## Right Wing Parties Win

FRANKFURT, Germany (CP)—Western Germany has handed its right wing parties a mandate to direct the new federal republic for the next four years. More than 24,000,000 Germans swarmed to the polls yesterday in the first free election since Adolf Hitler took over in 1933. They handed Communism its fourth major defeat in western Europe since the war. France, Italy and West Berlin had said "No" to the Reds in earlier elections. Topping the vote with 7,356,025 were the Conservative Christian Democrats. Close behind, with 6,932,303 were the Social Democrats who want to nationalize industries. Free Democrats, who favor the free enterprise system with no reservations, were in third place with 2,827,948 votes. Trailing the field were the Communists who slumped from ten percent of the popular vote in 1946 to about six percent—1,360,469 votes.

QUEBEC SEA CADET CAMP HOST TO VISITORS FROM FOUR COUNTIES—Members of the Swedish contingent at the Empire Sea Cadet camp, Camp Ewing, Chislesey, Que., are seen as they marched past the reviewing stand during official welcoming ceremonies. Defence Minister Brooke Claxton took the salute. The camp was host to sea cadets from the United Kingdom, Australia, New Zealand, Sweden and Canada. Billy Toderas of Prince Rupert attended the camp and his story is told in the Daily News today.

"NICE TO HANDLE," SAYS PILOT OF BRITAIN'S JET AIRLINER—This is Britain's four-jet airliner, the new Comet de Havilland, which was completed ahead of Canada's model, and passed her first flight test. The streamlined ship with swept-back wings, rose 8090 feet, then flew at 100 feet over the airfield for the benefit of company employees. In this photo the new jet airliner is shown at the Hatfield airfield. In foreground is the D.H. 108 which was used to calculate wing resistance, stress and strain and speed for the new plane.

## Air Liner Falls Into Sea Off Ireland; Nine Are Lost

SHANNON, Ireland (CP)—An air liner bound from Rome to New York belied into the Atlantic off the Republic of Ireland early today but surface craft saved 49 of 58 people on board and landed them at Galway. The four-engined Skymaster was on the Rome to Shannon leg of a flight to New York and overshot the Shannon airport. The pilot radioed that he had lost his way and was out of gasoline.

Its fuel exhausted, the air liner fell into the ocean off the west coast of Ireland in the darkness. Nine of the 58 occupants were killed and the rest were saved in a dramatic sea-air rescue. Among those saved was Ruth Nichols, aged 48, noted American aviatrix. She was employed as assistant stewardess. On board were 47 Italian emigrants to Venezuela and 11 Americans. After the Skymaster had overshot the Galway airport, another air liner tried to escort it back to Shannon but the gasoline gave out and it plopped into the calm sea 15 miles off the coast. British and American transport planes guided surface vessels in rescue operations. Nine of the Americans on board were employees of Trans-Ocean Air Lines, owners of the plane.

## AUSTRALIA IS WINNER

RYE, New York (CP)—Australia's 22-year-old blonde tennis ace Frank Sedgman defeated Italy's Marcello del Bello 6-0, 6-4, 6-4 in the second game of the Davis Cup semi-final round. Later Sedgman teamed with Capt. John Bromwich in the doubles to defeat Del Bello and Gianni Cicelli 2-6, 6-2, 6-2, 6-1. Australia won the round lead three to nothing in the five game series.

## SEARCH BEGINS FOR FISHERMAN

Fear for the safety of Christopher Matthews of Masset, crew man aboard the Francis Millard Co. seiner Worthman T, set off dragging operations in the Cow Bay section of the waterfront this morning. Fellow crew members of the missing man told city police at the week-end that Matthews had not been seen since last Thursday. He disappeared while the boat was tied up at the Cow Bay floats.

Fellow crew members and friends borrowed grappling instruments from the city police and started dragging the Cow Bay section of the harbor. A sharp burst from a firing squad at Great Mazza military barracks ended the rule of the stocky little Zayim who had seized power 4 1/2 months ago. Zayim's bespectacled Premier Musen Bey Berazi, generally considered the brains of the regime died with him. Col. Henawi issued communiques telling of the shootings. They called the dead rulers "traitors" and "tyrants" and ordered the Army and police to join forces and maintain calm. French left wing papers in Paris today accused Great Britain of engineering the Syrian coup d'etat in order to "get rid of a hostile regime."

