WEATHER LAST MONTH AVERAGE

Prince Rupert had a good average March from the weather standpoint, this year official figures from the Dominion meteorologist at Digby Island show.

Sunshine amounted to 89.7 hours on 21 days, bringing the total for 1949 to date up to 184.7 hours as compared with 204.2 hours during the first three months of 1948.

This March's precipitation was 6.63 inches, compared with 6.8 inches in the same month last year, and bringing this year's aggregate to date to 24.46 inches as against 20.84 inches in the same period last year.

The meteorological summary for this March is as follows:

Maximum temperature, 54.9 on March 10.
Minimum temperature, 29, on March 11.
Mean temperature, 39.4.
Maximum barometer, 30.17 on March 8.

Precipitation, 6.63 on 16 days (Snowfall, 1 1/2 inches on two days).
Sunshine, 89.7 hours on 21 days.
Minimum wind velocity, southeast, 42 miles per hour, March 31.

VAUGHAN SENDS NFD. WELCOME

MONTREAL—R. C. Vaughan, C.M.G., chairman and president, Canadian National Railways, message to all officers and employees of the Newfoundland railway and steamships dockyard and postal telegraphs.

"All members of the Canadian National Railways unite with me in this message of goodwill and fellowship to you who today have joined our family and we trust that we shall have a happy association in our widespread national enterprise."

COMMITTED IN WIFE MURDER

BURNABY—Percy Jean Baker was committed yesterday to stand trial for the murder of his 30-year-old wife, Alma Johanna Baker, at their home here.

Baker, 33 years of age, disappeared after the mutilation slaying, was picked up in New Orleans and returned here last month.

The wife's body, bludgeoned and pierced with 59 scissors stab wounds, was found in the bedroom by Baker's three small children.

Evidence at the preliminary hearing took an odd turn yesterday when a story, allegedly written by accused, was introduced.

It had features similar to that which followed the crime.

THE WEATHER

Synopsis
Skies are generally overcast throughout British Columbia although brief clearing took place at many points overnight. A weak disturbance moving inland over the province will bring light rain to the northern and central coast and to the southern coast by tonight. Cloudy skies and widely scattered showers are expected over most of the province for tomorrow.

Forecast
Queen Charlottes and North Coast—Overcast with intermittent rain today. Overcast with widely scattered showers tonight and cloudy Sunday. Winds—Southeasterly (20 m.p.h.), shifting to southwesterly (20) late this afternoon. Little change in temperature. Lows tonight and highs Sunday—At Port Hardy 37 and 47, Masset 35 and 45, Prince Rupert 37 and 42.

UNIQUE INCIDENT—At a recent first anniversary celebration of the opening of the Red Cross outpost hospital at Terrace presentations were made to 44 babies born there since the opening. A special presentation of a silver cup was made to Richard Kerr, son of Mr. and Mrs. Kenneth Kerr, who was the first baby born in the hospital. The presentation was made by Dudley G. Little, president of the Terrace Board of Trade and first white child born at Terrace. The picture shows Mr. Little, Young Richard and his mother, Mrs. Kenneth Kerr.

TAXI-BEER TIE-UP ON

Labor Dispute Involving Two Classes of Workers in Big City
NEW YORK—New York was under a "one-two" punch from strikes today with labor disputes tying up taxi service and beer production.

Beer taps still flowed through the city and there were taxis on the streets but New York's major breweries and an estimated 90 per cent of the taxi fleet were idle.

Field staff of the Prince Rupert and District Health Unit will leave by air on April 14 to attend a province-wide conference of Public Health workers at Victoria on April 17. Those leaving will be Miss Joyce Leslie, senior nurse, Miss Jeanne Coupal and Miss Margaret Steeves, public health nurses, and A. G. Boas, sanitarian, Thomas Mayoh, sanitarian at Smithers, will accompany the party. Following the conference, Mr. Boas and Mr. Mayoh will attend a conference of provincial sanitarians at Vancouver.

COALITION MAY BREAK

Lively Time Expected at Liberal Convention Next Week
VANCOUVER—The Vancouver News-Herald says that a big battle may develop in the British Columbia Liberal Association convention next week over the issue of continuing the coalition in the province. A strong anti-coalition bloc is said to be coming from the interior. If there is a break the election may be deferred until next year and the single transferable vote introduced in the meantime.

WAGE SCALE AT WATSON ISLAND

William James of Vancouver, consultant conciliator of the International Hod Carriers and Building and General Laborers, announced today that an agreement had been negotiated with Columbia Celanese Co. on the basis of a \$1.10 common labor wage scale for work on the Watson Island project. This agreement, together with an insurance referendum, will be placed before a general meeting of the local union tomorrow.

Atlantic Pact Nations Deny Soviet Charge

AIR CRASH AT NANAIMO

NANAIMO, B.C.—Two Nanaimo men were injured today when their light plane crashed into a line of trees near Cassidy airport, seven miles south of here.
In hospital are Douglas Best, aged 29, the pilot, and Dennis Moxey.
Best was unconscious when pulled clear of the wreckage. Moxey, whose back was injured, crawled from the plane before rescuers reached the scene.

No Strike On Pacific

VANCOUVER, B.C.—James Thompson, western vice-president of the Canadian Seamen's Union, said here yesterday that the seamen's strike on the east coast would not immediately affect any west coast shipping. He said the union was now negotiating with the ship owners and expects to settle any differences without strikes.

Thompson's statement followed a suggestion by Harry Davis, CSU president, that the present strike on the east coast might be extended to the west.

