NORTHERN AND CENTRAL BRITISH COLUMBIA'S NEWSPAPER  
**The Daily News**

Published at Canada's Most Strategic Pacific Port—"Prince Rupert, the Key to the Great Northwest."  
VOL. XXXVII, No. 165. PRINCE RUPERT, B.C., THURSDAY, JULY 15, 1948 PRICE FIVE CENTS

**BERLIN SITUATION STILL MENACING** **STARTING ON OCEAN VOYAGE**

**YUGOSLAVIA IS ASSAILED**

**BUCHAREST**—A violent attack on Yugo-Slav leaders by the Cominform which "uncompromisingly" rejected Yugo-Slavia's answer of earlier Cominform criticisms today widened the rift between Yugo-Slavia and other eastern European communist states.

A paper said that the Yugo-Slav reply, which branded Cominform charges as "invented slander" and "lies" was "one of the basest documents which showed that Tito's regime intends to carry further its anti-Marxist and anti-Soviet policy."

**THE WEATHER**

**Synopsis**

There is little indication of any marked change in weather over southern and central British Columbia during the next 48 hours. Skies should remain relatively clear with afternoon temperatures reaching from 75 to 85 over the interior and 65 to 75 at the coast. These are near normal for mid-July.

An onshore flow of moist Pacific air is causing cloudy skies and occasional light rain or drizzle over the Queen Charlottes. Some cloudiness extends into the far northern mainland but no rain is expected in that region.

**Forecast**

Queen Charlottes and North Coast—Overcast with occasional light rain or drizzle during the morning. Cloudy this afternoon, tonight and Friday. Variable cloudiness along the northern mainland today and Friday. Wind light over the entire region. Little change in temperature. Lows tonight and highs Friday—At Port Hardy 48 and 66, Massett 53 and 65, Prince Rupert 52 and 68.

President Truman was nominated in a landslide at the national convention which was held in Chicago. Senator A. B. McKittrick of Kentucky was proclaimed vice-presidential candidate and the man himself was party facing its fate before the Civil War as fierce conflict between civil rights resulted in half a delegation and Mississippi delegation of the convention. The Alabama delegation would never vote support his civil rights speech Truman civil rights split call for a special Congress July 26, action within 15 lawmakers meet and housing bill he would repeal civil rights

**LESNEVICH ASKS SHOT AT TITLE**

**BRIGHTON, Eng.**—Gus Lesnevich thinks that he and Jersey Joe Walcott should fight for the vacant world's heavy-weight boxing title, never mind an elimination contest.

"I knocked out Tmi Mauriello and Melio Bettina who are rated No. 1 and 2. That should qualify me," said Lesnevich.

**DISCONTENT IN UNIONS**

**MONTREAL**—Discontent has been heard in some union quarters over the settlement of 17c per hour wage increase made yesterday to head off the general railway strike. Railway men in Vancouver say that the increase is not enough and are urging that the pressure for 35c per hour be renewed.

The strike was called off yesterday less than 15 hours before the deadline for the stoppage of Canada's trains. Railway union officers, in an overnight six cent drop in their final wage demands, settled the dispute with the railways on the 17c an hour increase basis going back to March 1. This was less than half of the original demand of 35c.

With the companies yielding to this government-negotiated figure, the railway unions recalled their strike order to 150,000 men that would have halted train and telegraph service at 6 o'clock this morning. Union officers said that the prompt recall action would leave the country's train, telegraph and ancillary railroad services running smoothly.

The companies also revoked without delay perishable freight embargoes and other precautions they had ordered in protection against the strike eventuality.

**British Cabinet In Session and Report Presented To King**

**RUSSIANS ARE TALKING ABOUT INTERFERING WITH AIR LIFT**

**LONDON (CP)**—The British cabinet for three hours today studied the Soviet refusal to lift the Berlin blockade and Foreign Secretary Ernest Bevin went from the meeting to inform the King, indicating the seriousness in which the situation is held.

A British spokesman would not comment on the Soviet rejection of Allied notes demanding the end of the blockade.

The Russians said they were willing to negotiate if the talks concerned all of Germany and not just Berlin. They left the next move up to the western allies.

Reports in London that new notes would be sent to Premier Joseph Stalin within a week termed "pure speculation."

In Berlin the official Soviet newspaper Taegliche Rundschau today printed a Russian threat of interference with the United States-British air life which is taking food and supplies to Berlin. "Obviously the time has come," the newspaper said "to regulate the problem of air corridors."

Russian authorities warned they would be conducting parachute jumping practices in one of the corridors leading from Berlin to western Germany.

It will be just too bad if the Russian parachuters get in the way of American transport planes, said General Lucius Clay.

**DISORDERS IN ITALY**

**Riots, General Strike and Leftist Challenge**

**ROME**—Bloody riots, a paralyzing general strike and a leftist challenge to the government wracked Italy today in the wake of an attempt yesterday at the life of Communist leader Palmiro Togliatti.

Six persons were killed and hundreds are in hospital. Togliatti, being treated for three wounds inflicted by a student yesterday, is reported to be improving.

Communists gathered in demonstrations to protest the attack on their leader.

The government said today that a "back to work" movement was cracking the general strike which was clamped down on Italy by Communist labor after the attempted assassination of Togliatti.

**WOULD BOYCOTT BRITISH GOODS**

**NEW YORK**—First of a series of rallies urging boycott of British goods will be held here tonight in protest at British policy in Palestine of supporting the Arabs at the expense of the Jews.

Importers are being asked in a circular letter to stop the buying of British products with the warning that names of importers who do will be published so that consumers who do not wish to purchase British goods may be properly informed.

A prominent group in the British boycott move is the Sons of Liberty committee.

