Manitoba Flood Sufferers!

The Daily News Is Receiving Subscriptions

DIKE HOLDS—This aerial shot shows men at work on the dike at Port Garry, south of Winnipeg. The water level is high though some water from the dike has leaked around some homes in the foreground. (CP Photo)

Held In Court Case

Police arrested a man they suspect of a bank robbery who fatally shot a constable Alex Pinniger in an abortive attempt to escape Thursday.

The man, who had a bullet wound in his left arm, was picked up at the end of the street and taken to the hospital for questioning.

He is believed to have fled from his own home on his way to free himself from the holdup attempt.

He is now in hospital.

Paid Citizen

and remembrance of his citizenship and helpfulness in the community after the passing of his wife, declared Rev. J. H. Dobbie, pastor of First United Church this morning as he officiated at the funeral service for Mrs. Dobbie. He paid tribute to his high quality man and community leader through his helpfulness in the community.

The service was held at the residence of Mrs. Dobbie, as well as the church.

The hymns were "Unto the Lord" and "Peace Perfectly".

C. H. Collins and wife.

The service was held at the residence of Mrs. Dobbie, as well as the church.

The hymns were "Unto the Lord" and "Peace Perfectly".

Softball Prospects

Senior softball prospects look good as the result of an organization meeting held Thursday night at the Civic Centre. There are definitely three teams in the league with entries in from Watson Island and Rupert Radio & Electric. A team will also be entered from the former Gordon & Anderson and C.N.R.A. combined team, although no name has yet been announced for their entry. Prospects are also in store for an entry from Co-op.

League games will be played on Wednesdays and Saturdays with Monday nights reserved for rained out or cancelled games. The league will get under way next Wednesday with an exhibition game booked between Rupert Radio and Electric and Watson Island at Gyro Park. That will also be the final night for league entries with a meeting to be held after the game for the purpose of drawing up a playing schedule and settling other pertinent business.

German Couple To Make Home Here

Mr. and Mrs. Richard Kraupner, both 70, arrived in the city yesterday with their son, Hugo, who had gone to Edmonton to meet them.

Mr. and Mrs. Kraupner, whose home was at Chemnitz in the Russian zone of Germany, had been travelling six weeks and two days when they arrived here. They landed at Quebec May 19 and travelled by train to Edmonton where they were met by their son. The family has had five days with each other.

The elderly couple are both in good health after their trip.

Empire Games To Vancouver

WINNIPEG—Announcement was made here yesterday that the 1954 British Empire Games will be held in Vancouver which was one of the Canadian cities to bid therefor. In order to accommodate the Games, Vancouver will have to provide itself with a suitable stadium and many other facilities which the coast city now lacks.

Galcador Wins English Derby

EPSON, Surrey, Eng. — Galcador today won the 171st running of the Derby. Favored Prince Simon was second and Double Eclipse third.

Prince Simon, owned by William Woodward, New York banker, appeared to have the 1½ mile classic won in the stretch, but the French owned colt caught him. Galcador beat out Prince Simon by a head with Double Eclipse another four lengths back.

Galcador started at 100-9, Prince Simon, favorite at 2-1 and Double Eclipse 40-1. The victory of Marcel Boussac's horse killed the hopes of banker Woodward of winning the coveted British turf prize with an American bred horse.

Football To Start Soon

Owing to wet weather and a heavy playing pitch, the opening game of the regular football season scheduled between Heavy Battery and Canadian Legion last evening was postponed.

However as a result of the allocation of dates made by the Parks Board at their meeting yesterday afternoon it is now possible to go ahead with the schedule. Monday's game will be between the Canadian Legion and General Motors, and Friday's between the General Motors and the Battery.

Days allocated by the Parks Board are for the Baseball Association, Sunday afternoons, Tuesdays and Thursdays; for the Football Association, Mondays and Fridays; and for the Junior Baseball Association, Wednesdays and Sunday forenoons.

The Football Association withdrew their request for Wednesday nights in order to allow the junior baseballers a regular evening but asked that should Wednesday nights not be required that the Football Association should have preference later in the season.

Mountie Dies From Hold-up Shooting

MONTREAL — R.C.M.P. Constable Alex Gamman, cut down by a gunman's bullets in an attempted hold-up at the Bank of Montreal branch here Thursday, died in hospital last night after a desperate 36 hour fight for his life. His condition was so low that despite several blood transfusions it was impossible to operate to remove three bullets, one lodged near the heart.

LANDING TRY FOILED

HONG KONG—Chinese Nationalists today beat off a Communist attempt on the islands within five miles of Hong Kong waters, setting two warships on fire.

ASMENA WINS OAKS

EPSOM, Eng. — Marcel Boussac's French filly Asmena yesterday won the Oaks, major British classic for fillies, over the 1½ mile course here.

ILSE KOCH INDICTED

MUNICH, Germany—A German county court indicted Ilse Koch for crimes against German and Austrian concentration camp inmates. She will be brought to trial late in July.

