Train Collision Near Cranbrook Is Fatal To Two Railwaymen Of Canadian Pacific

Passenger Crashes Head-on Into Freight; Others Injured And Are Being Hospitalized

CRANBROOK (CP)—An engineer and a brakeman were killed five miles west of here early today when an eastbound Canadian Pacific Railway passenger train rammed head-on into a westbound freight train.

The accident occurred at 3:40 a.m. at Little Junction.

Charges To Be Probed

OTTAWA — Canada has asked Hungary and Rumania to name their representatives to commissions to investigate Canadian allegations that the two Communist-led countries have broken their peace treaties by denying fundamental civil rights to many of their citizens.

The dead are Peter Linon, of Cranbrook, engineer on the freight train, and James W. Myles, brakeman on the freight.

Half a dozen other men were injured and three are in Cranbrook Hospital. None of these are reported seriously hurt.

Mr. and Mrs. James Brown returned to the city by train Wednesday night after a three months' trip to their native Scotland. They visited in Winnipeg on their way home.

WINNING RADIO FIGHT—

Prince Rupert To Get Network Programs And Weekly Puck Broadcast

It looks like station CFPR of Prince Rupert is soon to get the green light for the broadcasting of all Canadian Broadcasting network programs. Emission of the Saturday night National Hockey broadcast should be authorized almost immediately. This welcome news is to be gathered from the latest message to E. T. Applewhite, M.P. for Skeena, from Hon. Lionel Chevrier, minister of transport, on the subject.

On December 31 Mr. Applewhite communicated last with Mr. Chevrier on the matter and now the Skeena member has been advised that, "pending agreement with the CBC regarding full CBC service for this area, arrangements have today been completed with CBC for the Saturday night broadcast to be carried over CFPR as soon as CBC receives the sponsor's formal permission to use the program." Mr. Chevrier adds encouragingly: "No difficulty is anticipated."

Broadcasting of full CBC network programs from CFPR would mark the culmination of a long campaign led by the Prince Rupert Chamber of Commerce and Mr. Applewhite, often sparked by the enthusiasm of local sports followers to get the hockey broadcast.

Mr. Applewhite brought the campaign to a head while attending the recent session at Ottawa.

C. H. Insulander, manager of CFPR, had no instructions up to this afternoon as to releasing the National Hockey broadcast from his station.

Gassed By Monoxide

Two people were admitted to General Hospital early this morning after they were found unconscious in the rear seat of an automobile parked in a garage at 812-Second Avenue W. After receiving an urgent call, the city ambulance inhalator squad rushed to the scene and attempted to revive the couple. Put into the ambulance, the woman gained consciousness before arriving at the hospital but the man received further treatment before he was revived. The two were found slumped in the rear seat of the vehicle. The motor was running and, apparently, wind gusts had carried the carbon monoxide fumes into the rear of the automobile. The doors of the garage were opened. This morning the pair are in good condition.

Pneumonia In Prince George

PRINCE GEORGE — An epidemic of pneumonia has hit the Central British Columbia city jamming hospitals and forcing an around-the-clock emergency routine for doctors and staff. Forty-nine cases have been reported since the recent cold snap. There have been no deaths. Temperatures dropped as low as 53 below zero and a similar trend the outbreak of the cold wave which hit the area two weeks ago but is now ameliorating. Residents, unprepared for the cold, became overheated with the result that they contracted virus, doctors say. The number of cases is higher than at any time in the history of Prince George. There are sufficient medical supplies available hospital and doctors say.

READY THIS YEAR—Rising from the bed of the Ottawa River at Des Joachims, 38 miles upstream from Pembroke, Ont., is Ontario's biggest post-war hydro development—and the biggest since Niagara Falls was harnessed. Through these huge pipes on the downstream side will pour enough water to generate almost 480,000 horsepower of electrical energy. Some 2,500 men have worked for three years on the Des Joachims project; its first units are scheduled to go into operation in 1950. (CP Photo)

Prince Rupert Is Bothered With Few Workless; Prospects Bright

While increased unemployment is reported general in other parts of Canada, a review of the employment situation in Prince Rupert area at the present time discloses a very satisfactory picture here, according to E. V. Whiting, superintendent of National Employment Service. Claims at the local employment office are considerably below the number filed in the same period a year ago and the prospects for employment in the construction industry in the near future is brighter than has been the case for several years. "There is reason for optimism in regard to employment prospects in 1950," Mr. Whiting says.

