

Trygve Lie Meets Joseph Stalin

Climax Of "Save United Nations" Mission; Press Statement Is Promised

MOSCOW (CP) — Prime Minister Stalin and United Nations Secretary-General Trygve Lie talked for 90 minutes at the Kremlin last night. The conference climaxed a "save United Nations" mission which had brought Lie half way around the world to see the Russian leader.

Port Simpson Boy Drowned

A seven year old native boy was found drowned this morning in foot of water underneath a dock at Sunnyside Cannery, about 14 miles east of Prince Rupert up the Skeena River.

Little Change In Borough Voting

LONDON — Labor yesterday claimed an over-all net gain of 85 seats in last week's country-wide local government contests, most results of which have been reported. But Conservatives said in the contests in 378 provincial boroughs they had 317 gains including a net gain of 97 seats from Labor.

Port Simpson Search

Peter Wesley, son of Mr. and Mrs. Alfred Wesley was last seen by his father at noon yesterday at about 9 p.m. The family became slightly worried and commenced searching for the lad. They notified the B.C. Police at Port Edward and a search was conducted without success until about 3 a.m. this morning.

The family arrived from Port Simpson recently and commenced employment with the company. Mr. Wesley is an old time employee of the cannery firm.

The young boy is survived by many brothers and sisters. Funeral arrangements are being conducted by Mr. Wesley and it is expected the boy will be buried at Port Simpson.

Lester Franklin, Port Edward, and Robert Franklin of the postal staff left by Monday night's train for a three week's holiday trip to Saskatoon.

Vancouver Trade Board Wednesday

Prominent Business Men On Goodwill Trip

Canadian National Steamships popular new 5800-ton ss. Prince George, having just undergone annual inspection and overhaul, will be here tomorrow morning. On this particular voyage the ship will carry members of the Vancouver Board of Trade, on a goodwill tour to Prince Rupert,

RAILWAY STRIKE

CHICAGO — The strike by railroad firemen against four major rail systems threatened sharp cuts in many segments of industry in the United States. Prospects of an early settlement appeared dim. The walkout, which started last week, involves only 18,000 firemen. But as many as 200,000 other rail workers may be idle. Countless other thousands are expected to be made idle by a long strike. Canadian rail workers are not affected by the walkout.

HALIBUT FISHING THIS YEAR FASTER

The Pacific Coast halibut quota for the 1950 season is being exhausted at a slightly greater rate than last year. Up to May 15 a total of 9,400,000 pounds had been taken from Area No. 2 as compared with 9,100,000 pounds last year while the take from Area No. 3 was 1,100,000 pounds compared with 1,019,000 pounds.

Last year the Area No. 2 season closed midnight June 2.

PRINCE RUPERT'S HELP ASKED

Campaign For Manitoba Flood Relief Opening

A campaign is to be conducted in Prince Rupert for the relief and assistance of Manitoba flood sufferers. City council is taking the lead and has set up a committee consisting of Ald. T. B. Black, Ald. G. B. Casey, Ald. Douglas Frizzell, Ald. H. F. Glassey and Mayor Rudderham. First move of the committee will be to call a meeting of organizations on Thursday afternoon to perfect plans for the campaign.

Meantime the Daily News has been requested along with other daily newspapers in Canada to assist in securing relief for the sufferers in this disaster of major magnitude by commencing at once with the solicitation and acceptance of contributions. The contributions will be forwarded to the honorary treasurer of the Manitoba Relief Fund in Winnipeg who will mail official receipts to the contributors. The contributions will be deductible from income tax, it is announced. Meantime, it is announced that any chartered bank in Canada will also receive donations to the disaster fund.

Soviet Installations One Mile From Alaska

Civilians Being Evacuated From Big Diomedes— Could Cut Off Americans In Bering Sea

While the United States is abandoning some of its defence bases in Alaska on the grounds of economy, there are indications that the Soviet Republic is extending its sphere of military installations facing the northern American outpost. According to reports brought here by Alaskan passerby, the Russian authorities have been evacuating civilians from the Big Diomedes Island in Bering Sea. This move is taken as a prelude to the arming of the island which, only one mile away from Little Diomedes Island (American owned), is the nearest Russian point to United States territory.

Removal of civilians from Big Diomedes is in line with reported recent exclusion of American Eskimos from Little Diomedes and elsewhere in that area who have been traditionally accustomed to paying friendly visits for trading and other purposes. Incidents have been reported lately of where Eskimos from the American side have been detained by the Russians and closely questioned about installations.

