News Break Arab Siege In Bitter Fighting

Convention Plan Is Formed by Ass'd Boards

Be Held This Fall With Date Subject To Transportation Arrangements

HELSINKI—The Associated Boards of Trade of British Columbia has decided to go ahead with the holding of its annual convention at Juneau, it is announced by Dr. L. M. Greene of the president of the Associated Boards.

The date will be subject to transportation arrangements. Probably it will be in early fall when a steamer will be available for a special charter.

Member boards, so far answering a check to confirm the decision of the Prince Rupert convention to have the 1948 convention in Juneau, have with almost complete unanimity, reaffirmed the decision. Each have indicated they will send about half a dozen delegates, Dr. Greene states.

The re-check was taken at the suggestion of the Prince Rupert Chamber of Commerce which held the Juneau convention should be abandoned unless there was assurance of a substantial number of delegates, which assurance now seems forthcoming.

The Associated Boards roster includes 17 Canadian and seven American member boards so, at half a dozen delegates each, would make 144 delegates in addition to which there would be representatives of the government departments and railways.

Each prepared for delegates to the Empire Club. Mr. Abbott said that the demonstration of American excellence in her economy is in its dependence upon the materials and men of Europe for market.

reached," declared a stage in our development when we are dependent upon the building of a more independent economy.

GENERAL CONCERNED ON TRY CHARGE

WINTON—Major Bennett E. Meyers sentenced to 20 months in prison after a conviction for a charge of conspiracy.

Mr. Meyers was sentenced to a term of three counts of conspiracy to defraud the former business associate under oath to a committee during a war.

Alexander Holtoff when sentenced to the retired General was a "very grave and serious" case.

Maximum sentence he imposed was 30 years.

THE CLAMPS ON REDS

OTTAWA—Prime Minister St. Laurent announced in the Commons today that the government had decided to employ anyone who was a member of the party in work "vital to the state."

The rule will govern the way to be actively associated with Fascist organizations, prime minister said, in any way associated with the Communist party.

way as to raise legitimate claims or his or her relatives also come under the rule.

FINNS DOUBTFUL ABOUT TREATY

HELSINKI—Finland has informed Russia there are some "doubts" about a military agreement between the two countries.

Finns expressed hope of staying out of international conflicts.

President Juhon Paasikivi advised Prime Minister Stalin that Finland expected the Russian-proposed treaty of co-operation to be freely considered in negotiations which open in Moscow next Monday.

Jet Planes For U.S. Navy Air Arm

ABOARD U.S.S. BOXER AT SEA—United States navy's air arm is in the process of conversion to 10-mile-a-minute jet planes.

This was announced by the navy following trials last week aboard this 27,000-ton aircraft carrier. For the first time jet fighter planes operated from a carrier flight deck under routine conditions at sea.

RECONVERT TO USE OF COAL

OTTAWA—There will be much less oil used in Ottawa houses, offices, churches and apartments. During this summer many buildings will be reconverted to the use of coal.

This reconversion may run as high as 25 per cent.

WALLACE GETS A RUNNING MATE—U.S. Senator Glen H. Taylor, left, Idaho Democrat, is shown in a fond and happy pose with Henry A. Wallace in Washington after he announced that "I am going to cast my lot with Wallace in his brave and gallant fight for peace" by joining Wallace's third party movement.

Taylor, speaking over a radio broadcast, said he will accept the vice-presidential nomination as Wallace's running-mate in the revolt against the Democratic party.

SMITHERS MAN DRAWS HORSE IN IRISH HOSPITALS SWEEPSTAKE

SMITHERS—Tommy Goodwin of the Canadian National Railway's dispatcher's office here is basking under the smile of good fortune and is awaiting the outcome of the Grand National Steeplechase at Aintree this Saturday with outward calm although he has drawn a horse in the Irish Hospitals Sweepstake.

The lucky ticket was bought at Prince George last October and Goodwin had almost forgotten he had it until a telegram arrived announcing his luck in drawing a horse.

A winning horse would bring a fortune—even a non-starter would mean a substantial amount.

Douks Ban Parenthood to Stop Community Crowding

VANCOUVER (CP)—The Vancouver News-Herald said this morning in a dispatch from Nanaimo that the elders of the Doukhobor community of Hilliers, on Vancouver Island, have placed a ban on new babies.

Under the laws of the Spiritual Community of Christ a woman desiring to give birth to a child must apply to the elders for permission. The elders then grant a permit allowing the woman to choose from the males of the community one she wants to be the father of her child, the paper said.