RED GUARDS POSTED

BERLIN—Red police posted guards along the Russian sector boundary today to keep some 10,000 "free German youth" marchers, now in East Berlin, from straying to the west.

POPE IS ANXIOUS

VATICAN CITY—Pope Pius today expressed "heavy anxiety" concerning world peace. He spoke at the accreditation ceremony of the first Indonesian envoy to the Vatican.

ORGANIZATIONS HELPING FUND

Recent substantial donations from organizations to the Manitoba Flood Relief Fund include \$100 from Prince Rupert Shrine Club, \$100 from the Mixed Bowling League and \$50 from Joe's Daughters.

THE WEATHER

Forecast
North Coast Region — Cloudy with scattered showers today. Overcast tomorrow with rain commencing in the afternoon. Remaining cool. Westerly winds 15 increasing to southerly 30 Sunday morning. Lows tonight and highs tomorrow at Port Hardy, Sandspit and Prince Rupert, 38 and 55.

Condition Of Skeena Road

Reports conflict as to the condition of the highway between Prince Rupert and Terrace. Some motorists continue to say that it is in good shape while others express the contrary.

It seems to be the consensus, however, that, following heavy rains, the pot-holes in the section along the railway right-of-way west of Salvus become troublesome.

Suggestion is made that improvement could be effected by generous use of gravel produced by the new crusher which has been installed near Terrace as an augmentation to the regular operation of the grader.

Black-topping, of course, is the permanent answer.

Hon. E. T. Kenney, minister of lands and forests, while in the city this week-end, reiterated a previously expressed opinion that black-topping should be instituted from the Prince Rupert end of the highway as well as from the end south of Prince George. However, this was a matter of public works department with which he had nothing directly to do.

Air Mail For Q.C. Islands

Final arrangements for the institution of an air mail service for Queen Charlotte Island points by Queen Charlotte Air Lines were made this week when William Priest, local Q.C.A. agent, visited the Islands.

Air mail for the Islands will be flown from here by Canadian Pacific Air Lines to Sandspit where it will be picked up by Q.C.A. and taken on to Port Clements and Masset by the De Havilland now based at Sandspit and being operated by Pilot Roy Berryman.

Queen Mary Feted On 83rd Birthday

LONDON — Queen Mother Mary yesterday celebrated her 83rd birthday with members of the Royal Family. Greetings poured in from all parts of the world. The King and Queen invited 30 Royal guests to a birthday luncheon, where the King was to propose a toast to his mother's health.

MAY QUEEN COURT—Queen Mavis Cronin and her Royal court of princesses are pictured above in a final rehearsal for their part in the Kinsmen's May 24 Celebrations. From left to right they are: Princess Sonja Selvig, Princess Aina Carlson, Queen Mavis Cronin, Princess Georgina Mitchell and Princess Yvonne Jackson.

Fishermen's Tax Case is Taken Up

E. T. Applewhaite, M.P. for Skeena, at the request of the Prince Rupert Liberal Association, has been taking up at Ottawa the matter of income taxes of co-operative fishermen who have complained that they have been assessed interest on unpaid taxes owing to inability to estimate income because final proceeds were not available.

Mr. Applewhaite has replied to the Association suggesting that the matter can be rectified by the simple process of using as a basis of returns the cash receipts actually received less expense incurred and paid. Mr. Applewhaite had taken the matter up with the Minister of National Revenue.

Wanshan Islands Go to Communists

HONG KONG — Chinese Nationalists today handed the Wanshan (Iadron) Islands to the Communists, British naval officials reported.

A spokesman said the evacuation of the blockade base, 40 miles southwest of Hong Kong was completed by Nationalist warships at 8 a.m. In giving up the Wanshans, the Nationalists left the trade starved Communist metropolis of Canton open to foreign sea commerce for the first time in more than eight months.

Loggers' Strike Vote is Called

Award Of Conciliation Board "Wholly Unacceptable to Union"

VANCOUVER — The International Woodworkers of America (C.C.L.) policy committee voted unanimously last night to reject the award of the conciliation board in an attempt to avert a strike in British Columbia's coastal lumber industry.

J. Stewart Alsbury, chairman of the I.W.A. negotiating committee, said in a statement the award of a nine cent hourly wage increase and a maintenance of membership clause in the 1950-51 master contract was "wholly unacceptable" to the union. The union, representing more than 30,000 coast loggers, had asked representatives of 132 logging operators for a 17 cent hourly wage increase plus a union shop.

I.W.A. members will now vote on the authorization of strike action June 15 if no satisfactory settlement is achieved by that date.

Howard Walker Moose Leader

Howard Walker was installed Noble North Moose at the annual meeting of Moose Legion last night. Other officers elected were:

West Moose—Mike Budnich.
East Moose—Malcolm Blair
South Moose—Bill McCallum
Treasurer—Gene Holliston
Herder—Fred Scadden

The fish and chip supper was prepared by Bill Terry and Peter Peterson, who were proud of their handiwork. Members seemed to go for the feast provided for them.