Arming of Big Diomedes is seen as a possible serious menace to the United States line into the Arctic and northern Alaska including the oil reserves in the Barrow region where even now drilling is proceeding. Also in that area the United States has a geophysical laboratory for weather research and study of the cosmic ray.

While the Russians appear to be moving their installations closer and closer to Alaska, the United States itself has been abandoning air bases at Nome and Shemya, at the far end of the Aleutian Islands, according to word brought here from the north. Ladd Field at Fairbanks, Eielson Field, 26 miles from Fairbanks, and Elmendorf Field, at Anchorage, now remain as the principal long range air fields in western and northern Alaska.

Winnipeg Refugees

People Reaching Prince Rupert From Flood-Stricken Prairie Metropolis

From 50,000 to 60,000 refugees a day are either coming into or leaving Winnipeg, according to Mrs. William Michalczuk, whose husband is employed with the Canadian National Railways traffic department in Winnipeg. Mrs. Michalczuk arrived here Saturday night to visit her mother, Mrs. John Dybhavn.

On the train also were Mrs. Rogan, who came to visit her daughter, Mrs. R. Boychuk, 6th Avenue West, and Mrs. Anna Young, who came to visit a daughter here. None had been flooded out but there was water in their basements, which had backed up the sewers. Another family also came here, they had been forced to leave their home.

Mrs. Michalczuk says their Fort Rouge home has water in the basement and that considerably higher water would be necessary to flood their yard. Bad sections of Greater Winnipeg are St. Vital, East Kildonan, and St. Boniface east of the Seine. The Parliament building is still on dry ground.

All trains leaving the city are crowded, Mrs. Michalczuk says, and extra coaches are carried. All bridges to St. Boniface are out except for the railway bridge. All goods had to be transported that way from Winnipeg. The Osborne Street bridge from Fort Rouge to the centre of town was under water but still in use.

Rescuers Lose By 5 Minutes

NEW YORK — Well digger Dominick Atteo died in agony just after five rescuers freed him from the bottom of a 20 foot shaft, where he was trapped for more than 26 hours. Half blinded, the 49 year old father of six children had fought off pain and exhaustion until the last in what doctors described as a superhuman effort of will and courage. Workmen tunnelling under a Brooklyn garage reached Atteo's side at 11:10 a.m., Pacific daylight time, and reported an hour later he was almost clear.

But the tortured man failed to hold out. Atteo was buried to the arm pits and had one leg held by anoulder. A lighted cigarette lowered to him had caused an explosion that burned him on the exposed face.

Pioneer Of North Dies

Col. J. M. Macmillan Early Industrialist, Passes Away

Lt. Col. J. M. Macmillan of Vancouver died Friday at the Shaughnessy Military Hospital in Vancouver. He was the father of Ewen Macmillan, manager of Cassiar Cannery. Born in Lochranza, Arran, Scotland, Lt. Col. Macmillan was a pioneer of Northern British Columbia, having commenced mild curing spring salmon on the Skeena River at Port Essington in 1898. Lt. Col. Macmillan was prominently connected with the early history of the fishing and whaling industry on the B. C. coast. He took up large timber holdings on the Queen Charlotte Islands and negotiated land developments in the northern interior. He was a director of the Cassiar Packing Company Limited at the time of his death.

Well known in military circles, Lt. Col. Macmillan served in the Boer War and went overseas with the First Canadian Expeditionary Force in the First World War. He commanded the Seventh Battalion for some years after the cessation of hostilities. Surviving are his wife, a daughter Isabel of Vancouver, and a son Ewen, managing director of the Cassiar Packing Company Limited with plants on the Skeena River.

Well Known Pilot Lost

NANAIMO — Capt. Albert Georgeson of the Dominion Pilotage authority was reported missing, believed drowned, yesterday after he slipped from a life raft in Tahsis Canal on the west coast of Vancouver Island. Capt. Georgeson and two others took to the raft after a water taxi hit a log and was wrecked.

Capt. Albert Georgeson was well known in Prince Rupert and for many years was master of the coastal freighter Salvor, now the Island Prince.

HOSPITALS INUNDATED—A sea of muddy water poured over the Riverview section of Winnipeg during last week-end when the Red River gushed over dikes near the three municipal hospitals (large buildings at top). Some 140 patients were evacuated and more than 100 families fled the area. (C. P. Photo)

Season's First Halibut Train Leaves Pr. Rupert

Half Million Pounds Of Fish Landed At Exchange Today

The first special fresh fish train of the season left Prince Rupert last night with twelve cars. Total car loadings since the season opened to last night were 34.

