## We Do Progress

SOMETIMES we are inclined to complain that developments of our area is slow and various suggestions are made that we think might speed the advancement of the country. But, if we reflect, we can come to the conclusion that much has been accomplished. We who have been resident here during the years do not sometimes realize it but to former residents returning the development is more apparent and they quickly perceive that we have not been standing still. Living in its midst we do not always see the picture in its true perspective. Of course, it is not a part of human nature to be always content. It is the discontent that keeps us striving for better things and spurs us on to progress.

## WRITING OUR HISTORY

IT IS NOT too late even yet to record the early history of this part of country but time is passing and it should be done before long. More and more of the pioneers are leaving or passing to their last rewards.

The suggestion that our history should be recorded is no new one but to get someone to do it seems to be the difficulty. There are always, it seems, so many other things to do.

Possibly the example of a community in the Peace River country may be of interest. In this community a group of old timers recently met with a view to organizing for the publication of a permanent record of activities from the earliest days.

There should be some pioneers here who have the time and are in a position to take such a matter as this in hand.

## Place First Woman In Top Health Spot

WASHINGTON — Lucile Petry has been appointed an assistant surgeon-general of the United States public health service. She is the first woman to

hold such a post. Mrs. Petry has headed the division of nursing since 1946. Before entering the public health service, she was assistant director of the University of Minnesota school of nursing and instructor at the Johns Hopkins and Yale schools of nursing.

## Ray Reflects . . . . . . and Reminisces

People are told that quite a proportion of tourists journeying to Alaska are from the southern States. Visitors off the S.S. Prince George, Tuesday evening chanced to be listening to the Shrine Band program, which included "Dixie." And one could well believe it.

Tourists are critical of the north and, at the same time, do not forget praise when and where it is deserved. Where candid opinion is helpful, it's friendly to fire a few remarks.

A former president of the Vancouver Tourist Bureau says what this province needs is a song—something with spirit in it—something like "My Old British Columbia Home." In the first place, Mr. Vancouver, your song is one word too long. The name sounds so very unwieldy. And in the second, the most of us cannot find building material, let alone the cost. One must come down to earth. Anyhow, B. C. has no Stephen Foster, few colored folk, and who wants to live in a log cabin even if the sun does shine bright every day.

Moving from the Maritimes to try one's luck on the Montreal papers meant a modest wage increase, associations worth cultivating, hard work, and now and then a hard look from a copy-reader who objected to wrong spelling. Montreal—a great old town—has age, tradition, more than a million people, the best of shows, a streak of humor, cold winters and hot summers and undoubtedly a fascination.

The Herald, more than a century old even a generation ago, stood on Victoria Square looking across toward Craig Street, Beaver Hall Hill and St. Catherine Street—then the retail shopping hub of the Canadian metropolis. The Herald's neighbor on St. James Street was The Star, with a crowd-out front eagerly devouring the latest bulletin in sensation sized letters—clear for all to read. Handy to the Star office stood The Witness, then in decline. The difficulty appeared to be too great an inclination to reform people and individuals.

Montreal was not having any reformation, feeling it had not yet become essential. A respected member of the Witness staff as dignified as a carefully trimmed white beard, Prince Albert coat and silk hat could make him, roused the surprise of my life, one frosty morning. Introductions being in order, I learned he was a veteran newspaperman, and it was up to me to confess I had, all along, taken him for a judge. How the gang laughed. And none heartier than the old gentleman, no less. It was John Dougall himself.

## ACTIVITIES OF FUN CLUB

The Fun Club visited the grain elevator on the waterfront Tuesday and was greatly impressed with the immensity of the building. A tour of inspection with explanations proved most interesting. After the indoor session, the lute of the sea called the club members to "Lazy Lagoon," a small pool of salt water down by the railway tracks. It was one of the most exciting trips so far and promises to lure the club back again for even more adventure on the briny.

The weather was not as favorable as hoped for on Wednesday but the Fun Club went for a boat trip and picnic to Salt Lakes after being shown through the Co-op Bakery as well as the Northland Dairy.

## SHOWER FOR BRIDE-ELECT

A pleasant evening was spent at the home of Mrs. E. H. Hicks, Fraser Street last Friday, when a shower was given in honor of Miss Annie Pavich who is shortly to become the bride of Vincent J. Cukrov of San Francisco. The home was decorated with white and pink gladioli. Miss Pavich was presented with a corsage by Miss Dishka Penoff. Miss Mary Adcock, who is to be Miss Pavich's bridesmaid, carried in a decorated container of beautiful gifts. Refreshments were served by Mrs. Penoff and Mrs. Hicks.

Those attending included Mrs. V. Cukrov of San Francisco, mother of the groom, Mrs. Desanovitch of Prince George, aunt of the bride-elect, Mrs. G. Pavich, Mrs. Swaffield, Mrs. G. Christy, Miss Mary Adcock, Miss Deshka Penoff, Mrs. J. Gurvich, Mrs. G. Penoff.

