

Parliament Approves Pact; Archibald Does Not Vote

(CP)—The House of Commons yesterday in favor of the Atlantic pact. The debate came when Prime Minister St. Laurent strode across the House and shook hands with the Opposition leader George Drew who had just returned from Washington.

CASEY 'PHONE MOTION KILLED

Council Spikes Another Plebiscite Attempt

A motion by Alderman George Casey to toss council's \$550,000 telephone by a proposal back to the voters received an almost routine defeat at the hands of his colleagues last night after it had been seconded "out of courtesy" by Alderman T. B. Black, leading proponent of the rehabilitation scheme.

"I could rule the motion out of order, but I don't intend to," said Acting Mayor George Ruderham. "We already have the approval of the voters and have made our decision as to policy."

PURCHASING FOR RAILWAY

Fuel Cost Second Only to Wages on C.N.R.

GRAND MERE, Que.—Fuel is the largest individual commodity among the 75,000 different items purchased each year by the Canadian National Railways and its annual cost of seventy million dollars is second only to wages as the major items in the railway operating expenses, E. A. Bromley, vice-president of the company's purchases and stores, Montreal, told members of the Rotary Club here in an address last night.

During the past 10 years, the Canadian National Railways has had to pay out \$233.92 per minute for materials and supplies, an average of \$122,946,316.00 annually or a total of more than one and a quarter billion dollars over the past decade.

"From the magnitude of these figures, you will appreciate at once that the National system is the largest buyer in Canada," said Mr. Bromley. "It is the policy of the railway to buy as much as possible of its requirements in Canada and approximately 90 per cent of the money spent remains in this country."

LIBERALS AND CONSERVATIVES HAVE THEIR PROBLEMS BEFORE ELECTION

The provincial election campaign in Prince Rupert, as elsewhere in British Columbia, is getting under way. General meetings of Liberal and Conservative provincial riding organizations are called for this week, the former Wednesday night, the latter Thursday night.

Liberals, at their meeting, will nominate delegates for the provincial convention to be held in Vancouver April 7 and 8 when the issue of continuing in the coalition or going it alone will be decided upon. Indications are that the local delegation will go to the convention unopposed, it being left to the delegates to determine for themselves on the spot, what would seem to be the best course of action.

Meanwhile, the local Liberals are also calling a nominating convention for April 19. The course of that convention will be determined, apparently, by what happens in Vancouver. If the Conservatives have a number of questions to thresh out before finalizing their nomination or nominations, the C.C.F. course, provincially, appears clear.

First Robins of Season Are Here

First robins of the season and spring snow flurries came to Prince Rupert on the same day yesterday. A pair of red breasts were seen chirping playfully from a string of light wire even as chilly snow flurries fell. It has been a long and unusual winter but these are the real harbingers of the season's awakening. Where the robins are, spring is not far away.

Flash

DEPUTY PREMIER MISSING

LONDON—An aircraft, in which Sardar Patel, deputy prime minister of India, was flying from New Delhi was reported overdue at Jaipur airport tonight. He was due to attend an official ceremony at Jaipur tomorrow.

MEETING OF PREMIERS

OTTAWA—A meeting of Commonwealth Prime Ministers is to be held in London beginning April 21, it was announced today. The announcement was made from the office of Prime Minister St. Laurent who said that it was proposed Minister of External Affairs L. B. Pearson should represent Canada at opening meetings.

AMERICANS JAILED

PRAGUE—The senate of the Prague state court has found two American soldiers guilty of espionage against Czechoslovakia, it is officially announced today. They have been sentenced to 12 and 10 years imprisonment. The trial took place in secret and American authorities were not informed of the proceedings.

USK RESIDENT SUCCUMBS HERE

The death occurred in hospital here Monday afternoon of Ernest Drake, a retired prospector of Usk, following an illness which had kept him in hospital since January 19. He was 69 years old. Born in Tennessee, Mr. Drake came to British Columbia in 1922. In 1926 he settled at Usk where he interested himself in mining properties. He is survived by his widow, who is at present in the city. The funeral will take place in the city at a date to be announced.

RESCUE IS SUCCESSFUL

EDMONTON—A joint Canadian-American rescue mission, ended yesterday following the dramatic rescue of seven American airmen from barren Ellesmere Island, deep inside the Arctic Circle. The rescue was carried out with cool clock-like precision by a ski-equipped Royal Canadian Air Force Dakota. The plane touched down on the island where the airmen had been forced to crash-land their plane last Thursday. None were injured in the crash.

ICE STAR IS TURNING PRO

VANCOUVER—Winsome green-eyed Jeanne Matthews, aged 19, says she is packing up her treasured amateur trophies and will take a three-year professional tour with an ice show. Tomorrow Miss Matthews will realize the culmination of ten years of practising ten hours a day when she gets a star billing in what she hopes will mean a tour of Europe this summer. Last year she was runner-up to Barbara Ann Scott in the Canadian championships at Ottawa. She held the Western Canada crown for three years in a row.

Plane Survivors Rescued at Sea

PEARL HARBOR, Hawaii.—Eleven survivors were rescued from a sinking flying boat in the middle of the Pacific yesterday. A Navy landing ship picked up the airmen nine hours after they went down but there were no further details available. The Catalina went down in the sea with a dead engine.

Union to be Finalized

OTTAWA—A tall silver-haired, soft-spoken lawyer, Sir Albert J. Walsh, will be Newfoundland's first Lieutenant-Governor under Confederation when the Island becomes the tenth province. Prime Minister St. Laurent announced the appointment yesterday, later disclosing that Prime Minister's first member of the federal cabinet will be sworn in at the same time when joint ceremonies take place to mark the union at March 31.

STANLEY CUP PLAY TONIGHT

MONTREAL—Montreal Canadiens are hoping to hand the Detroit Red Wings their third defeat in the National Hockey League semi-final play-offs tonight and fans are glancing toward "forgotten men" to do the trick. So far, in the best of seven series which Montreal leads two games to one, players like Hal Laycoe, Gerry "Hat Trick" Plamondon, Murdo McKay and Leo Gravelle, have been meeting the puck while recognized stars go scoreless.

