Alaska Railway Would Cost Two Hundred Million Dollars

Special Edition of Daily News Releases Local Publicity Body

A special edition of the Daily News released today is, in the opinion of the Prince Rupert Publicity Council, excellent publicity for this city. The regular meeting in the city council last night, members decided to obtain copies of the special edition to certain key points in Canada and the United States.

Mr. Hammond stated that transferring operations are running and he can see no reason why more than three trips are necessary. It was disclosed earlier that four trips by the Northern Express, in command of Capt. O. Sorenson, would be required. Actual drilling operations, expected to commence early in December, will be in the second trip included the derrick, a mud pump, draw works, a heavy duty International truck, station wagon and jeep.

Mr. Hammond left by plane for Sandspit yesterday and will be in Vancouver tonight. He then plans to leave for his home office in Calgary.

Oil drilling activity will be welcomed on the Queen Charlotte Islands where at this time of the year, the fishing and other industries usually slacken off.

Twelve cars of oil drilling equipment is being moved to Skidegate. The cars arrived here from Edmonton about a week ago.

Transferring the shipment is quite a job in itself, apart from getting everything landed, and started on test well-drilling.

The harbor of Acapulco, in Mexico, where the luxury cruiser Corsair was lost recently, after having stranded is well remembered by Oscar Smith, Collector of Customs at Prince Rupert, and well known old timer. Mr. Smith has several photographs, taken at Acapulco in 1910, when he was serving in the British Navy. The spacious harbor has long been regarded as an excellent one, and the difference between now and as far back as 1910, is most impressive. In the latter year, the dock, according to the pictures was a makeshift affair, and not to be compared with the solid and up to date accommodations provided today. Acapulco has become a modernized and progressive community.

CO-OP GETTING NOTED VISITOR

Commencing a ten-day tour of British Columbia fishermen's co-operatives, Dr. (Monsignor) M. M. Coady, director of the extension department of St. Francois Xavier University at Antigonish, Nova Scotia, and president of the Cahadian Association for adult education, will be a visitor of more than usual interest in Prince Rupert at the end of this month. His principal engagements here will include a public meeting in the Civic Centre Auditorium on the night of November 30 and an address at the tenth anniversary banquet of the Prince Rupert Fishermen's Co-operative Association on December 1. Dr. Coady will be arriving by train on November 29 and will leave by steamer on December 1 for Vancouver to fill several engagements down the coast.

Dr. Coady has a widespread reputation as an economist, particularly in regard to the fisheries and co-operatives. In 1928 he was a member of a royal commission which investigated the fisheries of the Maritimes and recommended federal assistance for the establishment of co-operative marketing organizations. One of the results was the establishment of the extension department of St. Francis Xavier University of which Dr. Coady was made head. Another result was the giving of federal aid in the way of a grant from the Department of Fisheries for an adult education program on co-operatives and credit unions.

Dr. Coady received international recognition when he was appointed to speak before a committee of the United States Department of State delegated to study means of effecting President's Truman's plan to assist backward areas of the world. He also appeared before the sub-committee of the United Nations economic commission and addressed the United Nations Conference on conservation and utilization of natural resources at Lake Success.

"One of Canada's ablest men" is the tribute paid to Dr. Coady by Hon. Robert Mayhew, federal minister of fisheries.

Extra Copies of Special Available

Extra copies of the special international edition of the Daily News are available for those who desire them. They may be picked up at the Daily News office or they will be mailed at a price of 10c per copy which will cover the mailing charge.

NEPHEW OF CZAR TO SETTLE IN CANADA—Tihon Kulikovski, a nephew of the late Czar of Russia, and his Danish-born wife, are shown on their arrival in New York aboard the Gripsholm. Kulikovski's mother, Grand Duchess Olga, who is sister of the late czar, is living in Campbellville, Ont. Kulikovski also will settle in Canada, where he has bought a farm.

ROTARIANS TO EXCHANGE CARDS

A trans-Atlantic Christmas handshake will be exchanged between Rotarians in Prince Rupert and Poole, England, maintaining a traditional friendship between the two clubs.

Fred Scadden, city Rotarian, whose visit to the Poole Club two years ago cemented a warm friendship between the two clubs, passed out names of Poole Rotarians to members at the weekly Rotary meeting at the Broadway Thursday afternoon and requested that Christmas cards be sent to each.