A broadcast screams: "Don't be a party to murder. Don't buy British goods!"

**SENT BACK TO STATES**

**HALIFAX**—Nine United States civilians who were detained here today by Canadian customs officials for four days, prepared to fly their "mystery plane" back to Westchester County Field, New York, today. The plane will carry just enough gas to get them there.

Customs officials released the plane yesterday after a \$100 fine for illegal entry into Canada just after the nine men, believed headed for Palestine, attempted to take off.

**SKEENA SOCKEYE RUN INCREASES**

**As Many As 260 Fish Caught By Gillnetters On Skeena**

Sockeye gillnetters on the Skeena River reaped a rich harvest overnight as their catches hit the highest level so far this season. Boats fishing on the upper boundary of the sockeye area on the river off Point Lambert, reported up to 100 fish each for the night's work.

After a relatively poor start which lasted during the first two weeks of the sockeye season, the catches began to improve this week on the Skeena although on the Naas they are still reported as small.

The 700 boats on the Skeena reported an average of 50 fish on Monday, 60 on Tuesday, and 100 for those on the upper reaches of the area last night. One boat was reported to have caught 260 sockeye.

Average for the 120 boats on the Naas this week has been between 30 and 40 per boat each day.

At Rivers Inlet in the southern section of the district, 1,000 gillnetters have been averaging 30 fish a day.

In the Butedale area, where 80 seiners have their nets out, the boats averaged 650 pinks, 85 chum and 50 sockeye on Wednesday. Similar averages were reported by the 30 seiners in the Grenville-Prince area.

The week's seining closes tonight. Fisheries regulations allow each week's seining to begin Sunday night and close Thursday night.

A large early run of pinks is reported in Whale Channel, in the Wright Sound region.

**NATIVE SON REVISITS**

Prince Rupert born boy, who left here 25 years ago at the age of 12 and has not been back since, is revisiting the city and is being welcomed by old timers who remember his mother and father very well. He is Jack B. Anderson, son of Mr. and Mrs. J. J. Anderson. For years his father was identified with the service of the Pioneer Laundry here. Mr. Anderson, who is accompanied by his wife, is engaged in the printing business at San Jose, California, operating his own shop. It is also in San Jose that his father and mother now make their home. They are enjoying good health. Mr. and Mrs. Anderson Jr. will leave by the Catala tomorrow evening on their return south. S. M. Johnson, Hays Cove Avenue merchant, is an uncle of Mr. Anderson.

**ROYALTY VISITS LONDON HOUSING PROJECT**—Princess Elizabeth and her husband, the Duke of Edinburgh, are shown walking through the Cherry Orchard housing estate in Greenwich, South London, as eager crowds, wanting a glimpse of the Princess, are held back by London police. In a short ceremony after their visit to the estate, the Duke received the freedom of the borough. Columnist Noel Whitcomb of the London Daily Mirror stated this week that he understood Princess Elizabeth was preparing to have her baby, expected later this year, without an anaesthetic. Childbirth with or without anaesthetic is a matter of controversy in Britain at the moment.

**Railway Strike Threat Caused Anxious Moments for Aquitania Passengers**

**MONTREAL**—Fear of missing their ship through a possible rail strike was dispelled late yesterday afternoon as nearly 1000 passengers left here on two Canadian National Railways boat trains for Halifax to board the Aquitania which is due to leave Halifax tonight. Passengers who made train connections here will arrive at dockside this afternoon.

As Aquitania passengers converged on Montreal yesterday anxiety was widespread that the threatened rail strike would wipe out their plans and preparations for an ocean voyage. With the announcement of a settlement in the railway labor dispute the tense atmosphere in Central Station was replaced with smiles and laughter as the happy voyagers prepared to board the trains.

Failure to connect with the Aquitania was to many more than the loss of a pleasant holiday at sea. There were Canadian business men in the group who had spent months making plans for the trip. Contact with British firms had been made and appointments arranged. Missing the ship would have spelled losses in the future.

There were others who were anticipating family reunions which had been postponed since the war. If the trains ceased operation, these reunions would have undergone further postponement until hard-to-get passage could be secured on another ship.

Return to normal on the railways was the most cheering news the prospective passengers had heard in weeks.

The announcement withdrew all embargoes and warnings of freight, express and passenger movement and was made by the Canadian National Railways at 2:30 p.m. eastern standard time. Embargoes were also withdrawn by the C.N.R. on hotels and commercial telegraphs.

**Bulletins**

**CSU SHOT UPON**

**SARNIA, Ont.**—A shotgun blast fired yesterday by a ship's officer broke up a raid by six members of the Canadian Seamen's Union on the freighter Lethbridge. Pellets wounded three Canadian Seamen's Union men but Canada Steamship Lines, owners of the vessel, claim that five men were hit. All six are scheduled to appear in court today on charges of unlawfully boarding.

**TRAIL MAYOR DIES**

**TRAIL**—Mayor James Bryan of Trail died last night after being seized with a heart attack.

**JETS CROSS ATLANTIC**

**GOOSE HARBOR, Labrador**—Six Vampire fighter jet planes of the Royal Air Force rested here last night after crossing the Atlantic Ocean, the first time for jet planes. They came by way of Iceland and Greenland. At Goose Harbor they met 14 United States jet planes headed in the opposite direction.

**Premier King Appreciative**

**Thanks Minister of Labor for Settling Strike—Canadians Spared Much**

**OTTAWA**—Canadians would probably never know how much they had been saved as a result of the settlement of the railway wage dispute and the warding off of what would have been a paralyzing strike, declared Prime Minister W. L. Mackenzie King in a press conference yesterday afternoon.

