## Dead In California

Occurs  
Plane Fight  
Ship

ANGELES (CP)—A commercial air liner with 46 persons aboard crashed and burst into flames southwest of Santa Ana Pass today.

Before the plane was landed at Long Beach, the pilot radioed he would bring the craft to Burbank. He requested to be at the airport, but there had been a fight aboard.

The airline said that the plane usually carries a passenger load of forty persons. The passengers, said the airline control bureau, had been beaten. The pilot wished one of the men to be taken aboard.

The plane is a steep climb leading through the mountains from the Santa Ana Valley to the area between Chatsworth and Ventura-Santa Paula.

J. Howard Durley of County said that eight passengers had been killed and that the death list probably number 28 persons.

## HEAD ANCES NEW NE PLAN

Council is studying an alternative plan, prepared by Utili-ty Department A. Bruce, which may shave as much as 10 per cent off the estimated municipal telephone re-lease cost by repairing, rather than replacing, some of the old lines.

Mr. Love's idea that we patch up the existing lines and do the whole job for \$1 million, Alderman Rudder-ly said.

Mr. Love's idea, Alderman replied.

With nearly 100,000 lines on hand, the South-ern Bell is the largest telephone company in the eighth annual survey of the National Telephone Conference.

## WINS NORTH

With nearly 100,000 lines on hand, the South-ern Bell is the largest telephone company in the eighth annual survey of the National Telephone Conference.

Mr. and Mrs. Emil Blain, whose marriage took place here a fortnight ago, returned to the city Sunday afternoon after a two-week motor trip through the southern part of the province.

Mrs. Blain is the former Miss Margaret Slinn.

## RENTS IN PRINCE RUPERT LOWEST

OTTAWA—Rents in Prince Rupert average the lowest for any city in Canada, according to figures issued yesterday by the Dominion Bureau of Statistics. The rent average in the Pacific coast city is \$22 per month as compared with the average of \$37 in Toronto. The price of canned vegetables in Prince Rupert, on the other hand, is the highest of any city in Canada.

## Employment This Year Is Better

VANCOUVER—Employment is better in Vancouver now than it was a year ago. Today there are 8000 registered as unemployed, compared with 14,000 at the same time last year.

## Heads South For Repairs

Passengers Excited As Good Seamanship Extricates Coquitlam After Stranding

Following her stranding in Masset Inlet Saturday midnight which resulted in little, if any, hull damage but put her in a crippled condition with a bent crankshaft, Union steamer Coquitlam, Capt. William McCombe, left here under tow at 5 o'clock yesterday afternoon for Vancouver where she will undergo repairs. It may be two or three weeks before the vessel is back in service as the shaft will have to be drawn and, in view of the engine fittings, this may be a somewhat complicated operation. The Coquitlam is being towed as far as Nanaimo by the Powell River Co.'s tug S. D. Brooks. (Continued on Page 6)

## Alaska Has Big 'Quake

"Whopper" of Disturbance in Aleutians

NEW YORK—Seismologists throughout the United States reported a severe earthquake at the week-end, apparently in the North Pacific area. The Franklin Institute in Philadelphia called it a "whopper of an earthquake" and said it happened to be in the Aleutian Islands.

It was reported at 9 p.m. Saturday, Pacific Daylight Time.

## May Close B.C. Forests

VICTORIA—Owing to the extreme fire hazard on the lower Mainland and Vancouver Island, the advisability of ordering a shutdown of logging is being considered.

A large fire is raging out of control on Stalze Mountain, 13 miles west of Duncan, in limits of the Stalze Logging Co. and a 100-man crew is battling to control it.

As flames licked through British Columbia's timber stands and the burning sun seared other forest areas, provincial forest service officials prepared last night to order the halt to operations in the bush.

Mr. and Mrs. Emil Blain, whose marriage took place here a fortnight ago, returned to the city Sunday afternoon after a two-week motor trip through the southern part of the province. Mrs. Blain is the former Miss Margaret Slinn.

## FARM EXPERTS ARE IMPRESSED

LONDON—Seven Canadian farm experts who, returning to Canada aboard the Aquitania, on Wednesday, said today that they were impressed, after a two months' study, by the British Agriculture Ministry's advisory service to farmers.

"British farmers seem imbued with the importance of preserving the fertility and productivity of their soils," said Prof. G. N. Ruhnke, director of agricultural research in Ontario. "My impression is that they look on livestock crops and soils as being very closely related and this scientific approach to the problem evidently reflects the ministry's policy."

## PREMIER JOHNSON GOING TO OTTAWA

VICTORIA—Premier Byron Johnson will leave within ten days for Ottawa, seeking financial assistance in connection with the Pacific Great Eastern Railway. The possibility of an interest-free loan to finance the extension from Quesnel to Prince George will be discussed, also the building of a federal government of a lumber assembly dock at Squamish.