The annual fishing trip was discussed and the date left open. Carl Brechin was in the chair.

Would Have Mr. Gordon Clarify

E. T. Applewhaite, M.P. for Skeena, is to be asked by the Prince Rupert Liberal Association to obtain a clarification of recent remarks made at Victoria by Donald Gordon, president of the Canadian National Railways, who questioned the advisability of replacing the steamer Prince Rupert which is due for retirement shortly.

Surprise was expressed at a meeting of the Prince Rupert Liberal Association at Mr. Gordon's comment in regard to the steamer Prince Rupert's replacement following his visit to Prince Rupert when he had enthused over the possibilities and importance of this port.

Shake-up In Athletics

PHILADELPHIA — Connie Mack last night announced a shake-up in the management of his Philadelphia Athletics. Mickey Cochrane becomes general manager with Jimmy Dykes as assistant manager in the move to bolster the sagging Athletics.

The 87-year-old Mack remains as manager of the club he has directed on the field for the last fifty years.

FRENCH VETS ASK PENSION INCREASE—On April 30, French war veterans held a surprise demonstration in front of the Arc de Triomphe and on the Champs Elysees, demanding that the government adjust their pensions to meet the rising cost of living. Carrying signs such as "The Living dead demand justice," at left, amputees and other veterans are shown in front of the Arc de Triomphe with some of them sitting in the roadway. They held up traffic for over an hour, while police stood by, making no effort to remove them.

Now It Is Shown

THE waters of the Red River are receding rapidly and the Manitoba flood crisis is over. Now the big job—that of rehabilitation—commences. The falling back of the inundating waters will reveal the full consequences of the deluge which struck the great city of Winnipeg, the smaller towns and the fertile farmlands. One hundred thousand persons, evacuated from their homes, will be returning to their property and there will be many a sad scene in the home-coming.

The crisis is over but it will be many a long day before that afflicted part of our country will have recovered from the ravaging of the wild waters. Restoration will be a large-scale and continuing job.

The fact that the flood is diminishing and the immediate peril is over should not relax the relief campaign which is now appealing to the sympathetic imagination of Canadians everywhere and people the world over. The improvement in conditions will but focus the need.

It is a cause which every Canadian must feel constrained to help. The people of Prince Rupert may be expected to rise fully to the occasion.

BRITISH EMPIRE GAMES

NOT only Vancouver but all of British Columbia will feel satisfaction in the announcement that the 1954 Olympic Games are coming to Vancouver. It is a distinction, indeed, that the Commonwealth's greatest athletic exposition should be awarded to British Columbia's major city.

It also involves a large responsibility for Vancouver which is so notoriously lacking in sports facilities. To provide the great stadium as well as the many other things that will be required for such an event will require a great effort during the next four years. But it is inconceivable that the city should fall down in providing the facilities that will be required if a creditable showing and impressive is made. In fact, Vancouver, her invitation now accepted, is on the spot.

Major planning and large expenditures will be required but much of the result will be of permanent character and will be of lasting benefit to the city.

Services in the Church

SATURDAY SERMON

(By Rev. Earl Solland, St. Paul's Lutheran Church)

Pentecost is the Sunday fifty days after Easter. At Easter we remember the great fact that Jesus broke the bonds of physical death and arose from the grave. On Pentecost we remember that God has broken the bonds of spiritual death by sending His Holy Spirit to the world. With His coming we also have many other results in the spirit world.

We do not know a great deal about the workings of the spirit world. God has told us that we war against principalities and powers in high places when we contend against evil influences. He speaks of Satan as being a prince of darkness, skilled in the use of cunning and deceit. He tells us that Satan's power is so great that he would if possible deceive even the elect. The effect of the spiritual forces is felt in our consciences, so that we rejoice when we do good and fear when we do evil. Thus there is much fear abounding in the hearts of men.

When God sent the Holy Spirit into the world on that first day of Pentecost, a new force for the benefit of mankind was presented to the world. The Holy Spirit, the third person of the Godhead, took up his duties in the world. His work is to make Christians and to perfect those who have become Christians.

In doing this great work, He uses the effective means that Christ has provided. They consist of the atonement which brings to men the forgiveness of sin and the Law of God kept perfectly by Christ as man's substitute. Wherever these two substances are applied, men become benefitted. A new relation to the spiritual forces of evil are experienced. This is shown by fear ridden consciences enjoying the peace of God.

Is your life fearful of the present and future? Then it may be that you have failed to

receive the benefit of the work of the Holy Spirit in your life. There is a soothing message for each one who has been given the forgiveness of sin. Such a one has been turned from darkness to light, from the power of Satan to the power of God. Everywhere people are speaking of the terrible conditions which exist today in the world. That may be true. It is also true that some of those who have suffered most by the loss of their homes, personal property and who have been mistreated physically have found a peace which has compensated for all they have lost or suffered.