Mr. King was accompanied by the minister of labor, Hon. Humphrey Mitchell, whom the Prime Minister publicly thanked for his success in having brought an end to the deadlock that had existed. The strike, had it eventuated, might even have had a very serious effect during the critical world situation.

There had been no pressure or coercion brought to bear on any one, asserted Mr. King. Nor had the question of a possible resultant increase in railway freight rates being mentioned he asserted. There had been no commitments in regard to possible subsidies or approval of rates increases. No undertakings, direct or indirect, had been made.

**PACKERS PLANT WORK STARTED**

**New \$20,000 Building Being Erected on Waterfront**

Work preliminary to construction of a cold storage plant and warehouse for Canada Packers Ltd. has begun on the waterfront property formerly occupied by the navy boom defence section and the Prince Rupert dry dock.

Construction plans call for a 72 by 48 foot building which will be situated on an acre of ground leased by the meat packing company from Canadian National Railways. The estimated \$20,000 job will be carried out by L. C. Eby and Son, city contractors.

The building will be one-and-a-half stories high, of frame construction and surfaced with cedar grain asbestos shingles and duroid patent roof. It will house offices, a cooler and freezer and dry storage space.

According to Robert Elkins, local representative of the company, the new plant will permit storage of meats and other produce here, whereas, at present, orders are taken only for direct delivery because of lack of such space.

Canada Packers originally planned to build a storage plant here several years ago, but the start of the war made it impossible to get materials.

Part of the building will sit on land used by the dry dock during the war. A frame building formerly used as a rivet storage shed is being demolished to make room for it.

**GEN. PERSHING PASSES AWAY**

**WASHINGTON, D.C.**—General John J. Pershing, who commanded American overseas forces in World War I, died in hospital here shortly before dawn today after a long illness. He was 87 years of age.

NORTHERN AND CENTRAL BRITISH COLUMBIA'S NEWSPAPER An independent daily newspaper devoted to the upbuilding of Prince Rupert and all communities comprising northern and central British Columbia (Authorized as Second Class Mail, Post Office Department, Ottawa) Published every afternoon except Sunday by Prince Rupert Daily News Ltd., 3rd Avenue, Prince Rupert, British Columbia. G. A. HUNTER, Managing Editor. H. G. PERRY, Managing Director. MEMBER OF CANADIAN PRESS - AUDIT BUREAU OF CIRCULATIONS CANADIAN DAILY NEWSPAPER ASSOCIATION

### A Happy Ending

THERE WAS one vast sigh of relief from one end of Canada to the other yesterday with the last-minute settlement of the wage dispute between companies and unions which came so close to tying up the railways of the country. The sigh of relief was most certainly re-echoed here in Prince Rupert. The uncertainty of the last few days certainly had its disturbing effect and probably its sobering aspects as well. We can imagine that we came pretty close to an economic disaster and, undoubtedly, it was only the realization that such would result from the strike that, at last minute, brought the agreement by which it was obviated. A railway strike at this time wouldn't merely disrupt our transportation and communications system, with the endless chaos and confusion, plus personal hardship and loss, which would result from such disruption. There would be the even greater thing of what a paralysis of our transportation system might mean in the existing world situation. The dispute and its climax focussed public attention on Canada's railways and various problems with which they are faced. It started people thinking about something which they had taken for granted. Understanding may have been achieved not only by the contending parties but by the public at large and this should be of good stead when other problems concerning the vital transportation services of the nation arise, as they will.

### TRUCE MAY BRING PEACE

TWO MONTHS AGO experts asked if the Jews would fight for Israel. Now the question increasingly seems to be whether the Arabs have the unity of purpose and the determination to renew the war against Israel. Fighting during the last few days has been going against them. In all conflicts with Palestine Arabs the Israelis achieved swift success, despite the weight of numbers against them. Therefore, the answer seems to rest largely with King Abdullah's British-financed Arab Legion. The truce period probably strengthened the Jews rather than the Arabs in the following ways: 1. Israel is one month older as a going concern. Each day of survival after it was proclaimed in mid-May has meant a lot in terms of prestige and organization. 2. Britain completed its withdrawal from Palestine at the end of June, a full month ahead of schedule. The Israelis said that British forces were aiding the Arabs and impeding the Jews. 3. Israel's government apparently weathered a dangerous internal crisis during the initial truce period. It put down an Irgun and sealed a treacherous chasm while its war with the Arabs was temporarily suspended. Now Irgun leaders have pledged their co-operation. Against these favorable developments for the Israelis is the likelihood that prolonged inaction was not helping the allied Arab forces. Their internal politics are obscure but in the period of active warfare from May 15 to June 11 the Arab Legion alone seemed to be an effective invading force. It captured Jerusalem in a bitter struggle while the Syrians, Iraqis and Egyptians bypassed major conflict. The Arab Legion, a Trans-Jordan outfit, is most sensitive to British policy.

### BORROWING IN OPEN

CANADA HAS SWITCHED her current borrowing in the United States to the open market. This is the effect of Finance Minister Abbott's announcement that the government is selling \$150,000,000 long term bonds to three United States insurance companies. The financing operation replaces although it does not entirely eliminate a \$300,000,000 loan negotiated last fall with the United States Export-Import Bank, virtually borrowing from the United States government.

### New Building McBride St.

Bob Parker Putting up \$10,000 Service Station.

A new \$10,000 service station is under construction for Bob Parker Ltd. on the southwest corner of McBride Street and Second Avenue.

On the site of a former military workshop, the new station will incorporate ideas for the most efficient service to the motoring public as well as attractive design which will enhance the appearance of the corner.

"Our idea is to cater to the lighter and more immediate requirements of city drivers and tourists," Mr. Parker says. "The new service station will supplement the work of our garage on Third Avenue East where heavier types of repairs will be done."