Today another half million pound session was chalked up at the local fish exchange as 538,000 pounds of halibut passed through. Of the total, 353,000 pounds were brought in by American boats and the remainder by Canadians. The Prince Rupert Fisherman's Co-operative took 92,000 pounds with the rest going to fish companies.

Table with columns for American, Canadian, and Co-op fish sales, listing quantities and prices for various items like Christine, Sanak, Commando, Martindale, Columbia, Little Dipper, Fredelia, Kaen, Bargain, etc.

Fate Hangs On 14 Foot Dike

Winnipeg Looks Anxiously At Bloating Red River

WINNIPEG — The eyes of two flood weary, crippled cities focussed today on a fourteen foot dyke and the homes it protects from the bloated Red River. For three weeks the river, higher than at any time since 1832, has eaten at the huge earthen and sandbag barrier which skirts St. Boniface and its Norwood suburb opposite the Winnipeg business district. Other whole suburbs in the metropolitan area are inundated by the Red.

The Winnipeg business section is threatened. Even most of St. Boniface is evacuated. But Lyndale dike still held. Today it was described as the main "crisis" point.

Hot Plate Is Cause of Blaze

A hot plate, situated in a bathroom at the home of J. B. Gay, 1144 Hays Cove Avenue, started a small blaze at about 8:45 p.m. Sunday and caused some damage to the wall, curtains and linoleum of the bathroom, it was reported by the Fire Department this morning.

Flash

WESTVIEW HIT AGAIN

POWELL RIVER—The third major fire this year broke out in Westview, three miles south of Westview, completely destroying a \$50,000 business block. No one was injured. The Fiesta Cafe and the British-American service station were among the businesses destroyed. Five cars were burned. Firemen blamed lack of adequate water pressure for failure to stem the blaze.

ABOARD THE TRUMAN TRAIN

— President Truman put opponents of his "fair deal" program on notice today that he will fight to drive "obstructionists" out of Congress in the country wide November elections.

PASSENGERS SAVED

OSLO, Norway — A Norwegian Airlines flying boat crashed while taking off last night, sinking six minutes after it hit the water. All 33 persons were saved, but some passengers received minor injuries.

FRASER RIVER RISES

NEW WESTMINSTER—The Fraser River has risen six feet at Mission to reach the 13-foot mark. The danger point is 20 feet. Frosty nights in the interior are holding down the run-off.

BASE AT SPOKANE

SPOKANE—A B36 base is to be established here. The huge bombers, with sub-bases in Alaska, will have a radius which could take them to Siberia.

Tides

Table showing tide times for Wednesday, May 17, 1950. High tide at 1:08 and 14:00, low tide at 7:45 and 19:35.

THE WEATHER

Forecast: Cloudy today and Wednesday. A few showers today. Occasional sunny intervals tomorrow afternoon. Continuing cool. Winds westerly (30) decreasing to westerly (15) by tonight. Lows tonight and highs tomorrow at Port Hardy and Sandspit, 40 and 52; Prince Rupert, 37 and 52.

Conservatives Win Two Seats

TORONTO — Progressive Conservatives won two Federal by-elections yesterday, retaining Toronto-Broadview and winning Hamilton West from the Liberals. Mrs. Ellen Fairclough, Hamilton controller and accountant, became the only woman member of the present Parliament. George Hees won the Toronto seat.

Rail Strike In U.S. Ends

CHICAGO — The worst railroad strike in the United States in forty years was settled today and striking firemen on five major systems were ordered back to their jobs immediately. The affected carriers—their passenger and freight service disrupted by the six day walk out—planned to resume normal service "as rapidly as possible."

The striking Brotherhood of Locomotive Firemen and Engineers recalled picket lines and ordered the strikers to return to work.

Both sides expressed their satisfaction over settlement terms. The carriers said they won the fight on the principal issue, not to hire second firemen on multiple-unit diesel locomotives.

An independent daily newspaper devoted to the upbuilding of Prince Rupert and northern and central British Columbia... Published every afternoon except Sunday by Prince Rupert Daily News Ltd., 3rd Avenue, Prince Rupert, British Columbia.

Help For Manitoba

THE Manitoba floods comprise a terrible disaster, the full impact of which can hardly be grasped at this considerable distance, notwithstanding the impressive news reports and the graphic pictures which have been published.

