seen "Highway Sixteen and "Miracle Fluid" in showings here during the last week.

NEW LIFE—It will be dungarees and hip boots instead of uniforms and caps for Doreen Pendray, left, and Miss Shaak, only Canadians aboard the U.S. medical mission to Alaska, sailing late this month on its maiden trip to the Alaskan coast. Miss Pendray is a native of Victoria. Hunter comes from Lacombe, Alta. The voyage will

## Chinese Forces Are Poised For Fight To Death Before Canton

CANTON, China (CP)—A Chinese government spokesman said today that the Communists have plunged 400,000 to 500,000 troops into renewed fighting in Central China. There is no estimate of Nationalist strength. So far there has been no big clash between the opposing forces. Government armies are intact.

## ILLINOIS PUBLISHER IS VISITOR

Springfield, Illinois, capital of the state, erstwhile home of President Lincoln and present home of John L. Lewis, is the hub of activity, of James R. Fitzpatrick, publisher, lumberman and mill operator who is a visitor in the city today.

Mr. Fitzpatrick, with his wife and travelling companions, Mr. and Mrs. H. L. De Shane, of Seattle, arrived on the Prince George last night from Juneau and will fly to Vancouver and Seattle tomorrow after a holiday trip to Alaska.

The shrine of Abe Lincoln is still green but John Lewis, fiery leader of the American coal miners' union, doesn't cut much ice around his home town, Mr. Fitzpatrick says.

"He may make a big impression in Washington but nobody pays much attention to him in Springfield," he commented.

Mr. Fitzpatrick is owner and publisher of the weekly Citizens Tribune which has a circulation of 18,000 in competition to two Springfield dailies. He is pondering the idea of turning his paper into a daily but does not think the time is ripe yet.

He also owns a retail lumber business in Springfield, a town of 100,000, and a sawmill in Alabama.

His real pride, however, is the athletic promotion which his 15-year old newspaper has sponsored.

"It's the only weekly paper in the country connected with the Golden Gloves boxing competitions," he beamed.

Mr. Fitzpatrick, himself is a former member of the Illinois State Boxing Commission and has sponsored innumerable baseball and softball teams.

The party flew from Seattle to Juneau five days ago. They managed to get reservations on the Prince George as far south as this city, so decided to continue southward by air.

## THE WEATHER

**Synopsis**  
The weather still remains dull and unsettled over British Columbia with little indication of any marked improvement in sight. Although some clearing is expected along the coast this afternoon, it appears that still another disturbance will move down the coast during the next 24 hours with accompanying cloudy skies and rain.

**Forecast**  
North Coast Region—Cloudy today and Saturday. Intermittent rain beginning about midday today and becoming showery by evening. Little change in temperature. Winds, southwest (15 mph) shifting to northwest (20 mph) overnight. Lows tonight and highs Thursday—at Port Hardy and Massett 50 and 60, Prince Rupert 50 and 58.

OLD FRIENDS IN PEACEFUL SETTING—Vacationing in Britain, U.S. elder statesman Bernard Baruch, left, stopped to visit his old friend Winston Churchill at the latter's Westerham home. The two men are shown out walking with Churchill's French poodle, Rufus. Note Churchill wearing a chalk-striped bolersuit and carpet slippers. Baruch returned to the United States yesterday and criticized the British Labor government for paying too much attention to nationalization and not enough to production.

## SHIPS AND WATERFRONT—

### COASTWISE TRAFFIC KEEPS HARBOR, LONGSHOREMEN BUSY ON TUESDAY

Six coastwise steamers called at Prince Rupert Tuesday, keeping Canadian National Railway dock busy between 7 a.m. and midnight before continuing on their various routes. A mishap caused a seventh vessel to be delayed on her trip southbound from Alaska.

