United Church at her home on Wednesday afternoon so that they could hear the reports of Colleen Sites and Lorna Methuin who attended vocational school in the south. Following the reports which were very well given, refreshments were served.

To insure publication of display or classified advertising, copy for same must be in the office of the Daily News by 4 p.m. the day previous to advertising. Requirements of the mechanical department make this rule necessary.
