Typhoon Hits Tokyo Hard

TOKYO, (P)—The second half of Tokyo's worst typhoon in eleven years roared across this teeming area tonight killing at least five persons, injuring thirty-five and causing the loss of fourteen ships in Yokosuka Harbor.

The second half of the storm seemed worse than the first half.

Houses in Tokyo were demolished, several fires raged out of control and streets were littered with debris.

Communications with large areas around Tokyo were cut off.

WOULD STAY IN UNITED STATES

FOREST HILLS, New York (P)—Jaroslav Drobny, "Man Without a Country," wants to adopt the United States and play tennis on this side of the Atlantic. "If I can obtain permission to stay here permanently, I will apply for United States citizenship," Drobny said.

SHRINERS HONOR JOB'S DAUGHTERS

As a special feature of their return visit following a trip to Alaska, members of the Aahmas Shrine Temple group of Oakland paid tribute to the local Job's Daughters in a delightful ceremony last evening at the dock where the steamer Chilcotin, on which the Shriners had been making their round trip to Alaska, was tied up.

Headed by the Prince Rupert Shrine Band the Job's Daughters marched to the ship. There an official welcome was extended by R. G. Van der Sluis, president of the local Shrine Club, to Potentate Dr. High.

Assisting was C. A. Berner, chairman of the local committee sponsoring the Shrine Club Carnival.

Mr. and Mrs. Alex Mitchell, whose work in training the Job's Daughters drill team resulted in their winning the championship at Spokane, were officially greeted by Dr. High who told of the splendid record of the girls and the general pride in their accomplishments. Parents and other friends and local residents showed by their applause that they endorsed the speaker's remarks.

The procession then reformed and, with the Shriners, the Band and the Job's Daughters, marched to the Carnival grounds where they all joined to give assistance at the shows.

Later the shrine group left on the steamer Chilcotin continuing their journey home.

RUSS DESERTER IS HANDED BACK

VIENNA (P)—Anatole Barsov, one of two Russian fliers who deserted to the west last year, was handed back to the Russian authorities today, an official United States announcement said.

Barsov had been in the American zone of Austria since August 24 pending completion of negotiations with the Soviets.

The Soviet airman is said to have repented his flight about a month ago and asked Russian officials in New York to expedite his return to Russia.

DOG COLLARED ALTHOUGH WILD

Motorists along the highway on Kalien Island report seeing an Irish setter which, while wearing a collar appears to be in almost a wild state. On Monday an attempt was made by Art Murray to pick it up with a view to holding it for an owner. The dog was so wild, however, that it could not be approached and, when last seen, was heading for the bush in the direction of Grassy Bay.

STRICKEN—The condition of Vancouver's Senator Ian MacKenzie is a "little improved" today. Senator MacKenzie was stricken with a heart attack yesterday while planning to attend the annual convention of the Canadian Bar Association and was admitted unconscious to Banff Mineral Spring Hospital. His wife said today that the senator's doctor is "quite hopeful" that he will continue to rally. The 59-year-old former cabinet minister and veteran member of parliament has been here on a two-week holiday.

Korea Fearing Soviet Attack

WASHINGTON (P)—The ambassador for Korea appealed today to President Truman for military aid to meet any possible Soviet attack.

Declaring that "we are right on the spot," the ambassador, Dr. John Myun Chang, said that "an attack on the new republic appears most likely."

"We need very quick action by the United States," he said after a 15-minute conference with Mr. Truman.

REVOLUTION IS PUT DOWN

LA PAZ, Bolivia (P)—Bolivia's general staff says it has smashed the Cochabamba stronghold of the Rightist rebels who have been trying to topple the government.

The announcement said that national forces have encircled the city of 90,000 which is 150 miles southeast of La Paz. It said the actual occupation in force was delayed until today to avoid "probable disturbances."

THE WEATHER

Synopsis

Southern British Columbia will enjoy another two days of relatively clear skies and warm weather. The tongue of cool moist Pacific air which threatened the southern coastal areas yesterday morning has passed north along the coast and entered the northern and central regions of the province. Scattered thunderstorms activity occurred in those areas yesterday afternoon and continued during the night. Cloudiness persists over the northern coast and intermittent light rain or drizzle will fall over the Queen Charlottes in the next 24 hours. There is no indication of any marked change in general conditions across the southern areas of the province.