Formosa Is Getting Hot

Among major building projects which should offer employment during 1950 are listed a new hotel, new theatre new newspaper building, new schools, new nurses' home, conversion of the former United States administration building into apartment block and the rehabilitation for industrial use of the large warehouse on the waterfront.

The work on the Prince Rupert-Port Edward Highway will extend well into the summer. These are projects which will provide employment beyond normal expectations in this area. There have been some layoffs at the Columbia Cellulose Co. construction on Watson Island due to weather conditions and the fact that a large proportion of the foundation work is now completed. The next few months will see fewer new hirings in the common labor categories as the work has progressed to a point where the various skilled craftsmen will be the major need until completion.

Life Behind Iron Curtain

A great deal of prejudice is shown towards the Polish people in their war ravaged country by the Russians and if citizens of the country are not members of the Communist Party, they have to shift for themselves as well as they can which includes living in rubble heaped buildings and eating the poorest of food.

So said Marie Balagno Lundquist, distinguished pianist, in a vivid description to the Rotary Club Thursday afternoon of her recent trip to Warsaw where she competed as an American entry in the Chopin Centennial in the Polish capital last fall. Mrs. Lundquist, who is visiting in Prince Rupert with her parents, Mr. and Mrs. C. P. Balagno, will be featured in a piano recital at the Civic Centre January 13. Her trip to the old country, she related, began in Seattle September 4, and stops before arriving at Warsaw, were at Gander, Newfoundland and Prestwick, Scotland, and Copenhagen. Met at the Warsaw airport by Russian troops, all seven passengers (continued page 3)

Noted Alaska Choir From Model Native Community Visits City

Fifty United States citizens came back to their hereditary home today not to reside but to sing to their neighbors in Prince Rupert. It is over half a century ago that Father William Duncan led his people from Metlakatla, to a new settlement in Southeastern Alaska, also known as Metlakatla. Today Metlakatla, Alaska is recognized as one of that territory's most prosperous villages. The people are well educated, send their children to Universities in the States, they own their sawmills and their canneries, have fine fishing boats, and are, by a special act of congress, full-fledged citizens of the United States.

The Metlakatla choir is hailed as the finest in Alaska, and it has won renown, all over the Pacific Coast. Two years ago it travelled to all major cities in the Western States and British Columbia to be heard in concert recitals. It sang to large crowds in each city and the national radio networks carried the voices across the continent. Tonight the choir will give a sacred recital in Prince Rupert from the stage of the Civic Centre. Their program includes many numbers from the "Messiah" and music lovers will hear Handel's "And the Glory of the Lord," "Lift Up Your Heads," "Worthy is the Lamb" and the "Hallelujah Chorus."

Laborites For Sunday Sports

VICTORIA (CP)—Opening up of all sport and other good clean forms of recreation on Sunday was urged in a resolution endorsed by the Victoria Trades and Labor Council (VTL) at a meeting Wednesday. The resolution, brought forward by Victor Midgley, international representative of the United Brotherhood of Carpenters, also called for the petitioning of the city council to hold a plebiscite over the issue.

Is Killed By Police Fire

Vancouver Youth Comes to Untimely End After Holding Up Officers

VANCOUVER — A handsome 21-year old youth, who detectives say they believe "wanted to die," was shot to death here early today in a brazen attempt to hold up a police prowler car.

Raymond Stanley Hamod, laborer, died after he had been shot three times by Constable M. A. Eburne. Shortly after his death, a note was found in his room. It read: "I am going to leave this world."

