Statement On Foreign Policy For Canada

Arabs of Arab World, are United Against Jews, Not So Friendly

NEW YORK—The kings of the Arab world are united front in the fight to destroy Jewish Palestine. But under the apparent unity of Palestine's borders, students of Middle Eastern affairs believe rival ambitions, political, religious, military, still operate.

On the Arab side of the fight for Palestine, there are two active forces, one young, one old, both determined to achieve their ends.

Abdullah Ibn Hussein, king of Transjordan, is the sponsored revival of the Hashemite Dynasty, and Farouk, king of Egypt, 28 years old. They are both active forces.

STORM ON ATLANTIC

Still Playing Havoc With
Ships—at Least One Destroyed

HALIFAX—Ice and dregs of a three-day storm that charged across the Maritimes, Newfoundland and Labrador continued to play havoc yesterday with shipping along the entire length of the Canadian Atlantic seaboard. One ship was already destroyed and another was towed to safety. A line was about to be put aboard another still. Four others were trapped in ice floes off Cape Breton.

Twenty-eight men were awaiting rescue on an ice pack off Battle Harbor near the southeastern tip of Labrador. Their ship, the sealer Norman Conrad, was destroyed by grinding ice on Tuesday. Another sealer failed in a rescue attempt when she herself was caught in the grip of the pack. The Conrad's crew was not believed in danger as they had taken supplies, lifeboats and provisions when abandoning ship.

PRESS GALLERY PARTY COMING

On a trip of relaxation and observation following the session of the Legislature, members of the Victoria press gallery will be paying a visit to Prince Rupert this week-end as they make the round trip north aboard the steamer Cardena which is due here Sunday night and again on Tuesday afternoon southbound. The party will include C. F. Moriarity, manager of the Victoria Bureau of Canadian Press; Gordon Root of the Southam Publishing Co.; Leslie Fox, Vancouver Sun, and James Nesbitt, Vancouver Herald.

FIVE ARE DEAD IN SHIP CRASH

HALIFAX—Five members of the crew of the Newfoundland motorship Administratrix were believed drowned last night after the vessel had sunk following collision with a Norwegian freighter off Cape Race. Two were rescued.

RESUMPTION OF MEAT CONTROL

Hint Thrown Out at Session of Prices Committee
OTTAWA—Chairman Paul Martin told the prices committee yesterday that he thought the government could not stand idly by and watch meat prices continue to rise.

A moment earlier, Martin had suggested to Reginald Munn, general manager of Burns & Co., that the packing industry might get together and say to itself: "We may have to go back to a system of controls. It's time to exercise a little business statesmanship."

Mr. Munn said the packers could do little to reduce prices to the consumer without lowering cattle prices to the producers.

Pooling of Military Resources

LONDON, (C)—Defence ministers of five European nations are meeting today to begin a pool of military resources under the Brussels alliance. The countries are Great Britain, France, Belgium, the Netherlands and Luxembourg. They signed a 50-year military, political and economic treaty at Brussels on March 17, pledging joint defence of democracy. The pool plan will probably include standardizing of weapons and training and trading of military information.

CUT PRICES TO FARMERS

That is Only Suggestion Made
For Bringing Down High Cost of Meat to Public

OTTAWA—The special prices committee of Parliament last night ended its main examination of packing company officials and had on record just one suggestion for the lowering of meat prices—to cut the price paid the farmers for stock. The committee had pressed representatives of the companies for ways to aid the consumer. All said that the packing industry's prices to retailers were closely matched to its costs.

DISTINGUISHED GUESTS AT UNVEILING OF F.D.R. STATUE IN LONDON—A few of the distinguished guests stand in front of the 10-foot statue of former president Franklin D. Roosevelt after the unveiling ceremony in London's Grosvenor Square. The British people subscribed more than \$160,000 for the statue to honor the war-time president of the United States. King George and the royal family were present and his majesty made a brief address. Left to right in this group are: Princess Elizabeth, Princess Margaret Rose, the Duchess of Kent and her son; a Mrs. Hooker (not otherwise identified); Dowager Queen Mary; Mr. Hooker, Mrs. Eleanor Roosevelt, widow of the former president; Prime Minister Clement Attlee; Queen Elizabeth; Sculptor Reiddick; King George and Viscount Alexander of Tunis, governor-general of Canada.

Toil And Dreams On Grand Scale Go Into Housing Ground

Pride of ownership is bearing fruit among residents of the former Wartime Housing project in the city. Throughout the east end where most of the houses are situated, hundreds of recent purchasers are laboring to transform their stump-covered lots into lawns and gardens and are expending vast amounts of energy in the process.

JUNEAU MAY CLOSE MILL

JUNEAU—Longshoremen, out for the loading contract in connection with the new barge service to Prince Rupert for transshipment, this week fused to load lumber on the steamer Baranoff from the Juneau Spruce Corporation mill. In view of the strike, the corporation says it will discontinue operations in its mill and sell out its entire stock of logs.

OFFICIAL OF CHURCH HERE

Rev. L. A. C. Smith, western field secretary to the general board of religious education of the Anglican Church, arrived in Prince Rupert this morning from Smithers in the course of a tour of Diocese of Caledonia.

While in the city Rev. Smith will address the congregation of the Anglican Cathedral and St. Peter's Anglican Church as well as members of youth groups and Sunday Schools. Mr. Smith will be guest of Mr. and Mrs. G. H. Stanbridge during his stay here.

Before taking his present position Mr. Smith was Anglican rector at Trail for four years and this June he will leave the secretaryship to become the rector of the Vernon All Saints' parish in the Diocese of Kootenay.