A 17-ounce Christmas cake has already been set by Prince Rupert Rotarians to their fellows in Poole, Mr. Scadden said. The Christmas cake gift replaces an original proposal to send gifts to an old peoples' home supported by the Poole Club. Residents of the home are adequately provided for, local Rotarians were advised.

Entertainment program at Thursday's meeting took the form of a film showing at the Capitol Theatre by Sgt. L. A. N. Potterton, who displays a film of the Saskatchewan air ambulance and on Australian wild life.

Guests at the meeting, welcomed by President R. G. Van der Sluys, were E. H. Church, Vancouver and Sub-Inspector G. A. Johnson, Police Coupe

Comma Could Mean Fortune

VANCOUVER—Alfred Seigerstrom has his fingers crossed. A comma may be worth \$99,000 to him. The comma might change a \$1,000 legacy from James Thomson, millionaire hotel owner, to \$100,000.

Mr. Seigerstrom, manager of Thomson's beer parlor, was included in the \$900,000 will of the hotel owner.

In the will an amount was written "\$1,000.00." First interpretation tagged the second comma as being meant for a period but Gilbert Campbell, fireman and chief heir, who is due for an amount of about \$300,000, says he remembers an unsigned copy of the will stated that Seigerstrom was marked down for \$100,000.

Because no other amounts given in the will included the "cents" column, legal opinion is that the court would probably uphold Seigerstrom's claim.

Flash

BRITISH BUYING CUT
VANCOUVER—For the next few years the United Kingdom will not buy anything in Canada it can do without, M. W. Mackenzie, deputy minister of trade and commerce, said last night. The effect of reduced British buying in Canada would not be felt evenly across the Dominion but British Columbia would probably "feel the impact" rather more than other parts of the country.

WAS SEX CRIME

VANCOUVER—Mystery of the death of Fernie Blanche Fisher, 45-year-old store clerk, was yesterday established as a sex crime. Her body was found floating in False Creek November 9. She had vanished from her home twelve hours earlier. Dr. T. B. Harmon, coroner's pathologist, told the inquest jury that "she had been violated, judging by multiple bruises from head to feet."

CONFIDENTIAL INFORMATION

OTTAWA—Western Tories have "very confidential sources of information in Russia," External Minister Pearson told the House of Commons external affairs committee today.

VICE-PRESIDENT WED

ST. LOUIS—Vice-President Albin W. Barkley of the United States and Mrs. Carleton S. Hadley were married today in a ceremony climaxing a romance that has been in the public spotlight for the past four months. The vice-president, who will be 72 next Thursday, and his attractive 38-year-old bride were wed by Bishop Ivan Lee Holt of the Missouri Methodist Church.

AIR PASSENGERS

To Vancouver—C. Anderson; Mrs. V. Parker, J. Munroe and F. Brown.

To Sandspit—F. K. Richardson and Mrs. H. Helin.

From Vancouver—J. Wood, H. Helgerson, W. Bravender and M. Rozen.

From Sandspit—M. McKay and C. W. Nash.

Promotion to the rank of Sub-Inspector has been awarded to former Staff Sergeant G. A. Johnson, for three years in charge of the district office of the provincial police here. Transferred to Prince Rupert earlier in the year, Sub-Inspector Johnson was given his promotion as of November 1. With Mrs. Johnson, he is now visiting in the city.

Ottawa Hears About U.S. -- Alaska Link

OTTAWA (CP)—External Affairs Minister L. B. Pearson said today it would cost \$200,000,000 to link United States through British Columbia with Alaska by railway and estimated that such a line would have a \$50,000,000 a year deficit for years. He told Howard Green, Progressive-Conservative member for Vancouver-Quadra, that the government already has surveyed the possibilities but would be willing to discuss it with American authorities in the wake of the right given by Congress to President Truman to take it up with Canada.

Search Plane Is In Crash

TAMPA, Florida (CP)—A B-29 starting out to hunt for the B-29 missing near Bermuda, crashed today bare seconds after the take-off from here. Five of the nine crew members aboard were killed. The other four were thrown clear of the plane and were only slightly hurt.

