### OTTAWA (CP)—A silver-lined election year budget, topheavy with cuts in personal income tax brackets, was placed before the House of Commons and the country last night by Finance Minister Douglas Abbott who twice before had to give the people a rainy budget day accounting which skimped on tax relief.

With obvious relish and one big sweep of the tax axe, Mr. Abbott lopped 750,000 persons from the income tax rolls when he announced that basic exemptions were being raised from \$750 to \$1000 for single persons and from \$1500 to \$2000 for married.

The tax position is also bettered for those who still make pay check accounting to the treasury. But the minister of finance did not stop there. He flavored the concessions with a general deduction of rates and lifting of the remaining exemptions—

from \$100 to \$150 each dependent child under sixteen years and from \$300 to \$400 for other dependents.

The minister also got busy on the so-called "nuisance taxes," disregarding entirely those applying to soft drinks, candy, chewing gum, long-distance telephone calls, telegrams, railway, steamship and airplane tickets, sleeping car berths and parlor car seats.

The long criticized "luxury" taxes were sliced too with a drop to ten percent at the manufacturer's level for the 25 to 35 percent levels now applying on the retail prices of jewelry, cigarette lighters, pipes, cosmetics, luggage, matches, bags, pens and pencils and desk sets.

For business Mr. Abbott juggled the corporate tax structure to lighten the burden for the small business man who earns less than \$10,000 a year,

increasing it for the corporation which reaps a yearly profit running over that figure. The cut in one case is from 30 to 10 percent, the increase in the other from 30 to 33 percent.

The personal income tax and corporate tax changes become effective January 1, the others being operative tonight.

Observers on Parliament Hill are generally agreed that it is an election budget patterned to meet the demands of the voter. J. M. Macdonnell (Progressive-Conservative, Muskoka, Ontario), official Opposition financial critic, said as much when he termed it a "bribery budget."

The budget contrasted sharply with that which Mr. Abbott placed before the Chamber last year when he conceded tax relief of only \$72,000,000. It even outdistanced the budget of 1947 when concessions amounted to \$265,000,000. This new, shining budget was big, giving tax reduction of \$369,000,000. That, say experts, is "no smallspuds" in budgetary history. It is the biggest tax concession in any budget in Canadian history and, in pre-war years, would have wiped out the entire federal revenue.

TICKLES CANADIANS—Hon. Douglas Abbott, minister of finance.

### Budget Features

Two-way income higher exemptions and lower rates, both retroactive to January 1.

Basic income tax exemptions boosted from \$750 to \$1,000 for single persons and \$1,500 to \$2,000 for married. Exemptions raised from \$100 to \$150 for each dependent child under 16 and \$300 to \$400 for other dependents.

Higher exemptions will take 750,000 present taxpayers off income tax rolls. Under new low rates three-quarters of remaining taxpayers will pay an average of 45 per cent on taxable income.

Employers authorized to stop deductions immediately for employees now tax-exempt; refunds to be made as soon as possible. Other minor reductions and concessions in income tax also announced.

### CEILINGS REMOVED

Price ceilings removed from flour, bread, butter, sugar, molasses and certain fruits and vegetables—effective tomorrow. No over-all price increases expected to result from price-ceiling removals.

Price ceilings remain on citrus fruits, canned citrus fruit juices, cabbage, carrots, imported new potatoes and imported grapes.

Subsidy of 4 1/2 cents a bushel on wheat used for domestic consumption being withdrawn tomorrow; bread price future uncertain.

Retail purchase tax of 25 per cent on jewelry and similar articles reduced immediately to 10 per cent at manufacturer's level, instead of present retail level.

Tax on cosmetics and toilet preparations (25 per cent) reduced to 10 per cent immediately.

The Canadian Governor-General said that "certain extremely evil and dangerous" world forces have to be resisted if the heritage of democracy is not to be lost.

Viscount Alexander said that he welcomes plans for mutual aid throughout the western world—an indirect reference to the Atlantic Treaty.

"I believe that this is the best way of ensuring against a Third World War."

