AS TRUMAN PREDICTED HIS RE-ELECTION— President Truman for the first time predicted his own re-election next November and described Republican presidential candidates as "calamity howlers" and "obstructionists," in an extemporaneous address to the young Democratic club in Washington. The chief executive is shown at left as he delivered his surprise announcement and (right) as he was shown a telegram by U.S. Senator J. Howard McGrath, of Rhode Island, congratulating him on recognizing the new Jewish state of Israel.

CHAMBER HONORS NEW SHIP—When the fine new Canadian National steamer Prince George made her maiden call at Prince Rupert last Saturday the ship and skipper were honored by the Prince Rupert Chamber of Commerce with suitable mementoes of the occasion—a silver rose bowl for the captain's table, a pen and pencil set as the master's personal gift. The picture by Chandler and Cowgill shows (left to right) Mayor Nora Arnold, Capt. E. B. Caldwell, Dr. R. G. Large, president, Prince Rupert Chamber of Commerce; G. A. MacMillan, superintendent, Canadian National Steamships. To rear between Capt. Caldwell and Dr. Large can be seen George Towill C.N.S.S. public relations officer.

Republican Convention

A RELATIVELY small group of Republicans representing their party in all the States and Territories are closing in on Philadelphia to make a decision which may vitally affect the world.

They are the 1,094 delegates to the party's national convention which opens in Philadelphia next Monday morning.

Their task is to choose candidates as President and Vice-President in the elections to be held next November 2.

One choice must be made from among at least six actual or logical contenders for the honor. It is more than usually important because this year the party apparently has a better hope of electing a President than at any time since 1932.

It is of world-wide importance because at this moment the United States is the one country, if there is one, that holds the potential power to halt the swing toward totalitarian dictatorship which is slowly engulfing so much of the universe.

It is the one country outside of Russia with the potential power to enforce peace.

The selection might fall upon a candidate who, if elected, would yield to the powerful isolationist influences within the party which would once more withdraw this country's power to do good in the world outside United States boundaries.

Experienced party managers who have spent hours in pre-convention huddles generally keep fairly complete control over actual events in convention hall.

However events sometimes run away from the planners and then the unexpected happens as it did in 1940 in the same hall when the late Wendell Wilkie's name was suddenly thrust into the balloting and the delegates stampeded to give him the nomination with sweeping acclaim on the sixth ballot.

History may repeat next week. The actual contenders are Senator Robert A. Taft of Ohio, former Governor Harold Stassen of Minnesota and Governor Thomas Dewey of New York.

Willing contenders are Governor Earl Warren of California, Senator John Bricker of Ohio, Speaker Joseph Martin of the House of Representatives and General Douglas MacArthur, Supreme Commander of the Allied Forces in Japan.

Most-talked-of dark horse contender, who has not lifted and says he will not lift a finger to get the nomination, is Senator Arthur Vandenberg of Michigan.

From an international point of view Vandenberg would seem to be the candidate best equipped to handle the job in this season of delicate world conditions.

He, perhaps more than any other man, is responsible for the non-partisan approach to foreign policy problems and for leading the United States in its inevitable role as leader of the world's democratic but weakened countries whose future depends so greatly on assistance from that country.

C.N.R. AND ALASKA

THE LONGSTANDING question of whether Alaska is to use Prince Rupert as a transshipping point came into the news again during recent floods along the upper Skeena River, and The Chronicle would like the Prince Rupert Chamber of Commerce and the Prince Rupert Daily News to face the issue as squarely as this newspaper has faced the problem of monopolistic and high-cost shipping to Alaska and the need to amend the Jones Act, now much greater with the new Prince George on the Alaska run.

One of this city's largest fish buyers and shippers had several carloads of fish headed east over the Canadian National Railway line from Prince Rupert the other day. This is the traditional route used for halibut and salmon going to Chicago and eastern markets, first because it is a cheaper route and secondly because it is a cooler route and there is less chance of spoilage if something goes wrong inside the reefer cars.

What went wrong in this instance was the floods that kept C.N.R. trains from moving east. So the C.N.R. notifies the local fish handler and bills him for several thousand dollars for demurrage. Then the buyer is forced to ship the cars back to Rupert and pay for loading onto refrigerator ships. On top of that he pays more in freight by boat and rail through Vancouver than through Prince Rupert.

The C.N.R., being a nationalized operation as are the three steamship lines serving Alaska, does not care too much about public relations or how the little man reacts to its policies. But it certainly would have done its Alaska customers a good turn if it had forgotten about billing them for the demurrage and the extra handling involved in this case. Its Rupert representatives are generally top-notch gentlemen who go out of their way to be nice to Alaskans. They have helped make Rupert synonymous with hospitality and good will.

It may not yet be too late for the C.N.R. to adjust this little matter. Canada certainly cannot need American dollars so desperately as to wring them from longtime customers when an emergency such as a flood arises.

Reminiscences and Reflections

By W.J.

Whale steak is selling in Vancouver at twenty-five cents a pound. This need not be taken with a pinch of salt—and water—either.

Los Angeles tourists know full well how the climate of California with Hollywood thrown in, helps develop that colorful State. But they cannot help agreeing that midsummer sunsets along the inside passage of the north has the edge when it comes to being easy on the eyes.

The Fraser Valley flood has been a sorry enough misfortune but it cannot match what happened at Johnstown in Pennsylvania in May, 1889. A river dam gave way and it was like several miles of Hecate Strait hitting the town. About three thousand lives were taken.

With such a stately ship calling regularly and you feel the urge to clear out—to go somewhere and get away from it all, the most natural thing is to say to yourself, "let George do it."

It became revealed the other day that among current issues remaining unsettled, is the ques-

REVISION COURT ADJUSTS RURAL ASSESSMENTS

Adjustment in assessments in five widely separated pieces of property were made Thursday afternoon by W. D. Vance in capacity of chairman of the provincial Court of Revision held at the office of Provincial Government Assessor J. G. Garrett.

