## Protest Rising Against Sales Tax In B.C.

### Municipalities, Labor and Merchants Protest

#### Hue and Cry Over Three Percent Levy Proposed in Yesterday's Budget

VANCOUVER (CP) — Mounted wave of protest was indicated today over British Columbia's proposed three percent sales tax as municipal governments, labor unions and merchants lined up in opposition to the new levy. Merchants throughout the province have wired protests to George R. Matthews, secretary-manager of the British Columbia Retail Merchants' Association. Most of the merchants protest the extra expense of collecting the new tax.

Mayor Percy George of Victoria, vice-president of the Union of British Columbia Municipalities, said his organization considered the allotment of only one-third of the tax to the municipalities "completely unsatisfactory."

Labor protests have been wired to Premier Byron Johnson and the British Columbia Federation of Labor plans a lobby to Victoria.

In a \$77,000,000 budget to propel growing British Columbia through 1948-49 fiscal year, Finance Minister Herbert Anscomb placed before the Legislature at Victoria yesterday the recommendation that approval be given concurrently to a three percent sales tax on everything but essential foodstuffs.

Mr. Anscomb said the sales levy's estimated \$12,000,000 yield would be harvested by the province's low income groups through increased social services.

The Minister of Finance proposed that the municipalities receive for their own purposes a grant equal to one-third of the sale levy's net revenue, about \$4,000,000, the remaining two-thirds to be devoted to social services, health and welfare and old age pensions.

### HOTEL BLAZE IN VANCOUVER

#### Twenty Guests Flee in Night Attire—Fireman Injured

VANCOUVER, (CP) — In a second early morning fire here today 20 guests fled their rooms, many in night attire, from the Washington Hotel in the east end. The fire started at the top of an elevator shaft. Guests escaped unhurt but a fireman, George Hill, suffered hand cuts from breaking glass. Property damage was light.

### Congress Is Split

#### Unlikely Truman Will Get All He Wants in Building Up Military Strength

WASHINGTON D. C. (CP) — United States Congress split down the middle today on President Truman's plan for storing up American military strength with universal training and revival of the draft. Party labels were lost in the shuffle as leaders divided over the two measures which Truman said were needed to flex the muscles of the country that has become the principal protector of the free world against communism.

The upshot seemed to be a trend toward giving the President one—but not both—laws for raising manpower. Universal military training looked like a slightly better bet. (Under universal military training youths around 18 and 20 would be drafted for military training but would not be in the armed services.)

Under arms in the regular United States services (army air force and navy) there are now 1,392,000 men. The total authorized strength is 1,732,000.

By contrast the Russians have some 4,950,000 actually under arms, according to most recent estimates.

United States services have been unable to maintain strength through voluntary enlistments.

Moscow recently announced a plan to discharge all except the 1926-27 classes of soldiers but military men said here the Soviet would still have a "far larger" army than the United States.

### BIG FIRE AT JERICHO CAMP

#### Army and Air Force Suffers at Vancouver as Result of Early Morning Blaze

VANCOUVER, (CP) — A two-alarm fire of undetermined origin early today destroyed the officers' mess and small arms shed of the Jericho Army and Air Force camp in the Point Grey district. Damage is estimated at \$250,000. Twelve Army officers escaped uninjured but lost all their belongings. Explosion of shells in a shed prevented firemen from approaching to extinguish the blaze.

The mess building was formerly the club house of the Jericho Golf and Country Club.

### First Baby In New Hospital

TERRACE — Yesterday afternoon the first baby was born in the fine new ten-bed Red Cross outpost hospital at Terrace which was officially opened Tuesday. It was a fine seven pound-two ounce son for Mr. and Mrs. Kenneth Kerr. He arrived at 2:05 p.m. and his name is Richard Alexander. The father, who was himself a Terrace child, served overseas with the Army and is now engaged in farming at Terrace. The mother is a Toronto girl.

### NO TRUCK WITH REDS

#### Truman Scorns Wallace and "His Communists"—Would Lose Rather Than Join

NEW YORK, (CP) — President Truman says he would not accept support of "Henry Wallace and his Communists" even if his refusal meant his defeat in the election.