SUBVERSION IS NOT SEEN

OTTAWA—A naval spokesman said here that there was "at present" no evidence of subversive activities in the Royal Canadian Navy nor was there any evidence that three disturbances recently aboard the destroyer Athabaskan and the transport and aircraft carrier Magificent were connected with each other.

CHARGED WITH STRANGLE DEATH

CRIMINAL ATTACK ALSO ALLEGED IN CASE OF ELDERLY ONTARIO WOMAN
SUDBURY—Albert Quesnel of Espanola was yesterday formally charged with murder in the strangle-slating at Espanola last Friday of Mrs. Harry Cleland, aged 71. Quesnel, aged 38, was returned to the district jail after being remanded to April 5. He had not been asked to plead. Partly clad body of the aged woman was found Saturday in a swamp and a post-mortem examination showed she had been criminally attacked.

British Columbia Students Run Foul Of Nicaraguan Authorities

SAN JOSE, Costa Rica.—Costa Rican sources said today that a Canadian student drove a vehicle which was seized last Wednesday by Costa Rican police who suspected it of running arms and ammunition to Nicaraguan rebels. The source said that the student, who was not named, was one of three from the University of British Columbia who were now touring Central America. The student was released and no charges were laid, the source said. The three students were Steve King jr., 22, of Ganges Harbor, formerly of Prince Rupert; Robert Purkis, 24, Salmon Arm, and Peter Postuk, 22, Prince Rupert. The students, in need of money to continue their trip, had put the converted station wagon in which they were riding up for sale last week. A group of Nicaraguans rented it for \$100. This group the Costa Rica police arrested for smuggling.

CO-OPS CONGRATULATE RAY

Your yesterday's "Comment" said "the whole world is being swept by an epidemic of the gimmies" and that's exactly what has been bothering us. The answer to this problem will be heard at the Sons of Norway Hall, at 8 p.m. Wednesday and Thursday, when Roy German, secretary of the Alberta Wheat Pool, and Art Wirlick of the B.C. Co-op Union and others, will speak on "Co-ops Versus Depressions," "Cut Living Costs the Co-op Way," "Democratic Control in Co-ops" and "How Far Can Co-ops Go?" Refreshments and films are on the program.

JOURNEY'S END—A hospital bed was awaiting this little Eskimo when he reached Winnipeg with 12 companions aboard an R.C.A.F. aircraft which flew them from the Chesterfield Inlet area on the northeast coast of Hudson Bay. The 13 were the most seriously ill of the 60 affected by the poliomyelitis epidemic which claimed 13 lives. Assisting a stretcher-bearer in moving the youngster is Dr. W. J. Wood, right, of Winnipeg, regional supervisor of Indian health services who headed a five-man medical team which flew to the scene of the outbreak. (© Photo)

GARBAGE COLLECTION CONTRACT MAY FORESTALL RATE INCREASES

Council Seeking Way to Hold Down Rates in Face of Anticipated \$8,000 Deficit in Department

City council will seek to let its garbage collection system out on tender to forestall a rate increase which the aldermen believe will be necessary to eliminate a deficit of more than \$8,000 staring them in the face on the basis of this year's estimated costs and revenues. Move for a 50 per cent increase in present rates, with an alternative suggestion that the city's garbage collection be let by tender were incorporated in a report submitted last night by Alderman W. F. Stone, health committee chairman. Estimated cost of collecting garbage in 1949 will be \$24,525, while revenues will be \$16,500, leaving a deficit of \$8,025. Alderman Stone reported. Collection costs in 1948 totalled \$20,267, with revenues of \$14,901, a deficit of \$5,366.

THE WEATHER

Synopsis
A blast of cold air moving across the north Pacific from Alaska has set up a storm which is causing rain along the entire British Columbia coast and increasing cloudiness followed by snow flurries in the interior. The weather will turn showery this evening and become mostly clear by Wednesday morning. Temperatures will be down a few degrees tonight and tomorrow in this new outbreak of colder air from the north.

Forecast
Queen Charlottes and North Coast—Cloudy with frequent showers today and tomorrow. Westerly winds (25 m.p.h.). Colder with frost tonight. Lows tonight and highs tomorrow: Port Hardy 32 and 42, Massett 32 and 42, Prince Rupert 30 and 42.

TO BUILD WARSHIPS

OTTAWA.—Minister of National Defence Brook Claxton yesterday revealed plans to call for the laying down this year of three new high-speed anti-submarine escort vessels to be built in Canadian shipyards.

Heartening Scene

STOUT ADVERSARIES on many major issues, Prime Minister St. Laurent and Leader of the Opposition George Drew buried the hatchet for a while in the House of Commons yesterday on the most important question of them all. They are good, loyal Canadians and showed themselves as such in no uncertain terms when they came so unanimously and enthusiastically together on the approval of the terms of the Atlantic alliance. It must have been a heart-warming scene when Mr. St. Laurent crossed the floor of the House to grasp the hand of Col. Drew and congratulate him on his ringing speech in support of the epochal peace-promoting pact.

Such things as this are possible in a democracy as are the frank and candid exercise of opposition to the works and plans of an administration. We may have our differences in the family politics in the family domestic but thanks be to Providence that we are the most of us good, true Canadians under the skin and have the right to express ourselves and yet be friends.

A HAND TO BO-ME-HI

PRINCE RUPERT'S High School basketballers are coming home tomorrow. It may not have been a tour of complete conquest but the boys gave a mighty fine account of themselves and are entitled to a good hand and a good welcome as they return. To win the honor of being British Columbia's third best basketball team and to have our boys voted as the second and third best individual players is something of an accomplishment. From what information we have to date, mighty little in the way of playing proficiency separated the third team from the first in this contest.

So we may heartily congratulate Coach Alex Bill and his boys. They did a good job for the home town and upheld Prince Rupert's honors in fine style. It was a credit to everybody concerned.