## More British Dockers Quit In Spite Of Emergency Edict

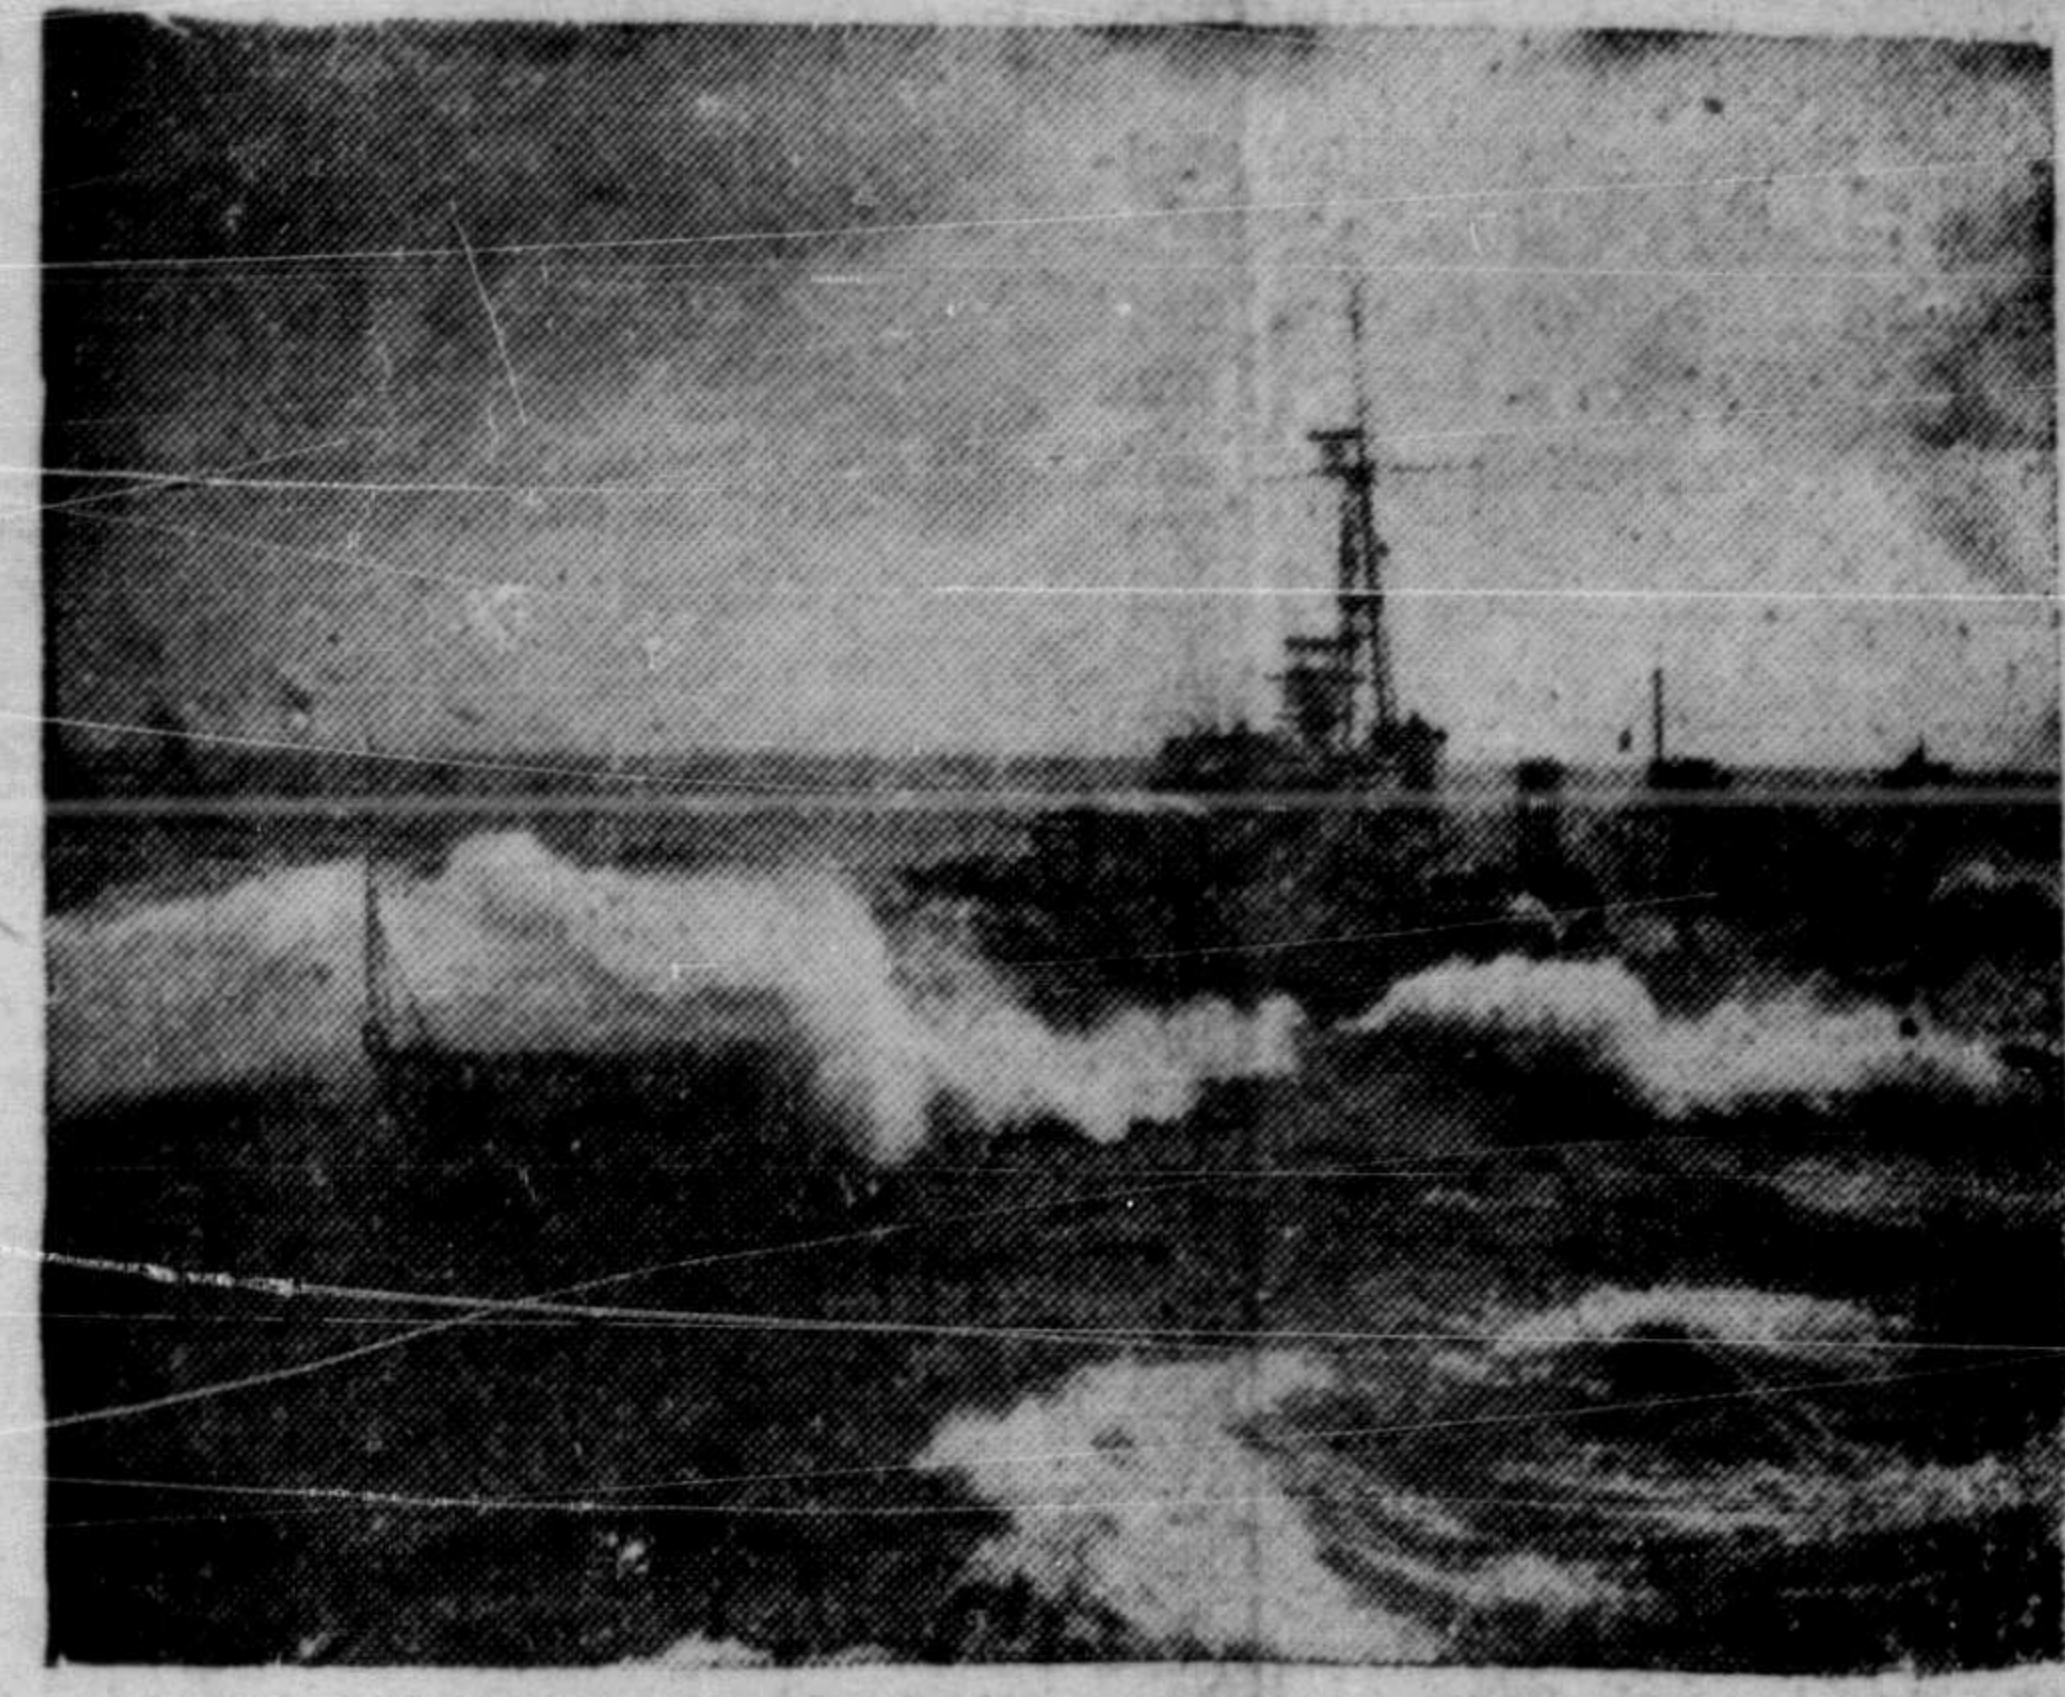

LONDON (CP)—Following decision of London dock workers to remain off the job in support of the Canadian Seamen's Union, the British government acted on cabinet advice today and moved swiftly to invoke the Emergency Powers Act of 1920. This gives the government virtually unlimited powers to handle the crisis. The emergency measures were effective at midnight last night. Today the government started moving members of the forces onto the docks to unload the idle ships.