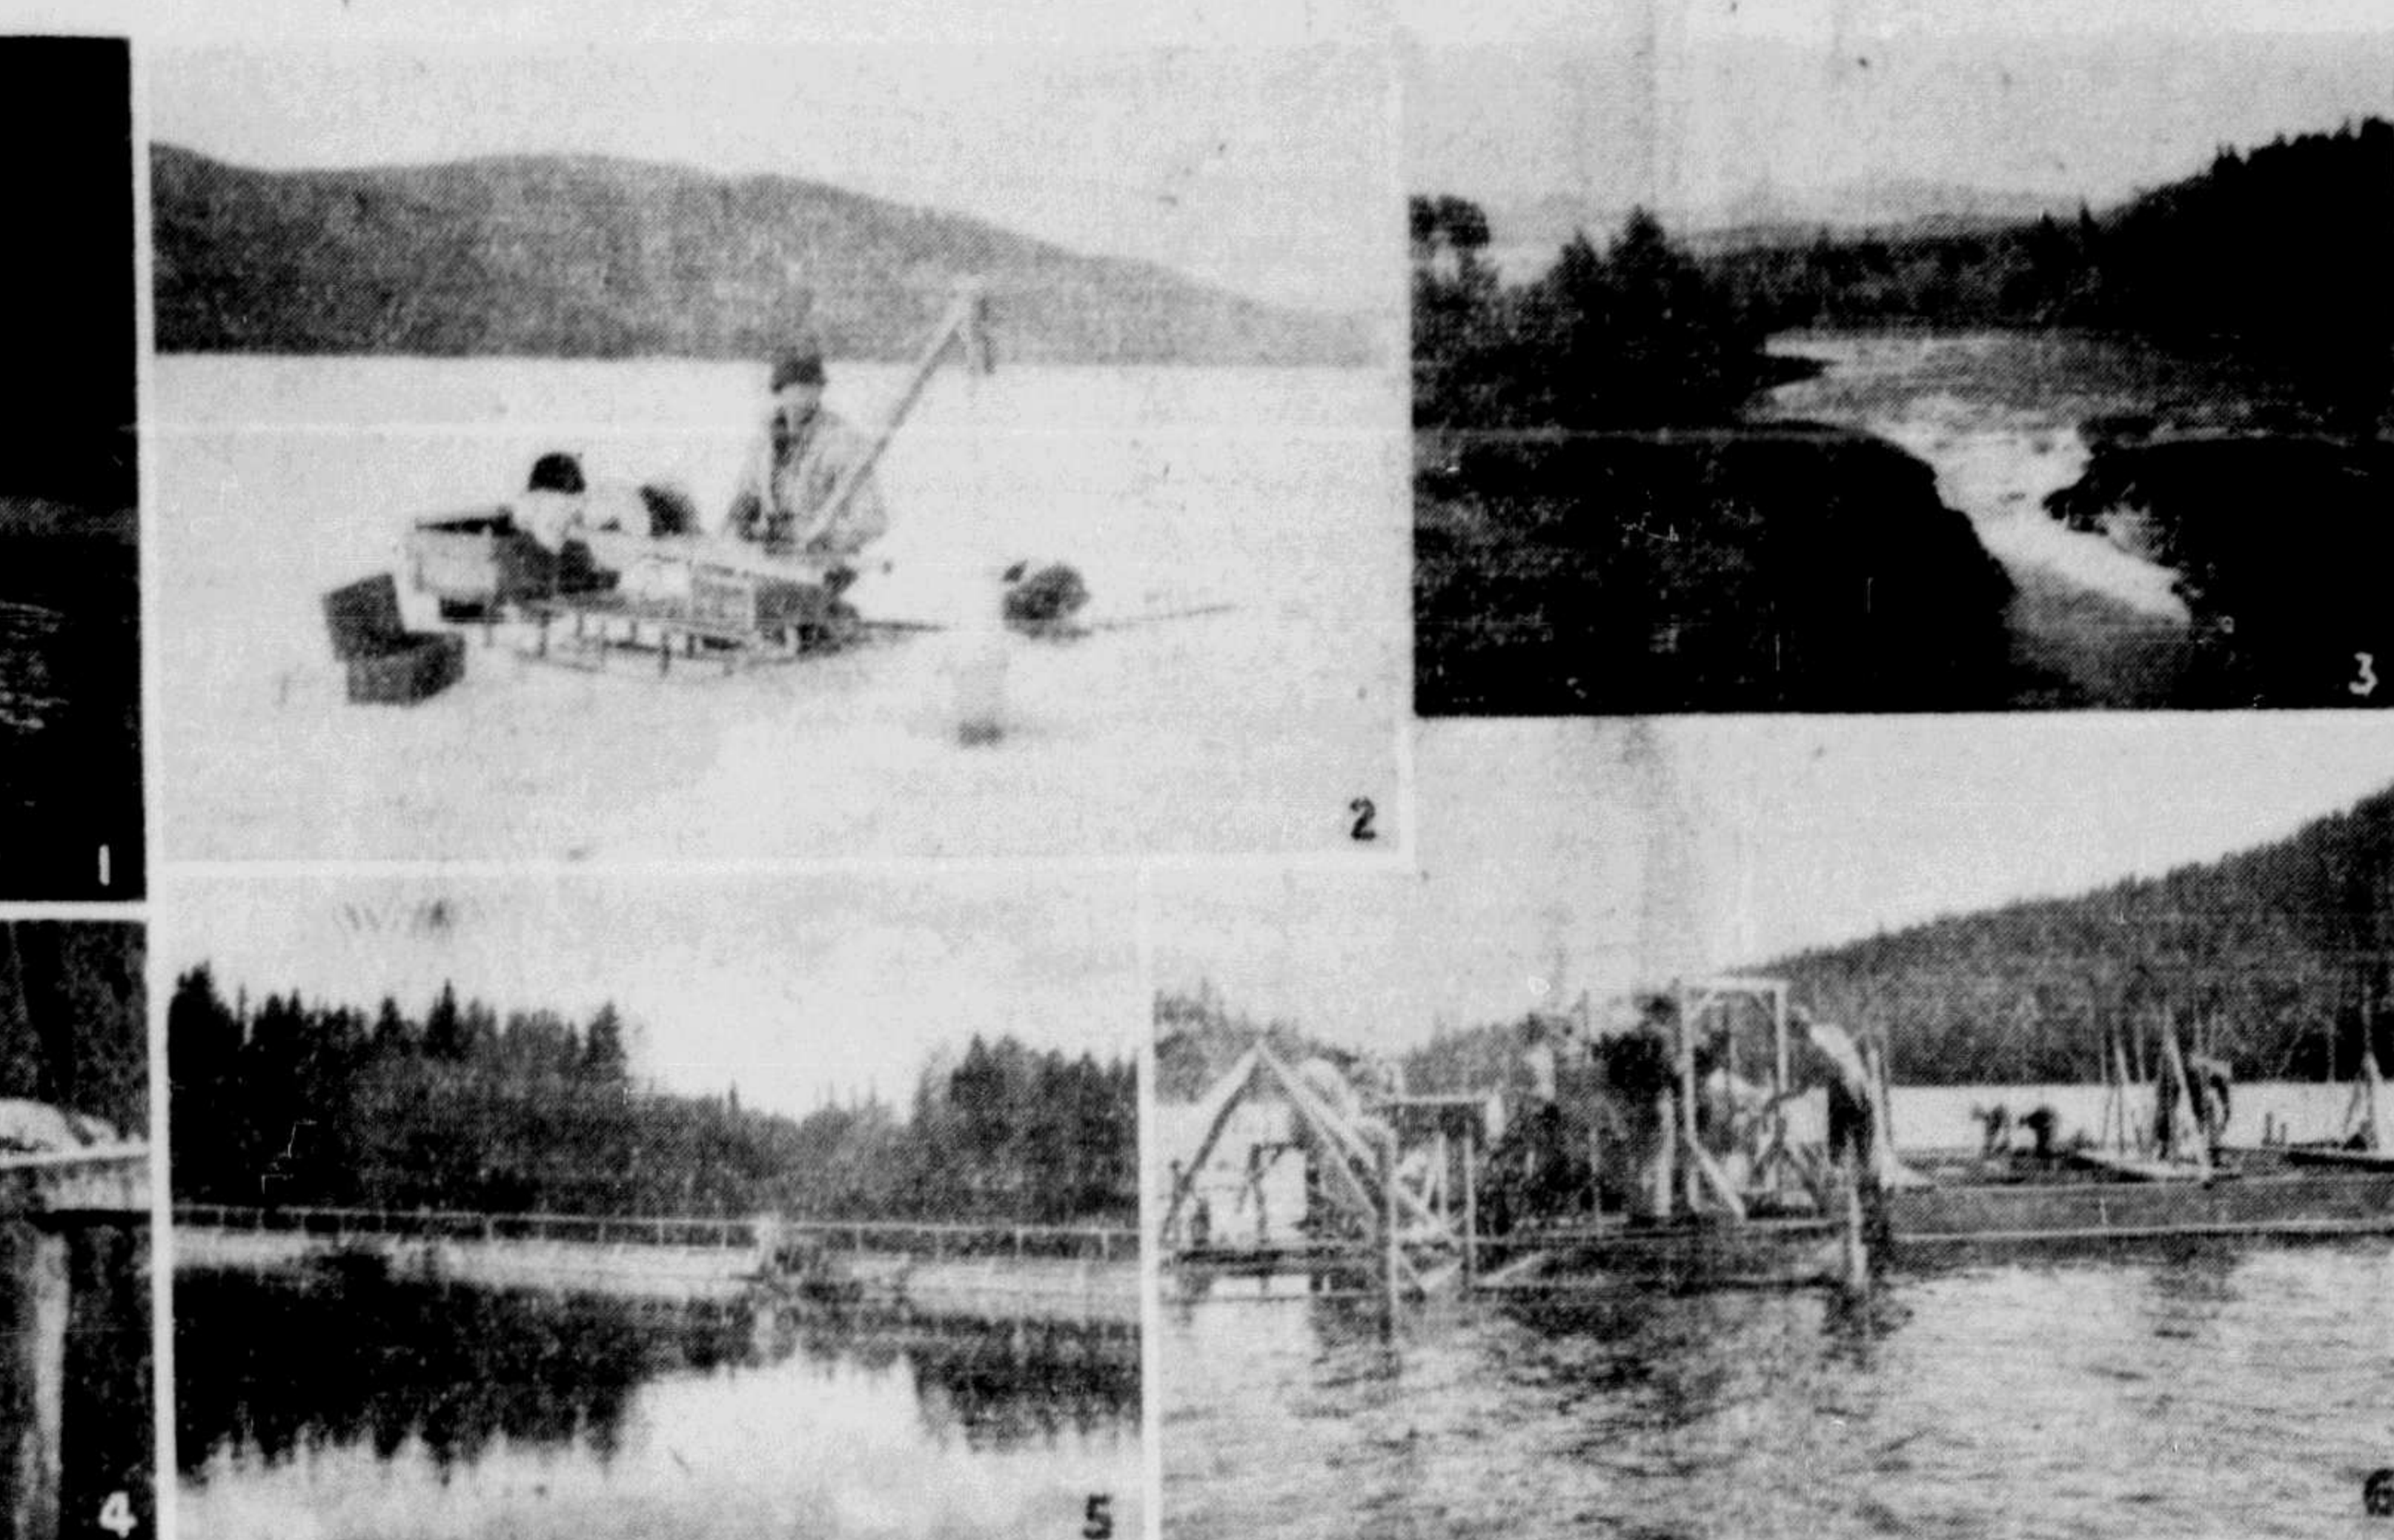

"If joining them or permitting them to join me is the price of victory, I recommend defeat," he declared at a St. Patrick's Day dinner last night.