Frank Waterhouse freighter Chilliwack, Capt. Walter Holner, arrived at 7 a.m. from Skagway and after loading 1800 cases of canned salmon to the ocean dock here, sailed at 10 a.m. for Cassiar and Carlisle on the Skeena River, loading 5000 cases at each point. Leaving the Skeena enroute to Vancouver, the Chilliwack was going into Kitimaat today to handle a heavy lift.

Second vessel to arrive, about 10 a.m. was the Union steamer Camosun, Capt. John Boden, southbound for Vancouver from Stewart and Alice Arm. She sailed at 1:30 p.m. with passengers and cargo including 5,000 cases of salmon loaded at the ocean dock.

Then came the converted China coaster freighter Chilchuk, of the Frank Waterhouse line, replacing the Coquitlam which is receiving repairs at Vancouver. The Chilchuk sailed in the evening after visiting the

## AMBASSADOR DOESN'T GO FISHING

Hon. Laurence Steinhardt, United States Ambassador to Canada, did not go fishing today because he felt that he might not have time to get out where the big one lurk and get back again in time to catch his train. He had hoped to go out in Chatham Sound after spring salmon.

The Ambassador and his party, who went north on the Prince George last week, arrived back in the city last night. They are here today and plan to leave on tonight's train for visits to Jasper Park Lodge and Bapff.

Members of the party include Mrs. Steinhardt, their daughter, Jack Hodgson, Col. Hodgson is Dulcie Ann, and Col. and Mrs. air attache to the U.S. Embassy at Ottawa.

Plans for the fishing trip off Squadaree fell through when Mr. Steinhardt calculated that the three-hour run to the grounds would not allow a safe margin of time to meet the train schedule.

The train departs at 9 p.m. So, they settled for a sight-seeing tour of the city.

# Pact Approved by French Assembly

PARIS (CP)—The French National Assembly early today approved ratification of the North Atlantic Pact by a vote of 398 to 187. The Assembly voted for the Charter after an all-night session marked by fist fights between Communists and Rightists. The Pact now goes to the Council of the Republic—Upper House of France's legislature—which is expected to give it speedy approval.

The Portuguese National Assembly also approved the pact today.

## SITTINGS ON DINING CARS

New System to Eliminate Line-up in Canadian National

HALIFAX—An experiment to provide better and more efficient meal service to the public travelling in Canadian National Railways trains from coast to coast has just been successfully completed, J. A. McIsaac, manager sleeping and dining car service for the system, reported here today.

Under the new plan the necessity of queues forming along the passageway to the diners' trains will be eliminated, said Mr. McIsaac. Sittings will be arranged prior to meal time and the passengers will have a choice of having lunch or dinner at the first, second, third or fourth sittings.

Cards will be given the passengers indicating the sitting they have selected.

The tests which have just been completed between Halifax and Montreal and Toronto were carried out on thirteen trains carrying approximately 5,000 passengers travelling on Canadian National boat trains. Mr. McIsaac stated it worked out very smoothly and every single passenger on these trains was pleased with the service.

During the experiment Mr. McIsaac added the sleeping and dining car superintendents from all sections of the system were given an opportunity to see the plan in actual operation. "While I cannot give a definite date that the new service will be inaugurated I expect that it may be only a matter of months and possibly weeks before it is adopted," he said. Mr. McIsaac, a native of Cape Breton, has been in Halifax since last week supervising the arrangements for the tests.

The idea for the new dining car service was developed by Mr. McIsaac during a visit to Britain some time ago, and a study of British railway methods.

## DRUNKEN KILLING

TORONTO—Arthur Wickett, 38, is dead and his brother-in-law, Philip Gendron, is charged with murder as a result of a quarrel in a Toronto nursing home last night after a drinking party. Forty patients were terrorized.

## DAN DURYEA SAYS

VANCOUVER—Dan Duryea, screen "bad man," visiting in Vancouver, says that eighty percent of women like to be dominated. They range from the wife who stays with a drunken husband to the girl who tells her boy friend in a restaurant: "I'll have what you have."