## MURDER CHARGE FORMALLY READ

Earl Johnson, 34-year-old fisherman charged with the murder of his brother, Vivian "Vic" Johnson, aboard the seine boat Izumi III here Saturday night, appeared in city police court this morning and heard a charge of murder read to him by Magistrate W. D. Vance.

The tall, dark-skinned fisherman was remanded for eight days or earlier for preliminary hearing on the murder charge. Since the hearing will be a preliminary examination, no plea was entered by Johnson's counsel, M. Willa Ray.

Both Mrs. Ray and Crown Counsel T. W. Brown agreed to the adjournment so that the inquest into Vic Johnson's death can be completed before the preliminary hearing starts.

Police documents which had listed the name of the dead man as "Vic" Johnson were changed when the accused man told the court that his brother's name had been Vivian Charles James Johnson.

The inquest is scheduled to begin at 2 p.m. Tuesday.

Three men who had been held as material witnesses over the week-end were released this morning after they had assured Magistrate Vance that they would be on hand to give evidence at the inquest and preliminary inquiry. They were Clifford Johnson, youngest brother of the slain man, Mickey Dolan, a brother-in-law, and Tony Silvey, crew man of another Anglo-British Columbia packing Company boat who had been visiting on the Izumi III at the time of the skipper's death.

The three men assured the court that they would be on hand when required.

The charge reads that "Earl Johnson on Saturday, August 13 did unlawfully murder Vivian Charles James Johnson."

## Overthrow In Syria

President and Premier Shot Yesterday in Sudden Coup

DAMASCUS, Syria (CP)—Syria's President and Premier were shot yesterday in a lightning military coup repercussions of which thundered throughout the explosive Middle East. Col. Sami Hennawi, aged 51, Syrian hero of the Palestine war, led a group of senior Army officers who overthrew the government of Marshal Husni Zayim.

A sharp burst from a firing squad at Great Mazza military barracks ended the rule of the stocky little Zayim who had seized power 4 1/2 months ago. Zayim's bespectacled Premier Musen Bey Berazi, generally considered the brains of the regime died with him.

Col. Henawi issued communiques telling of the shootings. They called the dead rulers "traitors" and "tyrants" and ordered the Army and police to join forces and maintain calm.

French left wing papers in Paris today accused Great Britain of engineering the Syrian coup d'etat in order to "get rid of a hostile regime."

An independent Left Wing paper, Combat, describes the execution of Col. Zayim as "one of the stages of the struggle being waged in London, Washington and Paris for domination of the Middle East."

## Seine Boat Captain Slain; Brother Held On Charge Of Slaying

A Nanaimo fisherman is being held on a charge of murder in the city jail here and two of his crew mates were held as material witnesses following the death Saturday night aboard the seine boat Izumi III of Vivian Johnson, age 39, skipper of the vessel, who died within a matter of minutes after being struck in the chest by a .22 calibre bullet.

Held on a charge of murder is Earl Johnson, 34-year-old brother of the dead man, who, the charge alleges, held the gun that killed the older man at 10:15 Saturday night while the 65-foot seine boat was moored at the Standard Oil Co. dock at Cow Bay.

A third man, Tony Silvey, a crew member of the seineboat London III, who was in the Izumi III's galley at the time of the killing, also was held over the week-end as a witness. He and Clifford Johnson and Mickey Dolan were released this morning after assuring the court that they would be on hand to give evidence at the coroner's inquest and the preliminary hearing.

The killing is said to have followed a heated argument in which Earl Johnson and another brother, Clifford, age 32, had been ordered from the boat by their elder brother.

The dead man's name was Vivian Charles James Johnson. He was commonly known as "Vic."

Police were called to the scene shortly after 10:15 by Mrs. Jennie Johnson, wife of the dead skipper who was cook aboard the Izumi III. Clifford Johnson appeared at the city police station a few minutes later to report the killing.

