### Anticipation Of Session

Lengthy And Active Session Is Expected at Ottawa  
OTTAWA — Indications are for a lengthy and active second session of Canada's 21st Parliament which opens on Thursday. Customary silence has been maintained by the government of the legislation it plans to introduce but the Opposition parties have indicated that there are many things they want to discuss.  
George Drew, leader of the Progressive-Conservatives, is on record as saying that he does not make a practice of anticipating what may happen at a session. However, he has indicated through recent speeches and statements that he will criticize the government's trade and employment policies and what he terms complacency in dealing with communists.  
M. J. Coldwell, C.C.F. leader, also said he plans to bring up the question of loss of trade markets and to inquire into the fuel shortage hitting the Canadian National Railway recently.

### BRIDGE PLAYED BY LAMPLIGHT

Mrs. A. Turcotte, was high lady and I. Farmer, high man at a Civic Centre bridge tournament Friday night. Four tables were at play and following light curtailment at 10:15, the group played by lamplight for about an hour.

### Waterfront Rents Generally Raised

Trade and commerce committee of the Prince Rupert Chamber of Commerce in the course of investigating a complaint of Home Oil Distributors Ltd. at an increase by the Canadian National Railways of its waterfront rental, has learned that it is the intention of the railway company to increase all such rentals correspondingly as current leases terminate. The new policy of the railway company appears to be that the basis of rental shall be five percent of the assessed valuation which is the provincial government's basis. Suggestion has been made that independent valuation of waterfront properties might be obtained.  
J. T. Harvey, last year's chairman of the Chamber's trade and commerce committee, has reported to date on this subject to the Chamber and has turned the subject over to the new chairman of the committee, Harry Davies.

### Tides

### Jaycees Are Complimented

"It is gratifying to see the earnest manner in which the young men of the city are discussing the affairs of the community," Robert McKay told the Prince Rupert Chamber of Commerce following his attendance at a recent session of the Junior Chamber of Commerce. Mr. McKay lauded the latest project of the Jaycees—that of putting up street signs.

### Robert Gordon Passes Away

Prominent business man and highly esteemed citizen of thirty years standing in Prince Rupert, Robert Gordon passed away suddenly shortly before midnight last night at his home, 620 Sixth Avenue East. News of his demise was received with a deep sense of shock by his many friends in the city.  
Long a sufferer from arthritis which had partially crippled him, Mr. Gordon had been in apparent good health and spirits until yesterday morning when he complained of pains. However, no great alarm was felt and he had the evening meal with members of his family as guests. Later it was felt advisable to call a physician. It was shortly after he retired that he unexpectedly expired. Coronary thrombosis was given as the cause.  
Born in County Cavan, Ireland, December 17, 1885, Mr. Gordon came to Canada in 1907 and for some years was engaged in contracting business in Calgary. During World War I he moved to the coast and became a foreman in the Canadian Explosives plant at James Island near Victoria.  
It was in March 1919 that deceased came to Prince Rupert and established on Seventh Avenue East, where Martin's meat market is now located, a grocery store. Later he purchased the site of the old Prince Rupert Sash and Door Co. factory at Seventh Avenue and Eberst St., and erected a larger store, branching into the hardware business in addition to the grocery. He also erected the present family home on the same ground. In 1931 he moved the Gordon's Hardware business to the building he had erected on McBride Street and which it now occupies, disposing of the Seventh Avenue premises which are now occupied by Kalen Co-operative. In 1945 he retired from active business and devoted himself to development of property at the Lakelse Hot Springs near Terrace where he had built a home.  
Married in 1907 of Mary Elizabeth Kussack, who had come out from Cork, Ireland, Mr. Gordon is survived, besides his widow, by two children—a daughter, Mrs. Wallace (Olive) Antilla of Southbank, B. C., and a son, Earl Gordon of Prince Rupert. There are two grandchildren, Robert and Lawrence Gordon, here; two brothers, Jack Gordon, Calgary, and David Gordon, Cavan, Ireland, a married sister, also in Cavan.  
Deceased was a member of the Anglican Church and took a keen interest in the Masonic Lodge, being a member of Tsimspean Lodge No. 56 here. In his younger days at Calgary he had been a member of the Orange Lodge.  
Always taking a keen interest in public affairs pertaining to the development of city and district, he was a member of the Prince Rupert Chamber of Commerce and Terrace Board of Trade. He was a member of the hospital board here for many years and was active in the affairs of the Liberal party. During early organization of the Civic Centre he took an active interest in that movement.  
There will be a funeral service on Wednesday afternoon at St. Andrew's Cathedral under the leadership of the Masonic Lodge and that evening the remains, accompanied by the relatives, will be taken to Terrace where burial will take place the next afternoon with a service in St. Matthew's Church.