## CANADA POLIO SURVEY MADE

Over Three Hundred Cases So Far But Few Are Fatal

TORONTO—Polionmyelitis has struck 307 Canadians this year but there have been few deaths from the disease. A Canadian Press survey shows 123 cases reported in Ontario, 84 in Quebec, 59 in British Columbia, 16 in Manitoba, 10 in Alberta, five in Saskatchewan and three in Nova Scotia. Newfoundland and New Brunswick have been free so far from the often-crippling and sometimes fatal scourge.

Health officials in Vancouver, expressing increasing concern as Vancouver's outbreak of polio reached epidemic proportions, have issued a warning against swimming at open beaches. Dr. A. M. Menzies, assistant senior medical health officer, warns that "polluted water," a condition common to open beaches around Vancouver, helps to spread polio infection.

Dr. Menzies also warns against uncovered garbage and cautions the public to avoid crowds and be on the alert for suspicious symptoms such as headaches, feeling of tiredness, nausea, upset stomachs and pains.

## Air Bases In Arctic

WASHINGTON, D.C.—The United States Air Force is talking about forward air bases deep in the Arctic at which bombers could refuel on strikes across the polar cap.

Cautious official reference to the hitherto secret plan for stretching reach of bombers operating from air fields within the United States came to light today in a report on plans and money needs for a heavy new bomber base at Limestone, Maine.

Mr. and Mrs. Duncan McRae, who have been on a holiday trip which included a visit to a dude ranch in the Cariboo as well as at Duncan, Vancouver Island, and Vancouver, returned home from the south on the Prince Rupert today.

The Norwegians practised whale-fishing as early as the ninth century.

# Renewing Ball Feud

Historic Competition Being Resumed at Interior Town

The baseball feud between Smithers and Prince Rupert started in the early 1930's. The Elks and the Athletic Association in the interior town cooperated to put on the program and the railway helped by providing a low excursion fare. Baseball players and many fans took three or four days of work and the jaunt became one of the outstanding social and sporting events of the year.

One year the Bulkley Valley town staged a baseball tournament that included Prince George, New Hazelton, Prince Rupert and Smithers—Rupert and Smithers dominated the play. Another time a boxing show was presented and whenever possible horse races were featured for the benefit of the coast visitors.

The Smithers team would make the return trip for the Labor Day week-end and, what their supporting troupe lacked in volume to the Rupert contingent, they made up for any shortcoming with enthusiastic energy.

While no complete win-loss record is at hand, it is believed that Rupert holds the better average. However, win or lose, the teams invariably provide the best played and most exciting games of the season.

In keeping with the procedure of recent years, the local team will leave by car after work on Saturday and return in time to punch the clock on Monday morning. Two games will be played on Sunday. Unfortunately there will be little time for anything but baseball for the team supporters who plan on making the trip.

Judging by the probable line-up available today, the local club is taking no chance of losing this series. Among those likely to make the sortie are Abel, Davis, Windle, Guthrie, Dahl, Arney, Pavlikis, Cornwall, Lindsay, Rosedale and Letourneau. Bill Lambie will act as playing manager.

NEW ARRIVALS IN ISRAEL—Probably the largest midget family in the world are the Owitch group of five sisters and two brothers, all of whom have just emigrated to Israel after spending years in Nazi concentration camp at Auschwitz, where they owed their lives to the fact that they were used by their captors for medical experiments. They returned to their native Roumania after the war ended in Europe, and presently are living in an immigration camp near Haifa. They hope to make their living by entertaining. Left to right, they are Rosika, Francisca, Avraham, Markus, Frida, Elizabeth and Paulina.

### Backing the Pact

JUDGING FROM the political lining up in Congress with such leading Republicans as Senators Vandenberg and Dulles, and some Democrats too, for the first time taking major issue with the administration, it may be that half a loaf may have to be better than no bread for President Truman in his program of military aid to European nations in support of the Atlantic Pact.