### Toronto and Detroit Win

Toronto 3, Boston 0  
Detroit 2, Montreal 1

BOSTON (CP)—Toronto Maple Leafs who started the season in anything but Stanley Cup style blazed Boston 3 to 0 last night in their play-off opener with the same form they used to knock the Bruins out of the National Hockey League semi-final last year.

Working for their third successive title, Toronto carries a one-game lead into the second tilt of the best-of-seven semi-final series Thursday night in Boston.

The veteran goalie Turk Broda last night held off determined attacks to earn his second shut-out of the season.

The Leafs outplayed Toronto throughout and tallied once in each period.

### DETROIT WINS

Meanwhile at Detroit the Red Wings prepared for a long siege in their quest for the Stanley Cup following last night's marathon play-off game that took the National Hockey League champions 104 minutes and 52 seconds to eke out a 2 to 1 verdict over Montreal Canadiens.

Rookie Max McNab broke up the game after 44 minutes and 52 seconds of overtime play. He scored while Kenny Reardon of Montreal was in the sin bin.

The victory gives the Red Wings a one-game lead in the best of seven series to be resumed here tomorrow night.

### CITY TO MEET PHONE EXPERTS

### RECOMMENDATIONS TO BE HEARD TONIGHT

City council will convene tonight informally to meet a trio of representatives of the General Electric Co. Ltd. of England who today examined the city's telephone system and will present recommendations regarding requirements for its rehabilitation.

The three men are J. S. Langlands, telephone engineer of Glasgow, Scotland, J. Seowroff, of Coventry, England, and J. Bartholomew, of the company's Vancouver export office. The party flew here Tuesday after learning that the city plans to renew its telephone system.

Engineers of two Canadian companies already have submitted reports on the condition of the system and made recommendations regarding its renewal.

On the basis of these reports, city council has prepared a loan bylaw for \$550,000 which is now before the provincial government for approval.

Tonight's meeting is expected to be informal with council members questioning the visitors on their findings regarding the system.

An independent daily newspaper devoted to the upbuilding of Prince Rupert and all communities comprising northern and central British Columbia...

Thank you, Mr. Abbott

IT IS FEW CANADIANS who have not good reason to cheer Mr. Abbott for the budget he brought down at Ottawa last night.

Most sweeping taxation revenue reductions in history result in complete ending of income tax paying for no less than 750,000 persons...

There is little surprise at the announcement of the reductions in taxation which had been freely predicted.

A long step has been taken in removing the high wartime level of taxation. In fact, we are back on the road to a peacetime system of taxation and federal financing.

The reductions in the income taxes are not the only relief that Mr. Abbott's most acceptable budget brings to Canadians.

Small businesses also have something to be really thankful in the reduction of the excess profits tax from 30 to 10 percent...

We could not expect Mr. Abbott to do everything at once so we may as well be content to carry on with the eight percent general sales tax...

Yes, we can say "Thank You" to Mr. Abbott for this budget. It appears certain now that we will have the chance ere many weeks have passed to show our appreciation in a tangible way.

RAILWAY FREIGHT RATES

A DISPATCH TODAY says that, as a result of the new rate set-up which comes with the taking over of Newfoundland railways...

Apparently, the railways of Newfoundland which we take over are in line with the other liabilities from the financial standpoint...

When William Seward paid \$7,200,000 for Alaska on March 30, 1867, Americans felt it was a bit of extravagance.

## Reptile, Scorpion, Mosquito Plague

SYDNEY, Australia — A plague of snakes, scorpions and mosquitoes has come in the wake of flood waters that have been sweeping through drought areas of western Queensland and New South Wales. Residents of some towns have been forced to

keep smudges burning day and night to ward off flies and mosquitoes.

Horses and other animals have rushed into the smoke and pushed people away in the effort to get away from the insects themselves.

## ESKIMO SCOUT VOTE REDUCED

JUNEAU, Alaska, — Eskimo scouts of the yet-to-be-formed Alaska Guard will soon patrol the Bering Sea coast as "eyes and ears of the military" in the bleak sub-Arctic land nearest Russia.

The providing measure was approved by Alaska House today and goes back to the Senate for routing action on an amendment cutting the appropriation from \$90,000 to \$75,000.