Hamod was shot after he had hailed the police and entered their car, covering them with a gun and demanding that he be driven downtown. The officers started to drive him around a block and Constable Eburne fired blind over the back of his shoulder. Chief Constable Walter Mulligan praised the officer for his coolness and presence of mind. "That is why we arm our officers," he said.

EXPLOSIVE DISCOVERY

Some scientific writers hold that Friar Bacon discovered an explosive ingredient by accident in 1248 A.D.

Elimination Of All Poverty Is Foreseen By Truman

WASHINGTON D. C. — President Truman said today that the United States can offer its people 61,000,000 jobs this year, 64,000,000 in five years and, in the end, "complete elimination of poverty." In his annual economic message to Congress, Mr. Truman said the country's economy has emerged strong and stable and with reborn confidence from its post-war crisis. He called on business, labor and farmers—as well as the government—to rise to the "magnificent challenge" ahead.

Break-Entry Case Adjourned

Adjournment of the hearing on a breaking and entering charge over the Christmas week-end laid against George McKnight, former Columbia Cellulose employee, has been extended to next Friday. The accused and two suspects, Stewart Thompson and John Wallden, were brought before Magistrate W. D. Vance in city police court this morning.

McKnight, Thompson and Wallden were picked up at the King George Hotel December 28. Police have linked McKnight with the Gordon and Anderson burglary. Thompson and Wallden, although not charged with aiding McKnight, are held on vagrancy counts.

St. Louis Return

YORK — Will Joe Louis, world's heavyweight champion return officially to the States? The eyes have it two to the Associated Press and a poll of the country's writers who were asked to express their opinions on the No. 1 question. A total of 90 writers who voted on the question, 59 said the Brown Bomber would go to the lure of another bout purse and give up exhibition business.

Winter Warmth Ending

CHICAGO (CP)—Bitter cold ruled over most of the mid-western United States today. Arctic air belt extended from Montana into Iowa as well as some parts of the Rocky Mountain region. It looks like it has come to the unseasonable weather for the mid-west and North Atlantic states.

(Authorized as Second Class Mail, Post Office Department, Ottawa) Published every afternoon except Sunday by Prince Rupert Daily News Ltd., 3rd Avenue, Prince Rupert, British Columbia. G. A. HUNTER, Managing Editor. H. G. PERRY, Managing Director. MEMBER OF CANADIAN PRESS — AUDIT BUREAU OF CIRCULATIONS CANADIAN DAILY NEWSPAPER ASSOCIATION

'Credulous Of Evil'

WHEN A REPORTER on the Norfolk Virginian-Pilot asked a newspaper in the Wright brothers' home state if it would like him to telegraph an account of their first flight at Kitty Hawk, he got his reply. "We don't want any cock and bull yarn like that." Most folk were so unbelieving about man's ability to fly that only five papers would buy the "scoop."

Today no one raises a skeptical eyebrow when told that a jet plane carries a letter—as part of the celebration of the Wright's first flight—from Kitty Hawk to Dayton and return in 150 minutes. Indeed thousands of Americans are willing to believe when a radio sketch reports that men from Mars are landing in New Jersey.

To our generation no wonder appears beyond belief—so long as it is in the realm of physical science. And since the atomic bomb appeared new degrees of destructiveness seem to be expected. Our times have been described as "an age of materialism immensely credulous of evil."

Warnings are voiced of the danger that material progress will outstrip moral progress. We are reminded that great speeds and great destructive power do not enhance the 'quality of humanity.'

Humanity feels keenly the need for faster development on the moral and human side. It desperately requires new social and political instruments to control the material Frankenstein it is building. Here is the great field for invention. The ideas for this, as for all "discoveries", already exist and only need to be recognized. More attention directed to this effort, keener desire to understand spiritual power, more willingness to believe that God is good, will not only permit man to turn engines into blessings but lead him to far greater progress than learning to fly.

—Christian Science Monitor

NEW YORK SUN FOLDS

THE NEW YORK SUN, founded 116 years ago, has ceased publication as a separate enterprise to become part of the World-Telegram organization. In 1834, the American press, while progressive, was still a long way from being a real power or wielding an influence that meant much. The Sun, in its long and active life, contributed largely to the achievement of each.

