

Ship Sinks At Shipyard Following Explosion

Firemen Walk Out Four U.S. Railroads

CHICAGO (CP)—Railway firemen went on strike today on four big United States Railroad systems. Federal mediators kept trying to halt the strike. It was the first major U. S. railway strike since the May 1946 strike of some 18,000 firemen. The strike is expected to cut sharply into the country's rail traffic. The strike began at 6 a. m. local time. Areas include Pennsylvania west of the Sandusky and Southern Railway. Spokesmen said some 100,000 railway workers would be made idle by the strike.

Lives Lost in Labano Fire

LABANO, Que. (CP)—A swift fire, half of this town's inhabitants, was under control today. Morning rain put the fire out. The fire destroyed 300 houses and added to the loss of the homeless. There were 100 deaths.

Women, Children Asked to Leave Stricken City

WINNIPEG (CP)—Flood control authorities today recommended that many women and children be evacuated from the stricken city. The purpose of the appeal is to get as far as possible, as far as possible, to the relief camps. The appeal is being made by the Red Cross, the Salvation Army, and the United Church of Canada. The appeal is being made in the city of Winnipeg, which is being hit by the Red River and its tributaries. The appeal is being made in the city of Winnipeg, which is being hit by the Red River and its tributaries. The appeal is being made in the city of Winnipeg, which is being hit by the Red River and its tributaries.

HISTORIC AREA—Fort Beauséjour in New Brunswick was built by the French, between 1751 and 1755, during their long struggle with the English for possession of Canada, but before it was actually completed it was captured by the English. During the American Revolution in 1776 it withstood an attack by the invaders. After the war of 1812-14 it gradually fell into ruin and in 1926 it was established as a National Historic Park. This photo was issued by the Department of Resources and Development which maintains the National Parks and Historic Sites Service.

Flash Burner Causes Smoke Damage

SALMON NEARLY OVER
ASTORIA, Ore.—The spring salmon season on the Columbia River is dwindling away, packers and fishermen said today. Salmon catches dropped sharply over the week-end and are down to an average of 100 or 200 pounds a boat. Some fishermen have given up for the season.

SEATTLE—A jurisdictional squabble between two salmon cannery labor factions may tie up the Alaska salmon industry.

WELL SHAFT RESCUE
NEW YORK—Dominick Atteo was almost unconscious from pain and exhaustion as rescue workers toiled to rescue him from the bottom of a 20-foot well shaft. Atteo had been buried up to his waist for nearly 24 hours. One leg was pinned by a boulder.

WAIT ON OTHERS

TOKYO—Prime Minister Shigeru Yoshida told a press conference today Japan would consider outlawing Communists after it sees what other countries do. General Douglas MacArthur recently urged Japan to consider whether Communists deserve protection.

Four Rupert Boys Graduate Today

VANCOUVER—Awards to University of British Columbia outstanding scholars announced today included:
Holds of graduating classes: Governor General's medal (B.A. degree)—Robin C. Giles Thornton, Vancouver.
University Medal for Arts and Science (Humanities and Social Sciences, B.A. degree)—Margaret Ethel Smith, North Vancouver.
Convocation prize, \$50 (B.A. in Science degree)—John Wallace Colbert, Victoria.
Wilfrid Sandler Memorial Gold Medal (B.S.A. degree)—Robert John Young, Chilliwack.
Law Society Gold Medal and Prize (LL.B. degree)—Frank Urquhart Collier, St. James, Manitoba.
Prince Rupert students graduating were L. Gwynn G. Holtby, B.A. Sc. (Mechanical Engineering) Class 2; Peter H. North, B.A. Sc. (Mechanical Engineering) Class 2; John Kendall Breen, B.A. Class 2; Peter Postak, B.A. Class 2; Roy C. Paulson, B. Sc. in Pharmacy, Class 2.

B.C. Prepares For High Water

VANCOUVER, B.C.—British Columbia is taking heed to the flood suffering of her sister province—knowing an ominous cargo held high in the hinterlands can make it happen here. Many communities are preparing for the worst and disaster committees are mushrooming. The most recent snow survey report of the water rights branch of the Department of Lands says, "Peak flows of flood magnitude can be expected on most streams in the province" if the delayed run-off from the mountains comes in one giant rush. A prolonged hot spell would do this. The report says the situation is "very similar" to the disastrous flood conditions of 1948.