Forecast

North Coast Regions—Overcast today and Thursday. Occasional light rain or drizzle today. Winds southerly (15 m.p.h.) over the Queen Charlottes and light elsewhere. Little change in temperature. Lows tonight and highs Thursday—At Port Hardy 50 and 62, Masset 50 and 62, Prince Rupert 50 and 64.

United States And Great Britain Want To Aid Marshal Tito

LONDON (CP)—Restriction on the sale of military equipment to YugoSlavia may be eased shortly by the United States and Great Britain, diplomatic officials here report. They said yesterday that a decision in the matter is expected when Foreign Secretary Ernest Bevin of Great Britain meets Secretary of State Dean Acheson in Washington soon.

TERRACE AND THEN VICTORIA

To attend the annual meeting of the Central British Columbia Municipal Association to be held in Terrace on September 1 and 2, Mayor Nora E. Arnold leaves this evening. Also attending will be Aldermen J. Forman, Wilfred McLean and, possibly, G. Rudderham, as well as City Clerk H. D. Thain.

Representatives attending from other municipalities will include delegates from Prince George, Vanderhoof, Burns Lake and Terrace.

Word has been received that there will be no direct representation from Stewart.

Following the meeting of the Central B. C. Municipal Association at Terrace, Mayor Arnold will return to the city and then leave for Victoria where she will attend the annual meeting of the Union of B. C. Municipalities. She will attend a meeting of the executive of which she is a member, on Tuesday, September 6 prior to the general sessions which will commence on Wednesday and will continue through Thursday and Friday. City Clerk H. D. Thain will be the other representative from Prince Rupert.