Corporal A. H. Taylor and Constable P. C. Gurr of the city police who responded to the call, found Vic Johnson slumped beside the engine which takes up part of the room in the fore-castle of the Izumi III.

Sitting in the cabin were Earl Johnson and Mickey Dolan, husband of the Johnson brothers sister, who was engineer aboard the Izumi III. Dolan and Clifford Johnson are being held by the police as witnesses.

Examination by Dr. J. A. Macdonald showed that Victor Johnson had been shot in the chest, just the right of centre. He apparently had died within a matter of seconds after being shot.

He was reported to have muttered a few words before he died. The Izumi III belongs to the Anglo-British Columbia Packing Co. of Steveston and had been operating out of North Pacific Cannery. The boat, which carried a crew of six men and a woman, had been salmon seining in northern waters.

The three Johnson brothers and Mickey Dolan are all of 250 St. George Street, Nanaimo. Vic, the oldest brother, is a veteran fisherman. He has been on the coast for more than 20 years and has been skipper of the Izumi III for the last seven years. A powerful man, about 6 feet one inch and weighing about 200 pounds, he was at one time active in boxing in Vancouver.

Aboard the boat police found evidence that there had been drinking prior to Johnson's death.

During the altercation which resulted in the death of the skipper, a .22 rifle had been picked up, it is said, as a threat to force Clifford Johnson to leave the boat. Allegedly, deceased had set the gun down again and taken out a short-bladed knife with a threatening gesture.

When the shot was fired, he slumped beside the engine on the starboard side, the knife falling between his legs.

The rifle, a .22 calibre single-shot, was found by the police on an unoccupied bunk on the port side of the pilot house.

As Corporal Taylor and Constable Gurr entered the fore-castle of the boat a short-handled axe was swung at them. Corporal Taylor parried the blow and received a cut on the little finger of his left hand. Constable Gurr received a wound on his arm.

Mrs. Jennie Johnson then rushed out of the fore-castle via a stairway and into the pilot house.

## Split Season For Halibut

International Fisheries Commission Session Here September 28

The International Fisheries Commission will hold a series of six sittings on the issue of a split season for halibut.

The hearings will be in Seattle, September 23; Vancouver, Sept. 26; Prince Rupert, Sept. 28; Ketchikan, Sept. 29; Petersburg, Sept. 30; and Juneau, October 1. The split season idea has been advanced as a means of lengthening the season and thereby spreading over the available supply of halibut. Other matters of importance to the industry will be taken up.

Prior to last January, the fishermen and boat owners had voted on the advisability of the split season and in most of the ports support was indicated, although this was not entirely conclusive, and the matter was left open with no action taken at that time. Some decision, however, may be made, following the approaching series of meetings.

## Important Smithers Meet

THIS IS THE WEEK of the annual convention in Smithers of the Associated Boards of Trade of Central British Columbia and it is fitting that local community leaders should be heading interiorwards for the sessions to be held this Thursday, Friday and Saturday. It is the yearly forum for discussion of matters of common interest to the entire area between coast and Alberta across the true interior of the province and the whole north as well. In view of the already real and to much greater extent potential relationship of the friendly territory to the northwest, Southeastern Alaska of recent years has become an active affiliate of the Central B.C. Associated Boards. Such cities as Juneau and Ketchikan will also be represented at Smithers.

With the growing development of Central British Columbia and the increasing indications that time for large scale expansion and utilization of these areas is now immediately at hand, the voice of this great district, as expressed at the Associated Boards convention, takes on an aspect of greater importance than ever.

## SOMETHING TO ENVY

THE UNITED STATES Coast Guard last week observed its 159th anniversary. During the past year the Coast Guard rescued more than 5,000 persons and saved or protected property estimated at more than \$160,000,000 in value. Navigation aids totalled 40,000 were kept up. High sea laws were maintained and 20,000 officers and men kept ready for any emergency.

It is with a sense of admiration and envy that anyone on the Canadian side of the western coast must read such facts and figures. But there is still official indifference about a Canadian Coast Guard in spite of the need and the indignity of depending upon the United States. Enough to make one blush!