A coat of paint ordinarily is from one to three thousandths of an inch thick.

ENJOYED SCOUT CAMP

Editor, Daily News:  
Being a King Scout in Denmark some 25 years ago, it was indeed a pleasure to me when I was kindly invited to attend a Cub camp by Cub-Master J. Haaland and Rev. P. Mallett of the First Terrace Troop in July this year.

Terrace, located at the mighty Skeena River some 95 miles east of Prince Rupert, is a thriving community laid out in a beautiful mountain setting, and the surrounding country abounds in wild life and game.

The Terrace Boy Scouts enjoy what is thought to be a unique position in that they own outright their own campsite and buildings, thanks to generous donations by Hon. E. T. Kenney and many other public-minded people. The camp is located 12 miles from Terrace and an excellent road leads to within 10 minutes walk of the site on beautiful Lake Lakelse. Lovely sandy beaches abound, hot springs are located within a ¼ mile of the beach and boating, swimming and trout fishing give wonderful recreation for the boys, after the more serious side of Cub-life, such as Nature Study, First Aid, Camp work, etc., is over. The camp itself, right on the beach, is built on an old beaver dam which gives the boys a splendid opportunity of studying the building habits of Canada's national animal. Black Bear, Rabbit, Moose, Fox and other wild life are frequently seen on roads leading to the camp, and their tracks are the objects of

keen study by the 'path-finders.' The leaders of the camp have decided to preserve parts of the old beaver dams for a museum site. A complete beaver skeleton discovered by the boys during my stay, will become an item of interest for this museum where the boys are enthusiastic collectors.

A beautiful setting among the mountains, right in the wilderness within a few miles of town, this location is unequalled as a Scout Camp.

The Terrace Scout Group was represented by three first class Scouts, Aaron Haaland, Francis Gavin and Roy Clifford in the recent Jamboree at Ottawa.

May I through this letter thank Akela Haaland, his assistant Reverend Mallett and their boys for their hospitality.

Mrs. R. Heeks and son, James, of Edmonton are leaving tonight on the Prince Rupert for Vancouver after having been the guests here of Mr. and Mrs. W. D. McArar.

Passengers sailing for Vancouver on the Princess Norah Wednesday evening included Mrs. A. Olson, A. E. Day and How Guey.

Guests at yesterday's luncheon of the Prince Rupert Gyo Club, which was featured by a showing of the Government Travel Bureau's picture "Highway Sixteen," were J. T. Harvey of Prince Rupert and Norman Moore of Vancouver.

**Stirring Address Sets Girls Moving**

HIGH WYCOMBE, Buckinghamshire, England—Principal Janet Vaughan told the girls of swank Wycombe Abbey school assembled for Speech Day: "The world is full of exciting and interesting people and things. It is up to us to go out and find our own opportunities." Wendy Lawton and Cherry Stone, both 13, took Dr. Vaughan's remarks to heart. They ran away. Next day a policeman found them in a bus station at Aylesbury, 16 miles away. They had slept the night in a haystack. Back they went to Wycombe Abbey to face the music.

Mr. and Mrs. Thomas Peddie arrived in the city on the Prince Rupert yesterday for a two weeks' visit here with their son-in-law and daughter, Mr. and Mrs. W. H. Wilson-Murray, Waldron Apartments. Twenty years ago Mr. Peddie was principal of Booth Memorial High School here. Since then he has been long identified with Vancouver Technical School.

Mr. and Mrs. Joseph Brindley of Victoria were visitors in the city yesterday having motored north. Mr. Brindley is assistant manager of the Community Chest at Victoria and Mrs. Brindley is director of the Esquimalt Community Centre. While here they paid a visit to the local Civic Centre with which they were much impressed.

A London bank has installed television equipment to enable its central office to check records stored 25 miles away.

## Local Scouts Due Friday

Exchange of Ocean Waters To Be Performed Immediately On Return

Four Boy Scouts from Prince Rupert and three from Terrace will be back in the city on to-

morrow afternoon's plane from Vancouver after attending the All-Canadian Scout Jamboree in Ottawa and their first act on alighting from the aircraft at Seal Cove will be to pour into the ocean at that point a bottle of Atlantic Ocean water. A similar flagon of Pacific water was exchanged with a Scout delegation from Ottawa as one of the ceremonies on the closing night of the great jamboree at

Connaught Range in Ottawa at the end of last week. This water was to be poured into the Atlantic by the Newfoundland boys on their return home, the two ceremonies to be symbolic of Canadian unity from east to western shores.

The ceremony at Seal Cove will be witnessed by local Boy Scout Association officials, parents of the boys, friends and citizens generally who will gather for the occasion. Some of the parents from Terrace will also be here, it is expected.