Forty Years Here

It is forty years today since Mr. Alex Mackenzie came to Prince Rupert, arriving here on the ss. Rupert City. He was born in Scotland, and prior to locating in this city lived for a while in the United States. Mr. Mackenzie who has just as much faith in Prince Rupert as ever, and feels confident a big city is gradually developing, has long taken an active and progressive part in the business and community life.

	22:22	18.4 feet
Low	3:50	8.0 feet
	15:57	6.6 feet

THE WEATHER

Synopsis
A weak weather disturbance has crossed over most of the province during the night. A few showers were reported in the interior and some rain fell on the coast. Sunny weather should prevail today and again tomorrow in the interior, while skies will be predominantly cloudy on the coast.

Forecast

North Coast Region—Cloudy with occasional light rain or drizzle today. Little change in temperature. Rain overnight and tomorrow morning. Cloudy with a few showers in the afternoon. Winds southeasterly (15) increasing to south easterly (25) tonight and shifting to south westerly (20) about noon tomorrow. Lows tonight and highs tomorrow at Port Hardy, 45 and 55; Sandspit and Prince Rupert, 43 and 52.

Four Prince Rupert Girls Are V.G.H. Nurse Graduates

VANCOUVER—Prince Rupert figured prominently in annual graduation exercises of the nurses' training school of Vancouver General Hospital Tuesday night which culminated in exercises for the 1950 class held at the University of British Columbia. The graduates this year include Miss Betty Pullen, daughter of Mrs. H. F. Pullen, Miss Audrey Hunter, daughter of Mr. and Mrs. G. A. Hunter, Miss Hilda Pottinger, daughter of Mr. and Mrs. J. W. Pottinger, formerly of Prince Rupert, and Miss Ruth Walton, daughter of Mrs. F. S. Walton, also formerly of Prince Rupert and now of Vancouver. The graduation exercises took place in the Armory of the University and the address to the 113 graduates was given by Rev. Dean Cecil Swanson of Christ Church Cathedral. Miss Elinor M. Palliser, director of nursing, presented diplomas and Mrs. A. C. Desbrisay, presented prizes. Following the exercises, a reception was held in Brock Hall. The scene was an attractive one centering upon the large group of young women proud of their new white standards, their newly presented medals and radiant each with their beautiful large shower bouquets of red roses. Parents and friends came from all parts of the province and some from other provinces to be in attendance. Other events in connection with the graduation week proceedings included a dance Friday evening in the Spanish Room of the Hotel Georgia when the graduates were honored guests of the board of directors of the Vancouver General Hospital. On Sunday evening the graduates attended Canadian Memorial Church in a body and were addressed by Rev. Dr. Gerald Switzer whose subject was "The Man From Missouri." On Sunday afternoon there had been a tea in the rotunda of the Nurses' Home with the head nurses and nursing staff of the hospital as hostesses for the graduates. One of the visitors to the graduation exercises was the mother of Miss Audrey Hunter—Mrs. G. A. Hunter, who is a graduate also of the Vancouver General Hospital. Mrs. H. F. Pullen was also present to see her daughter, Miss Betty Pullen, graduate,

One Hospitalized With Bad Burns, Others O.K.

Frank Cobbeart, about 46, an employee of Millard Cannery was seriously burned in a gas explosion this morning on the company seiner Point, Yoho docked at McLean's Shipyard at Seal Cove. Two other men were singed about the face and hands. About 25 vessels were in danger as the seiner burned. Cobbeart attempting to start the engine of the vessel, turned the key and apparently, just pushed the switch when the engine exploded. The blast lifted the hatches off the deck. Manager Bruce lauded the work of the Prince Rupert firemen and men who assisted. Vessels were moved away from the burning boat. Thick black smoke followed by spurts of flames spell doom to the vessel but it is expected the seiner can be salvaged as the structure will probably be still intact. The men were preparing the vessel for the salmon season up the Skeena.

House Defeats Red Outlaw Act

OTTAWA—The Commons, accepting the Government's claim that Canada's anti-subversive laws were adequate, yesterday rejected a Progressive Conservative move to outlaw Communism and other such activities as a threat to the security of the state. By a vote of 147-32 the chamber turned down the motion by George Drew for an amendment to the Criminal Code to make Communism and "other similar activities" a criminal offence. The vote ended a lengthy and far-reaching debate. C.C.F. and Social Credit parties voted with the Liberals.