TOY WEAPON

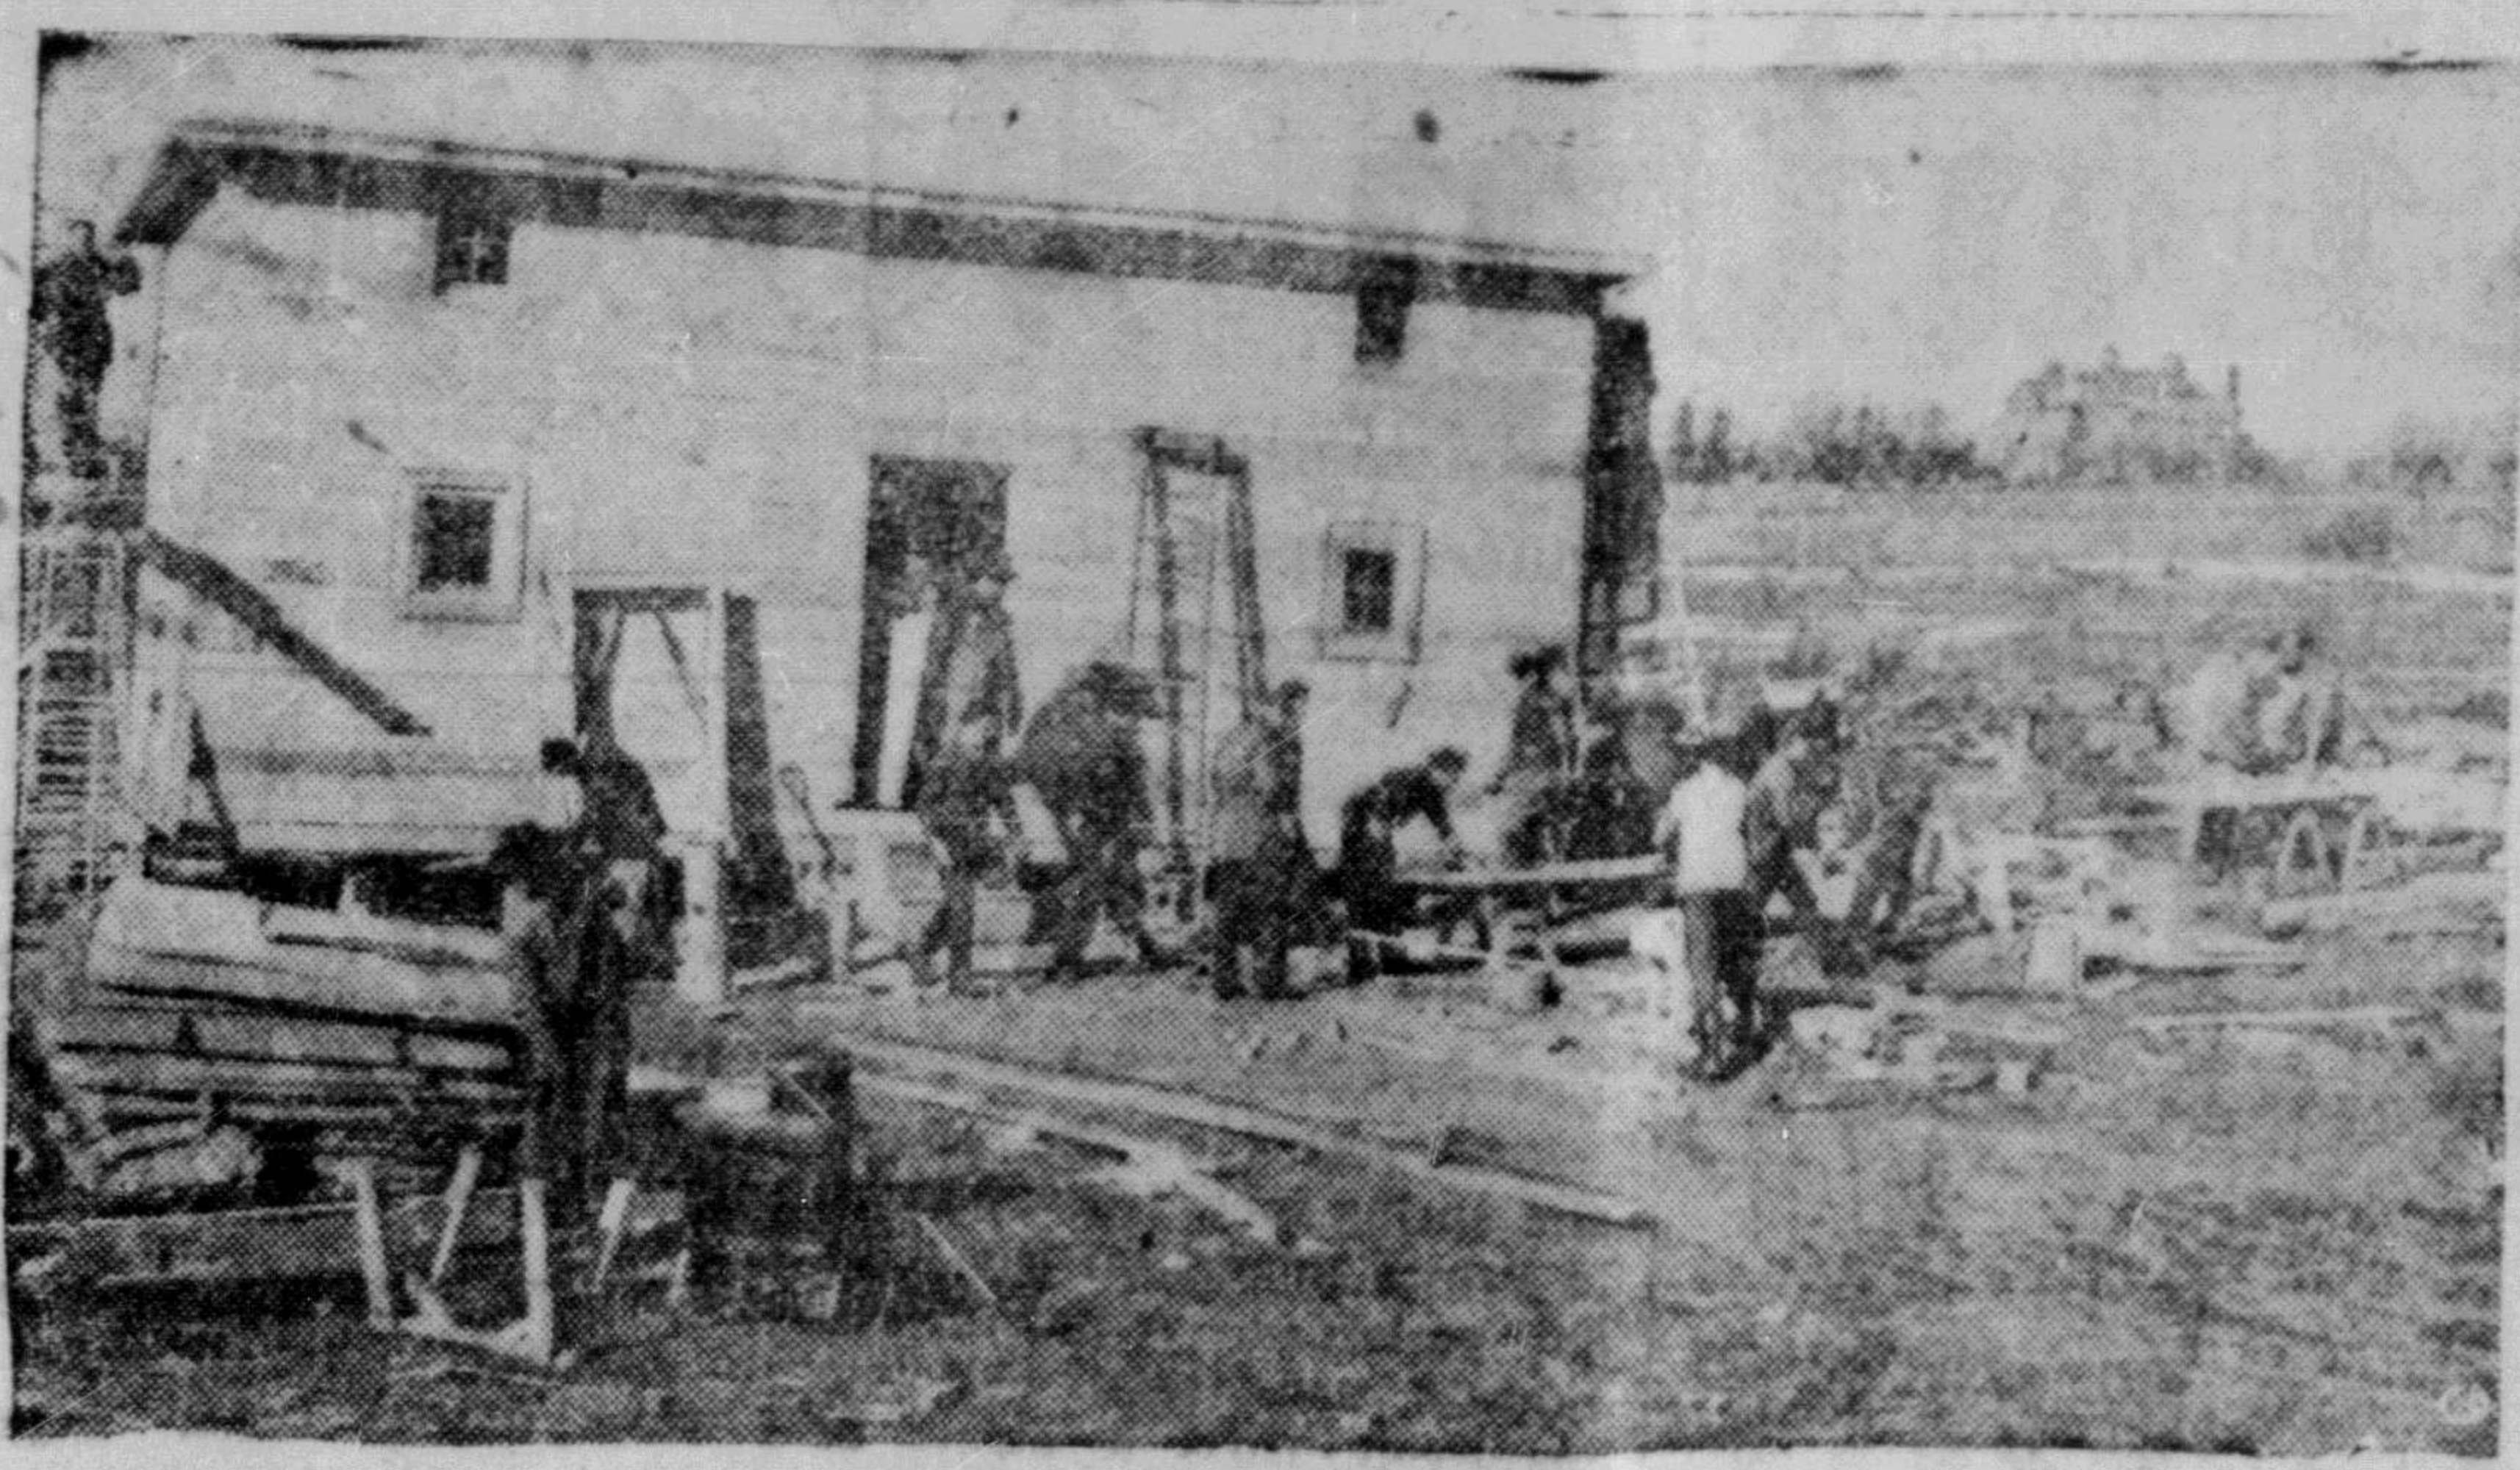

IT MAY BE only a toy pistol and, consequently harmless, but, in the eyes of the law, it's a deadly, loaded weapon, capable of sending one to eternity.

This was made clear in Montreal the other day when Judge Theberge rejected pleas for clemency in the case of a nineteen-year-old youth who had committed a series of taxi robberies. His counsel emphasized that the accused had never used a real revolver. Therefore, consideration should be shown. Instead, the young man was given ten years. A heavy sentence, it must be admitted, and it is possible he will not serve the entire term. Yet, who, in justice, can honestly say the judge was not acting on a perfectly sound principle of law? Many a toy gun, today, so closely resembles the genuine article that, at first glance, little if any difference can be seen.

HAUNTED BY FLOOD PROSPECT

NOW THAT SPRING advances the Fraser Valley is haunted by the fear of more floods. The memory of extensive losses and damage a year ago, the spread of erosion and changed currents are but some of the factors from which has sprung a feeling of anxiety according to recent word from different parts of the valley. It is said the grade of the C.P.R. is exposed to certain risks.