Wherever people do not enjoy the fellowship of the Holy Spirit, fear rules the heart. In dark Africa, the islands of the sea, or even in Canada, fear controls the lives of those who are strangers to the Holy Spirit. Wherever the Holy Spirit is permitted to dwell, He brings peace to fearful hearts. He does this by uniting such a person with God who restores confidence and gives strength to the spirit of man. If your life is fearful, why not let the Holy Spirit give you God's gift which is able to make you truly confident in this life and confident of that life which is to come.

Church To Be Repaired

Congregation of First Presbyterian Church is Getting Busy

With extensive repairs to the Manse now completed and the new pastor, Rev. E. A. Wright, comfortably ensconced therein, the congregation of First Presbyterian Church resolved at a congregational banquet Thursday night to turn their attention to a big repair program on the church. One hundred and fifty members and adherents attended the enthusiastic affair and offered their full assistance when called upon. A special building committee was named. James Hadden was chairman of the banquet proceedings. Dr. Wright spoke, giving his ideas about what was needed. E. J. Smith, congregational secretary, presented the church's financial position.

Joe Farris, traffic representative of Canadian Pacific Air Lines and one time agent here for the company, left by today's plane on his return to Vancouver after a two-day visit here on official business.

Fourth Ave. East
Minister: Rev. E. A. Wright, D.D.

Organists: Mrs. E. J. Smith and John Currie
Morning Worship—11 a.m.
Church School—12:15
Evening Worship—7:30 p.m.
Subject: The House, the Day, the Book

Duet—Mrs. William Martin, Miss Elizabeth Martin: "I Come to Thee"
A special retiring offering will be taken at both services in aid of the Manitoba Flood Relief Fund.

With grim memories of a hasty evacuation from flooded St. Vital in their minds, these three children find themselves preoccupied by the waters of Lake Winnipeg. They have been given shelter at Winnipeg Beach, 50 miles away from their flood-ravaged homes. So that these children, Randa Taylor, 3; Gail Forbes, 16 months, and Geraldine Taylor, 5, and hundreds of others like them, may return to a normal home environment once the flood has passed, the Manitoba Flood Relief Fund has been created. Contributions may be addressed directly to the Fund in Winnipeg or paid into any bank in Canada.

LETTERBOX

A HAND FOR KIN

Editor, Daily News:

As a newcomer to Rupert of only 2½ years residence I have now seen three May Day celebrations. This letter is intended as a commendation and a criticism. First I would like to say how pleased I was to see the improvement in the parade this year. The floats entered were really worth seeing, the only trouble being there were not enough of them. In a town of so many organizations and enterprising business houses why is there so little participation? Not only civic pride but sound business sense demands it. Could it be for lack of an invitation from the Kinsmen?

Every one knows a celebration of this size requires a great deal of work to organize and my hat's off to the Kinsmen in this respect. They deserve the fullest praise. I am sure too, that they would have no objection to having the parade augmented by everyone who had the enthusiasm to enter a float.

So come on you Rupert boosters and match the kids for enthusiasm next year. If an invitation is necessary how about that—you Kinsmen? Let's have some co-operation and make Empire Day a day to be proud of in Rupert.

That highway traffic on holidays could be incoming and not outgoing.

DOROTHY M. THOMAS.

East Meets West at U.N. Headquarters

In full ceremonial dress, representatives of the Mohawks, the Senecas and the Tuscaroras—American Indians who live on reservations on both sides of the border in Eastern Canada and the USA—recently visited United Nations headquarters to ask for aid on complaints involving treaties. Here Miss Emily General (right) of the Mohawk nation talks with Mrs. Hansa Mehta, representative of India on the U.N. Commission on Human Rights.

Not Police U.S. Claims

WASHINGTON—The United States demanded that Russia dissolve the East German police force immediately, saying it has the "character of an army."

In a note to Moscow, the State Department said the creation of this 50,000 man force directly violates the five agreements signed by the Soviet Union. (In Paris, the French Government announced it also had sent a protest to Moscow). The United States note said the German force: "It is not an ordinary police force, and it does not have ordinary police duties. It has received basic infantry artillery, and armoured training. It must be regarded, therefore, as a military force."

ARE YOUR TROUBLES LITTLE ONES?

Do you ever worry about the future of your young family should you suddenly be called by death? Sun Life Family Income Insurance will replace your income while the children are growing up and take care of your widow for life.

To Advertisers

To insure publication of display or classified advertising copy for same must be in the office of the Daily News by 4 p.m. the day previous to advertising. Requirements of the mechanical department make this rule necessary.

Ray Reflects and Reminisces

Winning an automobile is a happy surprise, gratifying alike to youth or age. It's happened more than once in Prince Rupert and, now a scenic highway unfolds as you drive out of town, the keener should be the realization. Perhaps an elderly owner would prefer the cash value of a spanking new car. In that case, he or she need only make the suggestion. A substantial bank account is always so convenient.

The people of Winnipeg and the Red River valley are free to return home, providing they can find anything of that description. Many houses will be unfit to inhabit. Any house half full of water and drenched with rain for weeks, will take a long time to dry, even if the foundations are firm and there is no lack of bright, warm weather. Yes, there's a sorry and costly experience ahead for thousands and they will need all available help.