The story said that as a result, the community is being "swamped" with babies and the elders have been forced to discontinue issuing permits to save the community from being overcrowded.

The community, an offshoot of Doukhobor groups in the interior of B.C., began five years ago with five members and 31 acres of land. There are now 75 members and 320 acres—and 20 babies.

U.S. Warns Italy Against Communism

WASHINGTON—United States State Department said today that if Italy goes Communist she will get no further economic aid from the United States.

SKENA RIVER HIGHWAY TO BE OPEN AGAIN BY NEXT WEEK-END

By the end of next week the provincial public works department expects to have the highway between Terrace and Prince Rupert clear of snow and open for traffic.

Working from the Shames end a bulldozer and v-plough are now digging through the snow which has blocked the road since early in the winter and it is expected to break through within a few days.

U.S. PRESIDENTIAL ASPIRANT DIPPED

VASSALBORA, Me.—An airplane carrying Republican presidential aspirant Robert A. Taft and Senator Owen Brewster plunged today into Kennebec River, but Brewster said neither he, Taft, or the pilot was hurt.

Brewster said John T. Clark, pilot of the Maine Aeronautics Commission plane, "did a great job" of setting down the aircraft when it developed engine trouble enroute from Augusta to Bangor.

Europe Reduced To 16 Nations Claims Bidault

PFARIS—Foreign Minister George Bidault of France told the Marshall Plan conference today that "Europe has been reduced to the 16 nations assembled here."

He told delegates at the opening of conferences on the European recovery plan that the "rending apart of Europe" by countries boycotting the Marshall Plan had become fearsome.

Russia and her satellites spurned participation in the plan.

At the present session proposals are expected to be advanced for the inclusion of Spain and Western Germany under the plan.

Fiercest Battle of War Raging Into Third Day

Arab Military Courts Order Purge of All Arabs Charged With Dealing With Jews

JERUSALEM (CP)—The fiercest battle yet waged on the sands of Southern Palestine was reported in its third day today, with Jewish and Arab fatalities already numbering 36.

Retarded by rain and mud, the Jewish forces were said by an Hagana information to have driven a wedge to the aid of the beleaguered settlement of Gath.

The death toll of the battle so far, according to the Hagana version, was 28 Arabs and 8 Jews. Hagana sources said their forces, rushing to life the Arab siege of Gath, blasted a municipal building, a post office and eight stores and houses in the Arab village of El Faluja, about 20 miles northeast of Gaza in the southern desert.

PURGE OF ARABS DEALING WITH JEWS
A correspondent with the Arab volunteer army reported that new military courts began a purge yesterday of Arabs charged with dealing with the Jews. He said 100 Arabs were on the list to be hunted down, tried and, if convicted, hanged.

The Palestine government estimated that damage from El Faluja bombings at \$120,000.

S. E. Parker, City Pioneer, Dies Suddenly

LONDON, (CP)—There is no hot water, no elevator service and furnaces are unfit today at Buckingham Palace, official residence of the Royal Family, following a strike of assistant engineers employed by the Ministry of Works.

The men struck yesterday at the palace, at both Houses of Parliament and other government buildings in protest against the Treasury refusal to increase their present weekly wage from \$19.50 to \$22.

REVOLUTION SWEEPING OVER COSTA RICA
SAN JOSE, Costa Rica, (CP)—Desperate Costa Rican government tried today to stem the revolution sweeping the country.

Opposition has virtually isolated the capital. Seventy-five per cent of San Jose's power plants have been blown up and opposition forces said they were trying to cut the remainder.

The city's industry is at a virtual standstill. A general sit-down strike has been called for today.

Underground sources say the government has appealed to Anastasio Somoza, former president and now strong man in Nicaragua, to send help as soon as possible.