### Air Strip At Tugwell Isle

W. R. May, director of research and development of Canadian Pacific Air Lines, and an engineer of CPA are expected in Prince Rupert shortly to go further into the possibility of early establishment of a landing field on Tugwell Island, it is stated by T. N. Youngs, chairman of the air transport committee of the Prince Rupert Chamber of Commerce. Mr. Youngs is very optimistic about the prospects of the Tugwell Island landing field and is predicting that it will be actually in existence within eighteen months or so.  
Present flights by Canso aircraft from Prince Rupert to Sandspit to connect with the Douglas flying to Vancouver are an expensive operation at \$2.80 per mile and the outlay will be doubled this summer when CPA anticipates it will be necessary to have two flights per day instead of one. There would be considerable saving if there was a landing field here so the Douglas could come straight through. Further reason why CPA are pressing for the air field here is that it would be able to bring Edmonton and Whitehorse flights here and possibly extend other operations to this area.  
Mr. Young is convinced that development of a 7,200-foot strip at Tugwell Island is perfectly feasible and that the topography and nature of terrain on the island is such that it would not be too costly an undertaking, notwithstanding such previous estimates as a million dollars or upwards.  
Further a ferry boat service of 20 to 25 minutes from Prince Rupert to Tugwell Island is quite feasible, are Youngs holds.

### THE WEATHER

Synopsis  
3.28 inches of rain was recorded at Pachena Point on the west coast of Vancouver Island in the last 24 hours. This is well above the general average but many south coast points had over an inch of rain in the same period. At Vancouver airport 1.37 inches was recorded.  
The storm which has lashed the British Columbia coast for the past 36 hours is now weakening as it moves inland. Gale force winds have subsided along the entire coast.  
Temperatures in the coastal regions remain little changed. However milder weather is becoming general throughout the interior. Typical of the sharp rise in temperatures in these regions is the minimum of 34 at Quesnel as compared with eight yesterday morning. Regional forecasts valid until midnight Tuesday.  
FORECAST  
North Coast Region — Cloudy with showers today and Tuesday. Little change in temperature. Wind — southwest, (20 mph) decreasing to light Tuesday. Lows tonight and highs Tuesday—at Port Hardy 36 and 42; Sandspit and Prince Rupert, 34-42.

### BOY SCOUTS WORTHWHILE

"A worthwhile movement" was the cogent boost which Dr. R. G. Large gave the current National Boy Scouts campaign when urging members of the Prince Rupert Chamber of Commerce to give the drive their generous financial assistance. The drive is now in the second of its three weeks in Prince Rupert.  
DEATH NOTICE  
GORDON—Passed away suddenly at his residence, 620 Seventh Avenue East, February 12, Robert Gordon, aged Sixty-four. Survived by his widow, Mary Elizabeth, one daughter, Mrs. Olive Antilla, Southbank, B. C., and one son, Earl Gordon, Prince Rupert. Service at St. Andrew's Cathedral, Wednesday, February 15, 3 p. m. The remains will be taken to Terrace where burial will take place Thursday, February 16, following service in St. Matthew's Anglican Church at 2:30 p. m. Rt. Rev. James B. Gibson D. D., Bishop of Caledonia officiating.

## Flash

FALLS RIVER RISING  
Water level behind the dam at Falls River, principal source of the Northern British Columbia Power Co.'s hydro-electric power, has gained slightly, it was announced this morning by General Manager Thomas B. Black. However, despite the heavy rains, Woodworth Lake level continues to drop slightly. Mr. Black still had no forecast to make as to when current restrictions on use of power may be lifted.

NORTHWEST ALERTED  
OLYMPIA, Wash.—At the request of Secretary of Defense Lewis Johnson, air raid alarm systems in Washington and Oregon are being re-established. There is no need for hysteria, said Governor A. B. Langlie, who said the precaution had been ordered "in view of the possibility of conflict."

MORE DISTRESS CALLS  
WHITEHORSE—Radio direction finders have been called into the search for the missing C-54 transport plane, with 44 persons aboard. Low clouds, it is predicted, will last until tomorrow. They have interrupted the search since yesterday. Continued distress calls caused the setting up of special radio sets to monitor distress signals in the search area.

TORNADO TOLL 44  
SHREVEPORT, La.—Tornadoes hop-scotched through four states over the week-end, killing at least 44 persons and injuring 290 or more. Six persons in one family were killed in the little Tennessee farming community of Hurricane Hills near Ripley today. The Red Cross said at least eight persons were killed at Grand Cane, La. The twisters had previously struck 38 persons with death in northwest Louisiana, East Texas and Southern Arkansas.

PITTSBURGH—Striking coal miners across the United States today ignored John L. Lewis' go-to-work order, vowing that they will stay out until they get a contract. Reports indicate that practically all the more than 70,000 strikers are continuing their walk-out. They are defying both the United Mine Workers and the government. Western Pennsylvania and Ohio mines said none of last week's idle soft coal diggers are on the job. There is only from one to three weeks' coal supply in the country.

FIRE IN ARMSTRONG  
ARMSTRONG—Exploding gas-lights yesterday touched off a \$90,000 fire which destroyed a new co-operative store, adjoining store and burned out city power and telephone lines. A water shortage hampered fire fighters. The new co-operative store had been open for business only a month.

### Russia Is Returning

LAKE SUCCESS — Russia's return to the United Nations meeting within a month is predicted by Western diplomatic sources. They base their predictions on an expected switch in French, Egyptian and Ecuadorian policy to vote for the ousting from the Security Council of Dr. Tsiang, top Chinese Nationalist delegate, following recognition of the Communist government of China by those nations.