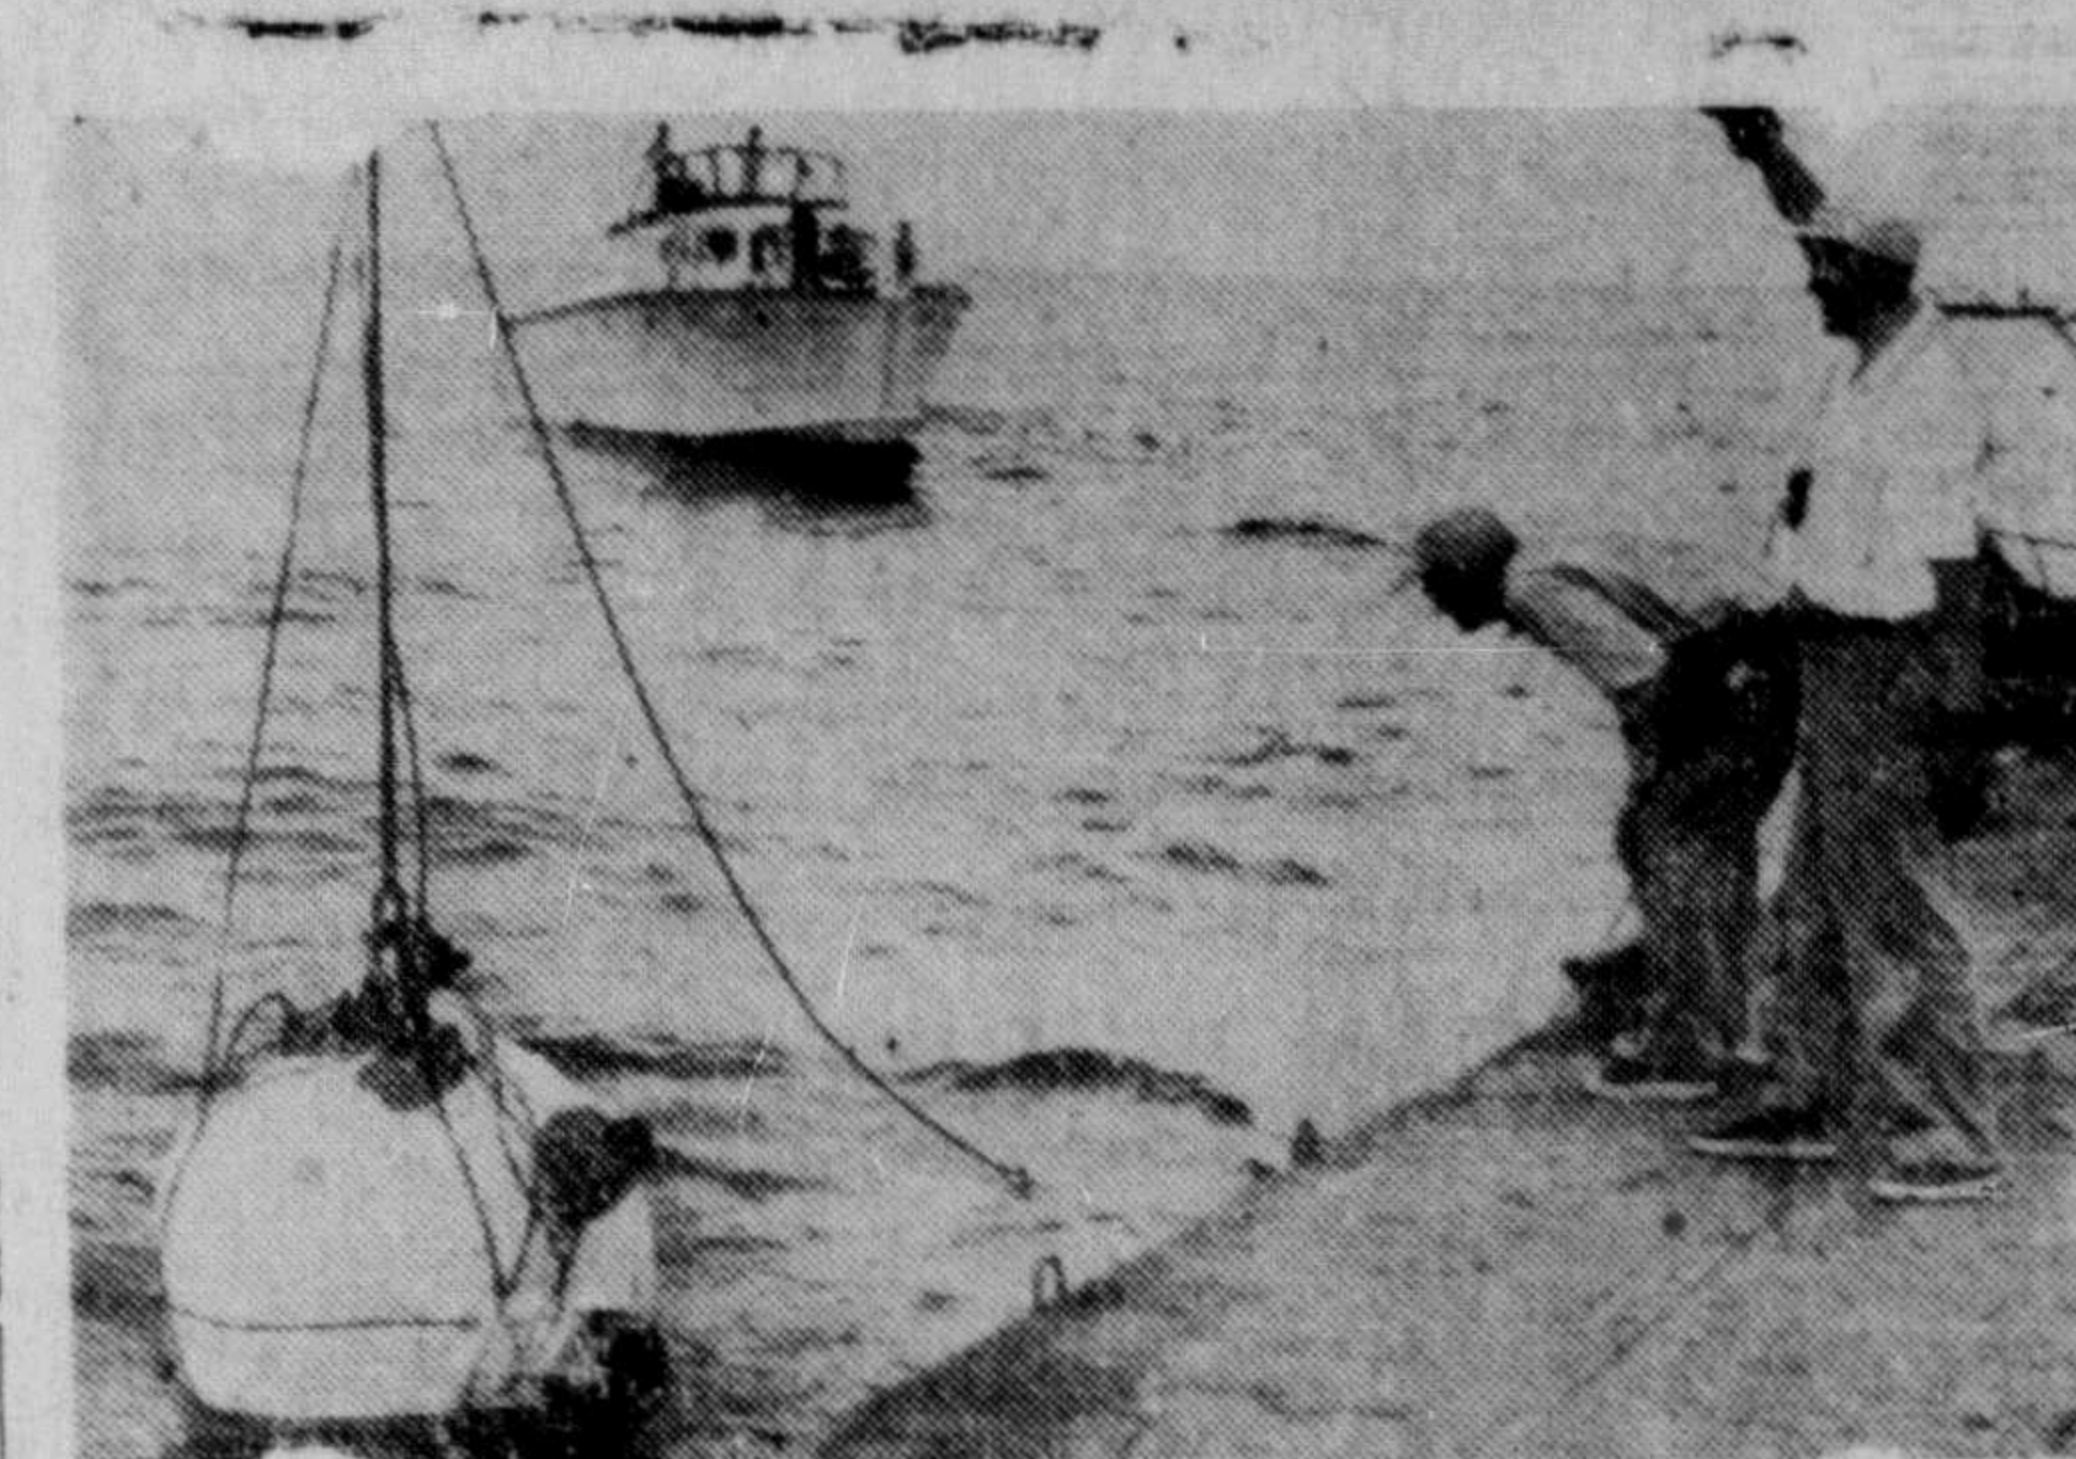

British officials have been studying how they can quietly support Marshal Tito's government in its quarrel with Russia and her satellites, informants say.

One way by which the western powers could back up Tito's feud with Russia would be by the shipment of needed arms to YugoSlavia.

The Slavs, it is understood, have asked the western powers for vehicles, light armor and small arms.

Informants say that the western powers would like to help Tito to defy Russia.

Meantime spreading rumors of Soviet army troop concentrations near YugoSlavia's frontier attended speculation today over a new Russian denunciation of Tito. It is emphasized that YugoSlavs themselves are showing no concern over the possibility that the propaganda and economic struggle between YugoSlavia and its communist neighbors might turn to fighting war. There has been no immediate response in Belgrade to a Soviet note, announced yesterday, blasting the Tito government as an ally of western powers.

SPHERE DESCENDS 6,000 FEET INTO SEA—Scientists bent on probing the deepest secrets of mother nature in record-breaking deep-sea dives off the southern California coast are pictured here. Top, Dr. Maurice Nellis hands motion picture camera into Dr. Otis Barton who is inside the massive-walled benthoscope, prior to dropping the diving ball into the depths. This test dive with automatic camera proved satisfactory, and Dr. Barton hopes to go down himself to take a look at the depths. Above, Dr. Barton peers over side of his diving barge as the benthoscope emerges from successful test dive. Dr. Maurice Nellis, signals at right. The steel sphere reached a record depth of 6,000 feet in test dive.

The beauty show was a financial failure with only 1,000 paid admissions. But, none of the girls, seen here in the line-up during the contest, will be stranded away from home despite the failure of the enterprise. Their expenses to and from Toronto were provided by the local group or individual who sponsored the entry. Winner, Margaret Munn, was greeted by her mother, Mrs. L. M. Munn, Vancouver, who flew to Toronto in time for the contest. New beauty queen plans to complete training in music, which started when she was seven.

there are still some spots to be
improved, Mr. Hurst says.