It may be said of Charles A. Dana, who became part owner in 1858, that he gave to the property a unique distinction. He served as editor, and perhaps more than any other, his personality became identified with his newspaper.

If not exactly a model, it was the Sun toward which a large section of American journalism looked for guidance, example, or good taste in coping with the numerous problems arising from time to time in everyday newspaper making. While Dana was alive it had character and discernment which is not saying that before and after his period of service, it had not. But it is no overstatement to say that the Sun, with Dana there, was given the benefit of his talents in fullest measure, and this was recognized.

CHIGNECTO CANAL

A BOARD OF ENGINEERS may report on the wisdom, or otherwise, of cutting a canal across the Isthmus of Chignecto. This would link the Bay of Fundy with the Gulf of St Lawrence, and be certain to make a change in the general industrial and shipping life of the Maritime Provinces.

The project is nothing new. For generations it has been suggested, and the feeling has always been favorable to such a work. The canal would be eighteen miles long and an enterprise of magnitude. Canals reduce distances, and can multiply contacts which lead to convenience and other advantages.

Nothing approaching an undertaking of this size has been seen in New Brunswick since the building of the Intercolonial Railway. It would attract wide attention, give employment, and in general stimulate new ventures in a country that has for a long time watched her people leave for other parts of Canada, and for the United States, because there was lack of opportunity at home.

Miss B. Gridley, nurse at the Smithers Hospital, left by plane this afternoon for Vancouver en route to her home in Victoria for a holiday visit. Miss Gridley arrived in Prince Rupert last night aboard the train from the east.

After spending the holiday season with their daughter and son-in-law, Mr. and Mrs. Joseph Naylor, in Vancouver, Mr. and Mrs. R. Wood returned to their home here this afternoon aboard the Union Steamship's vessel, Chacotin.

LETTERBOX

STAR CHAMBERS

Editor, Daily News: Regarding the practice of excluding press and public from the council chamber during sessions of the city council, may I, Mr. Editor, inform both you and the public at large that, during the past three years, both press and public were, I venture to say, excluded at least thirty-six times while the council jabbered over some trivial affairs of no more importance than a dog fight. I have been on and off a number of city councils since 1914 and never before 1947 did I see public and press excluded. Up to the last meeting in 1949 it became a common practice.

I thank you, Mr. Editor, for your recent editorial comment. It may cause some people to realize that public matters are now private affairs and should not be treated as such.

Aid. GEORGE B. CASEY.

MAIL DELIVERY

Editor, Daily News: I was much interested in your editorial the other day on city mail delivery.

My opinion is that there is no good reason whatsoever why there should be no street delivery in this city. Prince Rupert will soon be approaching the 12,000 population mark and the population is steadily growing. Other British Columbia cities such as Penikese, Nanaimo and others have had mail delivery for many years and those cities are larger than Prince Rupert.

Prince Rupert, British Columbia's fourth city, lacking this service seems something unique to me.

It has been stated that houses in Prince Rupert are not properly numbered which seems to be a very stupid excuse since it would cost so little to have house numbers properly painted so they could be plainly seen from the street. Also streets and avenues could be easily marked at the corners. In fact, this is

LANDMARK BURNS—The historic 47-year-old rink of the Minto Skating Club in Ottawa, training-ground for some of Canada's most famous figure skaters including Barbara Ann Scott, was destroyed by an early-morning fire Thursday. Lost in the blaze were the records of the Canadian Figure Skating Association and valuable trophies won by club members as well as thousands of dollars worth of skating equipment. Damage was estimated at more than \$250,000. (CP Photo)

AIR PASSENGERS

To Vancouver (Today)—T. H. Wilford, T. Forman, Miss B. Gridley, F. Grandison, M. A. Myros. From Vancouver (Thursday)—Mr. and Mrs. C. R. Levelton, S. Woods, W. Fleming, M. Toubert, M. Holbrook, J. Kullm, J. A. Feigal, F. McClay. From Sandspit (Thursday)—H. Helin.