### Marine Inspection Is Held Too Strict

JUNEAU — The Juneau Chamber of Commerce has adopted a report backing up the small boat owners of southeastern Alaska in their protest against the too rigid impractical enforcement of marine inspection by the United States Coast Guard. It had been the custom, in many cases, to grant waivers, due to the fact that former officers realized how waterborne commerce is regarded as the life blood of the area and, if they did not follow a reasonable attitude in the granting of waivers, undue hardship would be worked on both small boat owners and on those living in the areas served by such craft.

### HOUSE RENTALS STAYING PUT

OTTAWA — There is no immediate likelihood of an increase in residential rentals announce high government officials. The matter has not even been under discussion other than when control, covering all services, would come up periodically for review.

FINDING OUT ABOUT SALMON—Some interesting pictures in connection with research work designed to stave off decline of fishery. (1) Khtda River, lower Skeena, August 21, 1946, looking downstream from a spot about 3 1/2 hours hike up from juncture with Skeena, good spawning bed; (2) Lakelse Lake, setting plankton net, winter 1946. (3) Moricetown Falls and background as seen from bridge; spring salmon drying at Bear Lake, 49 fish. (5) Babine fence 1946. (6) Operations at Lakelse Lake.

## Salmon Fisheries Research in This Area is Entering Last of Four Years

To complete a four year program of economic research work to answer the specific question of what caused the decline of the salmon fisheries in the Skeena River system and what methods may be used to rectify it, scientists of the Fisheries Research Board of Canada from the Pacific Biological Station at Nanaimo will be in this area again before long to organize the final year of their investigations which have been in progress for four years. First to arrive will be Dr. A. L. Pritchard—senior biologist, and J. R. Brett, who will again be in charge of lake and field survey work. J. E. Milne, who looks after statistics as well as the Indian fisheries, will arrive later in the season.

While to some laymen, the work that Dr. A. L. Pritchard, senior biologist from the Nanaimo station, and his assistants have been carrying on these several years may seem to have been somewhat abstract, the fact is that there has been a definite objective, as suggested above, in this "first real attempt" by the Fisheries Research Board to put the salmon fishery on a purely management program—a program of economic research designed for practical application in conservation of the fishery.

### HERRING OUTPUT ON B.C. COAST

The herring canneries of British Columbia have to date 1947-48 turned out 1,245,175 48-pound cases. This pack compares with 1,622,759 cases produced at the same time date in 1947. In the latter year, herring fishing was suspended in February.

### GAMBLER'S WIFE TAKES OWN LIFE

ANCHORAGE — A verdict of suicide has been returned in the death by shooting of Mrs. Irene Yanson, aged 34. The husband of the dead woman testified she was despondent because of his gambling. She left a note, saying: "I wish they would shut down gambling all over the world."

### General Browne, Prince Rupert's First Scoutmaster, Passes Away

Prince Rupert's first scoutmaster is dead. He was Maj. Gen. Beverly Woon Browne, 63, assistant national commissioner of the Canadian Red Cross Society and chairman of the Canadian Army benevolent fund, who passed away yesterday in hospital in Ottawa.

Gen. Browne, in the very early days, in partnership with E. Flexman, conducted a furniture store on Second Avenue next to Alex McRae's print shop. He and Mr. Flexman organized the first Boy Scout troop here and they met in the little old Anglican Church at the top of Centre Street.

Mr. Browne attained distinction overseas in the First Great War and became a general at the first of this war. For some time he was quarter master general.

### REACTIONS IN EUROPE

LONDON, (CP) — Europe divided along familiar lines today in reaction to President Truman's preparedness speech of yesterday. Non-communist newspapers hailed it generally as a forthright statement in defence of freedom against communism. Communist newspapers for the most part took the line that it was threatening talk intended to create war panic.

### 'TEEN-AGERS IN SERVICES

#### Navy, Army and Air Force Colleges to be Opened Up to Them

OTTAWA, (CP) — The armed forces will open the doors of two service colleges next September to some 500 High School 'teen-agers to begin training as officers of the Canadian navy, army and air force.

Opening the first full year's operations, the two colleges will incorporate the latest in training methods and a variety of subjects in line with new discoveries in warfare.

### Fishermen Protest High Price of Gas

JUNEAU — The United Trollers of Alaska recently addressed an open letter to the oil companies in the territory protesting on the increased cost of gasoline. The fishermen say their operating margin of profit is so narrow they cannot absorb any higher expense and the inevitable result will be to raise the price on fish to the consumer.

### TWO MEN DEAD IN ARMY CRASH

#### B-29 Comes to Grief While Landing at Tampa, Florida, From Spokane

TAMPA, Florida, (CP) — Ten men were killed and four injured early today when a B-29 from Spokane, Washington, United States Army air base, crashed and burned while landing at Maddox Field here. Four survivors were admitted to base hospital. Their condition was described as good.

The bomber was coming in for a landing in a dense fog when it hit the edge of the runway on the southwest corner of the field.

R.C.N. AND R.C.A.F. CADETS COMPLETE MONTH'S TRAINING—It was a hard but exciting experience all the way for the 67 Canadian navy cadets who returned to Esquimalt recently, after a month's training in the cruiser H.M.C.S. Ontario and the destroyer, H.M.C.S. Crescent. The cadets from the combined R.C.N.-R.C.A.F. college, H.M.C.S. Royal Roads, near Victoria, B. C., returned to Esquimalt in the frigate, Antigonish when that vessel detached from the other two units of the West Coast fleet off the coast of California. Taking a "breather" after the frigate secured at her jetty are, left to right, Walter Tilden of Montreal, Vernon Marison of Vancouver, Pat Morton of Brandon, Man., and Bob Whyte of Shawnigan Falls, Que. Returning a day earlier were the 34 R.C.A.F. cadets who had 30 days' training at Trenton, Ont.

## It's The Sales Tax

WITH PUBLIC DISAPPROVAL already heard from many quarters and in the face of the opposition ever, of some of its own normal supporters in the Legislature the Johnson-Anscomb government is seeking adoption by the House at Victoria of the three percent sales tax. A light sugar coating in the form of exemption of foods and one-third of the proceeds to municipalities notwithstanding, this nuisance tax proposal, involving a visible impost for every purchaser and extra bookkeeping for every business, large and small, will no doubt, get a rough ride although there is little question but that it will get through. The budget would not have been staked to it had there been much possibility of its rejection and defeat of the government on a major matter of policy which this, of course, is. What the electors will have to say about it later on remains to be seen. That is where the gamble with the sales tax will be really reckoned and there will be plenty of capital made of it in the meantime.

