Lutheran Congregation at Bella Coola Goes Over to United

Church history was made at Bella Coola last week-end when a Lutheran Church, with its entire congregation, went over to the United Church of Canada. The occasion was the admission of Augsburg Lutheran Church to the Prince Rupert Presbytery of the United Church. Rev. W. B. Willan, president of British Columbia Conference; Rev. W. P. Bunt, superintendent of home missions; Rev. H. S. Forbes, president of Prince Rupert Presbytery, and other United Church dignitaries were on hand for the precedent-shattering proceedings in connection with the admission of the new church.

Special services marked the occasion, centering on a reception and communion service held on Sunday afternoon in Augsburg Church when the act of reception was formally consummated.

Mr. Willan received the church and people in the name of the Church from Norman Saugstad representing the congregation. Then the members of the Augsburg Church joined with the members of Prince Rupert's Presbytery in Holy Communion at the altar rail. Thus did the Augsburg Lutheran Church become the Augsburg United Church.

Charter members of Augsburg United Church are Edwin Petersen, Torger Olsen and John L. Nygaard, deacons; Peter Saugstad and Olaf Odgaard, trustees; Gurb Saugstad, secretary; Esdon Gordon, Carl Pedersen, Edel Hammer, Anna Livelton, Theodor Livelton, Gudrum Livelton, Louise MacKay, Camilla Nygaard, Doris Odgaard, Anna Petersen, Orpha Solhjell, Louis Svisdel, Shirley Saugstad, Norman Saugstad, Stene Saugstad, O. Urseth and Anna Urseth.

"MISS CANADA" GIVES IT UP

PICTON, Ont. —Hard-luck Harry Wilson, who has been dealt some pretty poor cards in his effort to break the world's speedboat record, finally yesterday abandoned his speed trials in search of the record although he had received a telegram telling him he had an unlimited extension of time to try to establish a new world mark for inboard racing boats. The telegram arrived from Art Bobrick of Los Angeles, chairman of the Inboard Racing Commission of the American Power Boat Association, just four hours before Wilson's arbitrarily-set, four-day deadline was finished.

Shortly after sunrise Wednesday Wilson took his Miss Canada IV over an official run, averaging 135.8 miles per hour, nearly six miles less than the record.

Yesterday's abandonment finale came when the Miss Canada IV was taken in tow after breaking her propeller shaft.

Miss Canada IV lacks the finishing power to become the world's speedboat champion. This is the simple black-bordered story of his five-day world trials which ended for the 2509 h.p. craft with the \$100,000 price tag.

Miss Canada with all the potentialities of a world champion but dogged by continual trouble, thus ended her 1949 bid for a world record.

BOUND FOR MAJORS—Sammy Jethroe, star centrefielder for Montreal Royals in the International League, has been sold for cash and players to the National League Boston Braves after smashing base-stealing records this season and playing a prominent part in Royal's climb to a Little World Series berth. General Manager Buzzie Bavasi of the Royals won't tell Jethroe's selling price, said to be one of the highest ever paid for a baseball player. (C. P. Photo)

JACKIE ROBINSON SALE IS DENIED

WASHINGTON — The Washington Times - Herald said today that Jackie Robinson, National League batting ace, had been sold by the Brooklyn Dodgers to the Boston Braves for \$250,000 and two players, Boston officials deny the story.

TEN YEARS FOR 'TOKYO ROSE'

SAN FRANCISCO — Iva Toguri d'Aquino was sentenced to ten years imprisonment and a \$10,000 fine in federal court yesterday for making the treasonable "Tokyo Rose" broadcast from Radio Tokyo in wartime. The woman took the sentence calmly.

The California condor has a wingspread of eleven feet, weighs twenty-five pounds and is the largest bird of prey in the United States.

Three Homers Fail To Win For Luckless Bums

Ninth Inning Explosion Meant Victory For American Leaguers Today

EBBETS FIELD (CP)—Big Johnny Mize's two-run single topped a New York Yankee ninth inning explosion that barely survived a dying gasp double header blast by the Brooklyn Dodgers today for a 4 to 3 victory in the third World Series game. The Yankees now hold a two games to one edge in this thrillingly tight climax to a sensational Big League season. The series goes to the best four out of seven games.