On Monday he will leave for the south stopping at Alert Bay and a number of other communities before proceeding to Vancouver.

CEASE FIRE SHORT LIVED

JERUSALEM—Under threat of firm measures from the British, Jews attacking Jaffa with a view to getting control of the Arab port, agreed last night to "cease fire" for a few hours. The truce expired today without an immediate resumption of hostilities.

Out of Hospital After Overdose

LOS ANGELES, (C)—Lon Chaney Jr., 43-year old movie actor, was discharged from hospital as "fully recovered" from an overdose of sleeping pills.

BRUTALITY IN TORONTO POLICE

TORONTO (C)—Three Toronto police officers were discharged from the force and a police inspector, George Crawford, was suspended indefinitely as a result of a police commission inquiry into charges of brutality. Another police officer, Constable John Trimble, is now facing police court charges of brutality.

LOGGER KILLED AT CUMSHEWA

A mercy flight to the Queen Charlotte Islands was cancelled at the last minute Thursday afternoon when Canadian Pacific Air Lines office here was advised that an injured logger whom they had been requested to bring to hospital at Prince Rupert had died within an hour after a logging accident.

The man whose name was Stewart Dow, was injured at 5 p.m. Thursday at the Kelly Logging camp, Cumshewa Inlet, when struck by a flying log. Dr. Don Lim, the camp doctor, asked for a plane to make an emergency flight here, but the man died while the C.P.A. crew here was preparing to take off for Sandspit.

The accident is the second fatality at Queen Charlotte Island logging camps within the last two weeks. A Saskatchewan man was killed at the Morgan logging camp at Cumshewa about ten days ago.

AUSTRALIA TO BE MAIN BASE

CANBERRA (C)—Defence Minister John Dedman yesterday announced to Parliament that Australia would become the main base of the British Commonwealth in the Pacific under an Australian five-year plan. Australia would maintain contact with Britain and New Zealand on this policy which related not only to armed forces but to strategic development and distribution of forces of the British Commonwealth.

LABOR RETAINS COMMONS SEAT

LONDON, (C)—Labor retained Southward Central in yesterday's by-election, the government party's majority being slightly reduced. Roy Jenkins, aged 28, was elected with a majority of 4,121 over the Conservative, James Greenwood. Jenkins received 8,744 votes and Greenwood, 4,623.

CAPTAIN'S WIFE BEATEN BY THUGS

MONTREAL, (C)—A reward of \$5000 was offered by Canada Steamship Lines yesterday for arrest or information leading to the arrest of two men who attacked the wife of the captain of a CSL freighter at Sarnia, Wednesday. The woman, Mrs. Andrew Allen, wife of the captain of the ship Lettbridge, said she had been beaten about the face and head. Her glasses were broken and her nightdress torn by two men who entered her home and robbed her of \$15.

THE WEATHER

(Forecast)
Prince Rupert, Queen Charlottes and North Coast—Clear today except for variable cloudiness and scattered showers along mountains this afternoon. Overcast Saturday with intermittent rain commencing by noon. Light winds increasing to southeast (30 m.p.h.) tomorrow morning. Little change in temperature. Lows tonight and highs tomorrow—At Port Hardy 35 and 50, Massett 35 and 50, Prince Rupert 32 and 50.

DANGER OF COMMUNISM

Threatening All Democratic
Nations, Says St. Laurent—
Coldwell Talks Defence

OTTAWA, (C)—An important statement of Canadian foreign policy was made to Parliament last night by Rt. Hon. L. St. Laurent, minister of external affairs. It was based on the fact that "freedom and peace of every democratic country is endangered by Communist aggression." Mr. St. Laurent committed Canada to active partnership in a "collective security league" with other free states of the world to form a bulwark against the tide of communism. It was impossible, Mr. Laurent said, to co-operate with Communists who did not want to co-operate but who might appear to do so as long as it suited their purpose.

The minister warned the House of Commons that "spread of aggressive communist despotism" over Western Europe would "ultimately almost certainly mean war and war on the most unfavorable terms."

"For Canada there is no escape, not even in isolation or indifference," declared Mr. St. Laurent. "I suggest that our foreign policy be based on recognition of the fact that totalitarian communist aggression endangers the freedom and peace of every democratic country including Canada."

He said that Canada was "fully aware" of the present inadequacy of the United Nations to provide world security. Canada's position shall not encourage or foster activity which might provide any state "legitimate" excuse to withdraw from the United Nations. "On the other hand, Canada shall not refrain from action which we know is right merely because it displeases another nation."

M. J. Coldwell, C.C.F. leader, expressed regret that chiefs of staffs of the democratic nations had not already been called together to arrange for adequate military measures against the threat of aggression.

EAST HELPING FLOODED WEST

WINNIPEG, (C)—Eastern Canada came to the assistance today of flood-buffed prairies by providing thousands of sandbags to be used in the construction of dykes. Two Royal Canadian Air Force planes touched down here today, carrying some 44,000 empty sandbags rounded up through Army effort in Montreal. Some of the bags will be distributed to Saskatchewan where dykes at the villages of Lumsden and Kamsack are threatened. Another plane was leaving Montreal today.

WAR MIGHT GO ON FOR YEARS

LONDON—British authorities believe, that, unless decisive action is taken by the United Nations, war between Arabs and Jews in the Holy Land might last for years. The Arabs, by their guerrilla tactics, could wage war indefinitely.

Belief is that the Jews plan to seek control, if they can, of affa, Haifa and Acre before the Arab invasion begins.

LUCKY BRIDE
ISLEWORTH, Middlesex, England (C)—When Mrs. Arthur Pyle, now of this town, was married at Easter, she had a trousseau including a handbag, shoes and a dress—all made by her husband. The groom learned all his tricks in the navy and, says the bride, he can cook and embroider.