In fairness to the government, however, it might be observed that it had acceded to the demand for greatly increased expenditures on social services, which otherwise the municipalities would have had to pay or there would have been none at all. There has to be money found to pay for these things and the government settles on the sales tax as what it considered the fairest, if not the most popular, means. The thing is that, if these services and aids were to be forthcoming, they must be paid for.

## RED CROSS CAMPAIGN

IT IS NOT a very good testimonial to the usual generosity and consideration of the people of Prince Rupert to worthy causes that the Red Cross drive in Prince Rupert should be dragging this year. Things may not be quite as bright in Prince Rupert at the moment as they could be, but nevertheless, there would seem to be really no good reason why the Red Cross drive should suffer or why the modest quota of \$3000 should not be easily and quickly raised. We would venture to say that the most of the people who would stall or evade the subscribing of a few dollars to the Red Cross would not find it hard to dig up the same amount for many another less worthy or less necessary pretext.

Maybe, after seeing the exemplification of the blessing which the Red Cross brought to a neighbor community—the fine little outpost hospital at Terrace this week—we are rather enthusiastic but, nevertheless, we would suggest to the good people of Prince Rupert that, if they fall down in their support of the Red Cross, they should be downright ashamed of themselves.

## WHY PICK ON US?

MAYBE IT WAS just a passing and ill-considered suggestion put forward to develop another point but we heard a radio speaker last night say something about the banning of the daily newspaper from the home because it contained crime news.

What we take objection to is even mentioning the daily newspaper as an outstanding medium of dissemination of crime literature. What about the movies, some of the comics, to say nothing of some of the terrible offerings that we see under lurid covers among the magazine racks of the book shops and news stands?

Why even mention the newspapers in this connection? The radio speaker might as well have suggested even some of the school text books. We do know, but probably she did not think, that, in the modern school room, the much berated and little appreciated daily newspaper is more and more becoming an accepted authority on contemporary history and general knowledge. Indeed, it is becoming a text itself, by and large, we would say, a mighty good one at that.

## BASIC DIFFERENCES

THE DIFFERENCE between the western world and the world of Lenin, Stalin and Co. is a basic difference. Clement Atlee does not often speak of Russia and its way of thought as directly or as colorfully as he did to the students of Oxford. He said: Communism has been "bred on this continent in an atmosphere of authoritarianism, and brought to flower in the soil of czarism." Our way of life "has its roots in European civilization, in humanism, in Christianity and, in this country, in our British history. . . . We here are brought up on the basis of a civilization whose roots go back in the past. We are up against something which has no roots in the past which, indeed, tries to destroy the past."

There is the essential difference. There is no common ground between people who guide their lives by the traditions of a thousand years of history and religious belief and established custom and the people who discard these things; whose only background is the improvised judgments of inexperienced or upstart leaders, who have no past, nor any wish to learn from the past. That is a deep gap that will hardly be bridged in our day.

BARBARA ANN IN PARIS—Barbara Ann Scott, Canada's ice skating champion, who won the Olympics, is shown in Paris as she was received by General Vanier, Canadian ambassador to France.

## LETTERBOX

### WATER IN EARLY DAYS

Editor, Daily News:  
Referring to "Reminiscences" by "W. J." Prince Rupert did worry along for a short time without any water system. We certainly did but that was away back in the winter of 1908-9. There were six weeks of very cold weather and all the water was frozen solid with four feet of snow on top of that. We had to melt snow for water but we soon got tired of that. The next arrangement was to get a man with a horse and sleigh and a barrel fastened on the sleigh to haul water from Morse Creek and deliver it at the houses or shacks as they were then for which he charged 25 cents a bucket and we gladly paid for it. Twenty-five cents was the smallest coin in circulation here at the time.

WILLIAM MacKENZIE.

## JONES ACT DISCUSSED

Part of a page of the Toronto Globe and Mail prints a story over which appears a two-column head that reads as follows: "Prince Rupert's Appetite For Bigger Port Trade Starved By Jones Act." The writer is Harvey Hickey, and the story is dated Ottawa.

Reference is made to the special article on Prince Rupert in the Saturday Evening Post of February 7 and to General Pearkes, M.P., inquiry in Ottawa as to whether or not the government contemplated moving in the matter of the Jones Act.

Harry Archibald, M.P., is quoted as saying: "Either the Jones Act must be amended, or Prince Rupert's future depends on the natural resources in its hinterland."

In mention of construction of the cellanese plant, it is stated that once completed, expectation is that about three thousand will be employed.

## DR. LANE SPEAKER

### Booth P.T.A. Meeting Hears Interesting Address

An informal and interesting address by Dr. R. M. Lane of the Prince Rupert Health Unit on problems of health in the High School age group was enjoyed by Parent-Teacher Association members at the Booth Memorial School last evening. Dr. Lane gave a reassuring picture of general health among the high school students and made constructive suggestions as to how parents and teachers may best co-operate in promoting good health in the home and school. A brief question and answer period followed the address.

The meeting was entertained by Richard Tweed who gave two acceptable vocal solos with his own guitar accompaniment. An interesting short film was shown on the subject of marketing for the family.

During the business session the sum of ten dollars was voted toward the Canadian Appeal for Children fund, a special appeal for which was contained in a letter from the president of the Parent-Teacher Federation.

The meeting adjourned for a social half hour in the teachers' room where refreshments were served by a committee consisting of Mrs. A. S. Hamilton, Miss M. Anstey and Miss Townsend.

## Hotel..

### Arrivals

#### Prince Rupert

P. A. B. Coker, Vancouver; M. Van Duzer, Vancouver; G. A. Bailey, Cornwall, Ontario; J. C. Sanderson, Cornwall, Ontario; C. F. Mephon, North Vancouver; Mr. and Mrs. M. MacDonald, Vancouver; J. Cook, Vancouver; H. B. Phillips, Massett; K. Sage, Vancouver; A. Moreton, North Vancouver; N. O. Nelson, Vancouver; T. P. Fairbairn, Vancouver; W. G. Mackenzie, Vancouver; Capt. A. C. M. Davey, Esquimalt.

YOUR GIFT to the Canadian Red Cross enables you to bring help, comfort — life itself — to the needy and the stricken.

When disaster strikes, you are there with food, clothing and medical aid. In isolated districts where the doctor is beyond reach, you establish Outpost Hospitals. You provide free blood transfusions; set up additional blood donor clinics. You teach first aid, swimming and water safety. You operate Red Cross Lodges at Military Hospitals, so that wounded veterans have a place for recreation and for receiving their relatives and friends.

... You become a partner in all the missions of mercy carried out, in peace as well as war, by Canada's skilled, devoted Red Cross workers.

## Reach out a helping hand

## GIVE to the RED CROSS

SPACE DONATED BY THE ROYAL BANK OF CANADA

Your donation will be gladly received at any branch of this bank

## The Mark of Mercy

The Red Cross—mark of mercy—lightens the burden of millions of sufferers: those who bear the scars of war; handicapped children; disaster victims; the underprivileged. Your financial support of the Canadian Red Cross is urgently needed.

Won't you help?

## THE HOUSE OF SEAGRAM

This advertisement is not published or displayed by the Liquor Control Board, or by the Government of British Columbia.