Had fate not seen to it that the Duke of Windsor was born to inherit a throne, he might have become a rattling good newspaperman. He's telling the story of his life and reading it is well worth anyone's time and money. Windsor has humor, insight, and a vast fund of racy knowledge. He never guesses, because he always knows. He makes it clear he had made up his mind never to contract a loveless marriage. And no one can doubt how little he ever felt any desire to be a king.

Halting a flood, to stay that way, is often found next thing to impossible. This was discovered many years ago in cities built along the Ohio and Mississippi Rivers. Billions have been spent trying to hold in check the inundations. But, solving a discouraging problem, means going back, to start with, to root reasons. It means a careful study of some aspects of agriculture, forestry, soil treatment, and causes shown to be harmful that indirectly, yet surely bring on flood conditions. These are points for Manitoba to think about at this stage of affairs.

Water at Salt Lakes being warmer than anywhere else within easy distance, it's the logical place to learn swimming, providing you still have that duty on your engagement list. Becoming a swimmer, the next important obligation is to stay as careful as ever. Above all, don't "show off." No one is interested. No one is impressed. Always, there is more danger than entertainment.

The carrying capacity of trucks having greatly increased, so has the size and weight of loads. This, in turn reacts on the highways. Even back east, where roads, established long ago, firmly built and carefully maintained might be reckoned damage-proof are beginning to suffer. Engineers are condemning the growing practice of loading beyond rated notice, for it foreshadows more grief and costs. There will be far more traffic along the Skeena River some day. There is still time to avoid trouble.

Cash For Old Gold

Olaf Hanson arrived in the city Thursday night from Terrace, driving in with M. W. Gormely, district forester, who had been on a trip to the interior on official business.

A. O. Franks, pioneer Prince Rupert printer is in hospital at New Westminster and latest word from there indicates that his general condition is by no means reassuring. Mr. Franks, one of the city's best known old timers, having been here as early as 1909, spent the winter in the city in the employ of the Daily News but was obliged to return south for health reasons.

CWL Card Party Has Good Turnout

Twelve tables were in play Thursday night at the Catholic Women's League card party, convened by President Mrs. Ed. Coughlan. Mrs. E. Telseth was cashier.

Bridge winners were Miss E. Cavalier and A. W. Allaire. High crib scorers were Mrs. M. Sanders and Leo DeBlais, while Mrs. Tweed and Miss Sylvia Johnson, playing as gentlemen, were high at whist.

Refreshments were served by Mrs. Leo Dorrion, Mrs. G. R. Brett and Mrs. E. Telseth.

Extension Of PGE Justified

Hon. E. T. Kenney, minister of lands and forests, at the meeting of the Prince Rupert Liberal Association Thursday night, not only justified the extension of the Pacific Great Eastern Railway to Prince George at this time but added: "The only mistake is that it was not done years ago." Mr. Kenney also expressed favor for the extension of the P.G.E. into the Peace River and predicted that the day would come when either the Canadian Pacific or the Canadian National Railways would be glad to have the Pacific Great Eastern Railway.

Construction Of Cow Bay Road

Construction of the Cow Bay road during the fishing and tourist season by city sewer construction work was the subject of complaint by B. J. Bacon Thursday night at the meeting of the Prince Rupert Liberal Association. Mr. Bacon complained generally of lack of service for waterfront taxpayers, particularly in the matter of maintenance of roads.

T. N. Youngs, who is interested in the contract for sewer construction work, said that an alternate route to the waterfront was being put in off First Avenue while the sewer work was on.

Bowling Presentation Banquet Is Highly Successful Affair

Forty handsome trophies were presented to winners of the Mixed Bowling League during the past season last night in the presence of two hundred persons who sat down at a league banquet in the Canadian Legion ballroom. It was a delightful social affair which everyone enjoyed to the full. Dancing to the tunesome strains of Andy McNaughton's piano music followed the banquet and the merriment kept on until the early hours of the morning.

Garnet Hull, president of the Mixed Bowling, acted as chairman and master of ceremonies. In opening remarks, Mr. Hull remarked with satisfaction on the large turnout of players who were grouped team by team down the long line of tables. It only hoped that, when it came time for the annual meeting, there would be a similarly large gathering so that ideas might be exchanged which would make for a larger and even happier league.

Major trophy of the evening was the handsome trophy presented by Al Manson for league championship—a lofty gold columnar masterpiece of the goldsmith's art, surmounted and flanked by bowling figures and mounted on a two-tone hardwood base of maple and oak on which are affixed numerous miniature shields for the engraving of the names of the winning teams year by year. Amid enthusiastic applause, Mr. Manson made formal presentation of the trophy to Mr. Hull. Mr. Hull then proceeded to

make presentation of the various awards; League Championship—Manson's Jewelers, received by Mrs. Webster Pierce. Team members—Mrs. Webster Pierce, Bob Vuckovich, Jack Paul, Ian Dunbar, Margaret Flynn, Mrs. Sonny Dickens and Mrs. Ian Dunbar, each of whom received a miniature trophy.