An Important Session

CONTENTIOUS as some of its enactments may have been, the 1948 session of the British Columbia Legislature, the longest in years, was also one of the most productive of important and far reaching legislation.

Most discussed and radical of the enactments endorsed by the session, one that affects every person in the province, was the new three percent sales tax. The sales tax provided major debates during the long session.

The compulsory contributory hospital care plan was approved but it will take some time, possibly a year or so, before it gets into operation.

Amendments to the British Columbia Labor Code place new curbs both on management and labor, being designed to cut down strike-time losses.

There was also the four percent tax on net income of mining operations.

The new motor vehicle safety responsibility scheme was passed after amendments chiefly relaxing the plan in favor of tourists.

By raising the pari-mutuel tax from seven to twelve percent, the provincial coffers may be enriched \$350,000 annually. Part will be turned back to track operators as commission on collections.

Timber royalties will be increased an additional million dollars annually to aid in meeting the record budget of more than \$70,000,000, an expenditure of \$19,000,000 more than last year.

GAMBLING AND GAMBLING

THE INTENTION HERE is not to defend gambling nor to argue that two or more wrongs make a right but rather to mention an inconsistency. It is noted that the Vancouver police are clamping down on lotteries, one which has been particularly mentioned being that of the Kinsmen's Club there.

The inconsistency appears to lie in the law which provides that lotteries for stakes in excess of \$50 are illegal whereas direct and open gambling on horse racing is a "legal" business from which the government derives a nice big rake-off.

There is some difficulty in perceiving with a common sense of right and wrong where the race track racket should be legalized, even if it be only for a few weeks a year, whereas there should be ruling out of community lotteries, operated by reputable local organizations and designed to raise funds for good causes.

Nor does one have to justify commercialized gambling to suggest that there might be little harm in allowing people to satisfy to at least a limited and innocent degree the natural inclination to "take a chance," particularly if it is done in an honest way and for a good cause.

And, of course, charitable lotteries might also prove another source of revenue for the yawning public purse.

ALIVE BUT DISHONORED

MARSHAL PETAIN of France is not dead but he might as well be. Prisoner in a fortress, to the end of his days, he observed his 92nd birthday anniversary last week.

Once, the nation rang with his fame and gloried in his name. Confronted by the forces of the Crown Prince of Germany, and pitted against some of the Kaiser's ablest generals, he defeated what was a supreme effort. Invasion, on a vast scale, was halted. It was a signal victory for France—her leader and her men. The struggle was one of the major battles of the First Great War.

An old, a different Petain, in some unhappy way, held authority when the shadow of Hitler fell across the frontier. His strength, his decisions, his fire and force appeared spent. He seemed to feel it possible he could be on friendly terms both with his native land, and Germany. Being head of the Vichy State was a pitiful spectacle.

His renown would have been secure, had he died years earlier. And now he waits—unwept, un-honored and unsung.

TAKE IT EASY

HEALTH EXPERTS have known for a long time that recreation is a vital need for all Canadians. Recreation means spare time activities such as evening and week-end play and a complete holiday each year.

Most employers now realize that annual vacations help make more satisfied and more efficient workers but many professional and technical workers neglect to find time to relax completely once a year. In order to work efficiently it is necessary to rest adequately.

CHURCH OFFICIAL ON INSPECTIONS

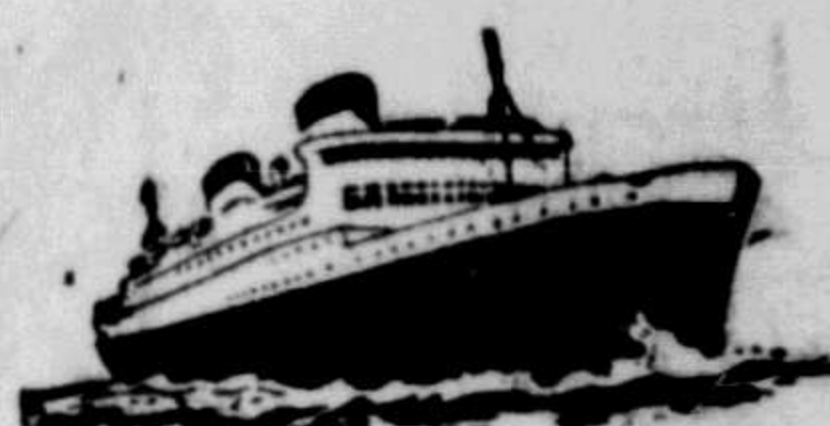

Rev. Dr. M. C. MacDonald, associate secretary of the general board of home missions for the United Church of Canada, who is on his annual inspection of missions and hospitals, visited the Miller Bay Hospital Wednesday night after arriving in the city by plane from Vancouver.

On his way north Dr. MacDonald stopped off at Queen Charlotte Islands where he inspected the church hospital at Queen Charlotte City and Skidegate Mission. Thursday night he joined Rev. Dr. Peter Kelly and Mrs. Kelly on the mission boat Thomas Crosby and sailed for Port Simpson to inspect the church property and the mission.

Southbound, Hartley Bay will be the first stop for Dr. MacDonald and his party and there they plan to hold a service tonight. Following a visit to Kitimaat the party will leave for Klemtu, calling at a number of logging camps and Butedale enroute.

In Bella Bella, where the Thomas Crosby will tie up for two days, Dr. MacDonald, Dr. Kelly and Dr. George E. Darby will take part in the christening of a new hospital boat. In honor of the late Rev. William H. Pierce, one of the great pioneer missionaries of the north coast, the new vessel will bear his name.