**COURAGE, HEALING, LIFE ITSELF... TO OTHERS**

Worthy indeed of generous giving is the nation-wide work of the Canadian Red Cross. There are many thousands of ill and disabled veterans needing comfort and courage... isolated Canadian communities depending on Red Cross Outpost Hospitals... men, women and children needing life-saving emergency blood transfusions. And these are but a few of the deeds of mercy you do when you give to the Red Cross.

**1948 NATIONAL APPEAL**

The following appreciative Terrace business people urge generous support for the 1948 campaign:

- |                               |                                      |

**WHERE DOMESTIC TEAMWORK HELPS**—Threatened with sunburn as he takes over the job of putting the Dodgers through their spring paces at Ciudad Trujillo, Manager Leo (The Lip) Durocher is given a sun oil treatment by his movie star wife, Laraine Day. In the Dominican Republic capital, Prexy Branch Rickey announced there are no holdouts. All players are now in the fold or they are otherwise accounted for.

**Chicago Barbers Holding Prices**

CHICAGO—The master barbers of Chicago have rejected proposals to increase the price of haircuts from \$1 to \$1.25 and shaves from 65 to 75 cents, as inflationary. The secretary of the Master Barbers' Association stated that the barbers hoped, through taking a positive stand against increases, other business might be encouraged to follow such a precedent.

**WAR WOULD LAST ONLY SIXTY DAYS**

So Says General Eisenhower of Next World Conflict

WASHINGTON—Should war ever come again, the first 60 days will decide the outcome, said General Dwight Eisenhower. He said this, in his farewell as Army Military Chief of Staff. He declared:

1. If the western European countries were to become pawns of totalitarianism, America's security would be in dire danger.
2. If the democracies of the Mediterranean area should fall and that corridor between east and west were blocked "the effects would be instant and catastrophic. War in such case, would be close to us."

There is need for a system of major and alternate or secondary bases around which can be organized first, our own defence against air attacks, and next, our retaliatory counter offensive.

"The Sublime Society of Beef Steaks" was established in London in 1735 by an actor. Its members dined on steaks in a theatre.

**DEVELOPING OF ALASKA**

More Important Than Statehood, Declares Senator Butler

Senator Hugh Butler, chairman of the powerful United States Senate committee on public lands, as well as chairman of the interior and insular affairs committee recently stated that the most important Alaskan question is not statehood but development of the territory. He has a six-point program. The points are:

1. Means be found for cheaper marine transport.
  2. Canadian ships be permitted to carry passengers and freight between Alaskan ports and to them.
  3. Settle the aboriginal rights question to clear title to lands.
  4. Stimulate tourist industry.
  5. Construct as many roads as possible.
  6. Revise land laws and tax structure.
- Senator Butler and other American public men toured the north about a year ago. Senator Butler was in Prince Rupert.

Order Made in United States Because of Coal Mine Shutdown

WASHINGTON, 0.—The United States government today ordered a 25 per cent reduction in passenger train service in the United States because of the coal mine shutdown. An Office of Defence Transportation order is effective midnight Sunday, March 21.

**New Swedish Ship is Luxury Liner**

The new Atlantic liner "Stockholm," which arrived at New York last week on her maiden voyage, is equipped with hot and cold, fresh and salt water. Instead of port holes, are large, rectangular windows, giving a wide vista of the ocean. Ceilings are painted in light hues. Furniture is mahogany. All corners are rounded, to make dusting easy. The smoking room and bar are dominated by a series of vivid murals. The painting in the verandah cafes are light beige. The first class dining saloon is placed well forward. Tourist dining room extends across the entire ship. Walls are sycamore, with gold hued upholstery.

**THREE MILLION FOR DIPLOMATS**

OTTAWA—It cost \$2,887,305 last year to maintain Canada's 96 diplomatic representatives and their offices and staffs in 32 foreign and commonwealth countries, it was disclosed in a government return tabled in the House. The biggest expenditures were in the United States, Britain and France.

**CLERGYMEN ARE FORGOTTEN MEN**

TORONTO—Bitter attacks on clergymen's salaries were launched at a conference of the United Church here. Plenty of clergymen were termed "forgotten men." Salaries, it was asserted, had been unchanged since pre-war days. This was called "a national tragedy."  
In only three churches were ministers given increases that might be termed substantial—from \$50 to \$800 per year. In six other churches any increases were almost negligible. Others stayed stationary or were reduced.

**HIGHER RENTS BEING SOUGHT**

OTTAWA—Canadian landlords are preparing an appeal to the Minister of Finance for a higher level of rentals. This has been disclosed by W. Leclair, president of the Canadian Property Owners' Association. It will be made within three weeks and will be placed before Mr. Abbott by a delegation representing sixty property owners' associations across Canada. What increase the landlords want is still to be determined.  
"It is perfectly obvious an increase is necessary in all fairness," remarked Mr. Leclair. "Wages are up, hours of work are shorter, oil, electricity and coal costs are higher and maintenance charges generally have advanced."

**ST. PATRICK'S TEA AND SALE WELL ATTENDED**

St. Patrick's Day tea and sale held in the Catholic School Hall Wednesday afternoon under sponsorship of the Catholic Women's League, was well attended, as was the card party which followed in the evening. General convener was Mrs. Walter Lahti, C.W.L. president.  
In charge of the tea room were Mrs. L. M. Shannon and Mrs. N. R. Young, assisted by Mrs. J. Bruce, Mrs. Wick, Mrs. Martin Schwab and Mrs. J. Basso. Pouring were Mrs. L. Blain, Mrs. J. Gillis, Mrs. W. F. Glassey and Mrs. J. A. Smith.  
Serrivours were the Misses Margaret Doiron, Gail Shannon, Irene Schwab and Margaret Gibson.  
Mrs. C. P. Balagno and Mrs. J. Forman were cashiers.

The novelty table was directed by Mrs. L. Blain, Mrs. Schaeffer and Mrs. S. Turcotte. Mrs. Leo Doiron, Mrs. J. Garon and Mrs. G. R. Brett were in charge of the home cooking table.  
At the evening card party, Mrs. J. McArthur and Mrs. W. Lahti were cashiers. Refreshments were served by Mrs. L. Amadio, and Mrs. R. E. Moore, assisted by Mrs. J. A. Smith, Mrs. G. Clouider and Mrs. J. McArthur.

Card winners were: Bridge, ladies, Mrs. J. Moorehouse; men, A. Ostershower. Whist, ladies, Mrs. M. Richards; men, M. Corkery. Cribbage, ladies, Mrs. L. Larsen; men, Joseph Bugyinka. Raffle winners were: Tea set, Paulette Turcotte. Tricycle, Geoffrey and Gregory Lundquist, Seattle. Box of Candy, Ruby MacKay. Ham, Phyllis Bury. Vanity set, Mrs. Georgette Moran.

T. W. Brown is sailing tonight on the Prince Rupert for a three weeks business trip to Vancouver, Victoria and Seattle.

**Gregg, Shorthand Inventor, Is Dead**

NEW YORK—The man who invented the Gregg shorthand system is dead, in his eighty-first year. An Irishman, John Robert Gregg developed the new method in 1888. It soon had wide usage and is used in thousands of textbooks in high schools. He started business in Toronto and Chicago.

**FRIGATE GETS GOOD COOKING**

OTTAWA—There's good cooking aboard H.M.C.S. St. Stephen, the ship that returned recently from a spell of duty as a weather frigate stationed between Greenland and Labrador. They had a lot of heavy weather up there and serving regular and hot meals could not always be expected. Yet, none were disappointed. No matter what the weather was like, the cooks were always equal to the emergency.