DEPARTMENT OF TRADE AND COMMERCE

TENDER NO. G3-2448

SEALED TENDERS enclosed in envelopes marked according to the above Tender No. and addressed to the Secretary, Canadian Commercial Corporation, (70 Lyon Street), Ottawa, Ontario, will be received until 4:00 P.M. (E.D.S.T.), on the 28th day of June, 1950, for construction of an Antenna Tuning House, Port Edward, Prince Rupert, B.C.

Tender forms will be supplied by the Canadian Commercial Corporation upon request. No tenders will be considered unless made on such forms and all tenders shall be subject to the terms set forth or referred to in such forms.

The Plans and Specifications are on exhibition at the Offices of the Canadian Commercial Corporation, Room 1215, No. 2, Temporary Building, (70 Lyon Street), Ottawa, Ontario, at which offices copies may be obtained upon deposit of \$25.00 in the form of a certified cheque made payable to the Receiver General of Canada. This deposit will be refunded when such copies are returned in good condition. Plans and Specifications are also on display at: Building & Construction Industries Exchange of B.C., 342 West Pender St., Vancouver, B.C.; B.C. Building Contractors' Assn., 1451 West Broadway Street, Vancouver, B.C.; and The General Post Office, Prince Rupert, B.C.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada payable to the Receiver General of Canada, in the sum of ten per cent (10%) of the amount of the tender.

All deposits so made will be returned unless, in the case of the successful tenderer, he should decline to enter into a contract for the work when requested to do so or should fail after accepting the contract to complete the same satisfactorily.

The lowest or any tender will not necessarily be accepted.

Arms To Go East

WASHINGTON (AP) — Britain, the United States and France have agreed to supply arms to Middle East countries. Under an agreement, announced yesterday in the three Western capitals, arms and war materials may be sent to Arab states and Israel—but only under assurances the "buyer state does not intend to undertake any act of aggression against another state."

RAGS TO RICHES—Fortune smiled on the Mulligans of Bon Accord, Alta., following discovery of oil on their northern Alberta homestead. Already they have realized more than \$40,000 with the promise of more to come. Until oil companies moved to the area, the Mulligans eked out a bare living from the land and lived in a hut with a mud floor. Here they are in front of their new \$4,000, seven-passenger car. An oil derrick is in the background. Left to right: Ella, 21; Gert-rude, 8; Floyd and Loyd, 10-year old twins; Kath leen, 25; Mrs. Mulligan, at wheel; William Mulligan, the father, standing; Patsy, 14; Maizie, 16, and Robert, 19, seated beside the car. (CP Photo)

QUEBEC LIBERAL LEADER—Quebec's Liberal party has chosen Geo. Emile Lapalme, 43-year-old member of parliament for Joliette-l'Assomption-Montcalm as provincial leader. Mr. Lapalme, shown above, will resign as soon as possible from the Commons to devote all his time to the job of preparing for the next Quebec election, probably 1952. (CP Photo)

Black Topping To Be Sought

J. D. McRae Speaks to Liberal Association on Various Matters

Speaking to the Prince Rupert Liberal Association Thursday night, J. D. McRae, M.L.A., expressed hope that, if special representations were made, action might be obtained in the matter of blacktopping the McBride Street road from Second Avenue to Seventh Avenue section of the arterial highway, even though last year's appropriation had expired.

The Association later passed a resolution seeking a revote which might also cover blacktopping of certain parts of waterfront roads.

Mr. McRae added that surveys had just been completed for road reconstruction between Galloway Rapids and Watson Island and tenders would be called this summer.

The Galloway Rapids bridge had been declared in good condition although narrow, and, until the load capacity had been reached, its reconstruction could hardly be expected although something might be done about approaches.