### AIR PASSENGERS

To Vancouver (today)—W. A. Mallory, T. R. Watts, W. Purvis, To Sandspit (today)—A. Mearns, G. Green, H. Helin.  
From Vancouver (Saturday)—T. R. Watts, J. P. Ross, R. Thickett, L. R. Dudoward  
Out of respect to the memory of the late Robert Gordon our store will be closed all day Wednesday, February 15, and February 16th.—GORDON'S HARDWARE. (1)

## Will Ascertain Just Where She Stands In Relation To Russ War

WASHINGTON, D.C.—The United States government was reported today to be taking a new over-all look at American foreign policy to determine just where the United States stands in conflict with Russia. The study is being made by the National Security Council, embracing the State Department, Defence Department and other government agencies. Responsible officials said the present preview was not based on expectation of any new turn in direction of major foreign policy.

## Big Job On Waterworks

Thaw Shows Up Repair Program Which May Extend Into Summer  
Milder weather may be thawing out the water mains and ending another phase of the city's continuing water supply crisis but it is not the end of the headache for those harassed and overworked individuals—City Engineer Don Stewart and waterworks Foreman Carl Gustafson.  
Every day the thaw is showing up the results of weaknesses in the water system—particularly the older lines. There are breaks all over—not only in the service lines but even in two mains, one on First Avenue and another at Seal Cove, both of which were wartime installations.  
Among the worst of the service lines freeze-ups are those in Second Overlook—where people have been without service for over a month—Fourth Avenue East, Fourth Avenue West to McBride Street and Eleventh Avenue.  
"It looks to me," said the city engineer to a Daily News reporter "that it will take us till summer to get all the repairs made including the changing and lowering of lines."

Mr. Stewart estimates that the department has already attended to 202 freeze-ups and there are at least 75 more—some of them tough ones involving badly broken pipes.  
W. A. Mallory of Dominion Catering Ltd. on Watson Island, left by plane today for a business trip to Vancouver.  
Regular Reserve Navy drills will resume tonight. Parade time 8 p. m. (1)

## Four Thousand Tons of Cargo

This Was Traffic Through Prince Rupert to Haines Highway Last Year  
During the 1949 season Alaska Freight Lines moved 401 tons of cargo, mostly perishable products originating in Seattle and carried in refrigeration through Prince Rupert to Haines for trucking into central Alaska over the Haines and Alaska Highways, according to information compiled by the Alaska committee of the Prince Rupert Chamber of Commerce. In the reverse direction, 166 tons of cargo was brought from Haines and shipped from here over Canadian National Railways to the United States.

MUSHING FIREMAN—Laird Ouellette, 38-year-old Canadian National Railways fireman, stoked up his dog team to win the 1950 Canadian championship dog race staged during the recent Northern Manitoba Trappers' Festival at The Pas. Shown with his family and lead dog, Rex, after completing the gruelling 144-mile course from The Pas to Cranberry Portage and return. Ouellette won the \$1,000 first prize with his time of 17 hours, seven minutes and 30 seconds. (C. P. Photo)

### I.O.D.E. Fifty Years Old

THIS IS A MEMORABLE DAY in the history of the Imperial Order Daughters of the Empire because it is the fiftieth Anniversary of its founding. As Mrs. Frank P. McCurdy, National President of the I.O.D.E., says, the order can look back over the past fifty years with pardonable pride that it has courageously faced heavy duties and responsibilities and written in service to humanity a story that will long be remembered.

The I.O.D.E. is a voluntary, patriotic, non-sectarian, non-political, philanthropic organization. Its stirring motto "One Flag, One Throne, One Empire," has burned like a flame in the hearts of its members in this Dominion since the dawn of the twentieth century. It was the realization of the dream of a Scottish woman, Margaret Polson Murray (Mrs. J. Clark Murray), wife of a professor at McGill University, Montreal, who envisioned an organization of women's and children's chapters in every city and town of Canada and of other parts of the Empire, federated in Municipal, Provincial and National Chapters for service to King and Country and for the promotion of a better understanding among the peoples of the British Empire. Mrs. Murray's vision has indeed been realized.

The I.O.D.E. has no paid officers. Its work is the voluntary effort of public spirited women who pledge true allegiance to the Crown and who are serving their country faithfully and well.

Possibly in no place in Canada is the work of the I.O.D.E. more splendidly exemplified than right here in Prince Rupert where today, as in the past, many patriotic and hard working women are engaged in its activities.

#### ST. VALENTINE'S DAY

HEARTS AND FLOWERS, love and kisses, are pretty weak Valentine's Day fare.

Weak, that is, compared to February 14 goings-on in years long past. For Valentine's Day has been celebrated—in some form or other—since Roman times.

What began as a pagan festival in Rome, honoring no saint at all and certainly not the good Valentine, was gradually changed in Christian centuries—so the story goes—into a feast of love and goodwill.

The beginnings of this long-lived custom are rather uncertain. There seems to have been no fewer than eight saints called Valentine.