## BASKETBALL—

### Savoys Go Into Final

Fashion, Gyros and High Girls Also Qualify

Savoys outlasted a fighting Brownwoods team in a thriller at the Civic Centre last night to score a hard-earned 57 to 52 victory and take the Senior Basketball League semi-final two-game total point series by a score of 97 to 94.

Last night's victory moved the Hotel squad into the finals against Co-op and the best of three final series will get under way on Saturday night. The second game will be played Tuesday with a third game, if necessary, on Wednesday next.

Last night's battle was almost a repetition of the first game in this series with the big difference of course being that this time it was Savoys' who eked out a narrow win.

Both teams played heads-up basketball with close checking featuring the contest. For the winners Rupert Holkestad, with 19 points to make him the evening's top marksman, played a steady and aggressive game. Joe Davis was consistently good and repeatedly intercepted passes to start many scoring breaks. He checked closely and still had time to sink 14 points. Morgan potted 10 points but was not too effective in the early stages of the game. Mel Holkestad was very useful and set up many of the scoring plays for his team mates.

The losers played almost brilliant basketball but did not have it in the final reckoning. Gurvich was particularly useful and his loss was keenly felt when he retired via the five personal foul route late in the final quarter. Hartwig's 14 points were a big help in keeping the score close. Ray Spring of Bo-Me-Hi appeared briefly as a substitute for the Shoemen and scored four points. Lavigne was his usual hard-working self as was Thompson but the latter has not recovered the marksmanship he exhibited last year.

The sometimes brilliant play of both teams and the see-sawing score kept the fans on their feet throughout and this series sets the stage for a climactic final between Savoy and Co-op.

Brownwoods—Gurvich 8, Hartwig 14, Lavigne 7, Bill 1, Forman 10, Thompson 6, Pierce 2, Carlson, Spring 4. Total, 52.

Savoy—M. Holkestad 8, Davis 14, R. Holkestad 19, Haugen 1, Alexander, Morgan 10, Arney 5, Murray, Total, 57.

**FASHION FOOTWEAR MEETS RAINMAKERS**  
Fashion Footwear's 13-point lead in the first game of their two-game total point series was all that brought them victory over an inspired Merchants team in the wind-up of the semifinals series last night.

Merchants played excellent ball and just failed to get up as the game finished with Fashion improving their lead by one point. Total score for the series was Fashion 60, Merchants 46. This brings the Footwear five into the finals where they tackle the undefeated High School Rainmakers in a best of three series which starts Saturday night.

Scoring was evenly divided with Gill's seven points for Fashion tops for the game. Both teams muffed more than enough free throws to win the game with the winners potting only five out of 12 while Merchants could only make four out of 13 gift throws count.

Fashion finished out the last quarter with only six men after Menzies and James had both been ejected for flagrant fouls. Haugen of Merchants stood out on offensive but could not find the hoop.

Fashion Footwear—Slatta 6, Menzies 4, Intermela 1, Teng 2, Vuckovich 2, James, Gill 7, Arnsen 1. Total, 23.

Merchants—Scherk 4, Currie 3, Haugen 4, Moore 3, Mercer, Hebb, Owens 4, Sunberg 4. Total, 22.

**GYRO HAS HANDY WIN**  
The Junior game between the Gyro and High School was Gyro all the way and the final score of 19 to 13 just about indicates the trend of the game. High School shooting was definitely off and, although they had a rally in the second half, they were never able to overcome Gyro's first quarter lead. Sather of Gyros and David Smith of High School shared scoring honors with 7 points each with Young of Gyro leaving the floor in the fourth quarter via the personal foul route. Gyros now meet 65 Taxi in the first of their two game semi-final on Saturday night.

Gyro—Marshall 2, Sather 7, Young 2, Hartwig 2, McAr, McFarlane, Toderas, Hills 2, Slater 4. Total, 19.

High School—Large, Smith 7, Simundson, Ketcheson, Johnson 4, Weiss, Jordan 2, Webber, Black, Hamilton. Total, 13.

**BO-ME-HI GIRLS WIN**  
Bo-Me-Hi girls left no doubt as to their right to meet Peoples Store in the Ladies' League finals. Entering the second game of the series with a 33-15 lead over Sweet Sixteen, they piled up a further margin of 31-23 in this game to make their total score for the series 69-38. Christine Currie again starred for

## HOCKEY SCORES

**TUESDAY (National League)**  
Boston 6, New York 2  
(Pacific Coast)  
Vancouver 3, Tacoma 6  
Fresno 4, Los Angeles 2  
**WEDNESDAY (National)**  
Detroit 0, Boston 0  
New York 5, Chicago 2  
(Pacific Coast)  
New Westminster 2, Seattle 3  
San Diego 2, San Francisco 5  
Los Angeles 2, Fresno 1

Sweet Sixteen and was the top scorer for her team with 10 points. Again, as in Tuesday night's game, Jackie Budinich played top-notch to rack up 11 valuable points for High School followed by Rusty Thain's well-earned seven points and Arlette Hamilton's 5. High School had a good passing attack and should give Peoples Store a close battle in Tuesday night's first game of a two-game final.

High School—Hamilton 5, Budinich 11, Thain 7, Kennedy 2, Pavich 4, Lykegaard 2, Greenwood, Thompson, Total, 31.

Sweet Sixteen—Currie 10, Kiljai 4, Jordan 4, J. Husoy 2, Simundson 1, H. Husoy 2, Skoro, Bamas, Total, 23.

## TERRACE HAS BOXING SHOW

Fine Performance Staged Saturday Night With Youngsters Making Good Showing

TERRACE—A highly entertaining evening was passed at the Civic Centre last Saturday when a large crowd of parents, friends and enthusiasts turned out en masse to see the Centre's first junior boxing tournament. Young boys from ten years of age to fifteen years took part and, in the opinion of the judges "all the boys handled themselves remarkably well and their conduct in the ring was extremely commendable."

Due to the absence of the boys' original trainer, Frank Cooper, who is at present hospitalized with a broken leg, Director Alf Yoxall continued training the lads and arranged the tournament. There was never a dull moment, the boys being evenly matched and boxing with an intensity and skill which was all the more surprising for their comparatively short time of training.

There were no knock-outs, all

NO AUSTERITY IN BRITISH FOOTBALL—England may be going without proper food and clothing, but while there's football the average Briton can be comparatively happy for a few hours a week. Snow-covered ground and bitter cold failed to daunt the spirit of these fans who lined up for many blocks outside the grounds of Tottenham, London, all night in hope of getting tickets to the game where the English soccer cup was at stake.

Bremner (plus 25) defeating S. A. Bird (plus 10) with a score of 150 to 128. Four games were played in the second round, resulting as follows: J. Kerrigan (plus 40) beat Capt. J. R. Elfert (plus 10) 150-88. R. Murray (plus 10) after a neck-and-neck battle throughout the game, won from J. Paul, (scratch) 150-140, and another close game resulted in a win for L. S. Parkes (plus 50) who won with a score of 150-138 against H. A. Duncan (plus 40). J. Nicoll (plus 10) won from L. Lawrie, who had a similar handicap, by a margin of 35 points. Only one game remains to be played in the second round—J. Bremner (plus 25) vs. Bruce Simundson (plus 30) and this should be run off tonight, when the eight players still in the contest will play to decide who will take part in the semi-finals at the end of the week."