Assessment on 40 acres of land owned by Rudolph Braun, at Kitimaat was reduced from \$200 to \$100 and its status changed from improved land to wild. On a second parcel of land, assessment was reduced from \$305 to \$100, improvements deleted from the tax roll and the land reclassified as wild.

A lot owned by Clark W. Harrison at Alice Arm was reduced from an assessment of \$125 to \$90.

An appeal by the Imperial Oil Co. for reduction in assessment on Smith Island property was denied by the court. The assessment was upheld at \$400. However, improvements formerly assessed at \$412 were deleted from the assessment roll and the property classified as wild land.

Reclassification of a nine-and-a-half acre plot of land owned by Mrs. Odelie Desjardins north of Terrace from wild land to improved land resulted in a slight reduction in taxation. The assessment remained at \$380.

Appeals in all cases were presented by Mr. Garrett in the absence of the appellants or their representatives.

WELCOMING SS PRINCE GEORGE

Photographers had a field day under Prince Rupert's sunny skies last Saturday on the occasion of the arrival on her maiden trip of the new Canadian National steamer Prince George. The Canadian National Public Relations Department was on the job with George Towill, in charge of the Vancouver bureau, and Photographer Bob Boden from Montreal making the round trip. Here are some of the pictures which Boden took: (Upper Left) presentation by Col. Keith Dixon, Department of Transport Agent at Prince Rupert, of Imperial Service Medal to Benjamin J. SHRINE BAND IS STAGING CONCERT FOR FLOOD RELIEF NEXT MONDAY

Prince Rupert Shrine Club is the latest local organization to promote an especial money-making effort for the British Columbia Emergency Fund. It will stage a grand concert in the Capitol Theatre next Monday night featuring not only the band, which is achieving a continually improving standard of proficiency under Bandmaster Peter Lien, but also a full length moving picture feature and assisting concert artists in the persons of Mike Colussi, popular piano accordionist; Harold Whalen, who will be remembered as a vocal star at the recent annual concert of the band, and the ever-in-demand pianist Andy M. Naughton.

The committee consists of Almer Van Meer, J. N. Forman and F. M. Kempton but H. F. Robins, president of the local Shrine Club is also calling on every local noble to be present with a fez and a smile to give assistance

in whatever way possible. The assistance of Job's Daughters has been enlisted in connection with the ticket sales.

A parade of the band from the Court House grounds to the theatre and a short outside concert will immediately precede the concert.

"Someday" comes closer with every dollar you save

Most of us have to plan for the good things of life. And a big part of that planning is a matter of dollars and cents—of earmarking a certain part of our earnings for the things we want most. It's not always easy, especially these days. But the fact remains that what you save is still the most important—the most satisfying—part of what you earn. Are you hoping for something...or saving for it?

ROTARIANS SEE NEW CHILDREN'S HOSPITAL WARD

Prince Rupert Rotarians Thursday saw the results of their biggest project, the finished and completely equipped Rotary Club Children's Ward in the Prince Rupert General Hospital. The club members visited the ward following their weekly luncheon meeting at the Broadway Cafe.

Exclamations of satisfaction were inspired by the bright room containing eight children's cots and four bassinets in separate, glass-partitioned cubicles and the two smaller separate wards, one of which is an examination room with surgical table and the other an isolation room.

Special feature, which will thrill even sick youngsters, are the wall paintings of clowns and circus animals, handwork of Mrs. Jean Ness Findlay, outstanding coast artist.

Another feature of the main ward is its soundproof ceiling which noticeably deadens noises. All cots are equipped with soft, "air-foam" rubber mattresses.

Included in the equipment is a portable incubator for infants. According to medical men, the ward is as completely equipped with modern requirements as any children's ward in Canada.

Funds for the ward, which is situated in the military wing of the hospital, were raised by the Rotary Club by raffling a car last December. Net proceeds of more than \$4,600 were earmarked exclusively for the project.

The 40-odd Rotarians also visited other wards of the remodelled military wing, which, when they are ready for use, will give the hospital a 150-bed capacity.