The decrease will vary according to goods but exporters said it would fall below the fifty percent reduction predicted here. It will, however, be almost in a par with ocean rates.

## NEWFOUNDLAND FREIGHT LOWER

ST. JOHN'S, Newfoundland—The over-all Newfoundland freight rates will be lower after Confederation on March 31 but the decrease will not be as great as was expected, it was learned yesterday.

The decrease will vary according to goods but exporters said it would fall below the fifty percent reduction predicted here. It will, however, be almost in a par with ocean rates.

## BODY OF MRS. HART IS HERE

Her Death Recalls Early Days in Province

The remains of Mrs. Amelia Hart, aged 84, arrived from Vancouver today for interment at Fairview Cemetery, where her husband, Frank W. Hart, pioneer of Prince Rupert, as well of Vancouver, was buried years ago. Deceased was Mr. Hart's second wife. She was a poetess and a lover of and composer of music.

Deceased belonged to one of the early families of Vancouver and, at the time of her death, was living with a niece, Mrs. Frank Lawrence, at 1746 West 15th Street. An elder surviving sister is Mrs. Harold C. Clarke of Beverley Hills, California.

Back in the eighties Mr. Hart and his first wife assisted in welcoming the first C.P.R. train at Vancouver. In 1886 they built what became known as Hart's Opera House, this being the only assembly hall in the city. The Vancouver Province, in referring to Mrs. Hart's death, stated the assembly building was taken from Prince Rupert by sea to Vancouver in 1886 and erected on Carrall Street. This, of course, was written in error. In that year, much of Vancouver was still forest and such a place as Prince Rupert was unknown.

# Social Doings

(Contributions to this section will be welcomed)

## MUSIC, FOOD AND SOCIAL GRACE WILL ATTEND ROTARY SPRING TEA

The suave touch and delicate social grace of Prince Rupert's Rotarians will be on display next month for the second time in three years when the club puts on its second Daffodil Tea at the Civic Centre.

With similar aplomb to that which won them social distinction two years ago, the club men will don the pink apron and wield the tea and coffee urns in the interests of public well-being, well aware that their proficiency might lead them into the danger of greater domestic chores at home.

But they are willing to take a chance on making their accomplishments known to the public and their wives for, to a man, they have responded to the clarion call of project chairman Martin F. Stuart. Recalling the success of their original effort in this regard, they feel that they can even carry the thing off without the loss of that most cherished possession—their male dignity.

The dowager touch at the pouring table will be lent by Dr. L. W. Kergin, P. H. Linzey, S. D. Johnston and Inspector F. B. Woods - Johnson who have agreed to take that distinctive post for the afternoon.

While they pour, the auditorium will ring lyrically to chamber music by a talented group of instrumentalists made available for the occasion by H. T. Lock. There might, it is anticipated, even be the presence of the Rotary Male Chorus to add a vocal touch.

Through the vernal, floral-banked setting, rugged groups of serviteurs will bustle, providing nourishment to the guests. This team, which has already entered rigorous training under direction of George Mitchell, will consist of W. D. McAr, Stewart Donaldson, George Dybbavn, C. H. Elkins, L. M. Felsenthal, Lee Gordon, J. C. Gilker, Jim Greer, Dr. W. S. Kergin, George Green, John McLeod, Jack McRae, Alderman H. S. Whalen, Sgt. L. A. N. Potterton, A. D. Ritchie, J. H. Thompson, C. L. Youngman and Alderman T. B. Black.

An uncertified glimpse into future events will be made available to anyone wishing to see what lies ahead through the offices of A. P. Crawley, G. R. S.

Blackaby and Bill Bussey, who has been called in to join the corps of swamis who will lurk beneath simulated Bedouin tents.

Some of the more versatile members of the club will also double for models in the fashion show which is being conceived by A. S. Nickerson.

The finest products at the disposal of a group of men famous for their appreciation of good cookery will be on sale at the home cooking booth by W. D. Vance, Trevor Hill and J. E. Boddie. General catering for the tea itself will be under direction of Roy Van der Sluys.