A WASHER
to do a thorough job
with less hard work for Mother!

You save many a back-aching hour of rubbing, scrubbing
and wringing, when you do your washing the easy, electric way.
Steady gentle action forces soapy water through all parts of the
clothing many more times than is humanly possible. So
whether you wash once or several times a week, let a new
electric washer take the drudgery out of this tiresome,
but all-important part of your housework.

RIDERS FROM AFAR—These four huskies were brought by Saskatchewan Roughriders from far-flung pastures to spearhead the club's drive for the Western Interprovincial Union football title. Sammy Pierce left, was the third-ranking ground gainer in the Southwest Conference last season when he played fullback for Baylor University. Next to him is Pat Santucci, placement-kicking specialist who missed only one of 29 tries for Hamilton Tigers last season and booted his first convert in this year's opener against Winnipeg last Saturday. Doug Belden, No. 12, is the first-string rider quarterback who came from Florida University. In front is backfielder Del Warden, a hold-over from last season when he came from Montana University. (C. P. Photo)

UP AND OVER—Pretty Shirley Gordon of Vancouver displays the form that won her a place on the British Empire Games team as a high jumper. Despite an injury which left one leg slightly deformed, Shirley cleared the bar at five feet, one inch, at the trials in Toronto last month to gain the right to represent Canada in New Zealand next winter. ADDITION TO YACHT CLUB

The Prince Rupert Rowing and Yacht Club has made an important addition to the accommodation provided at Cow Bay. The club has purchased

the boathouse formerly owned by S. J. Mellor at Digby Island. The building, about fifty feet long, will be renovated and fitted with new logs so that it will provide ideal accommodation for the painting and overhaul of boats which operations it will be possible to do under cover from now on, in any kind of weather.

FOOTBALL SHORTS

Football players and spectators are looking forward to Friday evening's game when the Canadian Legion and the General Motors teams meet in the final of the Stuart shield. The Canadian Legion eleven has had the better of the games already with the General Motors this season but there has never been much to choose. The same teams met in the final of the Dominion Day Cup. To reach that final the Canadian Legion team had defeated the Heavy Battery eleven while the General Motors had drawn the bye into the final. The same situation occurred in this series.

In Monday evening's game the Canadian Legion won from the Battery but only in an overtime contest with a solitary goal deciding the outcome. When the Canadian Legion met the General Motors in the final of the Dominion Day Cup, the first game ended in a draw and even two overtime periods failed to break the tie. In the replay the Canadian Legion won by a single goal.

So altogether the prospects are for another keenly fought contest on Friday evening. The Canadian Legion has the more experience and the advantage of weight but the General Motors last year's high school team, strengthened by the addition of Bishop, John Wilson and Wally Starr, have more speed. It is anybody's game.

The football game in the Mobley Cup regularly scheduled for Monday evening next, Labor Day, has been cancelled and the whole schedule moved ahead. With so many players taking advantage of the long holiday week-end, it would be impossible to field full teams. The schedule will be:

Sept. 9—General Motors vs. Heavy Battery.
Sept. 12—Canadian Legion vs. General Motors.
Sept. 16—Heavy Battery vs. Canadian Legion.

NO DICE—Harold Wilson slumps dejectedly in the car of Miss Canada IV after the temperamental craft on the last of six attempts to break the world's speed record. The Ingersoll driver hit a speed of 141 miles an hour, well over the 141-mile mark, in a test run but choppy water prevented Wilson from going on to an official record. He says he'll try again.

RAIN POSTPONES BOWLING GAMES

Owing to yesterday afternoon's heavy rain the match in the final of the Lawn Bowling Doubles between L. Potterton and F. Hardy against J. Frew and W. Barton was postponed. The single's games were also cancelled.

CALGARY COLONEL WINS RIFLE SHOOT AND GOV.-GEN. AWARDS—Lieutenant Colonel S. Johnson, O.B.E., E.D., of Calgary, who won the coveted governor-general's prize in a tense shot-for-shot finale to the D.C.R.A.'s 81st annual prize meeting at Ottawa's Connaught rifle ranges is triumphantly carried to the clubhouse in the traditional "chairing" ceremony following his spectacular win. Col. Johnson shot it out with Major G. C. Baker, Kentville, N.S., who tied him for top honors. Before a gallery of some 1,500 tense spectators each fired five rounds at 900 yards to determine the winner, but again finished deadlocked. Each fired another shot and again scored identical bulls-eyes. A third effort to break the tie left the shooters still deadlocked. But on the next shot Maj. Baker failed to match Col. Johnson's "bull" and the big westerner was declared the winner. Following the traditional "chairing" ceremony Col. Johnson, who during the war wrote and published a book on how to "Shoot to Live," was presented with the governor-general's prize—a gold watch and \$200.