Historians, however, have settled on one of the eight as being most closely connected with the day. This is the St. Valentine, who was beheaded in Rome February 14, 270 A.D., during the reign of Claudius II. He died at Rome's Flaminium Gate.

It is believed his death coincided with the Roman pagan festival of Lupercalia, observed on February 15. Love entered the picture even then. The day, in honor of Jan and Juno, gave Roman youths a chance to pick lots for their sweethearts of the coming year.

That's the historical background. Legend has proceeded to weave other stories around the name of the good St. Valentine.

It is said he was a matchmaker, that he defied an emperor's decree against marriage by Roman soldiers and secretly heard the marriage vows of young lovers. For this, it is said, he was thrown into prison and subsequently beheaded.

Legend also holds that St. Valentine was a friend of his jailer's daughter and that before he died he wrote her a letter, signing it—as young lovers do today—"from your Valentine."

MANTZ CLAIMS NEW SPEED TITLE — Famed speed pilot Paul Mantz is shown at a New York airport after setting a new unofficial transcontinental record for conventional, piston-driven planes by flying from California to New York in a reported four hours, 53 minutes and 17 seconds. If Mantz's claim that he has broken the existing record of five hours and five seconds is sustained he will

#### FIFTIETH ANNIVERSARY—

### Daughters Of Empire Are Well And Usefully Organized Here

(By MRS. J. A. TENG)

(Written in connection with the Fiftieth Anniversary Observance)

The Imperial Order Daughters of the Empire, better known as the I. O. D. E., was founded on February 13, 1900, by Mrs. Clark Murray of Montreal who envisioned an organization of women's and children's chapters in every city and town of Canada and of the British Empire. The I. O. D. E. is a voluntary, patriotic, non-sectarian, non-political, philanthropic organization. Its motto is "One Flag, One Throne, One Empire." During the past 50 years the Order has made steady progress and now has a membership in Canada, from Prince Edward Island to the Yukon, of more than 32,000 women in 930 chapters.

With a program designed to stimulate patriotism, foster unity within the British Commonwealth and Empire, assist the youth in Canada by furthering their education, cherish the memory of their heroic deeds, forward every good work for the betterment of their country and people and develop high standards of citizenship, the I. O. D. E. has progressed along lines represented by the following major departments: Education, War Memorials, Child and Family Welfare, Ex-Service Personnel, Empire Information, Immigration and Canadianization, Films, War-time and Post War Services, Bursaries and Scholarships are awarded to children of service personnel of both the First and Second Great Wars.

The first chapter in Prince Rupert was organized in 1910 by the late Mrs. H. F. Du Vernet and was named after the then Queen Mary. Its motto being "Loyalty to the Order." This chapter has done and is still doing a great work. They have as their adopted schools "Borden St. School" in Prince Rupert, "Elementary School and High School" at Terrace, the "Queen Mary Ward" in the Prince Rupert General Hospital is maintained by this chapter. Monthly donations are given to the Civic Centre and many branches of work, too numerous to mention are carried on by this chapter.

The Langemark Chapter was formed in 1914. This was a junior chapter. They later changed their name to "Girl Guides Chapter" and did a great amount of work until they disbanded. The "Hill 60" chapter was formed in 1915 and named after the "Battle of Hill 60." The members of this chapter did a wonderful work and only recently disbanded. The "Adair Carss" chapter was formed December 13, 1917, and was named after Lt. Adair Carss, young Prince Rupert barrister who was killed at Vimy Ridge in the first Great War. They took as their motto "Let Us Forget." One of their projects was the upkeep and caring for the Returned Soldiers' Plot in Fairview Cemetery. After the chapter disbanded this work was taken over by the Queen Mary Chapter. The Prince Rupert Municipal Chapter was formed on February 10, 1919. This Chapter has jurisdiction over all the other chapters. Its motto is "Unity

and Loyalty." The Municipal chapter has established a scholarship fund and presents a \$100 Bursary each year to the student ranking highest in the Graduation Class of Booth Memorial High School. This bursary was won last year by Kenneth Laurie, who is now furthering his education in the south.

When Adair Carss Chapter disbanded in 1932, the "Hill 60" chapter, having a large membership, decided that half of their members would form a new chapter to be named "Cambrai" after the battle of Cambrai, taking for their motto: "By Faith—Not by Force of Arms." This chapter is still in existence and doing good work. Another Junior chapter was formed in 1944. This chapter was named "Galloway Rapids" but was later changed to "H. M. C. S. Haida," a proud native name. The young girls of this chapter are striving to keep that record of high standard in all their work.

The last chapter to be formed in Prince Rupert was the "Duchess of Edinburgh," the nucleus members being overseas War Brides. They selected as their motto "Second to None," and they are living up to this motto. All the chapters have adopted families overseas and send food parcels regularly. Replies have been received from recipients of these parcels and it is heartening to hear how these gifts are appreciated. The members of the I. O. D. E. in Prince Rupert are proud to belong to such an organization and on their fiftieth Anniversary are pledging themselves anew to live up to our obligation—to be of service to God, King and Country.