Sitting on two lots, the new building, which Mr. Parker refers to as "Parker's Uptown Station," will have two concrete traffic lanes to its gasoline pumps, an aspect which he feels will be of convenience to drivers, eliminating the need to wait on other cars.

The pumps, incidentally, are of the latest design, having retractable hoses which recoil into a chamber which can be turned to service cars on either side. Standard Oil products will be sold.

The building itself will be of 30-foot frontage on Second Avenue and 100-foot frontage on McBride Street. The pumps and service doors will be on the McBride Street side.

Facing Second Avenue will be a display room, 30 feet by 15 feet, with offices and stock room behind. Modern wash room facilities will be a feature with the ladies' room entrance at the front.

At the south end of the building will be hydraulic lubrication rack for cars and light trucks and a lubrication pit for heavy trucks and busses. A large canopy will cover the McBride Street side of the building, sheltering the approach and the gasoline pumps.

Floor of the building will be of concrete and the structure itself of frame, with asbestos siding. Mr. Parker anticipates that it will be completed by September 1.

A unique feature of the project is the fact that, while construction is still in its basic stages, the gasoline pumps are giving service. This was made possible because they are attached to underground tanks installed during the war by the Canadian Army when the site was a military service station.

Contractors are Mitchell and Currie and William Nicholas is foreman in charge of construction.

### Reminiscences and Reflections By W.I.

It is suggested the White Pass and Yukon Railway be changed to a motor highway, thus cutting away down soaring freight rates which are said to be hamstringing the north. What the W.P. and Y. lacks in length and easy grade, it makes up in spectacular scenery but the latter does not pay for bacon and eggs in the morning. The saving of dollars is what matters, today.

Not in years, within convenient distance of Prince Rupert has there been so much going on in mining, actually and in immediate prospect. Alice Arm is sitting pretty. Stewart has reason to look for action. New Hazelton enjoys work and wages through mining enterprises.

A card arrives from Ex-Aid, Basso-Bert, who is overseas. It was mailed in Torino Turin, Italy, and the picture on the back shows what would be regarded in British Columbia as a large city. Reminiscent of B.C. is the background--a far off range capped with snow. But the foreign touch is given by the architecture of miles of solid looking buildings and frequency of towers and spires.

Ratings on about 100 British warships it is learned, will have bathrooms looking extra smart and comfy. There will be plastic curtains, indirect lighting and other conveniences. Old Horatio himself never had anything like it. It's doubtful if the one-eyed, one-armed little hero even had a bathroom.

Boys, fresh from Prince Rupert, are revelling in camp life on the verdant shores of Lake Lakelse. They are not singing "Oh, How I Hate to Get Up in the Morning". They will be very much, anyway. One can count on that.

Personality is said to have contributed greatly to the progress in public life made by Gov. Earl Warren of California who is Dewey's running mate. It seems Warren, modest and good natured is always the same. Office-high or low--makes no difference. It's a rather rare quality. He just can't help being himself. But with the majority of men, almost any kind of authority does make a change. Perhaps one does not notice anything, yet somehow, it keeps lurking around.

### City Merchants

City merchants are asked in future to have copy for all display advertisements into the Daily News office by 4 p.m. of the day previous to their publication. This co-operation will greatly assist the mechanical department in keeping to the regular hour for publication.

NEW ISSUE \$5,000,000 Columbia Cellulose Company, Limited (Incorporated under the laws of the Province of British Columbia) General Mortgage Bonds, 5% Series 'A' To be dated July 2, 1948 To mature July 2, 1968 Trustee: National Trust Company, Limited In the opinion of Counsel, these Bonds will be investments in which, pursuant to The Canadian and British Insurance Companies Act, 1932 (Dominion) as amended, companies registered under said Act may invest their funds. THE COMPANY Columbia Cellulose Company, Limited (a wholly-owned subsidiary of Celanese Corporation of America) was incorporated under the laws of the Province of British Columbia on October 28, 1946. The Company's principal business is to be the manufacture of high alpha pulp under a contract with Celanese Corporation of America. The Company has not yet commenced its manufacturing operations, but is proceeding with the construction of a high alpha pulp mill on Watson Island, B.C. The plans of the Company for the production of high alpha pulp combine a number of features which should contribute greatly to the success of the operation. The location, manufacturing process and wood supply for this mill are very favorable. At the present time the demand for high alpha pulp (acetylation grade) is substantially in excess of supply, and with the growth in the use of cellulose for synthetic textile fibres this demand is expected to grow. Celanese Corporation of America requires an assured supply of high alpha pulp (acetylation grade) for its textile and plastics operations. According to the best information available to the Company no plans for increasing the supply of high alpha pulp (acetylation grade) have been announced except by the Company. We offer, as principals, these General Mortgage Bonds, Series "A", subject to prior sale if, as and when the Bonds have been issued and received by us, and subject to the approval of all legal matters on behalf of the Company by Messrs. Douglas, Symes & Brissenden, Vancouver, B.C., and on our behalf by Messrs. Montgomery, McMichael, Common, Howard, Forsyth & Ker, Montreal, P.Q., who will rely on the opinion of said Counsel for the Company in respect of the validity of the incorporation and organization of the Company and the titles to its properties and also in respect of all matters of local law in British Columbia. PRICE: 98.75 and accrued interest to yield 5.10% It is expected that Bonds in interim form will be available for delivery on or about July 29, 1948. ● A shipment of Jack and Jill Shoes have arrived. The Family Shoe Store. (11)

Mr. and Mrs. T. McKeown and three children are sailing on the Prince Rupert tonight on a holiday trip to Vancouver.

Earl Barr of the Columbia Cellulose Co. left on today's plane for a business trip to Vancouver.