## WOULD BUILD WITH WOOD

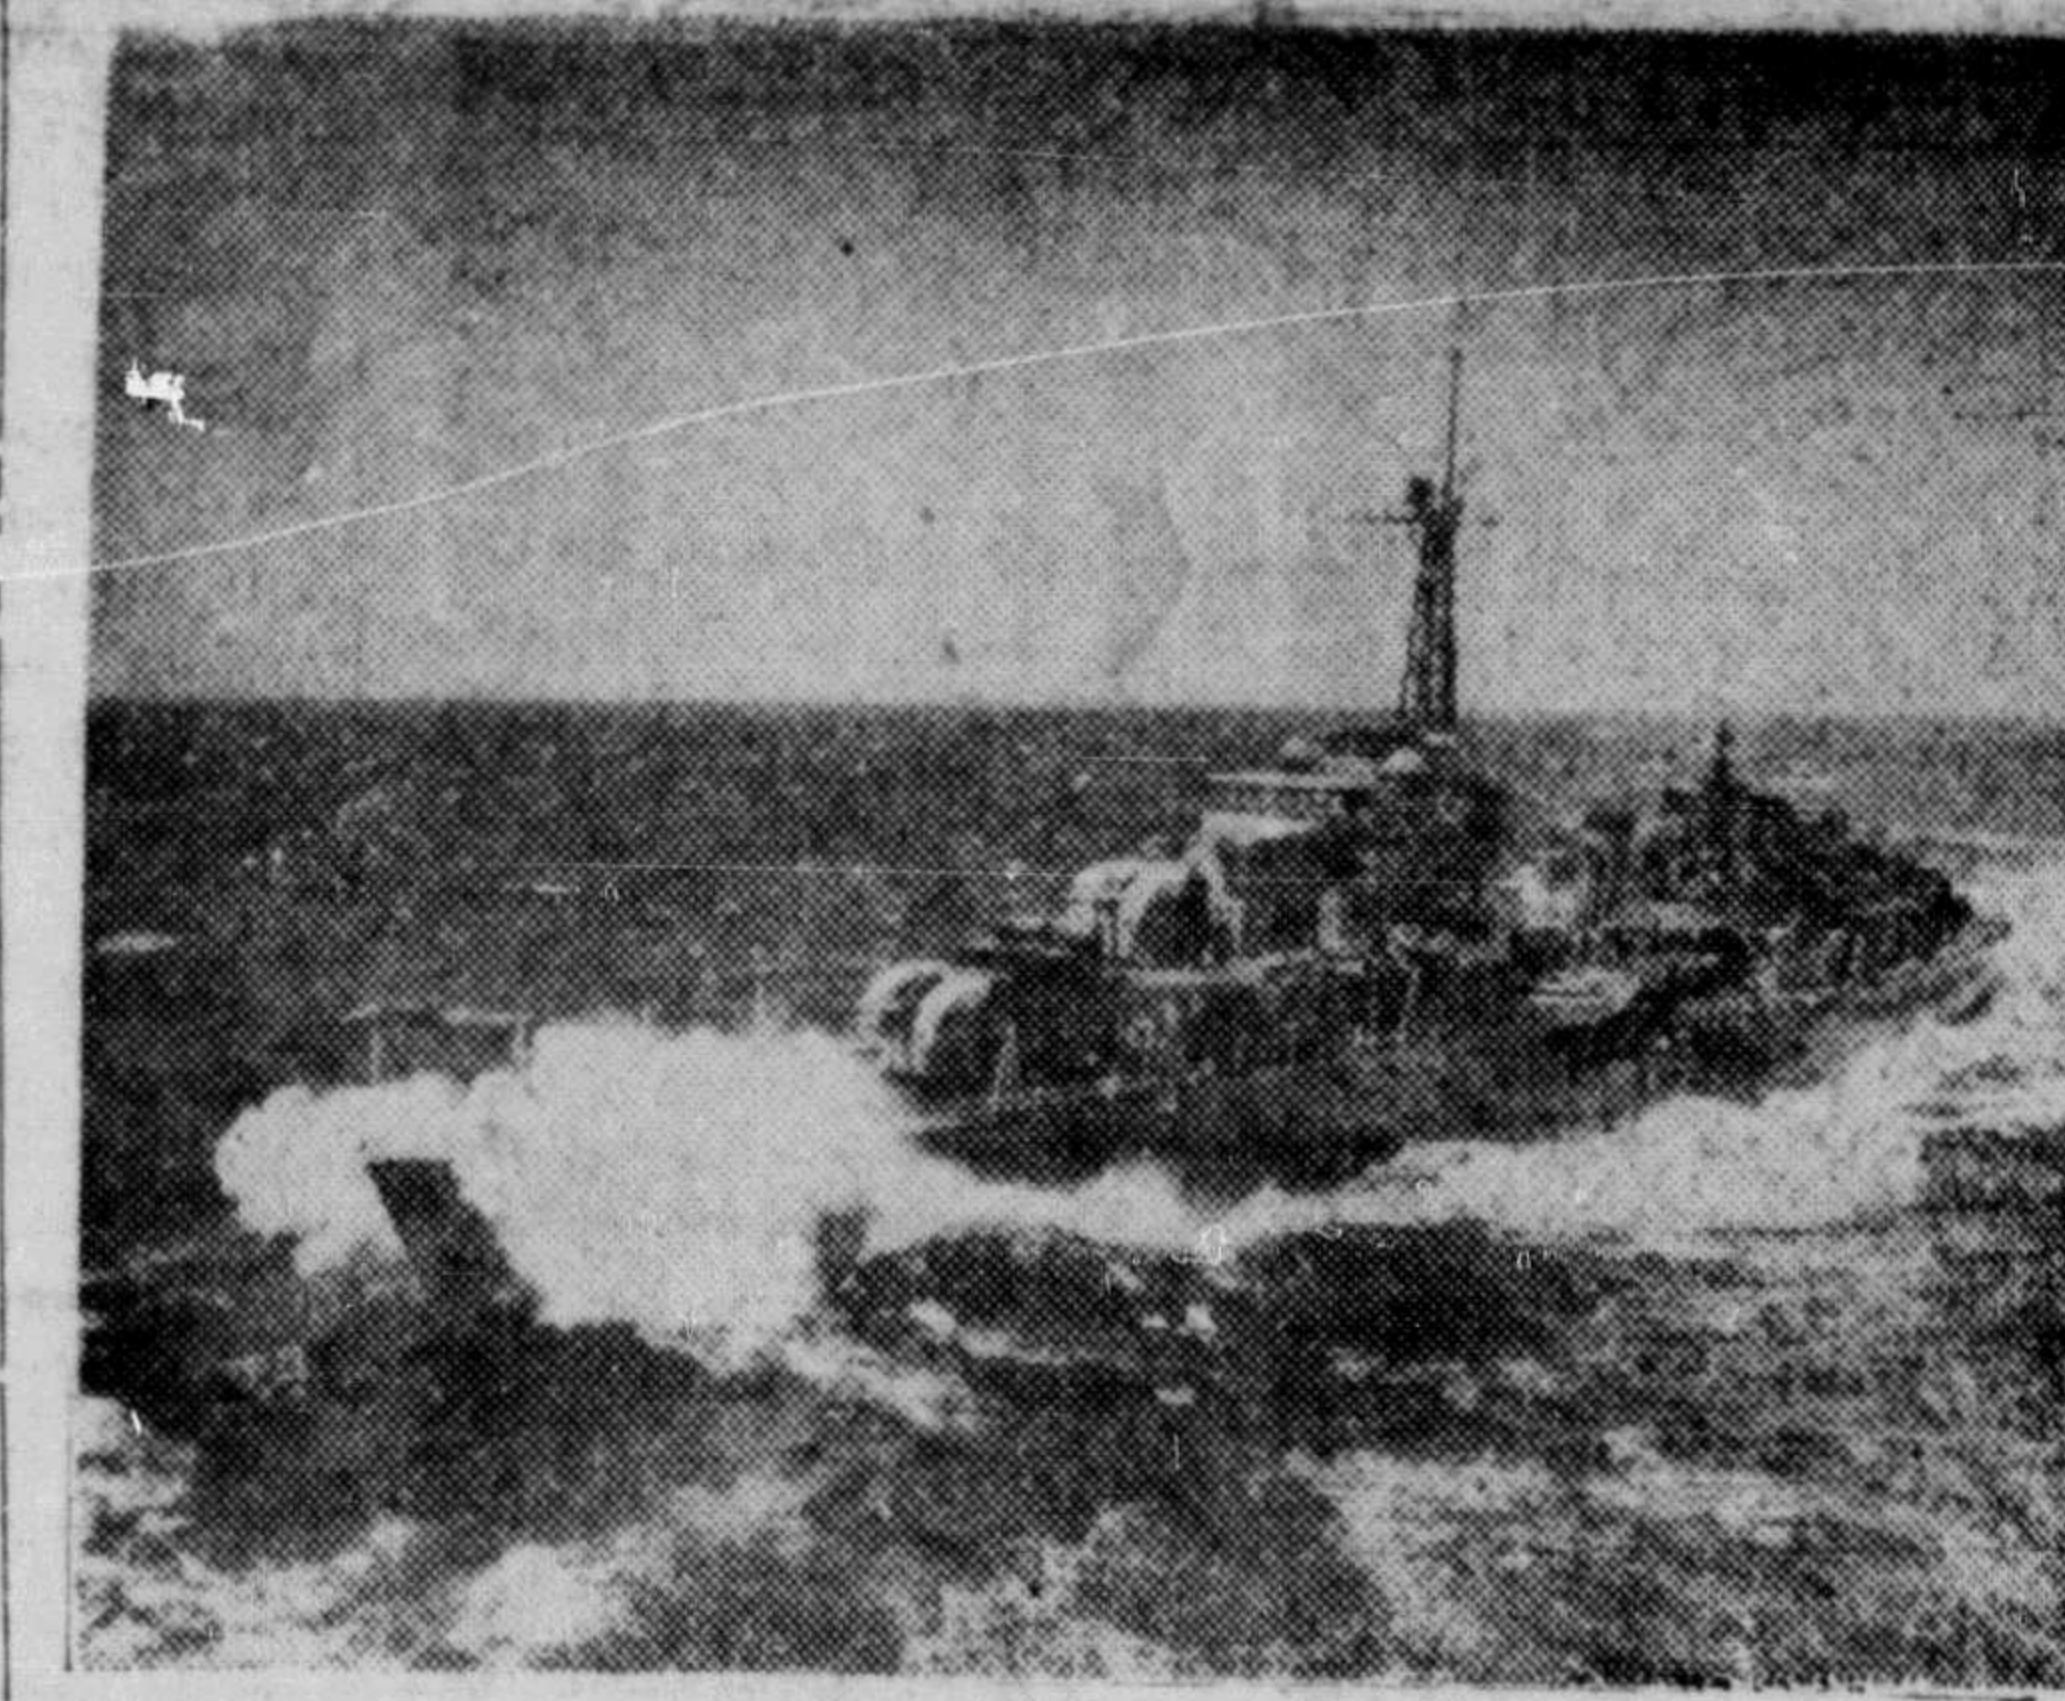

NEW DELHI—Timber may replace steel for many structural works, Dr. S. Kamesam, export official in the Indian government, said recently. India has a large variety of timber and bamboo forests and a scheme to substitute wood for steel may speed up industrialization, delayed by steel shortage.

ANTI-COMMUNIST PACT  
MANILA—Generalissimo Chiang Kai-Shek of China and the President of the Philippines, meeting here, have agreed upon the principle of a Pacific Union similar to the North Atlantic Security Pact for the purpose of halting the spread of communism.

## STRIKE LEADERS JAILED

SYDNEY, Australia—Two leaders of Australia's striking coal miners were jailed for contempt of an arbitration court. Each got one year for failure to obey a court order telling them to pay \$48,750 into a court account. The men had withdrawn the money from the union's bank account.

## MAYOR, CLERK DELEGATES TO VICTORIA MEET

Mayor Nora E. Arnold and City Clerk H. D. Thain were named by city council last night to act as delegates to the annual meeting of the Union of B. C. Municipalities, which will take place in Victoria next September.

The two were approved by unanimous consent of the six aldermen present to take part in the convention and to present five resolutions which have been prepared by the city.

Mr. Thain's appointment met with the approval of Mayor Arnold who pointed out that the "city is putting forward a resolution for a revision in the Residence and Responsibility Act, with which Mr. Thain is acquainted and which could save the city several thousand dollars."

Appointment of delegates to the annual meeting of the Union of Central B. C. Municipalities, scheduled to be held at Terrace on September 1, was deferred until a later meeting. However, the aldermen agreed that as many as possible should attend the central municipal conference.

"Those interior communities get a feeling of assurance when they know that Prince Rupert is interested in them. We can demonstrate our interest in them if we all attend the Terrace conference," Alderman T. B. Black said.

## CHILD FINDS OLD RIFLE— WAS LOADED

Twelve-year-old Arthur Turcotte of 514 Seventh Avenue West saw a smaller boy playing with an old rifle at Cow Bay yesterday and, questioning the boy, learned that he had found it in the wreckage of an old boat near the bridge.

Mindful of warning about firearms, Arthur took the weapon from the child and carried it to the police station where he handed it to a constable. The constable questioned him about the rusty gun, then opened the breech, which, surprisingly, was well oiled.

Everybody gave a startled gasp when a .30-30 bullet jumped out of the chamber. For some reason, neither the finder of the gun nor Arthur had bothered to pull the trigger.

Most relieved of all was Constable A. L. Rossiter who had casually brushed the muzzle of the gun away from him when it was laid on the police desk.

## Days of Real Talk

COMPARATIVE freedom from violent language during the late election campaigns appears to have been a source of pride to the respective parties, leaders and candidates. Absence of invective even seems to have been appreciated by the general public.

It wasn't like that in earlier years. Someone down east has been delving into dusty copies of Hansard and other faded records. Interesting discoveries were made. The first Liberal Prime Minister after Confederation, Alexander MacKenzie, did not hesitate to speak his mind when he felt the circumstances justified it.

Once he called Sir John A. Macdonald a "dissolute and demoniacal demagogue" and his government "an organized hypocrisy."

John A. was pretty handy himself. Once, he said of an opponent: "I could sizzle that upstart as quick as the devil could singe a feather in hell."

Again, in the House, there was a scene when Lord Strathcona (when he was plain Donald Smith) was assailed by Sir John and Sir Charles Tupper. Smith was termed a "coward—outrageous, infamous, treacherous coward and liar." This was regarded as lively stuff.

Tupper described an aggressive rival as "the most contemptible man he ever looked on—the most unending ass in Christendom."

Sir Richard Cartwright denounced Macdonald's government for returning "so many corruptionists in the by-election" and Sir John replied he would not defend a blatant scoundrel (Cartwright) who denounced everybody else in the world, and was himself the most truculent savage of them all.

Joseph Howe of Nova Scotia, once taunted as a defeated man without power retorted:

"You are wrong. I have the power that intellect gives over imbecility, and I call the council a lot of solemn, aristocratic mediocrities, distinguished for their insolence and incincerity."