### Fine Record Of Service

#### An Abridged History Of Queen Mary Chapter I. O. D. E.

(By MRS. D. C. STUART)

Queen Mary Chapter, Prince Rupert, one of the six first I. O. D. E. Chapters in Canada, was organized in 1910 and named after the beloved Queen Mother. It received its Charter in January 1911.

The first task of the Chapter was the furnishing of a ward called the Queen Mary Ward in the newly built General Hospital which ward has been maintained in first class condition throughout the years and this year is being completely refurbished. In 1912, two lots were purchased from the Provincial Government, which were later turned over to Municipal Chapter on which lots a Hall was erected. Queen Mary Chapter contributed towards the building and its maintenance. Two years ago, as the building had outlived its usefulness, it was sold, the Chapter receiving its share of the proceeds of the sale which are being used for educational and other I. O. D. E. work.

During World War I, the Chapter raised over \$4000 towards the equipping of the old steamer Prince George as a hospital ship. After the formation of the Red Cross in Prince Rupert the Chapter worked in co-operation with them in their varied war activities. The Chapter took part in the nation-wide registration of manpower in June 1918 and also participated in the raising of \$3567 for Belgian relief and contributed huge hampers of clothing for the people of the devastated areas in Europe.

During World War II, there was a large increase in membership and activity. Several groups of ladies, not members of the Order, worked for the Chapter, turning out enormous quantities of clothing, both knitted and sewn, for distribution to the bombed-out victims of Britain. Supplies were sent to Poland. Large quantities of field comforts were also made by the members. The Chapter raised large sums of money and contributed generously to all the National Funds. They also contributed to the Provincial "Spitfire" Fund and shared in the adoption of the brigate H. M. C. S. Prince Rupert.

By request the Chapter held a "tag" day for the Chinese War Relief at which over \$700 was raised. The members also canvassed for the Auxiliary Services Drive and did their part in the distribution of ration books. Educational work has always high-lighted the Chapter's activities. Bursaries, prizes, calendars, magazines etc. have been given. Four schools have been adopted and libraries and pictures presented to them. The Chapter has taken part in the observance of all patriotic days and also in Intercession Day Church parade. For many years the Chapter had a thriving Brownie Pack. In 1938 the Chapter received through the kindness of Her Excellency Lady Tweedsmuir, two books from Her Majesty Queen Mary to be given as prizes to an adopted school. The Chapter raised \$1550 for the "Second War Memorial Fund." In 1932 the Chapter assumed the responsibility of the care of the Order, worked for the "Soldier's Plot" in the local cemetery. Markers for the graves are pro-

#### McKnight Case Is Adjourned

In city police court on Saturday three adjournments on the request of defence counsel, Roc MacLeod, were allowed by Magistrate H. D. Thain. Preliminary hearing into the breaking and entering charge against George McKnight was adjourned until Wednesday. Angus McEachern, charged with unlawfully making nitroglycerine, was again remanded until Tuesday afternoon. Charged with creating a disturbance, Kenneth Panter and his wife Harriet, charged with intoxication, were both remanded until next Saturday morning. The two were picked up in the early hours of January 28 on Third Avenue.

### German Foreign Minister Held

BERLIN.—The British-controlled newspaper Die Welt said today that East Germany's foreign minister, George Dertinger, is being held by Communist police under house arrest.

Dertinger's arrest, Die Welt said, followed police seizure last week of his personal office assistant, his chief of protocol and his girl secretary as "agents for the American and British secret service."

acted to meet a reduction of rates on frozen fish from Alaska through Seattle to American railroads. Prince Rupert still enjoys a substantial advantage in rates.

## LETTERBOX

### ANSWER TO GEORGE HILLS

Editor, Daily News:

Well George it may be kind of late to answer yours of recent date. But it has taken thought and time to find the words that really rhyme.

There's a proper time for every motion. I didn't agree it was a good notion; To harass a Company with four years to go Would not be cricket for us, you know.

Northern Power or the Power Commission. Either must improve the existing condition. If the Northern Power can deliver the goods The Commission won't enter this neck of the woods.

So here's for some action, and mighty soon. Or we'll be singing a different tune. So let's all work for a lot more Power. And remember, folks, "Now Is The Hour."

HAROLD S. WHALEN.

In the Supreme Court of British Columbia to Probate in the Matter of the Administration of the Estate of Jacob Gjoringbo, Deceased.

TAKE NOTICE that by order of His Honour Judge W. O. Fulton, Local Judge of the Supreme Court of British Columbia, I was on the 31st day of January, A. D. 1950, appointed Administrator of the estate of Jacob Gjoringbo, late of Prince Rupert, British Columbia, who was last known to be living on March 2nd, 1942, and is now presumed to be dead.

All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said estate are required to file them with me properly verified on or before the 15th day of March, 1950, failing which distribution will be made having regard only to such claims of which I have been notified.

DATED at Prince Rupert, B. C. this 31st day of January 1950.

Gordon Fraser Perle Official Administrator Prince Rupert, B. C. (40)

## Basketball— Brownwoods Move Ahead

High School Relegated to Cellar in Senior Basketball

Brownwoods moved into second place in Senior Basketball League on Saturday night by virtue of their 55 to 44 win over Bo-Me-Hi. Second place is an important berth to hold as the season draws closer to play-offs which will be limited to the two top teams. Co-op has a secure hold on top position with 11 wins and three losses. Brownwoods have 5 wins and 8 losses and High School 5 wins and 10 losses.