Prince Rupert people may be counted upon to fully sympathize with the victims of the Manitoba high water tragedy and will be ready to subscribe their assistance.

It is fitting that the city itself should take the lead in organizing a relief campaign here. As the city council made its move yesterday afternoon, the Daily News was replying in the affirmative to an appeal from the Manitoba Flood Relief Fund to open a subscription list through the columns of our paper.

The campaign in Prince Rupert, as from this day is under way and we would urge the generous people of the city to rise to this good cause just as they did to the Fraser River flood relief fund in 1948.

WHY NOT WHIP THEM?

LARGE numbers of Doukhobors have already been sentenced to prison following the recent outbreaks of incendiarism and nudism by the Sons of Freedom in the West Kootenay colonies. The jails are already full of them and more will have to be incarcerated.

Hope had been expressed that some means of deportation might rid the province of these incorrigible people who have lost all public sympathy. But where to send them is the question. It is hard to imagine any country that would welcome them—not even their native Russia where, of course, their goings-on would be given short shrift, even if "liquidation" were the recourse.

Harsher punishment than jailing is evidently required. Maybe some sort of corporal punishment may be the answer. We have been patient long enough. If an ordinary thug blew up a railway bridge, he would not get off with a mere two or three years' imprisonment.

PRINCE RUPERT Blue 210 STEWART, B. C.

Ray Reflects... and Reminisces

Many Canadians now receiving old-age pensions would not qualify for pensions in the United States, says the deputy minister of welfare, Dr. George Davidson. There are two systems in the States—ranging from \$13 to a high of about \$30, payments beginning at 65 years.

When one invents something important enough today to cause a stir, its purpose, mainly, is to destroy or cause distress. The men who killed pain, discovered electricity, gave light and power, introduced cars, movies and sewing machines are not even thought of any more.

The silt covered hulk of the Spanish galleon Florenzia, having been found by the Navy in Tobermory Bay, it's now up to the illustrious Duke of Argyle to locate the millions of ducats, said to have sunk with her in 1588.

Report On Convention

A heated discussion on a resolution that "the annual general meeting instruct the executive to review the B.C.T.F. relationships with organized labor with a view to withdrawal from the Trades and Labor Congress and report to the 1951 annual general meeting" resulted in non adoption by the B.C.T.F. annual convention, delegates told the Prince Rupert District Teachers Federation May meeting.

In its place, with permission of Prince Rupert delegates, was substituted one requesting a committee to review B.C.T.F. relationships with labor. However, some delegates insisted on discussing the withdrawal resolution, contrary to procedure.

Another major strike—this time the railway firemen—in the United States. It's only a few days since the Chrysler tangle was straightened out. Each worker, said one, lost a thousand in pay during the strike period. He gained benefits of about ten cents an hour. Yet, without figuring overtime or anything else, it would take him five years to make up the lost thousand.

Harold Stassen, Republican candidate in the last election, recently remarked that Mr. Truman's record shows him as the cleverest politician and worst president in United States history. There's little satisfaction in that, for either.

Beef, eggs and coffee are reported increasing in price. The change, while not exactly distressing is nevertheless an advance. It will be less hard to bear if, in the preparation of the said beef, eggs and coffee, there will be no crime, such as murder.

loan by the Text-Book Branch. It's business wise to advertise.

2. That the Department of Education include dictionaries in the list of text-books (issued free for elementary) or under rental plan (for secondary schools).

3. That the B.C.T.F. appoint a committee to consider the deducting of the present fraction of a teacher's pay for absence.

4. That the Central Executive prepare a booklet or handbook outlining the growth of the B.C.T.F.

5. That the Department of Education allow schools to keep additional excess stock of text books, the quantity of which should be a percentage of the enrolment which use each book, in order to avoid continual replenishing of stock for issue to new pupils.

R. D. Cleland, geographical representative, reported on the latest executive meeting and provided information on the WORKSHOP to be held August 23 to 29 at Qualicum Beach.

PUBLIC HEALTH AND CITY GAOL

The gaol clinic forms a regular part of the daily duties of the Public Health Unit here and complete co-operation is afforded by each member of the department, says the monthly report of Dr. Duncan Black, director of the unit. During the month of May thirty-three inmates were examined, says the report.

Advertise in The Daily News. It pays to advertise.