However, the commitment to aid, rather than the specified extent of aid, may be considered the really important thing at this time.

It would be inconceivable that United States would accept the pact, as it has done, and then leave it an empty document. Effective military aid to the signatory nations is, after all, a vital corollary to the pact itself.

It may even be politic in the meantime for the United States to keep down the astronomical figures. In the final analysis, having come along this far, United States may be expected to go all-out the rest of the way. In fact, it is too late to stop now and, anyway in the cold war as in the fighting war, United States' own salvation rests in buffer Europe which, now as then, must be supported.

### DISTRICT AIR MAIL

NOW THAT commercial air service has been established, even if on a charter and un-scheduled basis to such district points as Queen Charlotte Islands and the mining camps of Stewart and Alice Arm, it is to be expected that the postal department will not delay long in the granting of air mail service.

Long have these districts endured slow and infrequent passenger, freight and mail services. Now that there is an improvement, through use of aircraft in the straight transportation, it would seem reasonable that advantage would be taken of the new service to carry the mails, even if the quantity is limited.

Queen Charlotte Islands and the mining camps have also been given better communications in the way of long distance telephone service.

The only lag is now in the mail and it would seem simple enough to improve that—particularly in view of the new business and industrial development which requires the fastest communications possible.

### THE JUNIOR LEAGUE

WE WOULD LIKE to put in a good word for the Junior Baseball League which opens its schedule of play tonight at the Acropolis Hill Grounds. The idea behind the Junior League is twofold—to have another organized sport for the teen-agers, players and fan alike, and to develop a reservoir of players for future senior company.

Considerable effort has been put behind the organization by the backers and there is a good deal of enthusiasm among the lads themselves.

Now, we would urge the fans to turn out and do their part by making up a crowd on playing nights to cheer the boys along.

A most discouraging thing for players is empty benches. There can be no sustained enthusiasm unless some spectators and the rooters are on hand. So let's help the boys along, now they have gone this far, with our attendance and support.

## Ray Reflects . . . and Reminisces

The federal government is in possession of about fifty million pounds of surplus butter. But don't run away with the notion that the pat, handed you in the average cafe is going to be any wider or deeper.

Speaking of hotels, we like the efficient service, clean rooms and quiet organization. Therefore we ask hotel operators to go warily when advertising "all the comforts of home." Do you want your bathroom in the hotel to be a place where newly washed stockings drape and catch a man's neck, where pink underwear is spread around, and the multitudinous jars of face cream cause a man to hunt for a cake of soap.

There was one thing about the election in Yukon. No one had to figure on the C.C.F. and the idea of a coalition wasn't even mentioned.

A contract having been let, the general remodeling of the building bought by the Canadian Legion may be completed by November. There will be nothing better north of Vancouver and, as for grandeur of site and outlook, there will be few locations to equal it in all Canada.

George Bernard Shaw, ninety three Tuesday, said he was now certain he would live a century.

Anyway, one did not really begin to enjoy life until after eighty. Possibly worried cabinet ministers, who have the job of providing old age pensions, are not in full agreement with him.

Elliot Lambert, millionaire, recently married Nancy Niedringhaus, heiress, quit college and high society in St. Louis, to become a policeman. It would make a fellow feel a bit above the average to be arrested by anyone with all that cash.

Halifax, Montreal and North Vancouver have been awarded contracts for the construction of submarine chasers of the latest and most approved pattern. Prince Rupert has no job this time. Instead, there is a shipyard with a first class record.

### TOURISTS HEAR BAND CONCERT

The scenic look-out on Totem Park was a bit cool and breezy last evening and, for that reason, the concert given by the Shrine Club's City Band was played under shade trees down the hillside and convenient to the Canadian National general offices.

The program commenced at 8:00 p.m. by which time the steamer Prince George had arrived from Alaska and many passengers were already commencing to make their way up town. The presence of the band, in neat and smart-looking uniform dress, came as a pleasant surprise to many. Dozens remained throughout and applause was frequent and hearty.