Mize's blast off the screen atop of the right field wall broke a one-one tie between Ralph Branca and Fireman Joe Page. As it turned out, it wasn't enough to win. Jerry Coleman's single to centre, back to back with Mize's blow, drove in the run that was to be the clincher on this murky day.

Taking a 4 to 1 lead in the last of the ninth, Fireman Joe was riding easily but two homers by Luis Olmo and Roy Campanella, suddenly erupted the calm. Needing only one run to tie, but with two men down, Bruce Edwards came up to pinch hit but took a third called strike from Page.

Manager Casey Stengel went out to the mound to talk with his relief ace after Campella's homer but he decided to start with Joe and he never made a better move.

Olmo's clout came unexpectedly with only one out and nobody on. Then Page who replaced starter Tommy Byrne in the fourth, whiffed Duke Snider. Campanella blast, just making the grade over the rail atop of the left field wall, followed.

Branca, pitching magnificently, had retired thirteen men in succession from the fourth to the ninth innings when he hit rocky going. A base on balls to Yogi Berra on a three-two count started trouble. When Branca retired Joe DiMaggio on a foul pop, it looked as though he was in the clear for there were two gone. However, Bobby Brown sliced a single to left and the bases were jammed when Gene Woodling drew a pass, also on a three-two count.

The Dodgers got their other run on Pee Wee Reese's fourth inning homer.

WEST GETTING TOUGHER

WASHINGTON, D.C.—In a new rough-talking, tough-acting mood, the Western Powers may make Berlin the scene of the next move in the heated dispute with Russia over Germany. Diplomatic officials say that Great Britain, the United States and France are considering adding zones of Berlin to the Western German republic to counter the creation of the Communist-run government of Eastern Germany.

APPEALING DECISION

MONTREAL—A Canadian Pacific Railway spokesman said today that the company had asked the Board of Transport Commissioners for leave to appeal to the Supreme Court of Canada "on a question of law" in connection with the recent freight rates increase. The Board recently granted the railways permission to increase their freight rates by eight percent. The spokesman said the application would be heard by the Board October 17. He did not say what was "the question of law" involved.

SNOW HAMPERS SEARCH

EDMONTON—All-night snowfall today hampered Royal Canadian Air Force search operations for James Landells, 23-year-old Edmonton man, who is missing since Wednesday in the northern unchartered lake area straddling the Alberta-British Columbia border. An R.C.A.F. Dakota which left Fort St. John late yesterday to sweep the area was forced to turn back by a snowstorm. Search planes were expected to be out again later today.

There are nearly 500 species of humming birds and they are found only in the New World. They are tropical but in warm weather, and the season of flowers, they migrate as far north as Alaska, and as far south as Patagonia. Our country makes an acceptable summer home for about sixteen species.

Politics First

ALL POLITICAL PARTIES in Britain are now looking to their election machinery. The keenness of their scrutiny has been sharpened by the debate on devaluation. The result was much as might have been expected, with the opposition parties mustering as large a vote as there has been in this Parliament against the government.

In calmer quarters than Westminster has been these last few days, the question is being asked why, at a time of considerable national emergency, disputatious party politics should be allowed to arise instead of a closing of the ranks to meet the emergency. The answer is that the classic progress of government in Britain is at work, as it must be more patiently than ever in the few months before the general election, and that the parties are doing their duty by their country, as they are entitled to see their duty, in holding themselves out as better able to run the country than are their opponents.

The spectacle may not edify the philosophic eye. But philosophy is at discount when a general election is in the offing. And Members of Parliament, whose holiday has been interrupted to debate the state and prospects of the nation after devaluation, are more concerned, looking back at the debate with the electioneering material it provided, and with the significance to be drawn from the flashing and bitter Parliamentary duel between Church and Aneurin Bevan than with the more direct economic lessons for the country's future to be drawn from it.

A sober observer of the British political scene might say that, however long this Parliament may drag on, it is now plain that its useful work is virtually ended, and that the date of the election is the question in which members are now mainly interested.