Davis said that in east coast strike had been ordered when he and T. G. McManus, union secretary-treasurer, in the middle of negotiations with the Department of Labor, suddenly learned that the ship operators had signed "illegal" contracts for the year with the Seafarers' International Union (AFL).

The S.I.U. moved into Eastern Canada last season when it took over Pat Sullivan's Canadian Lake Seamen's Union.

Close to 90 vessels now manned by about three thousand CSU members will be hit eventually by the strike, Union President Harry Davis declared after sending out an immediately effective strike call at Ottawa at 2:30 p.m. Pacific Standard Time yesterday.

The S.I.U. has strength on the west coast and Davis said his union was closely watching for similar moves in British Columbia.

SEAMEN LEAVE SHIPS

At Halifax members of the crew of two Canadian National Steamships vessels walked off their ships today, complying with an interim injunction issued last night by Mr. Justice W. L. Hall about 62 Canadian Seamen's Union (TCL) crew members walked off the steamers Canadian Construction and Canadian Challenger. Yesterday 118 seamen came off the passenger-cargo ship Lady Rodney after a similar injunction had been issued against them.

These seamen had been on a "sit-in" strike since the CSU called the strike on Thursday of all deep-sea ships in eastern ports when the flag owners signed the working agreements with the rival international union.

DETROIT MAY WIN TONIGHT

MONTREAL—Opponents for the Toronto Maple Leafs in the Stanley Cup final may be determined at the Montreal Forum tonight. Detroit Red Wings are now ahead of Montreal Canadiens with three wins to two. The teams will meet tonight in Montreal and again in Detroit Tuesday unless the Red Wings win tonight and take the semi-final.

TELEGRAPHS OF NFD. ABSORBED

Goodwill Message Sent by General Manager of C.N.T.
TORONTO—In a goodwill message to all employees of the Newfoundland division of the Canadian National Telegraphs, W. M. Armstrong, general manager, said:

"On this historic occasion when Newfoundland becomes the tenth province of Canada, the members of the Canadian National Telegraphs from the Yukon and British Columbia to the Maritime Provinces, unite in welcoming their fellow workers of the department of posts and telegraphs as members of our Newfoundland division. By the act of Newfoundland joining the confederated provinces of Canada, the Canadian National Telegraphs now services a national embracing seven time zones from the Yukon to your historic and oldest British colony in the world. We cordially greet you as our new business associates."

MISS CURTIN IS LAID AT REST

High requiem mass for the repose of the soul of the late Miss Blanche Curtin, who passed away in the city on Thursday, was sung at 9:30 this morning by Rev. Father Frank Rayner, O.M.I., at the Church of the Annunciation. A large number of friends of the deceased attended the service.

Burial took place at Fairview Cemetery, with Bishop Anthony Jordan, O.M.I., reading the committal service.

Pallbearers were Judge W. O. Fulton, William Cruikshank, A. R. Nichols, C. P. Balagno, R. E. Moore and E. T. Applewhaite.

Foreign Ministers Make Final Check

Grand Strategy and Means of Effecting Alliance Under Discussion

WASHINGTON, D.C. (CP)—The twelve Atlantic pact foreign ministers today rejected outright Russia's charge that the treaty is aggressive in intent and directed against the Soviet Union.

Foreign Secretary Ernest Bevin, here to sign the pact with the eleven other nations on Monday, said last night that it "can be the greatest contributing factor to world peace ever known." In a speech to the National Press Club, Bevin said it was a "fundamental principle of the pact," involving the United States, Great Britain, Canada and several western European powers, "that we will never indulge in aggression... but to the would-be aggressor we say: 'Think thrice...'"

The foreign minister of all twelve pact powers were called into their first huddle today to start drawing up grand strategy machinery for the non-communist western world.

The officials were first expected to make a formal check of the treaty which will be completed here with the signing on Monday and then talk over the kind of agencies which will be needed to carry out the aims of the alliance.

Two strategy groups are specified in the pact itself—a consultation council and a defence committee. All twelve members will presumably be represented on each of these bodies.

Three Killed At Britannia

BRITANNIA BEACH—A mine accident at this copper mining community has claimed the lives of three men. The dead are John Oliver, aged 34; Alan Ray Fraser, 20, and Albert Dennis, 20.

The accident occurred when the men climbed on top of some drill steel of different lengths which was being stored from one level to another in a six-foot square cage. One of the steel lengths is believed to have caught on a shaft timber, crushing the three men against other steel bars in the cage. An inquest is being held today.

SHIPMENTS TO RUSSIA

Great Britain Takes Precautions Against Export of War Materials
LONDON—Great Britain plans to lend Russia \$36,000,000 for purchase of goods in the United Kingdom but is taking extensive precautions against the shipment of anything of "potential military value" to the Soviet.

Announcing the loan in the House of Commons yesterday, Harold Wilson, president of the Board of Trade, accompanied the new schedule of raw materials and machinery subject to export controls. The items involved might be used as war goods.

Newfoundland in Defence

IN THE INCLUSION of Newfoundland as part of Canada, something outstanding in the way of defence, not only of the Dominion but also of the United States, has taken place.

It is, of course, entirely possible the spending of enormous sums on armament need never be required. The prayers of all peace-loving peoples supplement the world-wide efforts to preserve goodwill on earth. But at the same time, unpleasant facts must be faced. There are disturbing elements with a lust for power at almost any cost which cannot be ignored.