The plane was from MacDill air base and one of nearly 100 Air Force, Navy and Coastguard planes which have been searching for the bomber which ran out of fuel and crash landed in the sea Wednesday.

Radio signals and flares which were reported last night indicated that there might be some survivors from the missing plane on the sea.

EAST-WEST CO-OPERATION

LAKE SUCCESS—Andrei Y. Vishinsky said yesterday there is common ground for co-operation between east and west but he failed to say how it would be done.

The Soviet foreign minister slipped in a brief reference to co-operation during debate on peace proposals in the 59-member political committee of the United Nations assembly.

The committee was debating Vishinsky's proposal for a big power peace pact and American-British counter-proposal for reaffirmation of the United Nations principles for peace.

INTEREST IN P.T. MOUNTS

Large Attendance at Borden Street to Enjoy Interesting Program

Indicative of increasing interest in Parent Teacher Association activities and objectives the attendance of members at Tuesday evening's regular monthly meeting of the Borden Street School Association was greater than at the previous meeting. An informative and enjoyable program had been arranged by convenor, Mrs. A. Logan, and the audience appreciated to the full the talk on Civic Centre activities by Don Forward, illustrated by films taken in the Centre by Sergeant Potterton. Mrs. G. D. Mead rendered two delightful piano solos preceded by brief explanations that were much enjoyed, and Mike Colussi played three piano-acordion numbers that gave the audience a real treat.

In his talk Mr. Forward reminded those present that it was no exaggeration to say that Prince Rupert's Civic Centre was unexcelled in Canada. He suggested that it was hardly enough for citizens to bring visitors to the city to look over the centre and boast of its value if these same citizens did not become members. The rates for membership are at a minimum and much below fees paid for such inferior services in most cities. Mr. Forward covered quickly the list of activities provided, and stressed the point that even if a citizen could not take part in

A FRIEND IN NEED—This appealing picture of a canine friend-in-need whispering doggy words of comfort into the ear of woebegone school-boy tells its own story. The picture brought first prize in a U. S. amateur photo contest to Lou Gardner of Detroit, Mich.

PREPARING TO CUT TARIFFS

OTTAWA—Canada and thirty-two countries are preparing for a new round of negotiations to reduce tariffs. The main aim, a trade expert said here, is to try and get still further tariff concessions from the dollar-rich United States.

Some concessions were obtained by exporting countries in Geneva negotiations two years ago at Amnecy, France, conference last summer Groundwork for a multi-nation tariff-reducing conference will be planned at a trade-tariff meeting in Geneva next February.

any of them it was still a matter of good business-to become a member. It was a cheap investment in citizenship, a community service that paid incalculable dividends.

Then followed a film depicting many of the activities that were carried on during the past year—Rup-Rec classes and the annual display, handicraft activities and many feet of basketball games including the Globe Trotters' series and provincial championship games.

President Mrs. H. C. Flood presided over the brief business session at the start and with sec- (Continued on Page 2)

SAFE SANE DRIVING IS AIM OF UNIQUE DIVING SCHOOL AT TWIN CITIES' HIGH SCHOOL—For the first time in Canada high school students are being taught to drive safely at the Kitchener-Waterloo Collegiate and Vocational school. Behind the plan are Principal W. T. Ziegler, W. M. Euler, chairman of special education board committee; Bert C. Hall, who supplied car;

Importance of Oil

IN VIEW of the oil drilling campaign which is being instituted on the Queen Charlotte Islands, Prince Rupert takes a direct interest in oil more than merely from the standpoint of its use as a fuel. The monthly letter of the Royal Bank of Canada, which is about to be distributed to the public, contains an interesting treatise on oil from the general economic aspect.

It has had many ups and downs, but oil is so firmly established in our way of life that it will hold the centre of the natural resource stage for many a year to come, says the letter. Hardly any other substance illustrates so well how science and technology may be combined to contribute to human efficiency and comfort.

In many enterprises there is no substitute for oil. It is a primary source of power for industrial nations, and, says an article in the New York Times, regardless of any developments that now seem likely with respect to atomic energy, oil will continue to hold its importance.

Raw materials have always been vital in Canada, and every new source raises our prospects of continued prosperity. Upon these raw materials we have built a superstructure giving employment in the fields of production, technology, manufacturing, transportation and marketing.