Oiler Besner arrived in the city on the Prince Rupert yesterday from Vancouver for a business visit here.

Mrs. Spiro Gurvich returned to the city on Tuesday night's train after a month's visit at Mrs. Gurvich's home in Woodrow, Saskatchewan.

George White, who has been on a trip to Saskatchewan, returned to the city on Tuesday night.

J. Smith, formerly a business man of Trail, arrived in Prince Rupert from Vancouver at the first of the week and is now operating the Prince Rupert Shoe Repair shop.

H. H. Church, Department of Veterans Affairs officer, is sailing on the Prince Rupert tonight to return to Vancouver after a business visit to the city.

Mrs. A. Guimond of Quebec and Mrs. A. Vezina of Ottawa are arriving in the city on tonight's train for a visit with their sister, Mrs. Joseph Garon, Second Avenue.

Mr. and Mrs. George C. Mitchell and family left yesterday afternoon for Smithers where they will take up residence for the summer holidays.

TO WHOM IT MAY CONCERN—I will not be responsible for any debts incurred in my name, other than by myself or my two daughters.  
Spiro Gurvich. (11)

● Baseball Tonight, 6:30, Merchants vs. Savoy.

Miss Maxine Lewellyn left today by air to return to Montreal after a brief visit here with her family. Miss Lewellyn is a TransCanada Airlines stewardess on the transatlantic flight to Scotland and England.

● RICHARD HUDNUT HOME PERMANENT — (The improved process used in their famous New York Salon). Complete Set with Plastic Rods, \$3.75. Refills available at \$1.75. McCutcheon Pharmacy Limited. (171)

Mr. and Mrs. Marc Gormley and son arrived in the city by air yesterday from Vancouver. Mr. Gormley is the new forester here, succeeding J. E. Matheson. They are taking up residence in the home of Samuel Massey on Fourth Avenue West which they have purchased.

Reference was made in a Daily News story appearing yesterday to an old picture of railway construction at Fraser Lake in 1914. The owner of the picture is Alex MacKenzie, pioneer merchant, who values it highly. Mr. MacKenzie arrived here in 1910 and for years was identified with the G.T.P., being at Fraser Lake when the scene was photographed.

**SALT LAKES FERRY SCHEDULE**

From Vancouver—E. Anderson, K. Ker, Miss E. Kirkham, Mr. Stephens, Mr. and Mrs. M. V. Gormley and son, S. Antonson.  
From Sandspit — Mrs. M. Flynn, G. Mills, J. McDonald, R. Hryorchuk.

**WAR VETERAN'S HONORS GIVEN**  
The funeral of the late Reginald Gilbert Lipton, whose death occurred on Saturday last at the Prince Rupert General Hospital after an illness extending over several months, took place yesterday from Grenville Court Chapel, B.C. Undertakers, with the customary honors which the Canadian Legion awards a veteran.  
Rev. Charles L. Lomas, chaplain to the forces (Imperial), who is chaplain to the local branch of the Canadian Legion, officiated both at the chapel as well as at the graveside. He referred appropriately to the respect in which the deceased was held.  
Mrs. E. J. Smith acted as organist, the hymns chosen for the service being "Rock of Ages" and "O God Our Help in Ages Past." Legion Members, who were shipmates of the deceased when serving aboard C.G.S. Albatross, acted as pallbearers. They were J. W. Webster, John Macleod, J. V. Yeoman, H. McD. Savage, Thomas White and Norman MacKay.  
The attendance at the chapel and the beautiful floral tributes were evidence of the esteem in which the deceased was held. Interment took place in the Soldier's Plot at Fairview Cemetery, the "Last Post" being sounded by Bugler W. J. Rance of the Canadian Legion.

**GOOD HAY CROP**  
The Bulkley Valley is having an excellent hay crop this year although the grain is a little slow, reports Emery C. Barger, former Telkwa farmer and now a local news stand proprietor, who made a week-end motor trip to Telkwa. Weather has been quite wet, but that has not hurt the hay nor has it deterred the harvest.

## PRINCE RUPERT YEARS AGO

Rev. W. F. Kerr preached to a capacity audience at the Empress Theatre. He gave an account of the proceedings of the congress at Toronto which he attended.

**July 15, 1923**  
Alaskans have taken direct to President Harding their demand that "Prince Rupert be thrown open to Alaska," according to Lukin Johnson, Vancouver Daily Province correspondent, who was on a tour of Alaska with the presidential party.

The government merchant ship Canadian Scottish came off the drydock pontoons after an overhaul. The vessel had come to Prince Rupert direct from the Orient and was scheduled to leave for Nanoose Bay to load lumber.

A "monster carnival," complete with a queen contest and \$1,500 in prizes, was to be held in connection with the annual fair and exhibition, the Northern B.C. Agricultural Association announced.

**Modern Etiquette**  
By ROBERTA LEE  
Q. What are some points in etiquette that every child should be taught and remember when attending a party for children?  
A. To arrive on time; to greet the little host and his mother; to present his gift, if it is a birthday party; "to enter all games willingly; to speak in a well-mannered way and never to forget to say "Good night" and "Thank you" to both his host and mother when leaving the party.  
Q. Should a man always rise when being introduced?  
A. Yes, always, regardless of whether the other person is a man or a woman, old or young.

## C.N.R.A. Tops In Fastball

Share Leadership With 99 Taxi After Defeating Co-op

C.N.R.A. 17, CO-OP 5

Canadian National Athletics climbed right to the top of the pile to nestle in cosy partnership with 99 Taxi at the crest of the city fastball league after defeating Co-op by a score of 17 to 5 in a nine-inning encounter at Gyro Park last night.