It is not essential to have ever studied military science to see how neatly Newfoundland fits into the picture, when viewed from the standpoint of national security. There would not have been the same significance years ago. But there is a world of meaning in this age of aviation, under sea navigation, bases, radio, wireless and other devices of vital moment in the event of war. This roomy, rugged island shields the ports of the Maritimes. Its general position is such that the Gulf of St. Lawrence, Canada's front doorway, could be made impregnable.

Back of Newfoundland are the Maritimes and Great Lakes regions, New England and New York westerly. Here is a concentration of huge cities, long-established industries, manufacturing, the heart of transportation, prestige, influence, culture. To all this in days of possible emergency and grave concern, Newfoundland could conceivably be an ocean citadel, capable of and ready to serve.

DESIRABLE BUT IMPRACTICABLE

THE PEOPLE of California not so long ago voted for a new pension law at an annual cost of \$125,000,000. This meant every unmarried individual would receive \$75 monthly and every couple \$150.

Anyone entering the State and enjoying the advantages of such a life would be required first of all to prove he had been a resident five years and also prove he would never become a public charge. With these little formalities adjusted the pie in the sky door would automatically open—a most comforting sight.

Sufficient time has passed since the ruling became effective to all to allow Californians opportunity to study their action and reflect on just how far it would be workable. The belief is gaining ground that putting the retiring allowance into actual effect would be close to impossible.

Nevertheless, the pension as it stands is the visible expression of the will of the people. It has points which unquestionably make powerful appeals.

For example, parents in their declining years, in the event of it becoming necessary, need no longer look to their offspring for assistance. Pension law payments become a first lien on money in the State treasury. All very attractive but will it work? It sounds so seductive, but has California bitten off a larger mouthful of orange than California can chew?

Canadian Directs Ethiopian Schools

OTTAWA—Frank G. Patton, business administrator of the Ottawa Collegiate Board, will leave in May for Ethiopia to take over the key post of Deputy

Director General of the Department of Education in Ethiopia. Mrs. Patton and two sons, thirteen and nine, will accompany Mr. Patton to the land of the "King of Kings, Lion of Judah, and the Elect of God." The family will return home in 1951.

Just what would your wife live on if you were no longer here to earn the money?

There's a Mutual Life of Canada policy specially designed to take care of just this contingency for you. Consult our local representative. He will show you how a new source of income can be provided for her.

R. E. Mortimer, Representative, Prince Rupert, B.C.
Will Robinson (E. T. Kenney Ltd) Representative, Terrace, B.C.

CONVENTION OF NATIVES

Spores of natives from all parts of the coast and many parts of the interior will gather at Bella Coola next week for the nineteenth annual convention of the Native Brotherhood of B.C. They are buoyed by the knowledge of their impending provincial enfranchisement.

Among them will be almost 30 delegates from the northern district, including the Prince Rupert area, the Naas River, Queen Charlotte Islands, upper Skeena and the Babine country. The Babine Indians were brought into the Native Brotherhood last fall during an organizing campaign.

High on the order list will be discussion of salmon prices for the coming season. The Brotherhood negotiating committee later will join a committee from the United Fishermen and Allied Workers' Union in bargaining with the fish companies this spring.

Plans also will be discussed regarding the organization of native millhands and loggers under the Brotherhood banner. The Brotherhood, which, on the north coast at least, is primarily composed of fishermen, is authorized to represent all native economic groups as bargaining agent.

Delegates to the convention will meet with the feeling that some of their major aims are nearing accomplishment. The recent move by the provincial legislature to give Indians a vote in provincial politics is seen as a major step toward what will ultimately be their complete enfranchisement and elevation to citizenship.

Rescued Purse In Fire But Lost It

HAVELOCK, Ont.—When Mrs. Wesley Petherick's house caught fire, she tried to save what was in the pantry but, suddenly thinking of her purse with \$1,300 in it, upstairs, she dashed away to get it, and succeeded. Returning to the pantry, she lost the purse and contents, as well as most of what was in the pantry. The money was never seen again.

Mr. and Mrs. J. Mathie were arrivals at Prince Rupert on the Princess Norah from Vancouver this morning.

NOTICE OF INTENTION TO APPLY TO PURCHASE LAND
Take notice that George Roy Stothert Turner of Atlin, B.C., occupation, Store Manager, intends to apply for permission to purchase the following described lands:—
Commencing at a post planted on west bank of Atlin River, approximately one quarter mile south of White Pass Wharf, at Scotia Bay on Atlin Lake, thence west twenty chains, thence south twenty chains, thence east twenty chains or more to river bank, thence north twenty chains using river bank as natural boundary and containing forty acres, more or less.
Dated March 24th, 1949.
GEORGE ROY STOTHERT TURNER
Name of Applicant in Full
(A 2-9-16-23-30)

IN THE SUPREME COURT OF BRITISH COLUMBIA
IN PROBATE
In the Matter of the Administration of the Estate of Ernest Johnson, deceased.
And
In the Matter of the Estate of Ernest Johnson, otherwise known as Arne Johnson Nyila, deceased, Intestate.
TAKE NOTICE that by Order of His Honor Judge Fulton, dated the 14th day of March, 1949, I was appointed Administrator of the Estate of the late Ernest Johnson, otherwise known as Arne Johnson Nyila, formerly of Sunnyside Cannery, British Columbia, who died on or about the 19th day of September, 1948. All persons having claims against the said estate are required to forward them to me on or before April 30th, 1949, properly verified, and all persons indebted to the said estate are required to pay to me the amount of their indebtedness forthwith.
DATED at Prince Rupert, B.C. this 15th day of March, 1949.
GORDON FRASER FORBES
Official Administrator
Prince Rupert, B.C.