Canada has always had to import the bulk of the petroleum products she used. If it should be possible to triple Alberta's production, we should be independent of United States supplies.

Saving United States exchange would be the great national benefit. Alberta, of course, is realizing a large new income as the result of these discoveries. The government revenues have been increased by the sale of crown lands and by royalties on production. There has been increased employment, and business has prospered because of big expenditures for exploration and development.

Oil industry planning is of the long-range kind, and is not a month-to-month operation. Looking ahead, analysts see an increasing demand for petroleum. They say that both as fuel and as raw material for chemical industries petroleum will remain among the leading minerals for many years. Splitting the petroleum molecule into almost every possible combination of its constituent parts has opened up entirely new vistas for scientific exploration, with what expansion of industry we cannot even guess.

PARADOXICAL

FOR THE YEAR ending September 30, the people of Canada have managed to salt away what amounts to \$7,000,000,000 in the shape of bank deposits. And the banks, with an eye to making money work, have loaned more than \$2,000,000,000 to provincial governments, manufacturers, churches, cities, fishing interests and districts. Both the deposits and loans are higher than what they were a year ago.

Yet from one end of Canada to another, there are complaints, of course—living costs, lack of employment, pension criticism—little that reflects a degree of prosperity making it possible for wage earners to live and at the same time enjoy a cash surplus as seen in bank savings.

Chartered bank loans have all been larger than what they were the previous year and that is not without significance.

LETTERBOX

SHOULD HAVE ADVERTISED
Editor, Daily News:
"Prince Rupert Forgets." That was what I read in Monday's paper. I don't believe that at all.

Attendance might have been as great as that of the Legion dance if the notice of the Memorial Service had been as prominently displayed. Why wasn't it on the front page? Surely it was as important as the dance. At least we would have known where and when the service was to take place.

I hope that next year all Remembrance Day services will be announced on the front page so no one will have an excuse for not attending.

Thank you for your space.
MRS J. M.
(The Remembrance Day service was a featured subject in a full page advertisement on the Friday preceding Armistice Day.)

STOP SIGN CONTROVERSY

Editor Daily News:
An old saying that "fools step in where angels fear to tread" may be applicable to the controversy between taxi operators and Mr. Ferguson president of the Ratepayers' Association regarding the five stop signs at Third Avenue and McBride Street.

For my part I think Mr. Ferguson erred in committing the Ratepayers' Association to the views expressed in his letter of November 14. I attended the meeting on November 15 and cannot recall from the minutes read, any reference to the four stop signs in question.

I further believe that the purpose of a ratepayers' association is economy in civic administration. The employment of a couple of police officers, loitering in the dark as Mr. Currie says, on the Court House grounds is poor economy and should be condemned by the Ratepayers' Association even though the city council may think it good business.

GEORGE B. CASEY.

INTEREST IN P.T.A.

(Continued from Page 1)

retary, Mrs. Greissel, was able to dispose of the various items speedily. Formation of study groups, reports of committees, the film on Sex Education for the School were considered.

A gratifying report was that of membership convener Mrs. Watmough when the meeting learned that the paid-up membership was 164. Mr. Cheeseman's grade won the prize for obtaining the greatest number of members, namely fifty, and Jimmy Davidson, who enrolled eleven members, received the prize on behalf of the grade. Runners-up were Dick Flood and Carl Jackson.

Refreshments were served by the committee under chairmanship of Mrs. P. Bond, Miss Y. Larson was accompanist. Great interest was shown by the parents as they visited the different rooms.

Ray Reflects and Reminisces

A million dollars worth of Japanese oranges will start rolling toward Canada this Christmas season, say British Columbia importers. The movement from Nippon will begin the latter part of November. The first two shipments will be for eastern Canadian consumption. The flavor will be much superior to what it was back in 1942-45.

E. T. Applewhaite, M.P., has discovered that Eastern Canada remains far from being well informed about the Canadian West, particularly the north. Already, in interviews, and in addresses both within and without the House, he has done much to correct this. Canadians need

not charge the United States concerning ignorance of the Provinces. We can find plenty of examples without leaving home.