Master of ceremonies for the various activities will be E. T. Applewhite. The raffle booths will be looked after by E. V. Whiting, James Rogerson, Fred Hemsworth and Howard McLe. In charge of prizes will be Bill Terry, Bruce Brown and Bob McKay. Treasurers will be club President D. C. Stevenson and William Simmons. T. Norton Youngs will be in charge of tickets and Alex McRae will be at the door.

**GIRL PERFORMS SELF-MUTILATION**—Pearl Polishchuk, who went east from the Peace River district during war-time labor shortage and worked for a time in St. Catharines, Ont., before going to Toronto, was found in her Toronto rooming house lying in a pool of blood. Police said there was a saw-toothed bread knife beside her and both her legs were almost severed above the knees. For the past five years she worked for a knitting company where she had often told the part-owner she would "like to see the other side." She was a member of the Onward church whose minister says the girl wanted to be a minister. In her purse were a number of religious tracts and a letter from a brother in Manitoba. She is expected to live, according to hospital reports.

## GARDEN NOTEBOOK

**A Pencil Will Help**—A pencil will prove a most useful tool in the gardener's kit, and it should be the first one to use each season. True, it is not much use out in the garden itself, but with a few pieces of paper and perhaps a small ruler it will come in mighty handy for planning. And planning is an important and pleasant part of gardening.

It is not necessary to have an exact blue print, or even a plan drawn to scale, though a rough sketch in the proper proportion, with the prominent features like the house, garage, walks, trees, etc., marked in about the right places, will make things neater and easier.

The main thing about planning, however, is to help get the

garden started at the proper time, and to prevent duplication and crowding.

**Laying Out the Garden**—For the vegetables planning is simple mathematics. It is just a case of determining how much space is available and then laying this out in rows of various widths. For vegetables of medium size like beans, lettuce, carrots and such things it is best to leave at least a foot between rows and up to twice this much will not hurt. More space between makes cultivation easier. Larger growing things like potatoes, peas, corn, etc., should have at least two feet between rows, and a yard will not be too much, especially where a garden tractor is to be used for cultivation. Three feet apart is about the right distance for tomatoes, too, although they can go closer if they are staked. With sprawly vines like cucumbers, melons and small squash, the best plan is to plant in hills of a foot to 18 inches square and at least two feet between.

**Planning Flower Garden**—For the flower garden, lawns and shrubbery about the house, the experts usually advise an informal layout. By that, however, they don't mean just planting anywhere or, as one wit suggested, mixing a dozen packets of seeds together and sowing broadcast.

It may sound a bit Irish but what these experienced gardeners have in mind is a carefully planned layout to produce the informal effect, and it is not difficult to accomplish. A few simple rules will help.

First, and of great importance, is the lawn. No matter how small the amount of ground to be landscaped it is advisable to have a piece of lawn in the centre and foreground. Around this the flowers and shrubbery are grouped with the house in the background. There is nothing like a well kept lawn to show off the rest.

One should keep in mind the mature height of the plants, shrubbery and trees to be used. Allow half as much space between as these individuals will finally grow. With an aster,

that means a few inches apart, with a sunflower or hollyhock 2 or 3 feet, medium tall shrubs such as ordinary spires, pretty close to 4 feet, and with a maple tree the space between would be at least 30 feet.

Here is a new door to Progress

KEEPING up with the times is the responsibility of every Canadian business. The latest addition to our cotton mill unit at Magog, Quebec, is an indication of Dominion Textile's appreciation of this fact. Designed on the latest structural plans for such plants, the building is air-conditioned throughout, equipped with fluorescent lighting and the most modern cotton textile machinery. ### LEGION BILLIARDS FINAL TOMORROW

By winning his match yesterday against Jack Campbell 150 points to 105, Alex Harvey will now meet Geo. Dawes in the semi-final of the fourth handicap English billiards tournament at the Canadian Legion Hall this afternoon.

In yesterday's game, Campbell, who was conceding his opponent 10 points, was slow in getting started and Harvey, with the aid of a 20-point break, had a substantial lead before Campbell neared his customary form. In today's game Harvey is playing minus 20 while Dawes has a handicap of plus 25. The winner of this match will meet Bruce Simundson on Thursday in the final match of 200 points.