For the first time this season 99 Taxi's leadership in the league has been seriously challenged. Both they and C.N.R.A. have four wins and two losses for a percentage of .667. For C.N.R.A., in particular, it has been a long and arduous road to the top of the heap.

Speculation is rife as to what would happen if these two met within the next week but such speculation is of little moment because, under the revised schedule, the two are not booked to play against each other until August 2. In the meantime, 99 Taxi will only play one game—against General Motors Saturday night, while C.N.R.A. will play two games.

Therefore, it would seem C.N.R.A. is in a more advantageous position since, if they win two games, they will have a one-game lead when they meet 99 Taxi—providing, of course, 99 Taxi also wins its game on Saturday night.

Under those circumstances, the worst that could happen to the railroaders is to return to a tie position in the standings if they lose on August 2, whereas, if they win, they will be two games ahead. The C.N.R.A. boys are speculating fondly on this prospect.

C.N.R.A. gave Co-op little quarter in last night's encounter. They slugged pitcher Alex Slater for 18 hits, building up an expanding lead that made competition the real casualty. In the first three innings they garnered seven runs off as many hits while Co-op received the one-two-three treatment from C.N.R.A. pitcher Lloyd Lahti.

It was not until the fourth inning that Co-op got acquainted with the score board, bringing in two runs off five hits. They did not score again until the eighth when Slater got a base on a bunt and completed the circuit on an error. Their final two runs came in the ninth.

Slater held C.N.R.A. hitless during the fourth and fifth innings but they broke loose again in the sixth to score four runs, then brought in three in the eighth and three in the ninth.

Pitcher Lloyd Lahti received strong support from his fielders and did a good job himself. (Continued from Page 5)

## Today in Sports

### BATTERY WINS OVER LEGION

Artillery and Students Tied For Soccer League Leadership

In last evening's Gilhuly Cup football game the 120th Battery scored a decisive win over the Canadian Legion by a three to nothing score. As a result the Battery and High School are now tied for top place in the competition but the Battery has the better goal average.

After some even exchanges Dawes miskicked in front of his own goal but Pavlikis miskicked too and a dangerous situation was relieved. Frank Gomez stopped Christison and Eby showed to advantage. A nice Legion move, with the ball going from Eby to Christison to Ralph Smith and then Glen Smith, was checked by Frank Gomez. Greer took a free kick well and turned in the rebound but Ferguson cleared. A cross from Pavlikis hit the face of the upright. Nelson turned Pavlikis's cross past Brodie to give the Battery a lucky goal. Ralph Smith made a nice run and centred well but the ball was cleared and then the Battery went two up when a long shot

from Pavlikis beat Brodie. Nelson defended well and Morgan came out and punched Glen Smith's cross away. Ferguson stopped Christison and Eby tested Morgan from a free kick. Morgan was very safe clearing well from Murray and then from Ralph Smith. Brodie stopped a good shot. Frank Gomez came through in good style and passed to Parkhouse who gave Pavlikis a good opening but the latter shot past. Greer was good in defence.

Morgan was the first goalie to be tested in the second half and he saved from Christison and Eby. Murray also tested Morgan who a moment later was in difficulties in trying to smother the ball but Murray shot weakly past. The Legion pressed but was weak around goal. Billy Gomez gave Brodie a hot one but the Legion goalie was safe. Greer was playing a strong game and then Dawes headed away Pavlikis's drive. Battery was lucky when James turned a hot drive from Ralph Smith over his own cross bar. Morgan punched away a good corner from Murray. A cross from Billy Gomez got over to Parkhouse who added a third goal for the Gunners after Brodie had saved. Nelson was playing a good game and, with Greer, was holding the fast artillery attack at bay. But the Legion could not get goals. Eby headed over after a sustained heading bout by the Legion. Morgan intercepted Ralph Smith's good centre. Darrow Gomez made a good run and shot just wide. Veitch stopped a Legion attack and Morgan saved twice from Ralph Smith but no further goals were scored and the Battery won 3-0.

GOODBYE TO GLOVES—Having announced his retirement from the prize ring, Joe Louis receives his last check from Mike Jacobs, the fight promoter. At the same time, he turns in his gloves at the New York City offices of the Twentieth Century Sporting Club and becomes plain "Citizen Joe."

### Sport Shots

The man who said "Life begins at 40" must have had in mind athletes like Ron (Peter) Johnson, captain of the New Cross speedway team. Ron 41, with 22 years of tearing round the cinder track on a stripped-down motor-cycle to his credit, is having the best season of his career and is currently favored to win the London riders individual championship. Experts say the secret of Ron's success—apart from amazing physical stamina—is throttle control. He slides into the bends probably more slowly than any other top-flight rider—and comes out of them, after a tearing broadside ski, probably fastest.

### THROUGH OLD-TIMER'S EYES

The Battery was value for their win although two of their goals were lucky. Morgan played his usual safe game, fielding shots surely and showing good anticipation in intercepting centres and punching away corners. Frank Gomez never hesitated and kicked strongly. James did well too. Darrow Gomez tackled keenly and found time to make a few runs. Ferguson was rarely beaten and Alex Gomez was always aggressive. Forward of the Battery were more dangerous than the Legion. They were faster, showed more combination and shot better. Pavlikis was always on the alert and Parkhouse and Holkestad were the better wing. Ward, who was limping badly, started and was dangerous. Later Veitch replaced him and the latter was a big help. Billy and Alex Gomez got the ball across in good style.