There is the usual amount of careless small talk (but not always misleading) and every spring has its dangers in a mountain country like British Columbia when irresistible power sends rising rivers coursing to the sea. Much depends on how gradually snow melts. No one will dispute the severity of the winter and the great depth that was common, practically all over the province. Since last May, about everything humanly possible has been done to avert a repetition of the disaster that so sorely afflicted British Columbians in 1948 but the Fraser Valley is still worried.

RAPID CONSTRUCTION—A flash fire on March 17 destroyed the home and all the possessions of Mr. and Mrs. Paul Brunet of Belleville Ont. They had no insurance. On March 19 at 8:00 a. m. friends and neighbors started to build the Brunets a new house. By 4:00 p. m. the following day, the home was complete even to wiring and paint and sufficient furniture had been donated to furnish it. This photo shows the building before the exterior covering had been applied. The house is 12 feet wide, 30 feet long, and 15 feet high. © Photo

What City Council Did

- Referred to the Board of Works a request by the Prince Rupert Parent-Teachers' Council that the city's curfew law be invoked against the parents of young children "who roam the streets at all hours." Lack of an adequate siren or bell to announce curfew hour was given as the main difficulty facing enforcement of the curfew law. The Parent-Teachers' Council will be asked to submit suggestions as to how it could reasonably be enforced.
- Confirmed the appointment of Don Stewart as City Engineer following his years' service in the capacity of Acting City Engineer.
- Passed the annual loan bylaw authorizing the city to borrow up to \$50,000 to meet current expenses until 1949 tax money starts to come in. The bylaw was given initial reading at the last meeting of council. The bylaw was introduced by Alderman T. B. Black, finance chairman.
- Approved a report of the licensing committee granting the following licenses: M. J. Sandyke, general agency; G. Tompkens, wood dealer; E. F. Saunders, commercial printing; E. Peterson, rooming house.
- Approved a report of the utilities committee recommending that no representative be sent from Prince Rupert to attend the annual fire college in the south this year.
- Adopted a recommendation of the board of works that repairs to the Shawatlans water pump house be made at an estimated cost of \$150. A fortnight ago council authorized City Engineer Don Stewart to survey the building on the basis of repair cost.
- Granted Alderman H. M. Daggett leave of absence from last night's meeting and the first April meeting. Mr. Daggett is out of the city on business.
- Agreed to sponsor a luncheon on June 3 in honor of visiting delegates to the regional convention of the Junior Chamber of Canada which opens here on that date. The aldermen approved expenditure of up to \$150 for the function. Request was submitted by the Prince Rupert Junior Chamber.
- Acknowledged a note of thanks from Mayor Nora Arnold, now on sick leave, and reaffirmed their hopes for her speedy recovery. Mayor Arnold thanked the aldermen for flowers sent while she was in hospital.
- Approved a motion, introduced by Alderman H. S. Whalen, authorizing council to prepare a local improvement bylaw for street work on Rushbrook Heights, wartime housing subdivisions.
- Approved the sale of lots 26 and 27, block 2, Section 7, Ambrose Avenue, to W. A. Colclough for the assessed value of \$300 as reported by the finance committee.

NAMED ASS'T INDIAN SUP'T

William Benson Bailey, who joined the staff of the local office of the Department of Indian Affairs a few months ago, has now been appointed assistant Indian Superintendent. It is announced by Indian Superintendent F. E. Anfield. Mr. Bailey served with the Royal Canadian Navy in the North Atlantic during World War II.

BRIGHTON, England — Brighton has won the right to drink for half an hour longer in winter. The licensing justices agreed to allow the town's public houses to stay open until 10:30 p.m. the year round.

SOLE, Norfolk, England — Archaeologists will investigate the site of a Roman encampment here.

LETTERBOX

YES, WE AGREE!
 Editor, Daily News:
 I have been going to write this letter for some time now and this is as good a time as any. It is 4:00 a.m. and we are all awake; thanks to many dogs barking.

Don't you think it is about time something is done in this city to make people keep their dogs in at nights. I am fond of dogs and own one myself, but he is not allowed to roam the streets at night. I can't understand why so many are out at night as surely any person can tell the bark of his own dog and could call it in. I am sure they must be awakened too. If not they must be sound sleepers and I envy them.

I have a small baby who will sleep 12 hours at night; that is if the dogs decide to go and serenade the people in another district. My little boy is very frightened when he hears the barking so close to the house and I have quite a time to quieten him.

Thank you for this small space in your paper and I do hope some move is made to try and keep dogs off the street at nights.

SLEEPLESS.
 You saw it in the News!

MEETING

For the Purpose of Re-organizing
 — THE —
PROGRESSIVE CONSERVATIVE ASSOCIATION

For the Polling Division of Prince Rupert, of the Electoral District of Prince Rupert, you are very cordially invited to attend a meeting in the Civic Centre, Prince Rupert.

THURSDAY EVENING
 March 31, at 8 o'clock

It would be appreciated, if you would please ask your friends who may be interested in the welfare of the Party to join you on this particular occasion.

J. E. MERRYFIELD,
 Organizer.

PHONE MOTION KILLED

(Continued from Page 1)

plant for sale or lease with a 20 year franchise for operation of the system.

The \$550,000 scheme Alderman Casey described as "an amount too great for the revenue of the utility to bear."

"I stand second to none in my support of municipal ownership, but I fear we are overloading our system with a burden of debt greater than it can sustain. For that reason, I have sought to find some other way to rehabilitate it with a lesser amount of money," he declared.

ADMITS AUTOMATIC BEST

"I have no argument as to the merits of the two systems—automatic is cheaper to operate, quicker and generally more satisfactory—providing you have sufficient subscribers to justify the cost of installation. There is the pinch. Have we the subscribers?"

"We have a lot of utilities that are not in good order—schools, roads, sewers. There is one thing we must guard against, that is, getting our tax rate out of line with what is in accord with municipal financial health."

Alderman Casey then cited figures from the last annual report, combining them with estimated telephone rehabilitation costs, which he said, showed that an automatic system could not operate without a deficit.

Alderman Black countered with figures, based on a plan already filed with the provincial Department of Municipal Affairs, which showed that, with in-

creased rates, an automatic switchboard for 1,400 lines, could operate without a deficit.