1948-49 HOOP LEAGUE RECORDS

Ted Arney of Savoy heads the Senior Basketball League point getters for the recently closed 1948-49 season, according to Shorty Santurbane's official figures. Arney was run a close second by Jack Lindsay of Co-ops.

Santurbane gives top scoring honors in the Intermediate League to Bob McChesney of Stone's with J. Hebb of Merchants considerably down in second place.

Jackie Budinich of People's Store topped the girl scorers with a comfortable margin over Chrissie Currie of High School. In the Junior division D. Johnson of North Star and D. L. Tourneau of Kinsmen shared honors as high men.

The following statistical tables show the records of teams and players in the 1948-49 basketball season.

## Basketball Play-Offs

**Fashion Footwear Take Lead in Intermediate League—High School in Ladies**

Fashion Footwear came through with a fourth period win over Merchants last night to gain a fifty per cent hold on the Intermediate League basketball championship. Merchants led 10 to 5 at the end of the first quarter, 14 to 12 at the half and 21 to 19 at the three-quarter rest. By then they had shot their big guns and were able to pick up only two points in the final quarter, while Fashion cinched the game with an 11-point scoring spree.

Dom Johnson and Andy Owens each scored eight points during the evening to head the scoring parade but Fashion players Slatta and Gill were each good for seven points while Haugan scored six and Arntsen five. Merchants lost Johnson via the foul route but Referee Comadina and Holkestad had a fairly easy evening with 17 fouls called on the Merchants' team, and 17 on Fashion. Fashion took 43 shots at the basket, Merchants, 44. Superior shooting gave the winners a one game lead in the play-offs which continue tomorrow night.

High School girls played their best game of the season to gain a play-off berth in the finals when they scored a 19 to 12 victory over Peoples. Peoples had an early lead in the first quarter but High School took over in the second quarter and were never headed from then on. They meet Dom's in the play-offs tomorrow night.

Here are individual scores and line-ups for the evening:

## Sport Shots

If you want to be a good basketball player, junior, keep your eyes on the nearest part of the rim and lay the ball up there just as easy as you can. That's the advice of easy Ed Macauley, the St. Louis University string-bean, who was the most popular choice on the 1949 All-American basketball team. He should know. His marksmanship average of .538 is one of the best, if not the best, in United States college basketball.

Macauley took time out to pass along a few pointers to youngsters who are having a rough time making the team. "I'd say shooting is about all practice," Ed said. "We're taught to keep our eyes on the closest part of the rim when shooting." An important thing is to make the shot just as soft as you can. That way, the basket will catch some of those that bounce around. "That goes for all shots, including free throws. Lay it up there easy."

How does he get away from the pressure that usually builds up before a big game? "I try to keep my mind off the game until we get in the dressing room," he said. "Relax. Listen to the radio. Otherwise you'll play the game nine times before you get on the floor."

Any special tips on diet and sleeping? "Regularity—that's the big secret," Macauley replied. "Eat plain food. Lay off pastries and things like that. On the day of a game eat a substantial breakfast. For the meal

Q. How can I make a polish for metal and glass?  
A. An excellent polish can be made by mixing one part of wheat flour to five parts of potter's clay. Apply with a damp woolsen cloth. This compound will also remove tar and grease from the glass and metal parts of an automobile.

Q. How can I give a pretty sheen to the hair?  
A. If a half cup of vinegar is put in the rinsing water when washing the hair, it will soften it and give it a pretty sheen.

## GYROS RETAIN ELMWOOD KNOT

### "Luck," Snort Rotarians After Bridge Disaster

Nature wrought consummate and fashioned a tree on an Ontario hillside and, after a long catalogue of vicissitudes, that elm arrived in Prince Rupert where it was put to peculiar use. It has become the cherished prize of a bloodless battle between two groups of strong but far-from-silent men.

Resurrected from limbo after its apparently final use as a railway flatcar stake, that exiled cousin of Charlie McCarthy was placed on a lathe at the dry dock and turned into a trophy by A. J. Croxford, skillful artisan. Thereafter, as a masterpiece of natural and human creativeness, it departed far from its initial perfection.