Reg. Lavigne paced his team to a smart victory, getting 18 points. Everett Fierec was a key man with 12 and played bang-up ball throughout the game. Spring was high for the students with 13, Webster getting 8 and Carlson and Scherk, 7 each.

High School was in command during the first quarter and until near the half when Brownwoods headed off their lead at 23 to 22 and kept ahead for the remainder of the game. The students played well but could not get their shots in particularly in the last period when they missed enough to win them the game.

Brownwoods proved that they are a better team when they have a first period deficit than when they have a commanding lead. Saturday night they did their best work in the second half instead of shooting all their fire in the first.

Slatta and Ciccone refereed a hard-fought game and kept it well under control. They called 13 on Bo-Me-Hi and 10 on Brownwoods. Sid Scherk left during the final minutes of the game via the foul route. High School

CANADIAN ATHLETES PARADE—The Canadian team at the British Empire games is shown here in a rehearsal "march past" at Auckland, N.Z. Although it may not have made much of a showing, the Canadian team had the reputation of being the smartest appearing at the games. (C. P. Photo)

scored 6 of 10 free throws. Brownwoods making 9 out of 15.

Bo-Me-Hi—Spring 13, Carlson 7, Scherk, S. 7, Moore 4, Webster 8, Bill 3, Ratchford 2, Sharpe, McClesney, Kristmanson. Total 44.

Brownwoods—Sunberg 8, Gurvich 2, Pierce 12, Lavigne 18, Shier 5, Owens 2, Thompson 6, Bill 2. Total 55.

### INTERMEDIATE

The Merchants won a smart Intermediate victory over the league-leading Fashion by an overwhelming 37 to 21 score. The game was featured by some fancy ball-handling on the part of young Bob Anderson for Merchants who scored 7 points. Leading the scoring parade for the winners were Marshall with 14 and Boulter with 11.

The game was much cleaner than the usual set-to between these teams and referees Large and Calderoni called only five fouls on Merchants and 7 on Fashion. Merchants shooting 5 of 9 possibles and Fashion 5 of 8. Each team was without regular players. Haugan and Hebb are on the Fashion injured list and Dumas of Merchants is on the sick list.

Fashion led 10 to 6 at the first quarter but was held to one single point in the second, the half ending all even at 11 points for each team. In the third and fourth periods Merchants swarmed over Fashion for their decisive win.

Merchants — Marshall 14, Walsh, Currie, Christoff 2, Boulter 11, Anderson 7, Davidson 3. Total 37.

Fashion—Gill 5, Intermela 4, Lien 2, Morrison, Hill 7, Scharff 3, Watson. Total 21.

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

## Between the BASKETS

This week Prince Rupert Jets are playing four games in Alaska, the first tonight at Metlakatla. Tuesday night they play Ketchikan Elks; on Wednesday, the second and final game of this Metlakatla series, and on Thursday, again meet the Elks at Ketchikan. Coach Angus Macphee is unable to make the northern trip and the team will be masterminded from the bench by George Howe.

The players, enroute on the Princess Norah this afternoon, are Rupert Holkestad, Ted Arney, Ray Spring, Syd Scherk, Joe Davis, Don Scherk, Jim Flaten and Bill Sunberg.

Don Forward, business secretary of the Basketball Association is acting as team manager.

This is Prince Rupert's first northern series in three years, and they expect to meet real opposition. They won their Elks series by a narrow margin during the Christmas holiday, but the Elks have the advantage of playing on their own floor this time. Metlakatla Vets always have a top-notch team and here again the locals are assured of stiff competition.

The games will be covered for local fans by Don Forward, who will wire in reports to this newspaper.

Fans will have plenty of basketball this week even though the Senior League will not operate till Saturday. Tomorrow night there are three games scheduled, Stones vs. Boy Scouts, Dom's vs. Peoples, Fashion vs. North Star. Fans will have an extra night of basketball Thursday with games

## Fish

Prince Rupert is rich in fish. That's what you want. He'll also enjoy fishing. I can't tell you how many fish I should enjoy. I've caught my own children. It is the kind that is trapped in cellophane. Hearing no noise, to the vile which, we are precious filets and cured.

In happier days, fish (the kind in trees or some) know the sad truth. He has varied knowledge. I know that you must have eaten knowing what a have put two and come up with fish on dry land are one and the same. Perhaps I was just but I prefer to be. Fate deemed it

## Strange Welcome

(The Senior Matric Class has adopted the use of a distinctive Class Sweater.)

Egad! what was it that fateful morn  
A-marchin' in to Booth?  
Stripes they had upon the arm,  
They bore the signs of youth.

We gasped, we stared, we fled  
before  
The awful green and grey  
We could not speak, astonish-  
ment  
Had taken speech away.

Oh soon the village squad arrived  
The grayish gangsters found,  
They packed them off we know  
not where  
They all were gagged and bound.

Then peace returned to Bo-Me-Hi  
And classes day by day  
Proceeded, unmolested  
By the troupe in iron gray.