## ALASKAN STATEHOOD

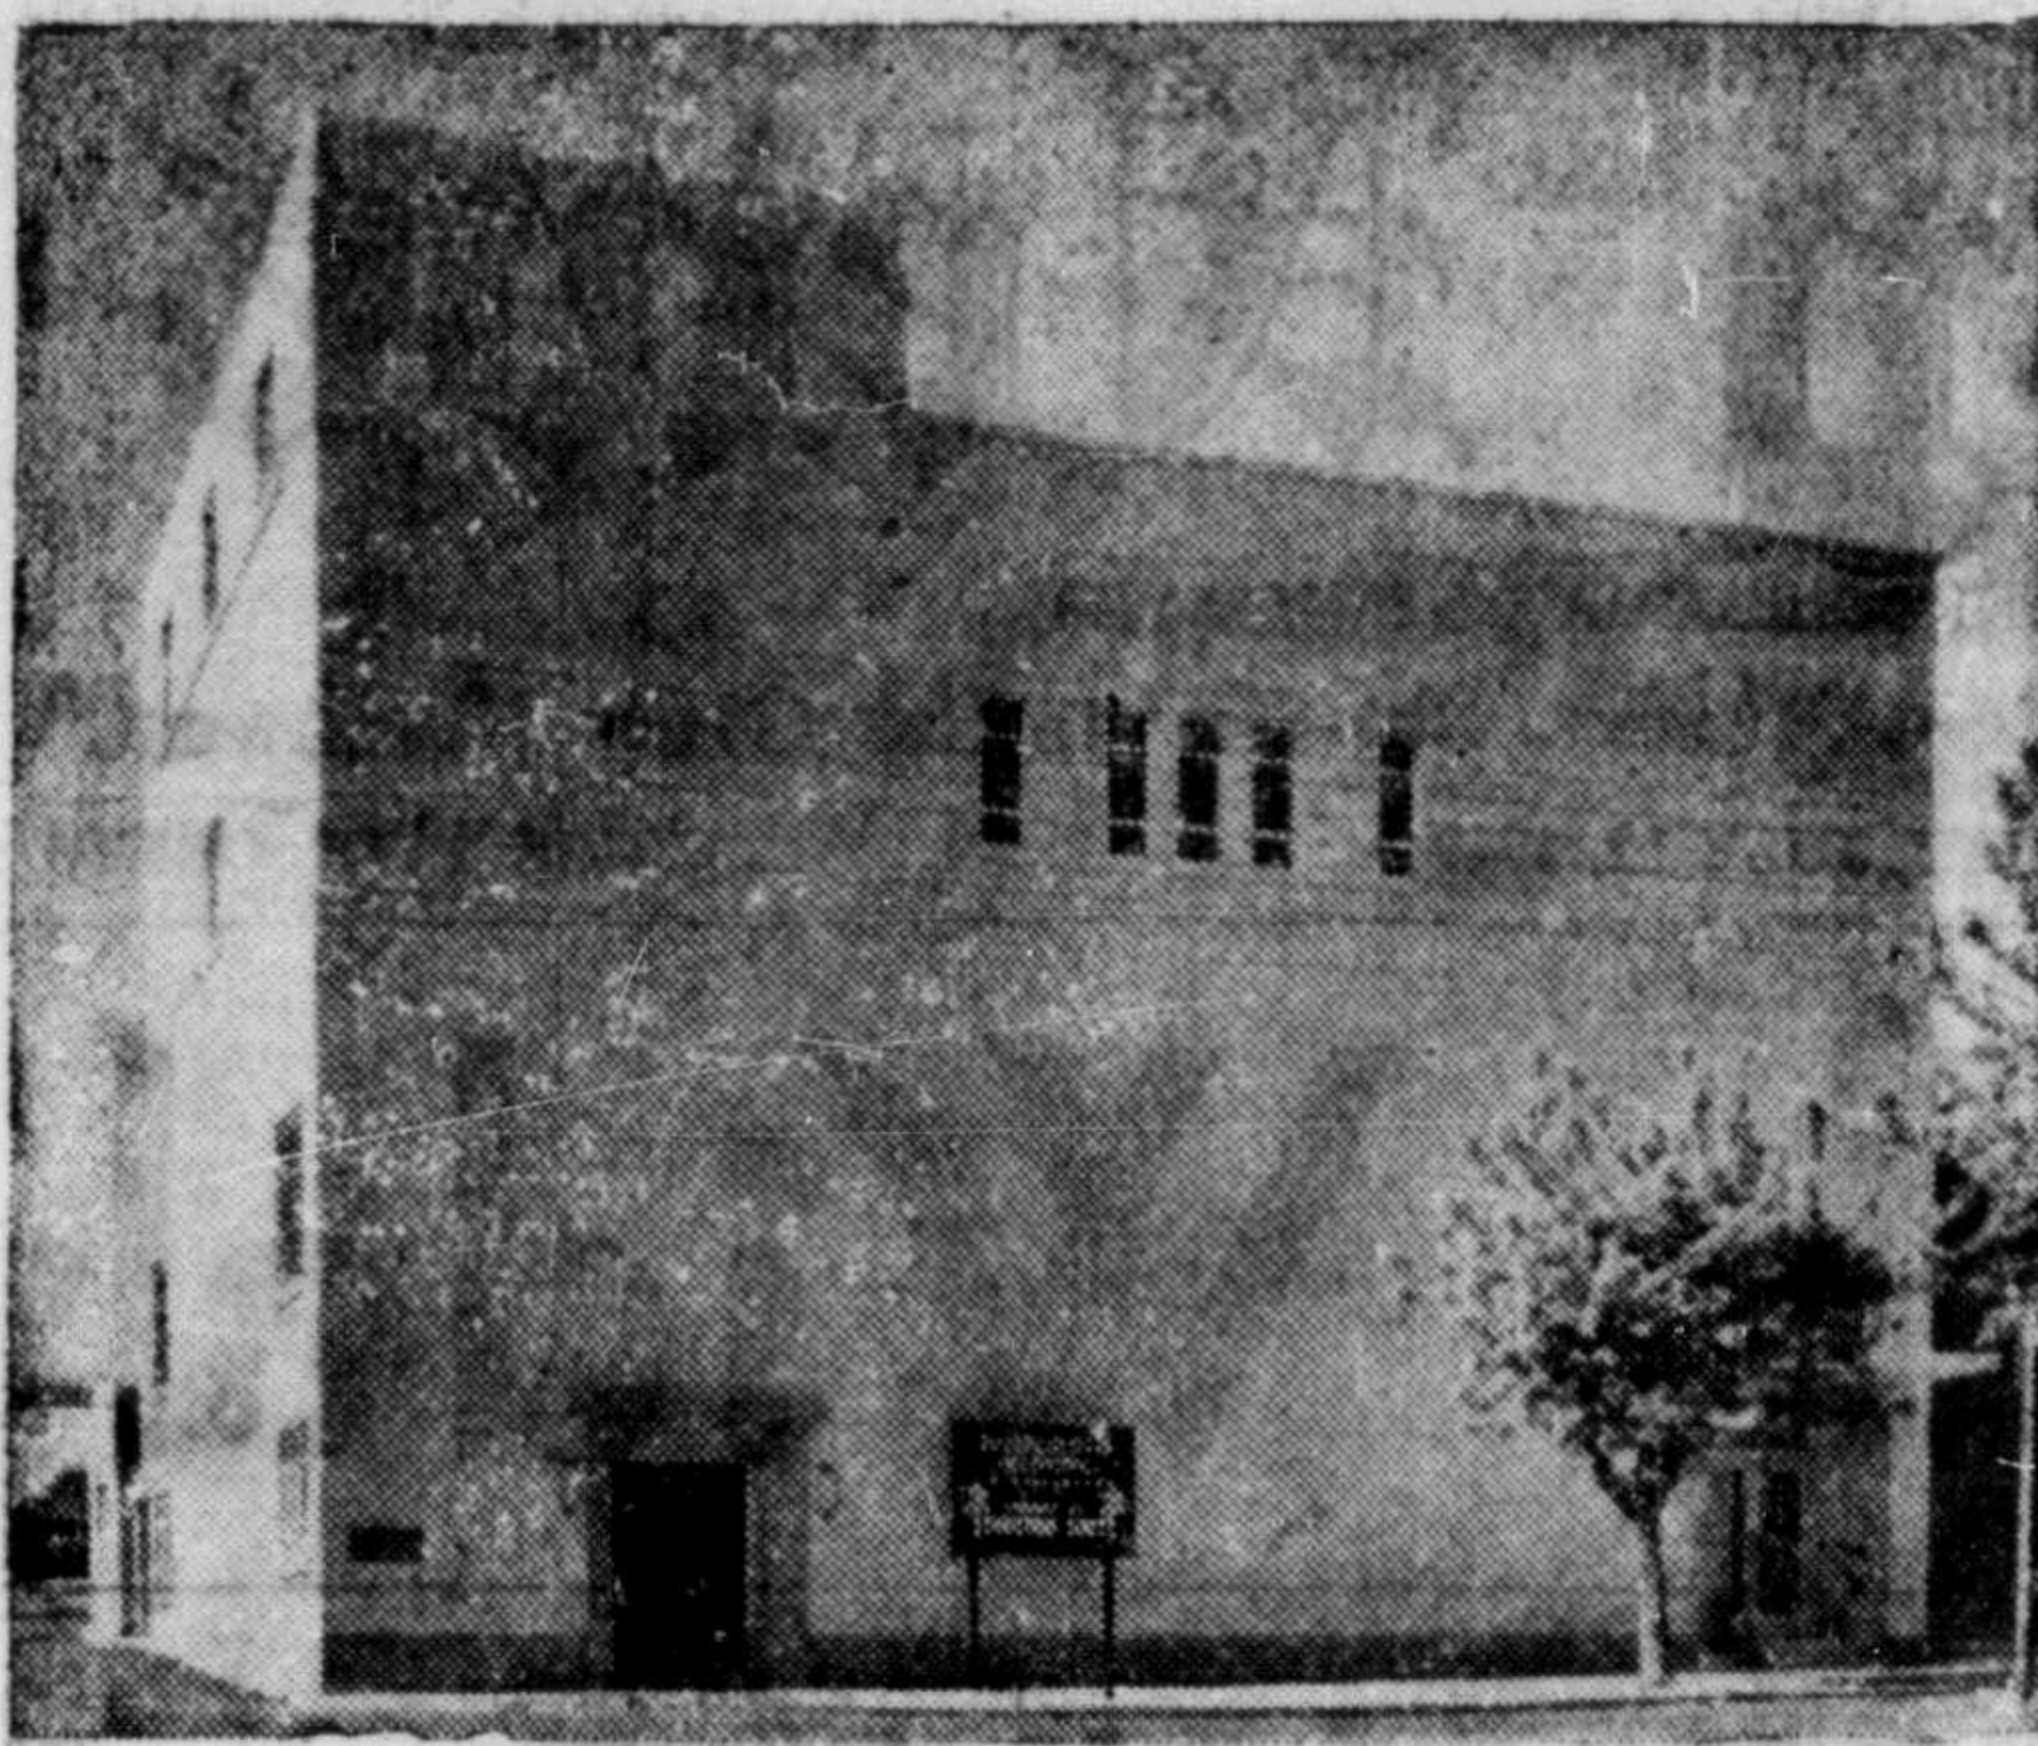

STATEHOOD FOR ALASKA is a question still unsettled, judging from opinion in Washington and comment by visitors in the north and speeches over the air and in print. United States senators are divided on the granting of statehood. A senator from Tennessee was recently quoted as declaring it is "inconceivable that Americans anywhere should exist under a form of government which denies them the benefits of suffrage and representation. Alaskans have been denied statehood for more than four score years. They should be denied it no longer."

Another view is expressed by ex-Congressman Knutson, making his first visit to the territory. He told the Juneau Empire that statehood now would be unwise and premature.

"No doubt," he said, "the time is coming when it will be justified but, with a white population considerably smaller than some of the fifteen countries in my old congressional district, it is very unlikely Congress would vote to give two U.S. Senators to such a small number of people. The State of New York, with its 14,000,000 population only has two senators and to give statehood to a territory that has less than 70,000 white people is just simply out of the question."

WOT, NO PUBS?  
 LONDON — The Daily Graphic describes Canadian taverns as "dark, poorly furnished dens where only beer is sold." It says Canadian war veterans are demanding inns on the English pattern.