## LACK OF SECURITY

FREQUENTLY when a man who to some extent enjoyed prominence finds age overtaking him he also finds his private means have become a source of worry. If he has a pension, it has shrunk through increasing living costs. Once he might have been safe in considering himself comfortable but not today. He still has to keep up appearances, a difficult enough obligation for himself and family. Once, he might have been reckoned rich but now with taxation and other manifold levies anything that looked like money, could not escape the appraising eye of all governments. And some have practically no provision for the future.

## CHURCHILL

VESSELS, now on the way from England to Churchill, will not all return with cargoes. Some will arrive and leave empty. At the present time there is little grain in Churchill elevators.

For thirty years, Churchill has been experimenting with wheat shipping and the picture does not look any more inviting today than it did that long ago. It all comes down to short seasons, ice and risky weather. There was a great clamor for Hudson Bay wheat shipping. Nautical experts in Winnipeg, and elsewhere on the prairies refused to admit there was serious risk. This was so self-evident. Usually, the point was stressed, about every four years. But after the elevator was established, and Hudson Bay took its place as a deep sea route, there has been a notable falling off in enthusiasm.

HAVEN FOR HOLIDAYING—Whether it's fishing or boating, or just loafing on a hot summer day, the old lighthouse at Stoney Point, Ont., provides the setting. Situated on the shore of Lake St. Clair where the Thames River flows into the lake, the light house has long been recognized as one of the most picturesque spots in Essex County. Built many years ago, the light is a navigation beacon for lake freighters. (C. P. Photo)

## X-RAY UNITS BUSY HERE

Two travelling x-ray units went into action in the Prince Rupert district this morning offering free tuberculosis x-ray service to what is hoped will be a record number of people during the next two weeks.

The service is offered by the Provincial Department of Health and the Prince Rupert Health Unit.

The mobile van today is at Port Edward, x-raying cannery workers at Nelson Bros., while the "breakdown" unit, so called because it can be taken apart and re-assembled readily, is at the Health Unit building.

The mobile unit will remain at Port Edward until noon tomorrow when it will move to the city. The "breakdown" unit will remain at the Health Unit for the next two weeks.

In charge of the mobile unit are x-ray technicians Sam Smith and Carol Murray, while Bert Johnson and Gordon Jacklin, also technicians, are in charge of the "breakdown" unit.

Response at the Health Unit was said to be "slow" this morning, but had picked up briskly this afternoon.

## Ray Reflects . . . . . . and Reminisces

It is perhaps not at all surprising that so many Prince Rupert persons prefer driving a car to walking. This is actually a small townsite, as cities go. Yet between where one lives and works there is often a long enough tramp. On the other hand it is also true there are numerous instances where distance cannot be more than a few blocks. More regular use of one's legs, and the garage could benefit in more ways than one. Incidentally, it might contribute toward solution of the parking puzzle.

The nearest spot in North America to Soviet Russia is on the Alaska coast, sixty miles away. Another reason for statehood? Or is it?

It's the truth to say more publicity for Skeena is needed in the American northwest. But it's equally a fact to say that throughout the United States and Canada there is a persistent lack of worthwhile knowledge. Tens of thousands live a lifetime without going beyond their own borders. Perhaps this is least noted in the far north east of the United States. There,

compact, small, long settled and practically one people, New England and the Maritimes are close as well as good neighbors. A century of inter-marrying, trading and job-rustling saw to that.

One is said to be as old as he feels. Mr. Churchill, top speaker at the European council in Strasbourg, smokes the usual number of cigars daily (first one before breakfast) and enjoys a few shots of port and brandy before bedtime. There is a suspicion he feels fine. Perhaps he'll stand treat to Old Man Austerity, thereby catching the fancy of an impatient British electorate.

The annual sourdough stampede will take place this year at Los Angeles. The gold rush was on in 1898-99. This is 1949. By all the rules of the game Los Angeles should be a ghost town.

Doubtless the handiest weapon on earth with which to commit murder or take a life, is the revolver, and it is for this reason the plea is heard once more to make the possession of one, an extremely difficult matter. It might be argued something else could take the place of a gun, where police are concerned. It might even be suggested that the revolver is out of place in modern war. Meanwhile, in maybe eight out of ten homicides, there's a pistol in the background.