LEWIS CALLS OUT MINERS IN DEMAND FOR PENSIONS

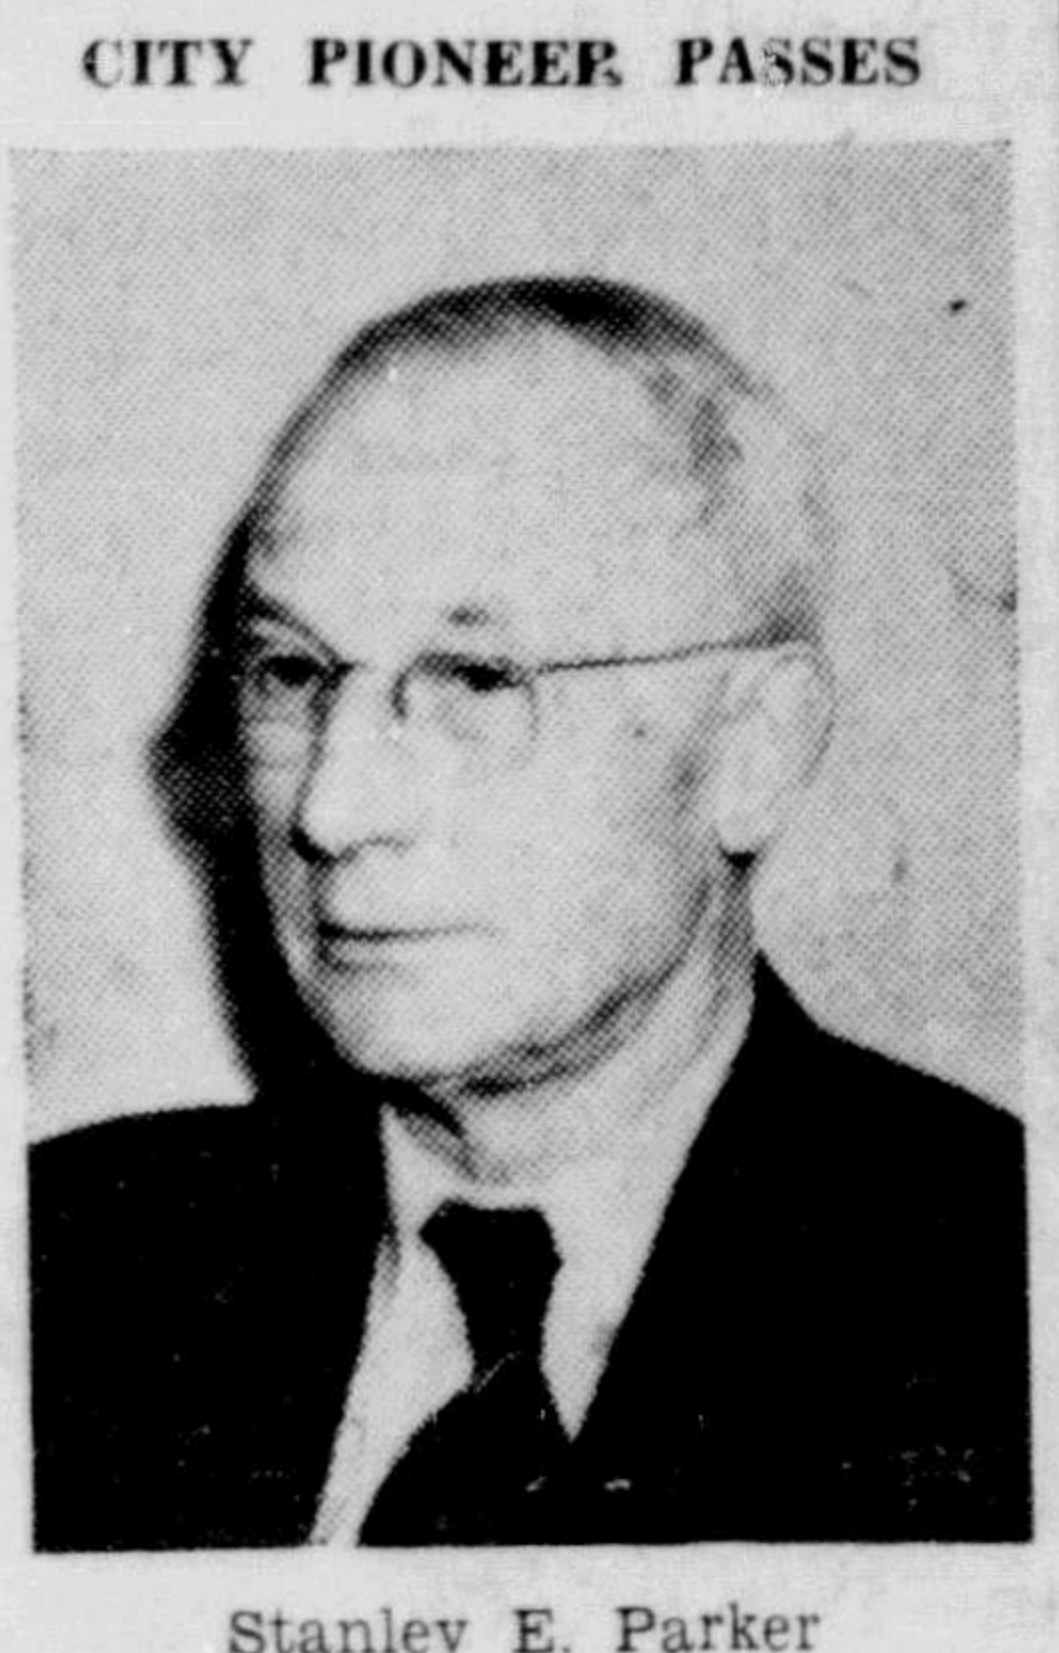

PITTSBURGH (CP)—A soft coal work stoppage supporting John L. Lewis' demand for miner pensions got under way today.

Spearhead of the move in Western Pennsylvania, where early surveys indicated that nearly one-half of the 56,000 miners had walked out.

U.S. Steel Corporation reported nine of its 14 Western Pennsylvania pits were closed, with 7,000 miners idle. The corporation expected its coal output to drop today about 20,000 tons, or one-third capacity.

Jones and Laughlin Steel Corporation reported all its Pennsylvania and Western Virginia mines closed, and 4,600 miners idle.

He was born in Kincardine, Ont. and was a relative of the late General J. W. Stewart. Two sons survive. He was a graduate of the University of Toronto. At the time of his death he was with Canadian Exploration Co. Ltd.

Stanley E. Parker

CITY PIONEER PASSES
Stanley E. Parker, one of Prince Rupert's prominent pioneer citizens for almost 40 years, died at his home at 320 Second Avenue early Sunday morning. He was 68 years old.

Active in the business life of the community since coming here in 1909, Mr. Parker served the city as an alderman and school trustee and also was president of the Chamber of Commerce—then known as the Board of Trade—an organization whose activities consumed his interest for years.

For more than a quarter of a century, he operated the automotive firm of S. E. Parker Ltd., which he turned over to his son, Robert, a year ago on his retirement. The firm opened the city's Ford Motor Co. agency in 1923.

Mr. Parker's passing came with unexpected suddenness. He had been ill at home for only a week, confined with the flu, but had been up and about until immediately before his death.

In addition to his widespread community activities, which he effected with a quiet cheerfulness, he was also prominent in the Masonic Lodge and Prince Rupert Shrine Club. A member of Tsimpsan Lodge, he had been a Deputy Grand Master of the British Columbia Grand Lodge in the early 1930's.

Mr. Parker came to Prince Rupert in 1909.

Business Along Highway