Large advertisement for B.C. City. Text: "Every B.C. City HAS A FLAVOR ALL ITS OWN COME BACK IN FIVE YEARS That's what they said in 1907 when the first boxcars clattered in from Edmonton, nearly 1000 wilderness miles to the east. They were saying it two years later when the grain elevator rose and dockside lots brought \$25,000 at auction... 'Prince Rupert,' the word went... 'World port on the North Pacific.' So they waited. And the clouds hung low over Dixon Entrance. Gulls screamed above the halibut boats and back on the hillside, wide streets began to take form. Years passed... years of unsung labor and slow patient growth. A storage plant here... a new school there. Then, suddenly they were coming... men in their thousands... supplies, shells, bombs for Osaka and Kobe. Today the generals know Rupert. The legislators and the shippers know it too. Alaska eyes those great new docks and plans her future. Blinking at last in history's spotlight, strategic Prince Rupert can say with assurance... 'come back in five years... and see.' Prince Rupert: British Columbia's most northeasterly settlement on salt water, it enjoys a moderate climate the year 'round. Northern terminus on the Pacific of Canadian National Railway and linked by Skeena Highway with the rest of Canada's road system. Served by three steamship services and air service from the south."

# WAYS AND WHYS BY Barbara Brent

weekly shopping and information service for today's woman

MONTREAL, March 18.—I'm feeling pretty proud of my windows since I "redecorated" them up with those new Vinylite Plastic Cottage Sols... Their gay colours make windows pretty as pictures... frame them in a variety of pastel shades—or cherry prints. Buy them rolled or tailored-to-your-taste... the ruffles and newness will stay put! You see, they clean like magic with just a little soap-in-water... simply rinse them and hang them on your windows to dry. And don't forget to look for that "Plastic Trade Mark" It's your assurance of quality... that your curtains have been tested and approved by "The Fabrics Testing Bureau".

**While You're Reading This...** Our Government is busy sending out cheques to 1,225,120 Canadians—refund their 1942 compulsory savings. If you—or friend husband—are of the lucky ones, your cheque will be in the mail before the month ends. Since this is money you've already saved toward future plans... why spend it right away? I'm going to add this cheque to my other savings in the BANK OF MONTREAL—it'll give my account a welcome lift. If you haven't already opened an account with your BofM... you can so easily do this with your Government cheque. Let the BofM help you to plan and save for pleasant outings to come!

**Child Sick This Winter?** Children with low vitality can catch almost anything this changeable March weather. Usually advise building up children with extra vitamins. Many mothers use a source of extra nutrition in an energy food... minerals, vitamins and essential food elements to build resistance—build homes, sturdier bodies. I love Vi-Tone's chocolate candy in a Vi-Tone Try Vi-Tone yourself! Write to Barbara Brent, 1111 141st Street, S.W., P.O. for a free trial tin or 6 delicious servings.

**Your Sunday Suppers** will be something for your family to look forward to if you top them off with a delicious dessert made with Baker's Chocolate! For choice cocoa beans, roasted and ground to satin smoothness, then moulded in lovely lozenge squares, give just the right, rich flavour to BAKER'S CHOCOLATE! Just try this simple dessert some evening...

**WALNUT PUDDING**  
 6 eggs, flour  
 1/2 tsp salt  
 1 tsp vanilla  
 1 cup chopped walnuts  
 1/2 cup milk  
 1/2 cup sugar  
 1/2 cup butter  
 1/2 cup raisins  
 1/2 cup walnuts  
 1/2 cup milk  
 1/2 cup sugar  
 1/2 cup butter  
 1/2 cup raisins  
 1/2 cup walnuts

**Show Me** the woman who doesn't like compliments on her good cooking! Sometimes it seems your best efforts are taken for granted... but here's one dish that will bring you more praise than you know what to do with! Serve HEINZ COOKED SPAGHETTI to your pleased public... then relax and listen to those words of praise! I know when I buy Heinz Spaghetti that I'm buying full flavour value for my money... guaranteed by that famous Heinz reputation for quality! I know too that I'm buying a meal-in-itself... heated-in-a-jiffy, easy to serve and always, always welcome!

**Who's Afraid** of the blustering winds of March and chilly Spring weather? Certainly not the family that makes Cream of Wheat a breakfast habit! For Minute "Cream of Wheat" fairly brimming with "go" food-energy to you warm. It also provides Calcium and Phosphorus deficient in these days. You'll like its creamy happy way it has the good—the wonderful when you feel right with a good "Cream of Wheat" your anytime breakfast—for fun—and enjoyment, too!

**Timing Your Way** and it's time to think of special in the way of an Easter outfit! Make for yourself... your very own lovely feminine fashions for Spring! Have clothes that wear longer nor more than the clothes you sew with nylon thread. You see, Corticelli Nylon Thread is more elastic than other types of sewing thread. This means you'll "stay put" for the life of the garment! That's why I urge you to ask for nylon CORTICELLI... in fashion-wise Corticelli colours for Spring. Size 4 may also be used.

## IS NOMINATED AS DEPUTY

**R. E. Montador Proposed—Camp Canvass Gratifying**

R. E. Montador was nominated as candidate for the office of deputy governor in District Five at the Kinsmen's regular dinner meeting held last night at the Civic Centre.

Wilfrid Smith, who is leaving for Vancouver today, will represent the local club at the spring council meeting being held in Vancouver on March 21 when delegates from clubs throughout British Columbia will work out preliminaries for the convention of District Five Kinsmen Clubs meeting in Vancouver May 10 and 11. The club approved appointment of George Dibb as local representative to the convention.

The results of the house to house canvass made by 14 members of the club Tuesday night was gratifying according to the report given by Stan Saville, chairman of May 24 ticket campaign. In teams of twos the members covered most of the city district between Hays Creek Bridge and Seal Cove. Reception to their sales efforts was very good and the meeting decided the next canvass will be made on April 2 when the area between McBride Street and Hays Creek bridge will be covered.

H. S. Hurn, director of drama for the department of education in British Columbia, Tony Crawley, president of the Junior Chamber of Commerce, and Ronald McClymont of the Royal Bank staff were dinner guests. Two new members, Walter Morgan and William Fudger, were initiated at the close of the business meeting and were officially welcomed to the club by president, R. G. Moore. All but three members were present at last night's meeting.

Two films, one portraying undersea life and the other showing the advances being made in Mexico, provided those present with thirty minutes of entertainment.

## Ten Thousand in Winnipeg Jobless

WINNIPEG — Ten thousand persons are registered here as unemployed. There are 1,200 jobs available. W. H. Barracott, manager of the Winnipeg office of the Unemployment Insurance Commission, says there is no cause for alarm. The number registering reflects the usual seasonal laying off. Even under conditions of nominal "full employment" it is normal, he said, to expect about 4,000 who are not working.

## MONTREAL HAS OVER MILLION

MONTREAL — The population of Greater Montreal—a group of 15 municipalities including the city of Montreal—has been set at 1,320,726 in a report to the Montreal Metropolitan Commission.

## AUTO ASS'N ROAD REPORT

Not Quite So Optimistic As Public Works Department

Highway conditions between Prince Rupert and Kwitisa, 69 miles east of the city, are described in a bulletin issued by the Prince Rupert branch of the B. C. Automobile Association. The report gives a sectional description of driving conditions.

The highway from Prince Rupert past Prudhomme and Rainbow Lakes to about one-half mile west of the summit is in fair to good condition. There is heavy snow from the summit past the Green River bridge where the road has been plowed 16 feet wide and the snow piled from three to five feet high on either side of the road.