Gordon Doing Thorough Job

JASPER—Donald Gordon, C.M.G., Chairman and President of the Canadian National Railways is doing a thorough job of his inspection trip of the western region. Arriving at Jasper today, he was met by Robert Summer-ville, general manager of C.N.R. hotel system and Harold Gunning, manager of Jasper Park Lodge. Together with vice-president Dingle, he made a careful tour of the Lodge and really had a good look at things. While standing on the first tee of the golf course, he got his great thrill of the trip when a mother bear and her cub ambled across the fairway. Suddenly the animals stopped and staged the most wonderful tumbling and wrestling act imaginable; Ringling Bros. would play a million for such a team. Leaving Jasper Mr. Gordon, accompanied by his son Donald, Jr., will find out what makes the wheels really go round as he will join Engineer Landell and Fireman Louis Broton on the engine cab and ride the engine from Jasper to Red Pass Junction, where the president's party will leave the main line to Vancouver and start for Prince Rupert.

SPRING BEAUTY—Pussy willows against a cloud flecked sky herald spring for the prairies. These are growing near Saskatoon where farmers are beginning to prepare land for grain crops. (CP Photo)

An independent daily newspaper devoted to the upbuilding of Prince Rupert and northern and central British Columbia. Published every afternoon except Sunday by Prince Rupert Daily News Ltd., 3rd Avenue, Prince Rupert, British Columbia.

Crisis of Western World

NOTWITHSTANDING the almost universal desire among all the Western Nations for peace, the dark clouds of war hover dangerously near. So low indeed that we are constantly engaged in the so-called cold war.

Fear, not of the enemy or of ultimate victory, but fear of war itself with all its horrible consequences to victor and vanquished is the nightmare of statesmen and people everywhere.

We are fortunate that the statesmen in the nations of the Western World exercise restraint and patience in the hope that ultimately the United Nations Organization will unlock the door to peace.

The most thorough preparations for defence are essential to guard against any sudden attack upon any of the Western Democracies. This is elementary common sense.

But there is, an equally important defence necessary against the insidious spread of Communist Totalitarianism. That is the strengthening of the economic power of every nation in the Western World, to the end that the peoples therein shall be so enriched by their increased production and by their trade and commerce, that the highest standard of living in the world shall be ensured.

The possibilities of economic development in the vast continental area controlled by Imperialistic Soviet Russia are immense. One needs only to look at a globe and see the tremendous area, potentially as rich and probably richer than North America, all of which can be actually producing wealth once technical knowledge and spare investment capital are available by the Soviet Union.

For that reason, we believe Soviet Russia will avoid actual war, but will continue and extend her efforts to maintain a nervous situation among the Western Nations hoping to create divisions, and hoping that economic paralysis may occur in any or all of these nations so that domestic situations will enhance the strength of the communists therein.

And what do we see in the Western Nations? Britain deflating its sterling in order to get dollars to buy food and raw materials, taxing herself to the breaking point and facing a bankrupt state were it not for the Marshall Aid which has helped with one hand to balance the budget, while the other hand of the dollar countries has maintained tariffs to stop or curtail imports of British goods.

Hence we find Britain unable to maintain her purchases of American cotton, tobacco and meat. Unable to maintain her purchase of Canadian meat, fish, fruit and lumber. What dollars she gets will first be used for wheat. By force of circumstances Britain must buy all she can procure from sterling countries.

This has already, or surely will soon bring on a bad situation in Canada. Unemployment is even now in some cities casting its dreadful shadow across. In the United States unemployment runs around 4 millions.

Boost in Wages OK'd by Council

A new wage schedule for city employees, prepared by the wage committee, was read at a meeting of city council Monday night. A stipulation in the recommendation, approved by members, was that "these be the final offers affecting unions having bargaining agreements with the city and that they be subject to acceptance not later than May 15 and that they be withdrawn in the event of non-acceptance."

Salary of the Fire Chief was hiked to \$270 per month plus living quarters and to \$265 for the assistant Fire Chief. The City Hall janitor was given an increase to 220 per month. Salaries of the city clerk, treasurer, engineer and telephone superintendent, were increased by \$25 per month.

The telephone operator supervisor was granted \$171.50 per month and the night supervisor, \$152.50.

Both inside and outside employees were granted substantial increases.