Customs Revenue High In March

Customs and excise revenues collected at the port of Prince Rupert in March were greater than those for January and February combined, totalling \$82,737, while collections for the previous two months were \$60,492. Total for the three-month period was \$123,229. Revenues for the first three months of 1948 totalled \$139,008. Importations for the new cellulose mill at Port Edward are largely accountable for the increased customs revenue.

NINE FIRE CALLS DURING MARCH

City fire department responded to nine fire calls during March, none of which resulted in notable fires. Total fire calls received at the fire hall so far this year is 22, the lowest number in the first three months of any of the last three years. Dry weather early in the month was responsible for a number of grass fires, none of which did any damage. Total fire damage for the month was negligible.

KETCHIKAN IS COMING

An international touch will be added to Prince Rupert's Music and Drama Festival by the inclusion of participants from Alaska. At a meeting of the Festival Association held in the Civic Centre Wednesday night President R. D. Cleland announced the Ketchikan Boys' Band, consisting of 24 members, and the Ketchikan High School Choir as well as two participants in solo classes are planning to be here for the May cultural event.

Armine Boas, chairman of ticket committee, anticipates a total attendance of some 4000 during the two-day program. Although details of the program have not been completed indications are that morning as well as afternoons and evenings may be needed in order to present the entire program in two days.

H. S. Hurn, director of the Drama Branch, Department of Education, has notified Mr. Cleland that he will be in Prince Rupert next Wednesday and, if it is possible, members of the Festival Association will meet with him and discuss matters relating to the forthcoming festival.

Fairbanks Poultry Farm Is Destroyed

FAIRBANKS—Several years of hard work went up in smoke when the poultry farm of Henry and Tilly Brockman burned here. They lost 1400 laying

hens and numerous chicken houses and equipment. Starting from scratch, they had built up a good business, and fellow citizens, realizing the heart-breaking adversity, are helping them make a fresh start.

You Saw It In The News.

FIGURE IN PROBE—A probe into the administration of Windsor's city-owned Metropolitan Hospital is pending following rumors of hotel bedroom parties involving nurses and civic officials. The rumors started following the resignation of Miss Mildred Maybee, left, as superintendent of nurses at the institution a month ago. She has reported receiving telephone calls telling her to keep out of the affair. The consultant and active staffs of the hospital have expressed a lack of confidence in business superintendent Horace E. Atkin, right, and have requested the resignation of the hospital board. (CP Photo)

Trade Unionists Report From Soviet Russia . . .

A Norwegian trade union delegation which visited Soviet Russia last summer makes the following report: "It is clear that the ordinary wage is barely sufficient for the purchase of those things which are most necessary for subsistence . . . The average family can hardly live on the income of the husband and . . . the women are driven into the labor market to an extent which is quite unusual among us (Norwegians). Many of them work in road gangs, as unskilled construction workers, as dock workers and in factories.

"These people undoubtedly get the necessary nourishment in the simple foods such as bread, potatoes and vegetables. But the prices of meat, . . . butter, cheese, fish, canned goods, etc., are so high in relation to wages that only a very few are able to add such goods to their daily food. Little is left over for clothing and shoes, and such goods especially are very expensive. This is clearly shown in the appearance of the people everywhere. They seem to be in good condition, with sufficient food, but they are poorly dressed and the footwear is consistently very poor.

"The housing shortage is terrible, so that most of the people have no actual benefits from low rents. . . . Masses of overcrowded, old, half-dilapidated houses, and houses kept in poor repair . . . are seen everywhere." In Stalingrad and Leningrad "important factories . . . have also been rebuilt. . . . Little has been done in building residences. People live in ruins and very primitive temporary houses—sometimes . . . in mere dugouts.

"The Russian trade union organization cannot carry on any wage fights, since the entire wage basis is regulated by the economic planning of the state. . . . The large funds of the trade union organization will therefore to a great extent be centered around social, health and cultural work. . . . The total number of accommodations at the convalescent homes this season was 512,000, in the vacation homes at least 1,000,000, while the number of members of trade union organizations is 25,000,000. . . . Places are preferably given to those who are regarded as the most valuable workers—that is, Stakhanovite workers,* managers and scientists."

*Most of this report was published in the Washington Post, February 26, Section 11.
*Stakhanovite are the speed-up men or pace-setters.

The foregoing is reprinted from a report published in the February issue of the American Federation of Labor's publication, "Labor's Monthly Survey."

Increasingly aware that they don't like the Russian Soviet Socialist system, workers here are entitled to doubt if they want a Canadian Socialist system and all-powerful "economic planning of the state" as urged on trades unionists in Canada by Socialists

In this country the state exists to serve the people, not to dominate and regiment them. We can . . . and will . . . carry our Canadian living standards and our individual security under the Freedom System much higher still. Team work of all interests in the community will do it.

**VENUE OF MOOSE
SALE IS CHANGED**

At a special meeting of the
home making committee of the
Women of the Moose Thursday
night it was decided to hold the
tea and sale of home cooking on
April 7 at the Moose Temple in-
stead of at the home of Mrs.
J. P. Moller who has been obli-
ged to leave the city because of
a family bereavement. A reso-
lution of sympathy was extend-
ed to Mrs. Moller in the death
of her mother. Attending the
meeting were Mrs. Thomas
Glenn, senior regent, Mrs. B. J.
Bacon, Mrs. O. Stegavig, Mrs. R.
Giske, Mrs. Sam Haugen, Mrs.
William Bussey, Mrs. J. T. Kas-
per, Mrs. Harold Muncney and
Mrs. R. B. Skinner, Mrs. O. Giske.