Campbell & Bennett employee George Griffith, returned to the city aboard the Chacotin today after spending holidays in Vancouver.

something that should have been done long ago. I hope that your suggestion Mr. Editor, will be taken up by the proper bodies and that I will be given some encouragement. Thanking you for your space. JOHN LAPORTE.

Ray Reflects . . . and Reminisces

During Christmas week, an oil drilling staff operating near Skidegate produced a gusher of water. Over at Third Avenue and Second Street, Prince Rupert, there was a gusher of fire-water.

There were young Canadians who managed to bluff their way into uniform during the Great War. They neglected to tell the truth as to their age. Actually, they were in their teens. Similar cases appeared in the American Civil War which ended 85 years ago. Life prints pictures of fewer than a hundred survivors of the armies totaling 2,500,000, whose struggle ended at Appomattox in 1865. Practically all are 100 years old—some, 106. How many burnt out Canucks will be looking at a camera when they reach that stage?

Well, Well! It's barely more than eleven months to Christmas and New Years!

All juveniles do not deserve the rugged criticism so many are receiving. We heard of a boy (only ten), just now who learned to play the violin while practicing in the depths of a forest. Any lad with foresight and a sense of mercy like that is entitled to gratitude instead of abuse.

An issue, such as sports on the Sabbath Day, is nothing new. For years in plenty of cities, not necessarily in British Columbia it has meant little more than the difference between tweedledum and tweedledee.

Eastern Canada has been having weeks of weather so mild it's almost unbelievable. But there is a change in the offing. Watch out for biting blasts sweeping the North Atlantic and on land snows that lay long and deep. If there's been verdure and caressing breezes in November and December, it's hard to credit.

SOCIAL and PERSONAL

Jack Lindsay sailed last night on the Prince George for a business trip to Vancouver.

● Moose Whist Drive and Dance, Moose Temple, Saturday 8:30. (5)

● Regular Moose Meeting Tuesday Jan. 10 8 p.m.

Miss Jean McAfee sailed by the Prince George last night to return to her studies at the University of British Columbia.

● OIL BURNERS—Service and repairs, Phone Black 906. G. D. Ronson. (5)

● New Spring Jersey dresses all sizes, priced from \$8.95 to \$9.95 at Annette Mansell Ladies Wear. (4)

Peter Poulos of Halifax, after spending the Christmas and New Year holiday season here with his cousins, Mr. and Mrs. G. Christy, First Avenue West, left last night on the Prince George for Vancouver enroute back east.

Mr. and Mrs. C. G. Ham returned to the city on Wednesday afternoon's plane after spending a few days visiting at Dead Tree Point, Queen Charlotte Islands, as the guests of Mr. and Mrs. J. R. McWilliams.

Married Here At New Year's

Marriage vows were exchanged on New Year's Eve by Ruth Forbes and Percy Karris at First United Church. The Rev. L. G. Sieber performed the ceremony and the bride's sister, Mrs. Mildred Long, was bridesmaid with Austin Cassidy acting as best man.

Mr. Karris is a former resident of Ottawa and Mrs. Karris is from Toronto. The newlyweds will take up residence in Prince Rupert.

H. S. Whalen left last night aboard the Prince George on a business trip to Vancouver.

● Meeting of Jobs Daughters Friday Jan. 6 at 8 p.m. General business, Silver March and Party at 9:45. (4)

Miss Eleanor Carr, daughter of Mr. and Mrs. J. R. Carr, 925 Borden Street, left for Vancouver aboard the Prince George last night to resume her nursing duties at St. Paul's Hospital after visiting her home here.

Mrs. Mary Hutchinson, stewardess on the steamer Prince George, now on vacation, arrived in Prince Rupert aboard the southbound vessel last night, visiting friends in Ketchikan during the holiday season, she will leave by rail tonight for her home in Vancouver.

LIFE BEHIND IRON CURTAIN

(Continued from page 1)

including another American, were ushered into one bare room where they were held for many hours during which time countless questions were asked.