WHERE DO MANAGERS COME FROM? A dozen men operate lathes. A dozen clerks stand behind store counters. A dozen stevedores handle freight. Sooner or later, one operator, clerk or stevedore is going to demonstrate to management that he is capable of handling more responsibility. That's his right—his privilege, to try for it if he wishes. Pretty soon his extra effort is going to bring him promotion, and, as a consequence of promotion he will be provided with further opportunity to prove his worth. That's where managers come from—from the lathes, the store counters and the ranks of workers generally. Some stay on the first, third or fifth steps, and do an important job. They are the foremen, superintendents, department heads, buyers. Some still keep going. The most far-sighted and imaginative climb to the top. This constant movement of men upward is one reason why Canadian business has an ever-fresh point of view. Some one is always bringing a new idea on up with him. That's the way our system works. And it's only under a system like ours that initiative and enterprise are given an opportunity to develop. Then everybody benefits. BRITISH COLUMBIA FEDERATION OF TRADE AND INDUSTRY

To insure publication of display or classified advertising, copy for same must be in the office of the Daily News by 4 p.m. the day previous to advertising. Requirements of the mechanical department make this rule necessary.

## Bake this tasty CHEESEBREAD easily, speedily with new Fast DRY Yeast!

● New bread and bun treats are a treat to make with the new form of Fleischmann's Yeast! Never a worry about yeast cakes that stale and lose strength . . . new Fleischmann's Dry Yeast keeps full strength and fast-acting right in your cupboard. Get a month's supply.

### CHEESEBREAD

● Scald 3 c. milk, 1/4 c. granulated sugar, 1/2 tbs. salt and 4 tbs. shortening; cool to lukewarm. Meanwhile, measure into a large bowl 1/2 c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 mins., THEN stir well. Stir in cooled milk mixture. Stir in 4 c. once-sifted bread flour; beat with a rotary beater until the batter is smooth. Cover and set in a warm place, free from draught. Let rise until doubled in bulk. Work in 2 c. lightly-packed finely-shredded old cheese and 5 c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and let rise until doubled in bulk. Punch down dough; turn out on lightly-floured board and divide into 4 equal portions. Grease lightly with a cloth and let rest for 15 mins. Divide each portion of dough into 3 parts; knead and shape into smooth balls. Place 3 balls in each of 4 greased loaf pans (4 1/2" x 8 1/2"). Grease tops and sprinkle each loaf with 1/4 c. shredded cheese. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, 45-50 mins.

**Post's GRAPE-NUTS**  
Breakfast Favorite of Millions Year After Year

ARE YOU skipping breakfast—key meal of the day? Don't! Of course you want to be keen—sharp—at work or leisure. Then always eat a good breakfast. That starts you out right for the day.

Grape-Nuts makes breakfast more nutritious, enjoyable. You'll love those appetizing kernels made from whole wheat and malted barley, so flavorful with milk or cream. A crunchy goodness only found in Grape-Nuts!

And you'll benefit from useful amounts of carbo-hydrates, minerals and proteins.

Many other uses. For cooking, see various recipes on the package. Order Grape-Nuts today from your grocer. Try the intriguing tested recipe shown here.

**Post's Grape-Nuts**  
Savory GRAPE-NUTS SANDWICHES

1/2 cup Grape-Nuts	1 tablespoon finely chopped celery
3 finely chopped hard cooked eggs	1 tablespoon chili sauce
1 tablespoon finely chopped sweet pickles	3/4 teaspoon salt
1/2 tablespoon finely chopped onion	1/2 teaspoon paprika
	6 tablespoons mayonnaise

● Combine ingredients in order given. Let stand 30 minutes. Spread on buttered slices of Graham bread and cut in desired shapes. Makes filling for 9 sandwiches.

The next time you buy a cereal choose Grape-Nuts. Costs so little—goes so far. Remember—a serving is just two table-spoonfuls—costing less than a cent.

## Your Favorite Sweater . . . by Jantzen

Two-tone zipper jacket with raglan shoulders. Neat pattern in quiet, colorful contrasting fabric front and back, wool sleeves and trim. **\$8.95**

**Juniors Ready For Softball**  
That junior softball is well organized was demonstrated at Saturday's meeting at the Civic Centre. There are four team entries.  
The Boy Scouts are captained by Tommy Sedgewick. Regular Baptists by Henry Blackaby, Annunciation School by John Laporte and the Hawks by Ken Laurie. No schedule has yet been drawn up but Tuesdays, Thursdays and Saturdays at the Gyro park have been suggested.  
The league will start off May 23 with all four teams playing. No women turned out for the meeting.  
A few seniors turned out for the meeting but not enough to make up teams. Another meeting has been called for May 25 to try to organize senior men's softball.