Alderman Casey's scheme to spend \$150,000 on partial rehabilitation was described by Alderman Black as a "temporary expedient" which actually would be more costly than a new system to operate.

Borrowing of \$550,000 would not greatly affect the city's borrowing power, since its maximum borrowing power is \$1,500,000 and school expenditures have no effect upon it.

Regarding any proposal to sell the existing system, little would be accomplished, since its residual value is only \$9,800.

Acting Mayor Rudderham reminded the aldermen that, when the bylaw is put to the people, 60 per cent of the ratepayers must approve it before it can be put into effect.

Alderman Casey was the only one to support his own motion.

Spring Styles Are Displayed

Colorful Pre-Easter Fashion Parade Presented at Capitol by Annette

Winter might have been having its last sullen gasp outside but spring's colorful conquest was complete on the stage of the Capitol Theatre last night when Annette Mansell presented an eye-appealing pre-Easter fashion parade.

For a full half hour a capacity audience witnessed model after pretty model parade before a huge and ingenious Easter bunny backdrop to show stunning the latest and most intriguing styles in lounging wear, coats, ensembles, dresses, afternoon and evening — all brought by Annette from the leading stylists throughout the country to offer to the discriminating ladies of Prince Rupert.

The crowning scene of the evening was the grand finale Easter bridal party featuring beautiful Lois Thompson in beautiful full-fashioned satin and lace with long flowing train held by pretty little Sandra Gastaldini and Sandra Currie, both in white satin and lace, reflecting the bride's styling. The bride's headress was a replica of the tiara worn by Princess Elizabeth at her wedding. Four lovely bridesmaids completed the party—Maresa Windie, in queen's blue, and Georgia Rud-

Dr. Charbonneau Succeeds to Duties of Dr. J. A. MacDonald

Dr. L. P. Charbonneau, who arrived in the city a few weeks ago from Ottawa to join the medical staff of Miller Bay Hospital, is taking over the duties of agency medical officer here for the Department of Indian Affairs in succession to Dr. J. A. MacDonald who is going into private practice with Dr. L. M. Greene, formerly of Smithers and more lately of Powell River. Dr. Charbonneau will conduct the work from an office in the Stone Block as Dr. MacDonald has been doing.

HOME FURNISHING COURSE STARTING

Invitation Extended to Visit Classes at Civic Centre

The University of British Columbia's extension department's home furnishing course got off to a good start at the Civic Centre yesterday with an enrolment of 16 for the afternoon classes and 23 for the Monday evening class.

Miss Eileen Cross explained how to measure the amounts of material needed and listed the various items required. By the next meeting it is expected that many will arrive carrying lampshades that need recovering, small chairs that need new covers, marked tables or picture frames to be refinished, butter or cheese boxes to be made into hassocks or sewing boxes and new drapes to be made up with

lining and stiffened heading. Some persons taking the course are having difficulty deciding which of the things in their homes to begin remodeling first. Others have fixed objectives.

Miss Cross says that those who are interested but haven't time to take the full course are welcome to attend a few lectures afternoon or evening just to call in and watch everyone at work.

Seasonable Ideas for Housekeepers

SALADS ARE ARTISTIC BUT THEY ARE ALSO GOOD FOOD

Some people consider that all salads are just so much greenery, dolled up to catch the eye and eaten as a duty because of those important vitamins. Indeed those men have been known to class all salads as "hay" and refuse to eat them. Others enjoy the crisp coolness and the delicate, yet full flavour of the well made salad. The attitude of the diner depends on the salad maker.

Good salads are harder to achieve in winter and early spring but with a bit of imagination they can be attractive and appetizing to everyone. Salads containing eggs, beans, cheese, fish or meat are just as substantial as and often more appetizing than the hot, meat and potato, meal.

Here are several good salads suggested by the home economists:

- Tomato Slaw**
3 cups shredded cabbage
1 teaspoon salt
2 tablespoons vinegar
1/2 teaspoon pepper
1 tablespoon sugar
1 cup canned tomatoes
1 teaspoon scraped onion (optional)
1 cup shredded cheese
Place shredded cabbage in a bowl. Mix salt, vinegar, pepper, sugar and onion with tomatoes. Pour over cabbage. Let stand 10 minutes to chill and blend. Add cheese just before serving. Yield: six servings.
- Parsnip Salad**
2 cups grated raw parsnip
2 cups diced apples (with some of the red skin left on)
1/4 cup diced orange
1/4 teaspoon salt
1/2 cup salad dressing
Toss all ingredients lightly together. Chill and serve on lettuce. Yield: six servings.
- Albanian Salad**
1 lb. fresh young spinach
4 slices bacon
1 tablespoon bacon fat
1 teaspoon malt vinegar
1/4 cup French dressing (about)
1/2 teaspoon black pepper
Wash spinach thoroughly. Use only the spinach leaves; discard stems. Dry spinach well, then crisp in refrigerator at least one-half hour. Meanwhile fry bacon slowly, pouring off grease as it collects. When bacon is partially cooked, cut in small pieces. Continue cooking until crisp. Shred spinach. Add cooked bacon, a tablespoon of the hot bacon fat, vinegar and black pepper. Add French dressing slowly and mix lightly until spinach is well coated. (A quarter of a cup may be too much). Allow to marinate in refrigerator about 20 minutes before serving. Yield: six servings.

Bean Salad
6 hard-cooked eggs
1/2 cup French dressing
3 tablespoons grated horseradish
3 cups cooked string beans
Lettuce
Chop eggs very finely, add to dressing, then add horseradish. Pour over beans, let stand 1/2 hour. Serve on lettuce. Yield: six servings.

BEARER OF GOOD NEWS—Finance Minister Abbott leaves his office with a long smart step to tell a crowded House of Commons of his new tax-cutting budget. Tucked under his arm is the black portfolio containing all the well-kept tax secrets. The bright smile on his secretary's face reflects the way Canadians generally greeted Mr. Abbott's announcement of taxation relief. (Photo by G. J. G. Photo)

Basketball— Jets Beat Metlakatla

**Taking Seven Point Lead
Into Second Game**

Prince Rupert Jets defeated New Metlakatla (Alaska) Athletic Club in a thrilling basketball finish last night after grabbing the lead in the last four minutes of the game and increasing their margin to a safe 47 to 40 win. They carry this score into the second game of the series tonight, which is for a total point winner.