For the Legion Brodie had little luck. The first goal was turned past him by his own back although he seemed to be at fault with the second goal. Nelson was a tower of strength in the back line and Dawes did well at times. Eby was the best halfback with Greer doing some very good work and putting up a really good game in the second half. McCrimmon was good at times. Forward of the Legion were very weak. Christison rarely got in a good shot and the line, as a whole, lacked (Continued on Page Five)

AS VISCOUNT MOUNTBATTEN RETURNED INDIA—Arriving at England's Northolt Aerodrome recently, was Lord Louis Mountbatten, accompanied by his daughter Pamela Lord Louis. Lord Louis has been the first and last British governor-general of the Dominion of India. He is the Duke of Edinburgh, nephew of King George VI, and Prime Minister Clement Attlee's brother-in-law.

British County cricket, say the pundits, is at a low ebb artistically this year. But at the gate it's booming. Biggest attraction is the tour of the Australian team. Already the Aussies have drawn more than \$10,000 (\$40,000) as their share of receipts for their first eight games. That's several thousand more than the tourists drew for the same eight matches in 1938, the last time they visited Britain.

### Death Knell For Racing

Tax Cut is Killing "Sport of Kings" in B.C.  
By ED ROMAINE  
Canadian Press Staff Writer

VANCOUVER—Some competent observers and horsemen feel that the current 28-day racing meet at Vancouver's Lansdowne Park is the death knell of the "sport of kings" in British Columbia. The "on again, off again" meet will finish, but many say for the last time. Some sport writers charge that taxation is providing the "coup d'état."

Ken (Vancouver Province) McConnell writes: "There has been such a decline in the pari- (Continued on Page 5)

FLY FOOD SUPPLIES INTO BERLIN—Food and other supplies are loaded on an army transport at Rhine-Maine, Germany, in the U.S. zone, for shuttling into Berlin. Hundreds of planes have been pressed into service to counter the Russian blockade, which was set up in the Red attempt to force the Allies out of the German capital. In answer to the Russian squeeze, U. S. General Lucius Clay said nothing short of war would force out the Americans.

# BUYERS AND WHYS BY Barbara Brent

A weekly shopping and information service for today's woman

**MONTREAL, July 15th**—Sheer magic I call it—the way CERTO assures the perfection you seek in jam 'n' jelly making. Certo, you know, is pectin—the natural jelling substance of fruits—in concentrated form. Follow the Certo instructions exactly for unfailing results... and for fifty percent more jam or jelly from the same amount of fruit. Certo preserves the true bright colour and flavour of the sun-ripened fruit. There is a book of recipes under the label on every Certo bottle.

**Youngsters on Your Street** are busily engaged, and spinning plastic tops that whistle or rattle. Probably Blo-Ye-Top fans! These new Blo-Ye-Top are SUPER according to my eight-year-old niece (they are) and she can get one to play with the youngsters (or you) at only 10¢ and two KELLOGG'S ALL-WHEAT box and a Kellogg's All-Wheat. And while there is more than one way to increase your energy supply, one of the most pleasant is to eat Kellogg's All-Wheat. It's whole cereal in its most desirable form, literally giving you energy to burn—and it's so crisp and it's a pleasure to eat!

**Brew "Gladi"** to feast your eyes! You'll see them, flower-perfect in form and colour, on the cover of July CANADIAN HOME JOURNAL... And, inside, you'll be tempted to some good porch reading—like that fascinating modern ghost story, "Me and My True Love", wherein a rejected lover (and protector) of the girl who married his friend... or that outspoken discussion by Earle Birney, "Yes, Canadians Can Read, but do they?" (You're exempt, though!)... or, getting right into your daily problems, those 20 new recipes for delicious, quick-as-wink summer-desserts... And that's only a sample of what you'll get in C.H.J. for July. It's at your nearest news stand.

**Stuffy Cupboards** have an unhappy way of being even stuffer on a hot summer's day! But this is no problem if you have a bottle of VAPAR, the new room deodorant that brings the delightful scent of pinewoods into your home. All you do—simply uncup the bottle and pull up the wick... and see how the stuffiness of your cupboard disappears almost at once! Yes, it pays to keep your home as dainty as you are yourself in summer! And VAPAR is a real wonder-worker when it comes to banishing cooking odours... stale tobacco smoke... and "doggy" or bird-cage smells—yet costs less than a cent each time to use. Ask for VAPAR in the big value, ten-ounce bottle—at drug and department stores everywhere!

Here's a grand dessert for your youngsters' supper-time... they'll call it "simply super" and ask for second helpings all round! Just pick a summer's crop of blueberries, clean them, wash them with CROWN BRAND CORN SYRUP and FRESH BLUEBERRY PIE. Bake for 25 to 35 minutes at 350 deg. F. in a 9" pie pan.

When Wander-Lust Lures You to far and lovely places come holidaytime... you'll want to be sure that the valuables you leave behind are in safekeeping. The best way I know to win this freedom from care is to store your jewelry, silver and such like, as well as your valuable papers, in the vaults of the BANK OF MONTREAL. You can rent a *Safety Deposit Box* for less than the cost of your daily paper! So ask about this service at your nearest B of M branch to-morrow. You'll find B of M safekeeping can be the corner-stone of your holiday peace of mind!

**On The Beach**... that's what these swim suits are for! Swim-in-the-sun in beautiful, comfortable, well-designed suits designed with a flare by Canada's favourite designers. In a range of utterly luscious colours, they're longer-wearability in salt or fresh water. Nylon swim suits hold their shape wonderfully, dry quick as a wink. They're mildew and moth-proof. That's what makes nylon a favourite choice of bathing beauties in Canada. When you buy yours, remember to look for that tag... "Made of C-I-L Nylon Yarns!"

**Though He Is**... baby seems almost too big for the kitchen come mealtime! Haven't you often thought so? If his food doesn't please, he can raise quite a rumpus until when it's Heinz Baby Food in the kitchen is full to overflowing with baby-cher! Yes, he eats it... Baby Food! It's cookery-ready, baby-friendly, easy-to-digest, vitamin-rich and helps your baby's growth. And he'll like Junior Foods when he's a toddler... scrumptious "fast-food" and chopped vegetables in complete Vegetable Beef! So ask your grocer to show you HEINZ BABY AND JUNIOR FOODS in those convenient 5-ounce tins!