WITH SUCCEEDING YEARS as the Prince Rupert Highway becomes better known and increasingly popular, and certainly it has been enthused over by all those who have so far traveled it, more and more cars by the hundreds and thousands will be driving into Prince Rupert. The number might be much vaster than we even now conjecture.

With this in mind, it would seem that the time is now, if not long since, at hand to take stock of the situation and endow ourselves with vision to make plans ahead of time. Preparations might well be the watchword for Prince Rupert in this regard.

There is little accommodation ready either here or along the road to take care of all the traffic. Unless something is done about providing modern motor tourist accommodation in a substantial way, the city and district may well find itself unable to properly cope with that traffic alone.

INTOLERABLE NEGLECT

PLENTY OF Canadian-grown grain is finding its way to China and other Oriental lands, despite wars and other disturbed conditions across the Pacific. Much of this wheat is shipped from the American and Canadian ports on this coast. The owners of the grain have the say as to how their property will be routed.

Acknowledging all this, it is nevertheless difficult to understand why a fine and comparatively new elevator such as stands at Prince Rupert must go on, season after season, year after year, silent and idle. Why was it ever built, if foresight could picture no better use for it, than this? Excuses have been many, some sounding reasonable enough. But this unending inaction—this seeming permanency of a situation little less than intolerable—is hard to tolerate.

KNOWS DICTATORSHIP

SMALL WONDER that the Czech Minister to Canada resigned office, and decided to remain in the Dominion when it became known that Communist power had engulfed his country. He knew there was little, if any difference between that power and Nazi authority in the enforcing of dictatorship. He had reason to know full well. When the Second World War broke out, he escaped from Czechoslovakia and in England was active in helping carry on the Czech government in exile. For this, his wife and family, his mother, a sister and brother all suffered execution in a German concentration camp.