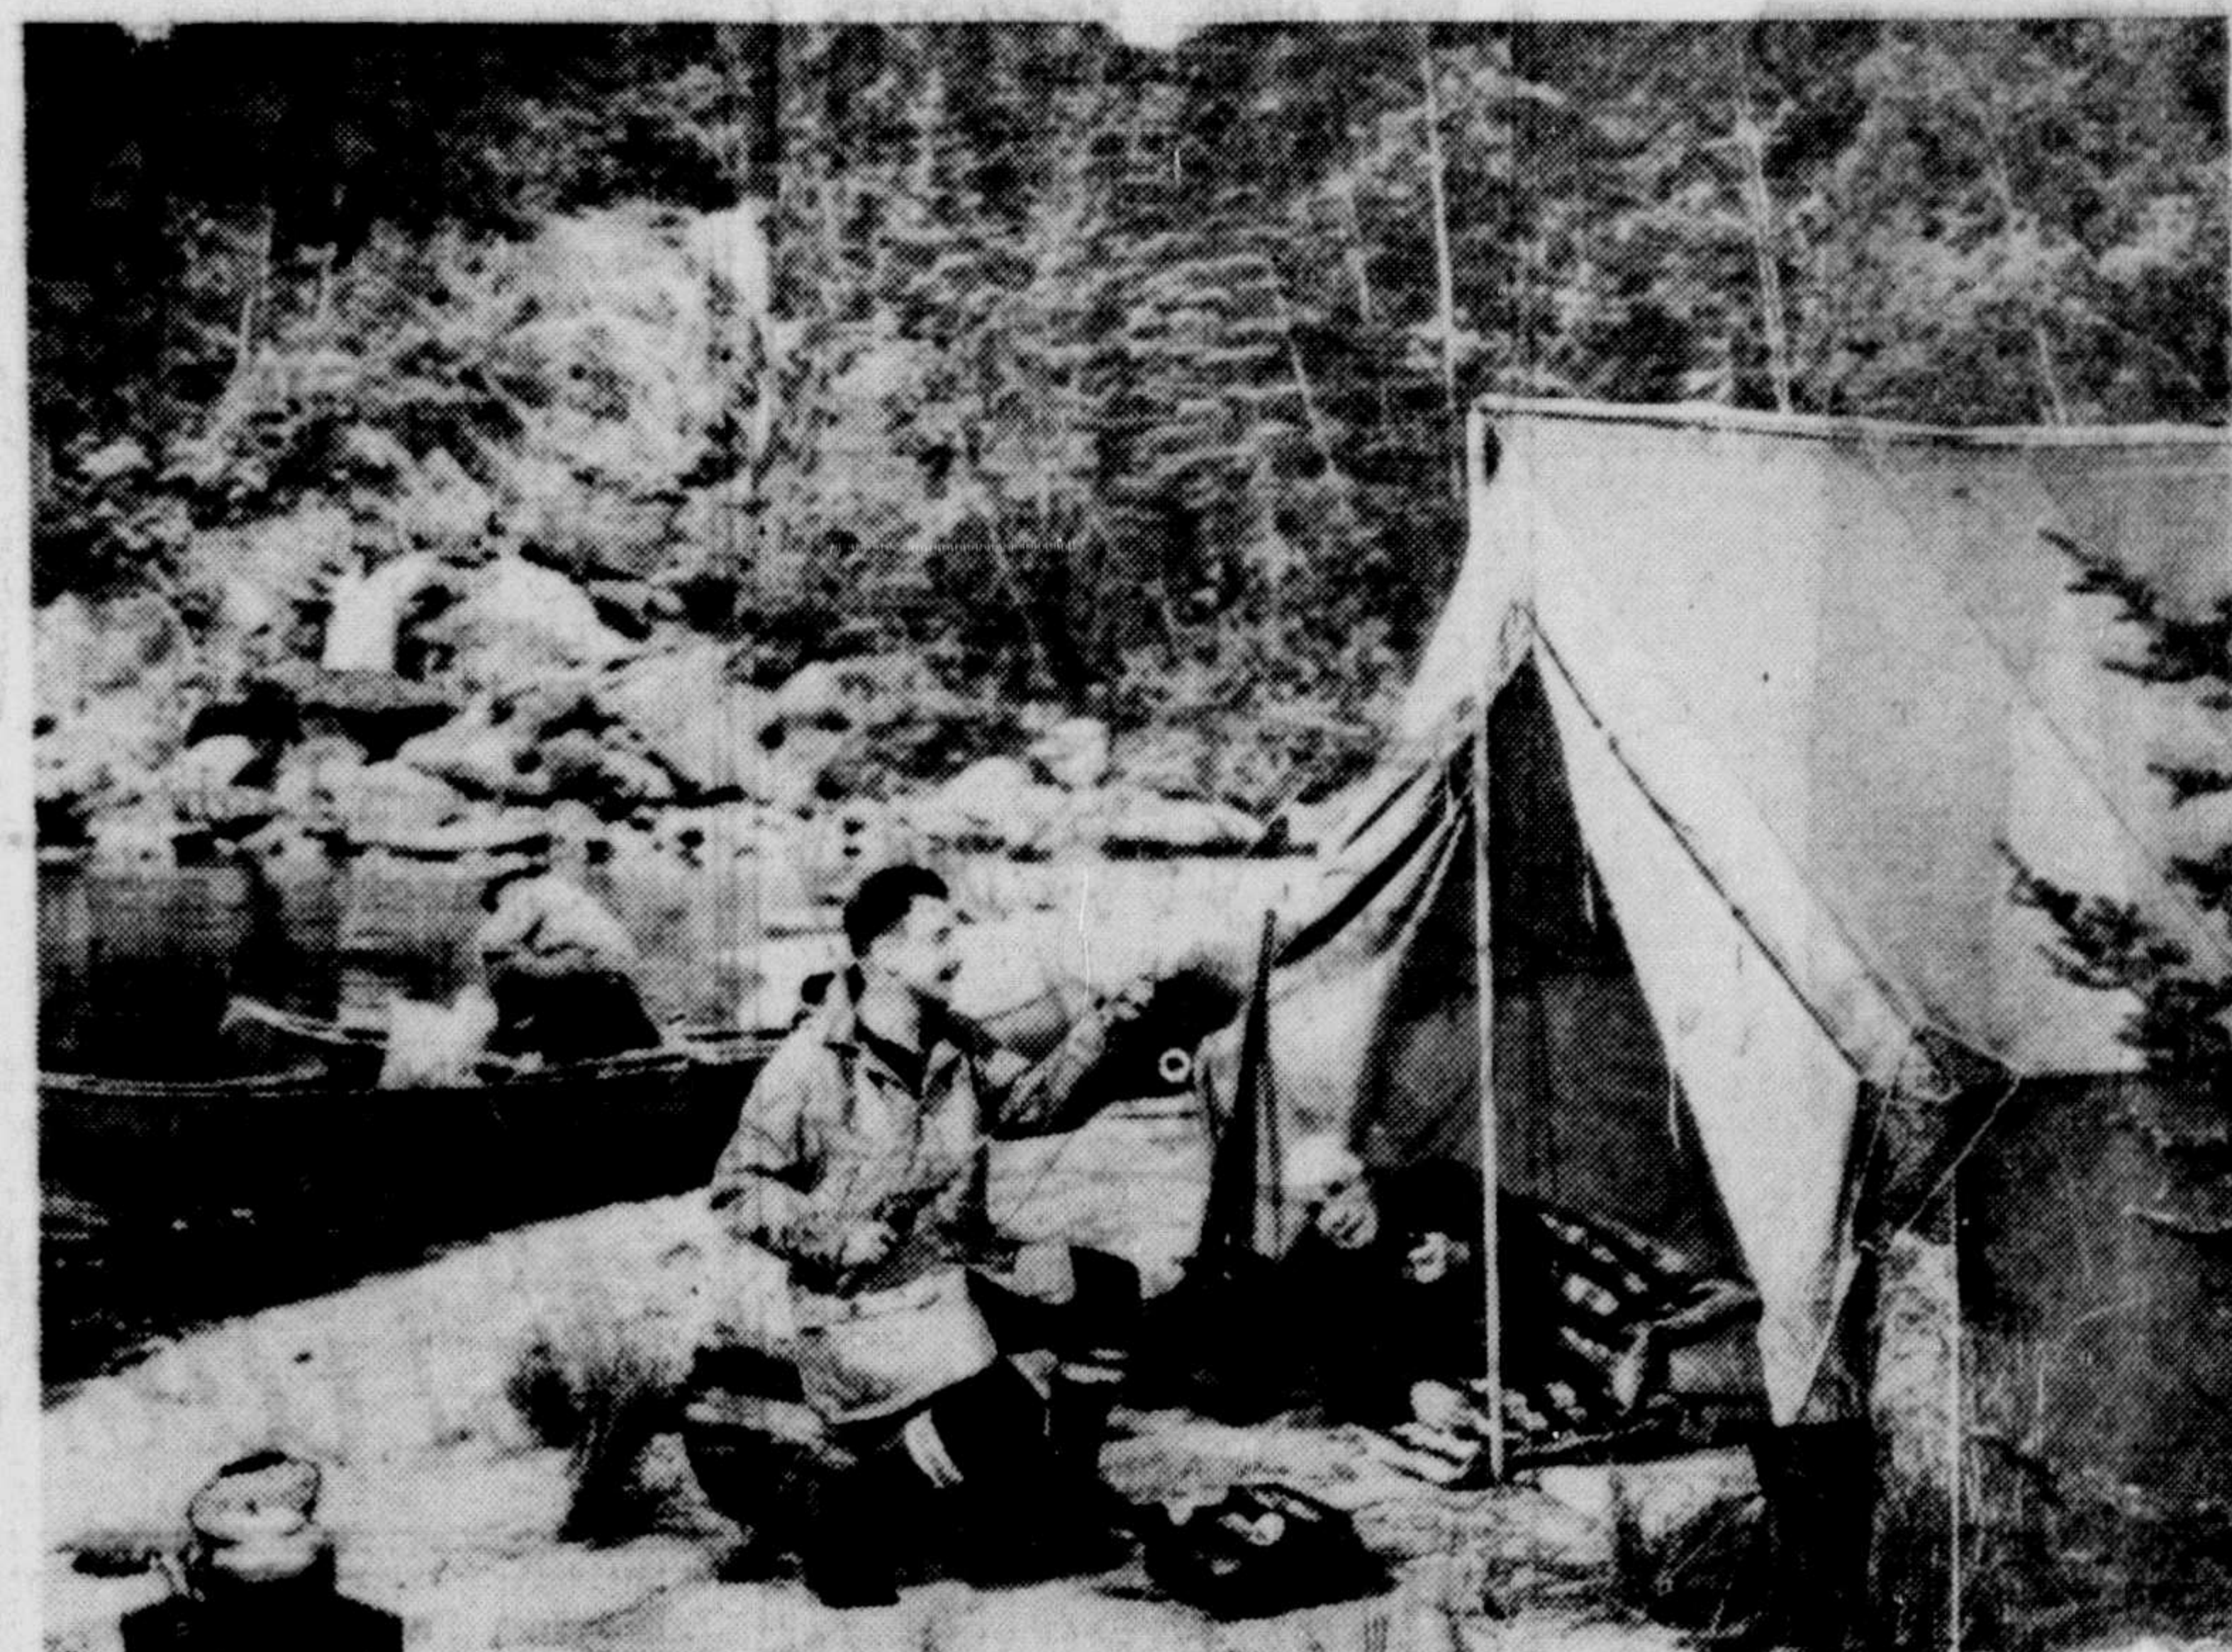

Interior decoration of the children's ward is in ivory enamel while the other patient rooms are done in light green.

Alterations, which were done on contract by the construction firm of Greer and Bridden, cost \$11,000.

NYLON TAKES TO CANADIAN WILDS—IN TENTS—The back-breaking load of fishermen and hunters whose quest for game takes them over long and arduous portages, will be lightened considerably by the use of feather-weight nylon tents, one of which is shown here. Placed on the market recently by a Canadian manufacturer, these tents are said to be highly water repellent and almost one-third the weight of canvas tents of the same size. As nylon is mildew-proof, tents can be packed when wet without damage. Hunting jacket and sleeping bag are also nylon.

Modern Etiquette

By ROBERTA LEE

Q. How can I keep the window sills in good condition?

A. If all the window sills are waxed it will protect them from rain and dust. Wax them every three months, dust them every day, and they will always be in excellent condition.

Q. How can I prevent salt from clogging in the salt shaker during damp weather?

A. Try putting one or two of the small jacks which children play with, in each salt shaker. The prongs keep the salt stirred during damp weather.

Q. How can I clean velvet flowers?

A. By using dry bran. Rub on the soiled parts, then brush off. Repeat if necessary.

Q. When it is necessary to pass in front of someone seated in a theatre or other public place, what should one say?

A. "I beg your pardon" is sufficient.

Q. Is it correct to thrust the tip of the knife into the receptacle of salt that is provided for general use?

A. No; a small salt spoon is usually provided for this purpose.

Q. Should a man remove his hat when walking through the corridors of a hotel, where women are seated and passing?

A. Yes, he should remove his hat.

EARLY BASEBALL

Research has shown that a game called 'Base Ball' was played in the United States and England before 1839.

