ce Chavchavadze, who arrived in the city Sunday night and will play a recital at the Civic Centre, has tremendous enthusiasm both for people and for music and he does not make the mistake of arbitrarily trying to divide the two. Perhaps that is why he is so successful with both.

> Vivacious and fast - talking, both with voice and gesture, the Russian-born Prince stepped off the steamer Coquitlam last night and literally within an hour was giving himself and the Civic Centre's concert piano a workout that was almost a recital.

After giving his attention to Chopin's most difficult etudes in the empty auditorium he said with a friendly grin: "My fingers are stiff. I have not practised for three days."

The piano, it turned out, was would require an electric heater beneath its mechanism for few hours before the concert. The keys stuck slightly in the extreme pianissimo.

While his companion, Delos Smith, fingered the keys, Prince the empty auditorium, listening. Then he delivered an auhtoritative opinion.

It was Lindsay who picked up a loose ball with thirty seconds left to play and dashed the length of the floor to sink the final basket from the corner which gave his team the hardearned victory. Eleven of Jack's twelve points came in the third and fourth quarters after his hemstitching job had been looked after.

> MacPhee's 10 points for the winners made him second only to Lindsay in their team's scoring lists. Rupert Holkestad took top honors for the night in this department with 15.

Beynon of Co-op turned in a very creditable performance and Ciccone who substituted for the injured Lindsay added a speed and aggressiveness which did much to help the fishmen hold off the determined challenge of the fast breaking Savoy squad.

Davis, Mel and Rupert Holkestad supplied most of the offensive drive of the hotelmen and scored 8, 7 and 15 points respectively to carry the lion's share of the scoring duties for their team. Haugen and Alexander proved a stalwart defense bulwark for Savoy and were ably abbetted by the occasional appearance of Sev Dominato.

Saturday's victory gives the Co-op squad a one-game bulge in the race for the league trophy and the battle continues into the second round on Tuesday (Continued on Page Four)

DEMOCRACY STIFFENS UP

THE WESTERN POWERS are stiffening up and the last few days have seen a further drawing of the lines between the conflicting world camps as the war of dictatorship vs. democracy for world control intensifies and the major shooting stage has been all but reached.

Significance, of course, is obviously manifest by the precipitate reversal of the United States stand from favor to abandonment of the partition of Palestine and the sudden decision of the western powers, as indicated in an announcement from Foreign Minister George Bidault, that Trieste should go to Italy instead of retaining international status. Both moves are probably directed as a counter to further Rusian aggressive expansion.

Russia, by her obduracy and obvious intention to predatorily encroach with her power and influence, regardless of the feelings and desires of her luckless neighbors, is now forcing the democratic and peace-working nations to change courses of action which it was felt might bring peace to the troubled spots of the world.

And there may have to be further changes yet in view of the adamantly unreasonable stand the Soviet Republic is taking.

A REAL HOBBY

IN THESE UNCERTAIN TIMES lucky indeed I is the man or woman with a garden. Threats of sky-high vegetable prices next fall and winter won't scare these people. They can grow and store their own, in addition to a steady supply, fresh and right out of the garden from June on.

But that is only one advantage.

As a hobby, recreation, exercise, or whatever you call it, gardening ranks at the top of the list. It is inexpensive—a few dollars will buy all the seeds, tools and fertilizer necessary. It is elasticone can spend as much or as little time and energy as one likes or the doctor advises. It takes one outdoors into the sunshine, lets us follow the natural spring urge of digging in the soil. And, finally, gardening gives satisfaction that comes only from creating something with our own hands. With a few tiny seeds and plants one can produce a flower garden that is as individual as a painting.

GOOD HOTELS PAY

A OST OF US LIKE to read about easy money or What we think is-or if not our own-the simoleons the property of someone else. But things are not always what they seem. For example, there's Noel Coward the playwright. He sold a play to Hollywood for \$80,000 and here is the milk in the coconut, but not for Noel. He paid out, as U.S. income tax \$36,756; U.K. income tax \$42,604; agent's fee \$8,000, and \$1,000 lawyer's fee. There might have been a time when Friend Coward thought he possessed a piece of change. But by the time "so and so", and "so and so", and "so and so" got through with him, what he actually had was a debit of about \$8,000.

CONSIDER NOEL COWARD

COMMENTING ON THE approach of a Liberal Party national convention, in Ottawa, after the lapse of twenty-nine years, the Ottawa Journal grows reminiscent.

In 1919, it says Adolf Hitler was an unknown paper hanger. Benito Mussolini was an obscure Italian journalist. A cloud had risen in Moscow but no one then dreamed that it would one day darken the earth. The state police, the concentration camp, the atomic bomb-the whole procession of fearful practices which today are com-

monplace—were unknown. And what ghosts will hover over this coming convention! Of the men who were the chief actorsr in the 1919 gathering, only Mr. King, it seems, remains. Charles Murray and Andrew Haydon who organized it, George P. Graham, W. S. Fielding and D. D. MacKenzie, candidates for the party's leadership; Ernest Lapointe, who leaped to fame during its session; Lomer Gouin and George Murray, who acted as its joint chairmen-all are dead. Gone too are the fighting captains, veterans of the political wars, who brought color to its proceedings; the eloquent R. L. Calder who, in Highland costume, opened the first day's session with a stirring plea for unity; British Columbia's "Honest John Oliver" and Saskatchewan's redoubtable George Langley. What oratory there was-Ernest Lapointe, a new light in the Liberal firmanent, driving the delegates to a frenzy of joy with his invective against the Tories-"A Liberal is a Liberal because he loves somebody or something; a Tory is a Tory because he hates something or somebody"-Mackenzie King's peroration with its rousing tribute to Laurier (which ensured his election), Fielding's stirring speech in moving that King's election be made unanimous.