BOHEMIA AND EUROPE

COMMUNIST SEIZURE of Czechoslovakia rounds out a new Russian empire which has not only extended dominion over an additional 100,000,000 people and their armies but has also gained a tremendous additional war potential. It has gained the Skoda armament works, the Krupps of the East. It has long been an axiom of European politics that whoever controls Bohemia has at least a good chance to control Europe. —New York Times.

CONSIDER THE PAPER BOY

CONSIDER the ubiquitous lad who delivers papers all week through rain or shine and his discouragement at so many customers finding it hard to pay when he calls. It's not a bit funny. The paper boys have to make collections to get their pay. Also, perhaps if customers would have either a letter stop or some kind of a box to leave his or her paper in, instead of putting it beside the door, there would be no risk of the wind blowing it away or other fellows taking them. The customer would get better service, and less complaints would go in against the paper boy who tries to do his best.

TERRACE CENTRE BOARD MEETS

A lively meeting of the Board of Directors and Committee chairman of the Terrace and District Civic Centre Association was held in the clubroom on Friday evening. President Dudley Little was in the chair.

A report from Walter Chesher, chairman of the building and maintenance committee gave the estimated cost of a permanent partition wall and gymnasium floor in accordance with the floor plans and this was filled till the general meeting. However, a motion was passed that estimates be asked for from other local contractors for this work.

The acoustics of the stage will have to be improved before the drama club can produce the plays they are rehearsing, so the committee in charge was empowered to spend not more than \$50 on this work.

To seek the co-operation of all the organizations in town it was decided to have copies of the constitution printed and sent to them and that further copies be made to be kept on hand for the use of members.

As the annual meeting has been set for March 24 there was a motion passed that a copy of the complete financial statement be placed on each chair at that meeting. Also that a competent stenographer be hired to take the minutes at the annual meeting.

AUSTRALIA GETS CARRIER
CANNBERRA — Eighty volunteer Royal Australian Air Force pilots are training on a British aircraft carrier which they will bring back to Australia when their training is completed. Planned maximum strength of 94 officers, pilots and 80 rating pilots is not expected to be reached for 10 years.

Better English

- By D. C. WILLIAMS
1. What is wrong with this sentence? "I shall discuss that subject later on."
 2. What is the correct pronunciation of "persist"?
 3. Which one of these words is misspelled? Repitition, repository, repartee.
 4. What does the word "calligraphy" mean?
 5. What is a word beginning with mi that means "marvellous"?

- ANSWERS
1. Omit on. 2. Pronounce last syllable sist, not zist. 3. Repetition. 4. Beautiful penmanship; also, penmanship in general. (Pronounce ka-lig-ra-fi, first a as in at unstressed, both i's as in it, second a as in it unstressed, accent second syllable). 5. Miraculous.

Sally Broom was full of gloom.
The tears were always near
Woodwork smudge just wouldn't budge
Her walls were dark and drear.

Now Sally dear is full of cheer
And cover up that smudge
The dark and drear will disappear
No more you'll be a drudge.

Now Sally dear is full of cheer
Her walls and woodwork gleam
Her kitchen BRIGHT, makes labor light
MONAMEL'S on her team.

PRINCE RUPERT YEARS AGO

(March 13, 1923)
Reorganization of the City Hall staff saved the city \$25,000 a year in wages and salaries. Alderman J. J. T. Collart reported to a meeting of city council. The saving resulted from a cutting down of the staff and reduction in salaries of city workers.

The Edmonton Bulletin editorially urged that coal bunkers and a grain elevator be built at Prince Rupert. The harbor was at least as good—and probably better—than that of Vancouver, although the rail haul from the prairies was 180 miles longer, the paper stated. However, ocean hauls to the Orient were shorter, it said.

The nurses' home committee of the Hospital Board was empowered by the Board to proceed with arrangements for the financing and building of a new nurses' home at a cost of \$15,000.

(March 13, 1913)

Capt. McGee brought the trawler James Carruthers from England to Prince Rupert for the Canadian Fish & Cold Storage Co. He planned to leave Prince Rupert in the near future to take a dreadnought from its British builders to the Argentine.

Alderman L. Bullock-Webster

was proving a thorn in the side of Mayor Pattullo. He had several questions on the notice board to be answered at the next council meeting. The questions pertained to certain alleged practices in granting city work by tender.

Rev. C. R. Sing, Rev. W. S. A. Cruz, and E. L. Fisher had a clambake near Lionel Crippen's boneless herring plant at Digby Island.