GARDEN NOTEBOOK

THIN OUT ANNUALS—With bedding plants like petunias, asters, cosmos, marigolds, etc., most amateurs make the same mistake as they make with shrubs and trees—they plant them too close together. This is not only expensive but it results in less bloom and poor, spindly growth.

It is really surprising how much space a well-grown petunia, nasturtium or any other of these plants will cover. Instead of potting the larger sorts 6 or 8 inches apart the experts advocate a foot or even two. This will allow easier cultivation which, of course, is vital, and encourage the plant to spread and grow sturdily. In a few weeks these annuals will have occupied all the space between. For very long beds such as those along driveways, ptunias, zinnias, cosmos, big marigolds, etc., are often planted in wavy rows far enough apart to permit tractor

cultivation for the first week or two. By mid-July they will be making a wonderful show.

KEEP PLANTING VEGETABLES—Too much stress cannot be laid on continuous planting of the standard vegetables like lettuce, radish, beans, carrots; beets, corn, etc. These taste much better when they just begin to reach proper maturity. Beans, lettuce and such things begin to get tough if left too long. In most parts of Canada it is quite possible to keep planting many vegetables right up to mid-July.

TRANSPLANTING—Boxes of bedding plants and nursery stock should be kept moist and newly set out plants watered frequently for the first week. Setting out, if possible, should be done in the evenings or on a cloudy day. A little protection from the hot sun for a day or two will help.

MERCHANTS RETALIATE AGAINST MOOSE, DEFEAT LODGEMEN 3-2

Cliff Dahl's Merchants retaliated against Moose for the lodge brothers' famous spurt last Sunday by defeating them 3 to 2 at Roosevelt Park last night in a baseball league fixture which added another loss to the Moose record of six for the season to date. On Sunday, the Moose suddenly broke away from their dreary underdog role and trounced Merchants 22-1 for their first victory of the summer. In losing to Merchants last night, however, they played a good brand of baseball that helped make the game one of the best seen at Roosevelt Park recently.

Merchant Pitcher Dick Letourneau, who hurled his first game since June 8, held the lodgemen down to five hits for the seven innings before the game was called on account of darkness. He had good field support throughout.

Incidentally, the game was the first of the league schedule to be cut off at the end of the seventh. The nine games which preceded it all went the regulation nine innings.

Moose Pitcher Jack Rosedale, who turned in such a sterling performance last Sunday, was back on the rubber but his routine was far less spectacular than on Sunday. Facing 27 batters, he struck out five and allowed eight hits in six innings.

Moose captured an initial lead in the fourth inning when Kerr got on base on a bad throw by Merchant third baseman Forman. Vanetta singled, bringing home Kerr. Windle went on base on a fielder's choice to advance Vanetta who later came home on a single by Rosedale. Both Rosedale and Windle were left on bases when the side retired.

Thus did Moose score their only two runs of the game.

In the same inning, Merchants scored their first run. Abel singled and came home on a hit by Lambie who batted for Maundrell.

In the fifth, Hartwig got on first when hit by a pitched ball and was scored by a single by Beynon, tying the game.

Lambie singled in the sixth and came home on a hit by Letourneau to score the winning run.

SPORTS FILM DRAWS MANY

Sport fans of the city numbering some two hundred appreciated a special moving picture presentation at the Civic Centre Wednesday night featuring the 1947 World Series as well as the English Cup football final between Chelsea and Bolton at Wembley Stadium and other matches leading up to it. There was also a film dealing with soccer tactics which was of particular interest to followers of that sport. The football picture was also shown at Booth Memorial High School yesterday afternoon.

ALL-STAR TEAM FOR KETCHIKAN

Managers Pick Players for Ketchikan-Rupert Series

Last evening the three managers of the local baseball clubs met to select the all-stars to play against Ketchikan during a forthcoming series. Present to represent their teams were Minor Simundson of the Savoy, Benjy Windle of the Moose and Cliff Dahl of the Merchants.

After much discussion and full consideration the following were selected to represent Prince Rupert: Morgan, Abel, Davis, Windle, B. Simundson, Dahl, Pavlikis, M. Simundson, Arney, Hartwig, Scherk, Shier, with the pitching burden resting on Jack Lindsay, John Rosedale, Alex Bill, George Eliuk, Jack Sharpe and Richard Letourneau. Bill Lambie was named player-manager.

Games with Ketchikan will be played on June 30 in the evening with two games on July 1. Ketchikan will have a very strong team and the locals are out to avenge their defeat of last year.

First practice of all the players will be Sunday evening.

THIS HORSE GOT DRINK ON HOUSE

CHICAGO—Marshal Polo is the owner of a horse known as the Old Admiral that is kept in a barn near the armory. On an exceptionally hot day, the horse deserted nearby fields and entered, through swing doors, a public bar, and looking around, neighed loud and long.

While patrons gazed in amazement, the bartender drew a good-sized beer, which Old Admiral lost no time in drinking. His owner soon found him, paid for the refreshments, and took him back to the barn.

EIGHT TEAMS ENTERED FOR TRACK MEET

Eight, and possibly nine, four-man teams will enter the Northern British Columbia championship and men's open track meet sponsored by the Canadian Legion Athletic Club and the Dominion Day Sports Committee which will be held at Roosevelt Park on July 1.

A meeting of the committee in the Civic Centre last night completed major arrangements for the track meet and named track officials.

In addition to the four team events, there will be four individual events followed by a football and a baseball double-header. The football match will be for the Dominion Day Cup and the baseball will be the annual international competition involving Prince Rupert and Ketchikan All-Stars.

Track officials, named by last night's meeting, are:

Judges: Father J. Carroll Bob Cameron, Inspector F. B. Woods-Johnson.