Rupert had more than the one jinx of changing colors in mid-season to overcome in this series as they played their first game in their new strips.

Local sport fan Lou Felsenthal presented the uniforms to team members and Rupert Men's and Boys' Store really went first class in their gift to the City's representative team, with an attractive white strip for home play, a blue strip for out of town competition, all complete with warm-up pants and jackets.

The first three quarters of the game was ragged with neither team playing good basketball. It was not until three-quarter time that the teams opened up, Rupert scoring 15 points in this last period to overcome a two-point lead and to go on to win the game. Metlakatla had twenty personal fouls called, losing players Leslie and F. Bolton via this route and Rupert made twenty two fouls, losing Dominato with three minutes to play. Both teams were off on their shooting, Metlakatla only making 14 of 79 tries and Rupert 18 of 87. Jack Lindsay was outstanding with 14 points for the home team, and Booth 12, Williams 11, and Leslie 10, were high scorers for the Alaskans.

Lineups and scoring was as follows:
Metlakatla—Leslie 10, Lang 4, F. Boulton 2, D. Boulton 1, Booth 12, J. Reece, B. Reece, Miland, Williams 11, Lyle.—Total 40.

Prince Rupert—Holkestad 6, Lindsay 14, Lavigne 5, Arney 2, Morgan 6, Beynon 7, Dominato 7, Shiez.—Total 47.

LADIES PLAY-OFF

Booth Memorial High School decided that the girls' league would have to go to the third play-off game, and they came through with a well-earned victory over Dom's to tie up the series at a game apiece with the winner to be decided Saturday night.

Christine Currie played a good game for the school in spite of her injured finger which has kept her out of the last two games. She was her team's best playmaker and top scorer with 6 points to her credit. Betty Hamilton scored 6 for Dom's and the final score was High 13, Doms' 10.

Doms' played with only one spare and just couldn't get the (Continued on Page 5)

CONTINENTALS LEADING IN MEN'S 5-PINS

Men's Five Pin League were lacking two teams in their regular week-end session, thereby upsetting calculations for the standings until the games can be played between Jaycees and Brownwoods which are expected to be played off Thursday night.

In the meantime Continentals have moved to the top of the league with 13 points, replacing Jaycees, whose standing remained at 11. Burns, who dropped two games to Scotians, moved up alongside Jaycees on the strength of a single point gained.

Individual scoring saw J. Graham of Scotians sweep the field with a high single game of 320 and a triple-game total of 720.

Moose 4, Ambassadors 0, Maple Leafs 4, Alley Cats 0, Continentals 4, Malkins 0, Mallets 4, Stones 0, Scotians 3, Burns 1.

Looking Back Reminiscences in SPORT and Records

KICKING THE BALL AROUND

While the first American Football Conference was organized in 1876, the origin of the game has been a subject for conjecture and argument for a long time.

Some sports historians say that the game was played by the Greeks and Romans. However, the Olympic Game Programs covering 800 B.C. to 400 A.D. make no mention of football in any form. There is definite evidence that the English played a game which consisted of kicking hard objects—sometimes a skull—around, back in the 11th century. This resulted in sore toes, and before long someone introduced an inflated cow bladder to be used as a ball. This bladder booted had no

definite rules. The game resembled a small sized war with both teams attempting to kick the bladder—and say number of men on each team.

King Henry issued a royal edict against football in the 12th Century because it was interfering with archery, the national pastime—a ban which lasted for about four centuries, at which time the game was revived by the Irish.

Until the early 1800's, football was strictly a foot game—but one day a Rugby University player pushed to the point of frustration in the heat of battle picked up the ball and ran with it. Naturally, this led to quite a battle between the pros and cons of running and kicking. The result was that in 1863 some schools refused to play the newfangled "Rugby Football," and followed the old kicking game designating it Association Football. This later contracted to Assoc football and then Soccer, which is the name of that kicking game today.

In 1876 Yale won the first American football championship after playing Harvard, Columbia and Princeton in games sponsored by the newly formed American Inter-collegiate Football Association. Many rules came and went in the following years, with football gaining in intensity and brutality. At the turn of the

20th century, taking stock of the severe and more often than not permanent injuries, many colleges banned the game. Public opinion finally forced a meeting of football peers at which time the flying wedge, hurdling, and other mass formations were barred, and many safety rules adopted.

Sport Shots

Toronto Maple Leafs scored one of the most sensational upsets of Stanley Cup play-off history 13 years ago. Trailing Boston Bruins by four goals on the round, Leafs took advantage of a misconduct penalty to Eddie Shore to score six goals in less than 12 minutes and take the game 8-3 and the round 8-6. They eliminated New York Americans in a later series but lost in the finals to Detroit Red Wings.

Montreal Maroons and Detroit Red Wings played the longest big league hockey game on record 13 years ago then they battled 176 minutes, 30 seconds in the first game of the N.H.L. title series at Montreal. Mud Bruneteau, won the game for Detroit 1-0, when he scored at 16:30 of the sixth overtime period. It was 2:25 a.m. when the game ended.

Jess Willard, with a finger fractured in the second round, successfully defended his heavy-weight boxing title against

"UNFAIR" SAYS VAUGHAN

(Continued from Page One)
respecting passenger-carrying vessels, the Canadian National accepted the unanimous recommendations of the two Boards of Conciliation although, in so doing, it was represented on these boards by its own nominee and he approved and signed the recommendations which, in his words and those of the other two members said, they (the three members of the Boards of Conciliation) are of the firm opinion that the agreement recommended is a fair compromise and ought to be accepted by the parties (the C.S.U. and ship-owners) to this dispute.

"This strike—by the C.S.U.—is already working a severe hardship upon the Canadian exporter and importer and threatens to ruin Canada's mercantile marine because shippers will turn, as they are already doing, to ships of non-Canadian registry if they cannot depend upon those flying the Canadian flag.