The weather man was most considerate. Most of the day had been dull and cloudy but, by early evening, there was a distinct change for the better. The overcast sky cleared up and, from then on, it seemed every hour was an improvement on the preceding one, finally merging into another of Prince Rupert's justly celebrated sunsets. With Peter Lien as bandmaster,

CANADIAN DELEGATES TO U.N. LISTEN ATTENTIVELY—Hector McNeil, United Kingdom minister of state, left, emphasizes a point for members of the Canadian delegation to the United Nations General Assembly at Flushing Meadows New York. They are, left to right: George K. Grande, delegation secretary; Hughes Lapointe, parliamentary assistant to Canada's secretary of state for external affairs; and H. H. Carter, adviser to the delegation.

the following popular program was rendered:

- March: "Invercargill."
- Serenade: "A Night in June."
- March: "Victorious Legions."
- Waltz: "Vienna Dreams."
- Overture: "Oeratic Mingle."
- March: "Officer of the Day."
- March: "Colonel Bogey."
- Waltz: "La Golondrina."
- Medley: "The Southland."
- March: "Precision."
- Serenade: "Anona."

March: "Concord."  
"Does the band play every time a tourist steamship arrives?" inquired a visitor.

It was explained that this was hardly practicable.

Miss E. Watson and Mrs. A. Dowther returned to the city this afternoon on the Prince Rupert from a trip to Vancouver.

**Of course - it's Electric!**

The heat's off hot weather cooking when you use an electric range. There's no heat waste, because complete insulation keeps the heat in the oven... keeps your kitchen cool. Automatic controls mean easy, worry-free cooking. And the smooth, shiny surfaces of an electric range are so easy to keep clean!

Come in and see the wide range of models now on display.

HE'S TRYING AGAIN—Big Mort Cooper, one-time ace of the St. Louis Cardinals' pitching staff and three times National League All-Star, is trying to make a comeback with the Moose Jaw Canucks in the Southern Saskatchewan Baseball League. But he finds the going tough. In his first dozen games, the sore-armed hurler's slants have been pounded all over the lot by the prairie batters. (C. P. Photo)

George Green returned this afternoon on the Prince Rupert from a business trip to Ocean Falls.

ONE RUN WINS—  
**Baseball League Tightens Up as Commercials Beat Savoy in Closest Game**

Commercials climbed a step nearer the pace setting Savoy last night when they defeated their brother hotelmen 1 to 0 in the season's tightest baseball contest. The First Avenue gang have only to win their Thursday night engagement to achieve their target of tying up the league at the half-way point.

Commercials threatened to score in the fifth stanza when singles by Shier, Sinclair and Towes filled the bases. Then the team got its signals crossed and the rally failed. However, it was the same combination that supplied the game's only run in the eighth. Shier hit his second clean single and advanced when Sinclair was hit by pitched ball. Then Guthrie poked one through a hole to score Shier.

Savoy's brightest moment came in the seventh when Toews filled the bases as he hit Bill with a pitched ball and gave free passes to Gurvich and Simundson. Letourneau was called in for rescue duty and struck out Foster to retire the side.

Don Arney made his first appearance in the local league after a long spell of convalescence and handled first base like he owned it. Boyo Gurvich patrolled left field in the absence of Pavlikis and he went to the far corners to pull down four important flies.

Doug Shier showed signs of coming to life at the plate as he collected two for three.

**Sport Shots**

It's not the dye-in-the-wool anglers, so much as those who fish only a little and don't know too much about the sport, who surround angling with a "bouquet of phoniness." At least this is the opinion of Izaak Hunter (Montreal Gazette), a rotund and expert rod and gun writer who, as this was written, was representing Quebec in the Interprovincial Bass Derby near Belleville, fishing against Ontario contestants.