CANINE TOPER  
 MELTON MOWBRAY, Leicestershire, England — Andy, an 18-month-old Great Dane, pays regular Sunday morning calls at a local public house for free drinks. He had five pints of beer on one visit.

NEW T.B. INSTITUTE—Pictured above is the new \$400,000 British Columbia Tuberculosis Institute, recently opened at Vancouver. The Institute was provided through Christmas Seal funds raised in this province, and will serve as a surgical and teaching unit to the treatment centre at Tenth Avenue and Willow Street, Vancouver.

## What City Council Did

Endorsed the granting of trade licenses by the licensing committee to the following: P. Mazzei, service station and bus depot; E. D. Manson, china and jewellery shop; Louis Janze, taxi operator.

Rejected by a 4 to 3 decision, with Mayor Arnold casting the deciding vote, a request by the Canadian Federation of Mayors and Municipalities for a \$200 donation to an "establishment fund" to provide adequate money for the work of the Federation of which the city is a member. Lack of money was given as the reason.

Granted leave of absence to Alderman T. B. Black from July 22 to August 15.

Approved a grant of \$100 to the Prince Rupert Rowing and Yachting Club to help defray the cost of entertaining visiting yachtsmen in the Tacoma-Prince Rupert - Juneau race which will arrive here on Wednesday. A reception and dance is planned for the visiting yachtsmen Wednesday evening.

Referred to the utilities committee a request by Pat Mazzei for removal of a street lamp standard from in front of his new premises at Third Avenue and Seventh Street in order to permit better entry.

## PARENT RESPECT IS VITAL NEED

Woe is the nation whose children have lost respect of their parents and no longer honor their mothers and their fathers, declared Rev. George E. Sendall, pastor of First Presbyterian Church when he spoke at Sunday morning's service on the subject of the Decalogue or Ten Commandments. But, possibly, the children could not be entirely blamed if such a condition arose. Parents should understand children and this understanding could not be happily attained by rigid authority. There must be give and take. The pastor held that it would be unnecessary to impose "commandments" if the proper personal motives governed individual lives. Mrs. Sendall was a delightful soloist with "God Took My Burden and Left Me a Song" as her beautiful selection.

## LETTERBOX

WHERE C.C.F.?

Editor, Daily News:  
 Could I have space to support Mr. Campbell's letter of July 11 in answer to Mr. Frank's letter of July 11.

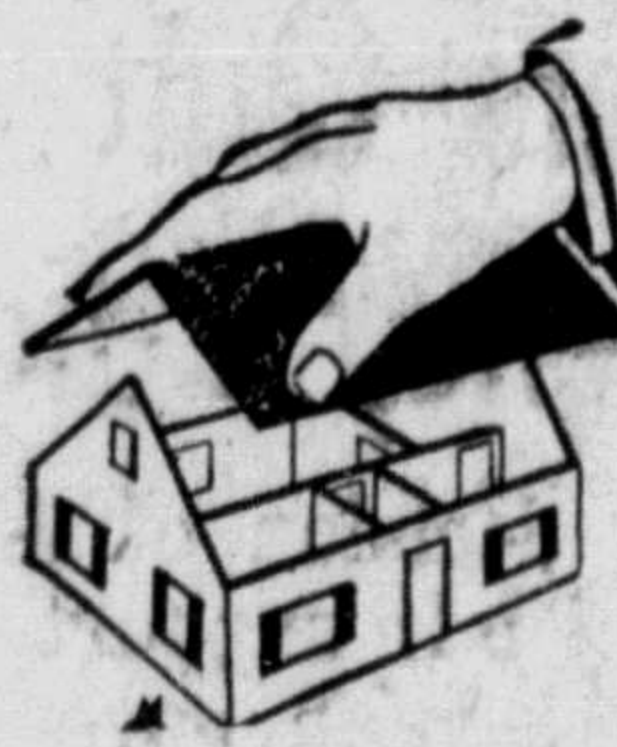

In my perusal of an English unabridged dictionary for definition of the words "independence," "democracy" and "socialism," I am at a loss to find where any of these words include any degree of ownership.

I believe it would be a great aid to our society if all our voters were given a free handbook defining the true fundamental meanings of the three words, namely "independence," "democracy" and "socialism" as soon as possible so there would be plenty of time to find out before any further elections in which category the C.C.F. claim their position.

## Ray Reflects . . . and Reminisces

"We came here about thirty years too early," lamented tired looking pioneers listening to the latest concerning cellulose and aluminum. Well, old timer, someone has to be first. The trouble with you is just this. You belong to an earlier generation and hate like so-and-so to admit it. We are all old and becoming more so. It's grand to see dreams becoming realized—whether still sticking around or hitting another unknown trail way over yonder.

Newfoundland grows broad-shouldered statesmen. Premier Smallwood has hardly had time in which to warm his seat before he begins advocating the joining of Newfoundland, the Maritimes and the British West Indies into a single province. With St. Johns as the capital city; Eh, Mr. Smallwood?

For the first time in their lives quite a few Canadian citizens will sit in parliament this year. They will be entitled to and receive counsel and information and the chances are it will all be needed. He's a wise parliamentarian who, the first year anyway, accepts advice instead of giving it.

Around thirty-nine years ago when Prince Rupert consisted chiefly of prophecy and real estate ballyhoo, the city had at least two or three theatres. Today, with substance instead of shadow there is one—and it's been like that for years.

## MOTOR HOLIDAY ON ANNIVERSARY

Having just completed twenty-  
five years in the professional  
photography business in Mont-  
rose, Colorado, Mr. and Mrs.  
Dexter Walker were among  
week-end motor tourists in  
Prince Rupert. In the course of  
a leisurely tour which they ex-  
pect will occupy two or three  
months, they arrived here by  
way of the Skeena River, over  
the beauties of which they were  
enthusiastic, and shipped their  
car Sunday on the Prince George  
to Haines whence they will head  
for central Alaska and thence  
return southward over the Al-  
aska Highway.

Mr. and Mrs. Walker are tak-  
ing copious pictures on their trip  
and did not overlook Prince Ru-  
pert. They found the terrain  
and the flora and fauna of this  
district similar to that of high  
eastern Colorado which is their  
home country.

## FINAL RITES FOR VICTOR PRESTON

Final rites for the late Vic-  
tor Preston, city pioneer who  
died last week, were held Sun-  
day afternoon at B. C. Under-  
takers' Grenville Court Chapel.  
The service was conducted by  
Rev. Fred Antrobus of First  
Baptist Church in the presence  
of a number of friends. The  
hymns "Abide With Me" and  
"Lead Kindly Light" were sung  
by the congregation. Mrs. W.  
Yurgensen was organist.  
Interment took place at Fair-  
view Cemetery with Percy Cam-  
eron, Titus Campbell, Frank  
McGowan, William Flewin, W.  
H. Spencer and A. Jones, acting  
as pallbearers.

perishable produce destined for  
central Alaska constituted the  
third barge shipment from

ped from Seattle to Prince Ru-  
pert over C.N.R. lines and was  
transferred to the barge at the

## TERRACE - RUPERT ONLY BAD ROAD

Expressing delight with the  
scenic beauty of the Skeena  
River Highway, particularly the  
section between Terrace and  
Prince Rupert, but finding it  
hard to understand why such  
deep "pot holes" should be al-  
lowed to remain in the road,  
Mr. and Mrs. Thomas Bushman  
of Berkeley, California, were  
motor tourists visiting the city  
at the week-end. Mr. Bush-  
man, who shipped his car north  
on the steamer Prince George  
Sunday morning, will take to the  
road again at Haines and head  
from there to Fairbanks and  
other central Alaska points, re-  
turning south by way of the Al-  
aska Highway. From Terrace to  
Prince Rupert was the only bad  
stretch of the whole road, Mr.  
Bushman said. Mr. Bushman  
is an electrical contractor of Berke-  
ley. It was not their first motor  
trip to this part of the country.  
Ten years ago he and Mrs. Bush-  
man came as far as Hazelton in  
the same car which they had  
here on this trip.

play until they have passed  
through and are out of reach.

## FOOTBALL — Battery and Motors Tie

Soldiers, For First Time In League Play, Fail to Win Game

Heavy Battery, undefeated so far in City Football championship competition for the North Star Cup, was hard put to squeeze a one-all draw from a determined General Motors side in last night's hard fought match. Parkhouse picked up a weak clearance to drive the ball past Boulter late in the second half to give the Battery their tying counter after P. Wilson's carefully placed shot had beaten Morgan to give the Motors a one goal lead midway through the first half.

Battery won the toss and elected to shoot uphill. Price started the game for Motors as he, P. Wilson and R. Currie promptly made tracks for Morgan but the Battery defense transferred the game with promptness. D. Ward, D. Gomez and Pavlikis were dangerous but the Motors' defense cleared the ball. Battery continued to press and Boulter did well to clear from a dangerous goal mouth scrimmage. Veitch sent his forwards up again but J. Ward, Lien and J. Wilson cleared their lines. Owens made a good run but drove over. Then Halvorsen fed his forwards and R. Currie, P. Wilson and Price showed neat combination, but Price's drive was cleared by Morgan. Mazzone and Vuckovich combined but Sonstbey stopped the attack. Blackmore and Owens combined nicely. Then Price collected a loose ball and while his hard drive shook the crossbar over Morgan, P. Wilson retrieved the rebound and carefully placed the ball past the Battery's custodian to put the Motors in the lead. Play ranged from end to end as both defenses were tested but the interval arrived with Motors leading by one goal to nil.

On resuming, the Battery, with the slope and wind in their favor, drove the ball deep into Motors territory but the defense cleared the sphere away and the Motors forwards took up the attack. Dunbar, Mazzone and Veitch were prominent as the Battery defense was now under pressure. Morgan cleared from Owens, then Price came close but Dunbar blocked the shot. Currie made a good run but F. Gomez broke up the attack and fed his forwards. D. Ward was fast and his good centre was headed down by Olsen and cleared away. The Battery forwards were being closely watched and Pavlikis could not get clear. Ward shot past. Then Veitch tried to force the attack but Boulter stopped the drive. Lien cleared strongly but Mazzone was on the spot and fed Vuckovich. Olsen blocked a Mazzone, Pavlikis move. D. Gomez fed Ward who was robbed neatly by J. Wilson. Battery continued to press and forced three corner kicks but the Motors' defense cleared the ball away. F. Gomez was prominent and fed his forwards effectively but they failed to get loose. Haugen blocked F. Gomez' rush and set up Currie but Ferguson broke up the attack. Motors pressed and finally Currie pushed the ball past Morgan but the goal was offside. Battery attack resumed and Boulter was called upon to save from D. Gomez and Parkhouse. Finally from a close in scrimmage, Parkhouse drove the ball past Boulter to tie the score. Play continued interesting as Battery contin-

**WINS SINGLES TITLE, BUT IS OUSTED IN DOUBLES EVENT**—Ted Schroeder (above) refrigerator salesman from Larescenta, Cal., won the men's singles tennis title at Wimbledon, Eng., but failed to win honors in men's doubles. Schroeder downed chunky Jaroslav Drobny, the left-handed Czech, 3-6, 6-0, 6-3, 4-6, 6-4, to win singles title. But in doubles event, Schroeder and his partner Gardnar Mulloy were defeated by U.S. stars, Richard Gonzales and Frank Parker.

ued to press but the long whistle sounded with no further score.