"They, apparently had no heard of the Centennial," Mrs. Lundquist said, "and I was the final person questioned."

Warsaw is utter desolation, the pianist stated, and very few people walk city streets.

Alone for two days without another American to speak to, she was very happy to be taken in by an American Embassy official and his wife. During those two days, she said, she ate omelette because that was the only word on the menu in the hotel where she lodged that could be understood.

Mrs. Lundquist spoke of ruined structures slowly being rebuilt by hand because no machinery is available. Only two buildings are left standing intact and slow progress has seen one third of the city rebuilt. Taken for a drive through the capital, she saw sights that might have been considered impossible. In the country as in the city, very few men are seen, most of them being killed in the war, and women of the country toil in the fields with their hands.

Potatoes are the main source of food and grease is very common.

The Poles possess a fanatic hatred for the Germans, she said, but she could not understand why the people hated Brahms, Beethoven and Bach, German composers.

STENCH OF DEAD
"The Jewish Ghetto is one disorderly mass of bricks," Mrs. Lundquist said. It is the site of the wartime massacre of 300,000 Jews and beneath the rubble, over 10,000 bodies are buried. Instead of removing the rubble it is being leveled off, and when completed will be six feet higher than any other section of the city.

"While we were there, she recalled, "we had to hold our noses when walking through the streets, especially by the Ghetto. The stench of dead bodies and refuse was horrible."

The Poles hate the Russians

DOES IT HURT?—Sympathetic spectator as Sylvia Joan, 7, has a tooth pulled in the dental clinic of a Toronto school is Governor-General Alexander. The extraction was the first witnessed by His Excellency who, with Lady Alexander, was in the Ontario capital for the Royal Winter Fair. (CP Photo)

for many reasons. A Polish citizen is not entitled to own property and, if not a party member, is indirectly persecuted. The Red secret police and government officials have taken over large villas in the countryside. If a person is a party member, he is permitted to live in an apartment. Homes and property of the citizens are taken away by the Reds and in most cases lack of food and clothing, prompt people to join the Communists.

The contest had eleven competitors and the American entries were included in an elimination test. All satellite countries, England and Brazil had previous eliminations. Mrs. Lundquist achieved 17 1/2 out of 18 points. The American entries were asked to meet in the committee room where they were told they had been eliminated from the contest.

YugoSlavia was to have been

represented but, due to trouble with Tito, was disqualified, she said. She added that it was odd to note the distribution of all 12 prizes to Russians and Poles.

Offered a scholarship, she refused on the grounds that she would not enjoy remaining in that country for three or four months. Leaving Warsaw October 1, she was greatly relieved to arrive in Copenhagen.

"It was like getting out of a tomb," she stated. In Copenhagen lively and happy people crowded the streets in deep contrast to the dark and frightened atmosphere of Warsaw where people are constantly on the alert for secret police and deprived of normal, healthy living, while gluttonous and depraved Communists look on.

From Copenhagen, Mrs. Lundquist journeyed to Paris and, after spending five days in the French capital, left for Glasgow

and finally to the United States. Chairman R. G. Van der Sluys presented Mrs. Lundquist with a can of salmon for being the guest from the farthest away point. On behalf of members and guests, she was thanked by Tom Christie. In addition to Mr. and Mrs. Glen Lundquist, other guests were B. J. McCausland, H. H. Semmens, Charles Balagno, Dr. R. G. Large and John Sims.

Canadians are thinking of tomorrow

DEPOSITS AT THE B of M HAVE Doubled in 10 years — NOW TOTAL MORE THAN TWO BILLION DOLLARS

This huge sum is a tribute to Canadians foresight and thrift.

Ten years ago, B of M customers kept a total of \$848,000,000 in their savings and current accounts. During the war years, these people took the opportunity to boost their 'Fund For Tomorrow' to \$1,613,000,000.

Their habit of saving for the years ahead has not only persisted since the war but has gained in strength. Today, their deposits stand at more than two billion dollars—an all-time B of M record and the largest Canadian deposits of any bank. Of this money, well over a billion dollars is in savings.