**Can Be Used** in the bath—sprinkle with Sapho 5% DDT spray for flies, moths and leaves clothes and furniture. Washed away in a jiffy, effective—it's neat—it's so easy to use! Ask for it with the hand-sprayer... and ask for the most effective Sapho 10% DDT Dust—available across Canada at drug and department stores.

### BATTERY WINS

(Continued from Page 4)

punch. Murray and Ralph Smith got some centres across but Morgan was rarely in serious trouble.

Teams:  
Battery—Morgan, James, F. Gomez, A. Gomez, Ferguson, D. Gomez, Holkestad, Parkhouse, Pavlikis, Ward, W. Gomez, Veitch.

Canadian Legion—Brodie, Nelson, Dawes, McCrimmon, Eby, Greer, Glen Smith, Ralph Smith, Christison, Yelland, Dave Murray.

Goal scorers—Pavlikis, Parkhouse, Nelson (against own team).

Referee, Sid Woodside; linesmen, Bob Murray, Jock McCreish.

Canadian Legion	1	2	3

For Against Pt  
120th Battery 10 6 7  
High School 12 10 7  
Canadian Legion 7 13 4

Friday evening's game brings the Legion and the High School together. With the Battery and the High School tied for the league leadership, although the gunners have the better goal average, the High School will be out to win and to get revenge against the veterans who beat them in their last encounter.

### DEATH KNELL

(Continued from Page 4)

mutual handle each day that it becomes increasingly evident the fans have no desire to try and defeat a 21 per cent slash in every dollar they wage."

McConnell says that when the Dominion Government vacated the tax field, track operators believed that the five per cent would go back to the fans.

"But," he says, "the people—the ordinary Joes—were due for a rude shock. The provincial government just added the five to seven per cent they already had and thus grabbed 12 per cent of the daily take."

McConnell contends that the provincial tax and the track's nine-per-cent slice is killing racing.

"The government has been urged to give five per cent back to the fans, but so far no indication has been given that they will do so."

### NEW LOW RECORD

Last week the track set a new record in reverse as only \$56,000 went through the mutuels. It was the lowest handle recorded at the track.

Meanwhile Alf (Vancouver Sun) Cottrell bemoans the fate of the B. C. Turf Club who reigns at the track.

"It's like a morgue compared to Calgary and Winnipeg meets. At this rate they will need a barrel of money behind them to keep going."

Cottrell says that visitors from other parts of Canada are amazed at the lack of attendance at the track. He quotes one as saying that the fans bet as much on one big race in Winnipeg as they do in an entire day here.

McConnell winds up: "When \$150,000 is wagered during a day at the races, the actual money amounts to a total of about \$60,000. "It is played" through the machines over and over again with 21 per cent coming out each time, it is easy to see how the fans wind up broke."

The government, of course, contributes nothing—it merely takes—and racing and the fans suffer accordingly."

### A LIGHT FOR THE LADY'S CIGAR

A member of the Swedish cabinet, the Hon. Karen Koch, causes a flurry among the guests at a dinner held in New York City as she accepts a light for her cigar from Acting Mayor Vincent Impellitteri. The occasion was a party held to officially bring to a close the Swedish pioneer centennial celebration held in the United States.

### OLD TIMERS' SOCCER TEAM

Further steps have been taken in connection with a football game between the old-timers and representatives of the present league players. At present the veterans think they could take the Canadian Legion in their first "come-back."

According to the Old-Timers' Brain Trust the following will be the pool from which their team will be selected: Marchant (goal); Alex Haig, Bob McKay, backs; Andy Ronalds, Sam Currie, Neil Ross, Angus MacDonald, half-backs; Jack Wilson, Bob Murray, Sonny Dickens, Pat Forman Charlie Baplle, Hank Dickens, Jock McCreish, Jim Norrington, forwards.

The Board of Strategy hopes for "defence in depth" (they figure they have enough now "around the middle") and are inviting more volunteers so that they can throw in spares when they are needed and that might be fairly often.

A few of the old-timers were practising... not too strenuously... last night, and they are planning on getting into really first-class trim in the next couple of weeks. They have a fair amount of weight—some of it in the wrong place—and they are hoping to have "free air"

- July 27—Merchants vs. Moose
- July 29—Savoy vs. Moose
- Aug. 1—Savoy vs. Merchants

### SUMMER TIME'S TEA TIME...

### MAKE IT RIGHT...

Now that summer's here tea, hot or iced, is the drink most people are turning to. But although the formula for good tea is as old as the hills and as simple as A.B.C., many people still do not know how to make a tasty brew. If you follow these instructions carefully you should have no further difficulty: preheat the teapot, measure one teaspoonful of tea to each teacupful of water (which must be fresh and really boiling), add one teaspoonful of tea for the pot, steep five minutes, and presto, you're ready for the refreshing sip. To keep the teapot warm, grandma used a tea cozy. It's still a good idea.

### SERVE IT ICED...

With the thermometer in the 80's and 90's, there's nothing quite like a long tinkling glass of iced tea. To offset dilution caused by melting ice, you should make the brew double strength, being sure of course to use boiling water and steep for five minutes. Fill tall glasses with cubed or crushed ice and pour in freshly steeped tea. Use a strainer when pouring. Add fine granulated sugar to taste before pouring the tea, or sugar syrup afterwards. Garnish with thin slice of lemon, add a sprig of mint if you like, and there it is, an iced drink to delight the palate.