**Orange Women In
Regular Meeting**

Two new members were in-
itiated and final arrangements
were made for a tea to be held
April 13 when the Ladies'
Orange Benevolent Association
held their regular meeting in
the Oddfellows' Hall this week.
Mrs. H. Paulson, worthy mist-
ress, presided and was assisted
by the deputy mistress, Mrs.
William Way. At the close of the
meeting delicious refreshments
were served. Next meeting will
be held April 14.

CHOCOLATE CAKE—Here is a good recipe — and instructions.

Ingredients: two squares of unsweetened chocolate, one-half cup of boiling water, one-half cup of shortening (margarine may be used), 1 1/4 cups of brown sugar, two eggs, one teaspoon vanilla, two cups of sifted pastry flour or 1 3/4 cups of sifted all-purpose flour, one teaspoon baking powder, one teaspoon baking soda, one-quarter teaspoon salt, one-half cup sour milk.

Melt the chocolate in boiling water and then cool. Cream fat until fluffy. Gradually cream in the sugar. Add well-beaten egg and vanilla and beat thoroughly until light and creamy. Mix and sift dry ingredients (the soda is mixed with the dry ingredients)

and add alternately with the melted chocolate and sour milk. Bake in a greased cake tin in a moderate oven (350 degrees F.) from 40 to 45 minutes.

Turn out on a rack to cool. This cake will be eight by eight inches in size and should be 2 1/2 inches deep.

Home economists say that if a cake is to be successful one of the main things to remember is that it should always be allowed "to steam a little" before being turned out on the rack.

This same cake may be topped with an easy-to-make Milk Chocolate Icing.

Ingredients: one tablespoon butter (or margarine), one cup icing sugar, one egg, one-half teaspoon vanilla, two to three squares unsweetened chocolate, one-quarter cup of milk.

Cream the butter and add sugar gradually, blending well. Add egg, milk and vanilla and chocolate which has been melted over hot water. Place the bowl containing icing in a pan of ice or cold water and beat

HOPE AT EASTER

By Adele C. Hughes
(Miller Bay)

Now has she slept the winter through,
Under the snow,
And I, who thought my world was dead

When she should go,
Now see in every flower of spring
Her winsome face,
In every tender shoot of green
Her childish grace.

Beside me at my daily task,
She walks in light,
And when I seem to falter, she
Keeps God in sight.

Oh, Mary Mother, so thy Son,
Long years ago,
And left on earth the Easter
Hope

For us to know,
The vine, the leaves, the flowers
On
From out our sight;
The glory of the green becomes
A blanket white;

Yet life goes on unceasingly
Under the sod,
Eternal miracle of Spring
To show us God.

HOW CAN I ???

By ANNE ASHLEY

Q. How can I remove soot from cotton fabric?

A. If it is badly sootched, try dipping the article in cold water and hanging it dripping wet in the sunshine. When dry, wet it again and repeat the process. It may take about two or three days but it is a cure that will not injure the wearing qualities of the material.

Q. How can I make a good linoleum polish?

A. Mix 1 cup of melted paraffin, 2 cups kerosene, and 3 tablespoons of turpentine.

with a rotary beater until it becomes thick (about three minutes).

BALANCED DIET— Nutrition experts say that to have a well-balanced diet the average person needs at least three servings daily of vegetables—one of potatoes and at least two of other vegetables. Leafy, green or yellow vegetables, frequently served raw, are best for supplying minerals such as iron, calcium and phosphorus to keep the body working smoothly.

BETTER CARE

(Continued from page 1)

USE OF SEWERS

Failure of many home owners who now use septic tanks to voluntarily connect up with nearby sewers also was scored by Mr. Boas, who asked that "teeth be put into the sewer bylaws" in this regard.

At present, the bylaw required that home owners be required to connect to sewers only when they pass immediately in front of their property. No mention is made of sewers which pass along lanes at the rear.

"I know of a hundred places in the city where home owners use septic tanks when sewers pass immediately close to their property or within a reasonable distance of it," he declared. "I don't think that I should have to fight with those people about connecting to sewers. I think that I should be supported by a bylaw."

Board Chairman Alderman J. N. Forman said that, "if a sewer passed close to my house, I would jump at the chance of connecting up with it as a matter of convenience. I wouldn't have to be forced."

The condition is becoming more prevalent as the city sewer system expands. Mr. Boas said. Apparently the main objection is the fact that householders must pay the cost of connecting to the city sewer mains.

A considerable growth of unsanitary conditions has resulted from septic tanks being damaged by winter conditions and this is creating a "real headache," Mr. Boas said.

The meeting heard reports of service rendered by the public nursing staff in the interior and at Stewart and of the possible expansion of public health services to Alice Arm and the Queen Charlottes. The report was delivered by Miss Joyce Leslie, Senior Public Health Nurse.

Present at the meeting were Alderman J. N. Forman, chairman, Alderman Wilfrid McLean, Dr. A. W. Large, medical health officer, Miss Joyce Leslie, Senior Public Health Nurse and Miss Carlotta Balagno, statistician.

Services in the Church

SATURDAY SERMON

SALVATION, GIFT OF GOD

By Rev. Fred Antrobus, First Baptist Church

"By grace are ye saved through faith, and that not of yourselves; it is the gift of God; not of works, lest any man should boast." Eph. 2:1-13.