Some wonder who the invaders  
were,  
For many a tale is spun  
One says it was a socker team

## Personalities

### CLARA VARFELT

Nearly everyone knows and likes Clara Varfelt, for not only does Clara have a charming personality but also a combination of blond hair and green eyes that should please anyone's taste. Clara was born in Regina on March 14, 1934, and straightaway went to Vancouver where she lived until 1942. In that year she came to Prince Rupert where she has attended Seal Cove and King Edward schools and is now attending Booth. Clara is the 10-2 representative on the Senior Council, this being here first year on the council. Next year she plans to attend the Convent for a business course. She keeps fit by playing basketball and swimming. It is then not surprising that Clara is a candidate for the title of School Queen in which contest we wish her all the luck in the world.

### Another saw a GUN!

But no one knows, or cares to know  
The secret of the scene.  
And no one mourns or wonders why  
There's no more Grade Thirteen.

## Lenora Faught

"Vote for Lee" may be seen on every board in the school. Maybe some are wondering what and who this popular girl is.

Lee Faught is vice-president of the Cheer Leaders Club, and is the Grade 12-1 candidate for Queen of Bo-Me-Hi. This well-known cheer leader is a cute little 5-foot 2 inches curvaceous brunette who can roll her large hazel brown eyes in a most exciting manner. Although she appears to be a frail, gentle lass, please, don't let this fool you. She is built on the Betty Hutton basis, full of vim and vigor, and watch out for those muscles!

Lee has been a student of Bo-Me-Hi for three years. She first brought sunlight to Inisfall, Alberta, on June 12, 1932, and to Prince Rupert seven years ago.

She is well known throughout the school for her pleasing personality and contagious laugh. Her favorite hobbies are photo tinting, drawing, and constantly dreaming of an ex-grad. She may be seen any time swooning over a picture of Burt Lancaster or Anthony Curtis, or a record by Bill Lawrence, Frankie Laine, or Doris Day, who, she says, are "Simply out of this world."

There's a rumor that she works at the North Star Bottling Works after school as a stenographer but who wouldn't want a gal as cute as Lee for a steno?

Next year she hopes to go to

Seattle to take a course as an airline hostess and, possibly an art course.

## BALLET CLUB

The ballet club is under the direction of Miss MacDougall. There are about twenty members in the club. At the present time they are working on a primitive ballet which, Miss MacDougall says, they hope to stage some time in the spring. That depends on the work of the members. The president of the club is Luella MacDonald.

by Sheila Bennett.

**NEW RAIL CHIEF:** Donald Gordon, C.M.G., devoted his first hour in office as president of the Canadian National System to a press conference. "We are conducting a public service, and it is essential that the public should be informed of what the railway is doing," he said. "I hope, as soon as circumstances will permit," continued Mr. Gordon, "to go over the system. I want to get to know the men and women who make it tick. The railway is faced with almost every kind of problem one can think of, but it seems to be a first-class working organization and its foundation is sound. My work with the Wartime Prices and Trade Board, perforce, kept me in touch with every phase of our economy, and in that respect my duties will be similar with the transportation system. We must provide a service to every phase of Canadian industry, and make our contribution to the progress of the country."

## What's Nickel in his young life?

To turn this pile of logs into tomorrow's newspapers, rugged machinery will be used—also acids and other corrosive chemicals. That's why so much equipment in pulp and paper plants is made of Nickel and Nickel alloys.

In the trucks, trains and planes which distribute newspapers far and wide, Nickel Steel and other Nickel alloys prevent breakdowns and give long wear.

Forty-three years of research have uncovered hundreds of uses for Nickel in the United States and other countries. Now Nickel exports bring in millions of U.S. dollars yearly. These dollars help pay the wages of the 14,000 Nickel employees in Canada and also help pay Canadian railwaymen, lumbermen, iron and steel workers and other men and women making supplies for the Nickel mines, smelters and refineries

IN EVERY LIFE

### TERRACE TOPICS

Mr. and Mrs. Louis Newhouse returned home on Saturday night's train from their honeymoon trip to Edmonton.

The large windows of the Omineca Herald in Terrace are filled with interesting photographs of the days gone by when ladies wore leg-of-mutton sleeves, and men wore beards as a matter of course. Even pictures of the early days of land-clearing in Prince Rupert are included with the gold-panning days of the Klondike. All this in readiness for the Kinsmen Klondike Night in March.

### TRAIN SCHEDULE

Monday, Wednesday, Friday  
8:00 p.m.

From the East—  
Tuesday, Thursday, Saturday  
10:15 p.m.

## Ratepayers' Organizing

Street Traffic and Zoning Are Live Questions

TERRACE—Progress is being made with the organization of the new Terrace Ratepayers' Association. Bylaws were adopted at a meeting in the Oddfellows' Hall last Wednesday evening. The bylaws had been drawn up by a committee consisting of D. K. Kerr, Walter Chapman and George McAdams.

Geoff Lambly, vice-president of the Association reported on various meetings of the municipal council which he had attended as an onlooker.

Traffic conditions in the municipality were considered by the meeting and the Village Commissioners are to be asked to include a new bylaw, dealing with the parking of trucks and vehicles over one-ton capacity.