What follows is a chapter that Rotarians would give much to forget. For that trophy, with its two inscribed plaques, is a symbol of their defeat on two occasions to the Gyro Club at the bridge table. The second came with marked decisiveness last night at the Civic Centre.

Just to what extent skill and judicious playing influenced the evening's results is purely a matter of viewpoint. Rotarians mutter dolefully of "luck" while their Gyro opponents chirp blithely of "skill and experience."

Total point results, based on seven rounds at the five tables in play:

Gyros, 29,830.  
Rotarians, 16,570.  
Gyro team captain Joe Scott accepted the knot of elmwood with the following generous offer:

"If you Rotarians feel you need any further instruction in the fine points of bridge, I'm sure that the Gyros will be more than willing to give you another lesson."

Rotary team captain Norton Youngs replied:  
"Such luck cannot continue

indefinitely. We will be willing to meet you again at an early date."

The lunch, which followed these courtesies, was on the Rotarians.

Gyro players were Duncan McRae, George Murray, Jens Munthe, C. C. Mills, W. D. Lambie, Jack Lindsay, Bob McKay, Jr., Dr. R. G. Large, Dr. A. W. Large, W. J. Scott.

Rotary players—Lee Gordon, George Dybhavn, L. M. Felsenthal, F. B. Woods-Johnson, W. D. Vance, J. D. McRae, Jack McLeod, Fred Hemsworth, C. H. Elkins, T. N. Youngs.

By ROBERTA LEE

Q. When calling for a young lady, is it proper to blow the automobile horn to announce one's arrival?

A. Most certainly not. The girl's father would be justified in refusing the man admittance—and the girl should feel the same way about this lack of courtesy.

Q. When a person inadvertently jars another, should he say, "Pardon me"?

A. "Pardon me" is not good form. It is regarded as too abrupt. It is better to say, "I beg your pardon," or, "I am sorry."

Q. Is there any time when a husband or a wife is justified in criticizing the other in public?

A. No; it is very rude and ill-bred to do so.

### RUPERT HAILS TAX CUTS

(Continued from Page 1)

price. This is drastic enough to amount almost to removal.

However, they saw themselves taking a loss on stock already on hand since it was purchased at the taxed price with no apparent allowance for refund.

"I guess we will just have to take it," said one. "We can always hope that elimination of the tax will stimulate buying."

Removal of the 15 percent transportation tax was seen as a big help to Prince Rupert because of its distance from other centres—providing the transportation companies do not slap on immediate fare boosts.

One transportation company—Canadian National—said this morning that it was dropping the tax, effective today, on both boat and rail fares. The two other steamship companies had not received instructions this morning but it was believed likely that word would be received sometime during the day.

With the tax wiped out, first class steamship fare to Vancouver will be \$31.50 as compared to \$36.25 with the tax for a one-way ticket and \$56.70 for a round trip ticket. It formerly was \$55.20. The provincial 3 percent tax still stands.

The Canadian Pacific Air Lines office had received no official word on elimination of the tax this morning nor could C.P.A.L. agent E. C. Williams say what the company's policy might be. TransCanada Air Lines, its major competitor, announced last night that effective April 1, it would boost its rates to take up the tax.

It seems clear that in Ottawa, there is no deep yearning to hear Tim Buck's message of light. It was expected he would speak in the Chateau Laurier but the management hold the view the Chateau is a hotel instead of a building where controversial subjects are aired. There are feasts but more substantial than feasts of eloquence. Tim was in Prince Rupert years ago, speaking in the Capitol Theatre on a Sunday forenoon. There was a good-sized and an orderly audience and friend Buck kept cool and amiable.

CHOCOLATE BARS  
Elimination of the tax on candy bars resulted in an immediate reduction from 8c to 7c in price in at least one store. It may result in the manufacturers putting out a larger bar for the 8c perice, some local wholesalers believe.

One merchant, looking the situation over, voiced a word of caution.  
"This has been described as a 'normalcy' budget and if it is so, we can expect different conditions from those we have known in the past," he said. "It means that the economy is down to rock bottom and that the gray is gone. From now on, we will be operating on our earnings and not on money stored up during the war. It probably is a good thing."