Timekeepers: A. M. Hurst, Sgt. L. A. N. Potterton.

Starters: Dr. G. E. H. Montgomery, F. E. Anfield.

Publicity: Don Forward.

Ticket Collections: George Stanbridge.

Teams which have so far indicated their willingness to enter are Ketchikan High School, Port Edward, Booth Memorial High School (two teams), Baseball Association (three teams), Football Association. One team may be entered from the Queen Charlotte Islands.

In the Northern B.C. championship events, teams must enter the 1,600 metre relay race and can enter any two of the other three, the 100 metre, 400 metre or running high jump.

Members of the winning team in the closed relay race will receive sweat shirts, donated by Watts & Nickerson. For winners in the closed team events, the Canadian Legion will award individual cups for each team member.

In the open team events, the naval veterans trophy is first prize, with small cups going to each team member.

Trophies for individual open events will be as follows:

100-metre dash—H. G. Archibald trophy.

Running Broad Jump—Bulger trophy.

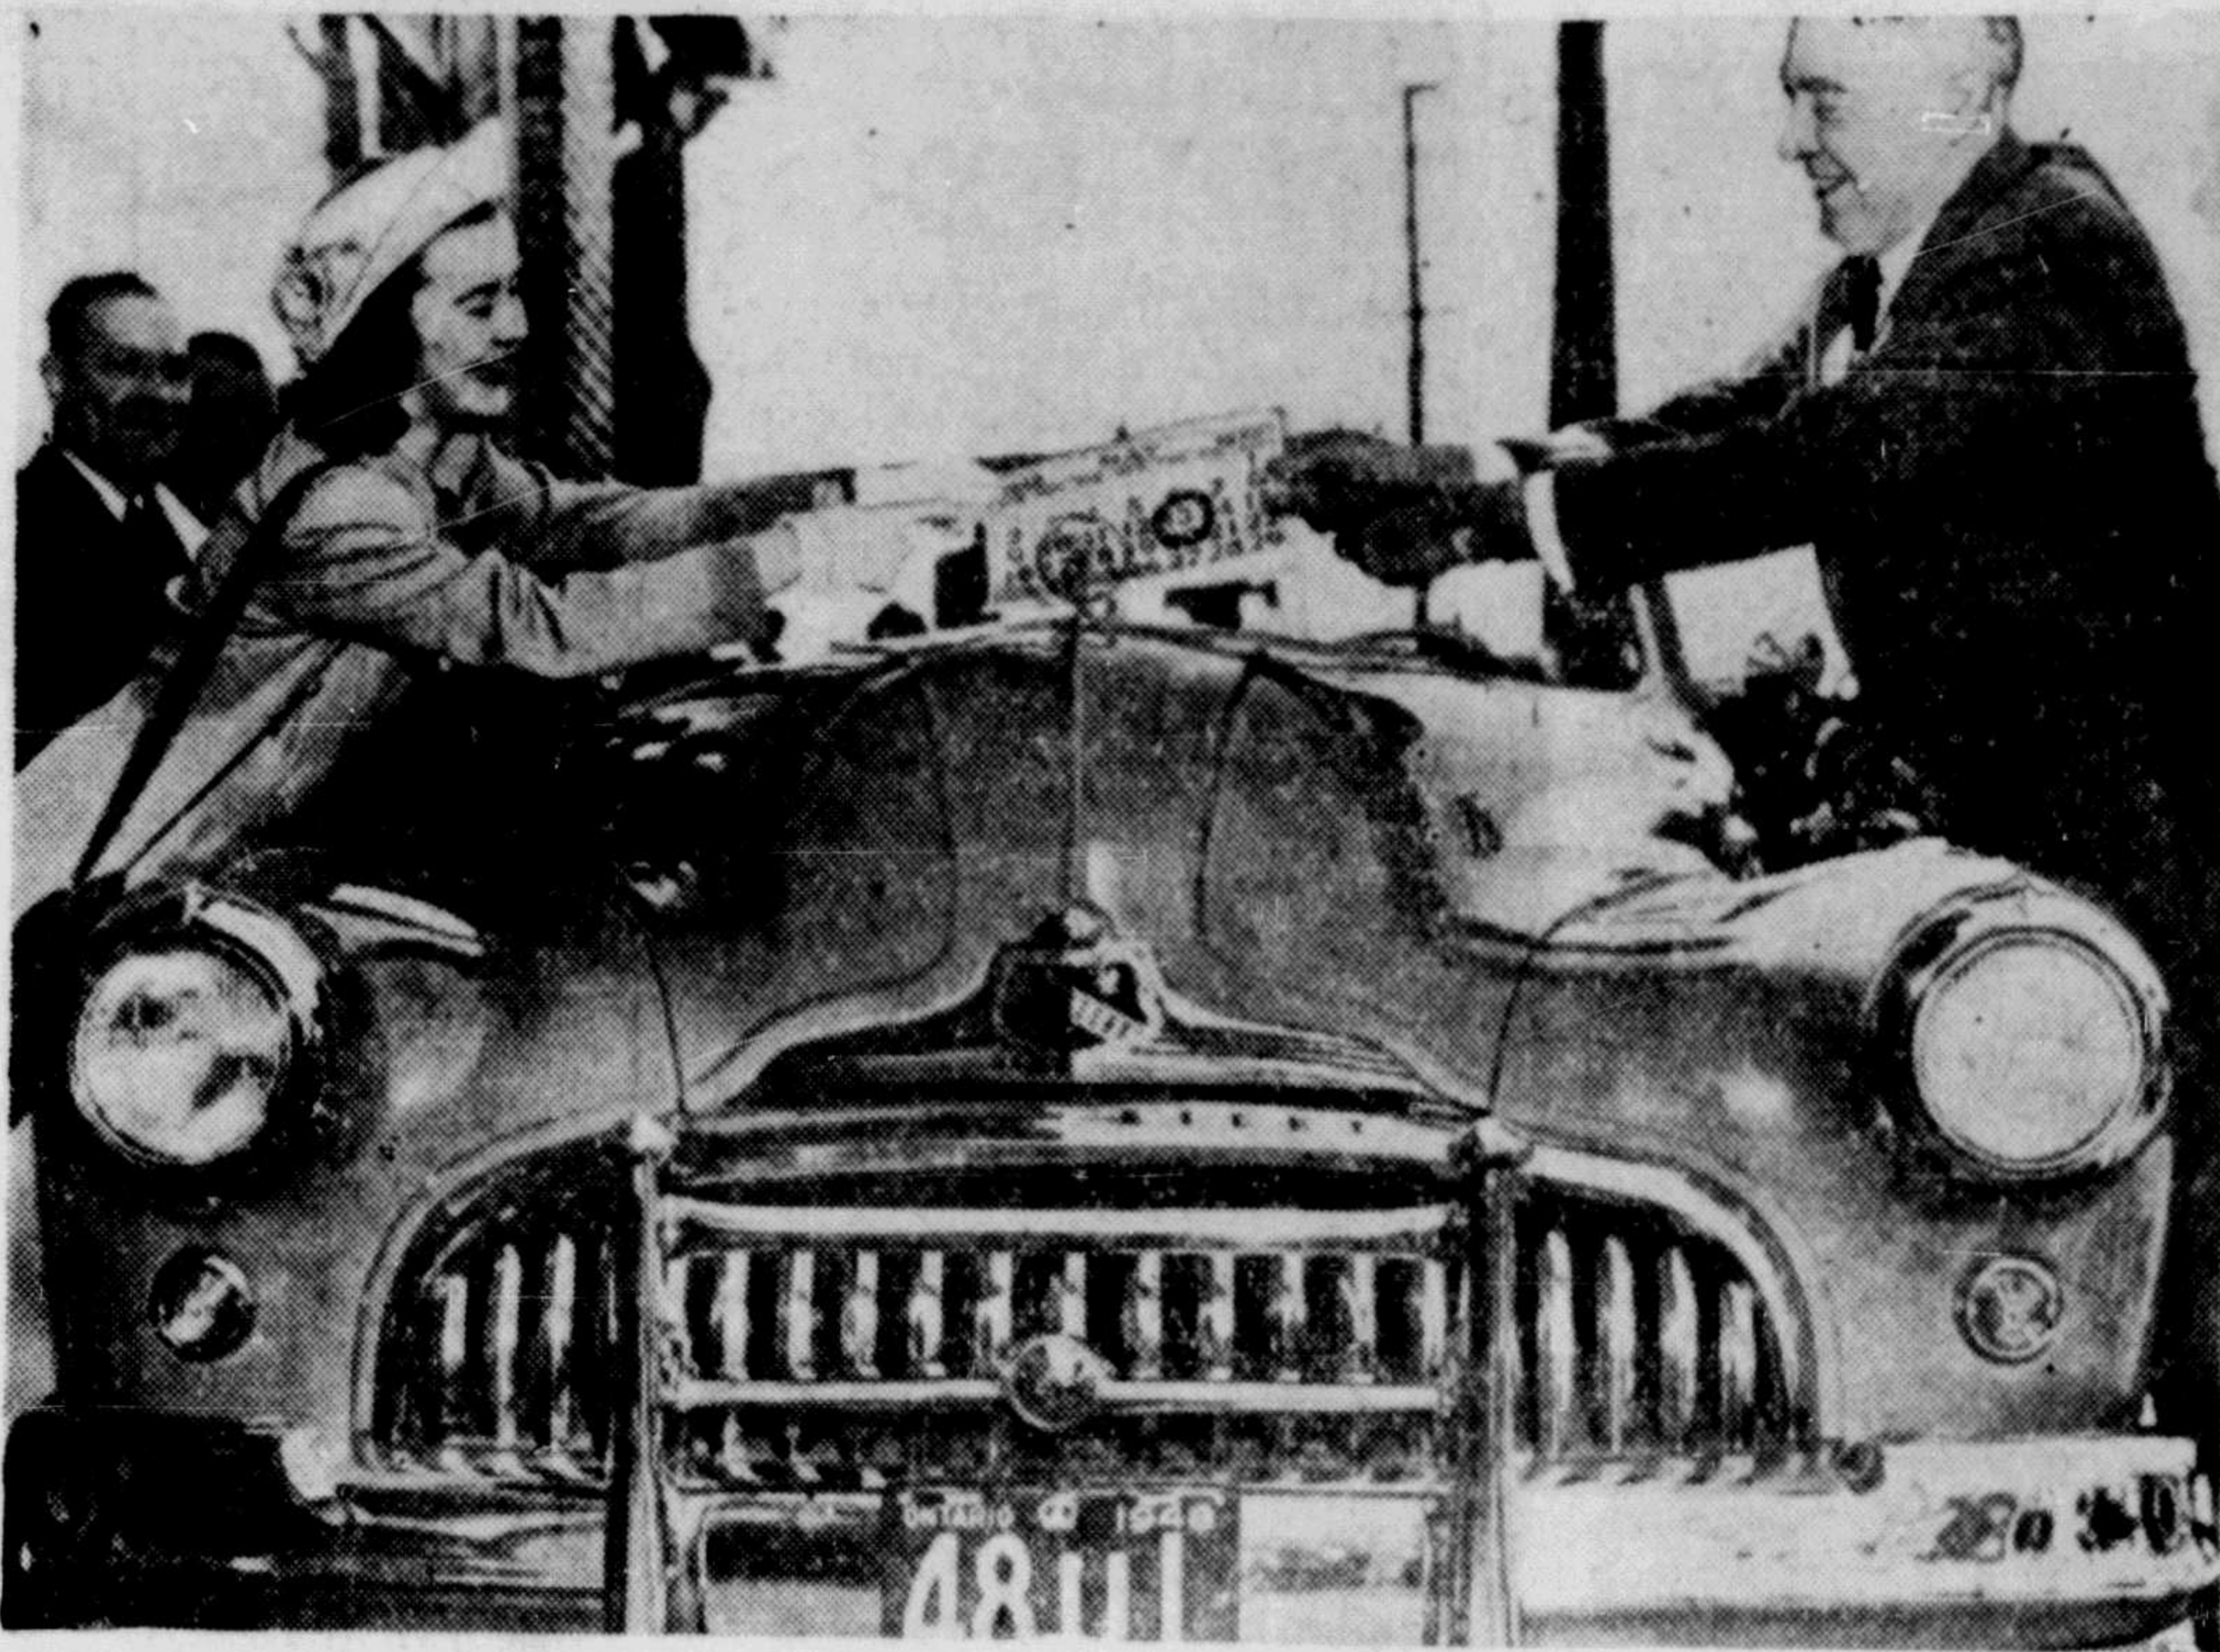

400-metre Dash—B.C. Packers trophy.

800-metre dash—Northern B.C. Power trophy.

Second prize will be a bronze medal for each event.

Entry forms will be received by Neil Ross at the Civic Centre by June 28.

BARBARA ANN GETS HER CAR BACK—It's for keeps this time as Barbara Ann Scott again receives her sleek convertible from her home town. Ottawa, gave it to her last year but she had to return it to preserve her amateur standing for the Olympics. Mayor Stanley Lewis made the presentation and gives her the keys. License plate aptly says 48-U-1. The car has been painted a light blue.

Vancouver Yacht Is Visiting Here

The Vancouver luxury yacht Taconite, Capt. Perth McIntyre, docked in Prince Rupert harbor briefly Wednesday afternoon, carrying six passengers on a cruise to Alaska. Aboard were Mr. and Mrs. William E. Boeing of Seattle, Mr. and Mrs. Edward Wise and Mr. and Mrs. Stanley Stretton. Chief Steward aboard the vessel is Cecil Robson, brother of Bert Robson, purser on the Prince George. The vessel left after an hour's stop.