In this letter Paul speaks of the mystery of God which had been hidden from prophets and angels and men but was now revealed through the Gospel of the grace of God in His Son, Jesus Christ. He sees man by nature, dead in sins, a child of disobedience, a child of wrath; but in Christ, made alive, redeemed, according to the eternal purpose of God. All men may be made one in Christ.

1. This salvation is from spiritual death: salvation means deliverance. Through the gospel of God's grace, we are delivered from this present evil world (Gal. 1:4) from Satan's power (Heb. 2:14, 15) from the flesh of self-life (Rom. 7:24, 25 and 8:1) through the Cross. God the well-beloved Son did all this for us.

But salvation is more than a deliverance. It not only strips off the poisoned robe, it endows us with, a royal robe of His righteousness (Phil. 3:9). It endows us with every good, that the grace of God in Christ Jesus can possibly bestow upon us. Henceforth we are to live unto Him who died for us, and not unto ourselves (2 Cor. 5:15).

2. The source of our salvation is "by grace." The fountain of all our deliverance from sin and investment with His righteousness lies in the deep heart of God, unmotivated and uncaused by anything except His own loving kindness. Jesus Christ died for us because God loved us.

Paul brings this splendid conception of grace, which he got by revelation, to put life into all that man signified and all he could achieve, so that now instead of coming to God, with terror in his soul, seeking to buy His favor, and to pay Him in blood, or by pain, and sacrifice and offering, men were simply to come just as they were to Him and rely only on His infinite mercy. Think of it!

3. The Channel of this salvation is Faith, the highest in individual experience of man. This means was chosen of God, because it conquers the pride of the understanding, one of man's greatest enemies, and thus it gives all the glory to God.

Faith unites man to God. Years ago a boat was upset above a certain falls and two men were being carried downstream by the current when persons on shore managed to float them a rope which both grasped. One held fast to it and was drawn safely to shore. The other, seeing a great log come floating by, unwisely let

arrangements and refreshments were served at midnight. An imitation ball and chain made at the Terrace Machine Shop was locked onto the blushing bridegroom to be, the key being in the hands of the future bride.

Miss Yvonne Larsen, local school teacher, left on Tuesday's train for Vancouver where she will spend the next few months at her mother's home recuperating from her recent severe illness. She expects to return to Terrace in time for school re-opening in September.

Fred Nash, accompanied by Charles de Kergommeaux, left on Thursday's train on survey work for the Celanese Corporation at Port Edward.

Francois Lake News

The Francois Lake Women's Institute entertained at the home of Mrs. K. Routley in honor of Mrs. J. Sugden and her daughter, Elsie, whose marriage took place recently. Wedding gifts for the bride were presented to Mrs. Sugden, who will forward them to her daughter, who now resides at Edgewood. The gifts consisted of a travelling rug and a linen table cloth.

H. H. Church, representative of the Department of Veterans Affairs, Vancouver, was a visitor in the district. He was accompanied by Mr. Wallace of Cheslatta where Mrs. Wallace, who came to Canada as an English war bride, is teaching school.

Mrs. Earl Wallace, and her newborn son, returned to her home at the Landing from Burns Lake hospital.

Although the roads are now muddy with melting snow, it is not expected that they will get in as bad condition as they did a year ago.

Men doubled for women at a whist party in the hall Saturday evening. There was a shortage of ladies and an overabundance of men. The affair and the dance which followed it was sponsored by the Women's Institute. High scorer for the ladies was John Keefe and for the men, Reg Partington. Sandwiches, sold cafeteria style, netted \$20 for the Institute funds.

Francois Lake Ferry folk learned with regret of the illness of Mayor Nora Arnold of Prince Rupert, who made a wide

go the rope and cling to the log, which seemed more substantial. He was lost because there was no combination with the shore to produce safety.

And so when a man trusts to his works or ordinances or to his lodge or baptism, or church membership or his outward adoption of certain attitudes which make him appear a Christian, he will not be saved because there is no junction between him and Christ.

Faith may seem a very slender cord, but it is yet in the hands of the great God on the shore side. Infinite grace pulls in the connecting line and thus draws man from destruction to Himself.

MACEY'S RETAIN TOP SPOT IN MIXED LEAGUE

Macey's clung to their lead in the mixed Five-Pin League this week, despite the loss of one game to Silverstreaks. Head-pinner moved into second place tie with Pushovers, ousting Kingpinners who now languish in third position.

High individual scoring honors went to Jack Paul of Pushovers in the men's section. His top single game score was 342 and his three-game total added up to 769 for an average of 256.

Pearl Menzies of Pioneer Laundry claimed top ladies' scoring honors. Her single high game was 333 and three-game total 722, averaging 241.

Headpinners 3, Brownwoods 0, Pioneer Laundry 2, Wingers 1, Cloverleafs 2, Bo's 1, Pushovers 2, Kingpinners 1, Pin Busters 2, B.C. Messenger 1, Macey's XXX 2, Silverstreaks 1, High School 3, Maple Leafs 0, Dodgers 3, Malkin's 0.

SWEEPSTAKES WINNERS—Mr. and Mrs. George Greig, who this year purchased their first ticket in an Irish Sweepstake, are pondering what they are going to do with the \$100,000 they won Saturday when Russian Hero, 100-to-1 shot, came from behind to win the Grand National at Aintree. Married only a year, the couple are both employed in the same jewelry manufacturing plant in Toronto. This photo is copyright by the Toronto Telegram. (CP Photo)

Sport Shots

How will the new Edmonton entry fare in the Western Football Conference? That is one of the major sport questions being bandied around in Alberta these days now that Regina Capitals have routed the province's hopes of an Allan Cup contender by eliminating the defending champion Edmonton Flyers from the hunt for senior hockey laurels. Encouraging views of the ability of Edmonton to stand the Western Conference strain are being voiced by Annis Stukus as he prepares to take charge of the new entry. It was 10 years ago that Edmonton football expired with collapse of the old Eskimos and Big Stuke is taking on the job of reviving the gridiron in Alberta's capital city. Maybe it won't be easy but the former Toronto Argo ace is inspiring courage and resolution with a slight trace of hope as he lets everyone know the re-vitalized Eskimos plan to handle the football like a hot potato.