The fact that the B of M's resources also have topped the two-billion mark during the past year proves one thing clearly—that the size of a financial institution such as the Bank of Montreal simply reflects the measure of confidence a million and a half Canadian men and women share in it.

McLarnin, who now is a business man in California, has been visiting his old Vancouver home. (C.P. Photo)

Band Concert Again Enjoyed

Three hundred persons gathered in the Civic Centre where the concert band of the Eugene, Oregon, High School, presented a repeat recital Wednesday night. Appreciation of this unique musical organization was freely expressed.

The program included Barnhouse overture "Panorama," Hayes' march "Neocid" and Fillmore's march "His Honor," violin solo "Cubana" (Bennett) by Larry Maves and trumpet solos by Director Byron L. Miller with band accompaniment. These were outstanding numbers. There were numerous other excellent ones.

The band was posed for its impromptu sight reading number by Bandmaster Peter Lien of this city with the Hukme march "El Aban," which Mr. Lien admitted was very well done.

The party's dance orchestra played for dancing to the delight of all from 9 p.m. until 10:45 p.m. when it was time to leave for their ship "Princess Norah" which had been held until concert and dance were over.

Returning to their homes in Port Clements after spending holidays here, Mr. and Mrs. T. L. Williams are leaving the city aboard the Chilcoot tonight.

TRAIN SCHEDULE

For the East—
Monday, Wednesday, Friday 8:00 p.m.

From the East—
Tuesday, Thursday, Saturday 10:15 p.m.

Burns Lake

Babine and Francois Lakes Frozen Hard—Planing Mills Closure

Clarence Saunders is reported frozen in on a heavy pack ice on Babine Lake on his way to his logging camp with a scow load of hay and oats, work horses and camp supplies.

Forty below weather prevailed and it was expected that this week would see the ice strong enough to walk horses ashore. No danger is feared and the load consists of food sufficient for a month for team and men.

The New Year was ushered in with sub zero weather and a heavy snow storm, but all roads have been plowed and a steady stream of lumber from points south of Francois Lake is keeping the planing mills busy at Burns Lake. Ice is making on Francois Lake and may put the ferry out of operation within forty-eight hours.

The Tweedsmuir Park Rod & Gun Club is organizing the annual Sweep Stake on the break-up of the Francois Lake Ice and extends greetings to its many members in Prince Rupert.

A. Ives, Queen Charlotte Island pioneer, after a brief visit in Prince Rupert, is returning to Masset aboard the Chilcoot tonight.

SHIPS and WATERFRONT

An unlighted red buoy on the rock at the west end of Horse-shoe Bend in East Skidegate Narrows, Queen Charlotte Islands is no longer in position according to a local notice to mariners from the district marine agent of the Department of Transport here. It will be replaced at the first opportunity.

Enrolment In Schools Steady

Enrolment in Prince Rupert's city schools during December 1949 held steady at a total of 1253 which was a mere seven less than 1260 in November but almost 100 ahead of December 1948. Both and Borden Schools showed slight increases in December over November. Conrad and King Edward schools were slightly down.

If your subscription is in arrears and you do not receive your paper, please do not blame the publisher, the newsboy or the post office. Just do a little straight talking to yourself. Co-operation of subscribers in this regard would be appreciated. It would save a lot of trouble and everybody would be happier. Subscriptions are payable in advance.

Young People Off For Short University Course — Truck Through Lakelse Lake

Miss Connie Tumilson leaves on Tuesday's train for the south where she will be married to Cliff Snelair who was formerly on the local Royal Bank staff.

Miss Kathleen Williscroft returned last week from the south where she has been nursing at Essondale and will stay with her father here until she is better in health.

Dr. and Mrs. F. McGilvery entertained their many friends at their home on Saturday evening prior to joining the crowd at the Civic Centre Cabaret.

John Hipp, Vera Frank, Stuart Craig, Pat Tumilson, Wm. Appeldorne and Effie Appeldorne left on Tuesday's train for the south where they will take an eight weeks' course in the subject they prefer at the Extension Department of the University of British Columbia.