A stop-over will be made at the Thomas Crosby's home port, Ocean Falls, before the party makes the trip into Bella Coala where Dr. MacDonald will inspect the mission hospital and day school. A week from today Dr. Kelly will set the Thomas Crosby on the course for Vancouver, calling at Cape Mudge for Sunday service. In Vancouver Dr. MacDonald and Dr. Kelly will attend the annual British Columbia conference of the United Church of Canada.

Sea Lion Hunt Not so Fruitful—Famous Lighthouse Tender to China

WASHINGTON — Canadian fishing vessels engaged in the North Pacific halibut fisheries would be permitted to land their catches of halibut and sable fish at Alaska ports of entry until January 1, 1950, through provisions to a bill introduced in Congress recently. Such permission would be granted to the Canadians only if similar privileges are granted to American fishing craft in British Columbia ports.

Sea lion shooting in Knight and Kingcome Inlets has fallen away off, it was reported by Fisheries Inspector J. S. Tait who returned to Vancouver Wednesday after having been sent out with instructions to wage war on the pests that destroy salmon. Only 58 comprised the bag. Usually, the total is up in the hundreds. The sea lions had departed for the Queen Charlotte Islands after gorging themselves with oolichans.

The former American lighthouse tender Heather, linked with at least forty years of northwest marine history and well known in British Columbia as well as Alaskan waters, is about to start a new life. She has sailed away from Puget Sound for the last time. The Heather is bound for China, there, presumably to remain. During the late war, she served as a tug for army engineers in the north.

The Ketchikan firm of John Knaplund sold its business some time ago to Clifford Yates of Ketchikan and Craig. According to advice from the north Mr. Knaplund plans on working this

SHIPS AND WATERFRONT

year with the Rupert Fish Co., later, with Mrs. Knaplund, visiting Norway, having been last there in 1905.

Seal skin selling has been good business this spring. Semi annual auctions at St. Louis, disposed of 29,362 skins from the Pribilof Islands for \$2,057,000 in a day. The average price was \$70.10 compared with \$87.92 last fall.

On her regular fortnightly voyage from Vancouver via the Queen Charlotte Islands, Union steamer Coquitlam, Capt. Alex McLennan, arrived in port at 9:45 last night and will proceed at midnight tonight to Massett Inlet points whence she will return here Sunday morning to sail at midnight that night on her return to Vancouver via south Island points.

Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "I shall follow after you."
2. What is the correct pronunciation of "coupe"?
3. Which one of these words is misspelled? Supportable, immutable, permissible.
4. What does the word "blatant" mean?
5. What is a word beginning with cap that means "to surrender on conditions agreed upon"?

ANSWERS

1. "After" is redundant, as "follow" means "to go or come after."
2. Pronounce koo-pay, oo as in cool, accent last syllable.
3. Permissible.
4. Brawling; clamorous; noisy. (Pronounce first a as in lay). "The voice of the speaker was drowned by the blatant mob."
5. Capitulate.

Perfection Seen in Works of Local Artist at Hobby Show

"Perfection," said one local art connoisseur yesterday of Bjorn Selvig's abstract study which is attracting so much attention at the Art and Hobby Show.

"No need to send to Vancouver for exhibits when we have such art as Mr. Selvig's here. It is infinitely finer than anything in the Vancouver exhibit."

"Selvig is a true artist. We will be fortunate if we are able to keep him in Prince Rupert."

MODERATION

... THE WISDOM OF MATURITY

True, we are a young country. In less than a century we have risen from colonial youth to nationhood of a stature enjoyed by no other people of our numbers.

Canada has earned

this. Through the years we have kept our sense of values ... been moderate in our pleasures ... moderate in our thinking.

Today, we continue to bear

ourselves with the self-respect of a moderate people. We are moderate in our spending, in our thinking ... moderate in our pleasures, moderate in the enjoyment of whisky ... moderate in all things.