ORANGE LADIES INITIATE THREE

Three new members were initiated into the Orange degree at the monthly meeting of the Ladies Orange Benevolent Association Thursday night. Mrs. John Johansen was chairman and there was a good attendance of members. A social hour followed the business meeting.

How better cast iron gives jobs to Canadians

The facts uncovered in this research work were carefully collected by International Nickel and broadcast freely to foundries, manufacturers of machinery and other potential users.

The ancient Egyptians spoke of iron as the precious metal. It was used for making swords, armor and ornaments. Iron was being cast into various forms. As early as 332 B.C.

In modern times, various industries began extensive research on the effects of adding Nickel to cast iron, realizing what vast improvements had been imparted to steel by adding Nickel. In this research, International Nickel took a very active part.

Over a period of years, it was discovered that by adding Nickel to cast iron, cast irons could be produced which were definitely stronger, tougher, and more uniform in texture, more resistant to wear and rust.

Thirty years ago the commercial use of Nickel in cast iron was unknown. Today many thousands of tons of Canadian Nickel are used for this purpose.

The production of this Canadian Nickel means jobs for hundreds of Canadians in the Nickel mines, smelters and refineries. The use of Nickel cast iron has led to greater expansion in cast iron foundries, thus giving employment to still more men. Thus does research develop better products and create more employment.

S. E. PARKER DIES

(Continued from Page 1)

Rupert in March, 1909 from Alaska and built a home on one of the first lots sold in the city. His first business here was that of a concrete work contractor. Later, he became president of Pacific Cartage Co., which he operated until he organized one of the first garages in 1923.

Born at Winnipeg on December 8, 1879, he received his formal education at Sterling, Ontario. At the turn of the century he went to Alaska, where, for six years, he operated a freighting service between Valdez and Fairbanks. He also operated a hostel on the Delta River, near Midway, for travelers making the arduous journey into central Alaska.

Mr. Parker would have been a resident of Prince Rupert for 39 years on March 29. He planned to take an extended holiday with his wife this summer.

One of the great triumphs of his life was the completion of the Skeena River section of the northern trans-provincial highway during the war. As chairman of the Chamber of Commerce highway committee for many years, he had fought for a road link between Prince Rupert and the interior.

Surviving are his wife, two sons, James of Vancouver and Robert, of Prince Rupert; one daughter, Florence, Mrs. Ralph Hood, of Prince Rupert; a sister, Miss E. M. Parker of Vancouver, and a brother, R. T. Parker, of Sacramento, California.

James, Miss E. M. Parker and Mr. and Mrs. Hood are expected to arrive in the city today by air. Mr. and Mrs. Hood are in the south on holidays.

The funeral will be held, with Masonic rites, on Wednesday afternoon.

MOOSE WEEKLY PARTY ENJOYED

Prince Rupert Lodge, Loyal Order of Moose was host Saturday night to scores of members and friends who enjoyed an evening of whist playing and dancing. Winners at cards, which took up an early part of the evening, were Mrs. Didrickson and Mrs. Nora Thompson with J. H. Mair and J. P. Moller tallying high scores for the men.

The newly organized Moose Orchestra, with Gunnar Varfeldt and his violin, George Elliot and his accordion, ably accompanied by Mrs. Nora Thompson at the piano, provided popular music for the dance. Carl Brechin was master of ceremonies. During intermission refreshments were served and prizes distributed to the winners at whist.

Douglas Frzzell and John Smith returned on Saturday night's train from Vancouver. They drove from Vancouver to Terrace, bringing a truck and car which will be brought on from Terrace when the highway is cleared this week-end.

C. M. LECLAIRE RITES HELD

Friends and former Canadian Legion comrades paid final respects to the late Cyrus M. LeClaire at Grenville Court Chapel Saturday afternoon when the funeral service was conducted by Bishop J. B. Gibson. Interment took place in the soldiers' plot at Fairview Cemetery with Canadian Legion Bugler W. J. Rance sounding the "Last Post" at the graveside.

During the service, the congregation sang the hymns "Rock of Ages" and "Abide With Me." Mrs. J. C. Gilker was organist. A resident of Prince Rupert for the last six years, Mr. LeClaire had been employed by Canadian National Railways for more than a quarter of a century. He had been in the Canadian Army during the First World War. Pallbearers were D. Morrison, J. P. Moller, R. Duncan, L. F. Parkes, J. McGreish and E. Woodward.