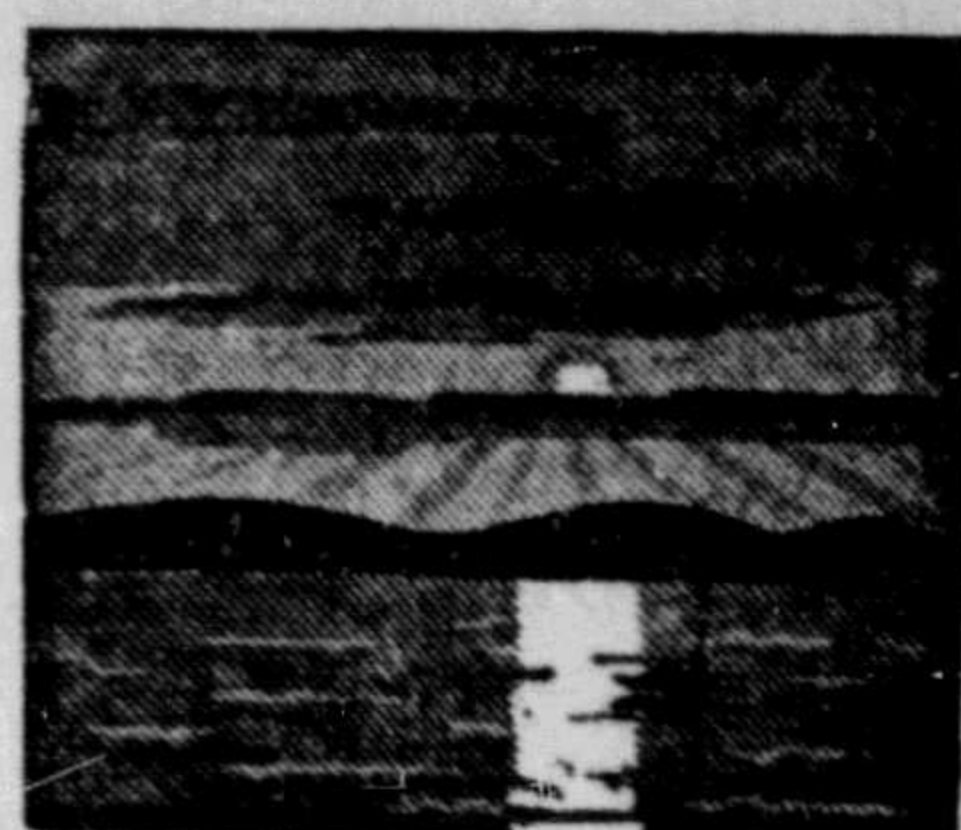

Mr. McRae spoke of complaints that had been made of tearing up of the road between Galloway Rapids and Prudhomme Lake while contractors were working on the water line to the cellulose plant and said that the public works department has insisted that the road be kept in a passable state while the work was going on and that it be restored to its original condition after the work was completed. He recalled that during the past winter steps had been taken by the department to ensure that the road on Kaien Island beyond the city limits be kept in passable condition while Wood, Parr & McClay were proceeding with their reconstruction work.

Mr. McRae also spoke strongly in support of the hospital insurance plan, quoting figures to show how hospital charges were lower than before insurance. Hospitals had been relieved of their chronic deficits.

As for housing, Mr. McRae saw possibilities of the application here of the new federal provincial plan and was gratified that the city was moving toward popularizing the scheme and proving the need for housing which appeared obvious.

Mr. McRae felt the taking over of the provincial police by the Royal Canadian Mounted Police was a step in the right direction. He believed there would be more efficient service at no greater cost.

Lighthouse Tending Burden To Be Eased—Million Pounds More Halibut

When the Alexander McKenzie, the new diesel-powered tender recently completed at Vancouver, docks at Prince Rupert, a burden which has been resting on the hull of the 28-year-old Alberni, will be relieved. During the number of years, which the Alberni has plied the waters in this area, it was the only D.O.T. vessel which was able to steam for the Queen Charlotte Islands. The Birnie, another Department of Transport lighthouse tender, operates only in sheltered waters from as far north as Stewart down to Queen Charlotte Sound in the south. And the Katherine B., still a smaller boat, only plies the waters within a 30-mile radius of Prince Rupert.

All vessels are engaged in supplying lighthouses and inspecting and servicing lighted buoys.

The Alexander McKenzie, a modern and faster vessel, will also be able to visit the Queen Charlotte Islands. The new lighthouse tender is smaller than the Alberni, which is expected to remain in service for another 10 years. It measures 150 feet on deck as compared with the Alberni's 176-foot deck length. The Alexander McKenzie will carry approximately the same complement.

The new 750-ton vessel, to be in command of Capt. Norman McKay, will also be used in conjunction with air-sea rescue work.

Another favorable point for the new lighthouse tender, expected here in July, is that it possesses a heavier lift. The Alberni can lift 8,000 pounds while the Alexander McKenzie will be able to pick up 15,000 pounds. And this will be a boon as some of the D.O.T.'s lighted buoys exceed 8,000 pounds.

In the past, while the Alberni was tied up in drydock for annual and semi-annual overhauls, no D.O.T. vessel was handy to make a trip to the Islands.

In cases of emergency, none of which have come up for a long time, a fisheries patrol boat or a B.C. Police vessel would have to be despatched. With the new vessel in service, no such problems should arise.

But the Alberni, built in 1922, will still be of valuable service and its main function will be the servicing of lighted buoys.

A steady continuous flow of halibut from Canadian and American vessels has been landed at this port and from all indications, the fishing has been more intensive than during 1949. One indication is the earlier closing of Area No. 2 at midnight June 1. Last year, the 25,500,000 pound quota was diminished June 3.

Up to and including Friday, total landings in Prince Rupert exceeded 1949's total for the same period by almost 1,000,000 pounds. The landings here up to yesterday totalled 8,066,000 compared with 1949's total of 7,138,000. But as far as fishing in Area No. 3 is concerned, vessels have been catching less halibut this year. The difference, though not a great deal, is 1,182,000 pounds to date for 1950 and 1,275,000 pounds during the same period last year.