**BARBARA ANN
LIKES ACTING**

LOS ANGELES—Now that she has turned professional Barbara Ann Scott, Canadian skating star, says she would like to become an actress, appearing in productions having skating and rinks for general background. "I'd love to live in Hollywood," she confessed. "The climate is so wonderful. I'd like to live here all the time except when I'm on tour or when I go home." The only thing she does not like is the way directors, musicians and others call her "dear," "darling" and "baby". "But," she shrugged, "I'm getting used to it".

STEWART

STEWART—A very successful cribbage drive was held by the Stewart branch of the Canadian Legion on Saturday in the Legion Club Rooms. Sam Kirkpatrick was the winner of the first prize for the men with Harry Bennett second. Mrs. W. J. Crawford won the ladies' first prize and Mrs. John Bouzek the consolation. A double-boiler was won by Mrs. May Wolstenholme. An excellent supper was served at the close of the proceedings.

Volunteer members of the Legion are busy repairing the foundations of the hall on Sixth Street in preparation for an active winter season. Badminton,

rifle club and the occasional whist drive and dance are part of an extensive program outlined by the executive.

Miss Joyce Hawkinson left Monday enroute for Smithers where she will join the teaching staff. Miss Juanita Hawkinson is also leaving to take a teacher's course in Vancouver Normal. She will accompany her sister as far as Smithers then proceed to Vancouver. A farewell party was held at the home of Miss Jeanann Crawford in honor of the Misses Hawkinson.

With Old Sol in a benignant mood for the past week or so week-end picnics have been the order of the day. Chickamin Glacier on the Alaskan side has had more than its share of visitors. Big Missouri Flats and Bear Lake have also had many visitors, the latter being the most popular as it is closer to town.

Work on the Heather Claims adjoining the George Enterprise, is producing excellent results, according to Mrs. Louise H. George who arrived in town during the week.

J. P. Hawkinson left on Monday for Vancouver where he will take medical treatment. Mr. Hawkinson has been in ill health for some time.

TERRACE NURSE, REMO MAN WED

TERRACE—Otto Lindstrom of Terrace, elder son of Mr. and Mrs. Lindstrom of Remo, and Mrs. Frances Perry, R.N., of Tilsonburg, Ontario, formerly employed in the Terrace Outpost Hospital, were united in marriage at a quiet ceremony in the manse of the Knox United Church on Saturday afternoon. Rev. P. H. Mallet officiated.

The bride, in deep rose garb, with a feather-trimmed hat, brown accessories and a corsage of white carnations, had as her maid of honor, Miss Greta Cockcroft, who wore navy blue silk with a flowered hat and grey accessories and a corsage of pink carnations. Attending the groom was his brother, William Lindstrom.

Following the ceremony, a reception was held in the dining room of the Silver Tip Cafe. Receiving the guests was Mrs. C. Lindstrom, mother of the groom, who wore a black and white gown with white accessories. White and cream gladioli graced the table and tall tapers flanked a beautiful wedding cake made by Mrs. Lindstrom and decorated by Mrs. Bailey. It stood on an exquisite crocheted centrepiece made by the groom's grandmother.

A toast to the bride was proposed by Bill Lindstrom and duly responded to by the groom.

Following the reception the couple left immediately for the coast and a short honeymoon before settling down in their new home in Terrace.

HELICOPTER AT TERRACE

TERRACE—Terrace was visited by a helicopter bearing the name Okanagan just before 5 o'clock on Tuesday afternoon. Low lying clouds presaging rain and stormy weather drove it to ground on the C.N.R. park where a crowd quickly gathered to see it. The pilot, Carl Agar, decided to rest here awhile before continuing on to the Kitimat on a topographical aerial survey. Meeting him was E. Bell, pilot of a plane which had brought Alf Stringer, engineer, to service the helicopter.

INDIAN SLIDES KILL 15 PEOPLE

KOTTAYAN, South India—Fifteen were killed and twelve were injured by landslides in a ten-mile area of the western Ghats Valley, Sunday, it is reported. More are feared to have been buried.