Nothing is so gratifying to a wife as to see a double chin on her husband's old flame.

The aldermen, Monday evening spoke of the city's numerous "free-roving dogs." They could be regarded chiefly as a nuisance. It could also be mentioned, in passing, that the city has a large number of the free-loving species.

Now that a passenger steamer has been lost almost in the harbor of Vancouver, Ottawa may

Harold Helgeson returned to the city on yesterday's plane from a business trip to Vancouver.

Mr. and Mrs. F. K. Richardson of Tiel, have been visitors in the city, returning by today's plane to the Queen Charlotte Islands.

have reason to think a coastguard service is really necessary for the coasts of Canada. The need has been urged and advocated often enough. And here's a forceful example. A steamer piles up on the rocks, handy to the shores of Stanley Park. A steamship, with passengers, wrecked in one of the country's chief seaports!

During last September, 1,631,000,000 cigarettes, according to the Bureau of Statistics, were smoked in Canada. How many were tailor made and how many consumers had mastered the art of rolling their own, Ottawa neglected to say.

A man is judged by the company he thinks nobody knows he's keeping.

An Automatic Blanket

keeps you cosy and warm
from night till morn

Imagine just right sleeping comfort with one blanket — all night, all winter — no matter how cold your room! That's the amazing feature of a General Electric Blanket with its automatic bedside control. Pre-warms your bed, too! This wonderful blanket launders as easily as an ordinary blanket and stores compactly when not in use. Made in three models in three attractive colours.

P.T. ENJOYS MUSIC NIGHT

Fine Program Given by Varden Singers
Draped flags of three Scandinavian countries and Canada, made an effective background for the Varden Singers, who, under the direction of Peter Lien, charmed an appreciative audience of some 150 members and friends of the King Edward School Parent-Teachers' Association on Tuesday evening.
Mr. Lien, who was introduced by the President, Mrs. R. E. Mortimer, spoke briefly, explaining that the group had been singing together for twenty years. Throughout the program his explanations and English translations added much to the enjoyment of the packed audience.
The group sang mostly in Norwegian and entirely unaccom-

panied. The rich organ-like tones of "Soinedgang" (Meditation at Sunset) bespoke careful training and genuine pleasure in the music. The program was full of variety and depth of feeling, ranging from the sprightly folk song, "Per Spelman" (Per the Fiddler), and "Sangermarsch" (The Choristers' March) to the exquisite lullaby "Den Fyrste Song" (The First Song). Sung in English, "Dear Land of Home," (from "Finlandia") always a favorite, was well received. The program began with the majestic "Fredrelads Salme" Hymn to the Fatherland and ended with the Norwegian National Anthem, "J. Vi Elsker." Spontaneous and prolonged applause greeted the conclusion of the program as the audience expressed its appreciation of a rare musical treat.
A novel touch was added, when, later in the evening, the Varden singers were able to hear their own program played back on a recording made during the performance by Joe Goscoe. A record will be cut from this and presented to the Varden Singers by the King Edward School P.T.A. as a memento of the occasion.
During the brief business session which preceded the program, Membership Convener, Mrs. W. W. Bowes, reported 165 members. Reports were received from Mrs. S. Vitth, treasurer, and Joe Goscoe, council representative. Principal R. G. Moor, outlined coming school events. Mrs. H. M. Lindseth was Secretary. Mrs. J. Bowman accompanied the singing of "O Canada," and "God Save the King."

BIRTHDAY OF NORWAY LODGE

Nineteen years ago a group of Norwegian citizens of Prince Rupert formed their Sons of Norway Lodge. As the years passed, membership grew until at present it stands at over 160. Wednesday night, Norwegian laughter and song rang in the Sons of Norway hall as the organization held a banquet and dance in celebration of its anniversary.
Pete Peterson acted as master of ceremonies and introduced Rudolph Olsen who addressed the gathering. The anniversary cake was cut by John Fredheim.
Musical entertainment following the banquet was supplied by Mike Colussi, who rendered "The First Song," Anton Dybhaven and Bert Cameron played violin solos. Peter Lien accompanied the violin soloists on the piano.
Master of ceremonies for the dance was Nels Gundersen.