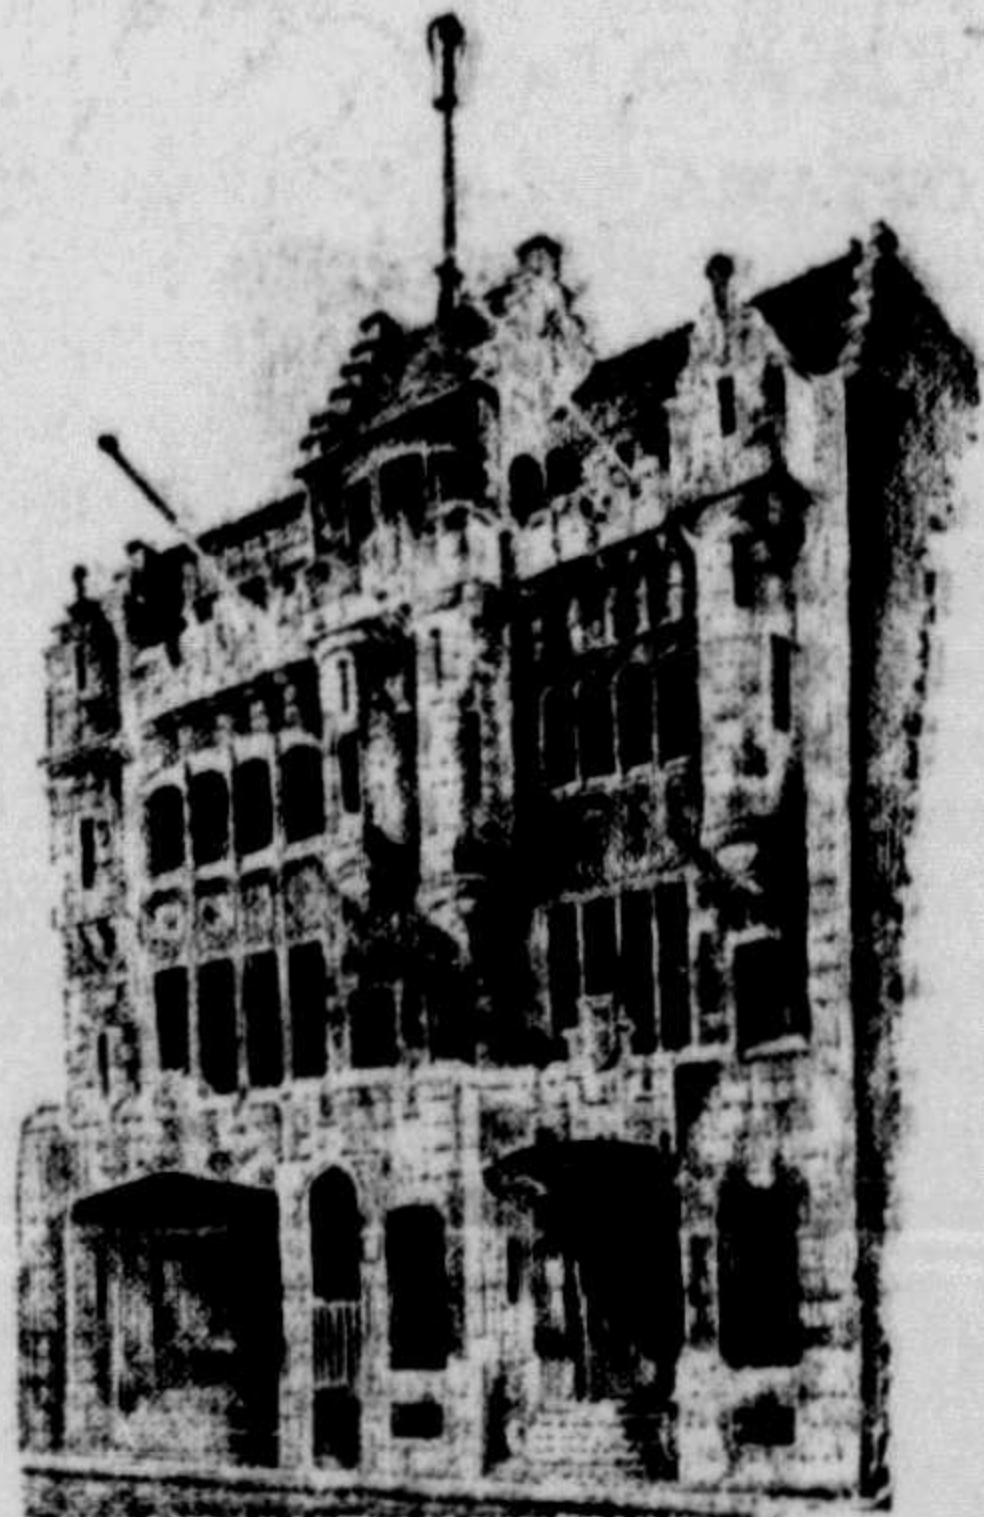

We are young, yes. But we have come of age,

for moderation is the wisdom of maturity.

MINSTREL SHOW TO AID TERRACE CIVIC CENTRE

Terrace's Civic Centre will be the beneficiary of the fourth presentation of the Prince Rupert Rotary Club's minstrel show which will be staged at the interior town next month.

Thursday afternoon the Rotary Club approved a suggestion that the show be taken to Terrace about May 15 where its showing would be sponsored by the Terrace Kinsmen Club on behalf of the Civic Centre.

Under present tentative plans the cast of more than 30 will motor to Terrace on the afternoon of Saturday, May 15, putting on the show that evening.

T. N. Youngs, who acted as treasurer and stage manager of the show at its three appearances here last week, estimated that net proceeds will amount to about \$300. More than 1,000 people attended, he said.

H. T. Lock, chairman of the committee expressed the club's appreciation to those who had taken leadership in the show. Club guests were C. P. Balagno, who directed the show, and Thomas Christie, one of its leading characters.

Other guests were Kenneth Leckie, Vancouver; Ed Corcoran, Vancouver; E. C. Mapson, Vancouver; Jack Shrivener, Vancouver, and C. C. Mills, Prince Rupert.

Following the luncheon in the Broadway Cafe, club members and guests attended a film showing in the Capitol Theatre arranged by Sgt. L. A. N. Potterton, film council president, and J. Harry Black, theatre manager.

ANNIVERSARY OF ODDFELLOWSHIP

Address by Brigadier J. T. Gillingham to Local Lodge

This is a notable occasion, the 129th anniversary of the founding of our order. We cannot think of the order, without thinking of the founder, George Wilder. We honor his memory. He started in a small way, as most great movements do—the gathering together of five men who composed the first American lodge. He little thought of the results that would follow or of the extent to which the order would grow.

Anniversaries give us cause for reflection—to review the past, to consider our present standing and make plans for the future.

There can be no doubt but that Odd Fellowship was instituted for a noble purpose. The great besetting sin of mankind has always been selfishness. In every degree of the order the evil of this besetting sin of mankind is taught. This is an effort to show that brotherhood and selfishness are opposites. You cannot have a universal brotherhood while men are controlled by selfishness.

The great underlying purpose of the founders was to counteract the prevailing besetment by bringing in a better order of things. There have been many such efforts made, all good in themselves and productive of good. Odd Fellowship is outstanding among them, hence the symbols of our order which exemplify, Friendship, Love and Truth.