**GOOD AND FAST**

It was a good game to watch with play moving quickly from end to end. The defenses were generally able to handle the attack. Morgan was very safe in goal, having no chance with the shot that beat him. Dunbar and Ferguson were competent backs. Mazzone played hard and Veitch was effective. F. Gomez played a driving game and was particularly effective in the second half. Vuckovich did well. Parkhouse was fast and his hard drive just under the crossbar gave Boulter little chance. Pavlikis was dangerous but was given little leeway. D. Gomez played his usual hard game. D. Ward was fast and dangerous but had few openings.

Boulter was very good in goal and had more to do than Morgan. Lien and J. Wilson were hard working backs. Sonstbey did well. J. Ward, at centre-half for the first half, showed many neat touches. Halvorsen played hard. Olsen, relieving J. Ward at centre-half played a strong game. Haugen, coming in for Halvorsen at half time, did well. Owens played hard and crossed some good centres. Blackmore was fast and passed well. Price at centre-forward was effective. He has added weight and punch to an otherwise light forward line. P. Wilson was good, his goal being the result of careful shooting. R. Currie was fast and crossed some good centres.

## PLAY BALL

The first publication of the local Big Six contains seven names since Bruce Simundson and Benny Windle are tied with a neat 400 for sixth place.

Cliff Dahl leads the parade with an outstanding 529 mark. He is closely followed by Cornwall with 526.

The unusually high figures after seven games when the averages should be levelling off would indicate that the batters are enjoying predominance over pitchers this season.

A review of other batting averages reveals 13 players over the 300 level.

In spite of the high batting marks, three games to date have been close with no unusually high scores.

Facts and figures will be altered tonight when Merchants attempt to upset the league leading Savoy. A win for the Merchants would put them in a second place tie with the idle Commercial and would tighten up the standing considerably.

**FEAR KILLER MAY RETURN**—Police stand guard outside the home of Mrs. George A. Barrett, 66, who was killed by Ivor Johnson, crazed marksman, recently at Silver Hill, near Mission. Mrs. Barrett, who lived with her husband and 10-year-old son in the house shown here, and Mrs. Maria Lindberg, a neighbor, were killed as a climax of a long dispute over a new road in the area. The victim's body is shown at right. Police who have been searching the swamp and bush country into which the killer disappeared after the shootings, fear he may return to try to kill three others involved in the dispute. (C. P. Photo)

## JUNEAU YACHT HERE FOR RACE

The Juneau yacht Donjac, owned by J. B. Burford, proprietor of a stationery store at the Alaskan capital, is at Prince Rupert to take part in the third leg of the Tacoma-Juneau yacht race. Vessels taking part in the second leg of the race—from Nanaimo to Prince Rupert—are due here Wednesday.

The Donjac, a luxurious vessel of 60 feet length, brought a party of five from Juneau when it docked at the Yacht Club here at the week-end. They were Capt. and Mrs. Burford, Mr. and Mrs. R. W. Cowling and Ernest Parsons. Mr. Cowling is operator of an automotive business and Mr. Parsons is proprietor of an electrical concern.

The vessel will leave for the north at 1 p.m. Thursday.

## MASSET GIRL PRETTY BRIDE

Miss Laura Parnell, daughter of Mr. and Mrs. Moses Parnell of Masset, and Steven Barton, son of Cecil J. Barton of Kincolith, were married Saturday evening before a considerable congregation of friends in St. Andrew's Anglican Cathedral. Rev. Canon Basil S. Procter officiated.

The bride was beautifully clad in white crepe de chine and was given in marriage by her father. She was attended by Mrs. Jeffery C. Benson, as matron-of-honor, and Miss Martha White, as bridesmaid, and had two little flower girls, Rena Barton and Pansy Yeomans.

The groomsmen were Jeffery C. Benson of Kincolith.

was in the city at the end of the week enroute north after driving over the highway from Burbank, California, where he now makes his home. Mr. Lynch, speaking of confusion at Smithers and Hazelton owing to inadequacy of signs, said: "Everybody gets lost there."

Mr. Lynch was accompanied by his wife. Both of them are enthusiasts over the beauty of the scenery in the Skeena Valley. "It beats anything in the Fraser Valley," Mr. Lynch declared. Only marring factor was the condition of the road between Terrace and Prince Rupert, due to potholes. The road between Terrace and Hazelton Mr. Lynch described as perfect.

Mr. Lynch first established in Ketchikan 35 years ago but illness some years ago forced him to take up residence in California. However, he and Mrs. Lynch come north to Ketchikan each summer.

## TERRACE-PRINCE RUPERT SCOUT TROOP OFF TO OTTAWA JAMBOREE

A flagon of water from the Pacific Ocean is being carried by a contingent of Boy Scouts from Prince Rupert and Terrace who will form a part of the British Columbia Scout contingent to attend the All-Canadian Boy Scout jamboree at Ottawa, July 18 to 29.

The Prince Rupert and Terrace contingent, numbering seven, left by air yesterday afternoon for Vancouver, where they will join the B.C. contingent of 444 which will travel by special train to the national capital.

The Pacific Ocean water, contained in an Indian flagon, will be presented to Boy Scouts from Newfoundland at the jamboree. It will be carried to Ottawa by Magnus Eyolfson, of the Third (Conrad Street) Prince Rupert Troop.

At the Seal Cove Air Base, Mayor Nora E. Arnold presented the boys with the decorated flagon, after which they filled it at the base of the ramp.

It will be presented to Newfoundland Scouts for the purpose of pouring into the Atlantic Ocean, in symbolic gesture of the union of Canada's widely separated coasts.

A colored film of yesterday's ceremonies at Seal Cove was taken by Sgt. L. A. N. Potterton and will be included in a documentary depicting scouting in all parts of Canada.

At Vancouver, they will join Scouts from other parts of this province who will be under command of Lieut.-Col. Keith Dixon, former Boy Scout Commissioner here, who will head the contingent.

For one of the Terrace Scouts, the trip to Ottawa will not be new. He is Roy Clifford, who several months ago went to the capital to receive the Governor-General's medal for lifesaving. In September, 1947, he made a heroic attempt to save the life of his younger brother who was trapped in their burning home.

The full Prince Rupert-Terrace contingent consists of Magnus Eyolfson and Hans Schmidt of the Second (Conrad Street) Prince Rupert Troop; Roy Webster and Ross Ingram of the Third (Presbyterian) Troop and Roy Clifford, Francis Gavin and