MILADY KEEPS DRY—Kay Dehaven is a sand siren such as any beach would be only too proud to have if only for decorative purposes. Kay is not particularly keen about the water. She is haunted by the fear that she will be caught unawares in a rainstorm some day and then what will happen to her hairdo? She has solved that problem with this beach igloo made up of curtains which furnish a retreat should Jupe Pluvius do his worst—or his best.

In the Solomon Islands, native women bleach their kinky hair with a paste made from coral lime.

HE'S CHAGRINED BY HER MATA HARI LABEL—At left here is Mrs. Galina Dunoeva Biconish, named by the U.S. state department as the seductive Soviet spy who lured 21-year-old Sgt. James M. McMillin, son of a regular army colonel, from his post in the U.S. embassy in Moscow. At right is her husband, Sgt. John Biconish, who is currently a student in the army ground general school, Fort Riley, Kansas. Sgt. McMillin married the beautiful Russian in Moscow. He professed himself "surprised and chagrined" at the Mata Hari label hung on her by the state department. He said that while he lived with her she never even hinted that she was a Soviet agent or had any interest in the Communist government. He is obtaining a divorce only because it is impossible to obtain a visa for her to leave Russia.

DIDN'T MENTION HIS MATI HARA

MOSCOW—Sgt. Jas. M. McMillan, son of a West Point graduate, who would sooner rub elbows with the Russian proletariat than American capitalists, used to hold a job in the ultra-secret code room of the American Embassy here.

He advised the Embassy that he will stay in Russia as a protest against the anti-Soviet policies of capitalists. He neglected to mention U.S. State Department charges that a Russian Mata Hari and ballet dancer has seduced him and made him forget his oath of loyalty to the United States.

DOCK STRIKE IS STILL ON

LONDON—Harbor workers today voted to continue their five-day wild-cat strike involving 15,000 men and more than 100 ships including ten Canadian vessels.