## Battery and Legion Even

Friday night's game was the second of the Mobley Cup series and makes the standing to date as follows:

	W	L	D	F	A	P
Battery	1	0	0	4	1	2
Legion	1	0	0	2	1	2
Gen. Motors	0	0	2	2	6	0

The Legion attacked early in Friday night's game and Murray's centre went close. The Motors defence was severely

tried and Lien relieved by beating Murray, only to have Greer cross a beauty that was barely scrambled away. In another Legion attack a penalty kick was awarded the Legion but Smith shot straight at Boulter who saved easily. Armstrong set up Murray who shot wide. The Motors attacked and Owens crossed a ball that Currie just failed to control. Then Price took a great free kick from thirty yards out. It hit the crossbar and rebounded into play. Back came the Legion and Smith was just wide. Baxter was stopped with difficulty and then Boulter was very quick to clear. Lien sent the Legion back and, in the ensuing attack, Eby handled the ball. Bishop took the penalty kick but drove over. A moment later Bishop did well to head away Baxter's centre. Sunberg at one end and then Lien at the other cleared. Motors forced two corners taken well by Currie and Owens respectively but both were cleared. Price defended well and Lien came to the rescue after two mis-kicks by the Motors. Bishop made a clever run but Currie wasted the opening. Eby did well to stop a Motors attack. Half time found the score sheet blank.

Still playing in the second half with only nine men but with the hill in their favor the Motors were on the defensive at once but J. Wilson and Lien cleared. Halvorson came to the rescue and relieved the pressure but Wyatt returned the ball. Pat Wilson made a fast and clever run but the Legion defence squeezed him out. Boulter again saved his team when he blocked Smith after his defence head mis-kicked badly.

## RUPERT GIFT TO NEWFOUNDLAND

ST. JOHN'S Nfld. — High schools here have received a plaque from Prince Rupert—most westerly city in Canada. The plaque was made by students at the Booth Memorial High School in Prince Rupert as a greeting to the most easterly city in Canada.

Krause had to save from Bishop. Lien stopped Baxter and Wyatt proved very effective. Boulter saved a fine free kick by Murray and then Armstrong shot wide. Murray again made a fine run and centre that Wyatt trapped and drove in a great drive but Boulter did a great job in turning it over the bar. A moment later Boulter ran out and blocked Smith when the latter seemed to have the goal at his mercy. Then another penalty kick was awarded the Legion. Armstrong shot hard but Boulter did a grand job in turning the ball over for a corner. The pressure was sure to tell and finally Murray opened the scoring to put the Legion a goal up. Owens missed a good opening by Pat Wilson. Price cleared well but the Legion went two goals up when Armstrong converted Murray's centre. Motors came back and Currie centred well for Pat Wilson to trap the ball and place it well out of Krause's reach. Bishop a moment later fed Wilson again and it took the combined efforts of the Legion defence to check him. Eby blocked Bishop. Nelson was clever but Lien cleared. Krause saved Currie's long drive and then Motors had all kinds of luck when the ball hit the upright and came out only to be turned back again, at last being scrambled away. John Wilson drove back another attack and full time came with the Legion winning by two goals to one.

## Ketchikan Baseball Series Rained Out

For the second time this summer, a proposed Ketchikan-Prince Rupert baseball series at Prince Rupert was washed out at the week-end. When rain clouds gathered thickly yesterday morning, the Ketchikan team, which had planned flying over, was advised to stay home and the games which were to have been played afternoon and evening were called off.

Sunberg, Eby, Wyatt, Nelson, Greer, Baxter, Bowman, Smith, Armstrong, Murray.  
General Motors—Boulter; J. Wilson, Lien, Price, Bishop, Halvorson, C. Currie, Pat Wilson, Owens.