Joe McConnell returned recently from the south to spend the Yuletide holidays with his wife and family here. He expects to stay here for a considerable time.

E. T. Applewhite arrived in town on Thursday morning's train and will be the guest speaker at the annual dinner meeting and election of officers of the Board of Trade which is to be held in the Credit Union Hall this evening.

Alan Dubeau leaves on Tuesday's train for the south where he will resume his studies at the University of British Columbia.

Gordon Temple came into town at the week-end from his lake-side home at Lakelse Lake.

George Anderson of Prince Rupert arrived in town on Saturday morning's train to spend the holiday with his mother, Mrs. W. Anderson.

Gloria Irving spent part of her school holidays at Vanderhoof and, on her return she was accompanied by her sister, Dorothy, who has been nursing in the interior town.

Miss Valerie Booth returned to Terrace on Tuesday morning's train to resume her duties at the Terrace elementary school following a leave of absence due to ill health. She is much improved in health and she will make her home at Mrs. Osborne's.

Word has been received in town of the recent marriage in the south of Miss Joan Wilson, former teacher here. Her position has been filled by Mrs. LaBelle of Lone Butte who arrived in town on Tuesday's delayed train.

Due to the cold spell the primary school did not open on Wednesday when the elementary and high school students returned to school after the Christmas holidays.

The mumps are going around town and, being no respecter of persons, are laying low young and old alike. Peggy Laird of the local bank staff is one of the latest victims.

Ralph Matthews lost a load of coal recently and a truck when he tried to cross Lakelse Lake from the north shore to his mill. The ice broke and the truck and

Terrace New Year Is Cold

But Warm Hospitality and Social Activity Was Seen

TERRACE—Bitterly cold weather ushered in the New Year here with a biting wind blowing incessantly and the temperature far below zero. At 11:30 o'clock on Sunday evening a thermometer on Kalum Street registered 17 degrees below zero and many preferred their homes to going out to the midnight showing of "Gone With the Wind," at the local theatre.

It was a quiet New Year's Day following the festivities of the previous evening.

Two big dances on New Year's Eve drew large crowds despite the zero temperature. The Legion dance in the Oddfellows Hall was very well patronized and, dancing to the lively strains of the local orchestra kept everyone in a jolly mood. At midnight, the traditional "Auld Lang Syne" was sung in the traditional manner and refreshments were served in the Legion clubroom across the street. Dancing continued till the early hours of the morning. The winner of the door prize was Mrs. P. Murie, senior.

At the Civic Centre the second annual New Year's Eve Cabaret drew a crowd of nearly three hundred people. The furnace had been on for days and the big hall was fairly comfortable. Party favors, noisemakers and caps decorated the tables and colored balloons floated down to the dancers from nets suspended from the ceiling. Refreshments being in the hands of Mrs. Florence Bailey, a substantial cold turkey supper, with all the trimmings, was served by her helpers at midnight after the welcoming in of the New Year. The rhythmic strains of Frank Gavan's orchestra gave pleasure to the dancers and watchers alike and dancing was continued until after 4 a.m. The turkey raffle was won by Mrs. Aiger.

Snow Outlook Better Today

Cooler weather today is making the snow situation along the line of the Canadian National Railways in the lower Skeena valley look somewhat better after a battle during the past few days which taxed the snow fighting equipment in its effort to keep up with the heavy snow precipitation which was aggravated by drifting from strong winds.

With snow piling in front of it, the train, which was due from the East at 10:15 last night, finally arrived at 7:30 this morning.

Crews of the regular trains and the snow plow needing rest after long hours of duty, the weekly way freight, which was to have left for Pacific and waypoints at 7 o'clock this morning, is not being dispatched until late tonight or early tomorrow. The regular train for the East is expected to get away on time at 8 p.m. A time freight with frozen fish is leaving at 4 or 5 o'clock this afternoon for the East.

Coal are now in over 20 feet of water awaiting salvage.