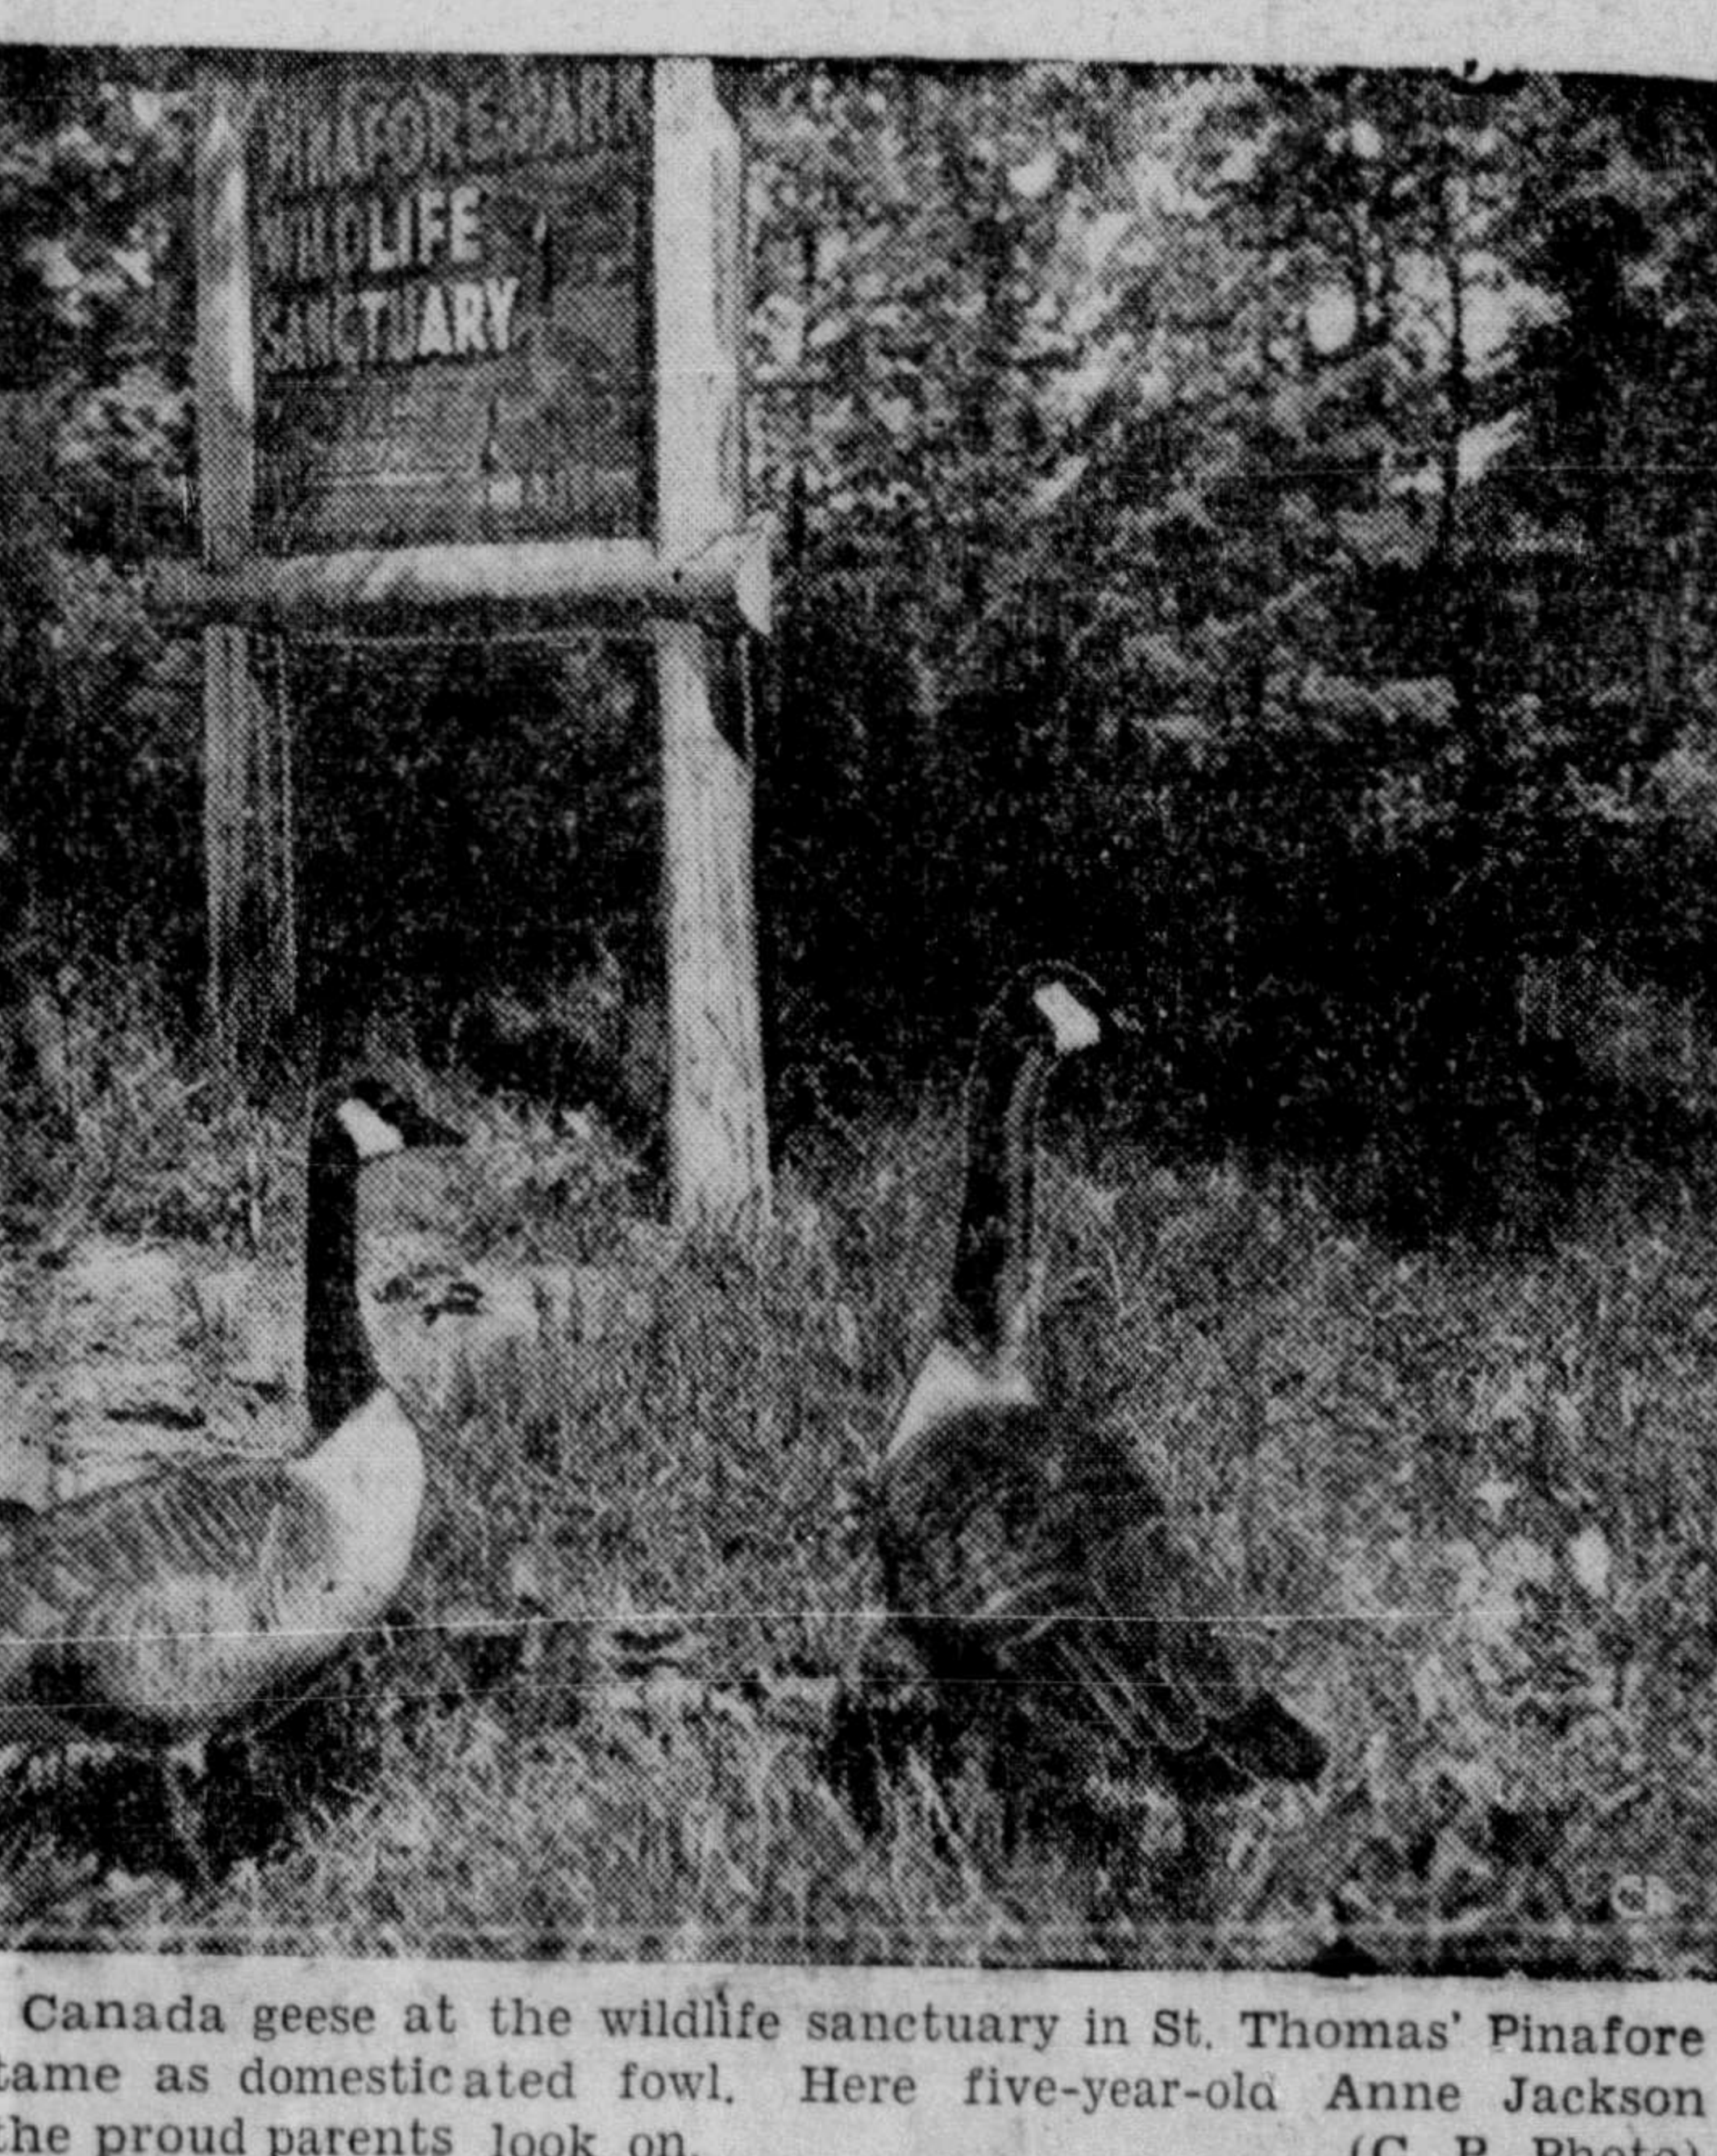

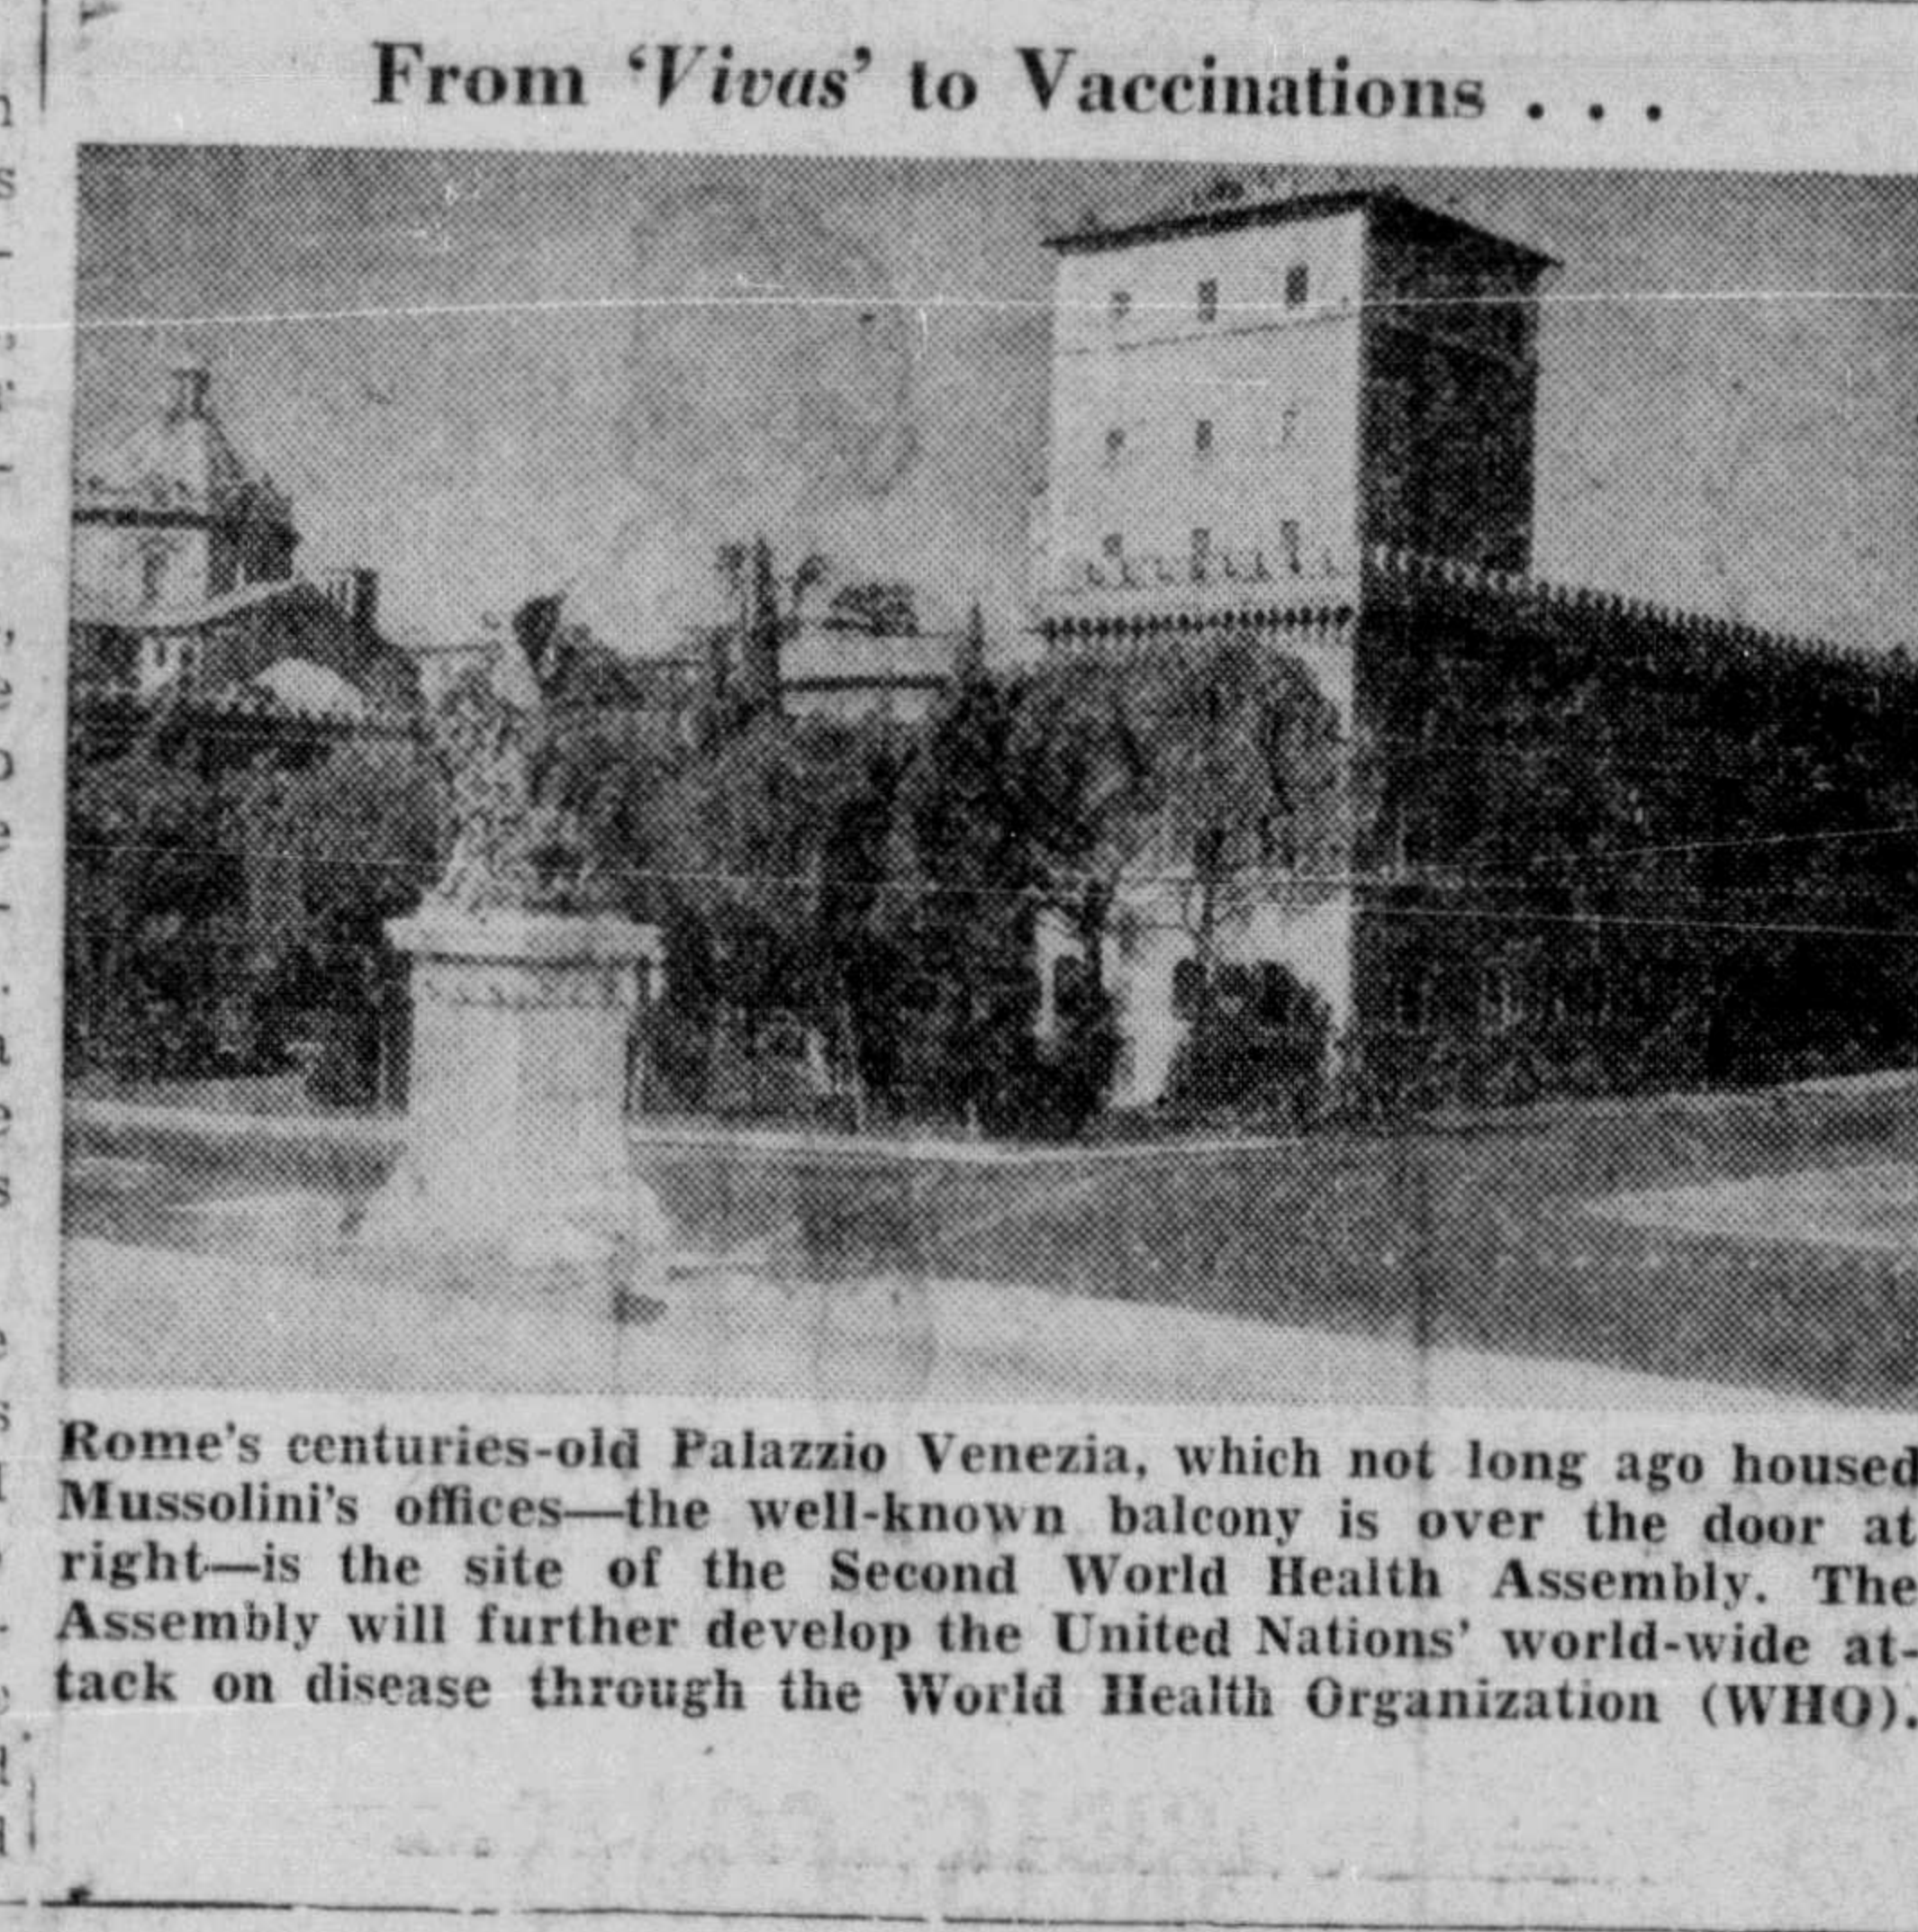

Arne Haaland of the First Terrace Troop.

A large group of parents and friends were present to see them off on the Canadian Pacific Air Lines plane yesterday afternoon.

## TOTEMS ARE OF TOURIST INTEREST

The wolf totem legend, in neatly lettered type and suitably framed, on the lookout, off Second Avenue seems to strike tourists as singularly entertaining. Many are moved to laughter. Yesterday many were doing their best to take pictures of the legend, and not miss a word.

which brought her here from Masset yesterday morning. At Namu, the vessel will be picked up by another powerful tug, the Lapointe, and taken on to Vancouver where it is expected she will arrive on Thursday.

All passengers were removed from the Coquitlam here yesterday. They included 43 round-trip tourists. Seventeen of them proceeded south yesterday afternoon on a special flight by Canadian Pacific Airlines. A similar number were transferred

to the company steamer Chilcotin, which was in port last evening on her way south after an Alaska cruise. A few left by train last evening and the remainder went south this afternoon on the steamer Camosun.

While Capt. McCombe and his officers took the incident of the stranding coolly and in seaman-like manner, the affair caused no little stir and excitement among the passengers. Aroused by the impact which, apparently, was of some considerable force, they were ordered to don their life belts and prepare to take to the boats which the crew