CANON PROCKTER DISCUSSES ART

Rev. Basil S. Prockter, president of the Booth Parent Teachers' Association, delivered an address pertaining to art appreciation to members of the association at their meeting Wednesday. Canon Prockter distributed among the group reproductions of the modern and old school of art and explained their differences. A discussion followed his speech.
Mrs. C. Strand acted as convener with the following assisting: Mrs. F. Schroder, Mrs. J. Johnson, Mrs. K. Slatta, Mrs. A. Lund, Mrs. Jack Ritchie, Miss Rose Bentsen, Miss Astrid Pedersen, Miss Ellen Waseng, Harold Helland, Alfred Henriksen, Nels Waseng and R. Johansen.
Business of preparing for the banquet and dance was discussed by the organization at their meeting Tuesday night. In addition, 12 candidates were initiated into the organization.

If your subscription is in arrears and you do not receive your paper, please do not blame the publisher, the new boy or the post office. Just do a little straight talking to

yourself. Co-operation of subscribers in this regard would be appreciated. It would save a lot of trouble and everybody would be happier. Subscriptions are payable in advance.

Voice of Skeena

Past the headwaters of the Skeena,
And the Bulkley River too,
Lies a land of peaceful quiet
'Neath a sky of azure blue.
A city of the wilderness,
The trees like buildings stand,
Trails that wind like avenues
From hills to meadowlands.
A land of soul misgivings
If you should not know the way
Of the trapper of the thirties—
Lean, hungry years, but gay.
He oft recalls of hunting tribes
Not for pleasure of the kill.
He knows it meant his livelihood
The frying meat, his thrill.
Potatoes grown of virgin soil
Of carrots and turnips too
A reward of his summer's toil—
A good old Irish stew.
—Earl D. Corliss
City

NOTICE TO CONTRACTORS
Conversion of Buildings Nos. 14 & 19 TO ELEMENTARY SCHOOLS

SEALED TENDERS in duplicate for General Contract including hot water heating system, complete electrical work and other trades, endorsed "Tender for Conversion of Buildings Nos. 14 & 19 to Elementary Schools", situated at former Army camp site at Terrace, B. C., will be received by Secretary, School District No. 53, Terrace, B. C. on or before 5:00 P. M., Wednesday, November 30, 1949.

Working drawings and Specifications will be available on and after noon of Friday, November 11th, 1949, at the office of the Board of School Trustees, Terrace, B. C. and at the Office of the Architects, Sharp & Thompson, Berwick, Pratt, 1553 Robson St., Vancouver, B. C.
A certified cheque for five (5) percent of the tender submitted must accompany each and every tender and shall be forfeited if the party tendering declines to enter into Contract when called upon to do so. On award and signing of the Contract, the successful tenderer shall furnish to the Board of School Trustees, a surety bond equal to fifty (50) percent of the Contract price. On receipt of this bond the certified cheque submitted with the tender will be returned.
The Board of School Trustees, and the Department of Education, reserve the right to reject any, or all, tenders without explanation. No tender having any qualifying clauses will be considered.
A deposit of ten dollars (\$10.00) is required for each set of plans and specifications and will be returned upon receipt of same in good condition.

SHARP & THOMPSON,
BERWICK, PRATT
For the Board of School Trustees
School District No. 53,
Terrace, B. C.
Dated at Vancouver, B. C. this
Ninth (9th) day of November, 1949

IRISH STORY IS DELIGHTFUL

Replete with songs, fun and blarney-filled romance, "Top of the Morning," co-starring Bing Crosby, Ann Blyth, Barry Fitzgerald and Hume Cronyn, is the delightful week-end offering at the Capitol Theatre. It was to have opened last night but the film was late in arriving so starts tonight and continues tomorrow. With a setting as Irish as its name, the picture tells a provocative story of the theft of the famed Blarney Stone from its

TIMBER SALE X-47678

niche in the town of Cork. Fitzgerald and Cronyn comprise the two-men police force of the town to which is sent an American investigator in the person of Bing Crosby to solve the mystery. Pre-tending to be an artist, he arouses suspicion and runs foul of the belligerent Fitzgerald. Fitzgerald's pretensions develop when Fitzgerald's pretty daughter, Ann Blyth, is introduced. The musical score features two new hit songs and a dozen popular Irish tunes.