Referee — S. P. Woodside; linesman, Morgan, Karasofsky. Krause played well in goal. Eby was his usual strong, reliable self. Nelson showed a lot of class at centre half but found the opposition taking nothing lying down. Wyatt was very effective and Greer hard to beat. Of course they had only three forwards to check. Murray was the best forward, crossing good centres and getting a good goal. Armstrong was a good playmaker. Smith was always driving hard. Bowman and Baxter were neat but were not able to capitalize on any move.

Boulter was exceptionally good in goal. It must be a record for a goalkeeper to save two penalty shots in one game. Lien and J. Wilson put up a most tenacious defence and they were continually under pressure. Bishop was very clever at centre-half and must have been tired out at the end. Price broke up many an attack and his powerful kicking relieved many an awkward situation. Halvorson was an effective obstructionist and probably saved two goals. Wilson was the best of the three forwards with lots of speed and fight. His goal was good. Currie had a big job trying to be the whole wing and his goal-producing centre was fine. Owens had hard luck with some of his crosses though he did miss a great chance.

It would seem that some of the General Motors players might have made a bigger effort to play, and not leave the work to nine players. To those who were working there is no criticism but there was a feeling among the loyal nine that they are not getting the support they deserve.

Here with his well-known service boat Silene which has had improvements made which have virtually transformed her, Skipper Bob Frizzell is in port. He arrived at the week-end via Queen Charlotte Islands and Alice Arm with a party of commercial travelers and will leave for Vancouver tomorrow.

OFF ON A THREE-YEAR CRUISE—Marcel Bardiaux, French Kayak champion, and yachtsman, is ready to follow in the footsteps of Magellan, in his dream boat, the "Quatre Vents" (our winds), in which he is shown with his wife. His global voyage will take about three years and will lead him across the Atlantic to South America, the Straits of Magellan, across the Pacific to the Marques Islands, Australia, Java, Sumatra, the Indies, Madagascar and the Cape of Good Hope. The boat was finally launched recently on the Marne, near Paris, after six long years of construction, many hardships and various interruptions. Bardiaux started construction under the German occupation of France. He traded his tobacco rations to procure lead for the keel and butter which he managed to get through various foraging tours, was traded to metal merchants.

TAKE OATH AS PANAMA PRESIDENT—At a Panama City ceremony, First Vice-President Dr. Daniel Chanis (left), 57, is sworn in as provisional president of the Republic of Panama by Chief Supreme Court Judge Rosendo Jurado. Dr. Chanis is replacing President Domingo Diaz Arsemena, 74, who is suffering from a heart ailment. The latter was granted six months' sick leave.

## ANNUAL CADDY

(Continued from Page 1)

Totem Pole championship course Sunday was won by Blake Sinclair of Toronto who carded a 73. Runner-up was Keith Walker of Edmonton who turned in a 82.

Consolation prizes went to Don Esson of Toronto and Paul Summerskill of Cornwall, Ontario.

Emblematic of the annual Caddy Championships is the Thomas Dakin R.C.A.F. Memorial Trophy which was donated in 1942 by Dr. and Mrs. Glen Greenwood of Evanston, Ill. Thomas Dakin was the son of Dr. and Mrs. W. A. Dakin, of Regina, Saskatchewan and was a popular caddy here at Jasper prior to his enlistment in the R.C.A.F. He paid the supreme sacrifice early in World War Two.

## Seasonable Ideas for Housekeepers

### COOL DRINKS FOR THIRSTY WEATHER OF AUGUST MONTH

Here's to August, a long month of soft warm days. That urge to relax in a comfortable lawn chair or sink into an inviting hammock is almost irresistible. A trayload of cool, frosty glasses is always in order for between-meal refreshment and casual entertaining.

Tinkling glasses of well-iced fruit drinks are true thirst-quenchers, whether made with one or with several fruit juices combined. Almost any combination is good if well chilled. Tall glasses of fruit punch will clink and sparkle with colored ice cubes. Rhubarb, raspberry, grape and plum juices are wonderful colors for ice cubes and also add flavor as they melt. A few drops of green food coloring added to plain water will supply a trayful of frosty, green ice cubes. Garnishes of mint leaves, fresh berries or paper-thin slices of lemon are a pretty touch with fruit drinks. Tumblers can be given party dress by dipping the rims in egg white and then in sugar.