The local Scout delegation to Ottawa consisted of Magnus Eyolfson, Hans Schmidt, Roy Webber and Ross Ingram while the Terrace boys were Roy Clifford, Francis Gavin and Arne Haaland.

The local Scout party traveled between here and Vancouver both ways by plane and went east by rail with a large group of boys from all parts of the province who were in charge of Lt.-Col. Keith Dixon, former district Scout Commissioner here, who is now located in Victoria.

The boys bivouacked in tents on Connaught Range for ten days and the experience of camp life was a memorable one for all. Weather was warm and pleasant.

### Good Ball In Junior Opener

In Spite of Inexperience—Braves Take Cardinals

Some of Prince Rupert's future baseball stars appeared on the Roosevelt Park diamond last night in the re-vamped Junior league opener. The Braves won 7 to 3 over the Cardinals in a game that was fairly well played despite the inexperience of many of the players.

Both Kristmanson and Wesch on the mound recorded impressive strike-out scores. The catchers too, handled their positions capably. It would appear that the batteries on both teams are ahead of the other positions in experience and it will require some practice and coaching to round the teams into well balanced units.

The teams meet again on Sunday.

Summary—Two-base hits, Kristmanson 2, Young; stolen bases, Young, B. Sedgewick.

Pierce, Letourneau, McDonald, Morrison; struck out by Kristmanson 15, Wesch 18; bases on balls of Kristmanson 5, Wesch 1; runs batted in, Young 2, Morrison 2, Wesch, Erickson.

### PLAY BALL

Tonight's baseball league game is a critical one for the Commercials. By winning it, they could tie the league-leading Savoy for first place. However, they will not find the Merchants in a co-operative mood. They have won two of their latest three starts and are not so far behind that first place is out of sight. Johnny Odowes will have a full slate of pitchers to choose from while Ed Davis used both his first string hurlers in Tuesday's game, and they might not be ready to start.

**NO TEDIOUS LONG-BOILING One Minute only for both Jams and Jellies**

To get 50% MORE Jam or Jelly from your fruit use either **CERTO** or **"CERTO" Crystals**

Quick and Easy...Results are SURE

There's no guesswork in making jam or jelly with Certo Fruit Pectin or "Certo" Crystals. It takes no more time than to make a simple dessert. You get better set, better appearance, better taste... and about 50% more jam or jelly from the same amount of fruit!

Please yourself which you use. Certo and "Certo" Crystals are both nothing but fruit pectin... the natural substance in fruit that makes jams "jam" and jellies "jell"... extracted and concentrated for quicker, easier, better jam and jelly-making. The word "Certo" is a trade mark.

When you use Certo or "Certo" Crystals your jams and jellies need only a ONE-MINUTE full, rolling boil. This short boil does more than save you time and work.

Since so little juice has time to boil away, you get an average yield of 10 glasses where old, long-boil would only yield about 6.

And the lovely taste and colour of fresh fruit stay in your jams and jellies because the boil is too short to spoil the one or dull the other.

**SURE RESULTS EVERY TIME**

If you follow EXACTLY the recipe that comes under the label of every bottle of Certo or in every package of "Certo" crystals, you'll have no failures. You'll get lovely, sparkling jams and jellies every time. Different fruits need different handling, so there's a separate, easy-to-follow kitchen-tested recipe for each fruit.

**Francois Lake**

FRANCOIS LAKE—The July meeting of the Women's Institute was held at the home of Mrs. P. Peebles. The meeting opened with the singing of a chorus, followed by the creed, and the reading of "Jerusalem," the English W.I. hymn, by Mrs. Peebles.

After the business part of the meeting, there was a brief social period consisting of humorous readings by Hilary Routley and a contest of "old song" quotations. A raffle of a vanity plastic tray was won by Mrs. Routley. There was the usual collection of coppers, food and clothing.

The first W. I. Memorial Scholarship is to be awarded this year but it was decided not to send in any candidate's name.

Plans were made for an afternoon tea and sale of work and baking to be held at Francois Lake Hall on Thursday afternoon. Tea was served by the hostess. The August meeting will be at Mrs. Cassidy's home at Colleymount on August 4.

**STEWART MEN ALL AT WORK**

STEWART—There have been so many rumors about the reopening of the Silbak-Premier that they had been discounted by the residents of this district. However, following the receipt of a wire from Union headquarters in Vancouver, the local members of the Union held a meeting here and voted that they are willing to go back to work and without the retro-active pay which was the cause of all the trouble in the first place.

Since then D. L. Pitt has been in communication with the management here and has announced that arrangements have been effected between the Silbak Premier Company and the Union satisfactory to both parties.

J. C. McCutcheon, superintendent has since been busy picking up all the local help he can go to ahead with the rehabilitation of the property. It is anticipated that the mine will be in full blast in a few months. The operation of this mine is the lifeblood of Stewart and the news was received with satisfaction.