Sounding a note of warning to the Edmonton coach, Bob Mamini (Calgary Herald) says everything in that football strategy will work out to the satisfaction of Edmonton fans only as long as the football doesn't get too hot to handle. "Like the supporters in most western cities the Edmonton following doesn't care for a 90-yard gallop that ends in a fumble and the opposition wheeling it all the way back," maintains the veteran Calgary sports observer. "Out this way," continues Mamini, "the customer goes for good, solid football with plenty of the unexpected. But a steady diet of laterals would soon lose its appeal. Just like watching a game where every second play is a forward pass soon has the customer wishing for anything else and questioning the mentality of the quarterback when the next play is another heave, straight down the middle."

"That's just one reason why the west has been clamoring for more blocking in the Canadian game with everyone objecting to the rule which allows linemen to clear the way for 10 yards while backfielders can't help a team-mate beyond the line of scrimmage. It's interesting to hear that Edmonton's Eskimos intend to get the ball in the air and keep it there. But it is going to take a heap of ground power along with that to get anywhere in this western football setting."

Tourney Is Commencing

Sixty Contestants In Badminton Competition Opening Tomorrow

With sixty players entered for participation, including 27 teams for the mixed doubles competition, the city badminton will get under way tomorrow afternoon. In the men's doubles fifteen teams are entered with twelve in ladies' doubles. There are twelve contenders in men's singles.

Following is the first round draw:
2 p.m.—R. McClymont and Betty Payne vs. N. Stromdahl and D. White; B. Murray and F. Cross vs. Bob MacDonald and J. Cross; J. McKay and L. Basso-Bert vs. M. Wightman and K. Reid; H. Pluym and O. Johonovich vs. K. Aird and C. Warskett; S. Cornwell and D. Balagno vs. A. Hinton and G. Cade; S. Ward and B. Ward vs. N. Pavlikis and M. MacDonald.

2:30 p.m.—R. McClymont and S. Cornwell vs. M. Wightman and K. Aird; Mel Hansen and H. Mark vs. F. Symes and S. Tremere; G. Viereck and M. Viereck vs. J. Kullander and M. Kullander; S. Ferguson and E. Rivett vs. J. MacDonald and B. MacDonald; W. Lambie and S. Horne vs. E. Blain and F. Partridge; S. Vickerman and D. Becker vs. B. Bacon and M. Jackson.

3 p.m.—B. Payne and D. Balagno vs. K. Reid and E. Sheppard; F. Cross and L. Basso-Bert vs. M. Anstey and O. Johonovich; Bob MacDonald and A. Hinton vs. Frank Symes and B. Bacon; G. Viereck and S. Ward vs. L. Astoria and J. English; J. MacDonald and B. Murray vs. Stan Jannicky and S. Ferguson; J. McKay and B. Lambie vs. M. Kullander and N. McLean.

3:30 p.m.—Winner J. McKay and M. Wightman vs. winner Bacon and Vickerman (mixed); J. English and H. Silversides vs. winner MacDonald and Ferguson; winner McClymont and Stromdahl vs. winner Hansen and Symes (mixed); C. Balagno and N. McLean vs. winner Ward and Pavlikis (mixed); L. Astoria and E. Sheppard vs. winner Cornwell and Hinton (mixed).

4 p.m.—Bob MacDonald vs. S. Ferguson; S. Cornwell vs. M.

TOP SCORERS IN BOWLING

Alice McMeekin of Annettes' was high average scorer by a wide margin in the Ladies' A Bowling League this season, an official compilation shows. She was followed by A. Pierce of DeJong's while V. Wrathall of DeJong's and D. MacPhee of Savoys tied for third place honors.

Player	Average
A. McMeekin (Annettes)	205
A. Pierce (DeJong's)	194
V. Wrathall (DeJong's)	188
D. MacPhee (Savoys)	188
P. Dickens (Annettes)	185
E. Smith (Annettes)	182
M. Flynn (Westview)	181
J. Shenton (DeJong's)	180
L. Erickson (Savoys)	180
B. Uziel (Scibys)	177

Hansen; R. McClymont vs. E. Blain; C. Warskett and D. White vs. winner Cross and Anstey (ladies' doubles); B. MacDonald and J. Cross vs. F. Partridge and G. Cade; S. Tremere and Mary MacDonald vs. winner Payne and Reid (ladies' doubles).

Play will commence at 2 p.m. sharp and naturally any players who fail to make an appearance at the scheduled time will forfeit their game.

There are 27 teams entered in the mixed doubles competition, 15 in the men's doubles, 12 in the ladies' doubles and 12 entries in the men's singles.

A further draw will be made for after 4 p.m. and Sunday evening.

R. A. Ritchie of the Columbia Cellulose engineering staff returned to the city Friday afternoon by air from a trip to Vancouver.

CONSTRUCTION IN MARCH HITS 4-MONTH PEAK

Building permits issued by the City Engineer's office in March soared in value above any month since last November, totalling \$18,188 and bringing the value for the first three months of 1949 to \$33,763. This was only slightly more than half the value of permits issued in the first three months of 1948.