I think it will do us good at this time to pause and on this our anniversary ask ourselves: What has been accomplished? We all agree the principles are sound, the foundation well and truly laid. But have we made it work? Odd Fellowship is made up of individuals. What any lodge or order is really what we are ourselves. Odd Fellowship is more than membership, more than the taking of degrees. It is spirit. It is heart and, unless these fundamental principles become rooted in our inner life, we cannot be good Odd Fellows.

I came across this poem:

"Four truths which Odd Fellows ought to know
That Odd Fellowship is not a show
That it will strive as best it can
To nurture the good there is in man,
That it is ready to do its part
In keeping evil from man's heart
And that it presents a simple plan
For showing the Kingdom of God to Man."

I do not think there has ever been a time in the history of the world when Odd Fellowship has been needed more than today. The late President Lincoln closed his inaugural address by saying:

"With malice toward none, with charity for all, with firmness in the right as God gives us to see the right. Let us finish the work we are in; to bind up wounds, to care for those who have borne the battle and for the widows and orphans, to do all that may achieve and cherish a just and lasting peace among ourselves and with all nations."

Is not this our task as Odd Fellows? Is it not our duty to our country and the world? How can we best do it? I know only one way. It is by receiving the

G. Roy Long, Vancouver barrister and grand master of the Masonic Grand Lodge of British Columbia, and W. R. Simpson, of Vancouver, secretary of the Grand Lodge, arrived in the city on this afternoon's plane and an official visit to the local lodges will be paid tonight, members of the Terrace lodge also coming in for the occasion. Mr. Long and Mr. Simpson will fly back to Vancouver tomorrow. Local Masonic officers are tending a dinner to Mr. Long and Mr. Simpson at the Civic Centre this evening before the lodge meeting.

Spirit of the Master—the Spirit and heart of Odd Fellowship. "Whatever ye would that men should do to you, do ye even so to them."

Odd Fellowship, I say again, is a spirit. It is a life but it can only be ours by the acceptance of Him who has given to us the true principles of brotherhood.

In conclusion may I also say Odd Fellowship is a voice, calling mankind to link on to the golden chain, whose links are friendship, love, truth, faith, hope and charity. This chain joined to the Eternal Link, will finally bring in a Universal Brotherhood.

Old Timers Still Best

Are Stealing the Headlines in Major League Baseball
By WHITNEY MARTIN

NEW YORK (AP)—Maybe someone should tell these old gaffers that baseball is a young man's game.

The box scores to date have been filled with pre-war stock, some of it quite a bit pre-war, and, what's more, the fellows in this aged-in-the-wood class have been stealing the headlines more than a little.

Here are a few headlines, picked over or less at random:

"Littwhiler Paces Braves In Victory."

"Riddle Wins For Bucs."

"Vaughan Hits Two Homers For Bums."

"DiMaggio Hits 425-foot Home Run As Yanks Lose."

"Trucks Beats White Sox."

"Nicholson Homers For Cubs."

"Mize Gets First Circuit Walk-off of Year."

There are many more in which the names of the old guys predominate but that gives you an idea. The youngsters may be good and may have springs in their feet while the oldsters have creaks in their joints but the old men have what it takes in the clutches.

Naturally, we're speaking of old in a baseball sense. Joe DiMaggio, for instance, is only 33, but he has been playing major league baseball since 1936, which puts him a little on the antique side when you compare him with the young sprouts.

It is heartening, at that, to find so many of these elderly gents still stealing the show. When the war came along it was predicted it marked the end of the careers for most of them. If they came through whole in body, it was believed the absence from a game which requires a vast amount of co-ordination and keen timing would wreck their chances of ever regaining their form.

It did, in some instances. But most of the players who were good before the war came back still good.

It's true there probably has been a dearth of outstanding rookies. Most of them were in the war, too, and their period of baseball training was interrupted.

It probably will be two or three years yet before the rookie crop is back to normal. Until then the fellows who made the headlines before the war will continue to make the headlines. And by that time, too, they will be so old that the game is no longer fun. And they'll be ready and willing to call it a day.

You're bound to win; you can't lose. Use each issue of The News.

LEGION BILLIARDS IN SEMI-FINALS

This week-end should see the semi-finals played off in the Canadian Legion billiard tournament. Three more games were played yesterday. In the second round G. R. Brett, (scratch) beat A. Williams (plus 25) by a score of 150 to 91, and W. Hutson (plus 20), who was giving R. Marshall 5 points, won by 150 to 100. In the third round W. Strachan (plus 30), by defeating G. R. Brett (scratch) after a very close game, 150 to 146, secured a place in the semi-finals.

SHORT SPORT

Johnny Walker, hailed as greatest of all Canadian swimming coaches, died at his Long Branch, Ont., home 13 years ago today. George Young, Walker's foremost protegee, gained international fame when he conquered the Catalina Channel. Other stars—Marvin Nelson and Margaret Walker—were piloted to world titles by Walker.

The British government refused to allow a soccer team from Soviet Russia to tour England, 18 years ago. The home secretary told the House of Commons that sports organizations of the Communist International had laid a definite program for Russian sports unions.

INDIANS NOT BEATEN YET

Downed St. Louis Browns Yesterday—Giants Still Leading in National

ST. LOUIS—Cleveland Indians defeated St. Louis Browns 5 to 2 yesterday to continue unbeaten so far this season, the only Big League club that so far this season has not tasted defeat. The New York Yankees scored a close victory over the Washington Senators and displaced them from the runner-up position in the American League.