The decision is entirely a personal one for Prime Minister Attlee. He may take the views of his colleagues in the Socialist Party—not of the Cabinet as such—but must make the decision himself. And there is no knowing what he may judge it best to do. Clearly, there are various opinions in the Socialist Party as to the best time to choose. The weekly journal "Tribune" which is often said to reflect the views of Aneurin Bevan—his wife is on the editorial board—is urging "let us have the election now." And similarities of sentiment have been remarked between the article in which that is argued, and the highly charged speech that Bevan made in the House in the devaluation debate—without once mentioning the word devaluation.

The Conservatives and Liberals, since they have not to choose when to have the election, could be free to say when they would like to have it, but they do not say so for fear of giving hints to the Socialists about their own ideas of their own preparedness for battle. For the Conservatives, something may emerge from their party conference which is to be held in London on October 12—a date which the other parties have carefully noted. Election issues are beginning to take shape.

LOVE FINDS A WAY—When immigration regulations of United States and Canada prevented two Czech displaced persons who fell in love several years ago from meeting either in Canada or the United States, they solved the problem by meeting on the Maid of the Mist, excursion vessel plying the waters of the Niagara River below the falls. Kitty Kleiner left Czechoslovakia several years ago to go to the United States to study psychology. Her visa expired and she intends to become a U.S. citizen. Until she does, if she comes to Canada she may not be able to return to the U.S. Dennis Chruslansky came to Canada but until he becomes a Canadian he can't leave the country. Here the couple are shown at the wheel of the river vessel on which they arranged to meet. Capt. C. A. Keech is at left. (CP Photo).

An interesting visitor to the city this week was George R. Wickman, Mayor of Glendale, California who stopped here from the south with Mrs. Wickman. They sailed last night on the Prince George enroute back to California.

Women of the Moose met Wednesday night in the Moose Temple with some regulars. Mrs. Murray Mayor in the chair. There was a good attendance. Christmas gifts for the children of Mooseholers will be brought in the next meeting.

LETTERBOX

T.B. IN HOSPITALS

Editor, Daily News: An article entitled "Is Your Hospital Spreading Tuberculosis?" appears in the October issue of companion. I, myself, had been of the opinion that competent safeguards were applied. Also I called the attention of two friends to the article and they likewise believed there had been safeguarding.

But is such the case? I will quote: "Mrs. J. S. is in a tuberculosis sanitarium. It will be three years before she can return to her family. . . . But the baby is dead. . . . It could happen to you too if you believed as Mr. and Mrs. S. did that good hospitals are doing everything science knows of to protect the health of their patients."

"Mrs. S. went to a good hospital to have her fourth baby. After admittance she was given a routine examination, blood count, urine analysis and blood serology count but not a chest x-ray although it would have cost no more than 50c. . . . And the woman in the next bed didn't get a chest x-ray either. That woman had tuberculosis."

"Between 90,000 and 250,000 such tuberculosis patients are being admitted every year to general hospitals throughout the United States. (Possibly in Canada in proportion). Most are not given special treatment. They spread their disease to fellow patients, doctors, nurses and attendants."

The article is too long for even sketchy reproduction but allow me to state a few facts as given in the article. In nine out of ten hospitals this precaution is not taken. Background where tuberculosis can be fought most advantageously and at low cost, the hospital admission room is overlooked or deliberately ignored. However, several outstanding hospitals are using x-ray on admission. Experience: St. Elizabeth's Hospital, Schenectady, closed x-ray installed November 1947 in one-and-a-half years x-rayed 7,000 patients and 91 cases in tuberculosis were found. In some cases treated for other ailments bilateral tuberculosis proved to

be the cause of the trouble. At the hospital mentioned above over 1000 heart disorders were located through the chest x-ray.

Surveys have shown from one to two percent of the population to be affected by tuberculosis; among nurses from 2 1/2 to 8 1/2 percent while among hospital employees tuberculosis is one of the most common occupational diseases. Compensation boards have ruled that tuberculosis, when found among hospital employees, is to be automatically regarded as an occupational disease.

A survey of the entire United States has shown that less than 60 out of a total of 4,589 hospitals have installed chest x-ray for admission.