Breaking these figures down, the total Canadian landings thus far at this port are 6,462,500 pounds while American halibut vessels brought in 1,603,000 pounds. In 1949 the poundage was less; Canadian, 5,714,000 and American, 1,424,000.

During this week, one of the largest landings by both U.S. and Canadian vessels was seen. On Wednesday, the halibut exchange experienced the smallest amount of business for any day this season as only 32,000 pounds was sold. Another small 7,000 pounds was delivered to the Prince Rupert Fishermen's Co-operative.

Monday, the contrasting day, saw 410,000 pounds sold on the exchange. Of the 317,500 pounds brought in that day, 406,500 went to the Co-op.

Total landings this week up to Friday were 1,518,000 pounds of which 497,000 pounds came from Canadian vessels, 330,000 from American boats and 781,000 pounds landed by Co-op vessels (also Canadian).

The freighter Northern Express, Captain Sorenson, docked at Prince Rupert Thursday night and unloaded 60 tons of freight.

GUESS HOW MUCH?—In a locally unique effort to augment the fund for Manitoba flood relief, this giant halibut will be the subject of a guessing contest, the prize for which will be a fine wrist-watch presented by Manson's Jewelers. Here is a picture of the fish at the shed of the Prince Rupert Fishermen's Co-operative Association. Standing alongside is Jimmy "Whitey" Intermela. The first ticket was purchased this afternoon by Mayor George Rudderham on Third Avenue where the fish, iced up in a big aquarium tank, was on view.

She sailed at midnight for Porcher Island, Watson Island and Alice Arm where she will load up with concentrates. She will stop at Butehead on the way back to Vancouver to pick up 100 tons of fish meal.

Union steamer, Camosun, Captain William McComb, arrived in port Friday afternoon at 1 o'clock with the following passengers: O. Besner, E. Kellner, B. T. Marlow, M. Marlow, H. W. Pritchard, Mr. and Mrs. Y. Yoshida, Rev. P. H. Mallett, Mrs. W. H. Cadman, Mr. and Mrs. T. Hanchard, L. Texclen, L. Affield. She sailed in the evening for the North Queen Charlotte Islands whence she will return here tomorrow south-bound.

The fishing craft Zip, Captain J. Hopen was rammed by an unnamed halibut boat about fifty miles south of Ketchikan in Dixon Entrance some days ago. The two men aboard the Zip are reported to have made "hot patch" repairs but this did not keep the water entirely out. A coast guard cutter was soon on the scene. The Zip is new in the north, having arrived a month ago from Tacoma, where she was built last autumn.

TRAIN SCHEDULE Standard Times

For the East—
Monday, Wednesday, Friday 3:00 p.m.
From the East—
Tuesday, Thursday, Saturday 10:15 p.m.

At home in any company...

And a 19th hole winner on any course for its distinctive, mellow-brewed flavour and downright satisfying taste.

Truly the beverage of moderation—the perfect expression of genuine hospitality that is so much a part of our Canadian life.

Burton Type Ale is as good as, if not better, than any imported ale. Only \$2.47 a case, including tax.

7:00 -- 9:05 p.m.

ALASKANS DRIVE EAST FROM HERE

Passing through Prince Rupert this week were Mr. and Mrs. Robert Wagner and daughter Wanda who came from Juneau aboard the Princess Louise. From Prince Rupert they started on a drive that will take them to Minnesota. The Wagners have been located in the Douglas area near Juneau where Mr. Wagner taught school. He has also had experience as a pharmacist. Concluding their visit to Minnesota in July, they will return to the north coast and Mr. Wagner will resume teaching at Bristol Bay.

Seeking Aid In Tariff Changes

Correspondence on the matter of tariff on synthetic fish oils entering Canada as a protection for natural Canadian fish oils which have been seriously hit by the competition of the synthetic oil was read at the meeting of the Prince Rupert Liberal Association Thursday night. Rules have yet to be made by customs authorities at Prince Rupert as well as elsewhere in Canada to this new competition what had been a valuable adjunct to the fishing industry has been virtually wiped out.

TIM-BER-LOX

Protects Paint from Peeling and Blistering

A Penetrating Sealer and Paint Mix

Tim-ber-lox is a clear liquid made from the finest, toughest resins and water repellent oils and is used as a thinner for oil based paints or as a clear primer before painting or varnishing.

OUTSIDE PAINTING

In order to secure a good paint job it is first necessary to secure a good ground or prime coat. It is in this prime coat that the addition of Tim-Ber-Lox to paint is highly recommended. Paint with Tim-Ber-Lox added, has superior penetrating and sealing qualities which provide a reinforced foundation against moisture and helps prevent the peeling and blistering of succeeding coats of paint.

PLYWOOD

A single application of Tim-Ber-Lox will prevent warping, buckling, surface checking and will eliminate "Grain Raise" leaving the surface smooth and uniform for subsequent coats of varnish or paint. It costs no more to use Tim-Ber-Lox—as Tim-Ber-Lox replaces the prime coat of paint or acts as a varnish undercoat where plywood is later to be varnished.