For convenience in sweetening cold beverages, make up a jar of light sugar syrup. One cup of sugar and two cups of water make about two and one half cups of syrup. This thin syrup sweetens in a jiffy and avoids the difficulty and waste of undissolved sugar crystals in the bottom of glasses or serving pitcher.

Milk drinks help to solve the problem of getting plenty of milk into the diet of both children and adults. Color and added flavor always appeal, particularly to the junior members of the family. Every child loves milk shakes so they are delighted to make their own. A cup of milk and two tablespoons of flavored fruit or cocoa syrup poured into a pint sealer, sealed tightly then shaken well makes a delicious frothy drink. Pouring it into the glass is half the fun. If straws are provided, they add much to the child's pleasure.

Home economists of the Consumer Section, Dominion Department of Agriculture, suggest these recipes for delicious and chilly refreshments.

#### Grape Mint Cooler

1 tablespoon finely chopped mint leaves  
1 cup boiling water  
2 tablespoons sugar  
2 cups grape juice  
2 cups gingerale  
Cracked ice

Four boiling water over chopped mint leaves, add sugar and let stand one hour. Strain, add grape juice and chill. Just before serving, add gingerale and pour over cracked ice. Garnish with a sprig of fresh mint. Yield: six servings.

#### Raspberry Vinegar

1 quart box raspberries (4 cups)  
2½ cups cider vinegar  
Sugar

Place berries in a bowl, cover with vinegar and let stand about 24 hours. Crush, strain and measure juice. Add equal quantity of sugar, bring to boil and boil 10 minutes. Bottle.

while hot. Yield: 2½ cups.  
Serve diluted with cold water to taste and pour over crushed ice in tall glasses. Yield: 18 servings.

#### Current Flip

1 quart box red currants (4 cups)  
Water  
¼ cup sugar  
3 egg yolks  
Gingerale

Wash currants, stem and measure. Add one half cup water for each cup currants. Bring to boil and boil, covered, 15 minutes. Crush and strain through a moistened jelly bag. Add sugar to juice, reheat to boiling point. Chill. Stir one cup juice into three well-beaten egg yolks. Pour into six tall glasses over cracked ice. Fill glasses with gingerale and serve at once. Yield: six servings.

## BEAR TAKES OFF AS MAN BRINGS GUN

A large black bear which invaded the Seal Cove district of the city on Saturday escaped Nemesis because he happened to time his movements so that he was somewhere else when Maurice Teng, local transfer operator, went gunning for him.

Bruin, who apparently, visited the city on a berry foraging expedition, crossed Mr. Teng's path twice during the day, but the third time he was absent when Mr. Teng went looking for him with a gun.

"He was the biggest bear I ever saw in my life and I had a couple of good opportunities to shoot him—but I had no gun," he said. "When I got a permit to carry a gun and picked up my rifle, I couldn't find him."

The bear was first seen Saturday morning on Seal Cove Circle near its junction with Seventh Avenue East by Mrs. B. J. Fortune who was walking along the road. Mr. Teng came along in his truck, drove up Seal Cove Circle. The bear cut across for Seventh Avenue and Mr. Teng doubled back. He last saw the huge animal heading over an embankment in a southerly direction.

At 1 p.m. Maurice picked up his father, J. A. Teng, and the two went to the end of Eighth Avenue where they spotted the bear below a cliff. That was too much.

They went to Game Warden Ed Martin who issued them a permit to carry a rifle. Maurice picked up his .32 calibre gun and went on a bear hunt.

Apparently, however, Bruin had got warning of his deadly intent and disappeared.

The bear was one of several which have come down from Mount Hays to partake of the lush crop of wild berries which are now ripe in the flats behind the city. Several others have been reported seen along Eleventh and Ninth Avenues. Last week a bear and two cubs crossed McClymont park while a number of children were playing there. A search of nearby bushland by Game Warden Martin and his assistant, H. R. Walmsley failed to reveal their whereabouts, however.