proceeded to launch. Within twenty minutes or so, however, the vessel, which had struck by the stern after almost crossing over the ledge, freed herself on the rising tide and was removed clear to be anchored in the stream of the inlet. The passengers remained aboard.

Miss Eva Neilson of Trail, Oregon, said it was the first experience of that kind she ever had. "I was really excited," she said, "and there was no more sleep for me that night." It was a lovely trip, she said on an "all's well that ends well" note. Miss Neilson was among the passengers who took plane from here yesterday afternoon, others including Mr. and Mrs. Noel Led-

better of San Francisco, Mrs. Meta Taylor of San Francisco and Mrs. Floyd Hayden and three sons of Rangeley, Colorado.

Speaking of the stranding Capt. McCombe, master of the Coquitlam, told how a dense fog enveloped the vessel just after she left the Masset wharf. Radar equipment was also out of commission. Another six inches and the vessel would have passed over the reef without touching. The tide was flooding and it was this fortuitous circumstance, together with speedy trimming of ballast, that enabled the ship to be cleared and anchored in nearby deep water after it had been ascertained that the crank-

Hospitality of the Terrace lodge included a dinner Saturday evening and a full dress banquet in the Oddfellows' Hall on Sunday. Entertainment included drives to points of interest and bowling and horseshoe pitching contests. The Prince Rupert delegation, which returned Sunday evening, was headed by T. E.