SANDBAGGING HOSPITAL—Soldiers of the Winnipeg area took over dyking operations when civilian workmen became exhausted, and kept flood waters from forcing seriously-ill patients and expectant mothers from the hospital at Morris, Man. By Monday morning, the soldiers had strengthened the dyke and increased its height above the level of the flood waters. (CP Photo)

Ray Reflects . . . and Reminisces

Prince Rupert was in the thoughts of many as the first flush of the gold fields fever in the north began to fade. The Pacific terminus of the second transcontinental was a new kind of deal. Yes, it did not beckon without response. Prince Rupert spelled more newness, rapid growth and substance.

One of the first to hear the call was Mr. Thomas Dufferin Pattullo, who served the embryonic city as alderman, mayor, legislative member, and who finally became British Columbia's premier. It was typical of Dawson's sordidness that they should call him Duff. Somehow, this fitted.

Peter Black also transferred his activities to the developing

northern centre a few hundred miles down the coast. Pete was flush of the gold fields fever in the north began to fade. The Pacific terminus of the second transcontinental was a new kind of deal. Yes, it did not beckon without response. Prince Rupert spelled more newness, rapid growth and substance.

Olier Besner was a seasoned northerner when he decided to locate in Prince Rupert. This was his home city for many a year. He hailed originally from Quebec. Like many another he made money, but unlike some, he didn't mind putting it back in Rupert, constructing business blocks at 3rd Avenue and 3rd Street, and at 3rd Avenue junction.

Max Heilbroner and the late Mrs. Heilbroner rank among the pioneers to settle here, travelling down from Dawson. They were through the height of the boom and had many interesting recollections and anecdotes of strenuous and picturesque times.

Customs responsibilities in Yukon when the great boom was on were not light, for anyone in the service. Jarvis H. McLeod, who first saw Dawson in '39 is well aware of that fact, having been on duty there for at least seven or eight years before moving down to Prince Rupert to take over the office of Collector. Here, he continued to fill the post until but recently when retirement became effective. His memories of the north are clear, and when he feels like it can regale his friends with many a tale.

Artist, designer and dealer in curios of the Arctic shores, Morte Craig, after several years of absorbing the atmosphere of Yukon and Alaska concluded he'd settled down in Prince Rupert. And here he stayed for many years. His studio was next to the corner of 3rd Avenue and Fourth Street. Mr. Craig delighted to chat with the numerous tourists, which put them in a purchasing mood, and incidentally helped spread the fame of the north. Not so long before he passed away, he made a tour of the Mediterranean.

You saw it in the News!

Two Tours Stopping Here During Month

Next week the s.s. Prince Rupert will be replaced by the Prince George in order to accommodate the Vancouver Board of Trade on the first leg of their journey through the northern interior. The ship sails May 15 from Vancouver and is due here the morning of May 17.

The week following the Prince George will be chartered by the Portland, Ore., journalists' tour to Alaska. They will be in Prince Rupert from about 11 a.m. until 2 p.m. daylight saving time, May 22, and continue to Skagway, Alaska, and way points. They will also call in here on their return trip May 27.

Waste Not Want Not. Many thrifty people keep only enough money in the bank to take care of their current expenses because they can get much better interest by investing money in Canada Bonds. They do not want to waste this extra interest and they know that there is no safer place to keep their money than in Canada Bonds which they can cash quickly any time they wish. Note Carefully: If you own First Victory Bonds—The Government has called First Victory Loan Bonds for redemption on June 15th. Interest stops on that date so be sure to arrange to cash your bonds and reinvest in the New Canada Bonds. Write or phone now to—Wood, Gundy & Company Limited 744 West Hastings Street Vancouver Telephone: Pacific 5531

**News of
Francois Lake**

Mr. H. J. Wilds of the Forestry Department, Burns Lake, addressed the Senior School Friday afternoon, stressing the value of the forests and their preservation. He also told of the start of various types of trees. The children enjoyed his visit and it is hoped that Mr. Wilds will be able to come again soon.

A yearling moose jumped in front of the school bus on Tuesday morning and galloped in front for about half a mile down the road, when it ran off into the woods near the Van Zanten farm.

Mrs. Holtz returned to her home Monday afternoon. She is not at all strong yet after her illness but is able to care for herself.

Don and Jack Lund are spending two weeks in White Rock with their family. Their sister and her five small children are leaving shortly for Japan and expect to be gone for two and a half years. Her husband is in the Army.