**Five Teams Lined Up For Boys Ball**  
Junior baseball got off to a good start at Sunday's practice, when over forty boys turned out. They elected their own team captains, Darryl Young, Dick Wesch, Robert Smith and Matty Sedgewick, who chose teams.  
The practice took the form of three inning games, where players showed off in their regular positions. Keith Maltman is director.  
The group decided to play Wednesday evenings and Sunday afternoons subject to the Park Board's approval. The regular schedule will begin the first of June.  
Since Sunday another team has been entered, the Seal Cove sluggers.  
Until late last Thursday afternoon weather here was anything but fine. From early morning that day there had been plenty of rain, with an occasional half-hearted attempt to clear up. But, as twilight came on, the western sky brightened, and the succeeding hours brought one of the fairest of sunsets. The beauty and variety of rich colors did not escape the admiring attention of President Donald Gordon, Canadian National Railways, and party, whose special train arrived at the same time the welcome change in the weather was taking place.

The Bellingham trolling boat Plover needed assistance a few days ago, when she ran on rocks inside the northwest arm of Stephens Island, not far from Prince Rupert. Aid was given by the Birnie, of the Department of Transport. This was sixty miles south of Ketchikan. Four persons were on board at the time. The boat is 60 feet long—it was not in immediate danger.

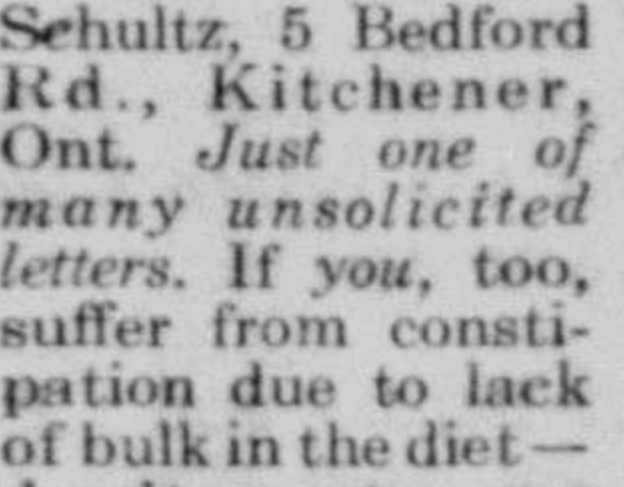

**Mixed League Little Changed**  
There was not much change in the overall picture of either divisions of the Mixed Bowling League after last week's play although both top teams gained a point edge on runner-ups. High scorers were:  
Lalides high single game and high three game, E. Bussey of Noble & Wick with 283 and 697.  
Men's high single, C. Cowden of Wharf Rats, 280.  
High three game total, Bob Vuckovich of Manson's, 696.  
Team results were as follows:  
Hangovers 4, Conrads 0  
Handicaps 4, C.P.A. 0  
Booth School 4, Royal Blues 0  
Cantels 4, Ideal Cleaners 0  
P.R. Plumbing 3, Bob Parker 1  
Mansons 4, Blowouts 0  
Watts & Nickerson 3, Velvets 1  
Wharf Rats 4, Pioneers 0  
Macey's 4, Silverstreaks 0

**Mansons' Lead In Bowling Cut**  
Manson's lost valuable ground as they were brought to their knees with a ringing three point defeat at the hands of the Scotians in the Men's Bowling League. Crescents, who are in runner-up position meanwhile, won four points from Jaycees No. 1 bringing them within three points of Mansons and only two weeks to go. Other team results were as follows:  
D. & S. 4, Grand Cafe 0  
Blain's 3, Home Oil 1  
J. C.'s No. 2, 4, Stones 0  
Brownwoods 2, Triple C's 2

**NO MAJOR BALL**  
New York—The only major league ball game scheduled for yesterday, Boston at Brooklyn, was postponed because of rain.  
**OVER 60—BUT NEVER CONSTIPATED NOW**  
"After a lifetime of constipation I became 'regular' simply by making KELLOGG'S ALL-BRAN my breakfast cereal. No more pills or medicines—such a difference!" R. E. Schultz, 5 Bedford Rd., Kitchener, Ont. Just one of many unsolicited letters. If you, too, suffer from constipation due to lack of bulk in the diet—don't waste any more time. Start eating an ounce of toasty ALL-BRAN for breakfast—and drink plenty of water. If after 10 days you are not on the road to complete regularity, send empty box to Kellogg's, London, Ont. Get DOUBLE YOUR MONEY BACK!