The decision caused speculation as to whether the government will use troops to unload perishable food cargoes.

The strikers rejected a tribunal's proposal of a compromise on the original dispute over penalties against eleven dock workers who refused to unload "dirty" cargo of zinc oxide without extra pay.

Sea Scouts From Tacoma Are Here

Thirty-eight Sea Scouts from Tacoma, on their way from Tacoma to Ketchikan on an Alaskan training cruise, were in Prince Rupert yesterday afternoon and last evening aboard the motor vessel Grey Ghost, skippered by Harlan C. Sharon. The cruise is under the auspices of the Tacoma area council of the Boy Scouts of America.

NEW STRIKE FOR ALASKA

SEATTLE—The threat of a strike by the C.I.O. International Longshoremen's and Warehousemen's Union is hanging over no less than sixteen Alaskan ports unless there are pay increases ranging from 13 to 20 cents an hour and other concessions concerning shifts and holidays.

United Nations Needing Support

VANCOUVER—Canadian Political Association was told here that the measure of Canada's effective contribution to the United Nations organization was qualified by national failure to build up the people's faith in it as a peace agency.

Factors Undermine Life of Nation

TORONTO—The Bishop of Toronto, Rt. Rev. A. R. Beverley, speaking here, said the evils of unemployment, inadequate housing, intemperance and poverty, if unchecked, tend to undermine the foundations of national life and are breeders of revolution and war. He commended religious education in regular school curricula. The result is becoming much more apparent.

Alaska Facilities Being Inspected

ANCHORAGE—Alaska's top military commanders have left Fort Richardson for a tour of highways, railroads and port facilities in southeast Alaska and Canada's Yukon Territory. They include Major-General S. L. Scott O.C.U.S. Army in Alaska who described the tour as a routine inspection of supply line facilities upon which the Alaska theatre must depend.