108 MILLION DOLLARS

... blessing or boomerang?

During 1948 Ottawa will pay back this tremendous total to individual Canadians in the form of refunds on 1942 Income Tax (Compulsory Savings) and as cash for War Savings Certificates maturing during the year. Some of this money may be coming to you.

EXTRA MONEY is always useful, and in homes across Canada these payments will be welcomed as valuable additions to income.

But the catch is that this additional spending power, if translated into immediate buying, would almost certainly drive present prices still higher and increase your own cost of living.

It is, therefore, wise, if your budget permits, to defer your spending, putting the money instead into the purchase of additional CANADA SAVINGS BONDS.

Never forget, the money you have coming to you as a Tax Refund, or as the proceeds from War Savings Certificates, is the fruit of your wartime saving effort. It represents a cash asset; think twice before you spend it.

Canada Savings_Bonds can be purchased over the counter at any branch of The Royal Bank of Canada. You can buy them outright for cash, or if you wish, use the proceeds of your government cheque as a down payment for bonds to be paid for by Instalments. The procedure is simplicity itself. Our nearest branch will look after all details for you.

"You'll never be sorry you saved."

DANGER OF WIRES-4,000-volt wires imperilled the lives and hampered the fight of Quebec City firemen to subdue a \$500,000 fire which destroyed the Mountain Hill Hotel, in which three lives were lost. "Very dangerous," said Fire Chief Rosaire Beaulieu of the ice-encrusted wires, shown here. "We couldn't get near the fire because of these wires until the current was cut off. Firemen are always in danger and their work is made harder as a result of overhead power lines." Chief Beaulieu and other Canadian fire chiefs have long urged removal of poles and wires to end a grave menace to public safety.

MUSIC PROPERTY OF PEOPLE

(Continued from Page One) City. I advised him to make a start in the provinces. He went to that town and took over the orchestra.

"I interested Stokowski in the orchestra and he agreed to make an appearance as a conductor. The eyes of Mexico were focussed on it and, as a result, today it is a sort of national conservatory, subsidized by the Mexican government."

Prince Chavchavadze expressed keen interest on learning that Prince Rupert, too, has a symphony orchestra that is held together by its members' love for music.

"It is a pity that we cannot give more aid to these groups," said. "Music, after all, and must find its inspiration

Fishing is a hobby of the 43year-old pianist. He has fished in many parts of the world but his favorite type is "trout or salmon with dry fly."

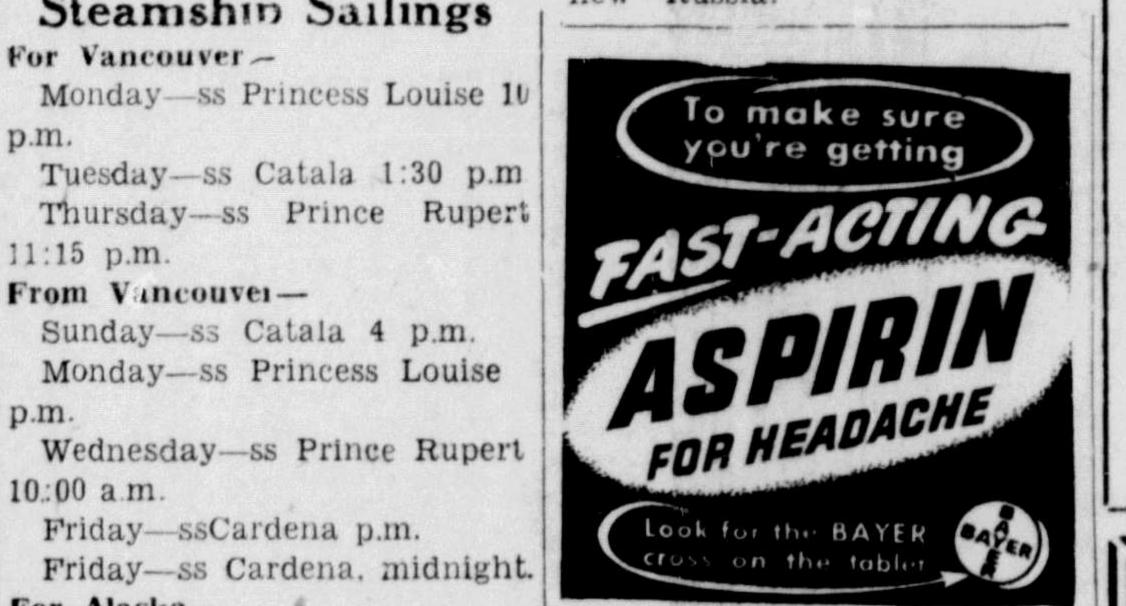

Once he caught a 300-pound lot of work but not much fun."

His current trip to Prince Ru pert is his first to the north