John Hopkins University Hospital x-rays all its patients. When the patient load is relatively light, 1400, x-ray cost is 34c and when the load is heavier, 2100 the cost is only 25c.

Ray Reflects and Reminisces

The contributor to this chaste column is doing his best to be lazy just now. Getting up early is spurned. Lack of creases, as well as kicks in the pants are given lordly disdain. Oh it's grand to scan the October landscape where the Skeena and Bulkley meet, stop worrying over things you can't help and let the world and its woes go hang.

The suggestion has been heard in Ottawa that, if more useful metal is to be discovered in Canada, sourdoughs should have more co-operation. One member favors a \$500 annual grant. It is indeed true that were it not for the men who roam the hills, endure hardship and sometimes risk life, this country would be millions the poorer.

Almost every evening, usually between six and six-thirty we hear the band of the Irish Guards to which there is not the slightest objection. But it would be pleasant now and then to hear Irish music, if only for a change

Memorial to a Soldier of Peace

The memory and work of Count Folke Bernadotte, U.N. Mediator
in Palestine who was slain in Jerusalem a year ago, is now perma-
nently honored at United Nations headquarters by a bronze tablet.
Here U.N. Secretary-General Trygve Lie, in a simple ceremony,
unveils the tablet. Behind him are Dr. Ralph Bunche, who carried
on Count Bernadotte's work in bringing peace to the Holy Land;
Sir Alexander Cadogan, permanent representative of the United
Kingdom to U.N.; and Sven Grafstrom, permanent representative of
Sweden, Count Bernadotte's native land, to the United Nations.

CHANGES DENOMINATION
(Continued from Page 1)

churches of the Bella Coola Val-
ley—Augsborg, Emmanuel (nat-
ive) and Mackenzie, gathered in
sumptuous banquet in Lobelo
Church Hall. It was the first oc-
casion that the three congrega-
tions had come together in the
21-year old hall.

Norman Saugstad was master
of ceremonies and the principal
speakers were Chief Poutlas,
whose address was in the Chin-
ook language; Rev. R. H. Mc-
Coll of the mission boat Thom-
as Crosby; Isalah Gurth and
Rev. L. G. Sieber with Timothy
Starr as vocal entertainer and
Mr. Davies of Bella Coola giv-
ing a brief piano recital.

Mr. Saugstad was Master of
Ceremonies and in his remarks
said it was the first such gath-
ering of all church folk in the
hall in 21 years. There were
about 200 people at the banquet.
Those who were called upon to
speak were Chief Poutlas, who
spoke to the gathering in Chin-
ook; Rev. H. S. Forbes, chairman
of presbytery; Rev. R. H. McColl

Missionary skipper of the Thom-
as Crosby IV; Mr. Isalah Gurth
of Bella Coola Valley; Rev. Law-
rence G. Seiber of Prince Rup-
ert. Mr. Timothy Starr of Kita-
maat sang delightfully, and Mrs.
Davies of Bella Coola gave a
brief recital.

During the evening fine words
of appreciation were spoken to
Rev. L. Schuetze, newly induct-
ed into the Bella Coola Charge
and minister of the United
Church to all the churches in
the valley.

The native church folk of
Emmanuel Church entertained
the Presbytery at a banquet in
their Hall Saturday evening.
Folk from all over the valley
were in attendance and enjoyed
many speeches and the singing
of Mr. Timothy Starr. Chief
Poutlas spoke in Chinook tell-
ing the story of his own Chris-
tian faith and urging all to ac-
cept the Bible as their guide
through life, and Jesus Christ
as Saviour. During the evening
the native folk presented a very
generous purse to Rev. A. J.
awton, treasurer of Presbytery,
to assist in financing the meet-
ing.

SETTLEMENT OF
STRIKE SOUGHT

WASHINGTON, D.C. (AP)—Lanky
Canadian-born Cyrus Ching,
chief mediator from the United
States government, tried his
best today at coaxing soft coal
mine operators and John L.
Lewis, president of the United
Mine Workers of America, into a
strike settlement. Prospects
looked poor.

Negotiations for a new coal
contract recessed indefinitely
at White Sulphur Springs and
Bluefield, West Virginia, so the
government could bring the in-
terested parties together here.