**STRETCH Your Paint Dollars!**

**Three Prizes Won At Sonja Ladies**

President Mrs. J. Pederson greeted the many ladies who attended the Sonja Ladies Aid tea Saturday afternoon.

In charge of the tea room was Mrs. C. Strand, assisted by Mesdames B. Roald, A. Jensen, W. Ballinger and J. Johnson. Mrs. J. Strand was in charge of home cooking. She was assisted by Mesdames P. Anderson, G. Selvig and H. Pettersen.

Serviteurs were Mesdames E. Wick, A. Lund, F. Schroeder and Miss Waseng. Fancy work was handled by Mesdames K. Slatta, H. Lien and H. Rensvold.

Winners of raffles in charge of Mrs. O. Giske, were as follows:  
Sweater, Rolf Pedersen, ticket No. 119.  
Cushion, donated by Mrs. Hans Peterson, A. Ordal, No. 199.  
Cushion, donated by P. Anderson for a guessing contest was won by Mrs. A. Husoy, who guessed there were 801 beans. The actual number was 789.  
Cashier was Mrs. B. Webber.

Owners say... **"Before you buy any car..."**

**BEST-DRIVE**  
**"50 FORD"**

**"Quietest car I've ever owned!"** That's what letters from enthusiastic owners say about their '50 Fords. That's what you will say, when you "Test-Drive" the new Ford yourself. Ford's improved V-8 Engine whispers while it works. The new sound-conditioned "Lifeguard" Body lets you talk in whispers at highway speeds.

**"I like my Ford's QUALITY look!"** The new Ford looks its part as winner of the famous Fashion Academy Award. Inside, there's extra quality in the new, non-sag front seat springs with foam rubber cushioning—in the finer upholstery and impressive instrument panel.

**"Easiest-handling car I ever drove!"** Among Ford's '50 brand-new features for '50: "Finger-Tip" Steering; 35% easier-acting "King-Size" Brakes; 100 horsepower performance!

**"We can drive all day without tiring!"** Owners say their new Fords have that big-car comfort. Ford's "Mid-Ship" Ride cradles you between wheels where the going is smoothest... "Hydra Coil" front springs and "Para-Flak" rear springs level out the bumps... rear seat is wider than in many high-priced cars!

**"We figure our operating costs are lower!"** Owners say the new Ford costs less for gas, oil and upkeep. For even greater economy, and quieter performance, Ford offers optional Overdrive—which lets the engine loaf at 35 M.P.H. while the car hustles at 50! And Overdrive pays for itself with gasoline savings of up to 15%.

included dancing to the music of the Four Dukes Orchestra and a four-act floor show with Buddy Taft and his novelty taps, Dyke McMillan singing "St. Louis Blues", Elsa Fudger and her Hawaiian Dance, and Art Williams singing "Sometimes."

A buffet supper, prepared by Mrs. William Rothwell, was served during the evening to the members and their guests.

The evening's entertainment was arranged by a committee consisting of Frank Hicks, Ralph Smith and Al Worthington.

The next cabaret dance will be held June 16 at the Legion.

### Former Local Man Retires

W. Patrick, who started working for the railway company at Prince Rupert away back in the early days and continued in service for 36 years, was guest of honor at a farewell banquet and presentation at Edson recently. He was roadmaster there, and is well known along the railway. There was the gift of a wallet, and to his wife a traveling bag and bouquet of roses.

Mr. Patrick, who was born in Roumania, joined the railway here in 1914, as assistant extra gang foreman. He worked as section foreman, assistant roadmaster and roadmaster.

### Race Conflict Seen in Film

Jean Crain and Bill Lundigan play the romantic leads in "Pinky," feature picture which opened at the Capitol Theatre last night and will be repeated tonight. The drama centres about the emotional conflicts and problems of "Pinky", a negro girl who passes as white with inevitable conflicts for her private life. Ethel Waters and Ethel Barrymore have important parts and Nina May McKinney, New York night club singer, has a sultry role.

Without any obvious attempt to accentuate racial problems, the story unfolds naturally and the characters unfold the plot in a conventional and natural way, making the development of the drama of unusual interest.