Peter Savage visited his aunt who lives in Sussex, England. Before his voyage is over he expects

to go to Japan and various other countries.

Meeting of the Ball Club was held at the home of Clarence Snyder Sunday afternoon. The following officers were re-elected: President, Sam Shaffer; vice-president, R. E. Lord; secretary-treasurer, Bruce Snyder. Clarence Snyder was elected manager. Fourteen members were present, and it is hoped to organize a league in this district this year.

**Grooming is Goal
Of City Baseball**

Baseball teams are busy putting on the finishing touches for the season's opener Sunday.

Last night the weather man smiled on Abel and Odowes team as he swept the air of rain after a constant drizzle all day. The team is shaping up well as far as such an early-season forecast can go. They have some excellent raw material and should be able to whip it into a fairly formidable unit before the season is very old.

Tonight the Commercial hotel team is having a work out. Their basic material is also good. They

GOAL-MOUTH SCRAMBLE—Regina Pats' Centre Paul Masnick gets an elbow in the face from Montreal Canadiens Kevan Conway as the two Memorial Cup contestants scramble in front of Canadiens net in the fourth game of the final series in Montreal May 4. Pats won 7-4 leaving Montreal with a 3-1 lead in games in the best-of-seven series. Goalie Roger Morrissette is out in front while Don Marshall guards the net. Facing the camera directly is Kev Rochford and next to him is Ernie Roche both of Montreal. Number 13 with back to camera is Pats' forward Gordie Cowan. (CP Photo)

should offer a noteworthy entry team remains the black horse into the league this summer. Meanwhile the Watson Island

There is a strong feeling around town that they will come up with a strong team, too. How strong, no one is yet in a position to know. But if spirit means anything they will be a team to watch.

**Council, Chamber
Talk Road Repair**

Roads came in for discussion at the regular meeting of Prince Rupert City Council last night when a committee from the Chamber of Commerce asked what was being done or what could be done in the way of repairs along the route from the city limits along Shawatlans Road to Frederick Street, along Frederick to 11th Avenue, on 11th to McBride, along McBride to Second Avenue.

President L. M. Felsenthal of the chamber said the chamber wants to know if a workable solution to the black topping of that route could be arrived at. He said he had been advised City Engineer Don Stewart and Provincial Engineer Halford W. Stephens had been conferring on the matter. He suggested if Mr. Stewart was unable to handle the work, he might find co-operation from the Department of Public Works.

His Worship Mayor Rudderham said the Provincial Government had agreed two years ago to take over the route under discussion and that Mr. Stewart had turned in estimates of the cost to Mr. Stephens.

Ald. George Casey said the government had removed itself from responsibility for the route because some one professing to speak for the city favored the Prince Rupert boulevard route. He added that any one speaking to the government for Prince Rupert was exceeding his authority and the government was taking advantage of the excuse to leave the highway out of their estimates. He said it should be pointed out to the government that at no time has the boulevard been considered by the council as the arterial highway into the city.

J. D. McRae, who was present at the meeting told the council that at no time had he spoken for the City Council on roads. The estimates were already made up when they arrived at Victoria.

Ald. T. B. Black said the council had passed a resolution favoring the route as outlined above. The situation of little money for roads in municipalities was general throughout the province. He hoped some arrangement could be made to have 11th Avenue done. Efforts against the City Council were not helping any, he declared.

Mr. Felsenthal then said the policy of the Chamber of Commerce was to make suggestions rather than criticize and that he had given suggestions on different matters to members of both Provincial and Dominion Houses and the suggestions had been regarded as having been given in a helpful way. He wanted the council to feel the same about suggestions the chamber was putting forward. Ald. T. B. Black suggested that people who went around making unauthorized suggestions often brought carefully laid plans to nothing.

Ald. Frizzell reported that when he met with the Minister of Public Works he had been told there would be little money spent on roads in municipalities this year. He said he had told what the city had done and that Victoria was willing to co-operate. Nothing had been put in the estimates for roads in Prince Rupert. He then went on regarding the Chamber of Commerce's suggestions. He said the April meeting was reported as having discussed a proposed new route for the highway through a section suggested for a housing development but the council had not been informed of the Chamber's suggestion for a different route. He quoted a clipping from the Daily News of that time. "That feeling gets to Victoria and it hurts," he added. He felt the chamber was remiss in not informing the council of such discussions.