Brownwoods Trounce Co-op to End Hoop Schedule in a Blaze of Glory

The youthful Brownwoods entry in the Senior division of the local basketball league wound up the season in a blaze of glory by soundly trouncing the powerful Co-op entry on Saturday night by a convincing 56 to 43 margin.

Earlier in the evening Sid Woodside's Merchants assured themselves of a play-off spot in the intermediate league by whipping the Nelson Bros. entry from Port Edward by a 27 to 19 score, and Stone's further consolidated their position at the top of the junior league standings by once more topping their arch rivals, the 65 Tax fix, this time to the tune of 29 to 23.

Brownwoods' victory left no doubt in the minds of the fans that they intend to be a force to reckon with in the play-offs. The shoemen now meet Savoy's in a two-game total point series on Tuesday and Wednesday to decide who will play the two-out-of-three game final against Co-op. If Brownwoods can continue to show the brand of play they exhibited on Saturday night, they have an excellent chance of upsetting the dope bucket and possibly going on to victory in the final series.

The winners jumped into an early lead in the first quarter and never looked back. Their 8-point lead at the first breather was increased to 11 points at the half-way mark, at the end of the third quarter the shoemen still held a 41 to 30 advantage and ran up 15 points in the last quarter while the fishermen netted only 13.

GURVICH SPARKS SHOEMEN
Gurvich sparked for Brownwoods and pumped in 18 large and useful points to make him top scorer for the evening. Much of the winners regained driving power was supplied by Lavigne who, in spite of his lack of height, consistently drove in to steal rebounds from the taller Co-op rear guard. Forman also found his shooting eye and added 12 points to his team's total.

Alex Bill played most of the game for Brownwoods, and his steadying influence was particularly noticeable in the third quarter when the fishermen began to press and almost caused their less experienced rivals to blow their lead.

Platen was the only member of his team to score in double figures, and his 15 points saved the fishermen from an even worse defeat. Lindsay of Co-op had an off-night and couldn't seem to find the range. His 8 points however were enough to put him one point up on the idle Rupert Hokestad in the individual scoring race.

Co-ops must put in some serious seasons before the final play-offs roll around if they hope to top the winner of the semi-final round.

MERCHANTS ELIMINATE PORT EDWARD
Merchants' victory over Port Edward in the intermediate fixture meant elimination from the play-offs for the out-of-towners as this was a sudden-death game to break a tie for third place in league standings. Merchants thus earned the right to tackle Fashion Footwear in a two-game total point series for the rather dubious honor of attempting to topple the high flying Bo-Me-Hi Rainmakers in the finals.

In eliminating the Port Edward entry Merchants fielded a well balanced team with scoring evenly divided, Hebb being the only Merchant who failed to score. The second stringers from Merchants' bench carried the mail for most of the game. Mercer's sound defensive play provided a highlight, while Currie checked cleanly and closely besides scoring 9 points to top the list in this low scoring game.

Billiard Tourney Ending First Round

Good progress was made in the English Billiard tournament at the Canadian Legion over the week-end, and only one game remains to be played in the first round, S. A. Bird vs. J. Bremner, which will have to be played on Tuesday as the upper hall will be occupied tonight by the Legion Women's Auxiliary for their annual banquet.

Matches played over the week-end resulted as follows:

First Round
J. Kerrighan (plus 40) beat Bert Morgan (plus 10) 150-124.
J. Paul (scratch) beat W. J. Judger (plus 20) 150-134.
H. Duncan (plus 40) beat H. Normand (plus 25) 150-136.
J. Nicoll (plus 10) beat J. A. Teng (plus 30) 150-93.

Second Round
C. L. Youngman (scratch) beat D. Owens (minus 40) 150-108 in spite of the loser making a well-played break of 27.
G. J. Dawes (plus 25) beat J. Bulger (scratch) 150-125.

Games in the second round will be resumed Tuesday and it is expected that it will be possible to complete the tournament this week-end.

HOW CAN I ???
By ANNE ASHLEY

Q. How can I steam velvet to freshen it?
A. Stretch the velvet right side up over a bowl that is two-thirds full of boiling water, and brush the nap gently with a soft brush.
Q. How can I quickly clean pans that are scorched by food adhering to them?
A. These pans should be sprinkled with dry baking soda and allowed to stand for awhile. Then they can be readily and quickly cleaned.
Q. How can I make whipped cream much sweeter?
A. Try adding a small pinch of salt to the cream before whipping.