In the National League the New York Giants came out on the short end of a wild 17 to 7 count with the Brooklyn Dodgers but kept on to first place in the senior circuit. Pittsburgh Pirates moved into the runner-up spot by defeating the Chicago Cubs.

Jockey Cap

The marks that distinguish a horse as a leader are the natural results of studious care in selection, plus understanding in handling.

Thus it is, that over the years, a studied care in the choice of the basic grains and a knowledge of blending determine leadership in a whisky... and Jockey Cap is a recognized leader... a truly superior Rye Whisky.

SEABISCUIT—One of the greatest money-winners of all time, the small (15.2 hands) broad-backed bay colt's total earnings were \$437,730. Seabiscuit pounded out one of the most amazing records in turf history. Undisputed king of the turf in 1938, an injury threatened to end his racing days forever in 1939. But, the stout heart never failed. In 1940, in the Santa Anita Handicap, the seven-year-old warrior out-charged his twelve rivals in a performance that broke the track records.

SHUT-INS ARE SEEING FILMS

The Film Council's new program of "movies for shut-ins" got under way recently with a special showing for patients at the Prince Rupert General Hospital and another for residents of the Pioneer Home. Both programs were much appreciated although it was decided that future showings at the hospital would have to be postponed until winter when the wards of the hospital can be more successfully darkened. The large room at the Pioneer Home, however, was found well adapted for movie projection and the audience was delighted with the varied and interesting films. They are looking forward to the next showing.

William McKenzie, Oddfellows' Lodge delegate to the Prince Rupert Film Council, showed the films at the home. The elderly men obviously got a good deal of pleasure from the films and proved that they still can see the light side of life. They put a heavy stress on comedy. Films will be shown at the Pioneer Home periodically in the future.

Those Film Council members who have not taken advantage of the present selection of films are being advised to do so before they are exchanged for a new block which will be in about a week. "Wind from the West," a movie about the Laplanders, has been probably the most popular of the present group.

The current "Eye Witness" film, a 10-minute Canadian newsreel, shows the process of making atomic energy at the Chalk River plant in Ontario and also the trade mission to South Africa. It will be replaced by the most recent of this series early in May.

The Film Council is co-operating with the Hobby Show by giving two showings every night but Saturday of the beautiful color movie "Craftsmen at Work." Filmed in Nova Scotia it shows the innumerable crafts carried on in that province from rug making to pottery and shipbuilding.

"BULL" HALSEY VISITS CANADA—The United States naval commander, Admiral "Bull" Halsey, visited Ottawa recently where he addressed the Canadian Club. He is shown above with Defence Minister Hon. Brooke Claxton in the latter's office at the House of Commons. Admiral Halsey also visited Toronto where he addressed the Naval Officers' Association during their annual convention.

"Did you see that combined footstool and sewing box that Mrs. Richards made from a butter box? That's what I need for my mending."

"Who is Mrs. Ella Hamilton, I think her copper work is beautiful."

"Come and meet her mother, Mrs. Greenwood from Terrace, she made that pottery."

"Yes, Dr. Large really made that furniture, he didn't just put the special polish on it."

"Those carved geese of Frank Gavin's, that is real art. He has orders for them from New York and is training a helper. He dries the alder roots until they are very hard then whittles them."

"There has certainly been a lot of leatherwork made here at the Civic Centre. How did Mrs. Saunders find time to make that purse? She made her own design too, as did Mrs. Kruger."

ger. Did you see Mr. Martin's belt?"

"I wonder if Jean Findlay is doing the clowns in the Rotary children's ward at the hospital as well as she can do Indian? These colors in the Indian portraits are soft and the ones in the easels are bright, she says, to please children."

"I like that 'Highway Near Smithers' of Miss Seaman's. It would look well in our hall."

"I think the chief value of the art exhibit sent from Vancouver is to make us appreciate our own artists more. I like the Vernon one of Bill Collison."

"I like the cracks in the totem poles in that 'Two Gossips' of Mr. Selvig's. He won't sell that one. He wants it as a souvenir of this country."

"I feel cold looking at that snow picture of yours, Miss Faure."

"I certainly felt cold when I painted it."

TREHAFOD, South Wales — Mining history was made when the manager down to the new pit at the Lewis Marthyr colliery took the place of pre-nationalization shareholders and discussed output and conditions.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I clean plaster busts and ornaments?

A. Try dipping them in thick liquid starch. Brush off the starch when dry and the dirt will come off with it. The plaster will be as spotless and clean as when new.

Q. How can I make marsh-mallow frosting?

A. Cut the marshmallows in halves and cover the cake when it is done, then put the cake into the oven until the marshmallows have melted and are brown.

Q. How can I stop shoes from squeaking?

A. Place the shoes in a pan of water at night, using just enough water to cover the soles.

NEW CHURCH AT KISPIX

Work on the foundations of Kispiox's new United Church is well under way according to Rev. Dr. Peter Kelly, who accompanied by Mrs. Kelly, attended a rally meeting and church services at the interior community last Sunday.

On Sunday afternoon a very enjoyable banquet was served by the ladies of the church and \$325 was pledged to the building fund, bringing the total local contributions to approximately \$800. A number of men who had planned to give substantial support to the fund were unable to get to the rally from their trapping lines owing to difficult travelling conditions. Dr. Kelly reported that his party had to make part of the trip between Hazelton and Kispiox by wagon.

The new church, replacing the old one that was destroyed by fire, will be one of the finest on the Skeena when it is completed. The building, which will be 50 feet long and 28 feet wide, will have a full basement. Its value is expected to be \$12,000 but the cash outlay will be reduced by the use of volunteer labor on the construction work. Part of the costs are being met by the general board of home missions which has made \$3,200 available, including the insurance from the old building.