When the point was brought to his mind, Mr. Felsenthal recalled a discussion about a rumor to the effect of a change in route but said there had been no decision made.

The Chamber of Commerce delegation was told everything possible would be done to have the roads mentioned repaired.

TORONTO — Twenty-nine horses were listed yesterday as eligible for the King's Plate May 27. The list of survivors includes E. P. Taylor's colt, Bob Vivant about whose chances there is considerable doubt.

**B.C. Pulp, Paper
Demand Growing**

VANCOUVER—British Columbia pulp and paper may soon be in demand in the world's sterling areas again as a spokesman for the industry said today. R. M. Fowler of Montreal, president of the Canadian Pulp and Paper Association, said in an interview that Sterling areas can not produce enough paper to satisfy the growing needs. They are now enquiring into the Canadian market. British, Australia, South Africa and South America have

all shown renewed interest in Canadian pulp. Exports, cut by dollar difficulties, can be expected to resume. Europe with her growing economic stability, is using more and more pulp and paper, Fowler said. The United States demand for the Canadian product is up eight per cent this year over 1949's record shipment.

Department of Lands and Forests
Petroleum and Natural Gas Control

Notice of intention to apply for Petroleum and Natural Gas Permit under the "Petroleum and Natural Gas Act, 1947."

In the Land Recording District of Prince Rupert, and situate in un-surveyed Territory:

How to brighten meals with HEINZ 18 FAMOUS SOUPS

Hints for lunches, dinners, suppers, snacks

What a wealth of wonderful eating—what a range of wonderful flavours! All Heinz Soups—every single famous one—are now in full supply to add exciting new enjoyment to the meals you serve your family and friends. 18 distinctive varieties—each an individual masterpiece—are now ready-to-hand in grocery stores. Hearty soups, light soups, cream soups and clear soups—choose the ones you fancy from the luscious line-up below. The following hints tell you how, when and where Heinz soups can be fitted into your menus.

CREAM OF TOMATO SOUP—The mellow, glowing soup that's such a general favourite, so mildly spiced because it's the quickest sauce, the most versatile ingredient, the handsomest dress-up she has on her pantry shelf.

CREAM OF MUSHROOM SOUP—Flushed with lovely natural mushroom colour, lavish with tender mushroom pieces—a soup that is tempting and special, full-bodied and deeply satisfying. For a marvellous quick sauce just heat it and add a dash of cream.

CREAM OF CELERY SOUP—The stired and finely cut celery gives such full-bodied flavour that more than the usual soup-*tin* of milk may be added and the result will still be rich enough for most tastes.

CREAM OF RICH PEA SOUP—Creamy smooth, lightly seasoned, with the fragrance of fresh-shelled garden peas and good country butter—perfect for a guest luncheon or a family meal. It's every body's soup!

CREAM OF GREEN VEGETABLE SOUP—Young tender vegetables from the sunny garden lands around Lemington, cooked and finely sliced and made into a unique soup. With cheese sandwiches, a perfect luncheon!

CREAM OF CHICKEN SOUP—Famous for its buttery richness, its deep chicken flavour with the bits of celery, its generous chicken pieces. Superb eating! Combine it occasionally with Cream of Mushroom—a wonderful blend!

CHICKEN NOODLE SOUP—A light broth, the chicken flavour clear and true, the pieces of chicken and the noodles tender and tempting. A delicacy that appeals to every taste.

CHICKEN GUMBO SOUP—A hearty soup that is a light meal in itself—a dinner soup in the grand manner—or just the hospitable Southern note to start an otherwise cold supper.

BEF NOODLE SOUP—Old-fashioned, simmered beef stock with diced beef left in the clear broth, bright carrot and parsley flecking it brilliantly, plenty of ribbon-like noodles; delicate, nourishing.

VEGETABLE SOUP—A savoury, substantial soup combining 14 different vegetables, fresh-gathered at their best moments, cooked with meat stock, zestfully seasoned, and with the alphabet macaroni that children love.

VEGETABLE SOUP WITHOUT MEAT—Fresh, fine flavours of 14 vivid vegetables, appetizing colour of sun-bright tomatoes in the stock, mild seasoning, alphabet macaroni—a grand soup for the school lunch kit, for quick meals any time.

SCOTCH BROTH—A grand old-fashioned soup that smacks of the heather and the heath... sturdy mutton broth with plenty of meat, vegetables, and, of course, barley—a "growing" soup for children, fine fare for all the family.