"What is of even more immediate importance is the alarming situation which has developed in the West Indian Islands served by the Canadian National Steamships because of the C.S.U.S. arbitrary and discriminatory course. The Lady Rodney, for example, has on board 3,000 tons of necessary foodstuffs, yeast and medical supplies, all urgently needed by the Islands to which they are consigned and wires to that effect have already been received by the company. The Islands subsist on a month-to-month basis and rely upon the scheduled services of these ships of the Canadian National to prevent serious shortages of staple requirements from becoming depleted. Under the Canada-West Indies trade agreement the Canadian government is obliged to provide this service.

FILM COUNCIL RECEIVES NEW PROJECTOR

Prince Rupert Film Council has taken delivery of a new Victor 16 millimeter film projector, of the latest model it will be used for film showings among the 60-odd member

groups which compose the council. It was purchased at a cost of \$695, much of which was raised through public supported activities.

Sgt. L. A. N. Potterton, president of the council, this morning expressed appreciation of the public support which had made purchase of the new machine possible. It replaces one which the Film Council had on loan from the National Film Board and which had been under agreement to be returned at the end of this month.

The new projector will be on display at a downtown electrical shop this week.

LONDON (AP)—British railways lose nearly £1,000,000 (\$4,000,000) a year from fare dodgers, it was reported.

against the Canadian National Steamships are contrary to every principle of fair business practice and to the democratic way of life to which this country and every loyal citizen is committed. The Canadian National cannot and will not submit to such tactics."

Emphasis On Skirts

Back Pleating Accents
Dresses, and Little Suits
In Silk Stage Comeback

By MURIEL NARRAWAY
Canadian Press Staff Writer

LONDON (P)—"Exit appeal" is the main theme of dresses in London's spring fashion shows.

The natural feminine figure has triumphed again. Gone are eccentric over-elaborated lines so evident when the "new look" stormed its way in—nor more ugly protrusions, no more padded hips and bustles; waists are not so pinched, shoulders are slightly more pronounced and the "bottle neck" has almost disappeared.

Accent is on skirts. You can have a softly flowing flared skirt, a hobble-slim skirt or a pleated, gathered or draped one. But the most charmingly elegant dresses have "exist appeal"—especially the elaborate cocktail ones. Hartnell's "Snail's Tails," a dark "snail" grey tie silk with front horizontal tucking on the straight tight skirt is drawn round the hips to a back cascade of heaped tucks of unpressed pleating.

Or perhaps "Black Diamond" would appeal? Here Hartnell uses black-grey slipper satin with numerous small horizontal front gathers drawn round to a loose back drape. The neck is a soft low fichu of self material with detachable halter collar of grey mesh diamonds which matches the removable sleeves.

A black tie silk with straight slimming lines has slight skirt fullness from back knee-length. The "exit appeal" comes from a swathe of white slipper satin draped over the hip and finishing in an enormous bow at back knee height.

BACK PLEATING
All types of back pleating are used—starting from the waist, hip or knee, sometimes centre, sometimes side. Arthur Creed favors the "mermaid" skirt—very smooth and slinky to the knees then flaring out to the hem.

A graceful fashion is the straight pencil skirt with detachable over apron in a soft full flare or very full pleating. Park sunbathers are the in-

COMMITTEE TO MEET CRITICS ON REVISION TO TRAFFIC BYLAWS

Proposed revisions to the traffic and parking by-law, now before city council, were postponed by the aldermen last night pending a meeting with interested persons and groups, some of whom have already declared their opposition to portions of the changes.

Unable to agree among themselves on all provisions of the recommendations brought in two weeks ago by a special traffic and taxi committee, the aldermen were further deflected from passage of the changes by objections to meter parking on Third Avenue, lodged by the Prince Rupert Retail Merchants' Association.

The Prince Rupert Chamber of Commerce also asked that action on the revisions be deferred until a general meeting of that body had opportunity to discuss them. The Chamber meets on April 4.

Joe van Wallegham, Third Avenue taxi proprietor, told the meeting that he had objections to revisions recommended to cover taxi parking. He said that A. Bruce Brown, city barrister, is acting for him and that Mr. Brown was unable to appear last night on account of illness.

Council discussed the nine-clause list of recommendations, then decided to hold a meeting of the committee and invite any interested persons or groups to present their views.

The Retail Merchants' Association expressed itself as endorsing "the proposed bylaw limiting parking in the block in front

of the Post Office to 20 minutes" but urged that it be confined to the north side of the street only. "Owing to lack of side streets on the south side of Third Avenue West, we would protest any proposal to establish parking meters on Third Avenue," the merchants' letter stated.

In addition to recommending that parking meters be placed on Third Avenue, the committee sought to gradually eliminate taxi parking on that street. To do this, it recommended:

1. That no more taxi licenses be issued for locations on Third Avenue.
2. That existing bylaws be amended to limit the parking of taxis on Third Avenue between 9 a.m. and 6 p.m. to one car in the case of stands from which one or two cars operate and to two cars where three or more taxis are registered.
3. That taxi operators be advised that, after parking meters are installed, only one space will be reserved in front of each existing stand. This will be abolished one year after the installation of meters.

The aldermen appeared in general agreement that a 20-minute

limit on parking in the post office block on both sides of the street is needed.

They were divided in their opinions regarding the necessity of instituting angle parking on the north side of Second Avenue between McBride and Seventh Streets.

They agreed that, since McBride Street has been designated an arterial highway, stop signs should be placed at all sides of enue, making it a "courtesy courts intersection with Third Avenue."

No More Dosing For Constipation

Famous cereal frees woman from harsh laxatives

Searching desperately for constipation relief? Then read this unsolicited letter:

"For 10 years even strong medicines couldn't help me. At last my doctor in England advised KELLOGG'S ALL-BRAN. I began to eat this breakfast cereal and soon realized I was better. I eat ALL-BRAN regularly now and can definitely say I am free from constipation!" (Name given on request).

You, too, may never have to take another harsh laxative for constipation due to lack of bulk in the diet. Just eat an ounce of KELLOGG'S ALL-BRAN daily—and drink plenty of water. ALL-BRAN is not a purgative, but a wholesome regulating cereal. Eat as a cereal, or in muffins for constipation relief. If after using one package you are not entirely satisfied, get double your money back as guaranteed on the package. Buy delicious ALL-BRAN from your grocer. Made by Kellogg's of London, Ontario.