Seasonable Ideas for Housekeepers

HAMBURG GOES LONG WAY TO SOLVE ENIGMA OF ECONOMY

For budget-weary homemakers, home economists have many helpful suggestions.
The question of the meat course is always pre-eminent and the woman who can serve "save-a-penny" meats in ways that are appetizing has the solution to the economy enigma in her hand.
When tougher cuts of meat are put through a mincer they may be cooked as tender cuts. Hamburg steak, sausage and lamb patties are all in this group which may be served with no apologies.
Here are several new ideas for serving these economical cuts.

- 2 tablespoons minced onion
 - 2 teaspoons salt
 - 1/4 teaspoon savoury
 - 1/2 cup cracker crumbs
 - 1 egg
 - 2 tablespoons milk
 - 3 tablespoons fat
- Mix all ingredients except fat. Form into six flat patties. Melt fat. Brown patties well on both sides. Remove patties and keep hot. Heat the pan to sizzling in the oven at 450 degrees F. pour in batter mixture:
1 cup flour
1/2 teaspoon salt
2 eggs
1 cup milk

YORKSHIRE BAKE

1 lb. minced steak

1 cup water (or vegetable stock)
Mix meat with flour and brown with onion in hot fat. Add vegetables, seasoning and water. Cover and simmer 10 minutes. Pour into casserole, cover with partially baked biscuit rings (top side down). Finish baking in a hot oven, 400 degrees F. for 12 to 15 minutes. Six servings.
Tea Biscuit Rings—Roll biscuit dough to a thickness of 1/2 inch. Cut with a doughnut cutter. Bake for 8 minutes in a hot oven, 400 degrees F., then use as directed above.

AIR PASSENGERS

To Vancouver—J. L. Green, D. Candow.

PEEL THEM FIRST?

Diamond cutters, who serve at least two years as apprentices before being trusted with a good gem, practice diamond cutting with potatoes.

LEGION NAMES NEW COMMITTEES

A special meeting of the Canadian Legion's newly-elected executive committee was held over the week-end at which time selections were made for the various committees that will function during the coming year.
At this meeting it was arranged to hold the annual installation of officers at the Legion Hall on Thursday March 25 and the occasion will culminate in another "Bring your Missus Night" which proved highly popular a few weeks ago.
At the annual general meeting approval was given to the donation of \$50 to the Canadian Red Cross Society drive for funds.

FEED SINGAPORE CHILDREN

SINGAPORE, Malaya — Child feeding centres, where children of poor families are given one good meal a day free, have been set up here. Twenty centres are giving 4,600 meals daily to children of all nationalities.

Reminiscences
By W.J. and Reflections

Man proposes and something else again disposes. Only yesterday perusal in the copy of an early local paper, of a hotel announcement, made interesting reading and caused a chuckle. The site, already excavated, would be First Avenue and McBride Street. The outlook over the harbor was simply without a rival. The location would serve the shopping, theatre, banking and financial centre. Oh yeah! Well, the hotel didn't happen, but the Civic Centre did. So possibly it's just as well things turned out as they have.

that was an unpardonable omission. He was Captain Jensen and he hailed from Norway. He possessed, by common admission, the coast's most powerful voice. He was known as "Foghorn." There used to be arguments about his range, and there was never any objection should a bit of over enthusiasm creep in.

Daylight is going to be saved in British Columbia between next month and the latter part of September, 1948. But not much else.

Prince Rupert did worry along for a short time without any water system, but there was no undue delay, which is more than 95 municipalities in Canada can say. How many realize that far older, and populous cities like London, Kitchener, Stratford and Guelph in Ontario, and substantial communities in Quebec, Prince Edward Island and Saskatchewan are still depending on wells. Poor old Rupert has taken a lot of criticism—and much of it undeserved—but has never been exposed to anything like this.

Files are full of police cases that occurred in Prince Rupert years ago. Many were of extreme interest, at the time. But why rehash any of them today? A rebirth of publicity could certainly serve no good purpose now. Mention could only distress someone, sometime, somewhere. If anything is needless that would surely be. Let the past bury the past. This is 1948, with a new generation facing the future and it's problems.

There appears to be excellent grounds for suspecting that within the next twelve months in Canada, several thousand little girls are going to be christened Barbara Ann.

There was reference last week to American vessels calling here, prior to the era of the Jones Act, and mention of the "Cottage City," without the slightest allusion to the salty skipper. Now,