CLAN CHOWDER—A meal in itself, with the sea-food flavour predominating, tomato given great importance, diced potato as expected, and sweet peppers contributing smoothly to a grand blend of flavours.

MOCK TURTLE SOUP—Different, distinguished, a special-occasion soup which the hostess will choose for a smart dinner because of its hot, spicy, distinctive character. Its zest makes this soup for use in making casserole dishes, too.

OXTAIL SOUP—Promising aroma, deep red-brown colour and rich savoury appearance—then real ox-tail flavour, the touch of excitement so many meals need; a super ingredient for made-up dishes, too.

PEPPER POT SOUP—A hearty, he-man soup—sturdy enough for the main dish at luncheon or supper; a rich broth full of savoury solids—tender white meat, succulent vegetables, all seasoned by a knowing hand.

BEAN SOUP—Hearty, stick-to-the-ribs fare—those famous Heinz beans, whole, tender, well-cooked and supported by savoury bits of smoked pork, in a rich golden-brown stock.

PURE MONGOLE—A soup of distinction, quite special in character. Split peas, smoked pork and tomato give it heartiness and the charm of novelty. Fine family fare.

For flavour and freshness and nourishing goodness, there's nothing to equal Heinz Soups served alone. But from the descriptions above, you can readily see why Heinz Soups also lend themselves to so many cooking uses. They play a superior part as basic ingredients in a host of delicious, inexpensive and easy-to-prepare dishes—everything from souffles to meat pies. The Heinz booklet "57 Ways to Use Heinz Soups" gives you the recipes. Ask for it at your dealer's. When shopping, look for the happy Heinz Chef—the sign of the Heinz Soup Department.

Seen At... Civic Centre

The next meeting of the bridge club will be on Friday of this week and will be held in the ladies lounge instead of the usual bridge room.

All the members of this club are invited to attend these last two evenings of bridge as a large attendance tends to lend interest to the event.

The afternoons of this week will be set aside for the sale of leather and leathercraft equipment at the Civic Centre and anyone wishing to pick-up what they ordered earlier in the season will be able to do so now as all back orders have been filled.

The final evening will be a social and the date will be announced in the near future and all adult members of the craft classes as well as the volunteers who helped so generously during the Hobby Show are invited to an evening of colored slides presented by Mr. Kujander. Refreshments will be served afterwards.

SPRING is the time of year that a young man's fancy lightly turns to thoughts of what his girl friend has been thinking all winter.

Crescent Granted Orange Sale Brings \$300

It looks as if Crescent Shows will visit Prince Rupert after all. A few weeks ago the Civic Centre and the Shrine Club of Prince Rupert commenced a verbal battle in City Council chambers on the topic "Should the Shrine Club Dates be Granted?" Previous to this meeting, the Shrine Club was given permission to hold a carnival from June 30 to July 8. But when they informed council that it was not possible to stage a show on those days and requested a change in dates to July 20 to 29, the Civic Centre stepped in.

The Civic Centre argued that the Shrine's dates were too close to the Centre's carnival dates of August 19 to 26. "We feel we need adequate protection previous to our dates," they said.

Both the Shrine Club and Civic Centre argued that they were worthy organizations. Aldermen sympathized with both organizations but leaned over to the Civic Centre's side as it was a community enterprise and worked for the city throughout the year. "Protection should be given to it," they said.

Then, a wire dated April 20 made its way to the City Clerk H. D. Thain from Henry Meyerhoff of Crescent Shows. Very blunt and straightforward, it said, in part:

"... these two differently operated fairs will not conflict; or does the Civic Centre want to hog it all? IMPOSSIBLE to change Crescent Shows dates, and if you do not give Crescent permission, why, we will have to pass up Prince Rupert."

Well, as nothing is impossible these days, Mr. Meyerhoff will bring his midway to the city on the previously designated dates—June 30 to July 8.

C. A. Berner, secretary of the Shrine Club informed council Monday of this move in a letter read by the city clerk.

Alderman H. F. Glassey said "But Port Day falls on July 1."

Apparently the Mayor and other Aldermen thought another argument would be just too much and granted the dates.

See you at the carnival kiddies.

MARKETS

(There may be variations in prices in various stores depending on whether special or standard qualities are listed.)

Fresh Fruit	
Bananas, cooking 3 lb.	25
Fancy Macs, 3 lbs.	35