"In fishing some of the damndest things can and do happen," writes Izaak, known equally well as George (Chief) Carpenter. "Some of the best fish stories are never heard simply because people who have the experiences hesitate to relate them for fear of being put down as one more piscatorial prevaricator." And, he adds, the relatively believable stories that do come out have marked all anglers with the brand of ananias. Recently, Izaak relates, he heard a man, who knew not much of fishing, talking about a 24-pound pike caught in Quebec's Lac Des Loups. The fish was described as 20 inches long. "That," says Izaak, "would produce a pike just about the size and shape of a three-gallon keg of beer." He investigated the catch himself, found the pike actually was 46 1/4 inches long.

This outdoor writer has noted some lifed eyebrows in Montreal recently over the stories of sturgeon leaping clear of the water in Lake St. Louis, Lake St. Francis and Lake of Two Mountains. Izaak figures separate occasions they jumped into anglers' boats. Izaak figures that, with so much jumping going on, sooner or later a sturgeon had to land in somebody's boat. Why do they jump? Well, Izaak says it may be to rid themselves of Lamprey eels, or maybe just from a feeling of frolic.

**SHIPS and WATERFRONT**

Mariners are advised in a local notice from the Department of Transport here that a new light has been established on Marble Island in Cartwright Sound on the west coast of Queen Charlotte Islands. The light is situated atop a skeleton white tower of 513 feet height above night water mark. Arc of visibility is from north through west and south. From the east the light is obscured by trees. It is a white, flashing light unattended and visibility is estimated at fifteen miles.

So far, this season more than 100 whales have been caught off Vancouver Island by the Western Whaling corporation. Markets have been rather in-

CANADA NEEDS HEALTHY RAILWAYS TO SERVE HER PEOPLE

**THE OIL INDUSTRY**  
relies on the railways to move  
**THREE MILLION TONS OF GASOLINE...**

And that's only part of the story. The total handling job which these mighty carriers do for the oil industry alone totals well over six million tons a year.

**BOTH** as producers and consumers, Canadians look to the railways to perform the heavy hauling on which their very lives depend. They must transport, for every Canadian every year, an average of about twelve tons of freight a distance of 400 miles.

And the railways are at it, twenty-four hours a day. That faraway whistle in the quiet night means a heavily-loaded freight is rushing goods to the morning market—moving materials to a waiting factory—carrying food to a distant seaport for shipment overseas. In this land of great distances, our existence depends on railways—railways which are efficient and adequate to our needs.

**The Railways are Big Oil BUYERS, too**

Fuel oil for locomotives, gasoline for trucks, lubricating oils—they all add up to a healthy sum... many, many millions last year. The railways are major users of the products of Canada's farms and forests, factories and mines—in fact their purchases cover over 70,000 items. They are the country's biggest buyers.

This advertisement is one of a series pointing out the railways' key place in Canada's economy. As Canada's largest builders of railway rolling stock and equipment, this company and its employees are directly concerned with the railway industry. Canadian Car & Foundry, operating eight modern plants, turns out thousands of railway cars of every type. The company is fully equipped to supply Canada's railways with the latest type passenger and freight cars to meet the growing needs of our expanding economy.

\$20,000 RICHER THROUGH DERBY SWEEP—\$20,000 winner in the 170th running of historic Derby, at Epsom, Eng., was Nelson McFarland, seen with wife and son, Lance, four, of Long Branch, Ont. He held ticket on Swallow Tail, which came in third. Winner of the famed race was Nimbus, a seven-to-one shot. If he won \$100,000 he said he "planned to give \$10,000 to Y.M.C.A. for teen-age."

**News of Francois Lake**

Beverley Reed is home for the holidays at the Tweed Ranch. With her is her friend from Vancouver, Miss Jacqui White.

Mrs. J. Weise of Prince Rupert and her daughters, Nita, Gail and Jill, are spending a month's holiday at the Log Cottage at the Landing.

Edward Sholander is home for the holidays from College Heights, Alberta.