The commissioners are also to be requested to hasten the establishment of a zoning bylaw, already drawn up and planned by the Town Planning Commission of which P. Murie is the chairman. It was also suggested that an organization similar to the Ratepayers' Association should be formed among the settlers in the areas immediately outside the village limits and also further afield in the rural areas.

Harold Smith presided over the meeting, with Mrs. Will Robinson as secretary.

Meetings will be held monthly on the third Wednesday in the month.

## SHIPS and WATERFRONT

Power Shortage Slows Up Waterfront—Johanna Back From Alice Arm

Power shortage has been greatly slowing up work of boat and engine overhaul on the local waterfront in preparation for the opening of the 1950 fishing seasons. Boat building establishments and machine shops are almost at a standstill at a time when they should be humming. Even the dry dock, ironically enough, although the principal source of power supply at present, has had to cut its own general operations to a four-hour a day basis.

After wintering at Alice Arm, Ted Hess returned to port last week with his halibut boat Johanna to make preparations for the forthcoming season's operations. The Johanna is one of Prince Rupert's best known fishing vessels and was formerly owned by the late John Wick.

With passengers, mail and freight, Union steamer Coquitlam, Capt. John Boden, arrived in port on good time at 2:30 Sunday afternoon from Vancouver and waypoints and sailed at 11 p.m. for Alice Arm, Stewart and other northern points whence she is due to return here tomorrow morning and sail at 1:30 p.m. on her return south.

On her way to Alaska, U.S.S. Norton Sound was in Vancouver recently for a four day stay. The purpose of her voyage north is to conduct tests with guided missiles. There are technical experts aboard. The Norton Sound is a ship of 13,500 tonnage.

### PROPER USE OF PROFITS

Importance of keeping up and improving plant so that proper working conditions may be permanently maintained as opposed to policy, of paying our profits disproportionately in the way of shareholders' or employees' dividends is graphically illustrated in a moving picture film entitled "In Balance," which has been in circulation in Prince Rupert during the past week, being shown before both senior and junior chambers of commerce. Two practical illustrations were shown—operation of Atlantic Coast fishing schooners and a large calculating machine industry.

### To Speak Here

Prince Rupert Women's Canadian Club has a speaker of exceptional interest coming here this week in the person of Ethel Brant Monture, great great granddaughter of the famous Mohawk chief, Joseph Brant, who figured prominently in Canadian history by fighting with the British during the American Revolution. Mrs. Monture, who lives in Rochester, New York, was a former official with the Department of Indian Affairs and is author of the book "West of the Setting Sun." Her subject at an afternoon gathering of the Canadian Club this Wednesday day will be "Indians of the Twentieth Century," a timely enough theme at this time when the affairs of the native population are so much to the fore.

## Ray Reflects . . . and Reminisces

A member of the Truman cabinet, Mr. Johnson, is reported to have told a public meeting that the United States was ready "to lick hell out of Russia at an hour's notice." If the late Franklin Roosevelt thought the same and felt a desire to say it, he might have put it this way: "It is conceivable the United States is capable of so conducting a defence that her general position would be materially strengthened within a minimum of time."

All these new shiny lanterns seen on display and in service around town are certain to come in handy sooner or later with or without power. Neatly painted and cushioned milking stools might also be found useful in the more or less uncertain future.

It is fair enough to think that no matter how fine and acceptable displaced persons might appear on arrival in Light Candelabra might create Canada. It is best to wait a year an impression of smartness and so to realize just what their

value as Canadians amount to. So far, according to Ottawa, disappointments have been few. This is good to know. Millions not wanted here, live in Europe. So do more than enough who are highly desirable and whose presence in Canada, from the production and cultural angles, would be a great gain both for themselves, as well as the land to which they come.

The list of post offices in Skeena district, stern and wild, gives a total of about 91. Who wants to wager that delivering the mail to some of them doesn't take time and effort?

Candles of late have been in unusual demand in Prince Rupert. It should not require much capital, time or technical skill to establish a small manufacturing plant and thus avoid an inconvenient scarcity. A sign, with the words "Bright Light Candelabra" might create an impression of smartness and so to realize just what their originality.

### N.H.A. DESIGN-OF-THE-MONTH

Answer to that New Year's resolution for a home of your own in 1950 might be found in this attractive, moderately-priced four-bedroom house which combines an efficient layout with a pleasing exterior appearance. The design should appeal particularly to small families as the two upstairs bedrooms can be left unfinished if they are not immediately required.

Entrance to the house is through a vestibule, containing a coat closet, which leads into a good-sized living room featuring a coal-burning fireplace. The kitchen, opening off the living room, includes a dining area. This does not detract, however, from the convenience of the well-planned work area.

Plenty of closet space is assured in this house which has six closets located on the ground floor and four upstairs. There is also a liberal window area, highlighted by the large living room window.

Area of the house, for estimating purposes, is 1,129 square feet and the outside dimensions are 30 feet by 24 feet four inches. While the Ottawa owner of the house illustrated has used brick veneer, any other exterior finish material would be suitable. A small gable has been added over the front door.