From Tyece to approximately two miles west of Skeena City, the driving is again fair to good. There is no snow on the road along the Skeena River on that particular stretch of the road.

"Signs have been placed at Tyece as well as just outside of Skeena City warning motorists to keep away from the edge of the road, as in many places it is washed away.

"From two miles west of the Kwitisa tunnel the driving is extremely tough as there is still plenty of snow and no proper clearing has taken place.

"The Kwitisa snowslide has been down for a considerable length of time. It apparently has come down in two portions and is approximately as high as last year. A public works statement earlier in the week said the slide was not yet down.

"The diversion around the slide is clear of the actual slide itself but is covered with about a foot and a half of snow and no clearing has taken place there as yet."

According to reports from Terrace, highway crews are working westward from Shames, 29 miles east of Terrace, but the work is extremely difficult because snow is piled on the highway in places to depths of five and six feet as a result of railway snow-clearing activities. Predictions that the highway would be open from Terrace to Prince Rupert by Easter are now considered at least a little optimistic.

## LONDON BOBBY IS MURDERED

LONDON—The first murder of a London police constable in at least thirty years, has thrown the entire force, large as it is, into the effort to find the killer. This is the general order from Scotland Yard. They say a man in a raincoat pumped three bullets at almost point blank range into Constable Nathaniel Edgar, war veteran, in the murky darkness of a suburban street.

## PROTESTS OCEAN FALLS RENTALS

Harry Archibald, M.P., Discusses Matter in Parliament

During the recent difference of opinion where Harry Archibald (Skeena) clashed with the Minister of Labor Howard Mitchell, the former had a few remarks to make about the housing situation at Ocean Falls. He said Owen Lobley was sent by the board to Ocean Falls to investigate an application by Pacific Mills Ltd. for a tent in crease of employees' houses.

Mr. Lobley had heard evidence of about twenty out of five hundred tenants and then returned to Ottawa to write his recommendations. He recommended that accommodations in Ocean Falls be no longer subject to Prices Board orders.

"Who is this man who is taking on the powers of royalty," inquired Mr. Archibald in questioning from the ruling which increased rents in the company town by an average of 24 per cent.

# "Better than Ever"

THOSE familiar old songs... they're better than ever today!  
 And those famous Sweet Caps... they're better than ever, too! For now every Sweet Cap you smoke has been checked, right from plantation to you, by the exclusive scientific process known as "Perfection... Check"—checked to ensure you cigarette perfection... in smoothness ✓ ... in freshness ✓... in taste ✓.

*Perfection... Check*

# SWEET CAPORAL CIGARETTES

THIS AND THAT

Reminiscences and Reflections By W.J.

Not much green was visible in Prince Rupert yesterday. There were signs of verdure on Tuesday but, during the night, countless snowflakes fell and lawns were white on St. Patrick's Day in the mornin'. There were hopes of another color in a variety of ways according to highest tradition, good taste, general fitness, common expectations and all round correct-

ness. Ireland and Kaien are both islands but the latter appears quite content to permit the former to do most of the celebrating.

Lots of folks love to describe how much better the fresh salmon of Eastern Canada tastes. Naturally, it's a luxury back there.

Hope springs triumphant in the human breast. The record showeth that in March, 1921, twenty seven years ago, A. C. Garde, mining engineer, told J. C. Gavigan in Vancouver, that he knew there was ample reason to look for the building of a steel plant near Port Edward and convenient to Prince Rupert. What Mr. Gavigan said is not known. But at any rate, Mr. Garde scored a pretty fair guess, even if it wasn't steel.

The Prime Minister of Canada and Barbara Ann embraced half a dozen times in Union Station, Ottawa, with 10,000 persons cheering like mad and the band of the Governor General's Foot Guards playing "Let Me Call You Sweetheart." The recent announcement that Mackenzie King is 74 years of age would appear to be open to grave doubt.

A desire for more brevity and simplicity appears to be growing in Canada. The State, residing in Ottawa and therefore curious, mails a list of questions to tax-payers residing all over half a continent with instructions to answer forthwith. But to do so is not so simple. For this is the annual headache. It is not that there is a wish to escape. It all boils down to the dismal fact that T. P. isn't smart enough to answer the queries and that makes him think of school, which is not so pleasant either. So, why cannot the State, in its infinite wisdom, cause things to be more understandable, thereby reducing the number of stomach ulcers and at the same time, gain its legitimate ends.

TERRACE BOXING (Continued from page 6)

The decisions were awarded on points only.

The main bout was between Charles de Kergommeaux and Gerald Toop. Six rounds of three minutes duration were very well fought, the boys showing remarkable understanding of the technique of the game. However, de Kergommeaux won on superior ring craft.

In charge was Director Alf Yoxall. Announcer was George McAdams. Judges were C. J. Norrington and Bob Rogers. Timekeeper was Dudley Little. Referee was Box Baxter. Seconds were Vic Giraud, Jim Stevenson, Joe Schultzic and Lloyd Johnstone. In the dressing room was Otto Lindstrom.

The bouts were—120-pound class, David Benoit vs. George Kofoid, Benoit the winner; 175-pound class, Robert Cote vs. Ronald Earl, Earl the winner; 140-pound class, Kenneth Earl vs. Chuck Magnus, Earl the winner. A comic bout between the Koch brothers dressed as hill billy boxers ended in a draw; 80-pound class, Wayne Statham vs. Louis Tetreault, Tetreault the winner; 125-pound class, Denis de Kergommeaux vs. Lloyd Honke, Honke the winner; heavy weights—160-pound class, Francis Gavan vs. Pat Johnson, Johnson the winner; 125-pound class, Charles de Kergommeaux vs. Gerald Toop, de Kergommeaux the winner.

FIGHT OVER JONES BILL

Plenty of Controversy Being Stirred Up in Washington

WASHINGTON, D.C.—Amending of the Jones Bill is an issue that is stirring up plenty of controversy in Washington, judging by comment, official as well as informal.

For example, F. A. Zeussler, executive assistant to the president of the Alaska Steamship Co., in a letter to Senator Hugh Butler, told of what he believed would be the effects of the passage of Senate Bill 1834 on Alaska shipping.

The object of the Act, said Zeussler, would be to permit carriage of passengers by Canadian ships between ports in Alaska and to permit the transport of merchandise by Canadian rail and water routes from continental United States to ports in Alaska. This bill would amend a section of the act of June 19, 1886, by making the provisions not applicable to passengers transported between ports in Alaska and would amend section 27 of the Merchant Marine Act of 1920 by in-

cluding instead of excluding Alaska from its provisions. Further, there was an Act in February, 1898, prohibiting carriage of merchandise in foreign ships "for any part of the voyage" between United States ports. And then, all this was further implemented by the Merchant Marine Act (Jones Act) of June 5, 1920.

Better English By D. C. WILLIAMS

1. What is wrong with this sentence? "The work is most done."
2. What is the correct pronunciation of "harass"?
3. Which one of these words is misspelled? Riffraff, rinze, rigmarole.
4. What does the word "axiom" mean?
5. What is a word beginning with lo that means "length of life"?

ANSWERS  
1. Say, "The work is almost finished." 2. Pronounce har-as, first a as in at, second a as in ask unstressed, accent first syllable. 3. Rinse. 4. A self-evident truth. "The whole is greater than a part" is an axiom. 5. Longevity.