Ray Woolam, United Church lay missionary at Kispiox, is providing capable leadership for the church members there and is ably assisted in community work by Lem Leighton, formerly of Metlakatla. Aside from their other work Mr. Woolam and Mr. Leighton form the teaching staff of the native day school in the village.

Today, as in the years past, top beverage favorite with most folks is Royal Export Beer. The reasons for its popularity are the same as they were in the old days: Royal Export is a highly palatable beer made of the best available hops and malted barley. Its consistently fine body merits its acceptance by folks who appreciate and demand the best.

Modern Etiquette

By ROBERTA LEE

Q. What is one of the most common and inconsiderate offenses when attending a theater performance?

A. That of arriving late. This is exceedingly inconsiderate of the comfort and pleasure of the others who have arrived on time and are entitled to an unspoiled performance.

DOWNTOWN SITE IS TOO COSTLY

So Gyro Club Will Go Ahead With McClymont Park Swimming Pool

After being advised that it would cost \$24,000 to develop the site at the corner of First Avenue and McBride Street to the rear of the Civic Centre as an open air swimming pool, the Prince Rupert Gyro Club Wednesday decided to drop further consideration of that site. The club will now proceed with its originally approved project of a new \$8500 pool in McClymont Park to which it has already committed itself with existing resources and the guarantees of its members for financing. Engineering factors of the McClymont pool are now being worked out with the city.

OVER the FENCE
By W.J. MacTavish

"I've had a letter that issues kind of a challenge," said the Old Timer this morning. "It's from a man who wants to know if I'd care to discuss the profits in the lumber business."

"It's funny how the idea of profits seems to have, in some people's minds, a sort of shameful connotation today. For me, I'd rather work for a man, or an industry, that was making profits than for one that was on the ragged edge all the time."

"People's memories are short. It's only a few years since the lumber business was in a pretty bad way. It offered only limited employment, and the future didn't look any too bright."

"Now it's making money, and the camps are luxury hotels compared to what they used to be, and it's providing a lot of employment, and it's paying the highest scale of wages of any big industry in Canada. Also it is able to buy the best of modern machinery and take a lot of drudgery out of the work in the woods."

"Furthermore the industry is plowing its profits back into new plants, providing a lot more employment for the future, and it is able to put its operations on a more permanent scale, saving the big timber and utilizing what used to be waste."

"Sure the lumber industry is making money, or profits, and all the workers in the camps and mills and all the people of British Columbia have good reason to be thankful that it is. They are all better off because it's in the profit class."

The views of the Old Timer are presented in this newspaper weekly under the sponsorship of the British Columbia Federation of Trade and Industry. F-39

Reminiscences and Reflections

By W.J.

During the autumn of 1910 there arrived in Prince Rupert two strangers from overseas enroute to Stewart. They kept close to the steamer for it was vital that they get there as speedily as possible. They had heard of the mountain of gold and were getting on the ground floor. Curious, how credulous people sometimes are.

On the strength of a fantastic prospectus circulating in England, the precious, pathetic pair had crossed an ocean and a continent to become, with childlike faith, rich overnight. Incidentally, Stewart was given its blackest black eye.

A well trained, up-to-date heavy battery will fit perfectly into the picture at Prince Rupert. It must always be remembered that this port is at the Pacific terminus of one of the great railway systems of the globe and, with ease of access from the sea and spacious harbor, wide open to all the world and its wickedness. Nothing may happen in the lifetime of this generation. But something could occur next year or earlier. Having precaution in the way of defence might not save the day.

TURN EARLY TO LIFE OF CRIME

SEATTLE — A fifteen year old boy from Ketchikan was arrested in Seattle last week. He was carrying a .25-calibre automatic pistol and a suitcase containing a couple of .22 calibre rifles. The boy, who is suspected of robbing a liquor store in Ketchikan, has already admitted having forged \$125 worth of cheques, using the cash to buy his passage to Seattle and meet other incidental expenses.

HOBBY DISPLAY PRIZE-WINNERS

Judging for awards for the best displays in the Civic Centre hobby show began Wednesday when judges Mrs. Jean Ness Findlay and E. E. Hyndman began selecting the best displays in the Indian section of the exhibition. The judging will continue throughout the duration of the show and will conclude with awards for the photographic and doll prizes on Saturday night.

To youthful Rufus Moody of Skidegate went the first prize for the argolite totem pole entries. His work is a fine example of the traditional craft which is dying out among the younger generation of Queen Charlotte Island natives. Judging of school entries continued last night.

Other awards went to: Mrs. Dick Naziel, Moricetown, leather jacket.

Mrs. George Naziel, Moricetown, moccasins.

Mrs. J. Mitchell, Moricetown, leather gloves.

Mrs. Lucy Franks, Massett, hair seal moccasins.

Mrs. Ed Russ, Massett, baskets.

Miscellaneous children's work—1. Christopher Harvey, collection of match covers. 2. Hand dressed doll, Nancy Lund, 3.

FINE RELIGIOUS FILM IS COMING

What has been described as the "finest motion picture of the life of Christ" ever to be filmed is being presented Monday and Tuesday evenings at the Civic Centre with the showing of "Golgotha" a sound film made in France and being widely distributed on this continent.

The film is being sponsored by the Civic Centre Association with endorsement of the Prince Rupert Ministerial Association.

The film has dialogue and narrative in English, together with appropriate musical score, reproducing some of the choicest orchestral, organ and choral music of famous composers blending with scenes which portray in authentic and historic fashion, the life, crucifixion and resurrection of Christ.

Produced in France, the film has won the admiration and approval of many of the largest churches in the United States, having been exhibited to more than a million people during the last few years.