## STILL PAYS THOUGH 'DEAD'

MONTREAL. — Robert Toupin may be "dead" but a judge decided he still has to support his family. Toupin appeared in court to say that he stopped payments to his wife and three children when he learned his wife declared him dead when she put the children in a convent. The judge wouldn't have any part of his argument.

## SIXTY-SEVEN ENTERED IN "MOST PERFECT CHILD" COMPETITION

When the final entry was received at the week-end for the Civic Centre Carnival's Most Perfect Child contest it was found that 36 girls and 27 boys, a total of 63 contestants, were vying for the honors and the \$100 Education Bonds. The winning boy and the winning girl will be crowned Junior King and Queen of the Carnival at a ceremony to be held on Kiddies' Day this Thursday evening. The judging will take place on Tuesday evening and will be based on appearance, health, beauty and personality. The children will not be required to wear any specified type of clothing, it being left to the judgment of the parent as to how each entrant will be dressed.

There will be twelve judges—a cross-section of public opinion representative of the medical profession, Public Health Service, and leaders of various Women's groups. Judging is done on a point basis and each judge will turn in a score for each child. The scores will be totaled and the children having the highest score shall be judged the most perfect. Following is a list of child entrants:

Girls—Leslie Arnie, Lorna Jean Bellis, Carole Louise Blanchard, Sharon Bolam, Diane Bremner, Beverly J. ## CITY YOUTH RETURNS FROM CADET CAMP

Tanned by a fortnight's activity under the hot sun of the Ottawa valley, 16-year-old Petty Officer Billy Toderas of Captain Cook Corps of Sea Cadets has returned home after attending the Empire Sea Cadet Camp at Choisy, Quebec.

Selected by a board of judges to represent the local corps at the empire meet, Billy was one of 11 British Columbia Sea Cadets who attended Camp Ewing on the Ottawa River, 40 miles northwest of Montreal. At the camp were 153 cadets from Canada, the United Kingdom, Sweden, New Zealand and Australia.

"We specialized in sail boat operation on Lake of Two Mountains, a wide part of the Ottawa River," Billy said. "We also had instruction in swimming."

A sudden squall once swamped most of the fleet of sail boats on the lake but Billy was not aboard any of them at the time. He was just preparing for a sail when the squall struck and his boat was prohibited from going out.

"All the boats but three were capsized," he said. "Some of the fellows lost clothing and wallets but nobody was injured or drowned."

A feature of the two-week camp was a march-past in which the smartly-trained cadets paraded before Hon. Brook Claxton, Minister of National Defence, and Vice-Admiral Grant, director of the Navy League of Canada which sponsors the Sea Cadet movement.

With the 80 Canadian Cadets were six from Sweden, 48 from the United Kingdom, 16 from New Zealand and three from Australia. The New Zealanders distributed souvenir pennants to their fellow cadets and put on an exhibition Maori war dance.

The United Kingdom Cadets brought with them two ship's bells, one of which was presented to Mr. Claxton and the other to Camp Ewing. A competitive trophy, a replica of Nelson's monument in London, also was brought by the British Cadets.

"They certainly treated us well," said Billy. "Following the march-past, we had a concert by an Air Force band which had played at the ceremony. There also was a dance."

The Cadets were taken on tours of Montreal and Ottawa. At the Capital, they were guests of the Dominion Experimental Farm for supper and also of the Ottawa Chapters of the Imperial Order, Daughters of the Empire, which gave a party in their honor.

As souvenirs of his stay at the camp, Billy has a Sea Cadet lapel button and a jacket with the Sea Cadet crest.

## PORT EDWARD GIRL ATTACKED CRIMINALLY

Provincial police at Port Edward are seeking a man who reportedly criminally attacked a 13-year-old girl on Saturday. Details of the alleged assault are scanty.

The girl, apparently seriously injured by the attack, was taken to hospital here Sunday and is still in hospital. Her condition is said to be improving although

police reported she was conscious this morning. Police were reluctant to discuss the case, saying it would have more details later. However, they received a report that the person who attacked the girl was apparently not yet been apprehended.

Carrying 106 passengers, the Union Clipper arrived at 2:30 this afternoon of her seven-day trip from Ketchikan and will tomorrow southbound.