### SEES INTERIOR RUN-OFF SOON

Speaking this morning of the look of the country from the standpoint of season, Supt. C. A. Berner, who accompanied President Donald Gordon and party from Jasper to this city last week, said runoffs were noted at many of the creeks. There was little if any snow, or ice near the tracks. At Eagle Lake, ice could still be seen which is most unusual at this time of the year.

### Today and Yesterday

Present home of the Bank of Montreal in Prince Rupert—solid concrete structure on Third Avenue.

The Prince Rupert branch of the Bank of Montreal originally opened in this building on Fourth Street on May 16, 1910. It is today occupied by a photographic studio.

### Bank of Montreal Has Served Prince Rupert For Forty Years

Prince Rupert was still a rough, pioneer community when the Bank of Montreal's local branch first opened its doors, 40 years ago today. Where the city now stands was a wilderness of rock and muskeg in 1908. A year later, it had become a tent settlement and it was incorporated as a city in 1910.

On May 16 of that year, the B of M established its first office here in a small frame building just north of its present location on Third Avenue. Shortly afterwards, work began on the bank's new building and the branch moved into its present quarters the following spring.

At that time, the town was still dotted with the stumps of hundreds of trees and the streets and sidewalks were planked.

#### Growth Of Business

Few business men had settled here, but more were coming. Building activity was increasing. Solid, well-finished structures were beginning to replace the rough buildings hastily thrown up by the early settlers. The town was beginning to assume an air of settled order and stability. Its future was permanently assured, in 1914, when it was directly connected with Edmonton and eastern Canada by the Grand Trunk Pacific Railway.

As the years passed, Prince Rupert became increasingly important as the chief trading and distributing centre for northern British Columbia. In the last two years, big industry has been added to the scene with the establishment of the great multi-million dollar Celanese plant which goes into operation in early 1951. During these 40 years, the Bank of Montreal has aided in the rapid growth of local industries, and has helped to promote the progress and prosperity of the whole community. The bank's prominent part in local affairs has been due, to a great extent, to the succession of able and conscientious men who have had charge of its local branch.

#### Managers Here

The first of these was J. M. Clancy, who had charge of the office for eight years. The next manager was Henry St. G. Lee, former manager of the Bank of British North America here, who took over the combined business when the two banks merged in 1918. He was succeeded, in 1925, by D. C. Paterson. Arthur E. Carson became manager of the branch in 1929, and was followed, a year later, by Frank A. MacCallum, who had charge of the office for nine and a half years. In 1940, G. R. S. Blackaby came from Williams Lake to take charge of the branch, which he has capably managed ever since.

Keenly interested in community affairs, Mr. Blackaby

G. R. S. BLACKABY—Manager of Bank of Montreal here.

has become well known and popular throughout the district during his ten years as manager here. His activities include membership in the Prince Rupert Club, the Rotary Club, and the Prince Rupert Chamber of Commerce of which he is past president.

#### Pioneer Banking

The forward-looking spirit of the local B of M office stems from the earliest traditions of the parent bank, which was founded in 1817. Within a fortnight of its establishment, Canada's first bank introduced the branch-banking system. This flexible and trustworthy type of organization has long since proven a mainstay of the nation's relative stability in economic affairs. In its first year, the bank also issued Canada's earliest native currency and became the colonial government's domestic banker.

In the opening up of the West, Bank of Montreal branches pioneered in many frontier settlements. The bank played an important part in financing Canada's first transcontinental railway, the Canadian Pacific.

Today, the bank that began as a modest office with seven employees has a staff of nearly 10,000 in over 500 branches across Canada. One of the British Commonwealth's major banks, the B of M maintains offices in London, Eng., New York, Chicago and San Francisco. Canadians keeping money in the Bank of Montreal number 1,700,000.

Canada and  
the Bank of Montreal  
have grown up together

### The B of M Came With The Pioneers

It was a booming, pioneer town that the Bank of Montreal found here when it came to open its local office for business—on May 16th, 1910. The stump-dotted community was only two years old then.

The planked roads and stumps of that era long ago gave way to paved streets and modern buildings as the boom town of yesterday became a thriving, modern city.

Canada's first bank is proud of its part in Prince Rupert's development—of

its 40 years of uninterrupted local service.

Here, as in hundreds of communities, large and small—throughout the length and breadth of the Dominion—the Bank of Montreal continues to work with Canadians as it has done since the days of its foundation more than 132 years ago.

In hamlets and villages, towns and cities, the Bank of Montreal is still pioneering with the men and women who are making the Canada of tomorrow.