**BUILDING ROAD TO STEWART MINE**

STEWART—B. T. O'Grady of the Provincial Department of Mines has arrived here to be resident engineer of the construction of the 7½-mile road from Big Missouri Mine to Summit Lake. The work is to be under the direction of the Morris Summit Mines and the cost is to be shared equally between the provincial government, the Dominion government and the Morris Summit Mines. The total cost is estimated at \$210,000.

During his stay here, Mr. O'Grady will check on mining roads and trails requirements for the Department of Mines. Construction of a 100-ton milling plant at the Salmon Gold Mines is expected to be completed in 1950, according to E. M. Thompson president of the company. Mr. Thompson made the announcement in Vancouver.

Besides construction of the road to the mine site, work this year will include preparation of the mine for production. It is hoped to have the mine producing by the end of 1950.

Erection of a 100-ton cyanide mill, designed so that increase in tonnage could easily be made is being recommended. The tonnage of ore in one block that has been diamond drilled is stated to represent enough material to feed a 100-ton mill for three years.

**BOYS' CAMP AT STEWART**

STEWART—The annual boys' camp under the auspices of the Parent Teachers' Association was held last week. Constable Nelson, in charge of the party, took the boys to the Marmot River where they camped in the old buildings of the Porter Idaho and Prosperity Mining Companies. They left here on Wednesday of last week and returned to town on Sunday. During their stay they visited various points of interest on the Portland Canal including Georgia River and Glacier Bay. They had the thrill of their lives when they saw a whale about one mile below Marmot River. The boys acquired a glorious tan and said that they certainly had a big time.

**STILL THINKS BIG MISS GOOD MINE**

STEWART—Harry Townsend, field engineer of the Anaconda Copper Company, arrived in town via Ketchikan and Hyder. Mr. Townsend renewed old acquaintances while in town awaiting a plane to take him to Maple Bay, where he will examine some properties for his company. He was in charge of operations at the Big Missouri Mine when Captain McVichie was managing director of the company. He also examined the United Empire ground for the late A. B. Trittes. Mr. Townsend still looks on

**SMITHERS MARRIAGE**

Miss Helen Oulton Becomes Bride of Don Bruhjel at Pretty Ceremony

SMITHERS—At a very pretty wedding held in the United Church Friday evening last, Helen Margaret Oulton, daughter of Ray and the late Mrs. Oulton of Smithers, became the bride of Donald Ernest Bruhjel, son of Mr. and Mrs. Ernest Bruhjel of Youngstown, Alta.

The bride wore a gorgeous floor-length conventional gown. She was attended by her sister, Irene Oulton in floor-length yellow taffeta dress with lace gloves and floral muff, and Anita Fulsabake, a Smithers friend, in a matching turquoise blue outfit. The bride's two small sisters, Gwen and Betty, acted as trainbearers.

A reception and dance at Glentanna followed the ceremony. The couple will make their home in Smithers.

**SMITHERS MARRIAGE**

### NEAL CARTER WELL PLEASED

Dr. Neal Carter, formerly of Prince Rupert, speaking of the new type of railway refrigeration car, expressed himself as

highly pleased with its result, to date. This car, developed by the Fisheries Research Board of the Department of Fisheries, is described as the greatest advance ever made in railway refrigeration. The car's first trip started from Prince Rupert

July 7, taking halibut to Montreal. A day or so ago, on a return journey it arrived in Vancouver with 35,000 pounds of haddock, scallops and cod filets from Halifax. Remarkable Mr. Carter: "Both trips were very successful, and we believe both Canadian railways will soon adopt the car."

# Lady, be smart!

SERVE YOUR FAMILY THE  
HOT MEAL THEY NEED  
WITHOUT SPENDING LONG  
HOURS IN THE KITCHEN

Even in Summer, youngsters need at least one hot meal a day. But that doesn't mean that you must spend your summer indoors preparing it — not when you can reach for a tin of Libby's Cooked Spaghetti. Just heat and it's ready to serve in less than ten minutes. Ready to tempt family appetites, too!

Libby's use nothing but finest Canadian durum wheat. They prepare it so the strands of spaghetti are tender and creamy, then smother them in a savoury tomato sauce that's rich with cheese and lively with spices. No wonder youngsters love it!

When it's too hot to cook — when you're in a hurry — Libby's Cooked Spaghetti solves your meal problem. And, almost the best part of all, Libby's is economical, too — costs less than 5c a generous serving.

Just try it! Libby's Cooked Spaghetti is so delicious that Libby's don't hesitate to make this amazing offer — **DOUBLE YOUR MONEY BACK** if you and your family don't agree that Libby's is the most delicious Cooked Spaghetti you have ever tasted. Ask for it at your grocer's. Libby's Cooked Spaghetti.