Jack Walker will shortly take up residence on his parents farm and Mrs. Walker and their small son will join them.

Mr. and Mrs. Evan Nobles and family plan on moving to the other side of the lake as Mr. Nobles is employed on the new Ferry.

**HARMSWORTH CHALLENGER**—Shown zooming through her last pre-race trials on Lake Muskoka, Miss Canada IV will contend with three American defenders to lift the Harmsworth Trophy from the United States at Detroit next week. Harold Wilson of Ingersoll, Ont., has kept Miss Canada's trial times secret, but he hopes to break Sir Malcolm Campbell's speed record of 140 miles an hour when he makes Canada's first challenge for the international speedboat championship. (C. P. Photo)

**CHAMPIONSHIP COURSE**—The solid black line on this map marks the hazardous course with its 120-degree turns on which Harold Wilson of Ingersoll, Ont., will drive his Miss Canada IV against three United States entries for the Harmsworth Trophy and the international speedboat championships at Detroit next week. Original plans to route part of the race along the Canadian shore (dotted line) were dropped when owners of lake vessels objected to the speedy racers cutting through their shipping lanes. The turn at upper right of the map is opposite the summer home of Gar Wood, veteran Detroit driver who retained the trophy for the United States against a British challenger in the last international competition in 1933.

**"MR. BLANDINGS" IS LIVELY COMEDY**

Hailed as one of the season's most entertaining screen comedies, "Mr. Blandings Builds His Dream House" comes to the screen of the Capitol Theatre here this Thursday, Friday and Saturday.

Stars are Cary Grant, Myrna Loy and Melvyn Douglas with Connie Marshall and Sharyn Moffet in important juvenile roles.

The story revolves around a Manhattan family who decide to give up their cramped apartment and rebuild an old farmhouse in Connecticut.

Grant and Miss Loy are Mr. and Mrs. Blandings. Melvyn Douglas is the lawyer-friend and pre-marriage flame of Mrs. Blandings.

Building his house, Grant

finds his bills running up. His fantasy haunts him until he neglects his work and is in danger of losing his job which would pay the bills. His wife sticks with him through all the tragic, yet humorous, situations and the lawyer-friend proves a loyal hero in the end.

**ARMY ORDER JUNEAU MILL**

JUNEAU—A contract has been awarded the Juneau Spruce Corporation lumber mill to supply the United States Army with 2,910,000 board feet of spruce and hemlock lumber.

This will keep the plant in steady operation until the end of September. The shipments will go to an offshore base.

**OTTAWA MODEL PLAN TO TOUR CANADA**—The detailed model shows what Canada's capital will look like in the future. The scheme, which took Canadian town planners, architects and engineers three years to culminate, was designed to transfer Ottawa into an attractive city reflecting the Dominion's status and achievements as a nation. The model will be sent on a tour of the country. Here finishing touches are being applied to grounds of the parliament buildings.

**AUGUST PICTURES**

Some Interesting Bookings Coming to Capitol Theatre

Among a number of pictures of particular interest coming to the screen of the Capitol Theatre here during the coming month are listed "The Bribe," with Robert Taylor and Ava Gardner; "Connecticut Yankee," Bing Crosby; "Paradise Case," Gregory Peck and Ann Todd; "Northwest Mounted Police," Gary Cooper and Paulette Goddard; "Forever Amber," Linda Darnell and Cornel Wilde; "Take Me Out to the Ball Game," Gene Kelly and Esther Williams; "Edward My Son," Spencer Tracy and Deborah Kerr, and "The Great Gatsby," Alan Ladd and Betty Field.

Here is the list:  
July 28, 29 and 30—"Mr. Blandings Builds His Dream House," Cary Grant, Myrna Loy and Melvyn Douglas.  
July 31—"Mystery in Mexico," William Lundigan; "Guns of Hate" (Zane Grey).  
August 1, 2 and 3—"The Bribe," Robert Taylor and Ava Gardner.