A permit for \$7,000 for construction of a bowling alley in the former Moose Temple, issued to Skeena Construction Co., the contracting firm, was the largest issued last month. Second largest was one for \$4,553 issued to Patrick Mazzei authorizing construction of an automotive service station at the corner of Third Avenue and Seventh Street.

Practically all the rest of the 27 permits issued were for minor repairs or small domestic construction.

J. H. Penland, 929 Tenth Avenue East, \$300, addition.

R. Ferguson, 1453 Pigott Avenue, \$160, alternations.

Val Spidel, Third Avenue (Moose Hall), \$7,000, construction.

J. Stewart, Fifth Avenue West, \$250, excavation.

Neils Jensen, Eleventh Avenue, \$75, septic tank.

Brownwoods, Third Avenue, \$800, alternations.

C. Strachan, Eleventh Avenue, \$300, repairs.

W. E. McKinley, Fifth Avenue, \$100, repairs.

W. Speer, Tenth Avenue East, \$50, construction.

B. Fortune, Herman Place, \$50, construction.

G. W. Berg, Ninth Avenue East, \$150, addition.

N. MacDonald, Fifth Avenue East, \$125, repairs.

N. Pellatt, Seventh Avenue East, \$800, repairs.

John Moritz, Eleventh Street, \$150, addition.

J. Eydoll, Overlook Street, \$125, chimney.

Mrs. Crosby, St. Elmo Hotel, \$500, repairs.

J. J. T. Collart, Family Shoe Store, \$500, repairs.

J. S. Greer, Sixth Avenue East, \$400, repairs.

R. A. McLeod, Seventh Avenue East, \$1100, addition.

P. Mazzei, Third Avenue, \$4,553, construction.

John Dohl, Ninth Avenue West, \$200, repairs.

Waterfront -- Whiffs

Long Repair Job Now Completed On Ketchikan Boat At Local Dry Dock—Surveying Sites For Navigation Aids

The Ketchikan packer Discovery, which was wrecked in a storm off the mouth of the Skeena River last November, put to sea again today, more than four months after her battered hull had been salvaged and brought to drydock here for repairs.

This morning, under command of Capt. John Leadbetter, a 71-year-old Alaska skipper, the Discovery headed for her home port of Ketchikan, practically a new boat. Also on board was her owner, Lawrence Erickson, of Ketchikan and Willis Roberts, a crewman.

Repair work said to have exceeded \$30,000 went into the Discovery to put her back in shape after the disaster which left her crew of five marooned on a rocky beach for 116 hours last November. The vessel's rudder went askew, leaving her helpless in a 55-mile-an-hour gale.

The Department of Fisheries protection vessel Laurier is expected to arrive in Prince Rupert about April 11 to pick up representatives of the Department of Transport who will make a cruise of the west coast of the Queen Charlotte Islands to survey possible locations for new navigation lights that are to be installed in that area.

Badly needed to protect the increasing amount of shipping which is using west coast waters, the lights will be located in the western entrance of Skidegate Inlet, Tasu Harbor and possibly on Anthony Island at the western entrance to Houston Stewart Channel, between Moresby and Kunglit Islands.

Department of Fisheries skippers are also urging the placing of a number of navigation buoys in Skidegate Inlet, which is a convenient, although treacherous, navigation artery between the east and west coasts of the Islands.

Department of Fisheries tuna patrol will get under way on the B.C. coast this year earlier than it did a year ago, primarily because the vessels are ready for that type of work. A year ago, the first season of the patrol, they did not get into service as early as had been planned.

As a matter of fact, while the vessels are on halibut patrol, the skippers will keep a weather eye out for tuna, which showed up in abundance off the Queen Charlottes and Vancouver Island last season.

This year the Laurier, Capt. Llewellyn Sheppard, the Howie, Capt. Redford, and the Klitmaat, Capt. Earnshaw, will all be on the tuna patrol. This will ensure the presence of at least two vessels on scout duty for the fleet at all times.

Since tuna have not been fished off the northern B.C. coast in quantity prior to 1948, it is not known whether or not they will show up again. But if they do, the fleet will hear about it through the patrol vessels.

The New Metlakatla vessel Maxine M., Capt. James H. Wil-

liams, cleared port here at 11 o'clock last night to return to New Metlakatla with the village basketball team which met two defeats at the hands of a Prince Rupert all-star team earlier in the week. Wednesday and Thursday, the team administered a couple of resounding defeats to the Old Metlakatla team, across the harbor, then were delayed in their return to their homes by rough weather.

A fine new converted troller has entered the Department of Fisheries patrol service and was dispatched yesterday to the Queen Charlotte Islands on an inspection of the herring spawn. It will be in the Island area for a considerable time. Under command of Capt. John Denning, who was formerly mate on the Sooke Post, the Beverly Joan was built at Vancouver for a fisherman who found that he was unable to meet the cost. It was then purchased by the Department and converted for use on patrol.

A considerable amount of herring is reported to be off the Queen Charlottes but, because of its remoteness and the abundance of herring in the mainland area, it was never fished. However, because it is there, it remains a source of fish should other areas fail to produce.

The Western Whaling Corporation will commence operations May 1. Two of the three companies which organized the corporation last year have been brought out. The B.C. Packers Ltd., acquired the interests of Gibson Bros. and Nelson Bros. Fisheries Ltd. Two of the three ships to carry on this year have been selected. These are the Nahmirt and Klmsquit.
